CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 31.

SATURDAY, JANUARY 7, 1939.

No. 1

MAYOR TOBIN, IN ANNUAL MESSAGE TO CITY COUNCIL, STRESSES EXCESSIVE BURDENS PLACED ON CITIES AND TOWNS BY STATE EXPENDITURES AND CALLS FOR RELIEF — CITES SUCCESS OF FIRST YEAR OF HIS ADMINISTRATION, POINTING TO ECONOMIES EFFECTED AND REFORMS INSTITUTED TO KEEP BOSTON IN SOUND AND FAVORABLE FINANCIAL CONDITION — CALLS ATTENTION TO TROUBLES FACING COUNTRIES ABROAD AND CONTRASTS THEM WITH FREEDOM UNDER WHICH WE LIVE IN UNITED STATES — PLEDGES EFFORTS TO PRESERVING THIS FREEDOM — VOICES HOPE STATE WILL REVERSE POLICY OF EXCESSIVE SPENDING AND THUS RELIEVE CITIZENS OF SOME OF THEIR TAX BURDENS.

At the first session of the 1939 City Council, in Faneuil Hall, Mayor Tobin delivered his annual address which reads as follows:

The year just closed has been a year of municipal progress, measured by the standards ordinarily applied to city government.

The city's essential services to its citizens have been maintained and improved. In every direction we have striven to make every dollar of receipts earn its full value, and more. The public health, hospitalization, fire and police protection, education and all the other manifold requirements expected of the city government have been met in full measure. They will be referred to in greater detail later on in this my first annual message to the Council since I took office as Mayor of Boston a year ago.

No message, however, can be adequate at this time without reference to and emphasis upon more intangible benefits and more important blessings that we are prone to forget. We are each and every one of us not only citizens of a city rich in traditions and dear in its memories to all of us, but we are also citizens of the Commonwealth and of the Nation as well.

No action in the world today, no event or happening in the Nation or in the State, but has its repercussions upon each of us and upon those who are nearest and dearest to us. At no time, not even in the anxious years preceding the World War, was the world scene so confused and uncertain, or so pregnant in its possibilities of danger to our country, to our form of government, and to the every-day accepted principles by which we live.

Across the oceans, to the east and to the west of us, the nations of the world are in unrest; the forces of militarism and dictatorship are on the march. Almost alone we uphold the principles of democracy, by which every citizen shares with his vote in the selection of those who shall govern him and no man by sheer force of brute power may impose his will on the people.

We may take pride, you members of the City Council and I as Chief Executive, that here in this city those vital fires of democracy have not been quenched. We still form part of a proud and independent body of men and women who value their liberty as the greatest of their possessions. Under the leadership of our President we have not only remained free from foreign entanglements but we have maintained and strengthened the position of our country among the nations of the earth.

War Averted.

The prestige of the great office of our Chief Executive exerted at the psychological moment helped to sway the balance in favor of peace against the horrors of another war. The opportunities for friendly trade and the peaceful exchange of products have been fostered by the policies of the national administration. The oppression and persecution of defenseless people have not had their counterpart on this side of the water. Occasional tendencies toward the ruthless domination of minorities, outside and beyond the law, which have manifested themselves in other localities have not had the slightest opportunity to develop here.

In the City of Boston we are still a happy family, living together, pursuing our daily tasks together in happiness and in peace regardless of race, color or creed. Here in Boston there is no room for prejudice. In that fact alone we may take pride and hope for the future.

(Continued on page 3.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

FORREST P. HULL, Editor, Room 40, City Hall.
JOSHUA H. JONES, JR., Associate Editor.
EDWARD F. O'DOWD, Business Agent, 18 Oliver Street, Fourth Floor.

Entered as second class matter at Boston Post Office.

By Subscription \$2.00 per year
Single Copies 10 cents

IN ADVANCE. STREET AGENCIES.

Old South News-Stand, Old South entrance to subway.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 18 Oliver street, fourth floor.

TEMPORARY REMOVAL OF MUNICIPAL DEPARTMENTS.

The Statistics Department and *City Record*, until further notice, will be located at 18 Oliver street, fourth floor, telephone LAF. 5100. Subscriptions and sales of the *City Record* will be promptly handled at the above address.

The City Planning Board until further notice will be located at 18 Oliver street, fourth floor, telephone LAF. 5100.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, January 9, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped

area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 18 Oliver street, fourth floor, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 18 Oliver street, fourth floor, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending December 31, 1938.
Population as of July, 1938, Massachusetts State Census, 817,713; population estimated, July, 1938, United States Census Bureau, 808,504; number of deaths (stillbirths excluded): Residents, 181; nonresidents, 36; total, 217.

Death rate per 1,000 of population: All deaths, 13.96; nonresidents deducted, 11.64.

Death rate per 1,000 of population:

Last week, 13.12; corresponding week last year, 13.43.

Deaths by age periods, sex, etc.: Under one year, 11; one year to four years, inclusive 3; sixty years and over, 124. Total deaths: Male, 121; female, 96; deaths in hospitals and institutions, 110; deaths of colored, 6.

REPORTABLE DISEASES: CASES AND DEATHS.*

ANNUAL MESSAGE OF MAYOR TOBIN.

(Continued from page 1.)

While I am Mayor of this city I shall spare no effort to preserve untouched the essential liberties which here had their birth. Freedom of speech, freedom of assemblage and freedom to worship the God of one's choice are safe in our hands. We have ample reasons to be happy that we live under the flag of true freedom and liberty, and we have ample cause to pray to Divine Providence that his hand will continue to guide our country along the course of safety and security in the years to come.

Our country has not, however, been immune from the great economic upheaval which commenced about ten years ago and which has caused so much human misery and suffering. The long continued depression has had its effect on almost every phase of our modern American life. Every branch and agency of the government, national, state and municipal, has been vitally affected; so much so indeed, that there has been a virtual transformation in the accepted conception of what should be expected of government. Our own City of Boston, as a government unit, is today struggling under burdens which are creations of an economic system that suddenly went askew.

In the brief period that I have been Mayor of this city there has been no marked change in the general economic position of our country. There have been no favorable occurrences which would operate to make the administration of the city's business any less difficult than when I took office; and yet, in this annual report to your Honorable Body and to the people of my city, I wish to state that, if there is one achievement or accomplishment to which I might point with pride, *it is the fact that the downward momentum of our city government has been halted, and the gears have been reversed.* I have hopes that today our city is on the road that will eventually lead us to financial security and stability.

Sound Program Started.

I promised no miracles when I took over the office of Mayor and I have sought to perform no miracles. The progress made during the past year has been sound progress. What we have done in the twelve months that have gone and what we hope to do in the years immediately ahead is to give to each serious problem and each disturbing factor the unstinted effort and the honest purpose which will bring the reward of better, more stable and more economical government in our city.

The conditions which confronted our city when our administration took office and which still confront it, make progress in the right direction necessarily slow and tedious. It's a quick ride down the toboggan chute, but it's a long walk back. We have begun to take that long walk back and I trust that before the end of our administration we will have covered much of the lost ground.

In a report of this character it is manifestly impossible to discuss all of the matters which affect the conduct and operation of our city government, and it is not my intention to do so.

One fact stands out, however, above all else. We cannot meet the problems of the depression, we cannot feed the starving, house the homeless, and administer to the sick without money in the till of the treasury. Money in the treasury depends on just one thing—confidence. Confidence of investors in the city's ability to meet its obligations, and confidence of the taxpayers that our administration is doing all in its power to reduce the burden of their tired backs.

If we, as responsible officials of the city government, permit a financial situation to arise without doing everything within our power to prevent it, a condition that would endanger the hopes of those who rely upon us to provide them with the simple necessities of life, then we would be derelict in our duty as public officials and failures by every rule of humanity. It is for that reason that I want to discuss more than just briefly the financial situation of the city, for this is the axle upon which the whole city government revolves and under its broad head come factors that have a definite bearing on the future of our city.

Finance.

One year ago I stated in my inaugural address that the one vital and outstanding problem confronting my administration was the financial condition of the city. During the year that has just closed, every action taken by me involving the finances of the city has had for its ultimate objective the improvement and strengthening of the city's finances and credit. I feel at this time it will be of interest to you to hear a brief recital of the progress that has been made toward this objective.

When the accounts of the city were closed one year ago, it was apparent that from a maintenance or operating point of view total expenditures were \$3,850,676.84 in excess of cash receipts from all sources. This excess when added to similar deficits occurring since 1931 resulted in a cumulative operating deficit of \$22,863,556.29, the financing of which made necessary the issuance in the closing days of 1937 of \$23,000,000 in temporary notes payable in the year 1938.

While exact figures for 1938 are not yet available, it appears that the year's operating statement when finally compiled will indicate that cash receipts from all sources will be in excess of expenditures by, roughly, \$9,500,000, and that the cumulative cash deficit at the end of 1938 will be in the neighborhood of \$13,300,000. This represents a reduction of 42 per cent from the deficit existing at the close of 1937. *Admittedly the proceeds from the funding loan authorized under the provisions of chapter 235 of the Acts of 1938, and the use, as provided in the Funding Loan Act, of tax title borrowings from the Commonwealth for the sole purpose of paying outstanding temporary loans have been important factors in bringing about this substantial reduction in the short term debt of the city.* Since this legislation was sponsored by the city, I feel justified in stressing the fact that definite progress towards a sounder financial standing has resulted from its enactment.

Another factor which has contributed to the improved financial position of the city has been the improvement in tax collections. It now appears as though 77.4 per cent of the 1938 tax levy was collected on or before the close of the year. This compares with collections of 72.3 per cent in the year 1937, and is the best collection record to be achieved by the city since 1931. Undoubtedly legislation enacted this year, at the request of the city, requiring payment of taxes as a condition precedent to the filing of abatement petitions, has been responsible in a large measure for the improvement in collections. Over and beyond this factor, however, would appear to be the existence of a greater spirit of confidence on the part of the taxpayers in the objectives and accomplishments of the current administration.

Water Division Improvement.

During the past four years the Water Division of the Public Works Department has been operated at a loss, since in each year expenditures have been in excess of receipts. It is now evident that in 1938 this division was operated at a profit with the result that a substantial surplus will be carried forward into 1939. Revision in meter reading methods, changes in billing procedure, and concerted action on the collection of delinquent accounts are measures which have contributed to the placing of the Water Division on a self-supporting basis, and makes unnecessary the increase in water rates I predicted early last year.

Principally because of the \$7,000,000 bond issue authorized under the so-called Funding Act, the net funded debt of the city at the close of 1938 reflects an increase of \$2,850,000 over the net funded debt at the close of 1937. If the funding loan had not been issued a reduction of over \$4,000,000 in the net funded debt would have been evident. The increase of 2.2 per cent which has taken place is not alarming, first, because the net funded debt of the city is relatively low in comparison with that of the other large cities of the country, and second, because of the fact this slight increase has made possible a substantial reduction in the short term debt of the city, which at the close of 1937 stood at an abnormally high figure.

The total of the maintenance budget for city departments submitted to your Honorable Body early in 1938 was \$608,094.71 less than the total of departmental allowances in the 1937 budget, and was \$44,469.77 less than actual departmental expenditures in the same year. These reductions were secured despite the necessity of providing within the budget of appropriations totaling \$1,200,000 to meet inherited obligations and charges of any emergency nature. The Finance Commission in a letter to the City Council under date of May 2, 1938, commented on the 1938 budget as follows:

"With respect to the allotments of the departments recommended by the Mayor, the Commission desires to be recorded as of the opinion that the Mayor has for the most part reduced allowances as far as it can safely be done without curtailment of services to which the public has become accustomed. . . . Unless there is exercise of the greatest economy in expenditures in many cases in the remaining months, it is doubtful if there will be funds enough to go around, and the long threatened payless pay days may arrive. In conclusion, the Finance Commission desired to record its opinion that the appropriations now before you are the minimum requirements for the operation of the city departments as presently organized."

No Payless Pay Days.

I am pleased to report that despite this opinion of the Finance Commission, which should be considered a competent authority, the city had no payless pay days and due to careful economy in all departments we will have an unexpended balance of over \$200,000.

In the closing month of 1938 temporary notes issued by the city in connection with the end-of-the-year financing bore the lowest interest rates at which money has been borrowed by the city during its entire corporate existence. No more salutary evidence could be given, in my opinion, of the improvement in Boston's credit standing.

Despite these definite accomplishments the financial problems of the city still remain pressing and acute.

Forces entirely beyond the control of city officials seem certain to impose additional burdens on the city's tax structure, and make necessary a further increase in its already staggering tax rate. From statements emanating from responsible state officials it would appear that unless the state authorities put an end to the practice of levying the annual deficiency in the state budget on real estate in the cities and towns, that a state tax of \$24,000,000 will be levied in Massachusetts in 1939. In addition, cities and towns must provide in their 1939 tax levies for the \$9,000,000 increase voted in the closing hours of the 1938 legislative session over and beyond the original state tax estimate of \$8,000,000. From present indications, therefore, it would appear that Massachusetts cities and towns face the possibility of financing in their 1939 tax levies a state deficit in the staggering total of \$33,000,000. Real estate in Boston would be assessed \$5 per thousand in the event of such a levy, \$3.80 more than the state assessment of 1938. Without consideration of any other factors this one item alone would increase Boston's tax rate from \$41.30 to \$45.10.

For nine long years Massachusetts municipalities have been struggling with the financial problems and burdens imposed on them by the vast and unprecedented upheaval and disturbance that has taken place in the economic system of the world. To date municipal solvency has been maintained, but the moot question at the present moment is whether municipalities can continue to function under a system which requires them to bear practically the entire burden of depression costs, and the growing annual state deficits.

An analysis of the changes which have taken place in municipal finance since the beginning of the depression is bound to leave the impression that we are operating under an obsolete and outmoded system. Every one is familiar with the abnormal increase that has taken place during this period in municipal tax rates. Unfortunately, public interest and concern over this feature is confined solely to the extent of the increase. Little attention has been given to the causes and reasons underlying the upward movement in tax rates. Blame and censure from a tax-conscious public has been almost universally confined to the alleged shortcomings of municipal administration. *Reduction in municipal expenditures has been the common remedy prescribed as the panacea for the ills that prevail. The proponents of this remedy overlook entirely the fact that expenditures over which municipalities have absolute control have been sharply reduced during the past nine years. Unfortunately, this feature is but a minor element in the entire problem, and the accomplishments in this respect have been completely offset by elements of a major nature that have been outside the control of municipal officials. To illustrate this point, let us make a few comparisons between the tax structure of Boston as it existed in 1930, the first year of the depression, and as it exists today.*

(Appended to this address are tables which have been prepared from the official records of the city.)

Tax Rate Increased.

The tax rate of the city has increased during this period from \$30.80 to \$41.30, an increase of 34 per cent. Practically the entire increase, however, may be attributed to the loss in valuations which has taken place during the period under discussion. The reduction of \$422,000,000 which has been made during the nine years represents a decline of twenty-one and four tenths per cent from the 1930 valuations of the city. If this decline had not taken place the present tax

rate of \$41.30 would be reduced by \$9.50 and the city's rate would only be one dollar in excess of that declared in 1930. City officials have been powerless to prevent this decline and no attempt has been made by appropriate action or legislation to compensate for this drastic revulsion in the city's revenue structure.

Another major element in the problem under discussion which is entirely beyond the control of city officials is the unfavorable change which has taken place in the annual exchange of checks between the Commonwealth and the City. This exchange which takes place annually on November 20 involves the payment to the City by the State of the city's share of the income and corporation tax, and the payment by the City to the State of its share of the state tax and miscellaneous state assessments. In 1930 the city "made money" on the exchange, but in 1938 it "lost money." The 1938 settlement represented a loss of \$8,200,000 to the city when compared with the condition in 1930. In terms of the tax rate this uncontrollable loss has established a mandatory increase of five dollars.

Since 1933 the city has been empowered by legislative authority to borrow money to finance in part the heavy burden of unemployment relief. While this expedient has served to reduce the tax rate it has necessarily increased the debt service charges of the city. In six years serial loans totaling \$28,232,000 have been issued. In view of these heavy issues it is only natural to find that debt service charges in nine years have increased 50 per cent, with a resultant increase in the tax rate of two dollars and fifty cents.

Relief Expenditures.

During the past nine years four city departments have borne the burden of ministering to human want and suffering. The expenditures of these departments plus the contributions by city departments to Federal emergency relief projects have resulted in increased expenditures totaling \$9,250,000. In 1938, roughly, 50 per cent of this increased burden was raised by borrowings, so that the actual effect on this year's tax rate may be said to be a net increase of three dollars.

I have previously stated that municipalities have reduced wherever possible expenditures over which they have complete control. This statement is supported by the table appearing at the end of this address, where it is shown that the regular expenditures of thirty-seven departments under the direct control of the Mayor reflect a reduction in nine years of almost \$4,000,000. In no sense do I claim credit for this entire reduction. It has been achieved gradually during the entire period. Roughly, two dollars and fifty cents has been saved in the tax rate through these savings.

Revenue receipts during the past nine years have increased \$7,500,000 or, roughly, 150 per cent. This increase is attributable, first, to the policy of borrowing for relief purposes, second, because of the natural increase in relief reimbursements from the Commonwealth, and, finally, because of receipts from liquor licenses, resulting since the repeal of prohibition. Aside from these three items, the ordinary revenues of city and county departments reflect a decrease. The increase in revenues from all sources is equivalent to a tax rate saving of four dollars and seventy cents.

From the foregoing it is evident that losses in assessed valuations, the unfavorable development in the annual exchange with the Commonwealth, expanded debt

service charges and increased welfare and relief costs are changes amounting to \$20 in the tax rate that have been added since 1930. Fortunately, reductions in city regular departmental maintenance and an increase in revenues applicable to maintenance costs have softened the effect of this gross increase by seven dollars and twenty cents. Other factors of a miscellaneous nature have further offset the gross increase with the result that between 1930 and 1938 a net increase of ten dollars and fifty cents has occurred.

A review of the picture which has been presented in the foregoing paragraphs clearly indicates that during the hectic happenings of the past nine years the cities at all times have been obliged to go on their own. The question naturally arises, Can we continue to fight on our own what appears from the record of the past nine years to be a losing battle? Municipalities are creatures of the state. Their sources of revenue are specifically limited by legislative mandate. They cannot establish new sources of revenue without appropriate legislative authority. The general property tax forms the backbone of the municipal revenue system. In Boston approximately seventy-five per cent of the city's total revenue is secured from taxes levied on the owners of real and personal property.

State Better Off.

The state's revenue system is much more flexible than that of cities and towns because it can utilize more revenue sources. Under the present system of levying upon cities and towns for the deficiency between general fund appropriations and estimated ordinary revenues, there is little incentive for the Legislature to make use of its broad and general revenue powers. The additional cost incident to the establishment of new functions or the expansion of old ones can be readily shifted to the cities and towns by the simple expedient of increasing the state tax. When this is done an additional burden is imposed upon property owners.

The general property tax should be reserved for the sole use of municipalities. They should not be required to share the returns of this tax with the Commonwealth. The state possesses the power to establish itself as a self-contained financial unit. The forthcoming session of the Legislature holds the answer to the future hopes of municipal government. I sincerely trust that action of a constructive nature may be taken in 1939 which will assure positive financial relief to cities and towns, and will establish the responsibility of the state as a participant and contributor to the financial burdens which to date have rested their full weight upon the shoulders of Massachusetts municipalities. Unless such action is taken in 1939 it would appear that a general increase in municipal tax rates is unavoidable and that relief for the already overburdened property owner is further postponed.

City and State Relations.

Except for the lack of any action to meet the long overdue problem of broadening the tax base and providing other revenues than the real property tax for dealing with the welfare load of the depression, the first year of our administration was noteworthy for the sympathetic cooperation of the Legislature with our legislative program. In general, it seemed clear that the members of the General Court recognized our difficulties, and with full appreciation of our needs, and confidence in the sincerity of our intentions to face them squarely and honestly, gave us every assistance in overcoming them. I express my deep

appreciation of that cooperation in the past year, and the hope and expectation of a similar understanding spirit in the future.

Among the important pieces of financial legislation enacted on my petition were the Funding Bill, so called; the bill relative to payment of taxes before appeal to the Appellate Tax Board; and the bill putting teeth in the automobile excise tax law. The purpose of the Funding Bill was to refund overlay deficits which had been accumulating on the books of the city for the past several years and to remove from the city's balance sheet other doubtful items, such as uncollectable poll taxes, etc., which were carried on the books of the city as assets. The bill as enacted on my recommendation contains provision for 4 per cent overlay annually to take care of abatements, an amount twice as large as that previously provided, and which should be sufficient to cover abatements granted during my administration.

The effect of the bill to require payment of taxes before appeal to the Appellate Tax Board is best measured by the fact that during the year 1938 we have collected \$56,000,000 in real property taxes as compared with about forty-eight and one-half million dollars for 1937. This act, chapter 478 of the current year, requires in the case of a real estate tax over one thousand dollars, the payment of the tax in full before appeal, or at least 50 per cent of the tax bill accompanied by proof of inability to pay the balance. This law has put an end to the practice of withholding payment for the sole purpose of exerting pressure on the city for a favorable settlement, because of the city's financial needs.

The automobile excise tax law, chapter 492 of this year, requires the Registrar of Motor Vehicles to revoke a registration unless proof is submitted of payment of the tax. Its effectiveness is revealed in the Collecting Department, which reports collections of \$180,000 of current year's taxes in excess of collections for the year 1937, an improvement of better than 20 per cent.

Prospects for Improvement.

A real beginning has been made during the year to examine the burdens that Boston bears in providing services that more properly should be paid for by the people of the Metropolitan Area or of the State as a whole. Three recess commissions are established and will report to the General Court early in the year, one on a general study of Metropolitan Functions and Activities, one on the Airport, and the third on the Sumner Traffic Tunnel. The Airport has become at least a State if not a Federal function; and the Traffic Tunnel has proved itself an essential link in the highway system of the Commonwealth, shown conclusively by traffic counts to be a convenience used overwhelmingly by inhabitants of communities other than Boston. Much may be hoped from their reports soon to be submitted to the General Court. Other recess commissions are studying and will report on the water and sewer problems of the Metropolitan District in which Boston is vitally concerned, by reason of our large share in the cost of these services.

In the matter of water supply, the Legislature, at our suggestion, amended pending proposals for large expenditure and consequent heavy burden on our water rate payers, so as to provide for the use of P. W. A. funds, and also to postpone the first serial payments on bonds issued under the act for five years from the date of issue. Thus, Boston will be assured during my administration of an abundant supply

of the purest water in the country at no extra present cost to the water users of the city. At the end of five years it is anticipated that the peak of heavy interest and principal payments on prior debt will be passed.

Mention should also be made of the enactment of legislation designed to improve the collection of taxes, a law to permit the appointment of a custodian for the better management, control and disposition of foreclosed property, and a bill to increase the number of the Board of Assessors.

Highway Fund.

An expert on public finance, Prof. A. G. Buehler, points out in a recent work that for the ten-year period ending in 1932, "The various special taxes on automobiles provided \$7,312,500,000 as compared with total expenditures on the construction and maintenance of streets and highways of \$16,587,000,000. Automobile taxes, therefore, have fallen far short of covering street and highway costs." The balance has, in the rest of the country as here, fallen on the real estate owners and the rent payers of the land.

The New York State Tax Commission in 1935, after stating that cities and villages were receiving no help at all from the state for highway purposes, said in their report: "This arrangement seems grossly unfair. The increasing use of automobiles has added tremendously to the cost of city government. The cities have been forced to open up new streets, widen and improve old ones, install traffic lights, and maintain a force of traffic policemen as a result of the advent of the automobile."

What seemed "grossly unfair" in New York is doubly unfair in this state as relates to the City of Boston. The capital city of the Commonwealth has received no direct assistance from the Highway Fund to meet our large expenditures for the construction and maintenance of city streets.

State an "Indian-Giver."

Even when there has been distribution to other cities and towns from the Highway Fund, the state has been an Indian-giver; it has given with one hand and taken back with the other in the shape of an addition to the state tax of the same amount. Distribution of a fixed percentage, say one-third of the Highway Fund, annually to cities and towns would be a wise permanent policy; for actually more money is spent on roads and streets by the cities and towns of the state in the course of a year than is spent by the State Public Works Department on all state and local highways. A recent authoritative survey by the Commission on Conflicting Taxation showed that "Half the gas taxes are collected on fuel burned within city limits." Clearly an unanswerable case is made out for a fairer treatment of Boston, and other cities too, in the future. Diversion of the gas tax into the general treasury of the state to establish a fictitious state tax, or its equivalent, distribution to cities and towns and the concurrent assessment of the same amount to be paid by real property, should no longer be permitted to add to the burdens of the real estate taxpayers.

Last year Boston petitioned for distribution of a portion of the Highway Fund. Late in the session a distribution of \$5,000,000 was ordered by the Legislature and under the terms of the act it was commonly believed that the amount received by cities and towns could be retained in the treasury and used in 1939 to meet local appropriations for highway purposes. The Attorney-General, however, has ruled that it may not

be so used. I therefore propose, in concert with other Mayors, to petition for legislation to clarify the law and enable Boston's share, amounting to \$1,194,300, to be used in 1939 for street and highway purposes under the jurisdiction of our Public Works Department. In the face of the staggering burden facing us in 1939, no other use of this money can be justified.

Another bill, passed by both branches, but unfortunately vetoed by the Governor, would have relieved the Metropolitan District, of which Boston pays more than half the expenses, of approximately \$1,000,000 for maintenance of highways under the jurisdiction of the District Commission. Certain boulevards have their entire maintenance cost paid for out of the Highway Fund; others, by pure historical accident not termed "boulevards," have their maintenance cost paid by the home owners and real estate taxpayers of the district. A highway is a highway by whatever name it may be called, and the State Highway Fund should properly be called on to finance the maintenance of all highways of the Metropolitan District as part of the highway system of the state. I have every reason to believe that the recess commission will report a bill similar to that of last year. I hope they may go further, and recommend legislation to adopt a permanent policy by which a fixed percentage of the Highway Fund would be allotted annually to the Metropolitan District, for expenditure, subject to appropriation, on the construction, reconstruction, maintenance and repair of all automobile roads in the district. Such a policy, if adopted, should also provide for an allocation of a fair share of such a fund for use on highways and boulevards within the city limits.

Real Estate Valuations.

Let us consider for a moment the situation with respect to real estate valuations in our city, keeping in mind that from real estate the city obtains by far the major proportion of the revenues needed to operate our municipality.

The loss of income to our city because of the tremendous decrease in valuations I have referred to previously has not been compensated by replacement in the form of new building construction or by any other new source of revenue. Consequently, the constant rise in the tax rate has been inevitable.

Until it is possible to obtain new and substantial sources of revenue, this continued drop in real estate valuation will remain as serious a matter as it is now. Somewhere there must be a bottom beyond which valuations cannot recede. Apparently, we have not yet hit that bottom. At the present time, there are over seven thousand appeals for abatements pending before the Appellate Tax Board, and over double that number pending before the Boston Board of Assessors. Properties that were reduced in valuation in recent years have come back again for still further reductions. The endless chain is running and the direction is ever downward.

We must, in all justice, grant abatements in cases where properties are palpably over-assessed, in home properties that have lost their original intrinsic value, and in other cases where it is apparent that changed economic conditions or changes in entire neighborhoods have resulted in greatly lowered values. But we must also, and in justice to all the people of our city, strive to maintain fair values on highly assessed properties, the owners of which seek to thrust upon the whole city the cost of their mistakes of management or judgment.

The Board of Assessors of our city is fair and often liberal in its abatement grants. The Appellate Tax Board of the state has shown, on many occasions, a liberality which is both distressing to the responsible officials of our city and open to grave dispute. During the past year the Appellate Tax Board has granted abatements to the amount of approximately 17 per cent of the valuations involved. The Boston Board of Assessors on cases pending before the State Board made settlements of less than 11 per cent of the valuations involved, and granted abatements on other cases before its own board averaging slightly over 13 per cent of the valuations involved.

In view of the fact that approximately three-quarters of the cases filed before the Appellate Tax Board are Boston cases; and in view of the further fact that that Board has exhibited a generosity which appears, at times, to be unreasonably excessive, it seems reasonable to urge that at least one member of that Board be a resident of Boston — there is now no resident of Boston on that Board of five members.

It is a policy of this administration that real estate valuations once properly and fairly established by the Board of Assessors or the Appellate Tax Board will stand until altered circumstances justify a change in the valuation; and it is a further policy of this administration not to re-establish fictitious values merely for the purpose of creating a false tax rate.

The 1939 Tax Rate.

No definite statement as to the exact tax rate to be declared for 1939 can be made at this time. All that can be done is to comment briefly on the major item entering into the tax rate computation. I am firmly convinced that it will be possible to maintain the cost of operation of city departments at a figure no higher than a year ago. It appears likely that a reduction in debt service charges will be possible. School maintenance cost should reflect a reduction due to reduced pupil numbers. The Sumner Traffic Tunnel deficit should show no increase over the deficiency at the close of 1937. Ordinary revenue receipts should increase due to the adoption of a revised schedule of permits and fees.

If these items were the only factors present in the tax rate we could look forward to a reduction in this year's rate. Unfortunately, the following items, all of them beyond the control of the Mayor, but all of them contributing factors to the tax rate, threaten to create a situation which precludes any possibility of a reduction in the tax of 1939:

1. Increased Elevated deficit.
2. Greatly increased state tax.
3. Further shrinkage in assessed valuations.
4. Reduced returns from the income and corporation taxes.
5. Increased county budget, due to the opening of the new Court House.
6. Increased pension system requirements.

While it is not pleasant for me to forecast a further increase in the city's tax rate I cannot ignore my responsibility to speak openly and frankly on a matter which is of supreme importance to the taxpayers of the city. In the months which intervene between now and the time when the rate will actually be declared it will be my earnest endeavor to prevent, in so far as it lies within my power, an abnormal increase in the 1939 tax rate.

Relief.

Expenditures for relief, both direct and indirect, continue to absorb much of the income of the city, in fact, in the year just passed there has been a decided upward turn in the appropriations needed for this purpose.

The expenditures of our Public Welfare Department are \$1,000,000 in excess of the previous year's expenditures. Over 29,000 families are now receiving direct aid from this source and the tendency seems to be upward rather than downward in numbers requiring such aid. Private investigation conducted under my personal direction warrants the statement that little, if any, fraudulent cases are carried on the welfare rolls. During the year recipients of welfare aid were provided with free milk, with no decrease in the allotments granted. The Welfare Department of the City of Boston during our administration will continue to provide aid for every deserving applicant.

The city has sponsored W. P. A. projects employing over 26,000 persons. To make this employment possible it is necessary that the City of Boston cooperate by providing supplies, equipment and material. The cost to the city during the past year for W. P. A. activities was \$2,200,000, an increase of close to \$1,000,000 over the expenditures for this purpose in 1937. During the early months of my term as Mayor the business recession increased unemployment in our city. In an effort to relieve unemployment I made repeated visits to W. P. A. state headquarters and to Washington, as a result of which visits our city received an additional allotment of \$8,000,000 for Boston projects, thus providing employment for 10,000 additional persons.

W. P. A. Projects Aid.

W. P. A. projects sponsored by the City of Boston have resulted in many valuable improvements which are of permanent asset to our city far greater than the material contribution required. Notable among these W. P. A. improvements are the following:

The extension of the subway along Huntington avenue beyond Gainsborough street, providing more rapid transit facilities for the Roxbury and Jamaica Plain sections of our city.

The construction of a four-lane automobile underpass at the junction of Massachusetts and Huntington avenues, which will eliminate one of the most congested traffic points in the city and enable Huntington avenue to carry a greatly increased traffic load.

The relaying of eight miles of cast-iron sewer pipe and eight and one half miles of water cast-iron mains in the city.

The construction and reconstruction of forty miles of streets, the largest program of street improvements carried to completion in the history of the city.

Grouping together expenditures for public welfare, child welfare, and W. P. A. activities, we find that a total in excess of \$16,000,000 has been expended by the city during the course of the year.

Expenditures for all forms of relief constitute one of the major burdens of our municipality. It is a burden which we neither want to nor will shirk. It is a burden which we all willingly assume, in order that those in our community who are unfortunate or unemployed may receive at least sufficient aid to provide the common necessities of life. It is a burden that, in my opinion, should rightfully be borne by the state government through funds raised expressly for this purpose.

We all must realize that this problem is more or less permanent in nature, and that, under present circum-

stances, most cities in the Commonwealth find this depression burden almost beyond the financial abilities of the local government to carry with their limited tax sources. The problem of relief in all its forms is no longer local in its aspect. State acceptance of this responsibility is necessary if the cities and towns are to remain in a solvent condition.

The Boston Elevated.

The Elevated problem still remains unsolved. Efforts toward complete public ownership failed during the past session of the Legislature, and under the public control acts the car-riders of the district and the property owners of the city and surrounding territory must continue to pay dividends to the private stockholders. Unfortunately, the Legislature was unwilling to adopt my recommendation for an appraisal of the property with a view to determining its actual present value, and we are thus no nearer knowing its true value if it is to be bought by the public. Deficits continue to increase year by year and in the year 1939 Boston will be faced with an increase of \$900,000 over its share of the deficit assessed last year, a figure that amounts to sixty cents on the tax rate.

Obviously, we have here a problem that will require the best brains that can be summonsed to the task on Beacon Hill. It is a problem that will not down nor solve itself. It must be met. In the interests of the people of Boston, I pledge myself to cooperate in every possible way with the new administration in an effort to solve this most perplexing problem.

Various Departmental Activities.

FIRE DEPARTMENT.

The work of the Boston Fire Department deserves more than simple passing mention. For the year 1938 the City of Boston has received the first award for the greatest improvement for Fire Prevention work and this award was received in competition with four hundred and seventy-one cities in the United States, Honolulu and Alaska, and two hundred and thirty-eight cities in Canada.

In addition to this outstanding recognition afforded our city, I am pleased to say that the fire loss in the City of Boston for the past year is the lowest within the recorded history of the city.

The most remarkable fact in connection with these accomplishments is that they were ordered despite the lowest Fire Department budget since the year 1923.

SCHOOL BUILDINGS DEPARTMENT.

The Department of School Buildings in the City of Boston has established an enviable record during the year, which deserves especial recognition. Under the direction of an unpaid Board of Commissioners and the Superintendent of Construction James J. Mahar, this department has operated on the lowest budget in the past twenty years, a budget approximately a quarter of a million less than in the previous year, and almost \$1,000,000 less than in 1930. Despite the drastic cut in allowances this department maintained in first-class condition the structures and equipment of the various school buildings; made certain of the safe and comfortable housing of each child attending our public schools; and provided out of its limited budget for the hurricane damage to the two hundred and eighty-five school buildings in our city which have a gross valuation of over \$80,000,000. Not only did this department meet extraordinary expenses, which in other agencies of government caused

extraordinary additional expenditures, but I am proud to say that this department ended the financial year with an unexpended balance of \$65,000.

What this department has done under the able supervision and direction of its responsible officers is an example of what can be accomplished in municipal activities, and is an example which I recommend other city departments to follow where possible.

SUPPLY DEPARTMENT.

During the course of the present year a start has been made on the improved methods of purchasing supplies and materials for city departments. Changes in the system of purchasing were recommended by a committee of prominent purchasing agents of leading business establishments of Boston who pursued their studies in cooperation and conjunction with the Municipal Survey Committee and the Supply Department.

Increased efficiency has resulted from the report of this committee, and substantial savings have been made possible by the adoption of the recommendations. Still further recommendations of the committee will be put into effect during the course of this year, with a possibility of still greater savings to the city.

The willingness of busy executives to give their time and effort to the city for the purpose of improving our methods of operation is a vivid example of what we may gratuitously receive from public-spirited citizens if we show an indication that we desire our city to be conducted in a modern and efficient manner.

HEALTH AND HOSPITAL DEPARTMENTS.

In the matter of health and hospitalization, the record of our city during the past year is an enviable one.

During the year the United States Chamber of Commerce awarded to our city the first prize for the most notable accomplishments in health conservation of any large American city.

Boston during the past year has had the best health record and the lowest death rate record in its entire history. Deaths from pneumonia were the lowest in a great many years, and not a single death resulted in the entire city from the once dreaded disease, diphtheria. Of the twelve largest American cities, Boston had the lowest death rate from tuberculosis.

The infant mortality rate of our city was the lowest in our history, and the year 1938 will be remembered because of the lowest number of deaths of expectant mothers, and I am pleased to announce that the facilities of our City Hospital, for maternity cases, will be expanded during the course of the present year by the opening of an additional ward with thirty-three beds for expectant mothers.

The new Surgical Building at the City Hospital was opened during the year, with an additional maintenance expense upon the city of \$300,000 per year. Eighty-six new nurses were appointed to this service for the better care of the patients confined to this building.

I propose to direct the Board of Trustees of the Boston City Hospital, in cooperation with the Hospital Council of Boston, to make a general survey of the medical services afforded East Boston, with a view of assuring the citizens of this section of the city adequate and sufficient medical care.

The City of Boston is providing a wide and varied measure of service to its citizens for the protection of their health. A wise public health philosopher once

expressed the conviction that public health was purchasable and that communities might determine their own death rates. The City of Boston, by the wise expenditure of funds both for prevention and treatment, is indeed conserving and protecting the health of its people.

Finance Commission.

The Boston Finance Commission has worked in harmony with the present administration. On more than one occasion its recommendations have been adopted and on all occasions its advice has been accepted in the spirit in which it has been offered. Recommendations made by the commission have been put into effect and have been of a distinct value in the development of many new practices and in the improvement of administrative methods. It is my sincere hope that the future relations between the Finance Commission and the officials of the City of Boston will continue to be pleasant and helpful. In these trying days of puzzling municipal problems the cooperation of all the agencies of government is necessary if we are to arrive at some sort of a solution of these problems. Constructive criticism by the Finance Commission will continue to be accepted by city authorities, and acted upon for the better administration of our city government.

Housing.

During the year the United States Housing Authority has set aside \$29,000,000 for the new housing projects in the City of Boston. These projects will be constructed in Charlestown, Roxbury, South Boston and the South End sections of our city. Construction will commence early in the present year. Boston's participation in subsidized housing will bring about the redemption of numerous areas in our city which the passage of time has rendered unfit for habitation under the American standard of living.

It is admitted that private capital would be either unwilling or unable to reclaim these areas, which even now are in such dilapidated condition that they tend to depress property values in surrounding neighborhoods. Reclamation of these areas by the Housing Authority will not only improve property and property values, but will also improve the health of the thousands of children who will be housed within these projects, now resident in the main in crowded homes, without heat, and with improper and inadequate sanitary facilities.

Future Boston will be the better for the citizens who will have an opportunity to grow and develop, sound in mind and body, by reason of the clean and healthy environment the new housing will provide. Furthermore, the housing program, in addition to the large building program now in prospect by private interests, should insure employment for practically all the building mechanics now resident within the City of Boston before the end of the present year.

Industry and Conventions.

Even before the depression, and increasingly during the depression years, Boston has witnessed an exodus of industry from its borders until we seemed to have reached an irreducible minimum of industrial activity. Free or reduced taxes, low wages, and unorganized labor were some of the inducements held out by communities in this and other states to hasten the exodus. The recent elimination of the machinery tax, the general unionization of labor throughout the nation,

the passage of the wage-hour law, have all combined to eliminate the unfair advantage heretofore enjoyed by other localities.

Given free competition, I am convinced that Boston can now obtain her fair share of manufacturing and other industries from which the city must draw its very life-blood. We have here shipping facilities by sea and by land that are unexcelled. We have a plenitude of skilled labor not available elsewhere. Labor controversy has been almost unknown within our borders. With city finances now on a firmer basis, and our faces turned confidently toward the future, we can expect to hear once more in Boston the hum of thriving industry.

During the past year forty-four manufacturing industries have located within our borders. We have begun the long climb back as a center of industrial activity, and I hope that all the agencies and elements in our city and state, both private and public, will give encouragement wherever and whenever possible to the re-establishment within our gates of commercial pursuits which, in the final analysis, is the basis of prosperity for all.

During the coming year one hundred and nine conventions, large and small, will come to Boston. The largest of these conventions will be that of the Veterans of Foreign Wars.

Boston should be the greatest convention city in our country. Our attractions are too numerous for mention at this time, but unless we go after this business it will go elsewhere. One of the matters to which I have given considerable time and attention since taking office is the selling of our city to large groups and associations who meet in annual convention.

During the coming year millions of dollars will be spent in our city by persons attending conventions, and that money circulating in this community will have a beneficial effect in many ways, in addition to the great advertising value which our city receives from persons who visit us.

I implore those in our city who may be members of large national organizations or societies to bring their groups to this city. Boston can be, and should be, the number one convention city in this country, and I shall exert every effort to expand our opportunities in this most profitable line of endeavor.

Metropolitan Boston.

For more than a generation Boston Mayors have urged a Metropolitan Boston either by annexation of the suburbs to Boston or by various types of federations. Under the present conditions which exist there is waste and unnecessary duplication of governmental services and functions by the cities and towns which might properly be part of such a large unit. The area within fifteen miles of the State House is truly a great social and economic unit, but governmentally it remains divided into scores of unrelated and non-cooperative sections.

I fully appreciate the pride which our suburban citizens have in their local communities. Many of these communities have their origins almost as far back as Boston's, and they are rich in tradition which we should do everything to preserve and nothing to destroy.

We must view the situation in this area with realism. Even if it were certain as to the exact form which a Metropolitan Boston should take, I am convinced of the futility of attempting to obtain immediate legislative action bearing upon this problem in any way. I realize that, if any more unity in government is ever

going to be achieved in this area, it is not likely to occur until the suburbs are convinced of its value and believe it to be preferable to the present condition of independence and isolation. That will not come during my term of office. It may not come in my lifetime. But eventually it will come, because for the common protection and preservation of the whole it is a necessary and natural development.

I do not intend to take the customary but futile steps of seeking legislation for a Greater Boston, or to agitate for it in any way. Instead, I propose to stand ready to develop new avenues of cooperation between Boston and her sister municipalities which surround her. We have many problems in common and it should be possible for us to meet them together. I also hope to effect such improvements in the administration of this city government that will win it a greater degree of popular respect.

All that I ask of the citizens of our neighboring suburbs is the recognition of our common problems and a willingness to work them out together. Once we can dispel antagonisms and suspicion; once we can reach an attitude of mutual respect and understanding; once we can work out the problems of this great area in unison, we can let developments from that point on into the future take their natural course.

Most certainly, Boston with its duty to maintain services of a great metropolitan city; with its daytime population which is more than double its real population; and with its ties and traditions closely allied with our sister cities and towns, would be a far greater city and command far greater respect nationally if and when the true Boston can be amalgamated into a greater city.

Conclusion.

At the beginning of this report I stated that it was of prime importance and necessity that we maintain the credit of our city, for unless that credit is maintained we shall not be able to meet the fundamental requirements for which we are organized as a city or the abnormal requirements resulting from the long-continued depression. That we have met that primary duty is evidenced by the fact that recent temporary borrowings by the city were obtained for forty-three hundredths of one per cent, the lowest rate for this type of borrowing in the recorded history of the city. Our credit standing is on a firmer basis than when this administration took office.

This administration has entered into no costly activities. There have been no capital expenditures. There has been no squandering of the public funds. Ninety per cent of the vacancies in city departments have been allowed to lapse, with no loss in the efficiency of operation. Improvements in methods of administration and operation of various city departments recommended by the Municipal Survey Committee have resulted in greater efficiency and substantial savings to the city. Advantage has been taken of the generosity of the Federal Government through W. P. A. activities, thus saving our city large sums of money that would have been assessed for welfare purposes.

Our city government is still faced with unusual conditions. Fixed or extraordinary expenditures over which we have little if any control, and which are on the increase rather than on the decrease, are on one side of the ledger, while on the other side is the picture of shrinking revenues. Almost every other large city in our country has had its income augmented or supplemented by substantial revenues from sources other

than real estate taxes. The only visible new source of revenue to our city will be from the newly established schedule of fees for licenses and permits which, through the cooperation of your Honorable Body, will increase our revenues by approximately three hundred thousand dollars.

We have instituted economies that are difficult to make and still maintain efficiency and adequacy of service, and which are discounted and dissipated by circumstances over which we have no control, and which make a reduction in our tax rate impossible.

The situation which faced our administration one year ago made necessary the adoption of this policy of limited expenditure, but to what avail is this sort of a policy if the state government, whose deficits we are compelled to bear in large measure, continues a policy of unlimited expenditure? It is not, in my opinion, a barren hope that the new state administration will not only desist from ill-advised and hasty expenditures of vast magnitude, and of somewhat questionable necessity, but will actually reverse the procedure and give to overburdened cities and towns the cooperation and assistance which is necessary if those cities and towns are to retain their standing as independent units of the government.

In the year just ahead the same careful scrutiny and vigilance will be exerted over the expenditure of the public funds. Every effort will be made to promote efficiency of operation and thus reduce expense of operation. Every expedient will be utilized to prevent undue and additional burdens on the taxpayers of our city. Every opportunity will be accepted that will promote the general welfare and well-being of our city.

As Mayor of Boston, I desire to publicly express my appreciation to those public-spirited citizens who have given unstintingly of their time and talents, without compensation, and more especially the trustees of the Boston City Hospital, the trustees of the Boston Public Library, the Overseers of the Public Welfare Department, the members of the City Planning Board, the members of the Board of Park Commissioners, the trustees of the George Robert White Fund, the Commissioners of the Sinking Fund Department, and the members of the Board of Commissioners of School Buildings, all of whom contribute their invaluable services to our city without cost to our city government.

Let me also, and with equally as sincere sentiments, express my gratefulness to the entire membership of the Boston City Council, who during the year just passed have given me unselfish cooperation in all my undertakings. This spirit of harmonious action is proof conclusive that your Honorable Body has a deep understanding of the common problems that beset our city, and that to solve those problems you are willing to submerge, if necessary, all other considerations in consideration of the common good of all our citizens. I thank the gentlemen and the lady member of this body, individually and collectively, for your attitude during the past year, and I am confident that the coming year will find our relations equally as cordial and understanding.

A Comparison of City of Boston Tax Structure Elements, 1930 and 1938.

Flaherty, 1 day; Pearl Gorman, 1½ days; Helen Lavin, 2 days; Katherine Lawless, 1 day; Eleanor McCarthy, Stacia Morasky, Mildred Moxon, 2 days; W. Graves Piper, 7 days; Mildred Pratt, 2 days; Alice Travers, 1 day; Mary Turner, 2 days; Eleanor Bailey, Alice Jescisk, 1 day; Genevieve Ploski, 1 day; Loretta Comtois, 3 days; Gladys Maccione, Isabel O'Brien, 1 day.

INSTITUTIONS DEPARTMENT.

The following changes have been made in the personnel:

Long Island Hospital.

Appointments: Richard Craven, fireman, temporary (for three months), \$33.50 a week and board, for the winter period; Michael Gibbons, fireman, temporary (for three months), \$33.50 a week and board, for the winter period; Thomas Romanski, fireman, temporary, \$33.50 a week and board, for the winter period.

Resignations: Anna Lyons, institution employee, cook, \$600 a year; Ruell A. Sloan, M. D., pathologist, \$2,800 a year.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the continued emergency employment of Stephen J. Malley as third-class engineer, for a period of ten days from December 14, 1938, at \$6 a day.

Approval has been given for the emergency employment of Hazel T. Hefferman as relief matron in the Temporary Home for Women, for a period of ten days from December 28, 1938, at \$3 a day.

Approval has been given for the continued emergency employment of the following persons as provisional stenographers, for a period of one month from December 22, 1938, at \$900 a year: Helen Foley, Mary Sullivan.

The resignations of the following temporary clerk-typists, effective at the close of business December 12, have been approved:

Anne C. O'Connor, Alice J. Jazukewic, Edward V. Noonan.

Approval has been given for a change in rating from aid and settlement agent to social worker, without change in salary, for the following persons:

Gerald T. Driscoll, Edith M. Galvin, John Hannon, Gerard M. Kelley, William O'Brien.

Approval has been given to a sliding scale increase for the following social workers, from \$1,600 to \$1,700 a year, effective as of the dates indicated:

Gerald T. Driscoll, December 31, 1938; Edith M. Galvin, December 1, 1938;

John Hannon, December 1, 1938; Gerard M. Kelley, December 31, 1938; William O'Brien, December 1, 1938.

PRINTING DEPARTMENT.

Helen M. Corbett has been appointed as a monotype operator at \$41.40 a week for an additional period of three months, effective from December 28, 1938.

PUBLIC WORKS DEPARTMENT.

Permission has been given to designate Daniel M. Sullivan, Division Engineer of the Water Division, as Deputy Commissioner of Public Works, during the period from January 1 to June 30, 1939, both dates included.

Approval has been given to promote James J. Hart from transitman at \$2,100 a year, Grade II, to junior engineer at \$2,200 a year, Grade III, in the Bridge Service, effective December 28, 1938.

Approval has been given to grant to Thomas J. Hannon, clerk-street numbering inspector at \$2,100 a year in Paving Service, who was elected to the General Court as Representative from Ward 13, for 1938-39, a leave of absence, without pay, effective January 4, and to continue up to the date of prorogation of the General Court in 1939.

Approval has been given to promote John J. Denning from inspector-transitman at \$2,200 a year to junior engineer at \$2,300 a year, Grade III, in the Sewer Division, in the vacancy of Austin C. Woodside, retired, effective December 28, 1938.

Approval has been given to grant to John J. Tully, inspector at \$2,100 a year in the Paving Service, a leave of absence, with pay, on account of sickness, from December 21, 1938, to January 14, 1939.

Approval has been given to promote Richard C. Dwyer from transitman at \$2,100 a year, Grade II, to assistant engineer at \$2,300 a year, Grade IV, in place of Dwight L. Hubbard, retired, in the Paving Service, effective December 28, 1938.

Patrick J. Kelley, general foreman at \$3,000 a year in the Water Division, has been granted a leave of absence from work for at least one month from January 4, 1939, to recuperate from a minor heart ailment and a general physical run-down condition.

Frank J. Dwyer, first assistant draw-tender at \$1,800 a year in the Bridge Service, has been continued on sick leave, with pay, for an additional period of one month from December 16, 1938.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Park Department.

Permission has been given to pay 133 employees for overtime work on snow removal on Sunday, November 27, and Tuesday, November 29. This overtime amounts to \$774.47, for which we have made provision to pay out of the A-3 item in the budget.

For the week ending December 31, for sanding all roads in the Park System: Barnabus Jennings, gardener-laborer, 1½ days, \$8.25; William P. Graham, truck chauffeur, 1½ days, \$8.25; John

Connolly, Patrick Connington, Thomas J. Wahl, James Carroll, Arthur Sullivan, laborers, 1½ days, \$7.50 each; Harry P. Sheehan, laborer, 1 day, \$5; William Murray, laborer, 1½ days, \$7.50; Constant Albrecht, Jeremiah Donovan, John Elliott, laborers, 1 day, \$5 each. Total \$81.50.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed, as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Countryside Drive, bounded:

Northeasterly by Morton street, eight feet; northwesterly by another part of Countryside Drive, four hundred twelve and 22-100 feet; southwesterly by another part of Countryside Drive, eight feet, and southeasterly by the same, four hundred and twelve feet, containing thirty-two hundred and ninety-seven square feet, more or less.

The sewerage works to be constructed are as follows: 390 linear feet of 10-inch pipe sanitary sewer and 390 linear feet of 12-inch pipe surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Countryside Drive will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; said lots to the amounts hereinafter set against them; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1214, Sewerage Works, Countryside Drive, Dorchester, November 19, 1938, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Last date for filing applications, Saturday, January 7, 1939, at 12 noon.

The minimum salary is \$1,920 a year; the maximum salary is \$2,280 a year.

Duties: Under general direction, to prepare for newspapers and other publicity, material with which the public should be acquainted relating to activities of a department or major division and to secure publication thereof; and to perform related work as required.

Subjects and Weights: Training and experience, 4; practical questions, 4; personality and fitness, as determined by an oral interview, 2; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PRINCIPAL STATISTICAL CLERK, UNEMPLOYMENT COMPENSATION COMMISSION, JANUARY 21, 1939.

Last date for filing applications, Saturday, January 7, 1939, at 12 noon.

This examination is open to both males and females.

The minimum salary is \$1,920 a year; the maximum salary is \$2,280 a year.

Duties: Under direction to have charge of a group of employees in the accumulation and presentation of statistical data, or personally to make statistical analyses and studies involving a general familiarity with statistical methods; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

JUNIOR CHEMIST, DEPARTMENT OF MENTAL HEALTH, JANUARY 14, 1939.

Requisition is for a female, but the examination is open to both males and females.

The minimum salary, with maintenance, is \$1,320 a year; the maximum salary, with maintenance, is \$1,800 a year.

Duties: To examine blood and spinal fluid quantitatively for non-protein-nitrogen, total protein, urea, chlorides, dextrose, calcium, etc.; and particularly for blood oxygen saturation and carbon dioxide combining power; and alcohol, bromides, barbitol, ether and carbon monoxide. To examine urine, feces, and vomitus qualitatively for lead, mercury, arsenic, etc.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Hyde Park and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Annafran street, bounded:

Northwesterly by Pleasantview street, six feet; northeasterly by land of William J. McCaffrey *et al.*, eighty feet; southeasterly by other land of Henry S. Moody, trustee, six feet, and southwesterly by other land of Henry S. Moody, trustee, eighty feet, containing four hundred and eighty square feet.

A parcel of land, owners unknown, being part of the private way known as Pleasantview street, bounded:

Northwesterly by land of Henry S. Moody, trustee, six feet; northeasterly by land of Yoffim Mazur, eighty feet; southeasterly by Annafran street, six feet, and southwesterly by other land of Henry S. Moody, trustee, eighty feet, containing four hundred and eighty square feet.

No betterments are to be assessed for the making of the aforesaid improvement.

The sewerage works to be constructed are as follows: 160 linear feet of 10-inch pipe sanitary sewer and 160 linear feet of 15-inch pipe surface drain, leading southeasterly from Pleasantview and Annafran streets for a distance of approximately one hundred and sixty feet.

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Pleasantview and Annafran streets, Hyde Park district, under the order of the Board of December 20, 1938, and awards no damages therefor.

"RELIEF" DECLINING.

Two-thirds of the nation's relief expenditures in recent years has been centered in ten industrial states, the "Year Book's" section on Financing Relief and Recovery points out. Half the Federal Work Relief Funds and two-thirds of all available funds have been expended in the fifty largest cities, including about 25 per cent of the population. Industrial urban population is more vulnerable to unemployment. In addition, living costs are higher, requiring greater relief allotments, and the cost of giving employment to a city group is higher than in rural areas.

HEALTH DEPARTMENT REPORT.

The Boston Health Department (Division of Vital Statistics) has made public the following health facts:

STATISTICAL ESTIMATES FOR CALENDAR YEAR 1938, WITH FINAL FIGURES FOR FIVE PRECEDING CALENDAR YEARS. (ESTIMATES.)

* Nonresidents.

OUTSTANDING FEATURES.

Favorable.

1. The lowest death rate ever recorded for Boston.
2. The lowest infant mortality rate ever recorded for Boston.
3. A new low record death rate for pulmonary tuberculosis.
4. A new low rate for deaths of mothers from puerperal causes.
5. Not a death of a resident of Boston from diphtheria this year.
6. An outstanding decrease in the total deaths in the pneumonia group.
7. A decrease in the total deaths due to degenerative diseases.

Unfavorable.

1. An increase in the total deaths due to cancer.
2. A small increase in deaths due to diarrhea and enteritis under two years.
3. A slight increase in deaths due to accidents.

POLICE DEPARTMENT ORDERS.

General Order No. 277.

A trial board, consisting of Captains Grace, Buccigross and Keating, having heard by reference a complaint against Patrolman Timothy E. Mulvihill of Division 11, charging him with neglect of duty and conduct unbecoming an officer, as reported to the commissioner a finding of guilty as charged. In accordance with which it is hereby ordered that the said Patrolman Timothy E. Mulvihill perform seventy hours of punishment duty.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 278.

Patrolman Joseph L. Clark, William J. Collins, Thomas F. Farrell, Joseph W. Kiley, William E. Lee and Edward V. Murphy, all attached to Division 11, are commended for meritorious police duty performed in connection with the apprehension of a group of dangerous characters who had committed a series of armed holdups of banks, theaters and hotels in Boston and surrounding territory during the past year, and making their escape with large sums of money.

The commissioner is gratified and pleased to recognize and commend these officers for their untiring efforts and devotion to duty shown in accomplishing the arrest of these dangerous characters, thus solving crimes of major importance which reflects credit on themselves and the department as a whole.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 279.

Lieut. James V. Crowley and Patrolman Thomas J. Conaty, both of the Bureau of Criminal Investigation; and Sergeants John J. Tesorero, Walter J. Wilson, Patrolmen Frank E. Lynch and Patrick J. Leonard, all of Division 13, are commended for efficient police duty performed on November 28, 1938, in connection with the arrest of four armed desperate characters who had held up a merchant on November 27, 1938, at the driveway of his home and robbed him of a sum of money, then forced him into his car and brought him back to his store where his keys were taken from him and he was forced to reveal the combination of the safe. He was then bound and gagged in his car and was guarded by one of the criminals while the others entered the store and rolled the safe containing \$800 to an alley in the rear of the store.

Patrolman Leonard, while patrolling his route, entered the alley and succeeded in capturing one of the men at gun-point, the others making their escape, being taken into custody later.

The commissioner is pleased and gratified to commend these officers for their diligence and devotion to duty and, in addition, Patrolman Leonard is granted three days' vacation for courageous conduct shown in capturing one felon which led to the arrest of his confederates, one of whom was identified as having committed another armed holdup in the Jamaica Plain district.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 280.

A trial board, consisting of Captains Grace, Tiernan and Keating, having heard by reference a complaint against

Patrolman Roland W. Bird of the Bureau of Records, charging him with neglect of duty, has reported to the commissioner a finding of guilty as charged. In accordance with which it is hereby ordered that the said Patrolman Roland W. Bird be reprimanded in General Orders.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

OFFICE OF THE COMMISSIONER,
BOSTON, December 13, 1938.

Patrolman Scholley J. Lake of Police Division 14, by General Order No. 274, December 10, 1938, having been awarded by the Police Commissioner a Department Medal of Honor for conspicuous bravery in connection with the capture of two armed bandits, August 18, 1938, it is hereby

Ordered, That in accordance with an order of the City Council, approved by the Mayor then in office, February 7, 1898, the annual compensation of said Patrolman Scholley J. Lake, shall be increased by an honorarium in the sum of twenty-five (25) dollars, effective as of December 7, 1938, at 7.45 o'clock a. m.

JOSEPH F. TIMILTY,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of bridge repairs, estimated to be sixty (60) days, the following street is one way in the direction indicated, effective December 30, 1938:

Berkeley Street, Downtown Boston.
From Chandler street to Columbus avenue.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be one (1) week, vehicles are excluded from the following street, effective December 27, 1938:

Franklin Street, Charlestown.
From High street to Main street.

REVISION OF ASSESSMENTS.

The Mayor has approved the following order of the Board of Street Commissioners:

In the matter of the application for revision of assessment levied on account of the construction of sewerage works the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application,

Ordered, That the amount hereinafter specified, being the annual apportionment of said assessment for the year specified below, be, and the same is hereby, abated.

Canning E. and Grace G. Marden,
Clifford street, Hyde Park, lot 3, 1937 apportionment, assessed August 26, 1930, 12.40.

STREETS SELECTED FOR UNDERGROUND WIRING.

In keeping with the legal requirements for underground wiring by the City of Boston, which compels the removal and replacing below street surface of four miles of overhead wiring, the Fire Commissioner, Arthur E. Reilly, has announced the following list of streets as having been selected for the work:

PROPOSED 1939 UNDERGROUND DISTRICT.	Feet.
Washington street, Brighton, from Tremont street to the Newton line.....	1,725
Alveston street, West Roxbury, from Greenough avenue to Roanoke avenue.....	490
Roanoke avenue, Jamaica Plain, from Alveston street to Revere street.....	570
Revere street, Jamaica Plain, from Alveston street to Elm street.....	600

Beech street, West Roxbury, from Belgrade avenue to Washington street.....	4,340
Maple street, West Roxbury, from Centre street to Weld street.....	2,025
Lake street, Brighton, from Commonwealth avenue to Washington street.....	3,660
Greenough avenue, Jamaica Plain, from Centre street to Elm street.....	1,100
Washington street, from West Roxbury Parkway to Poplar street.....	5,000
Gen. William H. Devine Way, South Boston, from Dorchester avenue to Old Colony Boulevard.....	1,200
Gallivan Boulevard, Dorchester, from Hallet street to 617 feet northwest-erly.....	617

PROCEEDINGS OF CITY COUNCIL.

Monday, December 19, 1938.

Regular meeting of the City Council in Faneuil Hall at 1 p. m., President KERRIGAN in the chair and all the members present.

QUALIFICATION OF COUNCILOR LANGAN.

Notice was received from the Board of Election Commissioners that at special city election held December 6, 1938, in Ward 19, for one member of the City Council to fill unexpired term, James M. Langan of 10 Rockview street was duly elected.

The following was also received:

City of Boston,

Office of the Mayor, December 15, 1938.
To the City Council.

Gentlemen,—You are hereby notified that James M. Langan, having been duly elected to be a member of the City Council from Ward 19, to fill a vacancy, this day appeared and took the prescribed oaths of office as such member.

Before me,

MAURICE J. TOBIN, Mayor.

President KERRIGAN—The Chair, speaking for all the members of the Council, hopes for the new member a very successful and happy year.

The communications were placed on file.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:
Weighers of Coal: H. Bloom, 27 Bradshaw street, Dorchester, Mass.; Primo Barile, 24 Dewey street, Roxbury, Mass.; William N. Burns, 23 Gloucester street, Arlington, Mass.; Walter T. J. Keddy, 24 Rich street, Mattapan, Mass.; Robert Perkins, 55 Concord street, Gloucester, Mass.
Weigher of Coal and Coke: Fred Holway, 10 Milton street, Arlington, Mass.
Severally laid over a week under the law.

ARC LIGHT, WARD 15.

The following was received:

City of Boston,

Office of the Mayor, December 19, 1938.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your

order of November 21, 1938, concerning the installation of an arc light in front of 79 Norton street, Ward 15.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
December 15, 1938.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I have received copy of the following order that was passed in the City Council on November 21:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an arc light in front of 79 Norton street, Ward 15."

We are unable, due to the lack of funds, to comply with the provisions of this order at this time. I should be glad to consider this matter in 1939, in the event that the necessary funds are available.

I recommend that this order be disapproved.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

PARKING, GREEN STREET, WARD 11.

The following was received:

City of Boston,

Office of the Mayor, December 19, 1938.
To the City Council.

Gentlemen,—I transmit herewith letter from the chairman of the Boston Traffic Commission relative to your order of October 31, 1938, concerning the prohibiting of parking in the right-hand side of Green street, Ward 11, from Washington street to Centre street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,

Traffic Commission, December 10, 1938.
Hon. Maurice J. Tobin,

Mayor of Boston.
Dear Mr. Mayor,—Further answering Council order dated October 31, 1938, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to prohibit parking in the right-hand side of Green street, Ward 11, from Washington street to Centre street, in order to eliminate the present danger to pedestrians and motorists,"

at a meeting of this commission held on December 8, 1938, it was voted to prohibit parking in the

north side of Green street, Ward 11, from Washington street to Centre street, effective December 26, 1938.

Respectfully yours,
WILLIAM P. HICKEY,
Commissioner.

Placed on file.

SURVEY OF LIGHTING CONDITIONS, WARD 15.

The following was received:

City of Boston,

Office of the Mayor, December 19, 1938.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of October 31, 1938, concerning the making of a survey of lighting conditions on Percival and Fox streets, Ward 15.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
December 15, 1938.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I have received copy of the following order that was passed in the City Council on October 31:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to make a survey of lighting conditions on Percival and Fox streets, Ward 15, with a view of remedying present hazardous conditions."

Due to the lack of funds for lighting purposes in the present budget, I am unable to comply with the provisions of this order. I should be glad to consider it at a later date.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

OPEN-AIR PARKING SPACE PERMITS.

The following was received:

City of Boston,

Office of the Mayor, December 19, 1938.
To the City Council.

Gentlemen,—I transmit herewith letter from the Board of Street Commissioners relative to your order of November 28, 1938, concerning each outstanding open-air parking space permit or license, as of November 30, 1938, in the City of Boston.

Respectfully,
MAURICE J. TOBIN, Mayor.

PREFERENCE TO BOSTON CITIZENS IN HOUSING CONTRACTS.

The following was received:

City of Boston,
Office of the Mayor, December 19, 1938.
To the City Council.

Gentlemen,—I transmit herewith letter from the Executive Director and Secretary of the Boston Housing Authority relative to your order of November 28, 1938, concerning the policy of giving preference to Boston citizens in the awarding of architectural and building contracts.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston Housing Authority,
December 16, 1938.

William T. Doyle, Esq.,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—The Boston Housing Authority has received your memorandum dated November 28, 1938, transmitting forthwith an order of the City Council passed on November 21, 1938, relative to "the policy of giving preference to Boston citizens in the awarding of architectural and building contracts in connection with the new housing projects and also in the matter of the employment in connection with the razing of old structures and the erection of the new housing units."

At a meeting of the Boston Housing Authority held on December 13, 1938, it was voted to give consideration to the foregoing request.

Very truly yours,

FRANCIS X. LANE,
Executive Director and Secretary.

Placed on file.

RESURFACING OF NORWAY STREET.

The following was received:

City of Boston,
Office of the Mayor, December 19, 1938.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to resurfacing with smooth pavement Norway street, between Huntington avenue and Falmouth street, Ward 4, as a W. P. A. project.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
December 9, 1938.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I have received notice of the following order that was passed in the City Council on November 21:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth pavement Norway street, between Huntington avenue and Falmouth street, Ward 4, as a W. P. A. project."

This section of Norway street was formerly a public way, but at the present time is a private street, and therefore it is not within the jurisdiction of the Public Works Department to resurface it.

I recommend that the matter of reaccepting this street be referred to the Board of Street Commissioners for consideration.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

BASKETBALL IN SCHOOL SPORTS PROGRAM.

The following was received:

City of Boston,
Office of the Mayor, December 19, 1938.
To the City Council.

Gentlemen,—I transmit herewith letter from the Secretary of the School Committee of the City

of Boston relative to your order of November 21, 1938, concerning the including of basketball in the High School Sports Program for the coming year and including any expense attached thereto in the 1939 budget.

Respectfully,
MAURICE J. TOBIN, Mayor.

The School Committee,
December 8, 1938.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—At a conference of the School Committee, held on Monday, December 5, the Committee received the order passed by the City Council November 21, 1938, as follows:

"Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to include basketball in the High School Sports Program for the coming year and include any expense attached thereto in the 1939 budget."

The School Committee would respectfully call the attention of the Council to its communication to your Honor of October 29, in response to a similar order passed by the Council on August 15, 1938, copy of which communication is inclosed.

There appeared to the Committee to be nothing to add to its previous letter on the subject, and the order of the City Council was therefore placed on file.

Respectfully yours,
ELLEN M. CRONIN, Secretary.

October 29, 1938.

Hon. Maurice J. Tobin,
Mayor of Boston.

My dear Sir,—At a meeting of the City Council on August 15, the Council passed an order requesting the School Committee to include basketball in the winter program of sports of the Boston public schools.

The School Committee has had under consideration for some little time question as to the possibility of extending the athletic program in the high schools, and now has agreed to make provision for ice hockey within very definite limitations.

The accommodations for the games will be provided without expense to the city, and in that way this sport is made possible at this time. The Committee is satisfied that it will not be possible to make provision for basketball instruction in the schools because the available facilities will not permit and the physical education appropriation is such that the additional expense involved, even were accommodations available, could not be met.

The School Committee has agreed, therefore, that at the present time it will not be possible to include basketball in the high school athletic program.

Very truly yours,
ELLEN M. CRONIN, Secretary.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Philip J. Aronson, for compensation for injuries caused by city car.

Coca-Cola Bottling Company, for compensation for damage to truck by city truck.

Raymond DeCristoforo, for compensation for damage to car by city truck.

Annie Gordon, for compensation for injuries caused by an alleged defect at 30 and 32 Vesta road.

Mary I. Murphy, for compensation for injuries caused by an alleged defect at Belgrade avenue and Corinth street.

Henry P. Pillion, for compensation for injuries caused by an alleged defect at 525 Boylston street.

Estate of Isabelle H. Robinsor, for compensation for damage to property at 1433 Dorchester avenue, caused by bullet fired by police officer.

Fred Santini, for compensation for damage to car by city team.

Committee on Ordinances.

Petition of estate of Mary C. Jackson, for driveway opening at Dunlap street.

Committee on Jitney Licenses.

Petition of American Air Lines, Inc., for license to operate motor vehicles between Hotel Statler in Boston and Boston Airport over Arlington street, Providence street, Columbus avenue, Church street, Stuart street, Kneeland street, Atlantic avenue, Federal street, Milk street, Congress street, Exchange street, Dock square, North street, Cross street, Sumner Tunnel, Porter street, Cottage street, Maverick street, Airport; returning via route just described, or over Maverick street, Cottage street, Porter street, Sumner Tunnel, Cross street, Haymarket square, Canal street, Haymarket square, Canal street, Causeway street, Nashua street, Charles street, Columbus avenue, Arlington street to Statler Hotel; such operation to be confined solely to the carrying of airline passengers to and from the Boston Airport.

REQUEST TO ASSESSORS TO APPEAR.

Coun. TAYLOR offered the following:
Ordered, That the Board of Assessors appear before the Executive Committee of the City Council to advise them of conditions existing in the Assessing Department which is costing the City of Boston many thousands of dollars each year.

Coun. TAYLOR—Mr. President, I have been informed that the Board of Assessors has decided to grant abatements, but to force all property owners to appeal their cases to the Board of Tax Appeals. I wish to call to the attention of the Council that the actions of the Board of Assessors are costing the City of Boston thousands of dollars every year, due to the fact that they refuse to properly settle claims for abatements. Consequently, people who are overassessed and who desire a settlement of their taxes, are forced to appeal to the Board of Tax Appeals, and records will prove that from 80 per cent to 90 per cent of the decisions of the Board of Tax Appeals are rendered in favor of the property owners. Not only that, but records will show that where a property owner has been willing to settle at a certain figure, the Board of Tax Appeals in most cases will abate the tax to a much greater extent than that for which the property owner was willing to settle originally, which means that the City of Boston loses every year, because of the Board of Assessors' unwillingness to settle, many thousands of dollars. I refer to one particular instance of which I have some knowledge—the Sears Building, which was assessed for \$1,300,000, where the property owners were willing to settle on the basis of \$1,100,000. The Board of Assessors refused to settle, and it was tried before the Board of Tax Appeals, and the Board of Tax Appeals abated the taxes to \$900,000, for a period of four years. Consequently, the City of Boston lost taxes on the difference between \$1,100,000, the figure for which they were willing to settle, and \$900,000, which was granted by the Board of Tax Appeals, which amounted to \$200,000 for each year for a period of four years, or a total of \$800,000, or a loss in taxes to the City of Boston of over \$30,000. When I voted to increase the Board of Assessors from three members to five members, I had in mind that perhaps the Board of Assessors were overworked, and that it would be necessary for members to appear before the Board of Tax Appeals to testify to the value of the property. I have since learned that none of the members of the Board of Assessors appears before the Board of Tax Appeals, except in rare instances when Mr. Kelly, chairman of the Board, appears to testify. The deputies defend in the smaller cases, but the City of Boston must expend thousands of dollars each year to hire experts to testify for them in the larger cases. It is my frank opinion that the

deputy assessors are the ones who know the real value of the property in the City of Boston. I am informed that on many occasions the deputies recommend settlement, but the Board of Assessors does not accept these recommendations, and the property owners then appeal to the Board of Tax Appeals, and are given an abatement much greater than the settlement recommended by the deputies. I have also been informed that on the other hand the same deputies, who really know the value of the property, have refused to recommend settlements, and have so stated to the Board of Assessors, but the Board of Assessors have overruled their rejections, and given settlements on property which would probably not be upheld by the Board of Tax Appeals. I do not understand why after an abatement is given one year, the following year the valuation of the previous year, which had been abated, is again placed on the property, although there is no reason for it, as the property deteriorates each year, becoming older, and the income lessening, causing the taxpayers of the City of Boston again to bring proceedings, which will again end up in the Board of Tax Appeals. I am sorry to say that there have been too many cases where the city has made settlements and then backed out of them at the last minute, causing a great deal of inconvenience to the property owners, who eventually get more than the settlement. There is no question in my mind that such conditions existing in the Assessing Department are restricting the sales of property in Boston. It is retarding the progress of property. People will not buy property which they intend to repair and develop because of the unwarranted taxes on a great many parcels. Tax sales are going to begin very soon, and there are a great many widow and clause cases which have not been taken care of. I believe we, as the Board of Directors of the City of Boston, are entitled to have an explanation from the Board of Assessors why these conditions exist, and why they shouldn't be remedied.

The order was passed under suspension of the rule.

WIDENING OF STRANDWAY.

President KERRIGAN offered the following: Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to widen the road from the Strandway at Columbia road to Newman street, in order to facilitate the movement of traffic in this most congested section. Passed under suspension of the rule.

REGESS.

The Council voted at 1.35 p. m., on motion of Coun. WILSON, to take a recess subject to the call of the Chair. The members reassembled and were called to order by President KERRIGAN at 3.09 p. m.

OPINION OF CORPORATION COUNSEL RE WHELTON CLAIM.

The following was received:

City of Boston,
Law Department, December 19, 1938.
To the Honorable the City Council.
Gentlemen,—You have requested to be advised concerning the legality of the Whelton claim, so called, and concerning the city's possible liability on other claims for reimbursement of bond premiums by other deputy sheriffs.

The Whelton claim referred to is a claim filed by one Daniel A. Whelton for reimbursement by the City of Boston for the amount of premiums paid by him on certain bonds supplied by him as a special sheriff for Suffolk County. Mr. Whelton claims that the premiums paid by him for such bonds should be paid as an expense of the County of Suffolk because of the provisions of section 43A of chapter 35 of the General Laws, which provides as follows:

"Every officer or employee of a county required to furnish a fidelity bond with a surety or sureties shall furnish a bond with a surety company authorized to transact business in the Commonwealth, as surety. The premium on such bond shall, in every case, except in the case of the treasurer of Suffolk or Nantucket county be paid by the county."

Section 4 of chapter 37 of the General Laws provides, in part, as follows:

"He (the sheriff elected in each county) shall appoint a special sheriff who shall be sworn and shall give such bond to the sheriff as he may require for the faithful discharge of his duties."

I understand that said Daniel A. Whelton was appointed a special sheriff for Suffolk County prior to August 26, 1924, the effective date of section 43A of chapter 35, referred to above, and has continued and is at present occupying said office.

I am of the opinion that a special sheriff appointed under the provisions of section 4 of chapter 37, referred to above, is "an officer or employee of a county required to furnish a fidelity bond" within the meaning of section 43A of chapter 35 of the General Laws and that, as such, the premium on his bond should be paid by the county in which he acts.

In view of the foregoing, it is my opinion that the City of Boston, acting in behalf of the County

of Suffolk, may properly reimburse said Daniel A. Whelton for premiums paid by him on bonds supplied by him as a special sheriff for Suffolk County, provided, however, that in this instance due consideration should be given to the effect of the Statute of Limitations, which statute would be a bar in any action in contract to the recovery of any premiums paid out prior to six years from the date of the commencement of said action. Therefore, I am of the opinion that consideration should be given only to those premiums paid during the last six years.

You have asked to be advised concerning the city's possible liability on other claims for reimbursement of bond premiums by other deputy sheriffs.

Section 3 of chapter 37 of the General Laws provides as follows:

"A sheriff may appoint deputies who shall be sworn before performing any official act."

I am aware of no provision of law which requires that deputies so appointed shall furnish bonds for the faithful performance of their duties. In view of this, deputy sheriffs do not come within the provisions of section 43A of chapter 35, referred to above, and the respective counties in which they act are, in my opinion, not required to pay the premiums on their bonds.

I respectfully direct your attention to sections 29 to 31, inclusive, of chapter 221 of the General Laws (Ter. Ed.) relating to deputy sheriffs serving as court officers and more particularly with reference to section 77 of said chapter, which is as follows:

"Premiums on bonds of court officers and deputy sheriffs in attendance on the supreme judicial or superior court in Suffolk county and on the courts in Worcester county shall be paid by their respective counties."

Therefore, in the case of deputy sheriffs in attendance on the Supreme Judicial or Superior Court in Suffolk County bond premiums are required to be paid by Suffolk County. I am informed that in all such cases said bond premiums are now being paid by Suffolk County.

Very truly yours,

HENRY PARKMAN, JR.,
Corporation Counsel.

Placed on file.

SALE OF LAND TO EMMA D. JENKINS.

President KERRIGAN called up, under unnecessary business, No. 2 on the calendar, viz.:

2. Whereas, The Board of Street Commissioners of the City of Boston by a resolve and order approved by the Mayor of Boston December 2, 1930, and recorded December 6, 1930, with Suffolk Deeds, Book 5230, page 581, took for playground and public golf course purposes a certain parcel of land situated in those parts of Boston called, respectively, Hyde Park and West Roxbury, as is more fully described in said resolve and order; and

Whereas, A certain portion of said golf course, approximately 111 feet long and five feet wide, running from West street in a westerly direction along the southerly side of lot No. 952, the said lot No. 952 being shown on a plan entitled "Part Three A of Grew Park, Hyde Park, Boston," developed by Bonelli-Adams Company and dated September 23, 1926, is no longer needed for public purposes; and

Whereas, Emma D. Jenkins, the owner of said lot No. 952, desires to purchase the said parcel of land, five feet wide and 111 feet long; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized, in the name and behalf of the City of Boston, to convey all its right, title and interest in said parcel of land mentioned above as five feet wide and 111 feet long to the said Emma D. Jenkins by a written instrument, satisfactory in form to the Law Department of the City of Boston, upon the payment to the said City of Boston by the said Emma D. Jenkins of fifty dollars.

On December 5, 1938, the foregoing order was read once and passed, yeas 19, nays 0.

The order was given its second and final reading and passage, yeas 19, nays 0.

EXECUTIVE COMMITTEE REPORTS.

Coun. WILSON, for the Executive Committee, submitted the following:

1. Report on resolve (referred December 12) requesting national and state W. P. A. authorities to rescind orders for curtailment of W. P. A. work—that same ought to pass.

Report accepted; said resolve passed.

RECERTIFICATION OF W. P. A. CASES.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Public Welfare Department to promptly investigate for recertification such W. P. A. cases as may have been temporarily in private employment but again require W. P. A. assignment.

Coun. WILSON—Mr. President, this is a replica of an order offered a week ago, which was referred to the Executive Committee; but, there

being such a situation existing at the present time, I would like to have this order also passed. I have in mind that W. P. A. cases which temporarily drop off and take up private employment are allowed a six-months' period to return after which they are apparently barred, the worker temporarily losing his right of W. P. A. employment until there is an investigation and recertification. Most of us know by experience that the Welfare Department merely takes these cases in its stride, going along until it reaches the particular man who may have been for a while in temporary private employment, and that in the meantime, while the man is waiting for W. P. A. assignment, he is out in the cold. I believe the Public Welfare Department of Boston in cases where men have been on W. P. A. and then obtained temporarily private employment, should put them right back at the head of the list for reassignment to W. P. A. Where they have been perfectly honest and frank in the matter, and have temporarily taken private employment, thus helping out the Government and reducing for the time being its expense in connection with them, that frankness and honesty should be considered in their favor. That is simply repeating what I said a week ago, that I believe the man on W. P. A. work who takes on temporary private employment, thus helping the taxpayers and the general public, should be given every possible consideration when the private employment is over and should be promptly certified for reassignment to W. P. A.

The order was passed under suspension of the rule.

PREFERENCE FOR TENANCY IN HOUSING PROJECTS.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be requested to take up with the Boston Housing Authority and the Public Welfare Department the possibility of preference being given Old Age Assistance and Mothers' Aid cases for tenancy in housing projects in Boston, applying to the rental in such cases the proportionate amounts now allowed such cases by the Welfare Department for rent, light and heat.

Coun. WILSON—Mr. President, this is not the same order that was passed last week at the request of Councilor Norton, but it is along the same line. We are all, of course, familiar with the proposed original idea of slum clearance and central housing, and we all heard the original sales talk that went with the slum clearance and housing projects. We were given to believe that the original idea was to favor those who were housed in slums and living under sub-standard conditions. As I say, that seemed to be the original idea, but up to the present time it has not been carried out. There appears now, however, to be an awakening of that original idea, which I am glad to see, and which I hope will be carried out as we have further slum clearance and housing projects in Boston. That is, I trust that not only will they clear out the slums but that they will help those who are obliged to get out of the slums to enjoy these proposed better housing conditions, so that something may be done in the way of providing homes for the really poor. Councilor Norton's order suggested that the city provide \$150,000 from Welfare money towards the expense of housing such inmates in the Old Harbor project and other housing projects. What I have in mind—and not for the first time this week or last week, but for months—is that if these housing projects are to be constructed we should not only clear the slums, but should actually provide lower cost and better housing for the poor. There are people, myself among them, who believe that if these projects are to be built, some consideration should be given to providing homes in them for some of the fifty thousand poorest families in Boston, for some who are on W. P. A., who are being given old age assistance and mothers' aid. I know and you know, Mr. President, we all know, what is provided in the average welfare, old age assistance and mothers' aid cases; that some of the assistance is in the way of rent, some, of course, in the way of food and clothing; and I believe if these projects are to be constructive, some consideration should be given to their use by such people as we originally supposed they were intended for. I believe, in other words, that old age assistance, mothers' aid and welfare cases, should be given the benefit of these low-price housing projects, as far as is possible, and that welfare money which is used for rent, heat, light and food, might well be partially applied through the City of Boston for the help in this way of those on such lists. That is the reason why I advocate the passage of such an order at this time.

The order was passed under suspension of the rule.

COMMENDATION OF POLICE DEPARTMENT.

Coun. CHASE offered the following:

Whereas, The organization of the Junior Police League in every police district throughout Boston has done much to bring a large number of our children in closer contact with members of our police force; and

Whereas, Under the splendid leadership of Police Commissioner Joseph F. Timilty, the cap-

tains of the various Police Divisions, with the whole-hearted cooperation of the police officers of each division, are holding Christmas parties for the needy children of every section of Boston; and

Whereas, The result of these contacts has replaced fear on the part of the children with respect and love for the police officer; therefore be it

Resolved, That the City Council of Boston, in meeting assembled, hereby highly commends Police Commissioner Joseph F. Timilty, the various division commanders and the members of the police force for the excellent work which they are doing to instill friendship, love and respect in the hearts of the future citizens of our city and which is bound to result in a marked reduction in juvenile crime in Boston; and be it further

Resolved, That a copy of this resolution be forwarded to Commissioner Joseph F. Timilty of the Boston Police Department.

Coun. CHASE—Mr. President, I am sure that if a member of the Boston Police Department did some act which was morally wrong and not within the regular functions of the department, the public would be sure to hear about it and offer severe criticism. Police Commissioner Joseph F. Timilty has sponsored the idea of having the various police stations furnish a Christmas party for the children in each particular district. Last year, I personally visited many of the station houses during the time that these Christmas parties were given, and I was very much impressed with them. I am of the opinion that this idea will cause the children of Boston to respect policemen and consider them as their friends. The children of Boston will learn to regard the man in blue uniform and brass buttons as the new Santa Claus and, as we all know, no one dislikes a Santa Claus. Unquestionably, these parties will tend to build the children of Boston into law-abiding citizens. The Boston Police Department is also sponsoring another measure which merits praise. The Junior Police League is an excellent idea, because it teaches its child members a higher regard for the law. I know that the members of this body will agree with me when I say that the Boston Police Department deserves high praise for this work, which does not come within the regular functions of the Police Department.

The resolution was passed under suspension of the rule.

PAYMENT TO DANIEL A. WHELTON.

Coun. FITZGERALD called up, under unfinished business, No. 1 on the calendar, viz.:

1. Ordered, That the sum of twelve hundred and forty dollars be allowed and paid to Daniel A. Whelton in reimbursement for amount of premiums paid by him on his bond as Special Sheriff of Suffolk County; said sum to be charged to the Contingent Fund.

The question came on the passage of the order.

Coun. HUTCHINSON—Mr. President, I move that the amount named in the order be amended to read \$600.

The question came on the amendment.

Coun. HUTCHINSON—Mr. President, I believe that no lawyer should advise the passage of an order which is contrary to the statute of limitations. I am a lawyer, and chairman of the Committee on Claims, and I feel that we should recognize the bar to this order under the statute of limitations and also the fact that the Law Department has given today an opinion that "in this instance due consideration should be given to the effect of the statute of limitations, which statute would be a bar in any action in contract to the recovery of any premiums paid out prior to six years from the date of the commencement of said action. Therefore, I am of the opinion that consideration should be given only to those premiums paid during the last six years." So, I feel that we should vote for the amendment I have proposed.

Coun. MURRAY—Mr. President, I claim that the Council has a right to take advantage of the law that was passed which permitted this payment to be made. As far as the statute of limitations is concerned, you do not have to set that up. It is something that you plead specially in a case in court. It is something that, when you are opposed to a certain claim, you take advantage of. But I have never known the City of Boston, since I have been a member of the body, to take advantage of somebody under such a statute. The City of Boston does not intend to take advantage of anybody, but to do the duty that it owes to any official or any person. It is entitled, of course, to take advantage of the statute, if it does not wish to pay what we must all consider a just claim, if it does not wish to give a man his just dues. But the statute of limitations in a case of this kind is not something that the City of Boston would wish to take advantage of in a special plea unless it wished to duck something. Of course, if you want to duck the payment of this just amount, you can do it, but I don't believe that is the spirit of the members who sit here.

Coun. SHATTUCK—Mr. President, I believe the position taken by Councilor Hutchinson is well taken and in entire accord with the opinion of the Corporation Counsel, who says:

"Therefore, I am of the opinion that consideration should be given only to those premiums paid during the last six years."

In other words, he would allow for six years, and no more. This statute of limitations applies in a great many transactions of the City of Boston, in connection with claims, land matters, tax title

matters, and many other things. A person comes in after the period for redeeming a tax title has elapsed and is told that he is too late, and in other cases where he attempts to have some action after six years have expired, he is told that it is too late. The purpose of the statute on limitations is to set a definite period so that a person cannot go back indefinitely in history after having slept on his rights. I shall vote for Councilor Hutchinson's amendment.

Coun. FITZGERALD—Mr. President, Councilor Murray of South Boston properly states the case. I believe the members of the City Council believe that the city owes this money to this man and has an obligation to pay it. The question that we have to consider here is, in my opinion, entirely different from the case of a tax title. It arises under a statute passed by the Legislature in 1924. There has been a lot of talk about fees in the sheriff's office, but I remember some years ago an interesting contest for sheriff in this city between two men—the late James Donovan and Fred Seavey, the Sheriff of Suffolk County at that time. Mr. Fennessey produced the books and showed that the fees at that time were \$3,500. It is also a well-known fact that the late sheriff of the county died a poor man, leaving his wife perhaps \$10,000 life insurance. There is a lot of bunk about this question of fees in the sheriff's office. That source of revenue is no Klondyke. Any man who has been familiar with politics for the past forty years knows the reputation of the men in that office. Of course, in the sheriff's office as in other departments of the city and county, men come and men go. I saw a former Mayor of this city recently awaiting his turn in the assessors' office, not inside the rail, but outside, a man who reigned supreme for four years. A lot of thoughts came into my mind. He had had the honor of appointing one of the members of that board, and when he became mayor the salaries of some of those men were raised. But as I saw him there, he was just one of the throng that passed by. Nobody knows when his turn will be over, and what he will be doing tomorrow. There is a moral obligation here to Mr. Whelton, yes, and it ought to be paid. No words of mine can leave any greater impression than the words spoken by the gentleman from Ward 6 (Coun. Murray). Is the City of Boston going to set up the statute of limitations to prevent a just payment to this man, a payment granted under statute by the Legislature? I do not believe the City of Boston is going to evade an honest obligation under any such pretext, simply because it is legally allowed to set up this technical bar to payment.

Coun. TAYLOR—Mr. President, I like to be consistent in these matters. Only a few weeks ago a claim was put in here before the Claims Committee to reimburse a policeman for a judgment against him by somebody who received a lot of injuries at the hands of the officer in the course of his duty. At that time we all knew that the only way that that injured individual could receive the money was from the City of Boston, because most policemen have no money to spare. There was no recourse for the individual except for the city to reimburse the officer for the judgment against him for an injury he caused in the scope of his employment. At that time the councilor from Ward 3 (Coun. Fitzgerald) voted against that, because he didn't want that man to receive the money. We now have a different situation. We have the councilor now coming in and asking the City of Boston to reimburse this man who is a member of his club for money that he claims to have paid out. I have no objection to making a just payment of money to any man. But the law in this case sets up a bar. There is a limit to the time when a claim of this sort against the city is good. How long is the City of Boston going to continue to allow payment in such cases? If it is allowed, there are plenty of petitions that will be brought, and we will not have money enough in the treasury of the City of Boston to pay all the money for which we may say that the city is morally responsible. Why should we make fish of one and flesh of another, favoring an individual who happens to hold a responsible position in the county? I say that the City of Boston should be governed by statute law and that we should recognize the statutes. I do not wish to take money away from any man, but we must be governed as representatives of the citizens of Boston by the law. Therefore, I favor Councilor Hutchinson's amendment, that the amount allowed be \$600.

Coun. CHASE—Mr. President, apparently some members of the Council overlook the fact that all the people of this city, all the taxpayers, the people who support our municipal government, are subject to the same law. If any taxpayer does not make his claim within a certain time, he is up against the statute of limitations, and I cannot see why an officer of the county or the city should not be subject to the same law as any taxpayer. After all, we are not passing out our own money, but the taxpayers' money, and in view of the financial situation of the City of Boston I think we ought to give a lot of consideration to a matter like this before we pass it.

Coun. FITZGERALD—Mr. President, I am not inclined to take up the time of the Council, but I would like to add just one word. The councilor from Ward 12 (Coun. Taylor) has referred to the fact that several weeks ago I opposed an order to reimburse a police officer who had injured a citizen and who had had a

judgment against him in court, for which he wished to be reimbursed. The officer in that case, because he had a badge of authority, clubbed a citizen and injured him severely. If we were to encourage that sort of thing, there would be nothing to prevent irresponsible officers clubbing men almost to death, and there would be no redress. That was an entirely different proposition, and I have no apology for my vote on that occasion. The court in that case found that the officer was at fault, rendered a judgment against him, and the officer then came in here and asked to be reimbursed. In the past, the Council was not accustomed to vote to reimburse these officers under such circumstances, but, of course, times have changed. The gentleman himself, I, or any other member, might have suffered from the attack of such an officer and have been sent to the hospital, possibly almost losing his mind and being nearly killed as the result of the beating. This, however, is an entirely different thing. This man was entitled to this reimbursement under the law passed by the Legislature in 1924. If he had collected the money sooner, as deputy sheriff, no question would have been raised. The fact that he did not do so does not do away with the obligation of the city to reimburse him. Just because some people have got an exaggerated idea of the amount of the fees that the sheriff and deputies receive, thinking that it is as I have said, a Klondyke, there seems to be a feeling on the part of some of the members against reimbursing this man. I have always pointed out the fact that these fees are not a source of large financial return to the men in that office. I simply believe that Mr. Whelton should be given a fair deal. There is no question as to the justice of his claim. There is no doubt that the money properly belongs to him. If there have been situations in the past where reimbursement money has been properly given, that is certainly not this case. I trust that the members of the Council will have an open mind and will give to this gentleman the money he justly deserves.

Coun. CAREY—Mr. President, we have here the opinion of the Corporation Counsel. However, this matter came before us only one week ago, and it is possible that the Corporation Counsel did not have the time to go into complete detail on the rights involved in this case. We do not want to establish an unjust precedent. I feel, therefore, that we should table the matter until possibly the Corporation Counsel has had a chance to consider it at greater length. I would move, therefore, that the matter lie on the table.

Coun. Carey's motion to lay on the table was lost.

Coun. MURRAY—Mr. President, if I may, I would like to just add this thought, that I feel that if the deputy sheriff saw fit to bring his case to court he would win. The statutes provides for full payment, not simply for the \$600 which would cover the past six years. Payment to him was authorized by the statute of the Commonwealth, and the fact that he did not collect earlier does not affect the justice of his claim. In passing the order for the full amount here you are not giving him anything, I believe, that he could not get in court. I have no question about it. It would be a cinch case for any lawyer to try. The City of Boston has here a moral obligation. The question is simply whether we should refuse to pay by setting up as a bar the statute of limitations. That is simply a statute which permits people who do not want to pay to set up that bar against a moral obligation. The amount is justly due this man. It simply recompenses him for what he has paid out of his own pocket, and the City of Boston certainly should not try to evade its obligations because of that statute of limitations.

Coun. TAYLOR—Mr. President, I, too, would like to add just a word. When we are told that the city is morally responsible, I would like to call the attention of the Council to a certain case that was decided by the Supreme Court, Hetty Green against the City of Boston. That was a case where Mrs. Green was taxed for years for property that she did not own. Although not owning the property she paid the tax year in and year out. Finally, she found out that she had been paying taxes on property she had never owned, and she tried to get redress. As you know, in order to get an abatement or a return of taxes you have to apply within a certain time. But during the time when she had been paying she was under the impression that she did perhaps own the land and therefore did not file an application for abatement. The Supreme Court said she had no redress, that she did not file an application for abatement, and she would have to abide by the law. So she was unable to get her money back. Certainly, in that case Mrs. Green was morally entitled to a return of the money she had paid in taxes on that property, but she was unable to get it back.

Coun. WILSON—You consider that two wrongs make a right?

Coun. TAYLOR—No, I do not consider that two wrongs make a right, but I do say that nobody could have a greater moral right to a return of money that had been paid out in that way, and still the law said that she could not get it. Certainly, the moral obligation in that case was greater than it is here.

Coun. SHATTUCK—Mr. President, I wonder if the owners of the tea that was dumped into

Boston Harbor in pre-Revolutionary times might not recover for it. (Laughter.) It is true that it would be barred by the statute of limitations, but the fact is that it was their tea, and it was dumped overboard. Why shouldn't we pay for it now?

Coun. CHASE—Mr. President, we have a statute which enables a man who is injured because of a defect in the highway to bring action within a certain period, whether one or two years. If he does not bring his action within that period he is outlawed. Nevertheless, if he falls and is badly injured he is entitled to a remedy provided he brings his claim in a certain period. After that time he is not entitled to a remedy. Now, this statute of limitations applies to everyone, and I cannot see why this official should be considered as beyond the law. Let us bear in mind that we should consider the taxpayer in connection with this proposition. You are handling the taxpayer's money, not our money. Think of the widows who are forced to pay taxes on their property. They are subject to the law. Let us clearly bear in mind that it is the taxpayers' money, not ours.

Coun. Hutchinson's amendment, to reduce the amount to \$600 was rejected, yeas 6, nays 11:

Yeas—Coun. Chase, Hutchinson, Lyons, Shattuck, Sullivan, Taylor—6.

Nays—Coun. Carey, Englert, Fish, Fitzgerald, Harris, Irwin, Kerrigan, Murray, Langan, Rosenberg, Wilson—11.

The order was passed yeas 14, nays 4:

Yeas—Coun. Carey, Englert, Fish, Fitzgerald, Galvin, Harris, Irwin, Kerrigan, Langan, Lyons, Murray, Rosenberg, Sullivan, Wilson—14.

Nays—Coun. Chase, Hutchinson, Shattuck, Taylor—4.

RESURFACING OF WARD 10 STREETS.

Coun. CAREY offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface the following streets in Ward 10, under the W. P. A. plan of construction: Wyman street, Wait street, Alleghany street.
Passed under suspension of the rule.

SEWERAGE CONDITIONS, WARD 10.

Coun. CAREY offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to conduct an investigation into sewerage conditions and into any other conditions that might exist and which might be responsible for water seepage into cellars of buildings along the Riverway, Jamaicaaway and South Huntington avenue, in Ward 10.

Coun. CAREY—Mr. President, it has been called to my attention that there has been a constant accumulation of water and moisture in the cellars of buildings along the Riverway, Jamaicaaway and South Huntington avenue, in the neighborhood of Huntington avenue, causing inconvenience and possible danger to health to tenants in the buildings. I think it might be well to have an investigation made by the Public Works Commissioner to determine the cause of this condition, that is, whether or not it might be the result of faulty sewerage in the district, whether from the construction of the Huntington avenue overpass or from whatever cause. I ask, therefore, for favorable consideration and adoption of my order.

The order was passed under suspension of the rule.

THE NEXT MEETING.

The Council voted, on motion of Coun. IRWIN, that when it adjourn it be to meet on Thursday, December 29, 1938, at 2 p. m.

POSITION OF CHIEF CONVEYANCER, STREET LAYING-OUT DEPARTMENT.

Coun. SHATTUCK offered the following:
Ordered, That his Honor the Mayor be requested to inform the City Council concerning the following:
1. For how long was the position of Chief Conveyancer in Street Laying-Out Department vacant?

2. By whom was the work of conveyancing done while the position was vacant, and is the person who did the work still in the department and available for the work.

3. Is the position under the civil service law, and if so why was the position recently filled by non-competitive examination?

4. What experience and training has the new appointee for the position?

Coun. SHATTUCK—Mr. President, I believe that position was vacant for some years, and I wonder why it is necessary to fill it now.

The order was passed under suspension of the rule.

POSITION OF SECRETARY TO BOARD OF ASSESSORS.

Coun. SHATTUCK offered the following:

Ordered, That his Honor the Mayor be requested to inform the City Council concerning the following:

1. The reasons for creating the position of secretary to the Board of Assessors.

2. Whether the position is subject to civil service, and if so why the recent appointee was given the position on a non-competitive examination.

3. Whether, when only recently the membership of the Board has been increased from three to five, it would not have been possible to serve both efficiency and economy by appointing one of the members of the Board to this position.

Passed under suspension of the rule.

SOLDIERS' RELIEF.

Coun. IRWIN, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of December.

Report accepted; said order passed.

FENCE AROUND TABLET, AMERENA PARK.

Coun. IRWIN offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to erect an iron fence around the tablet in Amerena Park, East Boston.

Passed under suspension of the rule.

REPAIR OF PORTER STREET SIDEWALK.

Coun. IRWIN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repair the sidewalk on Porter street, between Chelsea and Orleans street, which is in a very dangerous condition.

Passed under suspension of the rule.

ACCEPTANCE OF BURTON STREET, WARD 22.

Coun. SULLIVAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out the extension of Burton street, Ward 22, as a public highway.

Passed under suspension of the rule.

SIDEWALK CONSTRUCTION, WARD 20.

Coun. LYONS offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Russett road, from Esther road to 460 feet northerly, Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along Esther road, from Groaton road to dead end, Ward 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Severally passed under suspension of the rule.

SURVEY FOR PLAYGROUND, WARD 20.

Coun. LYONS offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to make a survey of the area along the Veterans of Foreign Wars Parkway, between Church and La Grange streets, Ward 20, for the purpose of ascertaining whether or not there is any city-owned land which might be available for playground purposes and, if not, to include in their appropriation for the coming year a sum sufficient to purchase land for said purpose.

Passed under suspension of the rule.

REPORT OF COMMITTEE ON CLAIMS.

Coun. HUTCHINSON, for the Committee on Claims, submitted the following, viz.:

1. Report on petition of John DeCourcy referred November 21, recommending passage of accompanying order, viz.:

Ordered, That the sum of fifteen dollars (\$15) be allowed and paid to John DeCourcy in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Water Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

2. Report on petition of Mortimer J. Coakley (referred December 5), recommending the passage of accompanying order, viz.:

Ordered, That the sum of one hundred and twenty-five dollars (\$125) be allowed and paid to Mortimer J. Coakley in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; order passed.

CASHIER FOR CRESCENT AVENUE ENTRANCE, COLUMBIA STATION.

Coun. HUTCHINSON offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to assign a cashier to the Crescent avenue entrance of Columbia Station to make change for patrons of the rapid transit system.

Passed under suspension of the rule.

RESURFACING OF WARD 13 STREETS.

Coun. HUTCHINSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface the following streets in Ward 13, under the W. P. A. plan of construction: Elton street, Victor street.

Passed under suspension of the rule.

APPROPRIATION FOR INDUSTRIAL FUND, DEER ISLAND.

Coun. HUTCHINSON offered the following:

Ordered, That his Honor the Mayor be requested to submit an appropriation order, in the amount of \$5,000 to the City Council for the Industrial Fund at Deer Island.

Passed under suspension of the rule.

REQUEST TO ASSESSORS TO APPEAR.

Coun. TAYLOR—Mr. President, by unanimous consent I will ask the President to see that the Board of Assessors are instructed to appear at the next regular meeting.

Adjourned at 3.55 p. m., on motion of Coun. WILSON, to meet on Thursday, December 29, 1938, at 2 p. m.

CORRECTION.

In Coun. FITZGERALD's remarks on "Removal of Ashes and Garbage, Ward 12," on page 409 of the Minutes, under date of December 12, 1938, near the top of the first column, the words "welfare recipients" should be stricken out, and the words "regular city employees" substituted, so that the remarks will read:

"Coun. FITZGERALD—Mr. President, I sympathize with the councilor from Ward 12, but I cannot put my vote of approval on the work being taken away from the regular city employees and let out by contract."

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,571; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 29,938; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,519; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.

NOTICE TO CONTRACTORS.

HELP ABSORB THE UNEMPLOYED.

Workers for all branches of industry or business can be secured at the Municipal Employment Bureau, 25 Church street, Boston. Tel. L1Berty 8607-08-09. STEPHEN J. HUGHES, *Director*.

FREE SERVICE TO EMPLOYERS AND APPLICANTS.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SURGICAL AND HYPODERMIC NEEDLES.

The Supply Department of the City of Boston invites proposals for furnishing surgical and hypodermic needles, as required, to the various city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bid, with a certified check for \$100, payable to and to become the property of the City of Boston, if the proposal is not carried out, must be left at the office of the Superintendent of Supplies before 12 m., on Thursday, January 19, 1939, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Jan. 7.) *Superintendent of Supplies.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR INTERFOLDED PAPER TOWELS.

The Supply Department of the City of Boston invites proposals for furnishing interfolded paper towels to the various city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, 1001 City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bid, with a certified check for \$100, payable to and to become the property of the City of Boston, if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., Wednesday, January 18, 1939, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Jan. 7.) *Superintendent of Supplies.*

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ETHER.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, ether as per specifications to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor, prior to the time named for opening bids. The bids will be publicly opened and read Monday, January 16, 1939, at 12 m., at Room 801, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract, as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 31.

SATURDAY, JANUARY 14, 1939.

NO. 2

CITY DEPARTMENTS PUTTING INTO EFFECT CHANGES IN FEES, ETC., AS PROPOSED TO MAYOR BY REVENUE SURVEY COMMITTEE RECENTLY—AMONG THOSE WHICH HAVE SUBMITTED NEW SCHEDULES AND HAVE HAD THEM APPROVED HAVE BEEN THE BUILDING, FIRE, PUBLIC WORKS AND REGISTRY DEPARTMENTS—PLAN EXPECTED TO INCREASE REVENUES TO CITY IN SUBSTANTIAL MANNER.

In keeping with the plans of Mayor Tobin, and as proposed by the Revenue Survey Committee, several of the city departments have instituted changes and increases in the fees for several classes of service rendered to the public. Among the departments that have already put these into effect after their approval by the Mayor are the Building, the Fire, the Public Works and the Registry Departments.

The communications announcing these in each case follow:

BUILDING DEPARTMENT.

BOSTON, December 13, 1938.

HON. MAURICE J. TOBIN, *Mayor of Boston.*

DEAR SIR,—Concerning the changes and revisions in departmental fees requiring action by department head, I catalogue below a schedule indicating the existing fees, title, and proposed fees, all as established by the Revenue Survey Committee, and with your approval, as required in chapter 571 of the Acts of 1910, I will make said proposed fees effective January 1, 1939:

EXISTING FEES.	TITLE.	PROPOSED FEES.
1. \$1.00 per thousand of cost or fraction thereof; minimum fee \$1.00; maximum fee \$1,000.	New construction.	\$2.00 per thousand of cost or fraction thereof; minimum fee \$2.00; maximum fee \$2,000.
2. \$1.00 per thousand of cost or fraction thereof; minimum fee \$1.00; maximum fee \$1,000.	Alterations, additions and repairs of existing buildings.	\$2.00 per thousand of cost or fraction thereof; minimum fee \$2.00; maximum fee \$2,000.
3. \$1.00 per thousand of cost where cost is above one thousand dollars; no fee if cost is under one thousand dollars.	Amendments to plans of Items 1 and 2.	\$2.00 per thousand of cost or fraction thereof; minimum fee \$2.00.
4. \$1.00 per thousand of cost or fraction thereof.	Immediate action permits for minor repairs to building construction.	\$1.00 where cost is one hundred dollars or less; \$2.00 where cost is from one hundred and one dollar to one thousand dollars, inclusive; \$3.00 per thousand or fraction thereof if cost exceeds one thousand dollars.
5. \$5.00 per building.	Original plumbing installations.	\$5.00 per building up to eight fixtures; 50 cents for each additional fixture in excess of eight; maximum fee \$200.
6. \$1.00 per building.	Subsequent plumbing installations, replacements.	\$1.00 per building up to eight fixtures; 50 cents for each additional fixture in excess of eight; maximum fee \$200. 50 cents for transfer of permit to complete work begun by another plumber.
7. \$1.00 per building.	Original gas fitting installations.	\$1.00 where inside service pipe is not in excess of 1 inch; \$2.00 where inside service pipe is from 1½ inches to 2 inches, inclusive; \$4.00 where inside service pipe is from 2½ inches to 4 inches, inclusive; \$5.00 where inside service pipe is over 4 inches.
8. 25 cents per building.*	Subsequent gas fitting installations, replacements, etc., including remodeling of gas piping systems.	Same as for original installations.
9. 25 cents per building.	Replacement of gas appliances and also installations of new appliances not involving change in size of inside service pipes referred to in Items 7 and 8.	25 cents per unit.
10. \$5.00 per building.	Original elevator and escalator installations.	Elevators, \$5.00 for first car and \$3.00 for each additional car. Escalators, \$5.00 per unit.
11. \$1.00 per building.	Elevator and escalators — major alterations, repairs, etc.†	\$1.00 per car or escalator.
12. No charge.	Elevator and escalator, minor repairs.‡	No charge.
13. \$1.00 per building.	Original dumb-waiter installations.	\$1.00 per car; maximum fee \$10.
14. \$1.00 per building.	Dumb-waiter alterations, repairs, etc.	\$1.00 per car; maximum fee \$10.
15. No charge.	Builder's hoist.	\$2.00 per car.
16. No charge.	Annual elevator and escalator inspection.	\$2.00 per elevator or escalator.
17. \$1.00 per building.	Fire escapes, balconies, etc.	\$1.00 per thousand of cost or fraction thereof.
18. \$1.00 per building.	Taking down buildings.	\$2.00 for buildings up to three stories in height; \$10 for buildings four and five stories in height; \$15 for buildings more than five stories in height.
19. \$1.00 per thousand of cost	Signs, projections, marquees, etc.	\$1.00 where cost is one hundred dollars or less; \$2.00 where cost is from one hundred and one dollar to one thousand dollars, inclusive; \$3.00 per thousand or fraction thereof if cost exceeds one thousand dollars.
20. \$1.00 per thousand of cost.	Sprinkler installations and repairs.	\$2.00 per thousand of cost or fraction thereof.
21. No charge.	Access to and inspection of departmental records.	\$1.00 for drawings, records, etc., excluding papers filed in document room, involving dwelling house construction and accessory buildings thereto. \$2.00 for drawings, records, etc., excluding papers filed in document room, involving all other types of construction.

* NOTE.—Size of pipe referred to in Items 7 and 8 is understood to be the inside service pipe size from the utility company's capped gas service, inside the building, to the meter.

† NOTE.—Major alterations and repairs to mean those tabulated in the attached list.

‡ NOTE.—It is understood that minor repairs shall be those other than included in the list of major repairs unless determined to be to the contrary by the Building Commissioner.

(Continued on page 27.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

CITY RECORD.

The City Planning Board until further notice will be located at 18 Oliver street, fourth floor, telephone LAF. 5100.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, January 16, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped

area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 18 Oliver street, fourth floor, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 18 Oliver street, fourth floor, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

Respectfully yours,

JAMES H. MOONEY, *Building Commissioner.*

FIRE DEPARTMENT.

BOSTON, December 24, 1938.

HON. MAURICE J. TOBIN, *Mayor of Boston.*

DEAR SIR,—I wish to submit for your approval a list summarizing the changes and revisions proposed in the schedule of fees over which the Fire Department and Wire Division have supervision, as follows:

Fire Prevention.

EXISTING FEES.	TITLE.	PROPOSED FEES.
25 cents per job.	Fires in the open.	50 cents per job.

Wire Division.

EXISTING FEES.	TITLE.	PROPOSED FEES.
\$5.00.	Motors: 17 H. P. to 25 H. P. 26 H. P. or over.	\$5.00. \$10.00.
\$1.50.	Neon signs.	\$1.50 for first three transformers or less; 50 cents for each additional transformer.
\$1.50.	Generators: Ten kilowatts capacity or less.	\$2.00.
\$1.50 to \$2.00.	Over 10 kilowatt capacity.	\$3.00.
\$1.50.	Low tension transformers: Ten kilowatts or less.	\$2.00.
\$1.50 to \$2.00.	Over ten kilowatts.	\$3.00.
\$0.50.	Duplicate permits.	\$0.75.

Very truly yours,

WM. ARTHUR REILLY, *Fire Commissioner.*

REGISTRY DEPARTMENT.

BOSTON, December 22, 1938.

HON. MAURICE J. TOBIN, *Mayor of Boston.*

DEAR SIR,—Subject to your approval, the following changes and revisions, suggested by the committee appointed by your Honor to consider the subject of department fees, will be made, to become effective January 1, 1939:

EXISTING FEES.	TITLE.	PROPOSED FEES.
50 cents.	Certified copies of births, marriages and deaths.	\$1.00.
No fee.	Abstracts of births, deaths and marriages.	10 cents with discretionary power to Registrar to waive fee.
No fee.	Search of department records.	\$2.00 per hour; 50 cents minimum charge.

These changes should result in increased revenue for the department.

Very truly yours,

JAMES A. BURKE, *City Registrar.*

PUBLIC WORKS DEPARTMENT.

BOSTON, December 21, 1938.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—I respectfully request your approval to establish the following revised schedule of fees, effective January 3, 1939, for permits granted by the Public Works Department:

TITLE.	PROPOSED FEES.
Street openings.	50 cents per 50 feet.
Painting.	\$2.00 per month.
Occupation of sidewalk in connection with the erection and repair of buildings.	10 cents per square foot per month in the city proper extending to the south as far as Massachusetts avenue; 5 cents per square foot per month in all other parts of the city; where occupation of the sidewalk involves only minor repairs, a permit for three days at a cost of \$1.00 will be issued; where work extends beyond three days, the rates for major repairs will be applied on per diem basis with a minimum charge of \$1.00.
Raising and lowering safes.	\$2 00 per job.
Moving buildings in streets.	\$10 per day; minimum fee \$25.
Crossing sidewalk with automobile (residents).	\$5.00 per year.
Crossing sidewalk with automobile (commercial).	\$25 per year.
Advertising with sign on hat or coat.	\$5.00 per month.
Placing tackle and gear for billboards and sign work.	\$100 per year.
Transporting loads exceeding legal limits.	\$10 per vehicle per year. Emergency permits \$2.00 per job.
Cleaning buildings, erecting flat or projecting signs.	\$5.00 per year.
Painting signs and store fronts.	\$2.00 per job.
Cleaning windows by contract.	\$25 per year
Decorating buildings.	\$5.00 per permit.
Mooring hand-propelled boats	\$1.00 per month.
Mooring boats under 25 feet	\$5.00 per month.
Mooring boats under 35 feet.	\$6.00 per month ¹
Mooring boats under 45 feet.	\$10 per month.
Mooring boats under 55 feet.	\$15 per month.
Mooring boats under 65 feet.	\$20 per month.
Mooring boats over 65 feet.	50 cents for each additional foot over 65 feet per month.

This revised schedule was recommended by the committee appointed by your Honor to study the existing fees, and the revised rates, as submitted, meet with my approval.

Respectfully yours,

GEORGE G. HYLAND, *Commissioner of Public Works.*

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, January 12:

AUDITING DEPARTMENT.

Approval has been given for the following adjustments in compensation for members of the staff:

Charles J. McCarty, from \$2,900 to \$3,200 a year.

Charles V. O'Brien, from \$2,100 to \$2,300 a year.

Charles W. Pistorino, from \$1,600 to \$1,800 a year.

Edward M. Herlihy, from \$1,400 to \$1,500 a year.

COLLECTING DEPARTMENT.

Approval has been given to increase the salary of William J. Sheehan, clerk, accounts of city departments, from \$400 to \$800 a year, effective December 28.

Approval has been given to increase the salary of John W. Barry, teller, from \$2,700 to \$2,800 a year, effective December 28.

ELECTION DEPARTMENT.

Approval has been given for an increase in salary from \$2,200 to \$2,300 a year for Margaret L. Lang, executive clerk and assistant registrar, effective Wednesday, December 28.

FIRE DEPARTMENT.

Approval has been given to increase the salary of stenographer and assistant chief clerk Joseph A. Magner of the Wire Division from \$1,600 to \$1,700 a year, effective December 31.

HOSPITAL DEPARTMENT.

Permission has been given for the appointment of Lucille F. Hill and Louise T. Graves as medical social workers at \$1,200 a year.

The following persons were employed for the week ending January 3:

Permanent.—Alice Hamilton, floor nurse, \$1,200 a year; Dr. Robert T. McElvenney, resident surgeon, \$1,000 a year.

The following changes have occurred: Robina Loring, floor nurse, from \$1,560 to \$1,680 a year, step-rate increase.

The following special nurses were employed at \$4.50 a day:

Virginia Belmore, 1 day; Carol Briggs, 6 days; Loretta Comtois, 2 days; Patricia Doucette, 1 day; Bertha Eden, Helen Grimley, Gladys Goulet, 2 days; Alice Hamilton, 1 day; Mary H. Kelley, 2 days; Lorinda McAuley, Florence McLean, Joan Maribito, Mary Perez, 1 day; W. Graves Piper, Jeanette Roussie, 1 day; Frances Slinger, $\frac{1}{2}$ day; Matilda Tomassetti, Mildred Wilkins, 2 days; Belle Dodge, Helen Fesenden, Sarah Gallagher, 1 day; Felecia Gesick, 2 days; Cecelia Hartwell, Viola Miller, Helen Seymour, Stella Senuk, Anna Stephenson, Rose Walker, Florence Wenham, 1 day.

INSTITUTIONS DEPARTMENT.

The following changes have been made in the personnel:

Long Island Hospital.

Appointments: John A. Dolan, institution employee, helper, kitchen, \$526 a year, on account of transfer of Paul Hession; Ruth Dauley, institution employee, cook, \$600 a year, on account of resignation of Ann Lyons; William

Gorrell, institution employee, attendant, \$600 a year, on account of transfer of Thomas Brennan.

Transfers: Paul M. Hession, institution employee, cook (from helper in kitchen at \$526 a year), \$600 a year, on account of resignation of Donald Sweeney; Thomas J. Brennan, institution employee, porter, \$526 a year, from attendant at \$600 a year.

Resignation: Donald Sweeney, institution employee, cook, \$600 a year, voluntary.

Steamers "Hibbard" and "O'Meara."

Appointments: Anthony J. Carroll, deckhand, temporary, \$1,700 a year, on account of absence of Herbert Cornbloom; Francis G. McCarthy, deckhand, temporary, \$1,700 a year, on account of absence of John Fagan.

OVERSEERS OF THE PUBLIC WELFARE.

The following employees have tendered their resignations: Mary F. Duff, principal clerk; Mary J. Maloney, clerk-typist.

Approval has been given for an increase in salary for Anna Galvin, permanent bookkeeper, from \$1,800 to \$2,000 a year.

Approval has been given for the continued emergency employment of Stephen J. Malley, as third-class engineer, for a period of ten days from December 24, at \$6 a day.

PARK DEPARTMENT.

Approval has been given the temporary employment, for a period of three months from December 1, of William C. Delaney, as a superintendent of Golf Clubhouse, George Wright Golf Course, at \$35 a week.

Approval has been given for the permanent appointment of the following four men as Airport signal operators, at \$1,800 a year, effective December 21:

Harold R. Holm, David A. Robbins, Henry C. Lynch, Joseph V. Connelly.

PENAL INSTITUTIONS DEPARTMENT.

The following appointment has been made:

House of Correction (Industries).

Henry F. Drewes, Supervisor of Poultry and Poultry Raising, \$2,300 a year, new position, pending result of examination to be held.

STREET LAYING-OUT DEPARTMENT.

Approval has been given to change the rating of George T. Gillen, blue-printer, working foreman, to senior blue-printer, with increase in salary from \$1,800 to \$2,000 a year.

SUPPLY DEPARTMENT.

Approval has been given for the extension of the provisional temporary employment of George A. Zbrozsky, assistant to the coordinator, at \$1,000 a year, for a period of three months from January 5.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Printing Department.

For the week ending January 3:

Renforth C. Bleakney, compositor, 11 hours, \$17.49; Frank Nicholson, compositor, 4 hours, \$6.76; Joseph DeCastro, Annie Delaney, compositors, 4 hours, \$6.20 each; James Dillon, compositor, 8 hours, \$12.40; Francis Doyle, Kerrens Finn, compositors, 11 hours, \$17.05 each; Christopher Fitzgerald, George Hanrahan, compositors, 4 hours, \$6.20 each; Bernard Harris, Albert Koven, Walter Lang, compositors, 11 hours, \$17.05 each; Michael McKeen, compositor, 7 hours, \$10.85; Mary Mitchell, compositor, 4 hours, \$6.20; William Pickett, compositor, 7 hours, \$10.85; Abraham Rosen, Henry Tayne, compositors, 4 hours, \$6.20 each; Edward Timilty, compositor, 11 hours, \$17.05; Helen Walsh, compositor, 4 hours, \$6.20; Edward Sarsfield, apprentice, 8 hours, \$5.68; William Doran, Arthur Roach, John J. Sheehan, Edward Sullivan, compositors, 4 hours, \$6.20 each; Theresa Lyons, Theresa Morrison, apprentices, 4 hours, \$4.36 each; Virginia Tint, Anna Whitney, copyholders, 4 hours, \$4.36 each; Harriet Fairchild, proofreader, 4 hours, \$6.20; Elizabeth F. Grant, Dorothy Schlicht, proofreaders, 11½ hours, \$17.83 each; Julia Sullivan, proofreader, 4 hours, \$6.20; Cora Gibson, operator, 4 hours, \$6.20; Maurice Murphy, operator, 11 hours, \$17.05; Anna Pfeiffer, Alice Sullivan, operators, 4 hours, \$6.20 each; William Ryan, press feeder, 4 hours, \$6; John Cosgrove, William Donahue, cylinder pressmen, 8 hours, \$12.80 each; Joseph Colby, Michael Cooney, press feeders, 8 hours, \$10.96 each; Richard Morrison, cylinder pressman, 4 hours, \$6.90. Total, \$402.30.

Murphy, teamster-chauffeur, ½ day, \$3.75; J. P. Charbonnier, H. F. Collett, laborer-teamsters, ½ day, \$3.75 each; J. F. Lighthall, Bernard F. Gaffney, teamster-chauffeurs, ½ day, \$4.12 each; A. J. Buckley, J. W. Costello, teamsters-laborers, 1½ days, \$6.25 each; W. C. McKenney, laborer, ½ day, \$3.75; Walter C. Owen, laborer, 1½ days, \$6.25; J. B. Donoghue, Patrick J. Ryan, chauffeurs, 1½ days, \$6.88 each; Arthur Fitzpatrick, laborer, 1½ days, \$6.25; William McNulty, teamster-chauffeur, 2 days, \$11; William E. Leary, teamster-laborer, 1½ days, \$7.50; J. J. McEnrue, laborer, 1½ days, \$7.50. Total, \$148.51.

Public Works Department (Sanitary-C Service).

For the week ending December 27:

A. Doherty, laborer, 2 days, \$10; J. Hillen, laborer, 1½ days, \$6.25; M. Ryan, laborer, 1½ days, \$6.87; R. Kelley, E. Noonan, laborers, 1½ days, \$6.25 each; J. Martin, chauffeur, 1½ days, \$10.31; J. Daley, laborer, 1 day, \$5; F. Walsh, J. Glasheen, chauffeurs, 1 day, \$5.50 each; H. Foley, chauffeur, 2 days, \$11; H. Doherty, chauffeur, 2½ days, \$12.37; M. Coakley, chauffeur, 2½ days, \$13.06; M. Giovannelli, chauffeur, 1½ days, \$6.87; J. Harnett, chauffeur, 1½ days, \$8.25; W. Murphy, chauffeur, 1 day, \$5.50. Total, \$118.98.

COMMUNITY FUND DRIVE.

The Mayor has issued the following communication concerning the Community Fund Drive:

To the Heads of City and County Departments.

1. The meeting held on December 30, 1938, at the Parker House, to outline plans for the City and County Employee Group's participation in Greater Boston's 1939 Community Fund Campaign (January 23-February 8) was well attended and I wish to thank all department heads for their cooperation.

2. James J. McCarthy, City Treasurer, is named as Campaign Chairman for the City and County Employee Group. His vice chairman will be William L. Dowling, chief pay roll clerk.

3. The campaign quota for the City and County Employee Group is \$76,000.

4. Each city and county department (or subdivision) is asked to raise its fair proportionate part of the City and County Employee Group Quota. The individual quota set for your department (and each of its subdivisions, if any) is stated on the attached sheet.

5. In order to reach our goal, it is suggested that employees receiving under \$2,500 a year pledge two days' pay and that employees receiving over \$2,500 a year pledge two-thirds of one per cent of annual salary. It is always true that some individuals cannot, by force of circumstances, give as generously as others. It is, therefore, hoped that those in a position to give more generously will do so. All contributions should be solicited on a voluntary basis.

I feel sure that if all city and county employees understand the facts with respect to the 150 hospitals, health, welfare, neighborhood, youth, and other agencies participating in the campaign, the group quota will be reached.

6. In order to give the widest possible information as to the city and county employees' responsibility in the campaign, I am calling the following meetings:

Tuesday, January 10, 1939, 7.30 P. M.,
Boston City Club.

This meeting is for all department heads and their collectors. The campaign film will be shown.

Tuesday, January 17, 1939, 7.30 P. M.,
Hotel Statler Ballroom.

This meeting is for city and county employees. Entertainment will be provided.

I shall attend and speak at both meetings and I ask for your fullest cooperation in making them a success and in seeing them well attended.

7. Important! Please notify, in writing, Mr. McCarthy, the City Treasurer, not later than January 7, 1939, of the number of collectors that you will have to assist you in the campaign and of their names. There should be, generally speaking, at least one collector for every twenty employees. Over 500 persons should attend the January 10 meeting.

8. This campaign offers every man and woman in the city and county employ an opportunity voluntarily to help the less fortunate and an opportunity to strengthen public relations between the people and the City of Boston and County of Suffolk.

I count on each one of you to do his or her part to help.

Sincerely yours,

MAURICE J. TOBIN,
Mayor of Boston.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

HOSPITAL DEPARTMENT.

Upon December 28 the Mayor approved a contract with E. P. Robitaille Company for the purchase of bones, trimmings, grease, suets, cods and trap grease from Main and South Departments, Boston City Hospital. Bids, opened at the hospital on Tuesday, December 13, were as follows:

Trimming, Per Pound.—E. P. Robitaille Company, 3 cents; James F. Morse & Co., 2 cents.

Bones, Per Pound.—E. P. Robitaille Company, 1 cent; James F. Morse & Co., $\frac{1}{2}$ cent.

Grease, Clear, Per Pound.—E. P. Robitaille Company, $4\frac{1}{2}$ cents; James F. Morse & Co., $3\frac{1}{2}$ cents.

Suets, Per Pound.—E. P. Robitaille Company, $5\frac{1}{2}$ cents; James F. Morse & Co., 4 cents.

Cods, Per Pound.—E. P. Robitaille Company, $5\frac{1}{2}$ cents; James F. Morse & Co., $3\frac{1}{2}$ cents.

Trap Grease, Per Pound.—E. P. Robitaille Company, $\frac{1}{2}$ cent; James F. Morse & Co., no value.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing oxygen, acetylene and calcium carbide for Boston public schools. Bids, opened Monday, December 12, were received from the following concerns:

Air Reduction Sales Company, Linde Air Products Company, National Carbide Corporation, New England Gas Products, Incorporated.

Awards were made to the lowest responsible bidders in accordance with our specifications and contracts executed as follows:

December 30, 1938, National Carbide Corporation, calcium carbide, \$470; December 29, 1938, New England Gas Products, Incorporated, oxygen and acetylene, \$1,698.

Tabulation of bids follows:

Approximately 108,000 Cubic Feet of Oxygen, Delivered in Cylinders.—Air Reduction Sales Corporation (New York), \$1.15 per C. cubic feet; bid submitted in accordance with terms contained in rider attached; discount, none, net thirty days; 2 cents demurrage charge per cylinder per day after thirty-day free-loan period; Linde Air Products Company (New York), \$1.10 per C. cubic feet; discount, none; 2 cents demurrage charge per cylinder per day after thirty-day free-loan period; New England Gas Products, Incorporated (Boston), \$1.05 per C. cubic feet; discount, none; 2 cents demurrage charge per cylinder per day after thirty-day free-loan period.

Approximately 24,000 Cubic Feet of Acetylene (Dissolved), Delivered in Cylinders.—Air Reduction Sales Company (New York), \$2.40 per C. cubic feet; bid submitted in accordance with terms contained in rider attached; discount, none, net thirty days; 2 cents demurrage charge per cylinder per day after thirty-day free-loan period; Linde Air Products Company (New York), \$2.40 per C. cubic feet; discount, none; 2 cents demurrage charge per cylinder per day after thirty-day free-loan period; New England Gas Products, Incorporated (Boston), \$2.35 per C. cubic feet*;

discount, none; 2 cents demurrage charge per cylinder per day after thirty-day free-loan period.

Approximately 10,000 Pounds of Calcium Carbide, Delivered in Drums.—Linde Air Products Company, (New York), \$4.90 per C. cubic feet; discount, none; National Carbide Corporation (New York), \$4.70 per C. cubic feet*; discount, none.

* Contract awarded.

The School Committee has approved proposals for furnishing candy for Boston public school cafeterias. Bids, opened Wednesday, December 14, were received from the following concerns:

John W. Connelly, Solomon Issenberg, J. L. Sullivan Company.

Contract was awarded to J. L. Sullivan Company, under date of January 3, 1939, in the sum of \$1,976.25.

Tabulation is as follows:

Candy.—John W. Connelly (South Boston), \$1,922.25; discount, 2 per cent, ten days; 1 per cent, thirty days; Solomon Issenberg (Mattapan), \$1,920.25; discount, 2 per cent, ten days; 1 per cent, thirty days; J. L. Sullivan Company (Dorchester), \$1,976.25; discount, 5 per cent, ten days.

* Contract awarded.

TRANSIT DEPARTMENT.

Upon December 28 the Mayor approved a contract with P. J. Dinn & Co. for furnishing and delivering wrought-iron pipe and fittings for the Huntington Avenue Subway Extension. Bids, opened Monday, December 19, were as follows:

Brown-Wales Company, total, \$2,019.17; discount, 2 per cent, net total, \$1,978.79; Sheehan, O'Brien Company, total, \$2,012.36; discount, 2 per cent; net total, \$1,972.11; Braman, Dow & Co., total, \$2,009.89; discount, 2 per cent; net total, \$1,969.69; Crane Company, total, \$1,933.32; discount, 2 per cent; net total, \$1,894.65; P. J. Dinn & Co., total, \$1,882; discount, 1 per cent; net total, \$1,863.18.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and contractors for supplies, labor, etc. Communications from the several heads of departments were as follows:

LIBRARY DEPARTMENT.

Boston, December 6, 1938.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR.—The trustees of the Public Library respectfully request your permission for purchasing, without public advertising, from the firm of Remington Rand, Incorporated, catalogue case units to cost \$1,869.60. These units are to match existing units of the same type manufactured by this firm over a period of years and consist mainly of five to fifteen tray sections with additional tops and bases as needed.

The units in question are to be used in connection with the W. P. A. Library Project for the Reclassification of the Branch Library Book Collections. The cost is to be charged to Schedule H account.

In view of the need of matching existing equipment of a highly specialized character such as this it is believed to be in the interests of the city to obtain the additional units from the manufacturer who has provided the earlier units now in use.

In the last competitive bidding for this type of equipment this manufacturer was the lowest bidder.

Yours very truly,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by JOHN L. HALL,
President.

Boston, December 16, 1938.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR.—On November 7, 1938, you gave written approval to the proposal of the trustees of the Public Library, as presented to you under date of October 28, 1938, to enter into a contract with the Boston Edison Company for the furnishing of steam and electricity for the Central Library building in Copley square.

In the second sentence of the second paragraph therein there should be inserted following the words "shall not exceed \$12,000 per annum" the additional words "exclusive of any additional coal charges as specified in the contract." This was the basis of the original proposal of the Boston Edison Company as made to the trustees in November, 1936, and received consideration as a pertinent item also in the engineering confirmation of costs and feasibility obtained by the trustees.

The words to be inserted were inadvertently omitted from the letter sent to you on October 28, 1938.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by JOHN L. HALL,
President.

SUPPLY DEPARTMENT.

Boston, December 13, 1938.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR.—Quotations were requested on the following:

Requisition No. 1777, Boston City Hospital.

One (1) respirator, adult size, regular model, fittings to be chromium plated, and on December 2, 1938, the following bids were received:

Warren E. Collins, Incorporated, \$1,150 net; J. H. Emerson Company, \$1,250, 2 per cent, ten days.

The Boston City Hospital is desirous of obtaining this respirator at once. Therefore I respectfully request permission to award the contract to Warren E. Collins, Incorporated, the lowest bidder, without publicly advertising, at a price of \$1,150 net.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

Boston, December 28, 1938.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR.—On October 13, 1938, your Honor approved the award of a contract to the Crystal Concrete Corporation of 95 Willow court, Boston, for various mixtures of ready-mix concrete as required by the various city departments for the following sixty days.

In accordance with this contract an order was later issued to the Crystal Concrete Corporation for one hundred and seventy (170) cubic yards of 1-1½ mix for delivery to the Highway Division, Monument square, Charlestown.

I have now been informed by the Highway Division that in order to match

in color sidewalks already in place, it will be necessary to include lampblack in this mixture at an additional charge of seventy-five cents (\$0.75) per yard, a total increase of one hundred twenty-seven dollars and fifty cents (\$127.50).

In order to avoid the delay attendant to advertising for this special mixture, and as it is unlikely that there will be further call for additional quantities of this mixture, permission is respectfully requested to amend this contract to include 1-1½ ready-mix concrete, with lampblack, at the price of twelve dollars and sixty cents (\$12.60) per cubic yard, net thirty (30) days.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

BOSTON, December 30, 1938.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Attached find summary of advertised bids on 1,260 barrels of bread flour, to be delivered to the various city departments, as required, from January 1, 1939, to March 31, 1939, inclusive. These bids were publicly opened and read on December 28, 1938.

I respectfully recommend that the contract be awarded to Abbt Brothers, the lowest bidder, at a price of \$4.20 per barrel, less 1 per cent discount for payment in ten days, plus a teaming charge of \$126.

The approximate total amount of the contract will be \$5,365.08.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

BOSTON, December 30, 1938.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—On December 5, 1938, your Honor approved permission to award a contract to the Community Service of Boston, Incorporated, without publicly advertising, for the rental of a truck to the Public Welfare Department, as needed, during the period from January 1, 1938, to December 31, 1938, as follows:

For W. P. A. Adult Recreation Work Project.

Rental of one (1) 3½-ton platform truck, furnishing of driver and fuel, at the rate of \$20 per week. Estimated cost for the year, \$1,000.

As the truck being furnished the Public Welfare Department by this concern is a 1½-ton truck, and does not include driver, I respectfully request permission to change the award to the Community Service of Boston, Incorporated, to read as follows:

For W. P. A. Adult Recreation Work Project.

Rental of one (1) 1½-ton platform truck, and furnishing of fuel, at the rate of \$20 per week. Estimated cost for the year, \$1,000.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

BOSTON, January 3, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract without publicly advertising for same

to the Royal Typewriter Company for the rental purchase of 100 Model KMM Standard Royal Typewriters on the rental purchase basis of \$4 a month per machine.

These machines are to become the property of the City of Boston when the final amount due on this basis shall have been paid. No interest charges shall apply on these machines. The machines are to be serviced by the company during the period of rental purchase without cost to this department. The amount involved shall be determined from the date of delivery to December 31, 1939.

The approximate amount of the contract will be \$4,800. The rental purchase cost of each machine is \$93.56.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

TRANSIT DEPARTMENT.

BOSTON, December 10, 1938.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—Contract 1049, dated October 20, 1937, calls for furnishing and delivering by the Socony-Vacuum Oil Company, Incorporated, to this department, 100,000 gallons, more or less, of gasoline for the construction of the Huntington Avenue Subway.

The contract provides that the entire amount of gasoline to be supplied is to be delivered within a period of one year from the date of the delivery of the contract, or October 27, 1937. The contract also provides that the department shall have the right to increase or diminish the quantities as it may deem necessary, without change of price per unit of quantity, provided that the increase or diminution of the sum of all of said items, as determined by the engineer's final estimate, does not exceed 25 per cent of the total of the original proposal.

At the expiration of the date of the contract, namely, October 26, 1938, the contractor had delivered 63,669 gallons, and in order to comply with the terms of the contract this department desires to purchase 11,331 gallons, thus bringing the total to 75,000 gallons, which represents the total quantity of the contract with the exercise of the 25 per cent diminution provision.

Your approval is respectfully requested of an alteration providing a new time limit for the delivery of this remaining 11,331 gallons, all other conditions of the existing contract to remain in full force and effect.

Yours respectfully,

THOMAS F. SULLIVAN,
Chairman.

STREETS FOR COASTING.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Board of Street Commissioners of December 29, 1937, and approved by the Mayor December 30, 1937, designating coasting streets in the different sections of the city, be, and the same is hereby, amended, as follows:

Police Division 11, so as to add to said paragraph the words: "Evergreen street, northerly from Blanche to Freeport streets"; intending thereby to authorize coasting on said street.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of repairs to the Boylston Street Bridge over the Boston & Albany Railroad, estimated to be six (6) months, the following rules are effective January 5, 1939:

Vehicles are excluded from the following street:

Boylston Street, Downtown Boston.

From Hereford street to St. Cecilia street.

The following streets are one way in the direction indicated:

Belvidere Street, Downtown Boston.

From St. Cecilia street to West Newton street.

St. Cecilia Street, Downtown Boston.

From Boylston street to Belvidere street.

Parking of vehicles is prohibited in the following street:

St. Cecilia Street, Downtown Boston.

Both sides, from Boylston street to Belvidere street, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, during the period of water main construction, estimated to be sixty (60) days, the following rules are effective January 9, 1939:

The following streets are one way in the direction indicated:

Fenwood Road, Roxbury.

From Brookline avenue to Vining street.

Francis Street, Roxbury.

From Huntington avenue to Brookline avenue.

Huntington Avenue, Roxbury.

From South Huntington avenue to Francis street.

Parking of vehicles is prohibited in the following streets:

Francis Street, Roxbury.

Northeast side, from Huntington avenue to Brookline avenue.

Huntington Avenue, Roxbury.

Both sides, from Jamaica way to Francis street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston, which were adopted October 30, 1938, and were effective October 31, 1938, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days from December 30, 1938:

Section 8, Part 2, is amended by striking out the following:

Stanford Street, Downtown Boston.

West side, from Cambridge street to Green street, twenty-four hours.

Section 8, Part 2, is amended by adding the following:

Pearl Street, Downtown Boston.

Northeast side, from a point one hundred and eighty (180) feet northwest of Franklin street to Franklin street, twenty-four hours.

Stanford Street, Downtown Boston.

Both sides, from Cambridge street to Green street, twenty-four hours.

Section 47 is amended by adding the following:

Sparhawk Street, Brighton.

From Market street to Cambridge street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule which was adopted July 13, 1938, and was effective July 15, 1938, for a trial period of sixty (60) days, and was extended for a period of sixty (60) days from September 13, 1938, and was extended for a period of sixty (60) days from November 12, 1938, is hereby extended for a further trial period of sixty (60) days from January 11, 1939:

The one-way rule in the following street is rescinded and it is a two-way street:

Spurge Street, Downtown Boston.

From Beacon street to Chestnut street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules which were adopted November 3, 1938, and were effective November 14, 1938, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days from January 13, 1939:

Parking of vehicles is prohibited in the following streets:

Dimock Street, Roxbury.

South side, from Columbus avenue to Notre Dame street, twenty-four hours.

Dingley Place, Downtown Boston.

Both sides, from Fayette street to a point eighty (80) feet north-west of Fayette street, twenty-four hours.

Joiner Street, Charlestown.

Southwest side, from Park street to Chelsea street, twenty-four hours.

Whittier Street, Roxbury.

Northeast side, from Cabot street to Tremont street, twenty-four hours.

POLICE DEPARTMENT ORDERS.

General Order No. 284.

A trial board, consisting of Captains Grace, Tiernan and Keating, having heard by reference a complaint against Patrolman Thomas W. J. McGarrell of the Bureau of Records, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged. In accordance with which, the said Patrolman Thomas W. J. McGarrell was on January 4, 1939, at 5.45 o'clock p. m. dismissed from the Police Department.

Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on January 5, 1939, to the said Thomas W. J. McGarrell.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 285.

The following transfer is hereby ordered to be effective Thursday, January 12, 1939, at 7.45 o'clock a. m.:

Patrolman Joseph V. Madden, from Division 16 to Division 11.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

CONTRACTS AWARDED WITHOUT ADVERTISING.

SUPPLY DEPARTMENT.

BOSTON, December 3, 1938.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—Attached please find list of items covering supplies needed for the installation of the Fenwal System of Hospital-Controlled Parenteral Therapy for delivery to the Boston City Hospital.

In explanation of this request I would say that the Fenwal System is used for the purpose of the manufacture of intravenous and parenteral solutions used at the City Hospital. These solutions at the present time are being bought through the Purchasing Department for the Boston City Hospital from various manufacturers, and Doctor Manary and Doctor Nye of the City Hospital who have had this system under consideration and investigation for the past six months assure me that the installation of this system will pay for itself within a year. In addition to the saving that the installation of this system will produce, it will also prove an important adjunct to the City Hospital in the matter of establishing standard solutions with the proper strength.

In view of the foregoing, I respectfully request that permission be granted me to award contract to the Macalaster Bicknell Company, who are the originators of this system, without publicly advertising the same, in the amount of \$7,987.87.

Respectfully yours,

JOHN A. BREEN, Superintendent of Supplies.

SUPPLIES FOR THE FENWAL SYSTEM OF HOSPITAL-CONTROLLED PARENTERAL THERAPY.

			<u>\$7,987 87</u>

BOSTON, December 9, 1938.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—On December 8, 1938, quotations were received from the several bidders on meats, to be delivered to the various city departments, as required, from December 12, 1938, to December 18, 1938, inclusive.

As the items that the Wald-Baram Company are low on amount to approximately \$2,375.98, I respectfully ask permission to award a contract to this concern for the following, without publicly advertising:

Approximate Amounts on All Items.

1,200 pounds beef briskets, corned, 7-rib, at \$16.80 per hundredweight.....	\$201 60
3,000 pounds beef hinds, at \$18.33 per hundredweight.....	549 90
1,750 pounds lamb carcasses, 40 to 50 pounds, at \$16.81 per hundredweight.....	294 18
1,460 pounds pork loins, 8 to 10 pounds, at \$15.78 per hundredweight.....	230 39
10 pounds calf's liver, frozen, at \$36.72 per hundredweight.....	3 67
4,774 pounds chicken, frozen, 56 to 58 pounds to box, at \$22.92 per hundredweight.....	1,094 20
20 pounds lamb fores, 8 pounds average, good, at \$10.20 per hundredweight.....	2 04
Approximate total.....	<u>\$2,375 98</u>

2 per cent, ten days.

Respectfully yours,

JOHN A. BREEN, Superintendent of Supplies.

CONTRACTS AWARDED WITHOUT ADVERTISING.

SUPPLY DEPARTMENT.

BOSTON, December 15, 1938.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without publicly advertising, to the E. & J. Company, 581 Boylston street, Boston, to deliver to the Maintenance Division, 70 Bristol street, Fire Department, the following:

Requisition Nos. 660, 661 and 662.

Three E. & J. resuscitator-inhalators, ambulance type, at \$375 each.....	\$1,125 00
Six E size tanks carbogen 95-5, 150 gallons each, at \$12.50 each.....	75 00
Three E. & J. commercial coil adaptors at \$5 each.....	15 00

For purchasing three machines, special discount on all items of 5 per cent.....	\$1,215 00
	60 75

Total.....	\$1,154 25
------------	------------

2 per cent, ten days.

As the Fire Department requisitioned for E. & J. equipment, and as the E. & J. Company are the direct agents of the manufacturers, nothing would be gained by publicly advertising.

Respectfully yours,

JOHN A. BREEN, Superintendent of Supplies.

BOSTON, December 27, 1938.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—On December 22, 1938, quotations were received from the various bidders on meats, to be delivered to the various city departments, as required, from December 26, 1938, to January 1, 1939, inclusive.

As the items that the Wald-Baram Company are low on amount to approximately \$2,909.81, I respectfully ask permission to award a contract to this concern, without publicly advertising, for the following:

Approximate Amounts on All Items.

1,500 pounds beef briskets, corned, 7-rib, at \$16.80 per hundredweight.....	\$252 00
3,200 pounds beef hinds, at \$18.85 per hundredweight.....	603 20
40 pounds beef liver, frozen, at \$14.50 per hundredweight.....	5 80
800 pounds beef rounds, with flank, but cod out, at \$14.40 per hundredweight.....	115 20
1,140 pounds beef rumps and loins, at \$22.82 per hundredweight.....	260 15
2,450 pounds lamb carcasses, 40 to 50 pounds, at \$16.44 per hundredweight.....	402 78
2,100 pounds lamb, hind saddles, at \$19.36 per hundredweight.....	406 56
2,000 pounds pork loins, 8 to 10 pounds, at \$15.22 per hundredweight.....	304 40
2,000 pounds chicken, frozen, 56 to 58 pounds to box, at \$23.14 per hundredweight.....	462 80
750 pounds beef chucks, cow meat, medium grade, 60-pound average, at \$12.65 per hundredweight.....	94 88
20 pounds lamb fores, 8-pound average, good, at \$10.20 per hundredweight.....	2 04

Total.....	\$2,909 81
------------	------------

2 per cent, ten days.

Respectfully yours,

JOHN A. BREEN, Superintendent of Supplies.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe and a surface drain of 12-inch pipe (W. P. A. Project 65-14-4953; Work Project 11907) in Countryside Drive, between Monton street and end of Drive, in the Dorchester district, at an estimated cost of \$13,336.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

Angelo Grande has been granted an extension of the time of completion of the contract for blasting rock for sewerage works in Hyde Park, from December 31, 1938, to June 1, 1939. This extension of time of completion is requested because of the slowness of construction by the hand-labor force under W. P. A. and due to unforeseen obstacles encountered.

John Williams has been granted an extension of the time of the completion of the contract for blasting rock for sewerage works in West Roxbury and Brighton, from December 31, 1938, to June 30, 1939, a period of 181 days. This extension is occasioned by unforeseen obstacles encountered during the prosecution of the work.

R. Zoppo has been granted an extension of the time of completion of the contract for blasting rock for sewerage works in Hyde Park and Dorchester, from December 31, 1938, to June 1, 1939. This extension of time of completion is requested because of the slowness of construction by the hand-labor forces under W. P. A. and due to unforeseen obstacles encountered.

SUPPLY DEPARTMENT.

BOSTON, December 14, 1938.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to extend the completion date of the contract of the Mechanics Iron Foundry Company, dated November 3, 1938, for furnishing approximately 300,000 pounds B iron castings (gates and hydrants) to the Water Division, from December 31, 1938, to March 1, 1939, subject to an appropriation being available therefor.

The above extension has been requested by the Mechanics Iron Foundry Company, and as there was some delay in awarding the contract, I respectfully ask that the extension be granted, as this is agreeable to the Division Engineer of the Water Division.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)

NOTE: Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

ASSISTANT UNEMPLOYMENT COMPENSATION COUNSEL, FEBRUARY 4, 1939.

Last date for filing applications, Saturday, January 21, 1939, at 12 noon.

The minimum salary is \$3,180 a year; the maximum salary is \$3,720 a year.

Duties: To confer and advise with officials of the commission and interested parties with regard to rules, regulations, interpretations, and methods of procedure; to act as an official of the commission whenever so designated by it in the discharge of its duties; to enforce liens, prosecute, defend, and prepare pleadings and all necessary legal papers in actions at law and in equity arising in the administration of the Unemployment Compensation Law; to address public gatherings when required; to prepare and index all subjects pertinent to the enforcement of the Unemployment Compensation Law; to perform such other related duties as may be required. Applicants should be familiar with the workmen's compensation law and with the laws relative to labor and industries.

Entrance Requirement: Applicants must be members of the Massachusetts Bar for at least three years.

Subjects and Weights: Training and experience, 4; practical questions, 4; personality and fitness, as determined by an oral interview, 2; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Last date for filing applications, Saturday, January 21, 1939, at 12 noon.

This examination is open to females only.

The minimum salary, with maintenance, is \$780 a year; the maximum salary, with maintenance, is \$1,080 a year.

Duties: Under immediate supervision, to assist in the determination of the mental state of patients at State institutions, school children and others by applying standard tests, and making case studies; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CHRISTMAS TREE AS BIRD
HAVEN.

His Honor the Mayor has directed the chairman of the Park Commission to allow the Municipal Christmas Tree to stand as long as possible on the Common as a sanctuary for birds. He has received a number of requests from bird lovers to this effect, and also from the Animal Rescue League. The tree will be allowed to remain in place as long as weather conditions permit.

TRANSFERS IN APPROPRIATIONS.

City Auditor Charles J. Fox announces the following transfers in appropriations in departments of the City of Boston and County of Suffolk approved by his Honor the Mayor:

PUBLIC WORKS DEPARTMENT (Bridge Service).

BOSTON, December 29, 1938.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Public Works Department, Bridge Service:

From the appropriation for B-39, General Repairs, \$500, to the appropriation for E-1, Building, \$500.

To cover a deficit in E-1 to end of year.

Respectfully,

GEORGE G. HYLAND,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor December 31, 1938.

PUBLIC WORKS DEPARTMENT (Sanitary Service).

BOSTON, December 28, 1938.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Public Works Department, Sanitary Service:

From the appropriation for Available Sources, Ferry Service, A-1, Permanent Employees, Quartermaster-Pilots, 7 (4) at \$7 a day, \$2,800, to the appropriation for A-1, Permanent Employees, \$2,800.

The above amount is necessary to meet deficit in the A-1 item for the balance of the year.

Respectfully,

GEORGE G. HYLAND,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor December 31, 1938.

PUBLIC WORKS DEPARTMENT (Sumner Traffic Tunnel).

BOSTON, December 12, 1938.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Public Works Department, Sumner Traffic Tunnel:

From the appropriation for E-10, Electrical, \$300, to the appropriation for D-1, Office, \$200, D-13, Chemicals and Disinfectants, \$100.

D-1, Office, to take care of orders 87240 and 29783 and also to purchase two pay roll copy books and 105 rolls of meter paper.

D-13, Chemicals and Disinfectants, to take care of orders S104 and S107 for recharging fire extinguishers.

Respectfully,

GEORGE G. HYLAND,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor December 31, 1938.

SUPPLY DEPARTMENT.

BOSTON, January 4, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Supply Department:

From the appropriation for Available Sources, Building Department, A-1, Civil Engineer, Grade IV, 1 at \$2,500 a year, \$35.56, to the appropriation for A-1, \$35.56.

To cover shortage in A-1, 13 Clerks, Stenographers, \$960-\$1,600 a year, \$35.56.

Respectfully,

JOHN A. BREEN,
Superintendent.

The above transfer was made by the City Auditor with the approval of the Mayor December 31, 1938.

BOSTON AWARDED FIRST
PRIZE IN FIRE PREVENTION.

The International Committee of Judges appointed to review the reports submitted to the Director of Conservation of the National Board of Fire Underwriters received from 739 cities of the United States and Canada, included as part of their report issued on December 24, 1938, the following information:

Cities making the greatest improvement in fire prevention in a single year are, first, Boston, Mass.; second, Quebec, Quebec; third, Louisville, Kentucky; fourth, Cleveland, Ohio; fifth, Ottawa, Ontario; sixth, Camden, New Jersey.

In the Commonwealth of Massachusetts the cities winning certificates of awards for their fire prevention activities are, Boston, first prize, Pittsfield, second prize. Honorable mention, Lynn, Malden, Springfield.

Boston was included among the first twenty cities of the United States and Canada, all of which received a rating of 90 per cent and over in points credited to them for fire prevention work during Fire Prevention Week, October 9 to 15, 1938.

The Committee of Judges was made up of William D. Rearden, Chairman of the Committee on Fire Prevention and Engineering Standards of the National Board of Fire Underwriters; T. F. Cunnane, Manager of the Insurance Department of the Chamber of Commerce of the United States; Hon. John J. McElligott, Chief and Commissioner of the New York Fire Department, representing the International Association of Fire Chiefs.

Of the total of 739 cities reporting on fire prevention work, 471 were from the United States, Honolulu and Alaska, and 238 were from Canada.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

PROFITABLE MUNICIPAL MARKETS.

Municipal markets, "white elephants" in many cities, can be made self-supporting and even profitable, according to recent reports on two of them. The Department of Public Markets of New York City reports that within the administration of its present Mayor, Fiorello LaGuardia, the city's markets have changed from inefficient and expensive undertakings into profitable investments. The Benton Harbor, Mich., municipal fruit and vegetable market is described as doing a three-million-dollar annual business by its City Manager in the February issue of "Public Management."

"RELIEF" DECLINING.

Two-thirds of the nation's relief expenditures in recent years has been centered in ten industrial states, the "Year Book's" section on Financing Relief and Recovery points out. Half the Federal Work Relief Funds and two-thirds of all available funds have been expended in the fifty largest cities, including about 25 per cent of the population. Industrial urban population is more vulnerable to unemployment. In addition, living costs are higher, requiring greater relief allotments, and the cost of giving employment to a city group is higher than in rural areas.

MAYOR TOBIN DISCUSSES MUNICIPAL PROBLEMS FOR MISSION CHURCH HIGH SCHOOL PUPILS — SENDS PREPARED ARTICLE TO BE PUBLISHED IN SCHOOL MAGAZINE OUTLINING DIFFICULTIES THAT FACE HIM AS HE CARRIES ON CITY BUSINESS — TELLS, ALSO, OF HIS INTEREST IN MATTERS PERTAINING TO MISSION HILL DISTRICT — URGES APPLICATION TO STUDIES SO AS TO MEET WITH SUCCESS PROBLEMS THAT WILL FACE YOUTH IN LATER YEARS.

Mayor Tobin, asked to discuss his administration with the student body of the Mission Church High School, wrote, in part, as follows:

Some time ago I was asked by the editors of your magazine to grant an interview on the problems of the Mayor of Boston. I was so busy at the time that I could not spare the necessary time, but I promised to write something for the magazine that might offer a bit of advice or encouragement to the young people who will soon be passing into adult life.

Naturally, I have an abiding interest in the old Mission Church parish and its manifold interests. I was graduated from the grammar school and brought up in the parish. I cannot estimate the influences for good which I received there and I would advise every student in the school to seek, with all seriousness, the benefit of the wonderful values there afforded.

It is more or less customary for boys and girls to attend church and school without realizing the indispensable foundations in learning, spirituality or education which are being supplied by devoted nuns and brothers and priests. When boys and girls are older and they become more appreciative of their educational and spiritual impulses of youth they are apt to regret that they did not exert themselves more conscientiously in their younger days.

INTERESTED IN LIFE PROBLEMS.

But it occurs to me, as I visit school after school as Mayor of Boston, that pupils are becoming more interested in the problems of life and the necessity for strong foundations than in former days. Our prolonged business depression has left indelible marks of distress in numberless homes. The lack of employment has changed the atmosphere of the home, has taught people to be more frugal and to think most seriously of the future. It's an ill wind that blows nobody good. It is not the problems of the past that interest us today, except as a background, but the problems of the future.

Soon the students of the Mission Church High School, as well as those of other high schools and colleges, will be stepping out into life and taking their places in the community. Soon the present generation of youth will come upon the field of action to play its part.

That generation should not admit of discouragement or of defeat. One characteristic of a form of government such as ours is that it is never stable or stagnant. It is lively, active and of repeatedly changing phases of existence. The problem that should interest young and old alike is to see to it that, so far as we are able, our democracy is continuously progressive and elastic to meet new needs as occasion arises. It is the duty of youth to seek that training and inspiration which may enable them to face the problems of citizenship that may confront them.

There are certain problems which always remain the same in essence, even though the external dressings change. There has always been the problem of the poor and the indigent. Even in the earliest Colonial times each community had its almshouse. The difference between that period and now is the difference of degree.

The problem of taxes as a means of providing revenue is another that our communities have always faced and

always will face. Indeed, this, to my view, is the most vexatious problem a municipal executive has to face.

OTHER PROBLEMS UP.

Other problems of most serious nature in municipal government are those growing out of unemployment and old-age security. The time has long passed when we can neglect the exigencies of age, as we have in the past, and the exigencies of poverty. We speak of the problem of the under-privileged as one which opens up wide areas of speculation, and that is true. But it is a problem which seems to me to lie at the very basis of our democratic form of government.

I have said that I note a change in the attitude of youth toward their responsibilities in education and in church. I believe that young men and women are today far more politically conscious than in the past, and perhaps it is also true that young men in high schools and colleges are, in increasing numbers, devoting serious attention to the study of politics or government for the purpose of sharing more actively in such affairs. This is a healthful sign.

But successfully to cultivate the political instincts means that one must cultivate the art of straight thinking. Too much attention cannot be paid to the privileges we enjoy in this land of freedom. Our every effort should be directed toward the preservation of the ideals which have been won for us at such great cost, and especially at this time when the citadels of our government are being bombarded with alien ideas. We must be able to appreciate the falsities of the arguments presented by those who would seek to destroy us, expose their blandishments for what they are and, through patriotism, loyalty and courage, work for the best interests of our country.

Here the students of the Mission Church schools are studying under the best possible instruction and it is my sincere hope that they will greatly profit through their advantages.

THEATER UNDER CENSORSHIP BAN.

Upon January 4 the Mayor made public the following communication:

MR. JOHN J. SPENCER, *Chief, Licensing Division, City Hall, Boston.*

DEAR MR. SPENCER,—The license of the Newsreel Theatre, at 266 Huntington avenue, has been suspended for a period of one week, from Thursday, January 5 at 8 a. m. until Thursday, January 12, at the same hour.

This license has been suspended under the provisions of the applicable statute for the reason that the licensee violated the terms upon which a license had been granted, and attempted to get around the provisions by which the Licensing Division of the Mayor's Office is given an opportunity to inspect pictures before hand if it so desires.

These regulations specifically provide for a weekly report by the manager of each theater exhibiting pictures before Thursday noon of the preceding week, and in case of any substitution, for immediate notice in writing. Although the Licensing Division was open until one o'clock on Saturday, no such notice of change was received. Advertisements of the picture had been inserted in the papers just before the deadline, Saturday night. The sign advertising the picture appeared upon the marquee of the theater, and patrons of the theater had bought tickets at an increased price.

It was only because of the intervention of the Police Department that the film was not shown. In view of the steps actually taken toward the exhibition of the picture, with obvious disregard of the express requirements of the Licensing Division, the Board regards this as a proper occasion to exercise their discretionary power to suspend the license for a week.

MAURICE J. TOBIN,
Mayor.
JOSEPH F. TIMILTY,
Police Commissioner.

PROCEEDINGS OF CITY COUNCIL.

Thursday, December 29, 1938.

Final meeting of the City Council held in Faneuil Hall at 2 p. m., President KERRIGAN in the chair and all the members present.

VETO OF MCBRIDE STREET SIDEWALK ORDER.

The following was received:

City of Boston,
Office of the Mayor, December 29, 1938.
To the Honorable City Council.
Gentlemen,—I return herewith, without my signature, sidewalk construction lien order for sidewalk along McBride street, both sides, entire length, in Ward 11, and attach hereto a copy of a letter received from the Commissioner of Public Works.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
December 23, 1938.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I am returning copy of lien order that was passed in the City Council on November 14, relative to the installation of artificial stone sidewalks on both sides of McBride street, Ward 11.

We conducted a canvass of the residents of this street to determine if they were willing to pay the assessments as provided under chapter 196 of the Acts of 1917. Of the thirty-four abutters, nineteen replied in the negative and fifteen in the affirmative.

In view of the fact that the majority of the residents was unwilling to pay the assessments, I recommend that this order be disapproved.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

WEEKLY COLLECTIONS OF ASHES AND GARBAGE.

The following was received:

City of Boston,
Office of the Mayor, December 29, 1938.
To the City Council.

Gentlemen,—I transmit herewith a response to an order passed by your Honorable Body in reference to regular weekly collections of ashes and garbage.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
December 27, 1938.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—The following order that was passed in the City Council on November 14 has been referred to me for promulgation:

"Ordered, That the Public Works Commissioner be requested, through his honor the Mayor, to take the following steps in providing for thorough cleaning of the alleys and streets in the mid-town area, especially Ward 4:

1. That the head of the Sanitary Department be instructed to provide regular weekly collections of ashes and garbage.

2. That the head of the Sanitary Department be instructed to provide ample waste containers at the most logical street corners.

3. That the employees of the Sanitary Department be instructed to be thorough in the performance of their duties, and also to be courteous to those whom they contact."

Every effort is being exerted to make weekly collections of garbage and ashes in districts where the collection is being done by city forces. The failure to make weekly collections can be attributed to a large extent to the necessity of having the employees of the Sanitary Division drafted to help in the emergency work occasioned by the hurricane of September 21. I also found that many of the regular employees were absent due to overtime acquired during the current year. I have temporarily cancelled such absences and have noted a marked improvement in the intervals of the collections since the issuance of this order. I have also requested Welfare Director William G. O'Hare to have all welfare workers who are assigned to other divisions of the Public Works Department transferred to the Sanitary Service, so as to give the necessary assistance to us in this important service.

Several months ago, at the request of the rooming house operators of the South End, I removed the waste containers from the streets, as they were being used for depositing waste materials other than paper or similar combustible material. They did not have a sufficient capacity to handle all of this material, much of it overflowing and being strewn in the sidewalk area adjacent to the location of the containers, thereby presenting an

unsightly condition. We are now conducting a campaign in that section relative to street and alley clean-up, in the hope that we can clean up conditions without being forced to place the containers back on the sidewalks.

I do not feel that such containers should be placed in a lodging house district, because of the temptation they provide for the disposition of household offal. I intend, however, to have a special type container made up which will be adaptable to the narrow sidewalks of the intown area. I contemplate having these containers located, if possible, at every intersection in the intown area, north of Massachusetts avenue, with the exception of the residential and rooming house sections.

At every opportunity, I impress on the employees of the Sanitary Division that their service brings them in closer contact with the public than that of any other department, and that it is one of the most important services that we render because of the part that it plays in the health of the residents and the cleanliness of the city. I have instructed them on several occasions to be courteous at all times, and, in accordance with the provisions of the order, I have issued a bulletin, a copy of which I am inclosing, relative to the courtesies that should be extended and the service that should be rendered to the public at all times.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

NOTIFICATION OF PARENTS OF INJURED SCHOOL CHILDREN.

The following was received:

City of Boston,
Office of the Mayor, December 28, 1938.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Secretary of the School Committee of the City of Boston relative to your order of December 5, 1938, concerning the notifying of the parents of Boston school children who may be sent to the City Hospital or elsewhere as the result of injuries or sudden illness in the schools.

Respectfully,
MAURICE J. TOBIN, Mayor.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—In accordance with the request of the City Council of December 5, 1938, forwarded through your office, I am submitting the following, showing the number of active cases in each ward of Boston:

WARDS.	Dependent Aid.	Aid to Dependent Children.	Old Age Assistance.	Totals.
1.....	1,181	306	512	1,999
2.....	545	137	602	1,284
3.....	2,519	329	1,057	3,905
4.....	989	48	1,228	2,265
5.....	473	51	544	1,068
6.....	728	203	494	1,425
7.....	572	170	399	1,141
8.....	1,097	152	779	2,028

22.....	214	99	333	646
Totals.....	13,567	2,975	12,634	29,176

Yours respectfully,

WILLIAM G. O'HARE,
Executive Director.

Placed on file.

City of Boston,
School Committee, December 27, 1938.
Hon. Maurice J. Tobin,
Mayor of Boston.
Dear Sir,—At the meeting of the City Council on December 5, 1938, the Council requested the Boston School Committee, through your Honor, to promptly notify the parents of Boston school children who may be sent to the City Hospital or elsewhere as the result of injuries or sudden illness in the schools.

The School Committee received your communication at a recent conference and directed the Secretary to inform your Honor that the policy suggested is one that has been followed in the schools for some time past. Repeatedly, the Superintendent of Schools has urged principals to see that children who, on account of illness of any nature must be sent home, are sent in the care of a teacher, if that is possible, or at least in the custody of a much older child. Not infrequently it happens that when the child reaches the home, there is no one there; then the school must do what it can to protect the child.

Before a child is sent to a hospital, the school must get in touch with the home and get the consent of the parent, but if, as happened recently, there is no one at the home, then the principal must act on the advice of the physician. The parent then is reached at the earliest possible moment and given full and complete information regarding the case.

The School Committee feels that under these repeated instructions of the Superintendent, the child is protected and the parent is given the consideration to which he is entitled.

Respectfully yours,
ELLEN M. CRONIN, Secretary.

Placed on file.

NUMBER OF WELFARE CASES IN EACH WARD.

The following was received:

City of Boston,
Office of the Mayor, December 28, 1938.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Executive Director of the Overseers of the Public Welfare relative to your order of December 5, 1938, concerning the number of welfare cases in each of the twenty-two wards of Boston.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Overseers of the Public Welfare, December 27, 1938.

REMOVAL OF TRACKS FROM CHELSEA STREET.

The following was received:

City of Boston,
Office of the Mayor, December 27, 1938.
To the City Council.

Gentlemen,—I transmit herewith a letter from the President and General Manager of the Boston Elevated Railway Company relative to your order of November 28, 1938, concerning the removal of the tracks from Chelsea street, from Bunker Hill street to the Chelsea Bridge.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston Elevated Railway,
December 23, 1938.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—In reply to your letter of November 29, with order of the City Council, I would say that it is the usual practice to remove unused tracks in connection with the reconstruction of streets in which the tracks are located. We have no objection to the removal of the tracks from Chelsea street, between Bunker Hill street and the Chelsea Bridge, but desire to call your attention to the fact that under the law we would be under no obligation to pay any part of the expense of resurfacing the street.

Very truly yours,
EDWARD DANA,
President and General Manager.

Placed on file.

INFORMATION RE OLD HARBOR VILLAGE.

The following was received:

City of Boston,
Office of the Mayor, December 24, 1938.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Executive Director of the Boston Housing Authority relative to your order of December 5, 1938, concerning information relative to Old Harbor Village.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston Housing Authority,
December 21, 1938.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—The following information is sent you in reply to your request of December 7, 1938, relative to City Council order of December 5, 1938:

"Ordered, That the Boston Housing Authority, through his Honor the Mayor, be requested to advise the City Council at once: (1) the official date when the first tenant moved into Old Harbor Village; (2) the number of apartments now rented; (3) the number of tenants who have moved out since the project was first opened; (4) the number of apartments vacant as of December 1, 1938."

The questions are answered in the order asked.

1. The first tenant moved into Old Harbor Village on April 28, 1938.

2. There were 980 apartments occupied as of December 1, 1938.

3. Five tenants have moved out of Old Harbor Village since the project was first occupied.

4. There were thirty-six unoccupied apartments as of December 1, 1938.

This information was communicated to the Executive Committee of the City Council by Mr. John A. Breen, Chairman of this Authority, when he appeared before that body on December 19, 1938.

Respectfully,
FRANCIS X. LANE,
Executive Director,
For the Authority.

Placed on file.

EVICTON PROCEEDINGS, OLD HARBOR VILLAGE.

The following was received:

City of Boston,
Office of the Mayor, December 27, 1938.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Executive Director of the Boston Housing Authority relative to your order of December 12, 1938, concerning the institution of no eviction proceedings against tenants at Old Harbor Village.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston Housing Authority,
December 21, 1938.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This letter is sent you as a matter of record concerning the following order passed in the City Council December 12, 1938.

"Ordered, That until the next meeting of the City Council, the Manager at Old Harbor Village through His Honor the Mayor and the Boston Housing Authority, be requested to institute no eviction proceedings against any tenants at Old Harbor Village."

You are advised that Mr. John A. Breen, Chairman of this Authority, appeared before the Executive Committee of the City Council on Monday, December 19, to fully discuss the subject matter of this order.

Respectfully,
FRANCIS X. LANE,
Executive Director,
For the Authority.

Placed on file.

W. P. A. RECREATIONAL PROJECT.

The following was received:

City of Boston,
Office of the Mayor, December 24, 1938.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Executive Director of the Public Welfare Department relative to your order of December 5, 1938, concerning the transfer of funds to continue the W. P. A. Recreational Project for the balance of the year.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Overseers of the Public Welfare,
December 16, 1938.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—In reply to your memorandum dated December 7, 1938, with an order from the City Council attached, regarding transfer of funds to continue the W. P. A. Recreational Project for the balance of the year, funds have already been made available for this purpose.

Very truly yours,
WILLIAM G. O'HARE,
Executive Director.

Placed on file.

CHANDLER'S POND, BRIGHTON.

The following was received:

City of Boston,
Office of the Mayor, December 24, 1938.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Boston Park Department Chairman relative to your order of December 15, 1938, concerning

the establishing of a bathing surface, skating rink and recreational center at Chandler's Pond in Brighton.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, December 19, 1938.

Hon. Maurice J. Tobin,
Mayor of Boston.
Dear Mr. Mayor,—I have your memorandum of December 15, with inclosure, order from the City Council that the Park Department establish a bathing surface, skating rink and recreational center at Chandler's Pond in Brighton.

Please be informed, by direction of his Honor the Mayor, this department is preparing plans for the beautification of this area—providing a skating pond, children's corner, mothers' rest, etc. No bathing beach will be constructed, owing to the danger of pollution of the waters, and as soon as we can definitely determine whether there is any claim on this land, the project for these improvements will be forwarded. Cross-sections of the area are being taken at the present time.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

LEASING OF EAST BOSTON AIRPORT.

The following was received:

City of Boston,
Office of the Mayor, December 24, 1938.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Boston Park Department Chairman relative to your order of December 5, 1938, concerning the leasing and renting of the East Boston Airport.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, December 19, 1938.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—I have received a memorandum from your office with inclosure, order from the City Council that this department be requested to forward certain information relative to the leasing and renting of the East Boston Airport.

I take pleasure in forwarding the requested information with the exception of Question 4, relative to contract between the State and the City of Boston. These contracts are in this office and are open for inspection any time.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

City of Boston,
Park Department, December 13, 1938.

Placed on file.

TRAFFIC CONGESTION, WARD 6.

The following was received:

City of Boston,
Office of the Mayor, December 24, 1938.
To the City Council.
Gentlemen,—I transmit herewith a letter from the Boston Traffic Commission Chairman relative to your order of December 12, 1938, concerning some method to relieve the present congested traffic condition at the junction of Dorchester avenue and Broadway, Ward 6.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, December 20, 1938.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated December 12, 1938, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to devise some method to relieve the present congested traffic condition at the junction of Dorchester avenue and Broadway, Ward 6."

There have been several suggestions made regarding the easing of traffic at the above intersection. One to continue Foundry street under West Fourth street to Dorchester avenue; another to continue Foundry street and cut across the vacant lot at the corner of Dorchester avenue and West Fourth street, and the third to widen Dorchester avenue from West First street to Old Colony avenue, and the fourth to purchase the land at the corner of Macallen street and Dorchester avenue, now occupied by an old brick building which contains a restaurant.

The first one is impractical on account of the nearness of the subway roof to the surface, which would prevent excavation much below the surface. The second would just transfer the bad condition which is now at the corner of Macallen street and Dorchester avenue to the corner of West Fourth street and Dorchester avenue. The third, which is the best one, would require expensive land-takings and is questionable whether or not the finances of the city would permit it at the present time. The fourth one would be the least expensive of all of them and would give considerable relief by allowing the release of two lanes of traffic through a right turn into Dorchester avenue. The purchasing of this corner would be in line with scheme No. 3 when the time comes to the city to make land-takings for the widening of Dorchester avenue.

Respectfully yours,
WILLIAM P. HICKEY,
Commissioner.

Place on file.

ONE-WAY TRAFFIC, CHARLESTOWN BRIDGE.

The following was received:

City of Boston,
Office of the Mayor, December 24, 1938.
To the City Council.

Gentlemen,—I transmit herewith a letter from the chairman of the Boston Traffic Commission relative to your order of December 5, 1938, concerning the establishing of one-way traffic over the Charlestown Bridge, from Boston to Charlestown, and one-way traffic on the Warren Avenue Bridge, from Charlestown to the North Station.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, December 20, 1938.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated December 5, 1938, which reads as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to establish one-way traffic over the Charlestown Bridge, from Boston to Charlestown, and one-way traffic on the Warren Avenue Bridge, from Charlestown to the North Station."

This contemplates a major change in traffic and before a recommendation can be made a rather lengthy survey will be necessary. On the completion of this survey, a report will be submitted to you.

Respectfully yours,
WILLIAM P. HICKEY,
Commissioner.

Place on file.

EASTERN MASSACHUSETTS RAILWAY BUSES AT HAYMARKET SQUARE.

The following was received:

City of Boston,
Office of the Mayor, December 24, 1938.
To the City Council.

Gentlemen,—I transmit herewith a letter from the chairman of the Boston Traffic Commission relative to your order of December 12, 1938, concerning the buses operated by the Eastern Massachusetts Railway when entering their terminal at

Haymarket square, that they be compelled to use the circle which was placed in this section in order that traffic might move more uniformly and for the purpose of avoiding traffic tie-ups and accidents.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, December 20, 1938.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated December 12, 1938, which reads as follows:

"Ordered, That his Honor the Mayor direct the Boston Traffic Commission to arrange to have buses operated by the Eastern Massachusetts Railway, when entering their terminal at Haymarket square, that they be compelled to use the circle which was placed in this section in order that traffic might move more uniformly and for the purpose of avoiding traffic tie-ups and accidents."

Buses of the Eastern Massachusetts Street Railway and the Boston Elevated make a left turn from Cross street against the traffic in the traffic circle at Haymarket square. This movement is illegal but was suggested by the Traffic Bureau of the Police Department because they believe that keeping of buses from making the complete turn around the traffic island would not only assist the bus movement but would also assist the movement of traffic.

A plan is being prepared in this office for the construction of a bus roadway to be built approximately where the street car track now cuts across the traffic island. We believe that if the Elevated and the Massachusetts Street Railway will pay for this construction that it will make a good place to stop their buses, lay-over buses, and save them a great deal of time by cutting out additional movement around the entire circle.

A report will be made relative to the suggestion we are offering to the street railway companies as soon as possible.

Respectfully yours,
WILLIAM P. HICKEY,
Commissioner.

Place on file.

TRAFFIC SITUATION, CHELSEA STREET.

The following was received:

City of Boston,
Office of the Mayor, December 24, 1938.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Boston Traffic Commissioner relative to your order of November 28, 1938, concerning the making of a survey of the hazardous traffic situation on Chelsea street, between Bunker Hill street and the Chelsea Bridge, with the view of arranging for some means of separating the highway into traffic lanes.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, December 20, 1938.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated November 28, 1938, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to make a survey of the hazardous traffic situation on Chelsea street, between Bunker Hill street and the Chelsea Bridge, with the view of arranging for some means of separating the highway into traffic lanes, and thereby curtail the large number of accidents now prevalent at this point."

I assume that Coun. Galvin is interested in having a narrow island built in the center of Chelsea street, from Bunker Hill street to the Chelsea North Draw, so that it would divide the roadway into a double-barreled highway.

The present Chelsea street viaduct, between the Chelsea North and the Chelsea South Bridge, has a 45-foot roadway. A 3½ or 4 foot island constructed in the center of this roadway would assist materially in channelizing traffic across this high-speed viaduct. At the present time, the City of Boston maintains roadway surface of this viaduct and the Boston & Maine Railroad maintains the remainder of this structure.

Mr. Shugrue, division engineer of the Boston & Maine Railroad, in charge of bridges, has been contacted and he believes that if the city should construct an island of this sort on this viaduct that the railroad company should be relieved or compensated for any additional money they would have to spend in repairing the steel structure of this viaduct.

The matter of constructing this island will be gone into more fully and a further report will be submitted on our recommendations.

Respectfully yours,
WILLIAM P. HICKEY,
Commissioner.

Place on file.

SHUTTING OFF WATER DURING HOLIDAYS.

The following was received:

City of Boston,
Office of the Mayor, December 24, 1938.
To the City Council.
Gentlemen,—I transmit herewith a letter from the Public Works Commissioner relative to your order of December 12, 1938, concerning the suspension of the present system of shutting off water for unpaid water bills during the holiday season.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
December 23, 1938.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I have copy of the following order that was passed in the City Council on December 12, 1938:

"Ordered, That his Honor the Mayor be requested to instruct the Commissioner of Public Works to suspend the present system of shutting off water for unpaid water bills during the holiday season."

I have issued instruction that the present Flow Reduction Campaign be discontinued until January 7, 1939.

I recommend that this order be approved.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Place on file.

TRANSFER FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, December 27, 1938.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the transfer of the sum of \$2,227.97 from the income of the George F. Parkman Fund to the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1939.

I submit herewith an appropriation order and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, December 21, 1938.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners you are hereby respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$2,227.97 which is now available, to be expended under the direction of the Board of Park Commissioners, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance
and Improvement of..... \$2,227.97

When making up the budget estimates for the year 1938, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1938, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Ordered, That the sum of \$2,227.97 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance
and Improvement of..... \$2,227.97

The order was passed, yeas 19, nays 0.

The communication of the Mayor was placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Frank D. Aleo, for refund on refuse tickets.

Elmer R. Crawford, to be reimbursed for execution issued against him.

Daniel T. Donahue, for compensation for injuries caused by city car.

John P. Finnegan, to be reimbursed for execution issued against him.

Edward H. Gallagher, for compensation for damage to car caused by an alleged defect at New Heath street and Columbus avenue.

William Gordon, to be reimbursed for fee paid for sightseeing automobile.

Charles R. Haid, for reimbursement for judgment issued against him.

John S. Ingham, for compensation for damage to car caused by an alleged defect at 529 Commercial street.

Lewis Kasanof, for compensation for damage to car by city car.

Rosella Larkin, for compensation for injuries caused by an alleged defect in Walk Hill street.

Edwin S. Macgregor, for compensation for damage to coat caused by an alleged defect at Tremont street and Temple place.

Alton F. Malone, for compensation for injuries caused by an alleged defect at 51 Chardon street.

Harold J. McQuin, for compensation for damage to car by city truck.

William A. McVay, for compensation for damage to car caused by an alleged defect in Chelsea North Bridge.

Joseph O'Donnell, for compensation for damage to property at 1123 and 1125 Columbus avenue, caused by bursting water main.

Anna Palermo, for compensation for injuries caused by an alleged defect at Haymarket square.

J. S. Rosenbloom, for compensation for damage to property at 167 Cambridge street, caused by break in sewer pipe.

Mary Scanlan, for compensation for injuries caused by an alleged defect at 470 Atlantic avenue.

Joseph Scaramella, for compensation for damage to car caused by an alleged defect at 348 Warren street.

Lawrence M. Tilton, for compensation for damage to car by city truck.

United States Couter and Shank Company, Inc., for compensation for damage to car by city wagon.

Louisa Little Whitelock, for compensation for damage to car by fire engine.

Committee on Jitney Licenses.

Petition of Boston Elevated Railway for license to operate motor vehicles between junction of North Beacon street and Market street and Oak square, Brighton, over Market street, Faneuil street and Oak square, together with and including a loop over Hobart street, Brooks street and Faneuil street in either direction.

Petition of Canton & Blue Hills Bus Line for license to operate motor vehicles from Boston and Milton line at Mattapan square to Rapid Transit Terminal of Boston Elevated Railway, a distance of about one-eighth of a mile.

APPOINTMENT OF REV. THOMAS R. REYNOLDS.

Notice was received from the State Board of Housing of appointment as its representative member of Boston Housing Authority, for term of five years from December 23, 1938, of Rev. Thomas R. Reynolds, 33 Stanton street, Dorchester. Placed on file.

APPROVAL OF TAX TITLE LOAN.

Notice was received from the Emergency Finance Board of vote passed December 20, 1938, approving tax title loan of City of Boston for \$1,500,000, notes to bear interest at one per cent payable at maturity, proceeds of said loan to be used for purpose of meeting outstanding revenue loans.

Placed on file.

MINORS' LICENSES.

Applications were received for minors' licenses from four newsboys. Licenses granted under the usual conditions.

TAKING OF LAND BY METROPOLITAN DISTRICT COMMISSION.

Notice was received from the Metropolitan District Commission of taking of land at Mt. Vernon street for purpose of road improvements on Old Colony Parkway near Columbia Circle, for Columbia Circle underpass.

Placed on file.

APPOINTMENT OF ANDREW J. DAZZI.

Notice was received from the Mayor of appointment of Andrew J. Dazzi of 125 Church street, West Roxbury, to be a member of the Board of Commissioners of School Buildings for term ending December 1, 1941.

Placed on file.

CONFIRMATION OF APPOINTMENTS.

President KERRIGAN called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor December 19, 1938, of H. Bloom, Primo

Barile, William N. Burns, Walter T. J. Keddy, Robert Perkins and Fred Holway, to be Weighers of Coal.

The question came on confirmation. Committee, Coun. Irwin and Sullivan. Whole number of ballots 16, yeas 14, nays 2, and the appointments were confirmed.

ROBERT WHITE FUND INCOME AND HEALTH UNIT IN DORCHESTER.

Coun. WILSON offered the following:

Ordered, That the trustees of the George Robert White Fund be requested, through his Honor the Mayor, to advise the City Council the total amount of annual income of said fund accrued during each of the past four calendar years and as yet unexpended.

Ordered, That the trustees of the George Robert White Fund be requested, through his Honor the Mayor, to consider the early advisability of constructing a Health Unit in the Central Dorchester District.

Coun. WILSON—Mr. President, I am very sure the various members of the Council will be interested in those orders, for obvious reasons. In previous years councilors representing various outlying wards of the city, including representatives from Dorchester, have been interested in the Parkman Fund income, having in view the fact that something of importance, coming within the provisions of the will, might be done for their sections of the city as well as for the intown sections. We feel strongly out in Dorchester, having no hospital accommodations there now, that, considering the treatment that has been accorded other sections, at least one health unit should be located in that district, comprising five wards of the city. It is true, of course, that when such a unit is provided through the White Fund the cost of maintenance is a substantial burden on the city. But it is a thing very much needed, and I believe that such a unit should be established in the Dorchester district from the White Fund. I understand that the income from the fund has collected year after year. The Prado, a beautiful park, has been constructed, and other projects are under consideration, and it does seem that now is the time to call the importance of health units to the attention of the trustees and the Mayor. Even though it means a burden on the city for maintenance, I still feel that that growing section, a section which can be grouped as one of the growing sections of the city with West Roxbury and Hyde Park, is entitled to consideration in this matter. There obviously is sufficient money in the White Fund to construct such a unit, and I believe the Mayor and the trustees of the fund should give the matter very careful consideration at this late date and recognize the five Dorchester wards in this way.

Coun. ROSENBERG—Mr. President, speaking on the order presented by Councilor Wilson, I wish to say that I, as well as other councilors from the district, have done everything possible, at one time and another, to get money from the White Fund for the erection of a youth center in Franklin Park in the immediate vicinity of Talbot and Blue Hill avenues in the Dorchester district. I have communicated with the trustees of the White Fund on several occasions and feel that this is perhaps the most opportune time for the trustees to consider the needs of the Dorchester district, which has not received any money from the White Fund. Certainly, the people of Dorchester deserve some consideration, either in the way of a health unit or the erection of a youth center for the benefit of residents of the district.

The orders were passed under suspension of the rule.

CIGARETTE VENDING MACHINES.

Coun. WILSON offered the following:

Ordinance Concerning the Sale of Cigarettes or Tobacco by Vending Machines.

Be it ordained by the City Council of Boston, as follows:

Section 1. No person shall vend or sell cigarettes, cigars or tobacco by the use of automatic vending machines or locate, install, keep, maintain or use, or permit the location, installation, keeping, maintenance or use upon his premises of any vending machine, automatic vending machine, or coin controlled, or coin operating machine, or other mechanical device used or engaged to be used for the sale of distribution of cigarettes, cigars or other tobacco products by such method until said person has obtained a license therefor, granted by the Mayor and the City Council.

Section 2. Such licenses shall contain a copy of the rules and regulations established by the City Council with the approval of the Mayor, shall be for the term of one year from the date of issue, and the license fee shall be _____ dollars for each such vending machine, automatic vending machine or coin controlled, or coin operating machine or other mechanical device used or engaged to be used for the sale or distribution of cigars, cigarettes or other tobacco products by such method. Each licensee agrees to be bound by the

rules and regulations set forth in the license, and violation thereof shall be cause for immediate revocation.

Section 3. Any person violating the provisions of section one hereof shall, upon conviction, be subject to a penalty not exceeding twenty dollars for each offense.

Ordinance Prohibiting the Sale of Cigarettes or Tobacco by Vending Machines.

Be it ordained by the City Council of Boston as follows:

Section 1. No person shall vend or sell cigarettes, cigars or tobacco by the use of automatic vending machines or locate, install, keep, maintain or use, or permit the location, installation, keeping, maintenance or use upon his premises of any vending machine, automatic vending machine, or coin controlled, or coin operating machine, or other mechanical device used or engaged to be used for the sale or distribution of cigarettes, cigars or other tobacco products by such method.

Section 2. Any person violating the provisions of section one hereof shall, upon conviction, be subject to a penalty not exceeding twenty dollars for each offense.

Coun. WILSON—With reference to cigarette vending machines, I have in mind that the Council in executive session might consider the proposed ordinance either to bar from Boston such machines—the original purpose of my order—or to have them adequately licensed. I understand that the Law Department has filed, in accordance with my request, a certain form of ordinance, and I trust that the Council will consider the matter in executive session.

The ordinances were referred to the Executive Committee.

FUND RAISED IN TAXICAB SITUATION.

Coun. WILSON offered the following:

Whereas, Newspaper reports of statements made at a hearing held before the City Council Committee on Public Safety on December 28, 1938, suggest (1) that four members of the City Council talked with one Miller concerning a rumor that \$10,000 had been raised as a fund to influence Council action in the taxicab situation, and (2) that one member of the Council talked on the telephone with one Naymie stating that four other councilors had received presents just before Christmas; now therefore be it

Resolved, That if any member or members of the City Council have any personal knowledge of any such conversations or reports, such member or members at once advise the City Council in detail concerning the same.

Coun. WILSON—Mr. President, I don't want to be misunderstood with reference to that resolution. Although a member of the committee that held the hearing yesterday, I wish to state that, because I had been under the weather for a few days. I was not present at the hearing, which, in view of the developments that took place, was perhaps fortunate, because I am now able, because of that fact, to place myself in the position of the general public. The only reaction I have, therefore, and the only impression I can gather in regard to the hearing are from the same sources that the public impression has been gathered,—that is, from reading the morning papers; because neither I nor the public were present at the hearing or had first-hand knowledge of what occurred. I read the morning papers, however. I realize of course, that from reading headlines, without carefully reading the story under the headlines, one frequently gets a wrong impression. But from reading not only the headlines but the articles themselves, I gathered that no member of the Council had solicited payments or had done anything of an illegal nature so far as anything that appeared in the hearing was concerned. It did seem, however, that if the newspaper reports are correct, members of the Council had, for one reason or another, talked with officials of the taxicab company. I don't think the matter necessarily calls for investigation by the District Attorney, the Finance Commission or any other body. I believe it is incumbent on the City Council to clean its own house, and I use those words without intending to imply anything objectionable of any member of the Council. I think if any members of the Council were correctly referred to in this matter yesterday, they owe it not only to the members of the Council as a whole but to themselves as individuals, upon this resolution being sent to the Executive Committee, to tell the Council just exactly what happened, which led to the statement made in the committee hearing. I say, again, that the resolution is offered with no disrespect to any member of the Council, but after reading the morning papers and getting the same reaction that any member of the public would get from reading those papers as I did, it seems to me the fair and proper thing to do is to clean our own house, and if there was the contact referred to in the committee hearing with any members of the Council, I feel that those members should in Executive Committee today explain to the rest of the Council the basis, if any, for the remarks made in yesterday's committee meeting.

Coun. NORTON—Mr. President, every few years this same thing happens. A few years ago we had the baseball scandal, and there have been at times scandals connected with land deals.

There is one body that, under the law, has the power to investigate such matters. Each member of this Council, whether he likes it or not, is under a cloud as the result of the charges made. Under the law there is one organization that has the power specifically to investigate such a situation, and that is the Boston Finance Commission. Therefore, in what I believe is the interest of every member of the body, I am going to introduce a resolution to the effect that we ask the Boston Finance Commission to investigate this entire situation. They have a power that we do not have, to summon anybody connected with this taxicab matter and place them under oath. There is one body that has that power, and that is the Boston Finance Commission. I am, therefore, going to introduce an order to ask the Boston Finance Commission to make the so-called investigation, with a view to clearing each member of the cloud which he is now under as a result of what was stated in the Committee on Public Safety relative to the taxicab situation.

Coun. CHASE—Mr. President, as a member of the Committee on Public Safety I was one of the councilors who suggested and insisted that the representatives of the I. T. O. A. at yesterday's meeting tell our committee the names of the councilors referred to, who were alleged to have made this representation to a I. T. O. A. taxi representative. There is considerable confusion about the whole matter. The representatives of the Independent Taxi Company denied that such representations were made to them, and it was only after the severest cross-examination by our committee that they finally acknowledged that some four members of our body talked to them. I felt at that time, and I feel now, that in justice to the members of the City Council the representative of the I. T. O. A. should come out in the open and name the men who allegedly made representations to them. This is a cloud on the entire membership of the City Council and I, for one, deeply regret that such a situation has arisen. I have been a member of this body for only about a year, and I have worked hard and honestly endeavored to do everything I could for the benefit of the majority of the people of Boston. I have been under pressure on more than one occasion. For instance, while the housing proposition was before us, which involved an expenditure of \$19,000,000, I insisted that this Honorable Body should be given more time to weigh the matter, due to the fact that it was such a huge proposition, and one upon which we were not given time for proper consideration. But that laid me open to attack by the C. I. O. and others, including the Communist Party of Massachusetts. I have a letter here giving an idea of the pressure with which men in public office have to contend, and I am going to read it. The public has received only one side of this story, and I insist that they shall receive the other side. This is something that I have received from the Communist Party.

"Ward 4 Betrayed."

President KERRIGAN—The councilor is out of order.

Coun. CHASE—This may be a little out of order. Nevertheless, something is involved that the Council is interested in, and I insist that it be read into the record.

President KERRIGAN—Out of order. The order is referred to the Executive Committee.

INVESTIGATION BY FINANCE COMMISSION OF TAXICAB CHARGES.

Coun. NORTON offered the following:

Ordered, That the Boston Finance Commission be requested to investigate the so-called taxicab scandal.

Referred to Executive Committee.

Coun. FITZGERALD—Mr. Chairman, what action was taken on that order?

President KERRIGAN—It was referred to the Executive Committee.

Coun. NORTON—If you would like, councilor, I would like to have a vote taken upon the order right here and now.

President KERRIGAN—The Chair will state that both Councilor Wilson's and Councilor Norton's order have been referred to the Executive Committee.

Coun. NORTON—Mr. President, is there any objection to voting on my order now?

President KERRIGAN—The Chair has referred the order to the Executive Committee. It will be reported upon later in the day.

RELOCATION OF TRAFFIC LIGHT SIGNALS.

Coun. ROSENBERG offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to consider the advisability of removing automatic traffic signal lights from locations in the city proper which are covered by traffic officers and relocating the same at dangerous intersections in the suburban sections of the city where they are most needed.

Coun. ROSENBERG—Mr. President, we find in the heart of the City of Boston, particularly along Washington and Tremont streets, automatic

traffic signal lights that are really unnecessary, because those streets are already amply covered by police officers. As a general rule, in such congested streets in the heart of the city, traffic lights, where there are also police officers, really interfere with the flow of traffic. That has been demonstrated recently by remarks made by members of the Police Department before the City Council Committee on Traffic Conditions. It seems clear that such lights in places already adequately covered by the police are really impeding downtown traffic in Boston, that if we did not have the lights on such streets we would not have the trouble that we are now having. At a recent meeting I asked his Honor the Mayor to confer with the Police Commissioner and see if something could not be done to increase the number of such traffic lights in the suburban sections, where we do not have the traffic officers that we have in town. We need such lights at bad intersections in the outlying districts. I have in mind an Avalon street intersection in Dorchester where we now have a heavily traveled thoroughfare and a place where people have been injured and killed. There is also Woodrow avenue, Blue Hill avenue and other streets in the suburban sections of Boston, where additional safety would be provided by traffic lights. I trust, therefore, that the Mayor will be able to make arrangements, through the Traffic Commissioner, so that the useless lights in the downtown business section of Boston may be removed, where there are traffic officers to guide the traffic, and that such lights can be used in places in the suburbs where they are really needed, and where there are no officers.

The order was passed under suspension the rule.

TAXATION OF FOREIGN CORPORATIONS.

Coun. ROSENBERG offered the following:

Ordered, That the Board of Assessors be requested, through his Honor the Mayor, to inform the City Council whether a foreign corporation doing business in Boston is taxed by the Commonwealth, and if so taxed, what proportion of the tax collected is returned to the City of Boston.

Passed under suspension of the rule.

YOUTH CENTER, FRANKLIN PARK.

Coun. ROSENBERG offered the following:

Ordered, That his Honor the Mayor be requested to confer with the Park Commissioner and the W. P. A. authorities relative to the securing of an outright grant for the purpose of erecting a Youth Center in Franklin Park in place of the Locker Building which is now there.

Coun. ROSENBERG—Mr. President, I have at times requested the trustees of the George White Fund to erect either a Health Unit or a Youth Center at Franklin Field, but without effect so far. I feel, however, now that we are about entering upon the new year, that it might be a proper time for the Mayor to consult with the W. P. A. authorities and the Park Commissioner with a view to procuring a City of Boston grant for the purpose of erecting a Youth Center in Franklin Park in place of the Locker Building that is now there.

The order was passed under suspension of the rule.

BUS, EGLESTON SQUARE TO BROOKLINE VILLAGE.

Coun. TAYLOR and ENGLERT offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company inform the Boston City Council why the bus service from Egleston square to Brookline Village has not been started although the application for the permit has been granted.

Coun. TAYLOR—Mr. President, this may not seem to be so important as some other things to some of the members of the City Council, but it is a question that is mighty important to the people of Wards 11 and 12. Many months ago the Boston Elevated made application, and a permit was granted, to operate buses from Egleston square to Brookline Village, because of the continual demand of the people residing in those districts for quicker and better transportation between those two points. I cannot understand why there has been such a delay. I was informed several months ago that such a bus line would start in the early part of September. Four months have now elapsed, and nothing has been done for the people of those districts. Such a bus line would mean a saving of half to three quarters of an hour to the residents of that section, who now must go to Dudley street and then transfer to Brookline. If this proposed bus line is put into operation it will mean only a five-minute ride from Egleston square to Brookline Village. I cannot understand why the trustees

have not taken action on this very important matter that concerns the people of these two districts.

The order was passed under suspension of the rule.

FUEL FOR RECIPIENTS OF OLD AGE ASSISTANCE.

Coun. CAREY offered the following:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to promptly inform the City Council as to the reason for the delay in delivery of fuel to recipients of Old Age or any other form of assistance.

Coun. CAREY—Mr. President, it is quite apparent that certain suppliers of fuel are being given business by the city to a greater extent than they are able to handle it. Now, business is one thing and consideration of the unfortunates is something else. I had a situation arise in my district during the past week where consideration of the fuel recipient was wholly disregarded. The case in question concerns an elderly lady who is a recipient of Old Age Assistance and she is now in the twilight of life, and she was left without heat for one week through what was nothing but gross negligence plus deceit. Her grandson mailed her order for oil to the County Coal Company on Wednesday, December 21. Not having received her oil on Saturday the grandson telephoned the office of the County Coal Company and was informed that the oil was on the way to her home. During all this time this elderly lady was herself confined to bed with illness. Last Sunday, Christmas Day, came and went and still her oil was not delivered. Yes, on Christmas Day, that day given up to happiness and good will and that day, in anticipation of which thousands who are more fortunate go out of their way in an endeavor to bring happiness and comfort to thousands less fortunate, and yet on Christmas Day this elderly lady is left without heat because of neglect and deceit. As a matter of fact the oil was not delivered to her until last Tuesday. I have introduced this order today because of the fact that last winter, on more than one occasion, complaints were made to me of what was unquestionably unreasonable delay in delivery of oil on the part of this same company. If the County Coal Company is unable to handle the business that is given to them they should so admit it. If they are to assume an independent attitude and in effect say, "Let these unfortunates wait for their oil and fuel," I say that the time has come when they should be given no more of the city's business. An investigation on the part of the Overseers of Public Welfare will be beneficial and I therefore ask that my order be passed.

The order was passed under suspension of the rule.

AGE OF REGISTERED VOTERS.

Coun. CAREY offered the following:

Ordered, That the Board of Election Commissioners be requested, through his Honor the Mayor, to insert the age opposite the name of each person on all future lists of registered voters published by the Election Department.

Coun. CAREY—Mr. President, I feel that that order is a good one, for the reason that candidates for office will be assisted, when they look at the list of registered voters, in seeing the age of the voter. It will tend to do away with certain practices that we hear about so often. I ask, therefore, for the passage of the order.

The order was passed under suspension of the rule.

LAND TAKINGS FOR FEDERAL HOUSING PROGRAM.

Coun. CHASE offered the following:

Ordered, That the Boston Finance Commission be requested to investigate all land takings made in conjunction with the Federal Housing Program in Boston.

Coun. CHASE—Mr. President, that order has been suggested to me because of what has been brought to our attention from time to time in regard to land takings made in conjunction with the Federal Housing Program in Boston. The fact is that different civic associations have complained, that people who are on welfare have complained, that people interested in the housing proposition are complaining, and in justice to all I feel that an investigation of such land takings is the only proper thing to do in cleaning up such situations as arose in this Council some few months ago. I was one of eleven members of the City Council who pleaded that we should be given more time to consider such a tremendous proposition, involving \$19,000,000 of the taxpayers' money in Federal housing. I was subjected to severe criticism from various sources, from every unrepentable person in Boston, from the Communist Party and the C. I. O., and many other people with whom I would not care to associate. I am curious to know why there should be such interest on the part of these elements in the community in Federal housing. The poor people of Boston do not benefit by this Federal housing, therefore why are these people so much interested in it?

I have something here that I think will open your eyes, something about which I feel the public in general should know. This will show to the City Councilors and to the people of Boston the unfair criticism that is hurled at councilors because they try to do their duty:

"Ward Four Betrayed."

Republican City Councilor Votes Against Housing Appropriation.

On Wednesday, October 9, the Boston City Council voted 11 to 9 against immediate acceptance of the Federal Government appropriation of \$19,000,000, for a low-cost housing program in Boston. After stalling for a week, eleven city councilors voted to postpone action until Monday, October 24.

Perlie Dyar Chase, Republican city councilor from Ward 4, was one of the eleven reactionaries who voted against this program, despite the fact that one of the housing projects was to be located in the South End area. Mr. Chase's statement, shedding false tears for "the real poor," was aimed to cover his betrayal of his Negro and white constituents, who would benefit from low-rent, modern apartments. The citizens of Boston, including us of the South End, voted overwhelmingly for the New Deal in 1936.

Does Mr. Chase represent us, or the real estate and banking interests?

The South End needs, and our citizens want a housing project in our community. It is not yet too late! Mr. Chase should be bombarded with letters, telephone calls, and delegations between now and Monday from individuals, unions, clubs and groups, in our ward. Mr. Chase can be convinced to vote 'Yes' on Monday.

This action of Mr. Chase, his fellow-Republicans, and several Tory Democrats on the City Council, is a cheap election maneuver to put a monkey wrench into the progressive social program of President Roosevelt and the New Deal. It is a good example of what the working people and small business men can expect from the Republican Party stooges of Big Business. With 100,000 unemployed Boston citizens, with slums and fire traps all over the South End, and Boston, all these 'Charlie McCarthys' for the big real estate men can do is quibble and stall.

The Ward 4 Branch of the Communist Party of Boston demands that Mr. Chase really represent his constituents of the South End by voting to accept the \$19,000,000 appropriation on Monday. We urge all citizens and organizations in our community to visit, telephone, or write Councilor Chase today.

South End Wants a Housing Project. Election Rallies.

MASSACHUSETTS STATE COMMITTEE COMMUNIST PARTY OF U. S. A."

Now, Mr. President, I have in mind that the Federal Housing issue was put on the ballot in four wards in Boston. I have in mind that the citizens of those four wards voted overwhelmingly against Federal Housing. I have in mind that the poor people of Boston do not benefit by the Federal Housing proposition.

I have in mind that these people, because I required at least proper time to consider the matter, accused me of representing the banking interests. I ask you, Mr. President, did I not state in my speech before the Council that I wished the thing held up because there were important considerations involved that required considerable study and attention? We had to find out how many poor people would benefit. Did I not allege that those on relief would not benefit, that those on W. P. A., would not benefit, that those getting Mothers' Aid would not benefit? Did I not ask for more time so that we might determine the feeling of the vast majority of the people of Boston and how they would be affected in the matter? I am sorry that it is necessary for me to rehash this story, but I am forced to do so because of the unfair criticism in the Boston papers; show to the public the unfair criticism to which members of the Boston City Council are subjected by the I. T. O. A. and other influences in this city, making statements that the entire body is doing something which is unjust. I would like to have the whole thing brought out into the open and the finger pointed at the people actually responsible for some of these things about which criticisms are made.

President KERRIGAN—The order is referred to the Executive Committee.

Coun. NORTON—Mr. President, I trust for the purposes of the record that you will allow me to make one statement. I have here the latest publication of the United States on the housing situation, and I would respectfully recommend it for reading by the members of the Council.

It gives an answer to the argument we recently saw in one of the Boston papers. Mr. President, we have 12,400 people on old age pensions in Boston today, some of them eighty years of age, some ninety years of age, and many of them living in cold homes with leaky roofs, homes that they are unable to heat during the winter season in Boston. I wish every member would understand that we have it within our power, with the Mayor, to appropriate \$150,000 of the \$3,000,000 now being paid for rent, which would be used for rentals in such projects as these cutting the average rental from \$20-odd a month to \$13. In doing that, we will reach the poorest of the poor in Boston. We should during the coming year use our strongest endeavors to see that something of that sort is done, and I would like to see this publication printed in our record, for the benefit of the councilor from Dorchester and also the councilor from the Back Bay.

Coun. WILSON—Mr. President, I am always willing to get additional light on the housing proposition, and I will accept with pleasure any literature that the gentleman can give to me. I would ask the councilor from Hyde Park, through the Chair, if he has some extra copies of the document he has referred to, to send them to the Mayor of the city of Everett. I was in Everett at a great public hearing last evening. There was talk there of putting through a million and a half dollar project. There were 1,000 signatures presented to the City Council against the proposed housing project, and the Council voted against it, and I learned for the first time from Mr. Carroll, who addressed the meeting in favor of housing, and if I am wrong Councilor Norton can check it up,—that the housing idea, after all, was not the brain child of President Roosevelt, but the idea of the late President Hoover. I know that President Hoover has done a lot of things in his day, but I heard last night for the first time that that housing idea should be pinned on Hoover. So I would ask that a copy of that housing document be sent to the Mayor of Everett, in view of his attitude on housing, and I would like also to pass on to him for his assistance the information that this is not a new idea of President Roosevelt's, but that it originated with President Hoover.

Coun. NORTON—I am glad to hear the gentleman state that the idea was originated by President Hoover.

Coun. WILSON—But you don't accept the statement as proof?

Coun. NORTON—Well, with a reservation.

Coun. SHATTUCK—Mr. President, I rise to a point of order, that the gentlemen are not addressing the Chair.

Coun. NORTON—Mr. President, I humbly apologize for any so-called indifference on my part. I am sure you understand that it is not to be charged to any intentional dereliction on my part, but simply arises because of the fact that Councilor Wilson and myself are so used to addressing each other that sometimes we forget. I am glad that the councilor from Ward 5 (Coun. Shattuck) called such an important matter of business to my attention! Now, Mr. President, when Hoover returned from Europe the first statement he made to the press was that America was far behind some of the European lands in the matter of slum clearance, and I might call to the councilor's attention, when he speaks of the meeting in Everett, that thousands in America have been against slum clearance. Providence, Rhode Island, voted against accepting a slum clearance program, even though it was found that there were twenty-five families there using one furnace, and in one block the sickness was three times what it normally should be. We feel that there will always be more or less objection to slum clearance, until the subject is properly brought to the attention of the American people. These things are all a matter of education and progress. If it were not for the work done by Horace Mann in the last century, in the matter of public school education, it might not be possible for me, or the likes of me, to stand here and properly represent our constituencies. My ancestor undoubtedly had greater natural ability than I have, but he was seriously handicapped because of the lack of a public school education. But the world moves on, education advances, and there is progress. It is so with this matter of slum clearance. Mayor LaGuardia of New York said in a national hook-up, that was reproduced in the New York Herald that he considered that the greatest progress this nation has made in recent years is along the line of housing, and I am sure that those opposed at the present time to slum clearance will favor it when we iron out some of the little wrinkles that are now in it. Thank you.

REPORT OF COMMITTEE ON CLAIMS.

Coun. HUTCHINSON, for the Committee on Claims, submitted the following report:

The Committee on Claims respectfully submits the following report showing the disposition of claims during the municipal year 1938:

Claims pending January 1, 1938.....	1,395
Claims received during 1938.....	615
Claims disapproved during 1938.....	360
Claims approved during 1938.....	113
Amount paid out on approved claims.....	\$3,380 10

Reimbursements (suits against city employees).....	58
Amount paid out on reimbursements.....	11,341 38

Total amount paid out on claims.....	\$14,721 48
--------------------------------------	-------------

Claims returned to Committee on Claims on which Statute of Limitations had expired.....	256
Claims pending December 31, 1938.....	1,223

For the Committee,
EDWARD A. HUTCHINSON, JR.,
Chairman.

Accepted and ordered printed.

FENCING OFF PARTS OF NEPONSET RIVER.

Coun. NORTON offered the following:
Ordered, That the Metropolitan District Commission, through his Honor the Mayor, be requested to make a study of the advisability of fencing off sections of the Neponset river where it flows through Hyde Park and other thickly congested residential areas, with a view to saving some of the children who are drowned yearly.

Coun. NORTON—Mr. President, in this order I am merely asking his Honor the Mayor to get in touch with the Metropolitan District Commission in this matter, with a view to remedying a very bad situation.

The order was passed under suspension of the rule.

CONGRATULATIONS ON MAYOR TOBIN'S RECORD.

Coun. NORTON—Mr. President, may I at our last meeting for 1938 make a statement in regard to our Mayor? There is one man who is entitled to a "Happy New Year" wish from this Council and the people of Boston, and that is Mayor Tobin. Under him we have just witnessed, during his first year in office, the most honest administration of the city's affairs since the days of the late lamented Patrick A. Collins, an outstanding Mayor. During the past twelve months waste and extravagance of the people's money have been practically unknown in a city that virtually reeked with those two elements in the past. This is the first year in many a day that our Mayor's name has not been connected with an Exchange street scandal, a two-million dollar snow-removal disgrace or a White Fund episode that involved the wasting of money left for the sick poor of Boston. I congratulate the honest Mayor Tobin on his first year's record. The multitude who supported him in his campaign can rightfully rejoice. He truly represents the oncoming generation of youth in high public office. If his coming years in public office are as honorable as his first one, he will go far in the service of his state and nation. It is a distinct privilege for one who has fought more Mayors over a long period of years than any other member of this body, to stand here at this propitious hour and make that statement.

RECESS.

The Council voted at 3.23 p. m., on motion of Coun. MURRAY, to take a recess subject to the call of the Chair. The members reassembled and were called to order by President KERRIGAN at 4.50 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. WILSON, for the Executive Committee, submitted the following:

1. Report on ordinance (referred today) licensing vending machines for sale of cigarettes or tobacco—recommending reference to Committee on Ordinances.

Report on ordinance (referred today) prohibiting use of vending machines for sale of cigarettes or tobacco—recommending reference to Committee on Ordinances.

The report was accepted and the ordinances were referred to the Committee on Ordinances.

2. Report on order (referred today) that Boston Finance Commission be requested to investigate the so-called taxicab scandal—that same ought to pass.

Report accepted; said order declared passed.

Coun. MURRAY asked for a roll call.
The order was passed by roll call, yeas 21, nays 0.

3. Report on resolve (referred today) re information concerning fund \$10,000 raised to influence Council action on taxicab situation—that same ought not to pass.

Coun. WILSON—Mr. President, speaking on that resolution,—on which I request a roll call,—I repeat what I previously stated, that, in my opinion, if there is any member of the Council who has any knowledge of any statement purported to have been made yesterday in the Committee on Public Safety, he, of course, is morally bound to enlighten the members of the Council as to the facts that are in his possession. If any member of

the Council having such knowledge complies with the purpose of the resolution, there would be no need of passing the resolution. For that reason, I ask for a roll call.

Coun. AGNEW—Mr. President, I move that the matter lie on the table.

Coun. WILSON asked for the yeas and nays on the motion to lay on the table.

The roll was called, and the Council voted to lay the resolution on the table, yeas 12, nays 8:

Yeas—Coun. Agnew, Englert, Fish, Galvin, Harris, Irwin, Kelly, Kerrigan, Langan, Murray, Rosenberg, Sullivan—12.

Nays—Coun. Carey, Chase, Fitzgerald, Lyons, Norton, Shattuck, Taylor, Wilson—8.

REPORT OF COMMITTEE ON FEES AND LICENSES.

Coun. GALVIN, for the Special Committee on License Fees, submitted the following report on ordinance (referred November 21) for revision of fees—recommending passage of accompanying new draft, viz.:

REPORT OF SPECIAL COMMITTEE ON FEES AND LICENSES.

The Special Committee on Fees and Licenses, to whom was referred on November 21, 1938, the message of his Honor the Mayor, inclosing report of the Survey Committee appointed to consider a revision of existing fees and licenses, herewith reports, in so far as fees requiring City Council action are concerned, the following:

BUILDING DEPARTMENT.

The committee reports in favor of the proposed fees in the Building Department, as against the present fees, as follows:

Building Law Appeals.

\$15 instead of \$10.

Zoning Law Appeals.

\$25 as against the present fee of \$15.

Licensing of Gasfitters.

\$25 as against the present fee of \$15.

COLLECTING DEPARTMENT.

The committee recommends the proposed fee of \$2.50 as against \$1.00, the present fee for lien certificates.

HEALTH DEPARTMENT.

The committee recommends the proposed fee of \$5.00 per truck as against \$1.00 per truck on collection of grease; the proposed fee of \$5.00 per truck as against the present fee of \$2.00 per truck on collection of garbage, the proposed fee of \$1.00 for each location and vehicle in connection with the sale of milk and oleomargarine, as against the present fee of fifty cents; the proposed fee on peddlers of \$10 for sales in the market district and \$5.00 for sales in other parts of the city as against the present fee of \$5.00; the proposed annual fee of \$100 for all slaughtering houses, for slaughtering of animals, as against the present fee of \$1.00; the proposed annual fee of \$25 instead of the present fee of \$1.00 on offensive trades.

LICENSING BOARD.

The committee recommends the proposed fee of \$25 for innholders who do not have a liquor license, and \$5.00 where innholder holds a liquor license, as against the present fee of \$5.00; a fee of \$2.00 instead of the present fee of \$1.00 on beverages, per location; a fee of \$7.50 for common victualers whether liquor is, or is not, served, instead of the present fee of \$5.00.

STREET LAYING-OUT DEPARTMENT.

Illuminated Signs.

The committee recommends the proposed fee of \$3.00 for twenty square feet or less; \$5.00 up to forty square feet; ten cents per square foot in excess of forty square feet; no illuminated sign to project over the highway for more than five feet without an additional charge of \$1.00 per linear foot, or fraction thereof; the fee in no case to exceed \$100.

Marquees.

The committee recommends the proposed fee of \$10 for twenty linear feet, or less; ten cents per linear foot, or fraction thereof; all other signs \$2.00 per year. The fee in no case to exceed \$100, and it is also agreed that the fees for both illuminated signs and marquees at the same location shall, in no case, total more than \$100.

Plain Signs.

The committee recommends that on plain cloth or canvas signs the proposed fees shall be twenty cents per square foot per month, or fraction thereof; all other signs \$2.00 per year, in place of the present fee of \$1.00.

Street Stands.

The committee recommends on street stands the proposed maximum fee of \$300 instead of the present maximum fee of \$100.

Gasoline and Inflammable Fluids.

The committee recommends the proposed fee on gasoline and inflammable fluids in place of the present fee of \$1.00 as follows: Structures with a storage capacity of 1 to 500 gallons, \$5.00; 501 to 2,500 gallons, \$7.50; 2,501 to 5,000 gallons, \$10;

5,001 to 10,000 gallons, \$20; 10,001 to 50,000 gallons, \$40; 50,001 to 100,000 gallons, \$75; 100,001 to 1,000,000 gallons, \$125; 1,000,001 to 5,000,000 gallons, \$250; 5,000,001 gallons and over, \$500.

WEIGHTS AND MEASURES DEPARTMENT.

The committee recommends the following proposed fees: On scales with a weighing capacity of 100 to 5,000 pounds, \$1.00 instead of 50 cents; on scales with a weighing capacity of 5,000 to 10,000 pounds, \$2.00 instead of \$1.00; on scales with a weighing capacity of more than 10,000 pounds, \$3.00 instead of \$2.00; on all other scales and balances twenty-five cents instead of ten cents; on all weights and other measures, except measuregraphs and liquid measures over one gallon, ten cents instead of three cents; on personal weighing machines, \$1.00 instead of fifty cents.

The committee feels that the fees here recommended represent a general consensus of opinion, with slight deviations one way or the other, of those who appeared before the committee; also that if any inequality or unevenness, which should be corrected, develops in the working out of the proposed fees, amendments can later be made.

For the Committee,

WILLIAM J. GALVIN, Chairman.

CONCERNING FEES FOR CERTAIN LICENSES AND PERMITS.

Be it ordained by the City Council of Boston as follows:

Section 1. The fees hereinafter set forth are hereby established for the following licenses and permits under authority of chapter 297 of the Acts of 1931:

1. The fee for the licenses of employing gas fitters and journeymen gas fitters provided for under chapter 265 of the Acts of 1897 as amended, shall be, for an employing gas fitter, \$2.00 for the original license, which license shall be for a period of one year and \$1.00 for each annual renewal thereof, and for a journeyman gas fitter, \$1.00 for the original license, which license shall be for a period of one year, and 50 cents for each annual renewal thereof.

2. The fee for a certificate of municipal liens, itemizing taxes and other assessments on real estate, provided for under section 23 of chapter 60 of the General Laws, shall be \$2.50.

3. The fee for the permit for the removal and transportation of garbage, offal or other offensive substances, provided for under section 31A of chapter 111 of the General Laws, as amended, shall be \$5.00 for each vehicle used in such removal and transportation.

4. The fee for the license to deliver, exchange, expose for sale or sell, or have in one's custody or possession with intent so to do, any milk, skimmed milk or cream, provided for in section 41 of chapter 94 of the General Laws, shall be \$1.00 for each location and \$1.00 for each vehicle used for the purposes authorized by said license.

5. The fee for the license to sell oleomargarine, provided for under sections 52 and 53 of chapter 94 of the General Laws, shall be \$1.00 for each location and \$1.00 for each vehicle used for the purposes authorized by said license.

6. The fee for the license for carrying on the business of slaughtering neat cattle, sheep or swine, provided for under section 119 of chapter 94 of the General Laws, shall be \$100.

7. The fee for the license for occupying or using a building or other premises for carrying on the business of slaughtering cattle, sheep or other noxious or offensive trade and occupation or permitting or allowing said trade or occupation to be carried on upon premises owned or occupied by the person carrying on said business or trade or occupation, provided for under section 151 of chapter 111 of the General Laws, shall be \$25 per annum.

8. The fee for the license for innholders, provided for under section 2 of chapter 140 of the General Laws, shall be \$25, provided, however, that in the event that an innholder is the holder of a license for the sale of alcoholic beverages said fee shall be \$5.00.

9. The fee for the license for common victualers, provided for under section 2 of chapter 140 of the General Laws, shall be \$7.50.

10. The fee for the license to persons, to keep open their places of business for the retail sale of beverages, provided for under section 21A of chapter 140 of the General Laws, shall be \$2.00.

11. The fee for a permit for the following signs and other structures projecting into ways, provided for under section 8 of chapter 85 of the General Laws, shall be

(a) Plain signs of cloth or canvas twenty cents per square foot per month or fraction thereof.

(b) Illuminated signs twenty square feet or less \$3.00 per annum; more than twenty square feet up to and including forty square feet, \$5.00 per annum; more than forty square feet, \$5.00 per annum, plus ten cents per annum for each additional square foot or fraction thereof in excess of forty square feet; provided, however, that when any illuminated sign projects over the public way in excess of five feet, there shall be an additional fee of \$1.00 per annum for each linear foot or fraction thereof of said excess projection.

(c) Marquees: Twenty linear feet or less, \$10 per annum; more than twenty linear feet, \$10 per annum, plus ten cents per annum for

each additional linear foot or fraction thereof in excess of twenty linear feet.

(d) Canopies: \$1.00 for each permit for one day and \$50 for each permit for one year.

(e) All other signs and structures for which a permit may be required under the provisions of said section 8 of chapter 85 of the General Laws, \$2.00 per annum.

provided, however, that the maximum aggregate fee for all permits granted for signs and other structures for which a permit may be required under the provisions of said section 8 of chapter 85 of the General Laws shall be \$100 per annum for any one person at any one location.

12. The fee for a license for the use of public streets for the storage and sale of merchandise provided for under chapter 584 of the Acts of 1907 shall be not less than \$5.00 nor more than \$300 for each license issued.

13. The fee for the license for the keeping, storage, manufacture or sale of crude petroleum or any of its products or explosive or inflammable fluids or compounds provided for under section 13 of chapter 143 of the General Laws, as amended, shall be as follows:

For structures with a storage capacity of 1 to 500 gallons, \$10.00. For structures with a storage capacity of 501 to 2,500 gallons, \$15.00. For structures with a storage capacity of 2,501 to 5,000 gallons, \$20.00. For structures with a storage capacity of 5,001 to 10,000 gallons, \$40.00. For structures with a storage capacity of 10,001 to 50,000 gallons, \$80.00. For structures with a storage capacity of 50,001 to 100,000 gallons, \$150.00. For structures with a storage capacity of 100,001 to 1,000,000 gallons, \$250.00. For structures with a storage capacity of 1,000,001 to 5,000,000 gallons, \$500.00, and over five million gallons, \$1,000.00.

provided, however, that the fee for each annual registration under said section shall be fifty per cent of the fee herein set forth for the original license.

14. The fee for sealing the following weighing or measuring devices provided for in section 56 of chapter 98 of the General Laws, as amended, shall be as follows:

Each scale with a weighing capacity of 100 to 10,000 pounds, as set forth in item (a) and (b) of said section, \$2.00.

Each scale with a weighing capacity of more than 10,000 pounds, as set forth in item (b) of said section, \$3.00.

All other scales, balances and measures on pumps, as set forth in item (e) of said section, twenty-five cents each.

All weights and other measures, as set forth in item (j) of said section, five cents each.

Section 2. Section 19 of chapter 39 of the Revised Ordinances of 1925 is hereby amended in the third paragraph thereof establishing the fee for licenses to hawk and peddle fruits and vegetables by striking out the words "five dollars per annum" at the end, thereof and inserting in place thereof the words "ten dollars per annum for sales within the market limits and five dollars per annum for sales elsewhere."

Section 3. The fees herein prescribed shall take effect January 1, 1939, except that for licenses or permits which expire on an annual date subsequent to January 1, the fee shall take effect upon the expiration of the present license, if any.

The report of the committee was accepted and the question came on the passage of the ordinance.

Coun. WILSON—Mr. President, while I have every confidence in the ability of the committee I regret very much, when it comes to a question of the revamping of license fees of the City of Boston, the committee should have filed their report at this time, at five o'clock in the afternoon, and expect to have it passed upon without any chance for consideration. Not that I am against the report of the committee, but on this or any other matter presented in such a way, without any chance whatever for consideration, I regret that I cannot cast an affirmative vote without any knowledge whatever, and that I will have to vote "no."

Coun. GALVIN—Mr. President, the delay in presenting the report was unavoidable. The committee meeting when the items to be reported were finally considered lasted until 1.15 today; after which time Mr. Harnden had to prepare the report in its final form. If possible, it would have been presented earlier in the meeting.

Coun. FITZGERALD—Mr. President, I am of the same opinion as Councilor Wilson. I had understood that the report was to be submitted early in the meeting, and that it was at least to be referred to the Executive Committee for consideration before being passed upon by the body. I feel, as the councilor from Dorchester does, that this is a very important matter. I have heard more protests yesterday and today on these proposed fees than I heard in the beginning. As people learn about what is proposed, they increasingly object. I believe especially at a meeting in old Faneuil Hall, we should not rush an important matter like this through without any chance for proper consideration. The matter has, of course, been considered for some eight months by a survey committee comprising three employees of the city. That report was presented to this body and was referred to our Special Committee on License Fees. During the past month that committee has held hearings and now at this late moment when we are winding up the year, this report is presented and we are expected to act upon it without any chance

whatever for consideration. This is a matter that involves the welfare of scores and scores of people. The raising of the fees means throwing out of employment a great many persons. Under another guise, it is nothing more nor less than a sales tax, which the Legislature has already voted down. I believe that many of the present fees are not right, but certainly when it is proposed to increase them, it is a matter that requires some deliberation and consideration. But we are asked now, at this late hour, to come in here and vote for these increased fees. In some respects my district is probably affected more than the rest of the city. We have right here in the market district a great many who will be seriously affected by these proposed fees. I realize that this is going to pass. I realize that this Council has got to do it. I believe, from what I know of members of the Council, that they are going to vote in favor of raising these fees as reported. I know myself of certain cases where people will be seriously affected. If we are going to take this action, certainly some proper discrimination should be shown after due consideration of the matter. I know that no words of mine are going to change the minds of the members, but I say now that I am going to vote "no" on this question and I wish now to go on record as stating that I shall vote "no." I am not going to be responsible for throwing people out of employment. I know of at least one place where, if this goes into operation, a number of employees will be thrown out. I talked with a man yesterday who stated to me that the proposed raising of fees, as it affected him, would make it impossible for him to remain in business. I knew earlier what the answer was going to be, but I realize that nothing can check it and that we are now going to drive people out of business, tax them to death. We all know the foundation stone upon which this republic was started—liberty, and no taxation without representation. We are in this historic hall, gazing upon the scene representing Daniel Webster in the United States Senate announcing the doctrine of "Union and Liberty, now and forever, one and inseparable." Let us not now, in this great hall dedicated to liberty, penalize our people, throw them out of business, without a chance for proper consideration of such a measure as this, simply to get a few paltry dollars.

Coun. SULLIVAN—Mr. President, as a member of the License Committee I wish to take issue with the gentleman from Ward 3 (Coun. Fitzgerald). This is not a new subject to the members of the body. We had a lengthy conference with his Honor the Mayor, we had before us a survey produced by some of our leading city officials after long study and many of the members of the body were present at the meetings of the committee where this matter was studied and considered. There is no question in the minds of any of us that the city needs additional revenue or that this is a matter which should have been acted upon long ago.

Coun. TAYLOR—Mr. President, Councilor Wilson feels that the members have not had sufficient time to consider the question of raising these license fees. But I think the real question before the body is, whether it is not high time that the license fees should be raised. Much time has been given to consideration of this matter by the committee, and I feel that the report now presented to the body is as intelligent and comprehensive a report as could have been expected under the circumstances. There are some things in it with which I agree and others with which I am not in accord. But, in reply to Councilor Wilson's suggestion that this should have been placed before the Executive Committee, I wish to remind Councilor Wilson that we were before the Mayor the day before Christmas, stayed there an hour and a half or two hours, in what was the same as an executive session, going into each item carefully and thoroughly. So I think each member here should be thoroughly acquainted with the items. Personally, I have sufficient information to enable me to act upon it, and I hope there will be no delay.

Coun. WILSON—Mr. President, I was one of those who were gratified by the action of the present Mayor of Boston, in contradistinction to some of his predecessors, when he called the members in to go over various of these license fee items. I have been interested in the subject matter for many years. At the same time, I do not like the way in which this has been brought before us by the committee, at five o'clock in the afternoon, just before we adjourn for the year, and with no chance to consider it in executive session. I heard the Mayor go over some of these license items, but, if my memory does not fail me, there were other items left for further investigation and without discussion. I am not opposed to increasing certain license fees in the City of Boston, and I have every sympathy with the work of the committee, which must have had a hard job. I am also in sympathy with the Mayor, who realizes the condition of the city, and feels that something should be done to increase its income. I do, however, think that more opportunity should be given to members to consider this important matter before acting. Personally, I would have no objection to meeting on the subject tomorrow afternoon. In any event, however, I desire to make my position clear upon the record,—that, while I have every respect for the Mayor of Boston, I will not vote for any measure favored by any Mayor in the

closing minutes of the year, without knowing something about the subject on which I am voting. We have had no discussion of the matter today, no explanation of the final items determined upon by the committee. It may be that the committee had difficulty in completing and presenting its report, and that that accounts in part for the delay. I do know, however, that the fact is that this report is presented here at five o'clock in the afternoon, within a short time of our adjournment, and that I will not vote on any subject until I understand it.

Coun. GALVIN—Mr. President, I am in hearty accord with taking this matter up in executive session at the present time.

(A recess was taken from 5.12 p. m. to 6 p. m.) The question came on the adoption of the license ordinance as presented by the committee.

Coun. TAYLOR—Mr. President, I move that clause 6 relative to the business of slaughtering be stricken from the ordinance.

Coun. SULLIVAN—Mr. President, my feelings in regard to this slaughter house question have been fully presented in the committee. I did not realize, however, how the proposed fee on slaughtering houses would affect our Hebrew friends. For that reason, I will agree with the motion that has been made by Councilor Taylor.

Coun. HUTCHINSON—Mr. President, my feelings in regard to this slaughtering house question have also been fully expressed in meetings of the Committee on Fees and Licenses. However, in deference to my brother councilor (Coun. Taylor), I withdraw the objections that I expressed in the committee to the continuance of the present fees.

The amendment proposed by Councilor Taylor was adopted, and the ordinance as amended, was passed.

THE NEXT MEETING.

The Council voted, on motion of Coun. MURRAY, that when it adjourns it be to meet on Tuesday, January 3, 1939, at 2 p. m.

ORDINANCE RE SUNDAY SPORTS.

Coun. GALVIN offered the following:

An Ordinance Concerning Sunday Sports.

Be it ordained, etc.

Section 1. Chapter one of the Ordinances of 1929, concerning professional outdoor sports on the Lord's Day, as amended by chapter one of the Ordinances of 1931 and chapters one and two of the Ordinances of 1935, is hereby further amended in section one by inserting after the word "games" in the third line of said section the words "or indoor hockey or indoor basketball games."

Section 2. Said chapter one of the Ordinances of 1929, as amended by chapter one of the Ordinances of 1931 and chapters one and two of the Ordinances of 1935, is hereby further amended in clause four of section one thereof by inserting after the word "games" at the end of the third line thereof the words "or indoor hockey or indoor basketball games."

Section 3. Said chapter one of the Ordinances of 1929, as amended by chapter one of the Ordinances of 1931 and chapters one and two of the Ordinances of 1935 is hereby further amended in clause six of section one thereof by inserting after the word "field" in the second line thereof the words "or building or other structure."

Referred to the Committee on Ordinances.

THANKS TO PRESIDENT KERRIGAN.

Coun. MURRAY offered the following:

Resolved, That the thanks and appreciation of the Boston City Council be extended to Councilor John E. Kerrigan for the courtesy, the dignity and impartiality with which he has presided over the deliberations of the City Council during the present municipal year.

The resolution was passed by a unanimous rising vote, with accompanying applause.

President KERRIGAN—I wish to thank my colleagues very much for paying me this great honor. I have enjoyed the past year. It has been a great experience to me. I never thought when I entered public office that I would have the honor and privilege of serving as President of this body and at times as Acting Mayor of the City of Boston. I want also to thank the attachés, every one of whom has been so kind to me. It has been my especial privilege to rely on our City Clerk, Wilfred Doyle, and his associate, John Hynes. I shall always cherish the wonderful privilege I have enjoyed as a member of the Boston City Council. (Applause.)

Adjourned, on motion of Coun. GALVIN, at 6.05 p. m., to meet on Tuesday, January 3, 1939, at 2 p. m.

CORRECTION.

In the debate on "Payment to Daniel A. Whelton" at the Council meeting on December 19, 1938, on page 421, Coun. Taylor is reported as saying, "We have the councilor (Coun. Fitzgerald) now coming in and asking the City of Boston to reimburse this man, who is a member of his club for money that he claims to have paid out." Coun. Taylor did not say "is a member of his club." The reporter misunderstood.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

SENIOR LIBRARY ASSISTANT, UNEMPLOYMENT COMPENSATION COMMISSION, JANUARY 28, 1939.

This examination is open to both males and females.

Last date for filing applications, Saturday, January 14, 1939, at 12 noon.

The minimum salary is \$1,500 a year; the maximum salary is \$1,860 a year.

Duties: Under general supervision, to do the most difficult or supervisory work in a library; or to have charge of a large library serving a State department, division or institution; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

STATISTICIAN, UNEMPLOYMENT COMPENSATION COMMISSION, JANUARY 28, 1939.

This examination is open to both males and females.

Last date for filing applications, Saturday, January 14, 1939, at 12 noon.

The minimum salary is \$2,400 a year; the maximum salary is \$2,940 a year.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PROCEEDINGS OF SCHOOL COMMITTEE.

Dec. 19, 1938.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 8:10 o'clock, the Chairman presiding.

Present: Messrs. Foley, Lee, Smith, Sullivan and White.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

TRANSFERS OF APPROPRIATIONS

The following communication was received:

CITY OF BOSTON—DEPARTMENT OF SCHOOL BUILDINGS

December 16, 1938.

Miss Ellen M. Cronin
Secretary, Boston School Committee
15 Beacon Street
Boston, Massachusetts
Dear Miss Cronin:

Under date of December 16, you forwarded to this Board the following order for consideration:

ORDERED, That of the amounts appropriated by the School Committee under dates of July 14, 1930 (see pp. 183-184) and July 30, 1930 (see pp. 207-208) the following amounts are hereby transferred to the 1938 item of school accommodations listed below:

FROM

Item 46, 1930—Longfellow District, Roslindale: Land for thirteen-classroom elementary school building	\$7,489.25
Item 63, 1930—Longfellow District, Roslindale: Plans for thirteen-classroom elementary school building	8,000.00
Total	\$15,489.25

TO

Item 4, 1938 — Agassiz District, Jamaica Plain: Land and plans for elementary school building \$15,489.25

At a special meeting the Board of Commissioners of School Buildings held this date, it was voted as provided in Section 7, Chapter 351 of the Acts of 1929, to report favorably upon the above mentioned order.

Very truly yours,

(Signed) William L. Baxter
Chairman, Board of Commissioners of School Buildings.
Placed on file.

The following was offered:

ORDERED, That of the amounts appropriated by the School Committee under dates of July 14, 1930 (see pp. 183-184) and July 30, 1930 (see pp. 207-208), the following amounts are hereby transferred to the 1938 item of school accommodations listed below:

FROM

Item 46, 1930—Longfellow District, Roslindale: Land for thirteen-classroom elementary school building	\$7,489.25
Item 63, 1930—Longfellow District, Roslindale: Plans for thirteen-classroom elementary school building	8,000.00
Total	\$15,489.25

TO

Item 4, 1938 — Agassiz District, Jamaica Plain: Land and plans for elementary school building \$15,489.25

Passed by the following vote:

YEAS — Messrs. Foley, Lee, Smith, Sullivan and White—5.

NAYS—0.

DEATHS

The Superintendent reported the death of the following-named teacher:

William E. Endicott District—Carolyn I. Lynch, assistant, elementary, Dec. 18, 1938.

Placed on file.

The Superintendent reported the death of the following-named teacher who had been retired on pension under the provisions of the Boston Retirement System:

Department of Household Science and Arts—Margaret C. Crane, teacher of sewing, elementary, Dec. 8, 1938.

Placed on file.

RESIGNATIONS

The following resignations, reported by the Superintendent to take effect on the dates stated, were presented:

Mary E. Curley Intermediate District—Alice L. Sheahan, assistant, intermediate, Nov. 23, 1938.

Solomon Lewenberg Intermediate District—Francis A. Kelly, sub-master, Dec. 31, 1938.

Accepted.

RETIREMENT ON PENSION

A communication was received from the Superintendent, under date of Dec. 19, 1938, reporting the retirement from active service of the following-named member of the Boston Retirement System, to take effect Dec. 31, 1938, as certified by the Boston Retirement Board, under date of Dec. 15, 1938.

Longfellow District—Edwin C. Howard, sub-master, Dec. 31, 1938.

Placed on file.

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

(Increase in numbers)

Brighton High School—Helen D. Whalan, assistant, Jan. 3, 1939.

Jeremiah E. Burke High School for Girls—Alice M. Smith, assistant, Jan. 3, 1939.

Roslindale High School—Josephine E. Miller, Rosemary L. Reilly, assistants, Jan. 3, 1939; Edward B. Flaherty, instructor in mechanic arts, (from shop foreman, Department of Manual Arts), Jan. 3, 1939.

Boston Clerical School—Myra E. Bowers, senior assistant, Dec. 23, 1938.

Boston Trade School—James B. Dolan, senior instructor, Jan. 3, 1939.

James P. Timilty Intermediate District—Lillian E. Foley, assistant, intermediate, Jan. 3, 1939.

John A. Andrew District—Helen M. Hoar, assistant, elementary, Jan. 3, 1939.

William E. Russell District—Catherine M. Fitzpatrick, assistant, elementary, Jan. 3, 1939; Marguerite J. LaLiberte, assistant, intermediate, Jan. 3, 1939.

The rules were suspended and the appointments approved

(To fill vacancy caused by transfer.)

Grover Cleveland Intermediate District—Frances M. Maloney, assistant, intermediate, Jan. 3, 1939.

The rules were suspended and the appointment approved.

(To fill vacancies caused by promotion)

Abraham Lincoln District—Benjamin Liberfarb, assistant, intermediate, Jan. 3, 1939.

Donald McKay Intermediate District—Francis X. Murphy, assistant, intermediate, Jan. 3, 1939.

Robert Gould Shaw District—Alice G. Mulhern, assistant, intermediate, Jan. 3, 1939.

The rules were suspended and the appointments approved.

(To fill vacancies caused by deaths, resignations, or retirements on pension)

Abraham Lincoln District—Reuben Rosen, assistant, intermediate, Jan. 3, 1939.

Agassiz District—Catherine C. G'll, assistant, elementary, Jan. 3, 1939.

Christopher Gibson District—Alice R. Geary, assistant, elementary, Jan. 3, 1939.

Frank V. Thompson Intermediate District—M. Louise Holland, assistant, intermediate, Jan. 3, 1939.

Prince District—Charles B. Kenney, Mary B. McDavitt, assistants, intermediate, Jan. 3, 1939.

William Barton Rogers Intermediate District—Mildred E. Glennon, assistant, intermediate, Jan. 3, 1939.

Woodrow Wilson Intermediate District—Richard W. Newman, assistant, intermediate, Jan. 3, 1939.

Department of Household Science and Arts—Marjorie A. Burns, Margaret M. O'Brien, Galindia E. Scena, teachers of sewing, elementary, Jan. 3, 1939.

Department of Music—Joseph W. Donovan, supervisor of drum and bugle corps, Jan. 3, 1939.

Department of School Hygiene—Dorothy T. Donnellan, school nurse, Jan. 16, 1939; Harriet Griffin, Frances M. Taylor, school nurses, Jan. 3, 1939.

The rules were suspended and the appointments approved.

(BY PROMOTION)

Agassiz District—Augustine D. Malley, sub-master (from assistant, intermediate, Donald McKay Intermediate District), Jan. 3, 1939.

Christopher Gibson District—Gertrude C. Grohe, master's assistant (from assistant, intermediate, Donald McKay Intermediate District), Jan. 3, 1939.

Mary Hemenway District—Bessie M. Cosgrove, master's assistant

(from assistant, intermediate, Robert Gould Shaw District), Jan. 3, 1939.

Robert Gould Shaw District—Ella R. Lyons, master's assistant (from assistant, intermediate, Patrick F. Gavin Intermediate District), Jan. 3, 1939.

Washington Irving Intermediate District—Cecelia F. Doherty, master's assistant (from assistant, intermediate), Jan. 3, 1939.

The rules were suspended and the appointments approved.

Roxbury Memorial High School (Boys)—Morris Greyser, junior master (from instructor in mechanic arts), Jan. 3, 1939.

Girls' High School—Dore M. Gentz, assistant (from assistant instructor, salesmanship), Sept. 1, 1938; Julia A. Rutledge, assistant (from assistant instructor, manual arts), Jan. 3, 1939.

Department of Manual Arts—Walter J. Barry, Frank Celona, shop instructors (from assistants, manual training, elementary), Jan. 3, 1939.

The rules were suspended and the appointments approved.

TEMPORARY TEACHERS

Dorchester High School for Boys—Francis Hochmuth, co-operative instructor, Dec. 5, 1938.

East Boston High School—William T. Gabele, co-operative instructor, Dec. 6, 1938.

Roxbury Memorial High School (Boys)—Francis Hochmuth, co-operative instructor, Dec. 6, 1938.

Department of Manual Arts—Winford J. Keay, shop instructor, Dec. 1, 1938.

Approved.

DEPARTMENT OF EXTENDED USE OF THE PUBLIC SCHOOLS

Term 1938-1939

A communication was received from the Superintendent, under date of Dec. 19, 1938, reporting that, subject to the approval of the School Committee, he has assigned the following-named persons to serve in the Department of the Extended Use of the Public Schools. for the term 1938-1939:

Leader—Harry H. Richardson, Jan. 4, 1939.

General Helpers—William H. Connor, Nov. 1, 1938; James M. Barry, Walter E. Hooley, John Mahoney, John F. McCarthy, Charles J. Moloney, Robert Murphy, James S. Norton, Jr., John M. Page, David Wyman, James Zyntell, Dec. 3, 1938.

Helpers—Joseph F. Grady, Peter A. Hoban, John Keohane, John B. Martin, William P. Murray, William J. O'Connell, Ambrose T. Waul, Dec. 3, 1938.

Approved.

EVENING SCHOOLS

Term 1938-1939

A communication was received from the Superintendent, under date of Dec. 19, 1938, reporting the termination of service of Francis A. Kelly as principal of the Michelangelo Evening School, to take effect Dec. 15, 1938.

Placed on file.

Appointment

Michelangelo Evening School—John B. Dacey, principal, Jan. 3, 1939.

Approved.

Appointments of Teachers

Brighton Evening Commercial High School—Mark F. Russo, assistant, Nov. 17, 1938 (one evening).

Central Evening High School—Thomas M. Minton, assistant, Dec. 5, 1938 (one evening).

Dorchester Evening Commercial High School—Eleanor J. Vogel, assistant, Dec. 1, 1938 (one evening).

Roslindale Evening Commercial High School—Charles H. Kirschbaum, assistant, Nov. 28, 1938 (one evening); Nora M. Walsh, assistant, Dec. 1, 1938 (one evening).

South Boston Evening Commercial High School—Mary E. Barry, assistant, Dec. 6, 1938 (one evening).

Edward Everett Evening School—Elizabeth A. Mackey, assistant, Nov. 28, 1938.

Franklin Evening School—Edward S. Murphy, first assistant, Jan. 3, 1939; Mildred M. Kinnier, assistant, Nov. 28, 1938 (one evening); Catherine J. Mangan, assistant, Dec. 13, 1938 (one evening).

Joseph H. Barnes Evening School—Georgianna M. Cook, assistant, Dec. 5 and Dec. 6, 1938 (two evenings).

Patrick F. Gavin Evening School—Edith M. Willson, assistant, Dec. 1 and Dec. 5, 1938 (two evenings).

Patrick T. Campbell Evening School—Theresa M. Connolly, assistant, Dec. 6, 1938.

William Blackstone Evening School—Esther M. Murphy, assistant, Dec. 1, 1938; Agnes E. Garrity, assistant, Dec. 5, 1938.

Approved.

TRANSFERS OF TEACHERS

A communication was received from the Superintendent, under date of Dec. 19, 1938, reporting that subject to the approval of the School Committee, he has made the following transfers of teachers:

Alice P. Bransfield, assistant, elementary, Harvard District, to the same position in the Dillaway District, Jan. 3, 1939.

Anna C. Cardoza, assistant, elementary, Blackinton District, to the same position in the Hancock District, Jan. 3, 1939.

Eileen R. Colleran, assistant, elementary, James J. Chittick District, to the same position in the John A. Andrew District, Jan. 3, 1939.

Elizabeth C. Connaughton, assistant elementary, Mather District, to the same position in the John Winthrop District, Jan. 3, 1939.

M. Margaret Dargan, assistant, elementary, Abraham Lincoln District, to the same position in the Quincy District, Jan. 3, 1939.

Emily F. Doherty, assistant, elementary, Ulysses S. Grant District, to the same position in the Chapman District, Jan. 3, 1939.

Ethel C. Downey, assistant, elementary, Ulysses S. Grant District, to the same position in the Gaston District, Jan. 3, 1939.

Bertha R. Doyle, assistant, elementary, Eliot District, to the same position in the William E. Russell District, Jan. 3, 1939.

Gertrude C. Foley, assistant, elementary, Thomas N. Hart District, to the same position in the Prince District, Jan. 3, 1939.

Miriam C. Galvin, assistant, elementary, Ulysses S. Grant District,

to the same position in the Warren District, Jan. 3, 1939.

Marie A. Gordon, first assistant, kindergarten, Longfellow District, to the same position in the Wendell Phillips District, Jan. 3, 1939.

Pauline M. Halpin, assistant, elementary, Hyde District, to the same position in the Christopher Gibson District, Jan. 3, 1939.

Ella H. Hyde, assistant, elementary, John Cheverus District, to the same position in the John A. Andrew District, Jan. 3, 1939.

Margaret B. Keefe, assistant, elementary, Mather District, to the same position in the Hugh O'Brien District, Jan. 3, 1939.

Helen M. Leonard, assistant, elementary, Phillips Brooks District, to the same position in the Julia Ward Howe District, Jan. 3, 1939.

Marion Levine, assistant, elementary, Samuel Adams District, to the same position in the Dillaway District, Jan. 3, 1939.

Kathleen E. Lowney, assistant, intermediate, Clarence R. Edwards Intermediate District, to the same position in the Patrick T. Campbell Intermediate District, Jan. 3, 1939.

Cecelia D. Lutkevich, assistant, elementary, Henry Grew District, to the same position in the Thomas N. Hart District, Jan. 3, 1939.

Anna M. Madden, assistant, elementary, Edmund P. Tileston District, to the same position in the Agassiz District, Jan. 3, 1939.

Kathleen V. Martin, assistant, elementary, Henry Grew District, to the same position in the Dillaway District, Jan. 3, 1939.

Marion H. Melleay, assistant, elementary, Julia Ward Howe District, to the same position in the John A. Andrew District, Jan. 3, 1939.

James H. Nolan, sub-master, Agassiz District, to the same position in the Longfellow District, Jan. 3, 1939.

Marguerite E. Quilty, assistant, elementary, Beethoven District, to the same position in the John A. Andrew District, Jan. 3, 1939.

Dorothy Quinn, assistant, elementary, Henry L. Higginson District, to the same position in the Bennett District, Jan. 3, 1939.

Pauline F. Shea, first assistant, kindergarten, Wendell Phillips District, to the same position in the Elihu Greenwood District, Jan. 3, 1939.

Mary G. Strachan, assistant, elementary, Bennett District, to the same position in the Wells District, Jan. 3, 1939.

Frank E. Sullivan, assistant, intermediate, Washington Irving Intermediate District, to the same position in the Thomas N. Hart District, Jan. 3, 1939.

Madelyn A. Trainor, assistant, elementary, Dudley District, to the same position in the Christopher Gibson District, Jan. 3, 1939.

Approved.

Maura C. Gallagher, assistant, Roxbury Evening Commercial High School, to the same position in the South Boston Evening Commercial High School, Dec. 5 and Dec. 6, 1938 (two evenings).

Bertha W. Johnson, assistant, Roslindale Evening School, to the same position in the Patrick F. Gavin Evening School, Nov. 28, 1938 (one evening).

Doris Schlafman, assistant, South Boston Evening Commercial High School, to the same position in the Dorchester Evening Commercial High School, Nov. 29 and Dec. 1, 1938 (two evenings).

Approved.

TRANSFER OF CLERICAL ASSISTANTS

A communication was received from the Superintendent, under date of Dec. 19, 1938, reporting that subject to the approval of the School Committee, he has made the following transfers of clerical assistants, to take effect Jan. 3, 1939:

Genevieve M. Boice, clerical assistant, full time, Samuel Adams District, to clerical assistant, Samuel Adams and Sherwin Districts.

Frances M. Donahoe, clerical assistant, full time, Mary Hemenway District, to clerical assistant, Edmund P. Tileston and Mary Hemenway Districts.

Mollie P. Gleekman, clerical assistant, full time, Roger Wolcott District, to clerical assistant, Henry L. Higginson and Roger Wolcott Districts.

Florence R. Mahoney, clerical assistant, Edmund P. Tileston and Edward Everett Districts, to the same position in the Edward Everett and William E. Russell Districts.

Alice R. Norton, clerical assistant, full time, Dearborn District, to clerical assistant, Dearborn and Julia Ward Howe Districts.

Margaret C. Power, clerical assistant, full time, Hancock District, to clerical assistant, John Winthrop and William E. Endicott Districts.

Alice G. Walsh, clerical assistant, full time, Eliot District, to clerical assistant, Eliot and Hancock Districts.

Approved.

SPECIAL ASSISTANT

Day School for Immigrants—Gladys S. Wood, Dec. 15, 1938.

Approved.

LEAVE OF ABSENCE

On the report of the Superintendent, leave of absence was granted as follows:

Department of Household Science and Arts—Ruth M. Heidenrich, teacher of sewing, Dec. 12, 1938, one day, court summons.

ASSIGNMENT

A communication was received from the Superintendent, under date of Dec. 19, 1938, reporting that subject to the approval of the School Committee, he has assigned Galindia E. Scena, teacher of sewing, elementary, Department of Household Science and Arts, to the South Boston High School, without charge of rank or salary, to take effect Jan. 3, 1939, and to continue for the school year ending Aug. 31, 1939, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

APPOINTMENT FOR LUNCH-ROOM SERVICE

A communication was received from the Superintendent, under date of Dec. 19, 1938, reporting that subject to the approval of the School Committee and with the approval of the Division of Civil Service, he has appointed the following named person for service in school lunchrooms, to take effect on the date stated and to continue for the school year ending Aug. 31, 1939, unless earlier terminated by the Superintendent with the approval of the School Committee:

James P. Timilty Intermediate School—Phoebe G. Miller, lunch-room attendant, Nov. 14, 1938.

Approved.

CLOSING OF ADMINISTRATIVE OFFICES

The following was offered:

ORDERED, That the administrative offices and the supply room of the School Committee are hereby closed on Saturday, Dec. 24, 1938, and Saturday, Dec. 31, 1938.

The rules were suspended and the order passed.

SUSPENSION OF SESSIONS

The following was offered:

ORDERED, That the sessions of all day schools are hereby suspended at 12 o'clock noon on Friday, Dec. 23, 1938.

The rules were suspended and the order passed.

REINSTATEMENT OF EILEEN M. SHEA.

A communication was received from the Secretary, under date of Dec. 19, 1938, reporting the reinstatement of Eileen M. Shea, assistant in the offices of the Superintendent and Secretary, absent on leave for service in the office of His Honor, the Mayor, for one day, Dec. 23, 1938, in order to protect her civil service status as assistant in this department.

Placed on file and the reinstatement approved for the date stated.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Dec. 19, 1938, recommending that leave of absence on one-half net compensation be granted each of the following custodians because of personal illness:

Thomas F. Maguire, custodian, Harriet A. Baldwin School-house, Dec. 31, 1938, to Jan. 31, 1939, inclusive.

Robert W. Green, custodian, Martha A. Baker School-house, Jan. 1 to 31, 1939, inclusive.

William V. Green, custodian, Margaret Fuller School-house, Dec. 29, 1938, to Jan. 31, 1939, inclusive.

Placed on file and leave of absence on one-half net compensation granted for the periods specified.

On motion, all unfinished business was referred to the next Committee.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

ASSISTANT SANITARY ENGINEER, METROPOLITAN DISTRICT COMMISSION, FEBRUARY 4, 1939.

Last date for filing applications, Saturday, January 21, 1939, at 12 noon.

The minimum salary is \$2,940 a year; the maximum salary is \$3,480 a year.

Duties: Under general supervision, to assist on engineering projects relating to protection of water supply and the disposal of waste by conducting and supervising studies, investigations, or office administrative detail, calling for the exercise of a considerable degree of responsible engineering judgment; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SEALER, AND DEPUTY, OF WEIGHTS AND MEASURES, FEBRUARY 4, 1939.

Last date for filing applications, Saturday, January 21, 1939, at 12 noon.

This examination is held for the service of all cities and such towns as are classified under civil service.

At the present time, the following permanent vacancies exist: Deputy sealer, Lynn; sealer, Clinton.

Duties: To enforce the law in relation to the giving of insufficient weight or measure; gathering the necessary evidence for prosecution in court; the testing, sealing or condemning of all types of weighing and measuring devices used in buying or selling of goods, wares or merchandise, or for public weighing or for hire or reward. To enforce the law in relation to the manufacture and sale of bread; enforce the law governing the marketing of food in package form. Inspection and tests of types of carton, standard containers, and milk jars, etc. Inspection of clinical thermometers; reweighing and remeasuring goods put up in anticipation of sale. Enforcement of the law governing the licensing of hawkers and pedlers and transient vendors. Enforcement of the law governing the sale of shingles.

A copy of the laws governing weights and measures and a manual may be obtained at the public libraries in the various cities and towns throughout the Commonwealth.

The tables of weights and measures given in these pamphlets will govern the marking of all questions involving any units of weight and measure.

Subjects and Weights: Training and experience, 2; arithmetic, 3; report, 2; practical questions, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PROCEEDINGS OF CITY COUNCIL.

Tuesday, January 3, 1939.

The first meeting of the City Council for 1939 was called to order in Faneuil Hall by Senior Member, Councilor Henry L. Shattuck, at 2 p. m. All the members of the Council were present.

Chairman SHATTUCK—The first business before the Council is to hear the annual message of Mayor Tobin. The Chair will appoint as a committee to escort his Honor the Mayor to the platform Councilors Irwin and Taylor.

The committee retired and returned at 2:10 p. m., escorting his Honor Mayor Maurice J. Tobin to the platform.

Chairman SHATTUCK—I now have the honor of presenting his Honor the Mayor. (Applause.)

MESSAGE OF HONORABLE MAURICE J. TOBIN.

Mayor TOBIN—Councilor Shattuck, City Clerk, and honored members of the Boston City Council, the year just closed has been a year of municipal progress, measured by the standards ordinarily applied to city government.

The city's essential services to its citizens have been maintained and improved. In every direction we have striven to make every dollar of receipts earn its full value, and more. The public health, hospitalization, fire and police protection, education and all the other manifold requirements expected of the city government have been met in full measure. They will be referred to in greater detail later on in this my first annual message to the Council since I took office as Mayor of Boston a year ago.

No message, however, can be adequate at this time without reference to and emphasis upon more intangible benefits and more important blessings that we are prone to forget. We are each and every one of us not only citizens of a city rich in traditions and dear in its memories to all of us, but we are also citizens of the Commonwealth and of the Nation as well. No action in the world today, no event or happening in the Nation or in the State, but has its repercussions upon each of us and upon those who are nearest and dearest to us. At no time, not even in the anxious years preceding the World War, was the world scene so confused and uncertain, or so pregnant in its possibilities of danger to our country, to our form of government and to the every-day accepted principles by which we live. Across the oceans, to the east and to the west of us, the nations of the world are in unrest; the forces of militarism and dictatorship are on the march. Almost alone we uphold the principles of democracy, by which every citizen shares with his vote in the selection of those who shall govern him and no man by sheer force of brute power may impose his will on the people.

We may take pride, you members of the City Council and I as Chief Executive, that here in this city those vital fires of democracy have not been quenched. We still form part of a proud and independent body of men and women who value their liberty as the greatest of their possessions. Under the leadership of our President we have not only remained free from foreign entanglements but we have maintained and strengthened the position of our country among the nations of the earth. The prestige of the great office of our Chief Executive exerted at the psychological moment helped to sway the balance in favor of peace against the horrors of another war. The opportunities for friendly trade and the peaceful exchange of products have been fostered by the policies of the national administration. The oppression and persecution of defenseless people have not had their counterpart on this side of the water. Occasional tendencies toward the ruthless domination of minorities, outside and beyond the law, which have manifested themselves in other localities have not had the slightest opportunity to develop here. In the City of Boston we are still a happy family, living together, pursuing our daily tasks together in happiness and in peace regardless of race, color or creed. Here in Boston there is no room for prejudice. In that fact alone we may take pride and hope for the future. While I am Mayor of this city I shall spare no effort to preserve untouched the essential liberties which here had their birth. Freedom of speech, freedom of assembly and freedom to worship the God of one's choice are safe in our hands. We have ample reasons to be happy that we live under the flag of true freedom and liberty, and we have ample cause to pray to Divine Providence that his hand will continue to guide our country along the course of safety and security in years to come.

Our country has not, however, been immune from the great economic upheaval which commenced about ten years ago and which has caused so much human misery and suffering. The long continued depression has had its effect on almost every phase of our modern American life. Every branch and agency of the government, national, state and municipal, has been vitally affected; so much so indeed, that there has been a virtual transformation in the accepted conception of what should be expected of government. Our own City of Boston, as a government unit, is today struggling under burdens which are creations of an economic system that suddenly went askew.

In the brief period that I have been Mayor of this city, there has been no marked change in the general economic position of our country. There have been no favorable occurrences which would operate to make the administration of the city's business any less difficult than when I took office; and yet, in this annual report to your Honorable Body and to the people of my city, I wish to state that, if there is one achievement or accomplishment to which I might point with pride, it is the fact that the downward momentum of our city government has been halted, and the gears have been reversed. I have hopes that our city is on the road that will eventually lead us to financial security and stability.

I promised no miracles when I took over the office of Mayor and I have sought to perform no miracles. The progress made during the past year has been sound progress. What we have done in the twelve months that have gone and what we hope to do in the years immediately ahead is to give to each serious problem and each disturbing factor the unstinted effort and the honest purpose which will bring the reward of better, more stable, and more economical government in our city.

The conditions which confronted our city when our administration took office and which still confront it, make progress in the right direction necessarily slow and tedious. It's a quick ride down the toboggan chute, but it's a long walk back. We have begun to take that long walk back and I trust that before the end of our administration we will have covered much of the lost ground.

In a report of this character it is manifestly impossible to discuss all of the matters which affect the conduct and operation of our city government, and it is not my intention to do so.

One fact stands out, however, above all else. We cannot meet the problems of the depression, we cannot feed the starving, house the homeless, and administer to the sick without money in the till of the treasury. Money, in the treasury depends on just one thing—confidence. Confidence of investors in the city's ability to meet its obligations, and confidence of the taxpayers that our administration is doing all in its power to reduce the burden on their tired backs.

If we, as responsible officials of the city government, permit a financial situation to arise without doing everything within our power to prevent it, a condition that would endanger the hopes of those who rely upon us to provide them with the simple necessities of life, then we would be derelict in our duty as public officials and failures by every rule of humanity. It is for that reason that I want to discuss more than just briefly the financial situation of the city, for this is the axle upon which the whole city government revolves and under its broad head come factors that have a definite bearing on the future of our city.

Finance.

One year ago I stated in my inaugural address that the one vital and outstanding problem confronting my administration was the financial condition of the city. During the year that has just closed, every action taken by me involving the finances of the city has had for its ultimate objective the improvement and strengthening of the city's finances and credit. I feel at this time it will be of interest to you to hear a brief recital of the progress that has been made toward this objective.

When the accounts of the city were closed one year ago, it was apparent that from a maintenance or operating point of view total expenditures were \$3,850,676.84 in excess of cash receipts from all sources. This excess when added to similar deficits occurring since 1931 resulted in a cumulative operating deficit of \$22,863,556.29, the financing of which made necessary the issuance in the closing days of 1937 of \$23,000,000 in temporary notes payable in the year 1938.

While exact figures for 1938 are not yet available, it appears that the year's operating statement when finally compiled will indicate that cash receipts from all sources will be in excess of expenditures by, roughly, \$9,500,000, and that the cumulative cash deficit at the end of 1938 will be in the neighborhood of \$13,300,000. This represents a reduction of 42 per cent from the deficit existing at the close of 1937. Admittedly the proceeds from the funding loan authorized under the provisions of chapter 235 of the Acts of 1938, and the use, as provided in the Funding Loan Act, of tax title borrowings from the Commonwealth for the sole purpose of paying outstanding temporary loans have been important factors in bringing about this substantial reduction in the short term debt of the city. Since this legislation was sponsored by the city, I feel justified in stressing the fact that definite progress towards a sounder financial standing has resulted from its enactment.

Another factor which has contributed to the improved financial position of the city has been the improvement in tax collections. It now appears as though 77.4 per cent of the 1938 tax levy was collected on or before the close of the year. This compares with collections of 72.3 per cent in the year 1937, and is the best collection record to be achieved by the city since 1931. Undoubtedly legislation enacted this year, at the request of the city, requiring payment of taxes as a condition precedent to the filing of abatement petitions, has been responsible in a large measure for the improvement in collections. Over and beyond this factor, however, would appear

to be the existence of a greater spirit of confidence on the part of the taxpayers in the objectives and accomplishments of the current administration.

During the past four years the Water Division of the Public Works Department has been operated at a loss, since in each year expenditures have been in excess of receipts. It is now evident that in 1938 this division was operated at a profit with the result that a substantial surplus will be carried forward into 1939. Revision in meter reading methods, changes in billing procedure, and concerted action on the collection of delinquent accounts are measures which have contributed to the placing of the Water Division on a self-supporting basis, and makes unnecessary the increase in water rates I predicted early last year.

Principally because of the \$7,000,000 bond issue authorized under the so-called Funding Act, the net funded debt of the city at the close of 1938 reflects an increase of \$2,850,000 over the net funded debt at the close of 1937. If the funding loan had not been issued a reduction of over \$4,000,000 in the net funded debt would have been evident. The increase of 2.2 per cent which has taken place is not alarming, first, because the net funded debt of the city is relatively low in comparison with that of the other large cities of the country, and second, because of the fact that this slight increase has made possible a substantial reduction in the short term debt of the city, which at the close of 1937 stood at an abnormally high figure.

The total of the maintenance budget for city departments submitted to your Honorable Body early in 1938 was \$608,094.71 less than the total of departmental allowances in the 1937 budget, and was \$44,469.77 less than actual departmental expenditures in the same year. These reductions were secured despite the necessity of providing within the budget appropriations totaling \$1,200,000 to meet inherited obligations and charges of an emergency nature. The Finance Commission in a letter to the City Council under date of May 2, 1938, commented on the 1938 budget as follows:

"With respect to the allotments of the departments recommended by the Mayor, the Commission desires to be recorded as of the opinion that the Mayor has for the most part reduced allowances as far as it can safely be done without curtailment of services to which the public has become accustomed. . . . Unless there is exercise of the greatest economy in expenditures in many cases in the remaining months, it is doubtful if there will be funds enough to go around, and the long threatened payless pay days may arrive. In conclusion, the Finance Commission desires to record its opinion that the appropriations now before you are the minimum requirements for the operation of the city departments as presently organized."

I am pleased to report that despite this opinion of the Finance Commission, which should be considered a competent authority, the city had no payless pay days and due to careful economy in all departments we will have an unexpended balance of over \$200,000.

In the closing month of 1938 temporary notes issued by the city in connection with the end-of-the-year financing bore the lowest interest rates at which money has been borrowed by the city during its entire corporate existence. No more salutary evidence could be given, in my opinion, of the improvement in Boston's credit standing.

Despite these definite accomplishments the financial problems of the city still remain pressing and acute. Forces entirely beyond the control of city officials seem certain to impose additional burdens on the city's tax structure, and make necessary a further increase in its already staggering tax rate. From statements emanating from responsible state officials it would appear that unless the state authorities put an end to the practice of levying the annual deficiency in the state budget on real estate in the cities and towns, that a state tax of \$24,000,000 will be levied in Massachusetts in 1939. In addition, cities and towns must provide in their 1939 tax levies for the \$9,000,000 increase voted in the closing hours of the 1938 legislative session over and beyond the original state tax estimate of \$8,000,000. From present indications, therefore, it would appear that Massachusetts cities and towns face the possibility of financing in their 1939 tax levies a state deficit in the staggering total of \$33,000,000. Real estate in Boston would be assessed \$5 per thousand in the event of such a levy, \$3.80 more than the state assessment of 1938. Without consideration of any other factors this one item alone would increase Boston's tax rate from \$41.30 to \$45.10.

For nine long years Massachusetts municipalities have been struggling with the financial problems and burdens imposed on them by the vast and unprecedented upheaval and disturbance that has taken place in the economic system of the world. To date, municipal solvency has been maintained, but the moot question at the present moment is whether municipalities can continue to function under a system which requires them to bear practically the entire burden of depression costs, and the growing annual state deficits.

An analysis of the changes which have taken place in municipal finance since the beginning of the depression is bound to leave the impression that we are operating under an obsolete and outmoded system. Every one is familiar with the

abnormal increase that has taken place during this period in municipal tax rates. Unfortunately, public interest and concern over this feature is confined solely to the extent of the increase. Little attention has been given to the causes and reasons underlying the upward movement in tax rates. Blame and censure from a tax-conscious public has been almost universally confined to the alleged shortcomings of municipal administration. Reduction in municipal expenditures has been the common remedy prescribed as the panacea for the ills that prevail. The proponents of this remedy overlook entirely the fact that expenditures over which municipalities have absolute control have been sharply reduced during the past nine years. Unfortunately, this feature is but a minor element in the entire problem, and the accomplishments in this respect have been completely offset by elements of a major nature that have been outside the control of municipal officials. To illustrate this point, let us make a few comparisons between the tax structure of Boston as it existed in 1930, the first year of the depression, and as it exists today.

(Appended to this address are tables which have been prepared from the official records of the city.)

The tax rate of the city has increased during this period from \$30.80 to \$41.30, an increase of 34 per cent. Practically the entire increase, however, may be attributed to the loss in valuations which has taken place during the period under discussion. The reduction of \$422,000,000 which has been made during the nine years represents a decline of twenty-one and four tenths per cent from the 1930 valuations of the city. If this decline had not taken place the present tax rate of \$41.30 would be reduced by \$9.50 and the city's rate would only be one dollar in excess of that declared in 1930. City officials have been powerless to prevent this decline and no attempt has been made by appropriate action or legislation to compensate for this drastic revulsion in the city's revenue structure.

Another major element in the problem under discussion, which is entirely beyond the control of city officials, is the unfavorable change which has taken place in the annual exchange of checks between the Commonwealth and the City. This exchange which takes place annually on November 20 involves the payment to the City by the State of the city's share of the income and corporation tax, and the payment by the City to the State of its share of the state tax and miscellaneous state assessments. In 1930 the city "made money" on the exchange, but in 1938 it "lost money." The 1938 settlement represented a loss of \$8,200,000 to the city when compared with the condition in 1930. In terms of the tax rate this uncontrollable loss has established a mandatory increase of five dollars.

Since 1933 the city has been empowered by legislative authority to borrow money to finance in part the heavy burden of unemployment relief. While this expedient has served to reduce the tax rate it has necessarily increased the debt service charges of the city. In six years serial loans totaling \$28,232,000 have been issued. In view of these heavy issues it is only natural to find that debt service charges in nine years have increased 50 per cent, with a resultant increase in the tax rate of two dollars and fifty cents.

During the past nine years four city departments have borne the burden of ministering to human want and suffering. The expenditures of these departments plus the contributions by city departments to Federal emergency relief projects have resulted in increased expenditures totaling \$9,250,000. In 1938, roughly, 50 per cent of this increased burden was raised by borrowings, so that the actual effect on this year's tax rate may be said to be a net increase of three dollars.

I have previously stated that municipalities have reduced wherever possible expenditures over which they have complete control. This statement is supported by the table appearing at the end of this address, where it is shown that the regular expenditures of thirty-seven departments under the direct control of the Mayor reflect a reduction in nine years of almost \$4,000,000. In no sense do I claim credit for this entire reduction. It has been achieved gradually during the entire period. Roughly, two dollars and fifty cents has been saved in the tax rate through these savings.

Revenue receipts during the past nine years have increased \$7,500,000 or, roughly, 150 per cent. This increase is attributable, first, to the policy of borrowing for relief purposes, second, because of the natural increase in relief reimbursements from the Commonwealth, and, finally, because of receipts from liquor licenses, resulting since the repeal of prohibition. Aside from these three items, the ordinary revenues of city and county departments reflect a decrease. The increase in revenues from all sources is equivalent to a tax rate saving of four dollars and seventy cents.

From the foregoing it is evident that losses in assessed valuations, the unfavorable development in the annual exchange with the Commonwealth, expanded debt service charges and increased welfare and relief costs are charges amounting to \$20 in the tax rate that have been added since 1930. Fortunately, reduction in city regular departmental maintenance and in increase in revenues applicable to maintenance costs have softened the effect of this gross increase by seven dollars and twenty cents. Other factors of a

miscellaneous nature have further offset the gross increase with the result that between 1930 and 1938 a net increase of ten dollars and fifty cents has occurred.

A review of the picture which has been presented in the foregoing paragraphs clearly indicates that during the hectic happenings of the past nine years the cities at all times have been obliged to go on their own. The question naturally arises: Can we continue to fight on our own what appears from the record of the past nine years to be a losing battle? Municipalities are creatures of the state. Their sources of revenue are specifically limited by legislative mandate. They cannot establish new sources of revenue without appropriate legislative authority. The general property tax forms the backbone of the municipal revenue system. In Boston approximately 75 per cent of the city's total revenue is secured from taxes levied on the owners of real and personal property.

The state's revenue system is much more flexible than that of cities and towns because it can utilize more revenue sources. Under the present system of levying upon cities and towns for the deficiency between general fund appropriations and estimated ordinary revenues, there is little incentive for the Legislature to make use of its broad and general revenue powers. The additional cost incident to the establishment of new functions or the expansion of old ones can be readily shifted to the cities and towns by the simple expedient of increasing the state tax. When this is done an additional burden is imposed upon property owners.

The general property tax should be reserved for the sole use of municipalities. They should not be required to share the returns of this tax with the Commonwealth. The state possesses the power to establish itself as a self-contained financial unit. The forthcoming session of the Legislature holds the answer to the future hopes of municipal government. I sincerely trust that action of a constructive nature may be taken in 1939 which will assure positive financial relief to cities and towns, and will establish the responsibility of the state as a participant and contributor to the financial burdens which to date have rested their full weight upon the shoulders of Massachusetts municipalities. Unless such action is taken in 1939 it would appear that a general increase in municipal tax rates is unavoidable and that relief for the already overburdened property owner is further postponed.

City and State Relations.

Except for the lack of any action to meet the long overdue problem of broadening the tax base and providing other revenues than the real property tax for dealing with the welfare load of the depression, the first year of our administration was noteworthy for the sympathetic cooperation of the Legislature with our legislative program. In general, it seemed clear that the members of the General Court recognized our difficulties, and with full appreciation of our needs, and confidence in the sincerity of our intentions to face them squarely and honestly, gave us every assistance in overcoming them. I express my deep appreciation of that cooperation in the past year, and the hope and expectation of a similar understanding spirit in the future.

Among the important pieces of financial legislation enacted on my petition were the Funding Bill, so called; the bill relative to payment of taxes before appeal to the Appellate Tax Board; and the bill putting teeth in the automobile excise tax law. The purpose of the Funding Bill was to refund overlay deficits which had been accumulating on the books of the city for the past several years and to remove from the city's balance sheet other doubtful items, such as uncollectible poll taxes, etc., which were carried on the books of the city as assets. The bill as enacted on my recommendation contains provision for 4 per cent overlay annually to take care of abatements, an amount twice as large as that previously provided, and which should be sufficient to cover abatements granted during my administration.

The effect of the bill to require payment of taxes before appeal to the Appellate Tax Board is best measured by the fact that during the year 1938 we have collected \$56,000,000 in real property taxes as compared with about forty-eight and one-half million dollars for 1937. This act, chapter 478 of the current year, requires in the case of a real estate tax over one thousand dollars, the payment of the tax in full before appeal, or at least 50 per cent of the tax bill accompanied by proof of inability to pay the balance. This law has put an end to the practice of withholding payment for the sole purpose of exerting pressure on the city for a favorable settlement, because of the city's financial needs.

The automobile excise tax law, chapter 492 of this year, requires the Registrar of Motor Vehicles to revoke a registration unless proof is submitted of payment of the tax. Its effectiveness is revealed in the Collection Department which reports collections of \$180,000 of current year taxes, in excess of collections for the year 1937, an improvement of better than 20 per cent.

A real beginning has been made during the year to examine the burdens that Boston bears in providing services that more properly should be paid for by the people of the Metropolitan Area or of the State as a whole. Three recess commissions are established and will report to the General

Court early in the year, one on a general study of Metropolitan Function and Activities, one on the Airport, and the third on the Summer Traffic Tunnel. The Airport has become at least a State if not a Federal function; and the Traffic Tunnel has proved itself an essential link in the highway system of the Commonwealth, shown conclusively by traffic counts to be a convenience used overwhelmingly by inhabitants of communities other than Boston. Much may be hoped from their reports soon to be submitted to the General Court. Other recess commissions are studying and will report on the water and sewer problems of the Metropolitan District in which Boston is vitally concerned by reason of our large share in the cost of these services.

In the matter of water supply, the Legislature at our suggestion amended pending proposals for large expenditure and consequent heavy burden on our water rate payers, so as to provide for the use of P. W. A. funds, and also to postpone the first serial payments on bonds issued under the act for five years from the date of issue. Thus Boston will be assured during my administration of an abundant supply of the purest water in the country at no extra present cost to the water users of the city. At the end of five years it is anticipated that the peak of heavy interest and principal payments on prior debt will be passed.

Mention should also be made of the enactment of legislation designed to improve the collection of taxes, a law to permit the appointment of a custodian for the better management, control and disposition of foreclosed property, and a bill to increase the number of the Board of Assessors.

Highway Fund.

An expert on public finance, Professor A. G. Buehler, points out in a recent work that, for the ten-year period ending in 1932, "The various special taxes on automobiles provided \$7,312,500,000 as compared with total expenditures on the construction and maintenance of streets and highways of \$16,587,000,000. Automobile taxes, therefore, have fallen far short of covering street and highway costs." The balance has, in the rest of the country as here, fallen on the real estate owners and the rent payers of the land.

The New York State Tax Commission in 1935, after stating that cities and villages were receiving no help at all from the state for highway purposes, said in their report: "This arrangement seems grossly unfair. The increasing use of automobiles has added tremendously to the cost of city government. The cities have been forced to open up new streets, widen and improve old ones, install traffic lights, and maintain a force of traffic policemen as a result of the advent of the automobile."

What seemed "Grossly unfair" in New York is doubly unfair in this state as relates to the City of Boston. The capital city of the Commonwealth has received no assistance from the Highway Fund to meet its large expenditures for the construction and maintenance of city streets. Even when there has been distribution to other cities and towns from the Highway Fund, the state has been an Indian-giver; it has given with one hand and taken back with the other in the shape of an addition to the state tax of the same amount. Distribution of a fixed percentage, say one-third of the Highway Fund, annually to cities and towns would be a wise permanent policy; for actually more money is spent on roads and streets by the cities and towns of the state in the course of a year than is spent by the State Public Works Department on all state and local highways. A recent authoritative survey by the Commission on Conflicting Taxation showed that "Half the gas taxes are collected on fuel burned within city limits." Clearly an unanswerable case is made out for a fairer treatment of Boston, and other cities, too, in the future. Diversion of the gas tax into the general treasury of the state to establish a fictitious state tax, or its equivalent, distribution to cities and towns and the concurrent assessment of the same amount to be paid by real property, should no longer be permitted to add to the burdens of the real estate taxpayers.

Last year Boston petitioned for distribution of a portion of the Highway Fund. Late in the session a distribution of \$5,000,000 was ordered by the Legislature and under the terms of the act it was commonly believed that the amount received by cities and towns could be retained in the treasury and used in 1939 to meet local appropriations for highway purposes. The Attorney-General, however, has ruled that it may not be so used. I therefore propose, in concert with other Mayors, to petition for legislation to clarify the law and enable Boston's share, amounting to \$1,194,300, to be used in 1939 for street and highway purposes under the jurisdiction of our Public Works Department. In the face of the staggering burden facing us in 1939, no other use of this money can be justified.

Another bill, passed by both branches, but unfortunately vetoed by the Governor, would have relieved the Metropolitan District, of which Boston pays more than half the expenses, of approximately \$1,000,000 for maintenance of highways under the jurisdiction of the District Commission. Certain boulevards have their entire maintenance cost paid for out of the Highway Fund; others, by pure historical accident not termed "Boulevards," have their maintenance cost paid by the home owners and real estate taxpayers of the district. A highway is a highway, by whatever name it may be called, and the State

Highway Fund should properly be called on to finance the maintenance of all highways of the Metropolitan District as part of the highway system of the state. I have every reason to believe that the recess commission will report a bill similar to that of last year. I hope they may go further, and recommend legislation to adopt a permanent policy by which a fixed percentage of the Highway Fund would be allotted annually to the Metropolitan District for expenditure, subject to appropriation, on the construction, reconstruction, maintenance and repair of all automobile roads in the district. Such a policy, if adopted, should also provide for an allocation of a fair share of such a fund for use on highways and boulevards within the city limits.

Real Estate Valuations.

Let us consider for a moment the situation with respect to real estate valuations in our city, keeping in mind that from real estate the city obtains by far the major proportion of the revenues needed to operate our municipality.

The loss of income to our city because of the tremendous decrease in valuations, I have referred to previously, has not been compensated by replacement in the form of new building construction or by any other new source of revenue. Consequently, the constant rise in the tax rate has been inevitable.

Until it is possible to obtain new and substantial sources of revenue, this continued drop in real estate valuations will remain as serious a matter as it is now. Somewhere there must be a bottom beyond which valuations cannot recede. Apparently, we have not yet hit that bottom. At the present time there are over seven thousand appeals for abatements pending before the Appellate Tax Board, and over double that number pending before the Boston Board of Assessors. Properties that were reduced in valuation in recent years have come back again for still further reductions. The endless chain is running and the direction is ever downward.

We must, in all justice, grant abatements in cases where properties are palpably overassessed, in home properties that have lost their original intrinsic value, and in other cases where it is apparent that changed economic conditions or changes in entire neighborhoods have resulted in greatly lowered values. But we must also, and in justice to all the people of our city, strive to maintain fair values on highly assessed properties, the owners of which seek to thrust upon the whole city the cost of their mistakes of management or judgment.

The Board of Assessors of our city is fair and often liberal in its abatement grants. The Appellate Tax Board of the state has shown, on many occasions, a liberality which is both distressing to the responsible officials of our city and open to grave dispute. During the past year the Appellate Tax Board has granted abatements to the amount of approximately 17 per cent of the valuations involved. The Boston Board of Assessors on cases pending before the State Board made settlements of less than 11 per cent of the valuations involved, and granted abatements on other cases before its own Board averaging slightly over 13 per cent of the valuations involved.

In view of the fact that approximately three-quarters of the cases filed before the Appellate Tax Board are Boston cases, and in view of the further fact that that Board has exhibited a generosity which appears, at times, to be unreasonably excessive, it seems reasonable to urge that at least one member of that Board be a resident of Boston—there is now no resident of Boston on that Board of five members.

It is a policy of this administration that real estate valuations once properly and fairly established by the Board of Assessors or the Appellate Tax Board will stand until altered circumstances justify a change in the valuation; and it is a further policy of this administration not to re-establish fictitious values merely for the purpose of creating a false tax rate.

The 1939 Tax Rate.

No definite statement as to the exact tax rate to be declared for 1939 can be made at this time. All that can be done is to comment briefly on the major item entering into the tax rate computation. I am firmly convinced that it will be possible to maintain the cost of operation of city departments at a figure no higher than a year ago. It appears likely that a reduction in debt service charges will be possible. School maintenance costs should reflect a reduction due to reduced pupil numbers. The Summer Traffic Tunnel deficit should show no increase over the deficiency at the close of 1937. Ordinary revenue receipts should increase due to the adoption of a revised schedule of permits and fees.

If these items were the only factors present in the tax rate we could look forward to a reduction in this year's rate. Unfortunately, the following items, all of them beyond the control of the Mayor, but all of them contributing factors to the tax rate, threaten to create a situation which precludes any possibility of a reduction in the tax rate of 1939:

1. Increased Elevated deficit.
2. Greatly increased state tax.
3. Further shrinkage in assessed valuations.
4. Reduced returns from the income and corporation taxes.
5. Increased county budget, due to the opening of the new Court House.
6. Increased pension system requirements.

While it is not pleasant for me to forecast a further increase in the city's tax rate, I cannot ignore my responsibility to speak openly and frankly on a matter which is of supreme importance to the taxpayers of the city. In the months which intervene between now and the time when the rate will actually be declared, it will be my earnest endeavor to prevent, in so far as it lies within my power, an abnormal increase in the 1939 tax rate.

Relief.

Expenditures for relief, both direct and indirect, continue to absorb much of the income of the city, in fact, in the year just passed there has been a decided upward turn in the appropriations needed for this purpose.

The expenditures of our Public Welfare Department are \$1,000,000 in excess of the previous years' expenditures. Over 29,000 families are now receiving direct aid from this source and the tendency seems to be upward rather than downward in numbers requiring such aid. Private investigation conducted under my personal direction warrants the statement that little, if any, fraudulent cases are carried on the welfare rolls. During the year recipients of welfare aid were provided with free milk, with no decrease in the allotments granted. The Welfare Department of the City of Boston during our administration will continue to provide aid for every deserving applicant.

The city has sponsored W. P. A. projects employing over 26,000 persons. To make this employment possible it is necessary that the City of Boston cooperate by providing supplies, equipment and material. The cost to the city during the past year for W. P. A. activities was \$2,200,000, an increase of close to \$1,000,000 over the expenditures for this purpose in 1937. During the early months of my term as Mayor the business recession increased unemployment in our city. In an effort to relieve unemployment I made repeated visits to W. P. A. State headquarters and to Washington, as a result of which visits our city received an additional allotment of \$800,000 for Boston projects, thus providing employment for 10,000 additional persons.

W. P. A. projects sponsored by the City of Boston have resulted in many valuable improvements which are of permanent asset to our city far greater than the material contribution required. Notable among these W. P. A. improvements are the following:

The extension of the subway along Huntington avenue beyond Gainsborough street, providing more rapid transit facilities for the Roxbury and Jamaica Plain sections of our city.

The construction of a four-lane automobile underpass at the junction of Massachusetts and Huntington avenues, which will eliminate one of the most congested traffic points in the city and enable Huntington avenue to carry a greatly increased traffic load.

The relaying of eight miles of cast-iron sewer pipe and eight and one half miles of water cast-iron mains in the city.

The construction and reconstruction of forty miles of streets, the largest program of street improvements carried to completion in the history of the city.

Grouping together expenditures for public welfare, child welfare, and W. P. A. activities, we find that a total in excess of \$16,000,000 has been expended by the city during the course of the year.

Expenditures for all forms of relief constitute one of the major burdens of our municipality. It is a burden which we neither want to nor will shirk. It is a burden which we all willingly assume, in order that those in our community who are unfortunate or unemployed may receive at least sufficient aid to provide the common necessities of life. It is a burden that, in my opinion, should rightfully be borne by the state government through funds raised expressly for this purpose. We all must realize that this problem is more or less permanent in nature, and that, under present circumstances, most cities in the Commonwealth find this depression burden almost beyond the financial abilities of the local government to carry with their limited tax sources. The problem of relief in all its forms is no longer local in its aspect. State acceptance of this responsibility is necessary if the cities and towns are to remain independent governmental units in a solvent condition.

The Boston Elevated.

The Elevated problem still remains unsolved. Efforts toward complete public ownership failed during the past session of the Legislature, and under the Public Control Acts the car-riders of the district and the property owners of the city and surrounding territory must continue to pay dividends to the private stockholders. Unfortunately, the Legislature was unwilling to adopt my recommendation for an appraisal of the property with a view to determining its actual present value, and we are thus no nearer knowing its true value if it is to be bought by the public. Deficits continue to increase year by year and in the year 1939 Boston will be faced with an increase of \$900,000 over its share of the deficit assessed last year, a figure that amounts to sixty cents on our tax rate.

Obviously, we have here a problem that will require the best brains that can be summoned to the task on Beacon Hill. It is a problem that will

not down nor solve itself. It must be met. In the interests of the people of Boston, I pledge myself to cooperate in every possible way with the new administration in an effort to solve this most perplexing problem.

Various Departmental Activities.

Fire Department.

The work of the Boston Fire Department deserves more than simple passing mention. For the year 1938 the City of Boston has received the first award for the greatest improvement for Fire Prevention work and this award was received in competition with four hundred and seventy-one cities in the United States, Honolulu and Alaska, and two hundred and thirty-eight cities in Canada.

In addition to this outstanding recognition afforded our city, I am pleased to say that the fire loss in the City of Boston for the past year is the lowest within the recorded history of the city.

The most remarkable fact in connection with these accomplishments is that they were achieved despite the lowest Fire Department budget since the year 1923.

School Buildings Department.

The Department of School Buildings in the City of Boston, has established an enviable record during the year which deserves special recognition. Under the direction of an unpaid Board of Commissioners and the Superintendent of Construction James J. Mahar, this department has operated on the lowest budget in the past twenty years, a budget approximately a quarter of a million less than the previous year and almost a million dollars less than in 1930. Despite the drastic cut in allowances this department maintained in first-class condition the structures and equipment of the various school buildings; made certain of the safe and comfortable housing of each child attending our public schools; and provided out of its limited budget for the hurricane damage to the two hundred and eighty-five school buildings in our city which have a gross valuation of over \$80,000,000. Not only did this department meet extraordinary expenses, which in other agencies of government caused extraordinary additional expenditures, but I am proud to say that this department ended the financial year with an unexpended balance of \$65,000.

What this department has done under the able supervision and direction of its responsible officers is an example of what can be accomplished in municipal activities, and is an example which I recommend other city departments to follow where possible.

Supply Department.

During the course of the present year a start has been made on the improved methods of purchasing supplies and materials for city departments. Changes in the system of purchasing were recommended by a committee of prominent purchasing agents of leading business establishments of Boston who pursued their studies in cooperation and conjunction with the Municipal Survey Committee and the Supply Department.

Increased efficiency has resulted from the report of this committee, and substantial savings have been made possible by the adoption of the recommendations. Still further recommendations of the committee will be put into effect during the course of this year, with a possibility of still greater savings to the city.

The willingness of busy executives to give their time and effort to the city for the purpose of improving our methods of operation is a vivid example of what we may gratuitously receive from public-spirited citizens if we show an indication that we desire our city to be conducted in a modern and efficient manner.

Health and Hospital Departments.

In the matter of health and hospitalization, the record of our city during the past year is an enviable one.

During the year the United States Chamber of Commerce awarded to our city the first prize for the most notable accomplishments in health conservation of any large American city.

Boston during the past year had the best health record and the lowest death rate record in its entire history. Deaths from pneumonia were the lowest in a great many years, and not a single death resulted in the entire city from the once dreaded disease, diphtheria. Of the twelve largest American cities, Boston had the lowest death rate from tuberculosis.

The infant mortality rate of our city was the lowest in our history, and the year 1938 will be remembered because of the lowest number of deaths of expectant mothers, and I am pleased to announce that the facilities of our City Hospital, for maternity cases, will be expanded during the course of the present year by the opening of an additional ward with thirty-three beds for expectant mothers.

The New Surgical Building at the City Hospital was opened during the year, with an additional maintenance expense upon the city of \$300,000 per year. Eighty-six new nurses were appointed to this service for the better care of the patients confined to this building.

I propose to direct the Board of Trustees of the Boston City Hospital, in cooperation with the Hospital Council of Boston, to make a general survey of the medical services afforded East Boston, with a view of assuring the citizens of East Boston adequate and sufficient medical care.

The City of Boston is providing a wide and varied measure of service to its citizens for the protection of their health. A wise public health philosopher once expressed the conviction that public health was purchasable and that communities might determine their own death rates. The City of Boston, by the wise expenditure of funds both for prevention and treatment, is indeed conserving and protecting the health of its people.

Finance Commission.

The Boston Finance Commission has worked in harmony with the present administration. On more than one occasion its recommendations have been adopted and on all occasions its advice has been accepted in the spirit in which it has been offered. Recommendations made by the commission have been put into effect and have been of a distinct value in the development of many new practices and in the improvement of administrative methods. It is my sincere hope that the future relations between the Finance Commission and the officials of the City of Boston will continue to be pleasant and helpful. In these trying days of puzzling municipal problems the cooperation of all the agencies of government is necessary if we are to arrive at some sort of a solution of these problems. Constructive criticism by the Finance Commission will continue to be accepted by city authorities, and acted upon for the better administration of our city government.

Housing.

During the year the United States Housing Authority has set aside \$29,000,000 for the new housing projects in the City of Boston. These projects will be constructed in the South End, Roxbury, South Boston and the South End sections of our city. Construction will commence early in the present year. Boston's participation in subsidized housing will bring about the redemption of numerous areas in our city which the passage of time has rendered unfit for habitation under the American standard of living. It is admitted that private capital would be either unwilling or unable to reclaim these areas, which even now are in such dilapidated condition that they tend to depress property values in surrounding neighborhoods. Reclamation of these areas by the Housing Authority will not only improve property and property values, but will also improve the health of the thousands of children who will be housed within these projects, now resident in the main in crowded homes, without heat, and with improper and inadequate sanitary facilities. Future Boston will be the better for the citizens who will have an opportunity to grow and develop, sound in mind and body, by reason of the clean and healthy environment the new housing will provide. Furthermore, the housing program, in addition to the large building program now in prospect by private interests, should insure employment for practically all the building mechanics now resident within the City of Boston before the end of the present year.

Industry and Conventions.

Even before the depression, and increasingly during the depression years, Boston has witnessed an exodus of industry from its borders until we seemed to have reached an irreducible minimum of industrial activity. Free or reduced taxes, low wages and unorganized labor were some of the inducements held out by communities in this and other states to hasten the exodus. The recent elimination of the machinery tax, the general unionization of labor throughout the nation, the passage of the wage-hour law, have all combined to eliminate the unfair advantage heretofore enjoyed by other localities. Given free competition, I am convinced that Boston can now obtain her fair share of manufacturing and other industries from which the city must draw its very life-blood. We have here shipping facilities by sea and by land that are unexcelled. We have a plenitude of skilled labor not available elsewhere. Labor controversy has been almost unknown within our borders. With city finances now on a firmer basis, and our faces turned confidently toward the future, we can expect to have once more in Boston the hum of thriving industry.

During the past year forty-four manufacturing industries have located within our borders. We have begun the long climb back as a center of industrial activity, and I hope that all the agencies and elements in our city and state, both private and public, will give encouragement wherever and whenever possible to the re-establishment within our gates of commercial pursuits which, in the final analysis, is the basis of prosperity for all.

During the coming year one hundred and nine conventions, large and small, will come to Boston. The largest of these conventions will be that of the Veterans of Foreign Wars.

Boston should be the greatest convention city in our country. Our attractions are too numerous for mention at this time, but unless we go after this business it will go elsewhere. One of the matters to which I have given considerable time and attention since taking office is the selling of our city to large groups and associations who meet in annual convention.

During the coming year millions of dollars will be spent in our city by persons attending conventions, and that money circulating in this community will have a beneficial effect in many ways, in addition to the great advertising value which our city receives from persons who visit us.

I implore those in our city who may be members of large national organizations or societies to bring their groups to this city. Boston can be, and should be, the number one convention city in this country, and I shall exert every effort to expand our opportunities in this most profitable line of endeavor.

Metropolitan Boston.

For more than a generation Boston Mayors have urged a Metropolitan Boston either by annexation of the suburbs to Boston or by various types of federations. Under the present conditions which exist there is waste and unnecessary duplication of governmental services and functions by the cities and towns which might properly be part of such a large unit. The area within fifteen miles of the State House is truly a great social and economic unit, but governmentally it remains divided into scores of unrelated and non-cooperative sections.

I fully appreciate the pride which our suburban citizens have in their local communities. Many of these communities have their origins almost as far back as Boston's, and they are rich in tradition which we should do everything to preserve and nothing to destroy.

We must view the situation in this area with realism. Even if it were certain as to the exact form which a Metropolitan Boston should take, I am convinced of the futility of attempting to obtain immediate legislative action bearing upon this problem in any way. I realize that if any more unity in government is ever going to be achieved in this area it is not likely to occur until the suburbs are convinced of its value and believe it to be preferable to the present condition of independence and isolation. That will not come during my term of office. It may not come in my lifetime. But eventually it will come, because for the common protection and preservation of the whole it is a necessary and natural development.

I do not intend to take the customary but futile steps of seeking legislation for a Greater Boston, or to agitate for it in any way. Instead, I propose to stand ready to develop new avenues of cooperation between Boston and her sister municipalities which surround her. We have many problems in common and it should be possible for us to meet them together. I also hope to effect such improvements in the administration of this city government that will win it a greater degree of popular respect.

All that I ask of the citizens of our neighboring suburbs is the recognition of our common problems and a willingness to work them out together. Once we can dispel antagonisms and suspicions; once we can reach an attitude of mutual respect and understanding; once we can work out the problems of this great area in unison, we can let developments from that point on into the future take their natural course.

Most certainly, Boston with its duty to maintain services of a great metropolitan city; with its daytime population which is more than double its real population; and with its ties and traditions closely allied with our sister cities and towns, would be a far greater city and command far greater respect nationally if and when the true Boston can be amalgamated into a greater city.

Conclusion.

At the beginning of this report I stated that it was of prime importance and necessity that we maintain the credit of our city, for unless that credit is maintained we shall not be able to meet the fundamental requirements for which we are organized as a city or the abnormal requirements resulting from the long-continued depression. That we have met that primary duty is evidenced by the fact that recent temporary borrowings by the city were obtained for forty-three hundredths of one per cent, the lowest rate for this type of borrowing in the recorded history of the city. Our credit standing is on a firmer basis than when this administration took office.

This administration has entered into no costly activities. There have been no capital expenditures. There has been no squandering of the public funds. Ninety per cent of the vacancies in city departments have been allowed to lapse, with no loss in the efficiency of operation. Improvements in methods of administration and operation of various city departments recommended by the Municipal Survey Committee have resulted in greater efficiency and substantial savings to the city. Advantage has been taken of the generosity of the Federal Government through W. P. A. activities, thus saving our city large sums of money that would have been assessed for welfare purposes.

Our city government is still faced with unusual conditions. Fixed or extraordinary expenditures over which we have little if any control, and which are on the increase rather than on the decrease, are on one side of the ledger, while on the other side is the picture of shrinking revenues. Almost every other large city in our country has had its income augmented or supplemented by substantial revenues from sources other than real estate taxes. The only visible new source of revenue to our city will be from the newly established schedule of fees for licenses and permits which, through the cooperation of your Honorable Body, will increase our revenues by approximately three hundred thousand dollars.

We have instituted economies that are difficult to make and still maintain efficiency and ade-

quacy of service, and which are discounted and dissipated by circumstances over which we have no control, and which make a reduction in our tax rate impossible.

The situation which faced our administration one year ago made necessary the adoption of this policy of limited expenditure, but to what avail is this sort of a policy if the state government, whose deficits we are compelled to bear in large measure, continues a policy of unlimited expenditure? It is not, in my opinion, a barren hope that the new state administration will not only desist from ill-advised and hasty expenditures of vast magnitude, and of somewhat questionable necessity, but will actually reverse the procedure and give to overburdened cities and towns the cooperation and assistance which is necessary if those cities and towns are to retain their standing as independent units of the government.

In the year just ahead the same careful scrutiny and vigilance will be exerted over the expenditure of the public funds. Every effort will be made to promote efficiency of operation and thus reduce expense of operation. Every expedient will be utilized to prevent undue and additional burdens on the taxpayers of our city. Every opportunity will be accepted that will promote the general welfare and well-being of our city.

As Mayor of Boston I desire to publicly express my appreciation to those public-spirited citizens who have given unstintingly of their time and talents without compensation, and more especially the trustees of the Boston City Hospital, the Overseers of the Public Welfare Department, the members of the City Planning Board, the members of the Board of Park Commissioners, the trustees of the George Robert White Fund, the Commissioners of the Sinking Funds Department, and the members of the Board of Commissioners of School Buildings, all of whom contribute their invaluable services to our city without cost to our city government.

Let me also, and with equally as sincere sentiments, express my gratefulness to the entire membership of the Boston City Council, who during the year just passed have given me unselfish cooperation in all my undertakings. This spirit of harmonious action is proof conclusive that your Honorable Body has a deep understanding of the common problems that beset our city, and that to solve those problems you are willing to submerge, if necessary, all other considerations in consideration of the common good of all our citizens. I thank the gentlemen and the lady member of this body, individually and collectively, for your attitude during the past year, and I am confident that the coming year will find our relations equally as cordial and understanding.

(For Financial Tables see page 52.)

The Mayor concluded his address at 3.20 p. m., amid loud applause, and retired from the hall, escorted by the original committee.

Upon the retirement of Mayor Tobin, Chairman SHATTUCK at 3.22 p. m. declared a recess of five minutes.

Chairman SHATTUCK at 3.28 p. m. called the Council to order.

A roll call showed that all the members of the body were in attendance.

Coun. KERRIGAN offered the following:

Ordered, That the City Council of Boston proceed to the election of a President for the year 1939. The order was passed.

Chairman SHATTUCK—Before taking up the question of election for President, the Chair thinks it necessary to make a ruling.

The City Charter provides in section 50 that the City Council "shall elect by a vote of a majority of all the members" a president. The words "majority of all the members," and the words "two-thirds of all the members" in section 2 relative to loans, appear in the charter of 1909, when the City Council consisted of nine members. The words "majority of all the members" were contained in chapter 479 of the Acts of 1924 when the City Council was increased to twenty-two members. It is the opinion of the Chair that the intention in both cases is to provide a fixed number from which the calculation is to be made of what is a majority and what is two-thirds. The number of members provided for is twenty-two and two-thirds of twenty-two is fifteen and a majority of twenty-two is twelve. The Chair, therefore, rules that in the election of a president by a majority of all the members it is necessary for the successful candidate to receive twelve votes notwithstanding any temporary decrease by death or resignation in the number of persons holding the office of member of the City Council.

The clerk will now call the roll, and each member, as his name is called, will rise and announce his choice for President of the City Council for 1939.

The clerk called the roll and the members were recorded, with the following result:

For James E. Agnew—Coun. Agnew, Englert, Fitzgerald, Kerrigan, Murray, Norton, Shattuck, Taylor—8.

For William J. Galvin—Coun. Fish, Galvin, Harris, Hutchinson, Irwin, Kelly, Langan, Lyons, Sullivan—9.

For Robert Gardiner Wilson—Coun. Chase, Rosenberg—2.

For Edward L. Englert—Coun. Carey—1.

For Sidney Rosenberg—Coun. Wilson—1.

And there was no choice.

MESSAGE OF MAYOR.

A COMPARISON OF CITY OF BOSTON TAX STRUCTURE ELEMENTS, 1930 AND 1938.

	1930.	1938.
Tax Rate.....	\$30 80	\$41 30
Assessed Valuations.....	\$1,972,148,200 00	\$1,550,407,500 00

VETO OF DANIEL A. WHELTON
PAYMENT.

The following was received:

City of Boston,
Office of the Mayor, December 30, 1938.
To the City Council.

Gentlemen,—I return herewith without my signature and disapproved the order passed by your Honorable Body on December 19, 1938, to pay the sum of \$1,240 to Daniel A. Whelton, in reimbursement of the premiums paid by him for thirteen years on his bonds as special sheriff.

The reimbursement was asked for on the plea that Mr. Whelton paid the premiums out of his own pocket and in ignorance of the provisions of section 43a of chapter 35 of the General Laws—passed in 1924, which reads as follows:

"Every officer or employee of a county required to furnish a fidelity bond with a surety or sureties shall furnish a bond with a surety company authorized to transact business in the Commonwealth as surety. The premium on such bond shall, in every case, except in the case of the treasurer of Suffolk or Nantucket County, be paid by the county."

As special sheriff Mr. Whelton, under section 4 of chapter 37 of the Revised Laws was obligated to give a bond to the sheriff in such amount as the sheriff required. He furnished no bond running to the County of Suffolk. He was and is an employee of the sheriff and responsible to and paid by him when he is acting as sheriff except when there is a vacancy in the office, at which time he furnishes a regular sheriff's bond running to the State Treasurer.

It is true that certain employees in some of the city departments furnish bonds running to the head of the department and the department pays the premium on the bonds, but in these cases the persons bonded are employees of the city and not personal employees of the head of the department, and the city pays their salaries.

It seems evident that Mr. Whelton is not an employee of the County of Suffolk, but the Corporation Counsel has ruled that the special sheriff is an officer contemplated to be within the provisions of said section 43a, and that the premiums could have been paid by the county.

Assuming that the statute in question applied to Mr. Whelton, the fact remains that he paid the premiums voluntarily and under no ruling or compulsion from any city or county official.

Under the circumstances, and for the reason that if any reimbursement is made, the Law Department's approval limits it to \$600, I do not approve the order.

Respectfully,
MAURICE J. TOBIN, Mayor.

Placed on file.

SECOND VOTE FOR PRESIDENT.

On motion of Coun. FITZGERALD, the Council voted to proceed to another ballot for election of a President for the year 1939.

The clerk called the roll and the members were recorded, with the following result:

For James E. Agnew—Coun. Agnew, Carey, Englert, Fitzgerald, Kerrigan, Murray, Norton, Shattuck, Taylor—9.

For William J. Galvin—Coun. Fish, Galvin, Harris, Hutchinson, Irwin, Kelly, Langan, Lyons, Sullivan—9.

For Robert Gardiner Wilson—Coun. Chase, Rosenberg—2.

For Sidney Rosenberg—Coun. Wilson—1.
And there was no choice.

TEMPORARY ANTICIPATORY
BORROWING.

The following was received:

City of Boston,
Office of the Mayor, January 3, 1939.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the City Auditor. In accordance with the recommendation contained therein I submit an order providing for the issuance, in anticipation of the revenue receipts of the year 1939, of temporary notes in an amount not to exceed \$45,000,000. I respectfully recommend consideration and adoption of this order by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Auditing Department, January 3, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—It is customary to submit to the City Council at its first meeting in the New Year an order authorizing the issuance as needed during the year of temporary loans in anticipation of revenue receipts. Last year the Council authorized a maximum borrowing power of \$45,000,000 and I respectfully recommend that an order in this amount be submitted to the City Council for consideration and adoption.

Respectfully,
CHARLES J. FOX,
City Auditor.

Ordered, That to provide temporarily money to meet the appropriations for the financial year 1939, the City Treasurer be, and hereby is, authorized to issue and sell, at such times and in such amounts as he may deem best, notes or certificates of indebtedness of the City of Boston not exceeding \$45,000,000 in the total, in anticipation of the revenue of the financial year; that all such notes or certificates of indebtedness be dated the day the money for the same is received, be made payable with the interest thereon within one year of their date and bear interest from their date until the same are made payable at such rate as the City Treasurer and the Mayor may determine. The said City Treasurer is hereby further authorized to renew or refund any such notes issued for a shorter period than one year, under the provisions of section 17 of chapter 44 of the General Laws.

Coun. KERRIGAN moved a suspension of the rule for the first reading of the order.

The order was given its first reading and passage, yeas 21, nays 0.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the following appointments were submitted by the Mayor, viz.:

Constable for the term ending April 30, 1939, to serve civil process upon the filing of a bond: David Kaplan, 639 Morton street, Dorchester, Mass.

Weighers of Coal: Richard B. DeWolfe, 730 Canton avenue, Milton, Mass.; Duane P. Blanchard, 4 Van Ness road, North Weymouth, Mass.; Walter Lehman, 68 Orchard street, Medford, Mass.; Huey McKenzie, 3001 Washington street, Jamaica Plain, Mass.

Measurer of Leather: Harold R. Caro, 26 Vesta road, Dorchester, Mass.

Severally laid over a week under the law.

IRON FENCE, AMERENA PARK.

The following was received:

City of Boston,

Office of the Mayor, January 3, 1939.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Park Department Chairman relative to your order of December 19, 1938, concerning the erecting of an iron fence around the tablet in Amerena Park, East Boston.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,

Park Department, December 28, 1938.
William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Sir,—I have your memo. of December 27 with inclosure, order from the City Council relative to erecting an iron fence around the tablet in Amerena Park, East Boston.

Please be informed there is no Amerena Park in East Boston. There is, however, an Amerena Playground under the control of this department. Said playground was turned over to the Park Department in exchange for land that is now under the jurisdiction of the School Department and on which a school has been erected. There was a tablet on that land and if the tablet is still in existence, it comes under the control of the School Department and not the Park Department.

Very truly yours,

WILLIAM P. LONG, Chairman.

Placed on file.

STREET CLEANING IN DORCHESTER.

The following was received:

City of Boston,

Office of the Mayor, January 3, 1939.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Public Works Commissioner relative to your order of November 14, 1938, concerning the inaugurating of a campaign to clean up the streets in Dorchester and to provide some regular program for the cleaning of the streets.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,

Public Works Department,
December 27, 1938.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—The following order that was passed in the City Council on November 14 has been referred to me for promulgation:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to inaugurate a campaign to clean up the streets in Dorchester, and to provide some regular program for the cleaning of the streets."

Since the passing of this order I have assigned approximately twenty-five constables to the Dorchester area to prevent, as far as possible, the littering of the streets, and also to report to the Central Office of the Sanitary Division any deplorable conditions, so that they may be remedied immediately. I have also temporarily can-

celled all absences by the regular employees, due to overtime acquired, which will provide a full quota at all times.

The regular employees, with the aid of welfare workers, whom I have ordered transferred to the Sanitary Division from all other divisions of this department, should so increase our force that we shall be able to maintain the streets of this section in an orderly condition hereafter.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

SPEEDIER COLLECTION OF ASHES, ETC., WARD 10.

The following was received:

City of Boston,

Office of the Mayor, January 3, 1939.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Public Works Commissioner relative to your order of December 12, 1938, concerning the devising of some plan for the better and speedier collection of garbage and ashes in Ward 10.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,

Public Works Department,
December 30, 1938.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I have copy of the following order that was passed in the City Council on December 12, 1938:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to devise some plan for the better and speedier collection of garbage and ashes in Ward 10."

I have arranged with the Welfare Division to have all welfare workers transferred from the other divisions of this department to the Sanitary Division.

I have also assigned three additional trucks to this district, and feel confident that these factors will enable us to provide regular weekly collections of ashes and garbage in Ward 10.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

FAILURE IN REGULAR COLLECTIONS OF ASHES AND GARBAGE.

The following was received:

City of Boston,

Office of the Mayor, January 3, 1939.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Public Works Commissioner relative to your order of December 12, 1938, concerning the advising of the City Council of the reasons why the Sanitary Department has constantly failed to make regular collections of ashes and garbage.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Public Works Department,
December 30, 1938.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I have copy of the following order that was passed in the City Council on December 12:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to advise the City Council of the reasons why the Sanitary Department has constantly failed to make regular collections of ashes and garbage."

We have been greatly handicapped, due to the necessity of having the men who ordinarily are engaged in ash and garbage collections temporarily transferred to assist in snow removal work and clean-up work, due to the hurricane of September 21. Many of our regular employees have been absent due to overtime acquired, but I have temporarily canceled all such absences, and I feel that since the passage of this order conditions have improved considerably.

The Charlestown district is to be collected under contract in 1939, and I contemplate transferring the Charlestown personnel to the South End district, which should help us to maintain regular collections.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Robert R. Bradley, for compensation for damage to property at Medford street, caused by sprinkler truck.

Edmund J. Burke, for compensation for damage to property at 125 Park street, caused by city truck.

Celia A. Finnegan, for compensation for damage to property at 9 Eleanor street, caused by leak in water pipe.

Doris G. H. Isaacson, for compensation for injuries caused by an alleged defect at Temple place, near Washington street.

D. J. Kelly, for compensation for damage to car caused by city ambulance.

Mrs. G. H. Meade, for compensation for damage to property at 126 Bunker Hill street, caused by ash truck.

Executive.

Petition for children under fifteen years of age to appear at places of public amusement, viz.:

Clyde H. Philbrook, Bradford Hotel, January 12.

Leave granted under usual conditions.

ABANDONMENT OF EASEMENT.

Notice was received from the State Department of Public Works of order passed December 22, 1938, abandoning easements previously taken for sloping purposes at Neponset river in certain parcels of land adjoining state highway in City of Boston.

Placed on file.

THIRD BALLOT FOR PRESIDENT.

On motion of Coun. FITZGERALD, the Council voted to proceed to another ballot for election of President for 1939. The clerk called the roll and the members were recorded, with the following result:

For James E. Agnew—Coun. Agnew, Carey, Englert, Fitzgerald, Kerrigan, Murray, Norton, Shattuck, Taylor—9.

For William J. Galvin—Coun. Fish, Galvin, Harris, Hutchinson, Irwin, Kelly, Langan, Lyons, Sullivan—9.

For Robert Gardiner Wilson—Coun. Chase, Rosenberg—2.

For Sidney Rosenberg—Coun. Wilson—1.

And there was no choice.

PENSION FOR POLICEMAN HENRY F. HOGAN.

Coun. WILSON offered the following:

Resolved, That the City Council of the City of Boston hereby favors the enactment of legislation for pensioning at full pay of Henry Francis Hogan, former member of the Police Department, who lost a leg in the performance of his duty, provided that such legislation contains a referendum to the Mayor and the City Council.

Passed under suspension of the rule.

PENSION TO THOMAS G. SUPPLE.

Coun. WILSON offered the following:

Resolved, That the City Council of the City of Boston hereby favors the enactment of legislation authorizing the pensioning of Thomas G. Supple, a member of the Police Department, on an annual pension equal to the salary received by him as a police officer, provided that such legislation includes a referendum to the Mayor and the City Council.

Passed under suspension of the rule.

PREFERENCE TO BOSTON RESIDENTS ON HOUSING PROJECTS.

Coun. WILSON offered the following:

Ordered, That the Boston Housing Authority, through his Honor the Mayor, be requested to include in all contracts relating to construction of further housing projects a specific condition that Boston residents, when available, shall be given preference in employment.

Passed under suspension of the rule.

ARCHITECTURAL SERVICES, HOUSING PROJECTS.

Coun. WILSON offered the following:

Ordered, That the Boston Housing Authority, through his Honor the Mayor, be requested, in the construction of any further housing projects in Boston, to provide either that the services of city officials or army engineers be utilized in the matter of architect services, or, in any event, that Boston architects be given preference in this work.

Coun. WILSON—Mr. President, I noted with interest what his Honor the Mayor said in his address, at the bottom of page 29, on housing:

"Furthermore, the housing program, in addition to the large building program now in prospect for private interests should insure employment for practically all the building mechanics now resident within the City of Boston before the end of the present year."

I realize that that is so, but I also realize, as a result of contracts being let to contractors who are not usually Boston residents, various unions whose

members live outside of Boston will come in and do Boston work. Therefore, carrying out the Mayor's idea in his address, I have introduced this order, making it one of the conditions precedent to entering into any contract, first, that the Housing Authority be requested to include in all contracts relating to construction of further housing projects here a condition that Boston residents, when available, shall be given preference in employment, in order that the recommendation of his Honor the Mayor may be lived up to 100 per cent, so far as preference being given to Boston residents when available is concerned; and, second, I have in mind that one of the very important and controlling items with reference to housing is the appointment of architects. Sometimes their remuneration runs up to 6 per cent, which is quite a lot of money, even in these days, on \$19,000,000. It seems to me that if city officials or army engineers were utilized for architectural services when housing project plans are drawn up, this item of 6 per cent on \$19,000,000 would be very materially reduced, and that, in any event, Boston architects might be employed, thus giving the taxpayers of Boston some run for their money. I also have in mind that if competent army engineers or competent engineers or architects of the City of Boston were so employed on the four Boston housing projects, there would be fewer nonresidents of Boston placed at work on these projects. For that reason, I ask the passage of both orders.

Coun. NORTON—Mr. President, I am informed that under these slum housing projects, if you are a citizen of the nation you are entitled to employment within the confines of any city or town, that you have the benefit of the national point of view in regard to the unemployment situation. I am confident, however, that if the Mayor of Boston can do so, he will see to it that citizens of Boston will be given preference, if it is possible under the law.

The order was passed under suspension of the rule.

TYPES OF FUEL FOR WELFARE RECIPIENTS.

Coun. ROSENBERG offered an order:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to instruct all workers in charge of issuing orders and drafts for fuel to welfare recipients to immediately check the type of fuel used in each home in order to eliminate the possibility of an error in the sending out of these orders thereby causing hardship to the recipient.

Coun. ROSENBERG—Mr. President, I have introduced this order because of the hardship that has been caused in certain homes through the receipt of fuel not fitted to the heating apparatus of the homes. It has been called to my attention, for example, that on certain occasions recipients of fuel have received oil, where they have been using coal, and coal where they have been using oil. That is, in most cases, the households were not fitted for the particular type of fuel that was sent. The result has been that before a change could be made in the deliveries the coal or the oil in the household had been exhausted and the occupants have had at times to suffer hardship for a week or ten days, caused by the error in sending fuel for which the particular home was not fitted. I have at the present moment one instance particularly in mind, where the family received coal and their fuel was entirely consumed some time before the error could be corrected. There have been cases where there has been a delay in receipt of the proper fuel for a week or more, resulting in great hardship. I hope, therefore, that the Overseers of Public Welfare will be requested, through the Mayor, to instruct all workers in charge of issuing orders or drafts for fuel to welfare recipients to immediately check the type of fuel used in each home, in order to eliminate the possibility of such error and hardship to the recipients. I trust that such errors will not occur in the future. I move the passage of the order.

The order was passed under suspension of the rule.

FOURTH BALLOT FOR PRESIDENT.

On motion of Coun. FITZGERALD the Council voted to proceed to another ballot for President of the Council for the current year.

The clerk called the roll and the members were recorded with the following result:

For James E. Agnew—Coun. Agnew, Carey, Englert, Fitzgerald, Kerrigan, Murray, Norton, Shattuck, Taylor—9.

For William J. Galvin—Coun. Fish, Galvin, Harris, Hutchinson, Irwin, Kelly, Langan, Lyons, Sullivan—9.

For Henry L. Shattuck—Coun. Chase, Rosenberg, Wilson—3.

And there was no choice.

FIFTH BALLOT FOR PRESIDENT.

On motion of Coun. FITZGERALD the Council voted to proceed to another ballot for President for the ensuing year.

The clerk called the roll and the members were recorded as follows:

For James E. Agnew—Coun. Agnew, Englert, Fitzgerald, Kerrigan, Murray, Norton, Shattuck, Taylor—8.

For William J. Galvin—Coun. Fish, Galvin, Harris, Hutchinson, Irwin, Kelly, Langan, Lyons, Sullivan—9.

For Henry L. Shattuck—Coun. Chase, Rosenberg, Wilson—3.

For Edward L. Englert—Coun. Carey—1.

And there was no choice.

On motion of Coun. NORTON the Council voted at 4 p. m. to adjourn to Monday, January 9, 1939, at 2 p. m.

VOTE FOR PRESIDENT IN MASSACHUSETTS, NOVEMBER 3, 1936.

Vote in the State for President: 942,716 for Roosevelt (Dem.); 768,613 for Landon (Rep.); 118,639 for Lemke (Union); 5,111 for Thomas (Soc.); 2,930 for Browder (Comm.); 1,305 for Aiken (Soc. Lab.); 1,032 for Colvin (Proh.); all others, 11; total votes, 1,840,357; blanks, 34,768. Plurality for Roosevelt, 174,103. There were 18,097 more ballots cast for President than for Governor.

VOTE FOR PRESIDENT IN BOSTON, NOVEMBER 3, 1936.

Vote in Boston for President: 199,504 for Roosevelt (Dem.); 85,789 for Landon (Rep.); 25,924 for Lemke (Union); 783 for Browder (Comm.); 637 for Thomas (Soc.); 220 for Aiken (Soc. Lab.); 133 for Colvin (Proh.); all others, 5; total vote for President, 312,995, or 2,572 more than total for Governor. Plurality for Roosevelt, 113,715.

STATE REFERENDA RESULTS, 1936.

A question of public policy "Shall the Representative in the General Court from this district be instructed to vote in favor of amending the State Constitution for the purpose of limiting the amount of taxes, for all purposes, which may be legally levied against any real estate within the Commonwealth to a sum not exceeding \$25 for each one thousand dollars of assessed valuation?" was voted on by only a portion of the Representative Districts. In Boston, six districts did not vote on it.

The totals for the districts and parts of districts, including Boston districts, were 310,715 in favor; 113,594 against and 203,277 blanks. For Boston alone, the totals for the sixteen districts that voted were 114,184 in favor; 46,689 against and 79,827 blanks.

In Boston, there were three referenda on sales of alcoholic beverages.

First, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?" Totals, 190,353 in favor, 45,402 against and 84,732 blanks.

Second, "Shall licenses be granted in this city for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?" Totals, 185,213 in favor, 40,164 against and 95,110 blanks.

Third, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?" Totals, 187,877 in favor, 37,139 against and 95,471 blanks.

STATE VALUATIONS IN 1937.

Total assessed value of real estate on January 1, 1937, in the thirty-nine cities and 316 towns of Massachusetts, \$5,742,161,541 (\$18,194,654 less than on January 1, 1936), of which 65.62 per cent applied to buildings and 34.38 per cent to land; of personalty, \$525,039,493; aggregate valuation, \$6,267,201,034 (2.74 per cent decrease from 1936), on which the total tax was \$222,184,422. To raise this amount of taxes on the property assessed at a uniform rate throughout the State would have required a tax rate of \$35.45+ on \$1,000 valuation. Boston's valuation, \$1,590,544,700, equal to 25.38 per cent of total valuation in the State.

RECEIPTS OF MILK IN BOSTON BY RAIL. STATISTICS FOR YEAR 1937.

Total, 201,115,222 quarts (including 21,533,437 quarts of cream) or 190,884,037 by the Boston & Maine Railroad; 9,304,589 by New York, New Haven & Hartford Railroad; 926,596 by Boston & Albany Railroad.

The said total exceeds that of 1936 by 2,233,863, but is 35,786,309 below the receipts in 1931 which was the highest on record.

The receipts in 1937 of the Boston & Albany Railroad are the lowest on record for that railroad.

The maximum receipts of milk and also of cream in 1937 were in August; the minimum in February.

INDUSTRIAL STRIFE; PEACE BOARDS.

Two large cities, Philadelphia and Toledo, have "peace boards" operating for conciliation between capital and labor in the local field, the magazine "Public Management," official organ of the International City Managers' Association, points out. Mayor Fiorello H. LaGuardia has just appointed such a board for New York City and Newark's Commission has just created by ordinance a Municipal Labor Relations Board.

Toledo's Peace Board has eighteen members; five named by the Central Labor Union, five by the Chamber of Commerce and eight selected at large. Representatives at large include two judges, two attorneys, a Catholic monsignor, a Jewish Rabbi, a merchant and the county relief director, all serving without pay.

MAYORS' COMMITTEE ON FEDERAL LEGISLATION.

As President of the United States Conference of Mayors, Mayor F. H. LaGuardia of New York has appointed the Mayors of fourteen cities as an advisory board on Federal legislation affecting municipalities. The list comprises:

Watkins Overton, Memphis, Tenn., Chairman; Harold H. Burton, Cleveland, Ohio; Joseph K. Carson, Jr., Portland, Ore.; R. E. L. Clancy, Tampa, Fla.; Frank Couzens, Detroit, Mich.; Harry D. Durst, Springfield, Mo.; Meyer C. Ellenstein, Newark, N. J.; Thomas Gamble, Savannah, Ga.; Oscar F. Holcombe, Houston, Texas; Hilary E. Howse, Nashville, Tenn.; James R. Law, Madison, Wis.; J. Fred Manning, Lynn, Mass.; Roy N. Towl, Omaha, Neb.; George J. Zimmermann, Buffalo, N. Y.—*American City Magazine.*

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 108,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 31.

SATURDAY, JANUARY 21, 1939.

No. 3

MAYOR TOBIN FILES NUMBER OF BILLS WITH LEGISLATURE LOOKING TO BETTERING POSITION OF CITY IN STATE RELATIONSHIPS, ALSO AIMED AT BETTER SERVICE FOR CITIZENS GENERALLY IN MATTER OF HEALTH AND OTHER LIVING CONDITIONS—AMONG IMPORTANT MEASURES ARE THOSE RELATING TO TAXES, PUBLIC WELFARE AND HIGHWAY MAINTENANCE.

Mayor Tobin, through Corporation Counsel Henry Parkman and two members of the Legislature, Thomas E. Linehan and David M. Owens, filed a number of measures looking to the protection of Boston and her citizens. Among the more important of the measures filed are the following:

- ✓ Bill providing for the conveyance to the City of Boston and removal by the city of part of the Elevated Railway structure in the City of Boston. *H. 1116*
- ✓ Bill to provide that certain findings be made by the Department of Public Utilities as a condition precedent to the purchase of gas by the Boston Consolidated Gas Company from an affiliated company. *H. 1117*
- ✓ Bill to increase the amount required to be expended on order of the Fire Marshal or head of a fire department by an owner or occupant of buildings or other premises for the more efficient prevention of fire. *H. 1374*
- ✓ Bill providing for a lower maximum age limit for applicants for positions in certain police or fire departments. *S. 275*
- ✓ Bill relative to reimbursement of cities and towns by the Commonwealth for the care and treatment of certain needy persons. *H. 1419* ✓
- ✓ Bill making certain changes in the general laws relative to state and military aid, soldiers' relief, etc. *H. 1379* ✓
- ✓ Bill relating to the sale of lands of low value by cities and towns under tax titles, or for such other, further or similar legislation, etc. *S. 407* ✓
- ✓ Bill to reduce the rate of interest payable upon sums reimbursed when local taxes already paid are later abated. *H. 1400*
- ✓ Bill to revise fees of city and town clerks or registrars for examination and copies of records of births, marriages and deaths.
- ✓ Bill authorizing cities and towns to expend for local highway purposes certain funds received from the Highway Fund. *H. 1720 (formerly H. 784)*
- ✓ Bill establishing safeguards in feeding of swine raised for human consumption. *H. 1403*
- ✓ Bill authorizing the City of Boston to regulate by ordinance the inspection, materials, construction, alteration, repair, height, area, location and use of buildings and other structures. *S. 321* ✓
- ✓ Bill relative to the payment of interest on unpaid taxes. *H. 1431* ✓
- ✓ Bill relative to the audit of accounts of the City of Boston by the Director of Accounts. *H. 1372* ✓
- ✓ Bill providing for the distribution to the cities and towns and to the Metropolitan District Commission of certain proportions of the Highway Fund. *H. 1437* ✓
- ✓ Bill relating to contracts entered into on behalf of the County of Suffolk. *S. 266* ✓
- ✓ Bill to provide for the conveyance by the City of Boston to the United States of America of Dorchester Heights Monument and adjoining land in the City of Boston. *H. 1303* ✓
- ✓ Bill authorizing cities, towns and districts to borrow on account of public welfare, soldiers' benefits and Federal emergency unemployment relief projects. *H. 1381* ✓
- ✓ Bill providing that at least one member of the Appellate Tax Board shall be a resident of Boston. *H. 1426* ✓
- ✓ Bill authorizing the City Council of the City of Boston with the approval of the Mayor to fix compensation to be paid for privileges granted, services rendered or work performed by said city or any department thereof. *H. 1300*

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, January 23, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped

area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 18 Oliver street, fourth floor, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 18 Oliver street, fourth floor, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, January 19:

FIRE DEPARTMENT.

Ladderman John L. Wightman of Ladder Company 22 has been pensioned at \$1,050 a year.

HEALTH DEPARTMENT.

Approval has been given to continue the provisional employment of John T. Mulhern as supervisor at \$40 a week for a period of three months, from January 1 to March 31.

HOSPITAL DEPARTMENT.

Because Dr. A. Reynolds Crane, First Assistant in Pathology, has had to give up his position on account of illness, approval has been given for the following promotions, effective January 1:

Dr. Jesse E. Edwards, from Second Assistant in Pathology at \$1,000 a year to First Assistant in Pathology at \$2,000 a year.

Dr. Putnam C. Kennedy, from Third Assistant in Pathology at \$1,000 a year to Second Assistant in Pathology at \$1,500 a year.

Dr. Lester S. Jolliffe, from Resident in Pathology at no salary to Third Assistant in Pathology at \$1,000 a year.

Permission has been given for the permanent employment of the following floor-duty nurses at \$100 per month:

Eleanor Mahn, to take the place of Grace Myers resigned January 8.

Ruth Larkin, to take the place of Anna Torf resigned January 10.

The following persons have been employed for the week ending January 10:

Permanent.—Helen Doyle, floor nurse, \$1,200 a year; Helen Lavin, floor nurse, \$1,200 a year; Sarah Gallagher, floor nurse, \$1,200 a year; Frances Slinger, floor nurse, \$1,200 a year.

Temporary.—Samuel Odiorne, male nurse, \$32 a week.

The following changes have occurred: Joseph Farrell, supervisor, \$32 a week and Fred Stefano, assistant supervisor, \$21 a week transferred from East Boston Relief Station to Main Department.

The following special nurses have been employed at \$4.50 a day:

Loretta Comtois, 4 days; Marion Donovan, 3 days; Bertha Eden, 2 days; Gladys Goulet, Sarah Gallagher, 1 day; Pearl Gorman, 3 days; Marion Hampshire, Frances Harris, 1 day; Mary H. Kelley, 2 days; Georgiana LeBlanc, 3 days; Alice McCarthy, 2 days; Charlotte McDonald, Ann McDonnell, Alice McLaughlin, 1 day; Rose Pelletier, 2 days; Lois Perkins, 1 day; Harry Plenty, 1½ days; Mary Ranson, Mary E. Regan, Helen Seymour, Kathryn Silva, 1 day; Frances Sullivan, 5 days; Doris Sutherland, 6½ days; Thelma Thayer, 4 days; Hazel Trott, 6 days; Mary Turner, Rose Walker, Mildred Wilkins, Belle Dodge, Olga Remick, 1 day.

HOSPITAL DEPARTMENT (Sanatorium Division).

Approval has been given for the permanent appointment of Alfred Boucher, as male nurse (patient) at the Sanatorium Division, at \$480 a year, from January 5.

Approval has been given for the permanent employment of William Dolley,

as male nurse (patient) at the Sanatorium, at \$480 a year, from January 3.

The following persons have ceased to be employed:

Bernard Burns, male nurse (patient), \$480 a year; Elton Yasuna, M. D., interne, \$1,000 a year.

John McGillicuddy, M. D., interne, \$1,000 a year; Jacob Neber, M. D., interne, \$1,000 a year; Richard Powers, male nurse (patient), \$480 a year; Angelo Tammario, male nurse (patient), \$480 a year.

INSTITUTIONS DEPARTMENT.

Dr. Vincent Solomandi has been appointed interne at the Long Island Hospital at \$300 a year, for the period January 18 to June 30, 1939.

The following changes have been made in the personnel:

Long Island Hospital.

Appointments: Paul T. Morgan, institution employee, attendant, \$600 a year, on account of resignation of Martin Durant; Florence Overton, institution employee, attendant, \$600 a year, on account of transfer of Margaret Dalton; John Doherty, fireman, temporary, \$33.50 a week and board, on account of absence of Thomas Moran.

Transfers: Pearl Pierce, institution employee, telephone operator and clerk, \$700 a year, to State Health Department; Margaret Dalton, institution employee, telephone operator and clerk, temporary (from attendant at \$600 a year), \$600 a year, on account of transfer of Pearl Pierce; Mary A. Richards, institution employee, wardmaid, \$526 a year, from attendant at \$600 a year, to succeed Barbara Priola.

Resignations: Patrick G. Durant, institution employee, porter, \$526 a year, voluntary; Martin J. Durant, institution employee, attendant, \$600 a year; Barbara Priola, institution employee, wardmaid, \$526 a year.

Discharges: Frederick Kelley, institution employee, helper, kitchen, \$526 a year, unsatisfactory; Francis J. Sullivan, institution employee, serving room, \$526 a year, unsatisfactory.

Retirement: Margaret A. Malloy, institution employee, assistant head matron, \$850 a year.

Employment Terminated: William W. Walsh, institution employee, helper, laundry, \$526 a year; John Doherty, fireman, temporary, \$33.50 a week and board; Joseph P. Mikalonis, M. D., interne, \$300 a year, course completed.

Steamers "Hibbard" and "O'Meara."

Appointments: Rosferd Kelsey, fireman, temporary, \$1,800 a year, on account of absence of Frank Burns; Anthony J. Carroll, deckhand, temporary, \$1,700 a year, on account of illness of John Fagan.

Employment Terminated: Francis G. McCarthy, deckhand, temporary, \$1,700 a year.

Transfer: Frederick E. Steele, fireman, \$1,800 a year, from engineer, temporary, at \$2,300 a year, on account of return of Walter Wicks.

Extension of Time: Myles W. McDonough, fireman, temporary (for thirty days), \$1,800 a year, on account of transfer of Daniel Flanagan to Public Works Department.

OVERSEERS OF THE PUBLIC WELFARE

Approval has been given for the continued temporary employment of the

following persons as junior social workers, for a period of three months from January 20, at \$1,000 a year:

Margaret M. Doyle, Celia Governor, Martha A. Grinnell, Elizabeth M. O'Leary, Dorothea F. Whiting.

Approval has been given for the continued temporary employment of Margaret J. Johnson as a clerk-typist, for a period of three months from January 22, at \$900 a year.

Approval has been given for the continued temporary employment of the following persons as junior social workers, for a period of three months from January 20, at \$1,000 a year:

Francis X. Markey, Samuel J. Freno, Mario F. Vincola.

Approval has been given for the continued temporary employment of the following persons as junior social workers, for a period of three months from January 10, at \$1,000 a year:

Anna L. Baronie, Helen A. Curley, Ruth S. Gennis, Mary M. Kennedy, Edith Mezikofsky, Mary C. McManus, Sylvia M. Papkin, Ann J. Whelan.

Approval has been given for the continued emergency employment of Hazel T. Heffernan as relief matron in the Temporary Home for Women, for another ten days from January 7, at \$3.00 a day.

Approval has been given for the continued emergency employment of Stephen J. Malley as a third-class engineer, for a period of ten days from January 4, at \$6.00 a day.

The Board of Overseers have voted to underwrite the W. P. A. Adult Recreation Project for the period January 1 to March 31, 1939. Federal Funds amount to \$62,394. Sponsor's Funds amount to \$10,582, of which this department is to contribute \$4,531.25.

Approval has been given for the continued temporary employment of the following persons as clerk-typists at \$900 a year, for three months from January 20:

Helen C. Anderson, Ruth Kirshbaum, Mary F. O'Toole.

Approval has been given for the continued temporary employment of the following persons as clerk-typists, for a period of three months from January 10, at \$900 a year:

Helen E. Cooper, Kathryn M. Crossen, Alice Ericson, Madeline Kramer, Phyllis Murphy, Elizabeth McGovern, May Spiegel, Anna M. Weiss, Mae C. Woods.

Approval has been given for the continued temporary employment of Leah R. Domas as a clerk-typist, for a period of three months from January 18, at \$1,000 a year.

Approval has been given for a change in rating for Belle Epstein, from permanent clerk to social worker, effective December 30.

Approval has been given for the continued temporary employment of the following persons as junior social workers, for a period of three months from January 10, at \$1,000 a year:

Mathias T. O'Malley, Cornelius J. Connors, Philip J. McArdle, John J. O'Brien, John T. Rowlinson.

The resignation of Dora Davis, permanent social worker, has been accepted, effective at the close of business January 9.

The resignation of Edmund E. Farrell, visitor, has been accepted, effective January 9.

PARK DEPARTMENT.

Approval has been given for the further extension of employment of the following temporary tractor operators at \$5 a day, for three months from December 28:

Dominick Guerriero, Nicolo Pace, Joseph H. Murray.

Approval has been given for the extension of time, for three months from January 1, of the following-named chauffeurs, capable of operating trucks and tractors and gasoline mowers, at \$5 a day:

Harry P. Sheehan, James P. Maney, William P. Murray, Thomas J. Wall, John Freitas.

PUBLIC BUILDINGS DEPARTMENT.

Lawrence A. Johnson has been appointed permanent janitor at \$30 a week.

The rating of Francis Kerrigan, Jr., has been changed from elevator operator to assistant chief elevator operator, with no change in salary.

The transfer of the following men, at \$33 a week, from the Hospital Department to the Public Buildings Department, at the same rating and wages, has been approved:

Thomas Dolan, Patrick Joyce, John McKenzie and Walter Nolan, porters and furnace tenders.

PUBLIC WORKS DEPARTMENT.

Approval has been given to grant to John H. Carroll, supervisor at \$2,100 a year in the Paving Service, a leave of absence, without pay, to attend to his duties as Representative of the General Court from the 15th District, effective on January 4, and to extend up to the prorogation of the General Court in 1939.

Approval has been given to grant to Lawrence J. Holmes, clerk at \$1,600 a year in the Water Division, a leave of absence, with pay, for a period of not more than one month from January 4, on account of sickness.

Approval has been given to change the rating of Joseph P. Logue of the Sewer Division, from working foreman blueprinter at \$1,800 a year to senior blueprinter at \$1,900 a year, effective December 28, 1938.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon January 16 the Mayor approved a contract with J. J. Callahan, the lowest bidder, for repairs and alterations to east shaft at Squantum Head, at an estimated cost of \$1,925. The work to be done under this contract is to be completed April 1, 1939. The following bids were received December 30:

J. J. Callahan, \$1,925; The Marine Company, \$3,085.50; D. A. Rossano, \$3,650.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing large incandescent electric lamps for Boston public schools. Bids, opened Friday, December 9, were received from the following concerns:

G. R. Armstrong Manufacturers Supplies, Incorporated, Cooper Electric

Supply Company, Eagle Electric Supply Company, Graybar Electric Company, Incorporated, Hardy Electric Supply Company, Marshall & Co., Massachusetts Gas and Electric Light Supply Company, Sager Electrical Supply Company, Voyer Electric Company, Wetmore-Savage Division Westinghouse Electric Supply Company. Contract was awarded to Massachusetts Gas and Electric Light Supply Company under date of December 23.

Tabulation of bids follows:

Large Incandescent Lamps.

List Prices of Lamps.

(All dealers quote the following list prices with exceptions noted below.)

Wetmore-Savage Division Westinghouse Electric Supply Company,¹ (Westinghouse Mazda).—Standard packages, 32 per cent; broken packages, 27 per cent; ten days, 2 per cent; thirty days, 2 per cent; see footnote.⁷

¹Bidding on 150-watt A. 25 clear, at 20 cents, to take place of 150-watt P. S. 25 clear.

²Bidding on 300-watt P. S. 35 clear, at 50 cents.

³Bidding on 300-watt P. S. 35 clear, medium base, at 50 cents; mogul base, at 70 cents.

⁴Bidding on 300-watt P. S. 35 clear, 102 base, at 50 cents; 108 base, at 70 cents; 401 base at 70 cents.

⁵Bidding on 150-watt P. S. 25 clear, at 27 cents.

⁶This bid is based on net purchases of \$5,000. If the combined estimated total yearly purchases for the Boston public schools and other city departments will be \$20,000 the discount on this basis would be 34 per cent in standard package quantities and 29 per cent in broken package quantities, providing Form E contracts are signed with all departments that are to be included to make up total estimate purchases of \$20,000.

⁷This bid is based on net purchases of \$8,000. If the combined estimated total yearly purchases for the Boston public schools and other city departments will be \$20,000 the discount on this basis would be 34 per cent in standard package quantities and 29 per cent in broken package quantities, providing Form E contracts are signed with all departments that are to be included to make up total estimate purchases of \$20,000.

*Equally low bidders.
†Lowest bid, but Jewell lamp is not in accordance with specifications.

‡High bidders on General Electric and Westinghouse Mazda lamps.

SUPPLY DEPARTMENT.

Upon January 16 the Mayor approved a contract with the Downes Lumber Company for lumber for a toboggan slide at the George Wright Golf Course, West street, Hyde Park. This material is most urgently required, and telephone bids were solicited. The totals of these telephone bids were as follows:

Downes Lumber Company, \$1,139.60, discount, 2 per cent, 10th proximo; Curtis & Pope Lumber Company, \$1,207.10, discount, 2 per cent, 10th proximo; George McQuesten Company, \$1,221.40, discount, 2 per cent, 10th proximo; Blacker & Shepard Company, \$1,389.40, discount, 2 per cent, 10th proximo; Barney & Carey Company, \$1,402.17, discount, 2 per cent, 10th proximo.

APPROVAL OF OVERLAY CHARGES.

The Mayor has approved the following request of the City Auditor:

BOSTON, January 11, 1939,
as of December 31, 1938.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—In accordance with the provisions of section 3 of chapter 235 of the Acts of 1938 (the so-called Funding Act) I respectfully request your approval of the following charges to be made against the special overlay reserve account which has been set up on the books of this office:

OVERLAY DEFICITS.	
Levy of 1932.....	\$8,996 47
Levy of 1933.....	20,702 04
Levy of 1934.....	45,783 91
Levy of 1935.....	98,159 53
Levy of 1936.....	138,789 58
Levy of 1937.....	31,095 29

The above deficits in the various overlay accounts have arisen because of abatements granted in the first seven months of the current year, by the Board of Assessors, against properties on which tax titles were held by the city, official notice of which has just been received in this office. Including the above amounts, the cumulative total charged against the seven million dollar (\$7,000,000) overlay reserve account to date is \$4,062,734.76.

Respectfully,

CHARLES J. FOX,
City Auditor.

UNITED STATES GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013,836, of which \$20,476,034,190 was interest-bearing. This is a reduction of \$6,120,667,458 from the peak of \$26,596,701,648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281,492.

EXTENSION OF CONTRACTS.

PARK DEPARTMENT.

Coleman Brothers Corporation has been granted an extension of time until March 31 for the completion of the contract for renting auto trucks, compressors, concrete mixers, on parks, playgrounds, cemeteries, beaches, public squares, boulevards and the Airport.

PUBLIC WORKS DEPARTMENT.

Domenick Zanni has been granted an extension of the time of completion of the contract for blasting rock for sewerage works in Cedar street, Roxbury, from December 31, 1938, to March 1, 1939, fifty-nine days. This extension of time of completion is requested because of construction in winter weather and due to unforeseen obstacles encountered.

Martin J. Kelly has been granted an extension of time of completion of the contract for removing snow and ice in snow area No. 6, from December 31, 1938, to May 1, 1939. This extension is requested in order that the contractor may be available for snow and ice removal during the balance of the winter.

The Ward General Contracting Company has been granted an extension of the time of completion of the contract for removing snow and ice in snow area No. 5, from December 31, 1938, to May 1, 1939. This extension is requested in order that the contractor may be available for snow and ice removal during the balance of the winter.

Baker & Co. have been granted an extension of the time of completion of the contract for removing snow and ice in snow area No. 4, from December

31, 1938, to May 1, 1939. This extension is requested in order that the contractor may be available for snow and ice removal during the balance of the winter.

Coleman Brothers Corporation has been granted an extension of the time of completion of the contract for removing snow and ice in snow area No. 3. This extension is requested in order that the contractor may be available for snow and ice removal during the balance of the winter.

Edward M. Matz, Incorporated, has been granted an extension of the time of completion of the contract for removing snow and ice in snow area No. 1, from December 31, 1938, to May 1, 1939. This extension is requested in order that the contractor may be available for snow and ice removal during the balance of the winter.

The following is a statement showing BY WARDS the number and estimated cost of new buildings for purposes of habitation for the erection of which applications were filed with the Building Department of the City of Boston during the

YEAR ENDING DECEMBER 31, 1938.

LETTER TO DEPARTMENT HEADS.

BOSTON, January 13, 1939.

To All Department Heads.

In order that the city employees may have an opportunity to view at first hand the good work that is being done with the funds raised in the Community Fund Campaign, a delegation from the City Employee Group will be escorted through the New England Hospital for Women and Children on Dimock street in Roxbury.

This delegation will meet in the rear of City Hall on Monday afternoon, January 16, at two o'clock, and will be transported to the hospital.

Department heads are requested to assign one of their employees to represent his department in this delegation.

The attention of all department heads is again directed to the communication sent out from this office a short time ago, with reference to the meeting of the City and County Employee Group to be held in the Main Ballroom of the Hotel Statler on Tuesday, January 17, at 7.30 p. m.

His Honor the Mayor is desirous that every city employee who is in a position to do so attend this meeting.

Respectfully,

THOMAS P. McCUSKER,
Assistant Secretary.

The following chart will give some idea how the Community Fund dollar is expended.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

ASSISTANT SANITARY ENGINEER, METROPOLITAN DISTRICT COMMISSION, FEBRUARY 4, 1939.

Last date for filing applications, Saturday, January 21, 1939, at 12 noon.

The minimum salary is \$2,940 a year; the maximum salary is \$3,480 a year.

Duties: Under general supervision, to assist on engineering projects relating to protection of water supply and the disposal of waste by conducting and supervising studies, investigations, or office administrative detail, calling for the exercise of a considerable degree of responsible engineering judgment; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SEALER, AND DEPUTY, OF WEIGHTS AND MEASURES, FEBRUARY 4, 1939.

Last date for filing applications, Saturday, January 21, 1939, at 12 noon.

This examination is held for the service of all cities and such towns as are classified under civil service.

At the present time, the following permanent vacancies exist: Deputy sealer, Lynn; sealer, Clinton.

Duties: To enforce the law in relation to the giving of insufficient weight or measure; gathering the necessary evidence for prosecution in court; the testing, sealing or condemning of all types of weighing and measuring devices used in buying or selling of goods, wares or merchandise, or for public weighing or for hire or reward. To enforce the law in relation to the manufacture and sale of bread; enforce the law governing the marketing of food in package form. Inspection and tests of types of carton, standard containers, and milk jars, etc. Inspection of clinical thermometers; reweighing and remeasuring goods put up in anticipation of sale. Enforcement of the law governing the licensing of hawkers and peddlers and transient vendors. Enforcement of the law governing the sale of shingles.

A copy of the laws governing weights and measures and a manual may be obtained at the public libraries in the various cities and towns throughout the Commonwealth.

The tables of weights and measures given in these pamphlets will govern the marking of all questions involving any units of weight and measure.

Subjects and Weights: Training and experience, 2; arithmetic, 3; report, 2; practical questions, 3; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

POLICE DEPARTMENT ORDERS.

General Order No. 286.

Patrolmen Francis L. Sweeney and Michael F. O'Brien, both attached to the Bureau of Criminal Investigation, are commended for efficient police duty performed on December 13 and 14, 1938, in connection with the arrest of a notorious character for violation of the drug law, and the seizure of a large quantity of heroin, two hypodermic needles, and other accessories.

The commissioner is pleased to recognize and commend these officers for their diligence and the persistent effort shown in performing this splendid police duty.

In addition, each officer is granted three days' extra vacation.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 287.

The commissioner wishes to commend the members of the force for the fine work accomplished by them in maintaining order during the recent teamsters' strike in this city.

The efficiency and patience of the officers under most trying circumstances were responsible for exceedingly favorable comment from all sides.

The commissioner wishes to thank each and every officer who performed strike duty during this emergency period, and is not unmindful of the fact that the many extra hours of duty performed by officers caused great inconvenience to their families and themselves.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 288.

The Trial Board, consisting of Captains Grace, Tiernan, and Keating, having heard by reference a complaint against Patrolman Joseph V. Madden, now of Division 11 (formerly of Division 16), charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged. In accordance with which it is hereby ordered that the said Patrolman Joseph V. Madden perform seventy hours of punishment duty.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

"RELIEF" DECLINING.

Two-thirds of the nation's relief expenditures in recent years has been centered in ten industrial states, the "Year Book's" section on Financing Relief and Recovery points out. Half the Federal Work Relief Funds and two-thirds of all available funds have been expended in the fifty largest cities, including about 25 per cent of the population. Industrial urban population is more vulnerable to unemployment. In addition, living costs are higher, requiring greater relief allotments, and the cost of giving employment to a city group is higher than in rural areas.

ASSESSED VALUATIONS AND ABATEMENTS.

The Mayor has approved the following communication from the Board of Assessors:

BOARD OF ASSESSORS.

Boston, January 10, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—The following statement of the assessed valuation of the City of Boston for each of the preceding three years is respectfully submitted, together with the abatements allowed thereon prior to the thirty-first day of December, 1938, and the average of such valuations reduced by such abatements.

This average has been determined in accordance with the provisions of General Laws (Ter. Ed.), chapter 44, section 10.

YEAR.	Valuations.	Abatements.
1936 *.....	\$1,644,287,555	\$72,207,242
1937 *.....	1,616,613,818	45,645,025
1938 *.....	1,578,761,725	8,649,651
Totals.....	\$4,839,663,098	\$126,501,918
Less abatements.....	126,501,918	
	\$4,713,161,180	

Average valuations for three years, less abatements, \$1,571,053,726.

* Includes valuations and abatements of motor vehicles.

Respectfully,

BOARD OF ASSESSORS,
by JOHN P. DOHERTY, Secretary.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

TEMPORARY CHAIRMAN OF EXECUTIVE COMMITTEE.

Chairman SHATTUCK announced that unless objection was made he would designate Coun. Wilson to be temporary chairman of the Executive Committee pending the election of a President. No objection being made, Coun. Wilson was so appointed.

APPROPRIATION FOR MOSQUITO CONTROL.

The following was received:

City of Boston,
Office of the Mayor, January 6, 1939.
To the City Council.

Gentlemen,—I have received notice from the secretary of the State Reclamation Board that, under the provisions of section 4 of chapter 112 of the Acts of 1931, the Board has fixed the amount of money to be raised and appropriated by Boston for the maintenance of mosquito control works during 1939 at \$300. To meet this certification I submit herewith an order providing for the appropriation of the required sum from the Contingent Fund, and respectfully recommend its adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

The Commonwealth of Massachusetts,
State Reclamation Board,
136 State House, Boston,
Boston, December 14, 1938.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mayor,—Under the provisions of chapter 112 of the Acts of 1931, an act relative to carrying out mosquito control measures, the State Reclamation Board is required by section 4 to certify the amounts to be raised and appropriated by each city and town for the maintenance of the mosquito control works constructed in each city or town. This section is as follows:

"On or before December fifteenth in each year, the sums of money necessary to properly maintain during the ensuing year the mosquito control works originally constructed in any city or town hereunder shall be estimated by said board and certified by it to such city or town. The amounts so certified shall be raised and appropriated by such city or town during said ensuing year and shall be paid into the state treasury and disbursed therefrom on warrants drawn by said board."

As directed by section 4 of chapter 112 of the Acts of 1931, the State Reclamation Board has made estimates of the necessary maintenance, and hereby certifies that \$300 is the sum of money necessary to properly maintain during the ensuing year the mosquito control works constructed in the City of Boston under the said act.

The Board calls attention to the provisions in the latter part of said section 4 relative to paying the said amount into the state treasury and urges that this be done as soon as possible after your appropriation is made.

Very truly yours,

STATE RECLAMATION BOARD,
(GEORGE R. STRATTON),
GEORGE R. STRATTON,
Secretary.

Ordered, That the sum of three hundred (300) dollars be, and hereby is, appropriated, for the purpose of maintaining, during the year 1939, the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with the provisions of chapter 112, Acts of 1931, said sum to be charged to the Contingent Fund, when made.

Referred to Executive Committee.

LEASE OF LAND TO SOUTH END HOUSE ASSOCIATION.

The following was received:

City of Boston,
Office of the Mayor, January 9, 1939.
To the City Council.

Gentlemen,—The South End House Association, a charitable organization, has requested the City of Boston to lease to it a certain parcel of land on East Dedham street in Boston. The certain land is now in the custody of the Real Estate Custodian of our city, being a piece of land foreclosed for non-payment of taxes.

The South End House Association desires to lease the land for the purpose of using the premises for a playground for the children of the district. In

view of the fact that there is, at the present time, no ready market for the sale of this land, and in view of the further fact that the South End House Association is performing a very credible work and relieving the city of the necessity for establishing greater playground facilities in that neighborhood, I respectfully request your Honorable Body to give passage to the inclosed order providing for the leasing of this property for a term of three years at an annual rental of one dollar to the South End House Association, reserving, however, the right to terminate said lease within thirty days.

Respectfully,
MAURICE J. TOBIN, Mayor.

Whereas, The City of Boston is the owner of about 5,962 square feet of land on the southwesterly side of East Dedham street in Boston; and

Whereas, The said premises is in the custody of Daniel M. Driscoll, Esquire, Custodian of Real Estate Division, under the provisions of chapter 358 of the Acts of 1938; and

Whereas, The said premises are not now being used for any public purpose; and

Whereas, The South End House Association, a charitable corporation organized under the laws of the Commonwealth of Massachusetts, is desirous of using the said premises for playground purposes for children; now, therefore, it is hereby

Ordered, That the said Daniel M. Driscoll be, and he hereby is, authorized to lease, in the name and behalf of the City of Boston, by a written instrument satisfactory in form to the Law Department of the City of Boston, the said premises to the said South End House Association for the purpose of a playground for children for a term of three (3) years, at an annual rental of one and no/100 dollar, reserving, however, to the said City of Boston the right to cancel said lease at any time by giving to the said South End House Association a written notice of its intention so to do within thirty (30) days of the date of said notice.

Referred to Executive Committee.

LEASE OF LAND TO BOYS' CLUBS.

The following was received:

City of Boston,
Office of the Mayor, January 9, 1939.
To the City Council.

Gentlemen,—The Boys' Clubs of Boston have requested a lease of certain foreclosed property located at the corner of F and West Sixth streets, South Boston, to be used for playground purposes.

The property in question cannot, at the present time, be sold with advantage to the city. Therefore, I believe a lease of this property to the Boys' Clubs of Boston, a charitable corporation, for a period of three years at an annual rental of one dollar will put this property to beneficial use for that period of time.

I respectfully recommend the adoption of the accompanying order by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Whereas, The City of Boston is the owner of about 10,465 square feet of registered land situated on the northeasterly side of West Sixth street, at the corner of F street, in that part of Boston called South Boston; and

Whereas, The said land is more fully described in Land Court Certificate, Suffolk Registry District, number 37347; and

Whereas, The said land is in the custody of Daniel M. Driscoll, Esquire, Custodian of Real Estate Division, appointed under the provisions of chapter 358 of the Acts of 1938; and

Whereas, The Boys' Clubs of Boston, Incorporated, a charitable corporation organized under the laws of the Commonwealth of Massachusetts, is desirous of using the said land for playground and other recreation purposes for the children living in the vicinity of said premises; now, therefore, it is hereby

Ordered, That the said Daniel M. Driscoll be, and he hereby is, authorized to lease, in the name and behalf of the City of Boston, by an instrument in writing satisfactory in form to the Law Department of the City of Boston, the said premises to the said The Boys' Clubs of Boston, Incorporated, for the purposes of playground and other recreation purposes for the children living in the vicinity of said premises for a term of three (3) years, at an annual rental of one dollar, reserving, however, to the said City of Boston the right to cancel said lease at any time by giving the said The Boys' Clubs of Boston, Incorporated, a written notice of its intention so to do within sixty (60) days of the date of said notice.

Referred to Executive Committee.

REPAIR OF GOVERNOR ANDREW PORTRAIT.

The following was received:

City of Boston,
Office of the Mayor, January 6, 1939.
To the City Council.

Gentlemen,—The Art Commission, through its chairman, Mr. Robert P. Bellows, has advised me

that the large portrait of Governor Andrew, painted many years ago by the well-known artist, William Morris Hunt, has recently been damaged. As this portrait is hung in an important place on the main stairs at Faneuil Hall, the Art Commission deems it essential that repairs be made as soon as possible. The Art Commission requests that the sum of \$25 be made available for this repair work.

In order to comply with the request of the Art Commission, I transmit herewith an order appropriating the sum of \$25 from the income of the Phillips Street Fund, to be expended by the Art Commission for the above-mentioned repairs, and recommend its adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That the sum of twenty-five (25) dollars be, and hereby is, appropriated, to be expended, under the direction of the Art Commission, in making repairs to the portrait of Governor Andrew in Faneuil Hall, said sum to be charged to the income of the Phillips Street Fund.
Referred to Executive Committee.

NEPONSET TRAFFIC CIRCLE.

The following was received:

City of Boston,
Office of the Mayor, January 6, 1939.
To the City Council.

Gentlemen,—In accordance with a recommendation of the Commissioner of Public Works, your Honorable Body on December 5, 1938, adopted an order placing the Neponset Traffic Circle in the care and custody of the Metropolitan District Commission.

This action was not requisitioned by the commission, but was initiated by the city and the citizens of Dorchester.

The term specified in the order was twenty-five years.

It now appears that the commission is unwilling to assume the care and improvement of this circle if the time is so limited.

Neither the Public Works Department nor the Law Department can see any reasonable objection to extending the time to ninety-nine years, especially as the city's rights are amply protected under the terms of the indenture.

I recommend the passage of the accompanying order.

Respectfully,
MAURICE J. TOBIN, Mayor.

Whereas, Under an order of the City Council of Boston passed December 5, 1938, and approved by the Mayor December 6, 1938, the care, custody and control of certain premises specified therein, known as the Neponset Traffic Circle, were authorized to be transferred to the Metropolitan District Commission, with certain definite reservations, for a term of twenty-five years.

Ordered, That the Board of Street Commissioners of the City of Boston, with the approval of the Mayor, be authorized, by an instrument in writing satisfactory to the Law Department, to transfer the premises described in said order for a period of ninety-nine years instead of twenty-five years and with the same terms, conditions and reservations specified in said order.

Referred to Executive Committee.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the following appointments were submitted by the Mayor, viz.:

Weights of Coal: Fred Holway, 10 Milton street, Arlington, Mass.; Waldo Malone, 61 Shirley street, Winthrop, Mass.

Severally laid over a week under the law.

FUEL DELIVERED TO WELFARE RECIPIENTS.

The following were received:

City of Boston,
Office of the Mayor, January 9, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Executive Director of the Public Welfare Department relative to your order of December 29, 1938, concerning the delay in the delivery of fuel to recipients.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Overseers of the Public Welfare,
January 6, 1939.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have received your letter of January 5, 1939, with accompanying order of the City Council passed December 29, 1938, regarding delay in the delivery of fuel to recipients.

Every effort is being made by the department to see that fuel is delivered promptly. Fuel companies are required to make deliveries within three days of receipt of order and we insist that this be carried out.

In any case of delay of delivery, if the recipient will notify the social worker in charge of his case, arrangement will be made to have delivery made immediately.

Very truly yours,
WILLIAM G. O'HARE,
Executive Director.

City of Boston,
Office of the Mayor, January 9, 1939.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Executive Director of the Public Welfare Department relative to your order of January 3, 1939, concerning the type of fuel delivered to recipients for their use.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Overseers of the Public Welfare,
January 8, 1939.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have received your letter of January 5, 1939, with accompanying City Council order passed January 3, 1939, relative to the type of fuel delivered to recipients for their use.

A careful check is being made of the fuel ordered for recipients so that the proper type will be sent to them.

If a recipient of the department has such trouble as is referred to in this order, he or she should contact the social worker in charge of his case immediately and the matter will be adjusted the same day.

Very truly yours,
WILLIAM G. O'HARE,
Executive Director.

Severally placed on file.

YOUTH CENTER, FRANKLIN PARK.

The following was received:

City of Boston,
Office of the Mayor, January 9, 1939.
To the City Council.

Gentlemen,—I transmit herewith a letter from the chairman of the Park Department relative to your order of December 29, 1938, concerning the securing of an outright grant for the purpose of erecting a Youth Center in Franklin Park in place of the Locker Building which is now there.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, January 7, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—I have a memo. from Chief Clerk William T. Doyle relative to Council order in regard to the securing of an outright grant for the purpose of erecting a Youth Center in Franklin Park in place of the Locker Building which is now there.

I regret exceedingly to inform you that the Government would not give any outright grants. Furthermore, Franklin Park is no place in which to erect a Youth Center. The Refectory Building in the park is used as a locker building and concession, and it would be inadvisable to remove same.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

BETTERMENTS ON W. P. A. CONSTRUCTION WORK.

The following was received:

City of Boston,
Office of the Mayor, January 9, 1939.
To the City Council.

Gentlemen,—I transmit herewith a letter from the chairman of the Board of Street Commissioners relative to your order of October 24, 1938, concerning reconsidering the reported decision to assess betterments on adjacent property owners incident to W. P. A. street construction work.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Street Laying-Out Department,
January 6, 1939.

Hon. Maurice J. Tobin,
Mayor of Boston.

Your Honor,—After a great deal of study and consideration on the part of the Board of Street Commissioners relative to the assessment of betterments on the new type street which is being constructed by the W. P. A., the Board desires to call to your attention that there is a very materially improved type of street now being laid out to that which was formerly constructed by the W. P. A. The streets now being constructed will have a six-inch concrete base, new curbs and granite sidewalks. We feel that the price of three cents per square foot which is being charged is only a part of the cost actually expended by the city, and when we take into consideration that the life of these streets will be from twenty-five to fifty years the Board can see no reason at this time to reconsider their decision on this matter.

Respectfully yours,
JOHN A. DONOGHUE, Chairman.

Placed on file.

COLLECTOR, COLUMBIA STATION.

The following was received:

City of Boston,
Office of the Mayor, January 9, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the President and General Manager of the Boston Elevated Railway relative to your order of December 19, 1938, concerning the assigning of a collector to the Crescent avenue entrance to Columbia Station.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston Elevated Railway,
January 6, 1939.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—In reply to your letter of December 27 with order of the City Council relative to assigning a collector to the Crescent avenue entrance to Columbia Station, I would say that this entrance was originally designed for a non-attended high-type passimeter, that is, an entrance for passengers who provide themselves with dimes for the dime-in-the-slot automatic passimeter, because of the relatively few passengers who use that entrance.

A recent count shows that during a period of twenty hours only 478 passengers used the Crescent avenue entrance, the largest number in any one hour being 43. Non-attended passimeters will readily accommodate more passengers than are at the present time using the Crescent avenue entrance to Columbia Station, and for this small number of passengers the wage cost of collectors cannot be justified.

Suitable instructive signs are installed at the approach to the Crescent avenue entrance.

Very truly yours,
EDWARD DANA,
President and General Manager.

Placed on file.

PREFERENCE FOR TENANCY IN HOUSING PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, January 9, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Executive Director of the Boston Housing Authority relative to your order of December 19, 1938, concerning the possibility of preference being given Old Age Assistance and Mothers' Aid cases for tenancy in housing projects in Boston.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Housing Authority, January 6, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—In reply to your letter of December 27, 1938, concerning the City Council order of December 19, 1938:

"Ordered, That his Honor the Mayor be requested to take up with the Boston Housing Authority and the Public Welfare Department the possibility of preference being given Old Age Assistance and Mothers' Aid cases for tenancy in housing projects in Boston, applying to the rental in such cases the proportionate amounts now allowed such cases by the Welfare Department for rent, light and heat.

I am directed by the Authority to advise you that Chairman John A. Breen will be happy to discuss the subject of the order with his Honor Mayor Maurice J. Tobin.

Respectfully yours,
FRANCIS X. LANE,
Executive Director,
For the Authority.

Placed on file.

FEES FOR LICENSING OF SCALES.

The following was received:

City of Boston,
Office of the Mayor, January 9, 1939.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Sealer of Weights and Measures, which is more or less self-explanatory. In his communication, the Sealer points out that the increase from fifty cents to two dollars for scales with a capacity of from one hundred to five thousand pounds is too severe an increase for the ordinary business establishment to bear, and the Sealer believes that the fee on this class of scales to be exorbitant.

In view of this opinion, to which I am inclined to subscribe, I am forwarding herewith an amendment to the ordinance which sets up a new classification of fees for scales within the lower capacity range. I respectfully recommend prompt action on this proposed amendment in order that the ordinance may be put in effect as soon as possible by the Sealer of Weights and Measures.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Weights and Measures Department.
January 7, 1939.

Hon. Maurice J. Tobin,
Mayor of Boston.

Sir,—Upon the receipt of the ordinance recently passed by the City Council and approved by you, I find that the scale of fees as outlined in said ordinance differ materially from the scale as presented by me.

Under section 13 of the new ordinance a fee of \$2.00 is established for all scales between 100 and 10,000 pounds. This means that scales now paying fifty cents must pay two dollars and includes scales in stores and other business establishments with a capacity in most cases of less than 5,000 pounds. To increase this fee from 50 cents to \$2.00, especially in view of the fact that many of these establishments have several of these scales within this capacity range, and in view of the further fact that the work involved and service rendered by our department is of a very limited service, I am convinced that to put into effect this new scale would cause an injustice and that it would be termed exorbitant by the owner of such scales.

My recommendation to the Survey Committee on Fees was to establish a classification so that scales with a capacity of from 100 to 5,000 pounds would be increased from 50 cents to \$1.00 and that the scales between 5,000 and 10,000 pounds be increased to \$2.00.

In my opinion the reason the City Council eliminated the first grouping and made one classification, i. e., from 100 to 10,000 pounds was in order to make sure that personal weighing machines would pay an increased fee of from 50 cents to \$2.00. Unfortunately, by doing this, other scales in commercial and business establishments must also pay this large increase.

Under the scale as suggested by me personal weighing machines would pay \$1.00. There are 1,100 of these in the city and from my own personal knowledge at least 50 per cent of these scales do not make money.

In view of the above I would most respectfully suggest that the new ordinance be amended so that scales with a capacity of 100 to 5,000 pounds be charged \$1.00 instead of \$2.00. This, in my opinion, is as much as this class of scales should be charged.

Inclosed is an amendment to the ordinance which I have had prepared by the Law Department.

Respectfully yours,
JOSEPH F. COUGHLIN, Sealer.

Amendment to Ordinance Concerning Fees of
Sealer of Weights and Measures.

Be it ordained by the City Council of Boston, as follows:

Chapter six of the Ordinances of 1938 concerning fees for certain licenses and permits is hereby amended by striking out clause 13 of section 1 and inserting in place thereof the following:

13. The fee for sealing the following weighing or measuring devices provided for in section 56 of chapter 98 of the General Laws, as amended, shall be as follows:

Each scale with a weighing capacity of 100 to 5,000 pounds, as set forth in item (b)₄ of said section, \$1.00;

Each scale with a weighing capacity of 5,000 to 10,000 pounds, as set forth in item (1) of said section, \$2.00;

Each scale with a weighing capacity of more than 10,000 pounds, as set forth in item (b) of said section, \$3.00;

All other scales and balances as set forth in item (e) of said section, but not including measures on pumps, 25 cents each;

All weights and other measures as set forth in item (j) of said section, 5 cents each.

Except as provided above, all fees established by said section 56 of chapter 98 of the General Laws shall continue in effect as set forth in said section or any amendment thereof.

Referred to Committee on Ordinances.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Augustine Ball, for compensation for damage to car caused by an alleged defect in Broadway Bridge.

Elizabeth Betts, for compensation for injuries caused by an alleged defect in Sydney street.

James F. Coughlin, for compensation for damage to car caused by an alleged defect in Atlantic avenue.

Sara Fingold, for compensation for damage to car by city cart.

Carl Pierce, for compensation for damage to car by city truck.

Shaw H. Reynolds, for compensation for damage to car by snowplow.

LOAN IN ANTICIPATION OF TAXES.

Chairman SHATTUCK called up, under unfinished business, No. 1 on the calendar, viz.:

1. Ordered, That to provide temporarily money to meet the appropriations for the financial

year 1939, the City Treasurer be and hereby is authorized to issue and sell, at such time and in such amounts as he may deem best, notes or certificates of indebtedness of the City of Boston not exceeding \$45,000,000 in the total, in anticipation of the revenue of the financial year; that all such notes or certificates of indebtedness be dated the day the money for the same is received, be made payable with the interest thereon within one year of their date and bear interest from their date until the same are made payable at such rate as the City Treasurer and the Mayor may determine. The said City Treasurer is hereby further authorized to renew or refund any such notes issued for a shorter period than one year, under the provisions of section 17 of chapter 44 of the General Laws.

On January 3, 1939, the foregoing order was read once and passed, yeas 21, nays 0.

The order was given its second and final reading and passage, yeas 20, nays 0.

SIDEWALK ASSESSMENTS.

A communication was received from the Public Works Department submitting order assessing half-cost on expense of constructing artificial stone sidewalks as follows:

Eleanor street, Ward 21, \$108.44.

The order was passed, and the communication placed on file.

MUNICIPAL BUILDING NEAR FRANKLIN
FIELD.

Coun. ROSENBERG offered the following:

Resolved, That the Boston City Council favors the enactment of legislation to borrow money for the purpose of erecting a municipal building in the vicinity of Franklin Field, provided such legislation includes a referendum to the Mayor and the City Council.

Passed under suspension of the rule.

PENSION TO JOHN H. FISHER.

Coun. MURRAY offered the following:

Resolved, That the City Council of Boston hereby approves the enactment of legislation ordering payment of a three-quarter pension to John H. Fisher, a member of the Boston Police Department who was permanently injured in the performance of duty, provided that said legislation includes a referendum to the Mayor and the City Council.

Passed under suspension of the rule.

SOLDIERS' RELIEF.

Coun. IRWIN offered an order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of January.

Order passed.

PRINTING OF SCHEDULES OF FEES FOR
LICENSES AND PERMITS.

Coun. GALVIN offered the following:

Ordered, That there be printed as a city document, under the direction of the City Clerk, a complete schedule of fees for licenses and permits, as in effect in all city departments on January 3, 1939, the cost of printing thereof to be charged to the appropriation for City Documents.

Passed under suspension of the rule.

REINSTATEMENT OF DENNIS F.
GUTHRIE.

Coun. GALVIN offered the following:

Resolved, That the City Council of Boston hereby approves the enactment of legislation for reinstatement of Dennis F. Guthrie of 91 Washington street, Charlestown, to his former standing in the Boston Police Department, provided that such legislation includes a referendum to the Mayor and the City Council.

Passed under suspension of the rule.

AMENDMENT OF CHAPTER 521, ACTS OF
1922.

Coun. ROSENBERG offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to immediately petition for legislation to amend chapter 521 of the Acts of 1922, G. L., and its amendments, by adding a new section 17A, and also further amending chapter 521, by striking out section 23 and inserting thereof provisions for the direct payment of accumulations to a designated beneficiary, without the necessity of probate proceedings, in connection with the payment of a balance of a pension that may be in the retirement fund for a city or county employee at his death.

Coun. ROSENBERG—Mr. President, at the present time the General Laws, chapter 32, provide

for retirement of employees in practically all political subdivisions of the state except Suffolk County. The act permits, in the case of other employees in the Commonwealth, direct payment of accumulations to a designated beneficiary, without the necessity of probate proceedings. That is, every other city and town in Massachusetts has in its retirement act a provision that the beneficiary may receive funds that have been accumulated during his lifetime. The City of Boston, I understand, is the only city in the Commonwealth that does not have that provision whereby such funds may be paid to a designated beneficiary. In a number of cases the amount left by the employee is so small that it would be hardly worth the time, effort and expense of those attempting to obtain such payment. There has been an act passed (chapter 521 of 1922) relating to retirements in Boston and Suffolk County and I believe if this proposed amendment is made to that retirement act it will permit retired employees of the City of Boston and of Suffolk County to designate a beneficiary without the necessity of probate proceedings. Therefore, I ask for the adoption of the order.

The order was referred to the Executive Committee.

REPAIR OF ROXBURY SIDEWALKS.

Coun. TAYLOR offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repair the sidewalks between Dale and Regent streets, Roxbury, said sidewalks being in dangerous condition.

Passed under suspension of the rule.

APPROVAL OF WORK OF DIES CONGRES-
SIONAL COMMITTEE.

Coun. CHASE offered the following:

Whereas, The Boston City Council is aware of the subversive propaganda which is being spread throughout the United States in an attempt by foreign elements to overthrow our present democratic form of government; and

Whereas, The Boston City Council is of the opinion that the Dies Congressional Committee for investigation of un-American activities has performed a great service to the American public by its exposé of communistic and other un-American activities; therefore be it

Resolved, That the Boston City Council is in favor of the continuation of the Dies Congressional Investigation of un-American activities; and be it further

Resolved, That the Boston City Council respectfully urges the United States Congress and President Roosevelt to appropriate \$150,000 in order to continue the good work of the Dies Congressional Committee; and be it further

Resolved, That copies of this resolution be immediately sent to the United States Congress and President Roosevelt.

Coun. CHASE—Mr. President.

Chairman SHATTUCK—The resolution will be referred to the Committee on Rules, without debate, under Rule 12.

The resolve was referred to the Committee on Rules.

TRAFFIC REGULATION, CENTRE STREET
AND ARBORWAY.

Coun. LANGAN offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to arrange for the installation of suitable devices for the regulation of traffic at the traffic circle located at the junction of Centre street and the Arborway, Ward 19, for the added safety of pedestrians.

Coun. LANGAN—Mr. President, this order requests the Traffic Commissioner, through his Honor the Mayor, to arrange for the installation of suitable devices for the regulation of traffic at the traffic circle located at the junction of Centre street and the Arborway, Jamaica Plain, Ward 19, for the added safety of pedestrians. The traffic circle there has helped regulate the flow of automobile traffic, but it has unfortunately left the pedestrian to look out for himself. I believe it is possible to work out some arrangement that will eliminate this danger to pedestrians at that point by installing a traffic device that will control the traffic and at the same time afford to the pedestrian some measure of protection.

The order was passed under suspension of the rule.

RECESS.

The Council voted at 2.44 p. m., on motion of Coun. HARRIS, to take a recess subject to the call of the Chair. The members reassembled and were called to order by Chairman SHATTUCK at 3.24 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. WILSON, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred today) re lease of property to Boys' Clubs of Boston—that same ought to pass.

Report accepted; said order passed.

2. Report on message of Mayor and order (referred today) re lease of land to South End House Association—that same ought to pass.

Report accepted; said order passed.

3. Report on message of Mayor and order (referred today) appropriating \$300 for purpose of maintaining mosquito control works—that same ought to pass.

Report accepted; order passed, yeas 20, nays 0.

4. Report on message of Mayor and order (referred today) appropriating \$25 for repairs to portrait of Governor Andrew in Faneuil Hall—that same ought to pass.

Report accepted; order passed, yeas 20, nays 0.

5. Report on message of Mayor and order (referred today) in reference to care, custody and control of Nonset traffic circle—that same ought to pass.

Report accepted; order passed, yeas 20, nays 0.

6. Report on order (referred today) with reference to amending chapter 521 of Acts of 1922, and its amendments—recommending passage of accompanying resolution, viz:

Resolved, That the City Council of Boston favors the enactment of legislation to amend the Boston Retirement Act so as to provide for the payment to the designated beneficiaries of deceased members of the amount of their accumulated deductions, provided that such legislation includes a referendum to the Mayor and the City Council.

The report was accepted, and said resolve was passed.

ATTENDANT AT EACH FIELD HOUSE.

Coun. WILSON offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to provide for the presence of an attendant experienced in first-aid assistance, with proper facilities, at each of the field houses on the various playgrounds in the City of Boston.

Coun. WILSON—Mr. President, with reference to that order I might say that on the 27th of June I introduced into the Council an order, which you were kind enough to unanimously pass, as follows:

"Ordered, That the Park Commission be requested, through his Honor the Mayor, to provide first-aid kits for each field house on all playgrounds in the City of Boston, and that the custodian in each case be instructed as to the proper use of the same."

On the afternoon of the 23d of December, on Franklin Field, a young man from my district, who was playing hockey, was rather seriously injured, with his arm broken, and although the man at Franklin Field did not know just how to handle such cases, he tried to do something, using an old newspaper and a towel to wrap up the arm, and then tried to get the young man's family, to take him to the City Hospital. And so the young man, with the old newspaper and the towel wrapped around his arm, was taken to the City Hospital in a police patrol. I again emphasize the request that I made as long ago as last June. I realize that we are raising money under adverse circumstances, but if children are to use the playground at Franklin Field, which I used many years ago, and which is used by many of the children of the central section of Dorchester, it seems to me there should at least be first-aid provided, and that there should be an attendant reasonably able to give the first-aid. At any rate, first-aid should be available. Therefore I again urge the passage of this order, because I believe it to be a distinct duty to the taxpayers of Boston to afford at a place like that at least a minimum of protection in the way of first-aid for those who may be injured.

The order was passed under suspension of the rule.

ESCALATORS AT NORTHAMPTON STREET STATION AND ASHMONT TERMINAL.

Coun. WILSON offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to consider the early advisability of the installation of an escalator at the Northampton Street Elevated Station.

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to consider the early advisability of the installation of an escalator at the Ashmont Terminal.

Coun. WILSON—Mr. President, I read in the papers not long ago that there is a possibility of an escalator being arranged for at Governor square. While endeavoring not to be selfish, it did occur to me that if the Boston Elevated is in the position

to spend any substantial sum of money, one of the first places where an escalator should be provided is at the Northampton Street Station. That is a place where the lame, the halt, the blind, the sick, are continually going to and from the City Hospital. So I believe, if the trustees are looking for the most important points to establish escalators, they should very seriously consider Northampton Street and also the Ashmont Terminal, which is second only to Harvard Square. There are not only the Elevated passengers to be taken care of at that point, but also passengers from the Eastern Massachusetts car lines, some of them coming from many miles out of Boston.

The orders were passed under suspension of the rule.

OPEN-AIR PARKING SPACE LICENSES.

Coun. WILSON offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to grant only temporary open-air parking space licenses until proposed form of new ordinance, with regulations, have been considered by the City Council and the Mayor.

Ordered, That the Committee on Ordinances be requested promptly to consider the matter of a proposed new ordinance concerning licenses for outdoor parking spaces with specific regulations relating to such licenses after consultation with the Board of Street Commissioners and the Law Department.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to include in its regulations relating to licenses for outdoor parking spaces a provision that each licensee post conspicuously on his premises a sign which shall state the limit on the number of cars permitted to be parked in such space according to the terms of the license.

Coun. WILSON—Mr. President, those three orders all concern a possible proposed new ordinance with reference to outdoor parking spaces, which will be especially important now in view of the recent adoption by the City Council of an entirely new schedule of licenses and fees. Unfortunately, we have not yet received from the Law Department a form of new ordinance which will set forth the rules and regulations to govern these parking spaces. In 1934 there were 128 of such licenses, but the number grew rapidly until in 1937 they amounted to 187. We have been informed by the Street Commission that the licenses are issued for these open-air parking spaces on an area basis of about nine cars per thousand square feet. But while, as a mathematical proposition, every car takes up 100 feet of space at the most, as a matter of fact at practically every parking space in the city twice as many cars are parked as are authorized by the license and under the fee that they pay. I therefore urge the passage of this amendment, to be considered by the Board of Street Commissioners and the Law Department, that each licensee shall post conspicuously on his premises a sign stating the limit on the number of cars permitted to be parked in such space according to the terms of the license. That is a regulation that can be easily carried out—having a substantial, large sign posted on each parking space expressly stating the number of cars authorized to park there. I have also in mind in one of these orders I have introduced that these licenses in past years have run from April 1 to April 1, and with the possibility that the licenses may now be granted from January to January, I urge the passing of the third order I have offered, to the effect that the open-air parking space licenses now granted shall be only temporary, until a proposed form of new ordinance, with regulations, has been considered by the City Council and the Mayor.

The rules were suspended and the orders were severally passed.

UNDERPASS, BLUE HILL AVENUE AND MORTON STREET.

Coun. ROSENBERG offered the following:

Resolved, That the Boston City Council favors the enactment of legislation to provide for the construction of an underpass at the junction of Blue Hill Avenue and Morton Street, provided that such legislation includes a referendum to his Honor the Mayor and the City Council.

Coun. ROSENBERG—Mr. President, at no other intersection in the City of Boston or perhaps in the suburbs has there been more trouble because of traffic conditions than at that intersection of Blue Hill Avenue and Morton Street. I believe the passage of such an order as this may be the instrumentality which will cure that trouble. I believe legislation such as is here suggested, providing for the construction of an underpass at this junction, will be a great thing from a public point of view, and that it will greatly facilitate, not only local traffic, but traffic between the North and South Shores, as well as the traffic of people going to and from the center of the city. I trust that the order will pass.

The resolution was passed under suspension of the rule.

TRANSFER OF DORCHESTER HEIGHTS.

Coun. KERRIGAN and MURRAY offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draft a bill for immediate presentation to the Legislature to provide for the transfer of Dorchester Heights in the South Boston district of the City of Boston to the United States Government in accordance with the national policy to preserve for public use historic sites, buildings and objects of national significance for the inspiration and benefit of the people of the United States, said Dorchester Heights to be a national shrine commemorating the Evacuation of Boston by the British forces on March 17, 1776.

Passed under suspension of the rule.

PAYMENT TO THOMAS E. GOGGIN.

Coun. KERRIGAN and MURRAY offered the following:

Resolved, That the City Council of Boston hereby favors the enactment of legislation for the payment of an annuity of \$1,000 to Thomas E. Goggin, formerly an employee of the City of Boston and County of Suffolk, and an annuity of \$200 to minor child, because of injuries in the course of the employment of said Thomas E. Goggin, provided that such legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rule.

SIDEWALKS, WASHINGTON STREET, WARD 19.

Coun. LANGAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install granolithic or asphalt sidewalks on both sides of Washington Street, Ward 19, from Archdale Road to Roslindale Square, under the W. P. A. plan of construction.

Passed under suspension of the rule.

CONDITIONS IN ASSESSING DEPARTMENT.

Coun. TAYLOR—Mr. Chairman, I ask unanimous consent to make a statement.

Chairman SHATTUCK—The Chair hears no objection.

Coun. TAYLOR—Mr. Chairman, several weeks ago I introduced an order requesting that the Board of Assessors appear before the Executive Committee of the City Council to advise them of conditions existing in the Assessing Department which are costing the City of Boston many thousands of dollars each year, and I hoped that that condition might be changed. It arises, causing a loss of many thousands of dollars to the city, because, I believe, of improper administration in the Board of Assessors. I introduced that order and desired to have the Board of Assessors appear before us by reason of petitions for abatement that have been denied by the assessors and because of the fact that applicants for abatement have had to go before the Board of Tax Appeals at the State House, to attempt to secure an abatement. I pointed out at that time that the Sears Building had been assessed for \$1,300,000, the property owners being willing to settle on the basis of \$1,100,000; that the Board of Assessors, however, refused to settle, and the matter was then tried before the Board of Tax Appeals, who abated the taxes to \$900,000 for a period of four years, resulting in a considerable loss to the City of Boston, a loss of \$800,000 for tax purposes. This is a very important question so far as the City of Boston is concerned. It is more important because small home owners are compelled to go before the Board of Tax Appeals to get an abatement, when the thing, as I view it, should be settled by the assessors. An appeal to the Board of Tax Appeals simply means that small home owners are obliged to hire lawyers and real estate experts to testify before the Board of Tax Appeals, with the result that there is a serious loss and delay to them on that account. To my mind, this is certainly a question that requires investigation. Something must be done to relieve the small home owners of the City of Boston. Nothing is now being done for them. The records show that from 80 to 90 per cent of the appeals to the Board of Tax Appeals at the State House result in decisions in favor of the property owners, with a consequent loss to the city of hundreds of thousands of dollars every year, because of the abatements granted. It would appear that the Board of Assessors turn such cases over to the Tax Abatement Board at the State House in order to relieve congestion in the Assessing Department, and as a result we are getting no assistance from the assessors. I don't know why the Board of Assessors did not see fit to come before the Executive Committee of the Council. I don't think they have anything to hide, and we are certainly entitled to the information they can furnish to us—which information would certainly be important, particularly in view of the fact that there are shortly going to be extensive tax sales of property in the city, and poor widows, who have received no help from the Board in response to their request, find themselves in the

position of losing their property, through foreclosure of the banks, when their petitions for abatement will be of no avail. I certainly believe that if ever an investigation was necessary in any department of the City of Boston it is now necessary in the Board of Assessors Department.

SIXTH BALLOT FOR PRESIDENT.

Coun. FISH—Mr. President, I move that we now proceed to ballot for the election of President for the year 1939.

The motion was carried. The clerk called the names of each member, the members responding as follows:

For James E. Agnew—Coun. Agnew, Englert, Kerrigan, Murray, Norton, Shattuck, Taylor—7.
For William J. Galvin—Coun. Fish, Galvin, Harris, Hutchinson, Irwin, Kelly, Langan, Lyons, Sullivan—9.

For Robert Gardiner Wilson, Jr.—Coun. Chase, Fitzgerald—2.

For John I. Fitzgerald—Coun. Rosenberg, Wilson—2.

For George A. Murray—Coun. Carey—1.
And there was no choice.

SEVENTH BALLOT FOR PRESIDENT.

Coun. NORTON—Mr. President, I move that we take another ballot for President.

Coun. CHASE—Mr. President, Robert Gardiner Wilson, Jr., of Dorchester, is, to my way of thinking, one of the ranking and one of the ablest members of the body. I would consider it a distinct privilege and honor for the Boston City Council to have Mr. Wilson as its presiding officer. His ability and integrity are beyond question, and his conduct during his eleven years of service in the City Council has been highly commendable. This is a non-partisan body, and as such I sincerely hope that the councilors will forget party lines and will do honor to themselves by electing Robert Gardiner Wilson, Jr., to the high office of President of the Council, an honor to Mr. Wilson which will be justly deserved.

Coun. WILSON—Mr. President, I, of course, appreciate not only the consistency of Mr. Chase but the friendly gesture that he has made. I realize, of course, the fact that, next to Councilor Fitzgerald, I am the ranking member of the body. I realize also that other sections of the city have been continually honored by an election of their representative as President of the body, with my votes. That honor has been given to Councilor Donovan, former President, a Democratic representative from East Boston. That honor, too, that has been extended, with my help, to our Democratic friend, Councilor Fitzgerald, from the West End, as well as to councilors from other parts of our city. I realize the honor done me by Councilor Chase, one of our younger members, in saying about me what he has, and in bringing out the fact that this is a non-partisan body. I myself, as I have already stated, have cast ballots for presidents of this body who were not of my own party. I have not Councilor Chase's optimism in thinking that the other members of the body would vote for me as president, because, wrongly, I believe, they are influenced by party considerations. I have not asked any member to cast his ballot for me, but I would like all the members of the Council to know that I appreciate what Councilor Chase, one of the newest members of the Council, has said.

The clerk called the roll, and the members voted for President, with the following result:

For James E. Agnew—Coun. Agnew, Carey, Englert, Fitzgerald, Kerrigan, Murray, Norton, Shattuck, Taylor—9.

For William J. Galvin—Coun. Fish, Galvin, Harris, Hutchinson, Irwin, Kelly, Langan, Lyons, Sullivan—9.

For Robert Gardiner Wilson, Jr.—Coun. Chase, Rosenberg—2.

For John I. Fitzgerald—Coun. Wilson—1.
And there was no choice.

The Council adjourned at 3.53 p. m., on motion of Coun. WILSON, to meet on Monday, January 16, 1939, at 2 p. m.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

NEW YORK BUS FRANCHISES.

Seven New York bus franchises provide for a payment to the city of 5 per cent of gross receipts for the first two years, 6 per cent for the next three years, and 7 per cent for the following five years.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN WASHINGTON STREET TUNNEL (UNDER EASTERLY PLATFORM), FROM SUMMER STREET ABOUT 140 FEET NORTHEASTERLY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Washington Street Tunnel (under easterly platform), from Summer street about 140 feet northeasterly. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Washington Street Tunnel (Under Easterly Platform)", From Summer Street, About 140 Feet Northeasterly," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Tuesday, January 31, 1939, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(Jan. 21.) *Commissioner of Public Works.*

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING INTERFOLDED TOILET PAPER AND TOILET PAPER IN ROLLS FOR BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing interfolded toilet paper and toilet paper in rolls for the Boston public schools. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Interfolded Toilet Paper and Toilet Paper in Rolls." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Thursday, February 2, 1939. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids and to accept the bid or bids which it deems best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Jan. 21.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING DRUGS.

The Supply Department of the City of Boston invites proposals for furnishing drugs as required, to the various city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of forty cents (\$0.40) for each blank proposal taken out. The bid, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies before 12 m., Wednesday, February 8, 1939, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Jan. 21.) *Superintendent of Supplies.*

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

PROPOSALS FOR LAND.

The Superintendent of Construction of the Department of School Buildings, City of Boston, will receive sealed proposals for selling to the city land for an elementary school in the Agassiz District, Jamaica Plain, Mass., in the territory bounded and described as follows: Beginning at the junction of Allendale road and the Brookline line, thence northeasterly by the boundary of Brookline line to Cypress street, by Cypress street to the corner of Cypress and Perkins streets, thence by Perkins street to Pond View street, thence southeasterly by Pond View street to Jamaica way, to the traffic circle, thence by Centre street to Allendale road, thence by Allendale road to the point of beginning, to contain 35,000 square feet of land, more or less. All proposals must be submitted at or before 2 o'clock p. m., of Tuesday, February 7, 1939, at the office of the Superintendent of Construction, 26 Norman street, Boston. Said proposals will at that time be publicly opened and read, and thereafter a public hearing will be given by the Superintendent of Construction, at said office, Tuesday, February 14, 1939, at 2 o'clock p. m., at which hearing the proposals and suitability of the land offers therein will be considered. The Superintendent reserves the right to reject any or all proposals.

JAMES J. MAHAR,
(Jan. 21.) *Superintendent of Construction.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TRAFFIC PAINT.

The Supply Department of the City of Boston invites proposals for furnishing traffic paint to the Boston Traffic Commission. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bids, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., Friday, January 27, 1939, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Jan. 21.) *Superintendent of Supplies.*

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 31.

SATURDAY, JANUARY 28, 1939.

No. 4

MAYOR TOBIN DISCUSSES CITY'S FINANCIAL PROBLEMS IN ADDRESS DURING LUNCHEON OF SHRINERS AT PARKER HOUSE — UNDER TOPIC, "PEERING INTO THE FUTURE," HE EXPRESSED CONFIDENCE THAT BUSINESS WAS ON THE UP-GRADE AND THAT BOSTON WOULD SHARE IN WHATEVER IMPROVEMENTS CAME — FOR FIRST TIME IN EIGHT YEARS CITY HAD COLLECTED MORE REVENUE THAN DISBURSED BY \$2,000,000 — ANNOUNCED BELIEF AND HOPE THAT GOVERNOR SALTONSTALL WOULD, DURING HIS ADMINISTRATION, GIVE RELIEF FROM FINANCIAL BURDENS TO CITIES AND TOWNS OF STATE.

Mayor Tobin spoke at the monthly Shriners luncheon of Aleppo Temple, A. A. O. N. M. S., held at the Parker House on Tuesday, January 24, on the topic, "Peering Into the Future." It was the Mayor's second appearance before the group. His first appearance was in January of last year, two weeks after he had assumed office. At that time he sketched the problems of the city as he had studied them for his inaugural address. Last Tuesday he was able to report progress in operating the city, as he said, on "a strictly business basis."

The Mayor expressed his confidence that business is on the up-grade and that Boston will have its share of the improvement. He was happy, he said, "to report that the city is in a sounder financial condition than at the corresponding time of last year." One of the evils that he inherited was the annual deficit in the Water Department. By installing business methods the deficits of 1934, 1935, 1936 and 1937, totalling \$500,000, had been wiped out and \$150,000 remained to the good.

Collected More Than Spent.

But, as the Mayor explained, the city had been struggling under annual deficits until the total of \$22,000,000 had been piled up in seven years. He was happy to say that for the first time in eight years the city had collected in revenue last year \$2,000,000 more than it had disbursed. This fine showing was reflected in a decided improvement in the city's credit, temporary loans having been floated at the lowest interest rate in the city's history.

Without mentioning the objects of criticism, the Mayor remarked that he was aware of such criticism. He was confident, however, that citizens had not suffered from the city's economical trends and would eventually realize the great benefits that would accrue from the administration of affairs on strictly business principles.

Ignoring detailed discussion of his savings, the Mayor declared that all departments, except those bearing the weight of public relief, such as the Hospital, Soldiers' Relief, Welfare and Institutions Departments, are decidedly lower in their burden than at the start of the depression. He pointed out that 150,000 persons are entirely dependent on city funds for food, clothing and shelter, and that the city cannot turn its back on them. In that connection the W. P. A. had proved of invaluable assistance. Without it the city would not have been able to carry on, nor could the Commonwealth have stood the strain of unemployment without Federal aid.

In the matter of this year's tax rate, the Mayor expressed his confidence in "the statesmanlike attitude of Governor Saltonstall." In that attitude he saw a ray of hope for the towns and the cities of the state. With the state deficit reaching an all-time high, Boston has been threatened, from that cause alone, with an increase of \$4, which, in connection with the city's share of the Boston Elevated deficit, would mean an increased tax rate of \$4.90. He declared that this year's tax bills will show where the increase in the tax rate is, and urged organizations like the Shriners to take an interest in legislative matters, to the end that increased financial burdens due to new legislation will not be saddled upon the various communities of the state this year.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, January 30, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped

area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 18 Oliver street, fourth floor, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 18 Oliver street, fourth floor, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, January 26:

ASSESSING DEPARTMENT.

Charlotte B. Agnew, stenographer and clerk, has been granted leave of absence, without pay, for the period from January 19 to February 11.

BUILDING DEPARTMENT.

Ralph J. Richards, constable, has tendered his resignation, effective at the close of business on January 17.

FIRE DEPARTMENT.

Lieut. William J. McGrath, of Engine Company 43, has been placed on the pension roll, at \$1,250 a year.

HOSPITAL DEPARTMENT.

Permission has been given for the appointment of six medical social workers at \$1,200 a year: Lucille F. Hill, Louise T. Graves.

Permission has been given for the permanent employment of Harold F. Nolan as permanent male nurse at \$1,200 a year.

The following special nurses were employed for the week ending January 17, at \$4.50 a day:

Mary K. Burke, Louise Clark, 1 day; Loretta Comtois, 2 days; Iris Farrell, 1½ days; Felecia Gesick, Irene Griffin, 1 day; Mary H. Kelley, 2 days; Edna Kent, Margaret Lehman, 1 day; Alice Levkovich, 2 days; Katherine Priestly, 1 day; Olga Remick, 2 days; Mary A. Ryan, 3 days; Douglass Spencer, 1 day; Frances Sullivan, 7 days; Doris Sutherland, 6 days; Matilda Tomassetti, 4 days; Hazel Trott, 6 days; Alice Travers, 1 day; Margaret Edge, 1½ days; Evelyn Mason, 4 days; Helen Seymour, 1 day.

HOSPITAL DEPARTMENT (Sanatorium Division).

The following persons have ceased to be employed:

Richard Stukes, male nurse (patient), \$480 a year; Michael Contelli, male nurse (patient), \$480 a year.

INSTITUTIONS DEPARTMENT.

Permission has been given for the Harold J. Hayes, electrician at Long Island, leave of absence, with pay, for one month beginning January 14.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the continued temporary employment of Howard E. Burns as a bookkeeper, for a period of three months from January 27, at \$900 a year.

Approval has been given for the continued temporary employment of the following persons as clerk-typists, for a period of three months from January 29, at \$900 a year:

Ruth E. Creehan, Mary E. Cuniff, Martha M. Goldrick, Mary E. Murphy, Gladys Nathanson, Lillian M. O'Brien, Dorothea S. Pedersen, Julia K. Robinson, Clara M. Rothstein, Catherine A. Spillane, Margaret M. Sullivan, Ellen H. Williams.

Approval has been given for the continued temporary employment of the

following persons as clerk-typists, for a period of three months from January 26, at \$900 a year:

Veta Albert, Florence Brawley, Rose E. Carpinella, Doris M. Connaughton, Margaret M. Conroy, Eileen M. Currier, Muriel B. Doran, Edna M. Downes, Cyrel Goldberg, Elizabeth J. Hasken, Kathryn E. Hoar, Bella Kublin, Florence P. Ludwig, Annabelle Michelson, Louise C. Parisi, Helen M. Sullivan, Carmela R. Tieso, Dorothy Wachtel, Margaret H. Zellenka.

Approval has been given for an increase in salary to Belle Epstein, permanent social worker, from \$1,600 to \$1,700 a year, effective as of December 30.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the provisional promotion of Peter F. Costello of the Sewer Division, from inspector at \$2,200 a year to foreman at \$2,300 a year, in charge of the Jamaica Plain Sewer District 5, in place of James F. Dailey, retired, to take effect on January 11.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing milk, cream and ice cream for Boston public school cafeterias. Bids, opened Thursday, December 15, were received from the following concerns:

Braleys Creamery, Incorporated, General Ice Cream Corporation, Herlihy Brothers, H. P. Hood & Sons, Incorporated, McCarthy Brothers Milk Company, United Farmers' Co-operative Association, Incorporated, Whiting Milk Company.

Awards were made to the lowest responsible bidders and contracts executed as follows:

Jeremiah E. Burke High Cafeteria and Patrick T. Campbell Cafeteria: January 6, 1939, H. P. Hood & Sons, Incorporated, milk and cream, \$3,954.85.

James P. Timilty Cafeteria: January 5, 1939, United Farmers' Co-operative Creamery Association, Incorporated, milk and cream, \$1,997.05.

Roslindale High and Annex Cafeterias: January 9, 1939, Whiting Milk Company, milk and cream, \$1,896.90.

All Cafeterias: January 6, 1939, H. P. Hood & Sons, Incorporated, ice cream, \$6,520.

The School Committee has approved proposals for furnishing bread and rolls for Boston public school cafeterias. Bids, opened Tuesday, December 13, were received from the following concerns:

General Baking Company, Ward Baking Company.

Award was made to the lowest responsible bidder in accordance with specifications and contract awarded to the Ward Baking Company, under date of January 7, 1939, in the sum of \$1,073.

SUPPLY DEPARTMENT.

Upon January 18 the Mayor approved a contract with lowest bidders as indicated for furnishing sulfuric acid and sodium bicarbonate to be delivered to the

various city departments, as required, until December, 1939. The totals were as follows:

E. & F. King & Co., Incorporated, \$537.50; Monsanto Chemical Company, Merrimac Division, \$210. Total, \$747.50. Bids, opened December 27, were as follows:

12,000 Pounds Commercial Sulfuric Acid (Oil of Vitriol), As Per Specifications, Per Hundredweight.—Monsanto Chemical Company, Merrimac Division, \$1.75 per hundredweight (66°), in 192-pound net weight carboys*; grand total, \$210; carboys are charged for at \$5 each and are returnable for credit if returned in good condition within a reasonable length of time, at seller's expense; E. & F. King & Co., Incorporated, \$1.85; grand total, \$222; carboys \$5 each and returnable at price charged; Howe & French, Incorporated, \$1.85; grand total, \$222; carboys \$5 each extra and returnable.

25,000 Pounds Sodium Bicarbonate, As Per Specifications, Per Hundredweight.—Monsanto Chemical Company, Merrimac Division, \$2.38 per hundredweight, delivered in 400-pound net weight barrels; grand total, \$595; cash discount, ten days, 1 per cent; E. & F. King & Co., Incorporated, \$2.15 per hundredweight, in 400-pound barrels*; grand total, \$537.50; cash discount, ten days, 1 per cent; \$2.40 per hundredweight, in 112-pound kegs; grand total, \$600; cash discount, ten days, 1 per cent; Sunshine Soda Company, Incorporated, \$2.38; grand total, \$595; cash discount, ten days, 1 per cent; Howe & French, Incorporated, \$2.38; grand total, \$595; cash discount, ten days, 1 per cent.

* Contract awarded.

Upon January 18 the Mayor approved a contract with lowest bidders as indicated for furnishing paper napkins to be delivered to the various city departments, as required, during 1939. The approximate totals of awards were as follows:

Stone & Forsyth Company, \$1,765.70; H. J. Dowd Company, Incorporated, \$1,170. Total, \$2,935.70.

Bids, opened December 29, were as follows:

Approximate Amounts on All Items.
Bidders Must Submit Sample of Paper Napkins Upon Which Bid is Based.

3,000 Thirteen and One Half Inches, Full Bleached, Full Crepe, Quarter-Fold, Banded in Bundles of 250 and Wrapped in Lots of 1,000, 10 M. to a Carton, Per M.—Hurlbert & Hatfield, 49 cents; approximate total, \$1,470; cash discount ten days, 2 per cent; prices guaranteed for ninety days only; Stone & Forsyth Company, 39.4 cents; approximate total, \$1,182; cash discount, ten days, 2 per cent; H. J. Dowd Company, Incorporated, 39 cents*; approximate total, \$1,170; cash discount ten days, 2 per cent.

2,300 Thirteen and One Half Inches by 10 Inches, Full Bleached, Full Crepe, Interfolded Dispenser Napkins, 80 to 125 Packages to Carton to Fit Dan. D. Fold Junior, or Equal, Dispensers, Per M.—Hurlbert & Hatfield, 40 cents; approximate total, \$920; cash discount, ten days, 2 per cent; prices guaranteed for ninety days only; Stone & Forsyth Company, 28.9 cents*; approximate total, \$664.70; cash discount, ten days, 2 per cent; H. J. Dowd Company, Incorporated, 30.5 cents; approximate total, \$701.50; cash discount, ten days, 2 per cent.

300 Bales Sputum Napkins, Semi-Crepe, 40 M. to Bale, cut 7 by 7, 4 M. to Package, 10 M. to Bale, Cut 14 by 14, 1 M. to Pack-

age, Per Bale.—Hurlbert & Hatfield, \$5.60, bale of 40 M., 7 by 7; approximate total, \$1,680; cash discount ten days, 2 per cent; prices guaranteed for ninety days only; Stone & Forsyth Company, \$3.67*; approximate total, \$1,101; cash discount, ten days, 2 per cent.

* Contract awarded.

Upon January 18 the Mayor approved a contract with bidders as indicated for furnishing approximately 180 drums 95 per cent ethyl alcohol, 190 proof, 54 gallons to drum, to be delivered to the various city departments, as required, from January 1, 1939, to June 30, 1939.

As the three concerns quoted the same prices, the six months' requirements was divided equally between the three concerns.

The prices bid on the attached sheet have been posted for the first quarter of 1939, and are subject to adjustment April 1, 1939, to apply for the second quarter of 1939.

The approximate totals of awards were as follows:

U. S. Industrial Chemicals, Incorporated, \$1,036.80; Commercial Solvents Corporation, \$1,036.80; New England Alcohol Company, \$1,036.80; Total, \$3,110.40.

Bids, opened December 27, were as follows:

Prices Exclusive of All Taxes.

Approximately 180 Drums 95 Per Cent Ethyl Alcohol, 190 Proof, 54 Gallons to Drum, 9,720 Gallons, Per Gallon.—U. S. Industrial Alcohol Sales Company, Incorporated, after January 1, 1939, name to be changed to U. S. Industrial Chemicals, Incorporated, 29 cents, 19 drum lots, one delivery; 32 cents, 1 to 18 drum lots; approximate total, \$3,110.40; Commercial Solvents Corporation, 29 cents, 19 drums or over, one delivery; 32 cents, 1 to 18 drums, approximate total, \$3,110.40; New England Alcohol Company, 27 cents, 72 drum delivery; 29 cents, 19 drum delivery; 32 cents, 1 to 18 drum delivery; approximate total, \$3,110.40.

Prices released for first quarter 1939; they are therefore subject to adjustment as of April 1, 1939, to apply for the second quarter, in accordance with the price adjustment clause.

W. P. A. SUPPLY DEPARTMENT.

Upon January 18 the Mayor approved a contract with George McQuesten Company, Incorporated, for furnishing lumber to be delivered to the Dana Avenue Yard, Hyde Park, Paving Division, Public Works Department, W. P. A. Req. No. 28—W. P. 16888.

Bids, opened January 6, were as follows:

All Cost of Inspection to be Paid for by the Contractor. Immediate Delivery.

500 Pieces Structural Fir, 24-Foot Lengths, 3 Inches by 8 Inches Selected, D. I. S. and Matched to Two and Three Quarter Inches by Seven and One Half Inches Face, 24,000 Square Feet, Per M. Square Feet.—Barney & Carey Company, \$69; delivery seven to fourteen days; Alternate bid, \$59; delivery thirty days; Curtis & Pope Lumber Company, \$48.95, finished 2½ by 7½ face; delivery thirty days; George McQuesten Company, Incorporated, \$52*.

20 Pieces Merchantable Hard Pine, 3 Inches by 6 Inches by 30 Feet, 900 Square Feet, Per M. Square Feet.—Barney & Carey Company, \$70; delivery seven to fourteen days; alternate bid, \$70; delivery thirty days; Curtis & Pope Lumber

Company, \$68.50; delivery thirty days; George McQuesten Company, Incorporated, \$70.

Total.—Barney & Carey Company, \$1,719; alternate bid, \$1,479; Curtis & Pope Lumber Company, \$1,236.45; see change in specifications; George McQuesten Company, Incorporated, \$1,311.

WITHOUT ADVERTISING.

Upon January 18 the Mayor approved a contract as indicated in the accompanying communication from the Superintendent of Supplies.

SUPPLY DEPARTMENT.

BOSTON, January 5, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Under date of October 13, 1938, your Honor approved a request for permission to award a contract to the Colonial-Beacon Oil Company for furnishing fuel oil to the Institutions Department boat "Stephen J. O'Meara," for a period ending September 30, 1939.

Owing to the fact that deliveries from the Colonial-Beacon Oil Company under this contract have been unsatisfactory, I would respectfully request your permission to award a contract without publicly advertising to the Socony-Vacuum Oil Company for delivery of this oil to the steamer "Stephen J. O'Meara," as this company has had this particular contract in the past and has been able to make satisfactory deliveries in every respect.

The price quoted by the two bidders, namely, the Colonial-Beacon Oil Company and the Socony-Vacuum Oil Company, is the same — 95 cents per barrel — and as the city will suffer no loss by awarding this contract to the Socony-Vacuum Oil Company, I would respectfully request that the permission asked for above be granted, said contract to run from January 1, 1939, to September 30, 1939. The approximate total amount of the contract is \$4,750.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

AMENDED NOTICE.

UNEMPLOYMENT COMPENSATION COMMISSION, PUBLICITY AGENT, MARCH 11, 1939.

Last date for filing applications, Saturday, February 25, 1939, at 12 noon.

NOTE.—This is the examination originally scheduled for Saturday, January 21, 1939.

The minimum salary is \$1,920 a year; the maximum salary is \$2,280 a year.

Duties: Under general direction, to prepare for newspapers and other publicity, material with which the public should be acquainted relating to activities of a department or major division and to secure publication thereof; and to perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be

filed with the application, *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 4; practical questions, 4; personality and fitness, as determined by an oral interview, 2; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

UNEMPLOYMENT COMPENSATION COMMISSION, APPEALS EXAMINER, MARCH 11, 1939.

Last date for filing applications, Saturday, February 25, at 12 noon.

This examination is open to both males and females.

The minimum salary is \$3,180 a year; the maximum salary is \$3,720 a year.

Duties: Under general direction, to conduct all formal hearings on appeals from decisions relating to benefit claims under the Unemployment Compensation law; and to perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

UNEMPLOYMENT COMPENSATION COMMISSION, SUPERVISOR OF CLAIMS, MARCH 11, 1939.

Last date for filing applications, Saturday, February 25, 1939, at 12 noon.

This examination is open to males only.

The minimum salary is \$3,000 a year; the maximum salary is 3,360 a year.

Duties: Dividing the State into six regions, these district or regional supervisors shall be responsible through the Assistant Director to the Director of the Division of Claims and Appeals. They shall direct and co-ordinate the activities of the district and local offices; relay instructions relative to the organization, operation and regulation of local offices; collect and organize information; assist in proper handling of claims; and perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

FOR AIDING BOYS.

In an effort to lend a helping hand to misfit and underprivileged boys and to stem the alarming flow of young men into penal institutions and lives of crime, Big Brother Bureaus are being organized by the police departments of various cities. The International Association of Chiefs of Police urges all police jurisdictions to join the Big Brother League.

TRANSFERS IN APPROPRIATIONS.

City Auditor Charles J. Fox announces the following transfers in appropriations in departments of the City of Boston and County of Suffolk approved by his Honor the Mayor:

COUNTY OF SUFFOLK.

DISTRICT COURT OF CHELSEA.

BOSTON, December 31, 1938.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the District Court of Chelsea:

From the appropriation for B-8, Light, Heat, Power, \$2.34; B-12, Bond and Insurance Premiums, \$8.50; B-13, Communication, \$52.88; B-18, Cleaning, \$9.20; B-35, Fees, \$22; B-39, General Repairs, \$15; C-10, Library, \$3; C-13, Tools and Instruments, \$0.25; D-1, Office Supplies, \$18.55; D-8, Laundry, Cleaning, \$0.76; E-10, Electrical, \$5.19; to the appropriation for A-2, Temporary Employees, \$137.67.

From Available Sources, County Buildings, B-39, General Repairs, \$51.03.

For extra sessions for civil business and for sittings of Justices in Appellate Division of District Courts.

Respectfully,

EDWARD F. CANAVAN, Clerk.

The above transfer was made by the City Auditor with the approval of the Mayor on December 31, 1938.

INSANITY CASES.

BOSTON, December 31, 1938.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations for Insanity Cases:

From the appropriation for B-13, Communication, \$8.92; Available Sources, East Boston District Court, A-1, Permanent Employees, \$222.94; A-2, Temporary Employees, \$125.74; B-13, Communication, \$8.15; D-1, Office, \$140.99; County Buildings, B-39, General Repairs, \$67.67, to the appropriation for Insanity Cases, B-35, Fees, \$574.41.

Commitment of persons by other counties.

Respectfully,

W. K. COBURN.

The above transfer was made by the City Auditor with the approval of the Mayor on December 31, 1938.

SQUARE DEAL IN ASSESSMENTS FOR
TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

UNEMPLOYMENT COMPENSATION COMMISSION, SENIOR ACCOUNTANT, FEBRUARY 25, 1939.

Last date for filing applications, Saturday, February 11, 1939, at 12 o'clock noon.

This examination is open to both males and females.

The minimum salary is \$3,180 a year; the maximum salary is \$3,720 a year.

Duties: Under general direction, to conduct financial audits, examinations and investigations involving the exercise of considerable executive ability and the application of sound accounting judgment; to devise and install comprehensive systems; and to perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

UNEMPLOYMENT COMPENSATION COMMISSION, EMPLOYMENT OFFICE MANAGER, FEBRUARY 25, 1939.

Last date for filing applications, Saturday, February 11, 1939, at 12 o'clock noon.

This examination is open to males only.

The minimum salary is \$2,040 a year; the maximum salary is \$2,580 a year.* (*When assigned to an office serving an area with a population of over 200,000, to receive \$240 additional; when assigned to a Boston office, to receive \$480 additional.)

Duties: Under general direction to have charge of a Branch Employment Office under the supervision of the Unemployment Compensation Commission; and to perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

UNEMPLOYMENT COMPENSATION COMMISSION, HEAD ADMINISTRATIVE CLERK, FEBRUARY 25, 1939.

Last date for filing applications, Saturday, February 11, 1939, at 12 o'clock noon.

This examination is open to both males and females.

The minimum salary is \$2,520 a year; the maximum salary is \$3,060 a year.

Duties: Under general direction, to have charge of a large staff of employees in field or office engaged in clerical and other lines of departmental activities; to plan and direct work and make special and general assignments; to lay out and direct departmental policies on behalf of administrative offices; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

TRAFFIC COMMISSION RULINGS.

Voted, That the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective January 30, 1939:

Section 8, Part 2, is amended by striking out the following:

Kilsyth Road, Brighton.

East side, from Lanark road, southerly, to Lanark road, twenty-four hours.

Section 24, Part 1, is amended by striking out the following:

Traverse Street, Downtown Boston.

From Merrimac street to Canal street.

Section 24, Part 1, is amended by adding the following:

Traverse Street, Downtown Boston.

From Portland street to Canal street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the following amendment to the Revised Traffic Rules and Regulations of the City of Boston is effective January 16, 1939:

Section 19 is amended by striking out the words "9 a. m." from the first line of the preamble and substituting therefor the words "8.30 a. m.", so that the preamble will read as follows:

"Between the hours of 8.30 a. m. and 5.30 p. m. in the following streets or parts of streets there shall be no delivery or collection of coal, fuel oil, ice, barrels, kegs, empty cases or boxes; nor the collection of garbage, refuse or waste materials; nor any collection or delivery of goods or materials of any kind which requires a vehicle being backed to the curb, except in an emergency, and then only as authorized by the Boston Traffic Commission, covering one day's delivery or collection."

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be four (4) weeks, vehicles are excluded from the following streets, effective January 18, 1939:

Allston Street, Dorchester.

From Centre street to Melville avenue.

Arbroth Street, Dorchester.

From Laban Pratt road to Train street.

Laban Pratt Road, Dorchester.

From Boutwell street to Westglow street.

Nixon Street, Dorchester.

From Centre street to Mather street.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

POPULATION OF UNITED STATES, NEW ENGLAND AND MASSACHUSETTS.

Continental United States (i. e., 48 states and the District of Columbia) in 1930, 122,775,046; outlying possessions, 14,233,389; total, 137,008,435; New England, 8,166,341; Massachusetts, 4,249,614 or 52.04 per cent of New England and ranking eighth in the Union. In density of population Massachusetts ranks second, i. e., 528 per square mile of land, Rhode Island ranking first, with 644 per square mile of land.

Population of the other New England States in 1930, ranking from the highest total: Connecticut, 1,606,903; Maine, 797,423; Rhode Island, 687,497; New Hampshire, 465,293; Vermont, 359,611. Density for New England, 132 per sq. m.; for U. S. (48 states and the District of Columbia) 41 per sq. m.

The population of the United States increased 16.1 per cent since 1920; that of New England 10.3 per cent and that of Massachusetts 10.3 per cent.

CONVEYS GREETINGS OF MAYOR TOBIN TO GOVERNOR SALTONSTALL AT TESTIMONIAL DINNER UNDER AUSPICES OF ARMY AND NAVY CLUB—SOLDIERS' RELIEF COMMISSIONER HERMAN L. BUSH REPRESENTS MAYOR TOBIN AND DELIVERS ADDRESS—CALLS FOR ADEQUATE NATIONAL DEFENSE TO MEET ANY CONTINGENCY THAT MIGHT ARISE OUT OF CONDITIONS MANIFESTING THEMSELVES IN OTHER LANDS.

The following is the address delivered by Soldiers' Relief Commissioner Herman L. Bush, representing Mayor Tobin, at the testimonial dinner to Governor Saltonstall on January 19, held under the auspices of the Army and Navy Club at the Boston City Club:

Mr. Toastmaster, and as a special mark of distinction, Commander Stoddard of the G. A. R.,—for if it were not for the men he represents, there would be no Union today,—Your Excellency, Governor Saltonstall, distinguished representatives of the Army, Navy and Marine Corps, other distinguished guests; I presume that I may include you all in that category, for as I look over the room, I see nothing but generals, colonels, majors, captains, in fact, hardly a private in sight.

I suppose that I, being but a humble top-sergeant in the war, should feel somewhat overawed at all this panoply of rank. For twenty years I have waited to find a general with a sense of humor (General Wilson), and now that I have found him, it is only to lose him.

Of course I am very happy to be here tonight to extend to you, on behalf of his Honor, Mayor Maurice J. Tobin, the greetings and felicitations of the citizens of Boston, though my happiness is tinged with sadness because the Mayor's absence is due to illness. I know that he intended to be here in person and I am sure he would have enjoyed this colorful occasion were it not for his physical condition, and therefore express to you his sincere regrets at his inability to enjoy this evening with you.

As a veteran of the World War, and a member of many veterans organizations, it would be superfluous to attempt to assure his Excellency the Governor that the same patriotic loyalty and devotion which impelled this group to bear arms in the service of our flag and country, could be depended upon to render that same loyalty and devotion to our Governor and the Commonwealth.

This is essentially a military gathering and no one who has tasted the horrors and hardships of war can view the shifting, kaleidoscopic scenes transpiring overseas without misgiving and alarm. This broad land of ours, extending as it does from ocean to ocean, with its fields, mines and streams, its great industries, its mountains and valleys smiling in the sunlight of freedom; the haven of the poor and oppressed of all nations who were invited to come here to plow and reap and to build and grow and be happy.

In the short space of some 170 years we have become one of the most powerful and greatest nations on the face of the globe. Founded on the principles of liberty, justice, equality of opportunity and tolerance, where men irrespective of race or creed, limited only by their own industry, application and capabilities, may attain the heights, and all made possible by a handful of men with great foresight who evolved a document containing a concept of human government which has blazed a trail for all human civilization—the Constitution of the United States and its accompanying document, the Declaration of Independence.

These things are well worth fighting for and when one sees the ruthless might of a dictator regiment human beings like cattle, transgress all human rights and threaten the very foundations of liberty, it makes me happy to see that our country has at last awakened to the need of an adequate national defense on land, sea and in the air to insure these blessings to our posterity.

To your Excellency may I convey the personal greetings of the Honorable Maurice J. Tobin, Mayor of Boston, and that he desires to cooperate with you in giving to the citizens of the Commonwealth and the City of Boston the type of government of which we can all be proud. For there are no party lines when good men seek to serve the community, state or nation.

POLICE DEPARTMENT ORDERS.

General Order No. 289.

The following transfer is hereby ordered to take effect Tuesday, January 24, 1939, at 7.45 o'clock a. m.:

Patrolman Thomas F. Londergan, from Division 9 to Division 3.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

EXTENSION OF CONTRACT.

PARK DEPARTMENT.

Coleman Brothers Corporation have been granted an extension of the Park Department equipment contract, including rental of automobile trucks, compressors, concrete mixers for general construction work on parks, playgrounds, cemeteries, beaches, public squares, boulevards, and the Airport, for three months.

GRANITE BLOCKS SOLD.

The Mayor has approved the request of the Public Works Department as noted in the following communication:

Boston, January 16, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—The town of Arlington has inquired of this department regarding the possibility of purchasing 8,000 second-hand granite blocks, to be used on a W. P. A. project, now under construction. This department has on hand enough blocks to sell the quantity desired, a fair price for which will be three cents each.

I therefore respectfully request permission from your Honor to sell these blocks to the town of Arlington for the sum of \$240.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

PARK DEPARTMENT ELEPHANT DEAD.

Tony, the children's elephant is dead. She was found dead on January 19, about seven o'clock. She was about thirty to thirty-five years of age. She, with Molly and Waddy, was given to the Franklin Park Zoo on June 6, 1913, as a gift from the children of New England, through the cooperation of the Boston Post. There was a Field Day held at Fenway Park, and United States Senator David I. Walsh was Governor of Massachusetts at the time. Molly died on November 21, 1921. Waddy is the only survivor and is in very bad health, her eyesight is failing and she is afflicted with rheumatism.

Tony's body will be sent to the Harvard Medical School to determine the cause of death. She had been sick since October, 1937.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

CLERICAL SERVICE.

FOR STATE AND CITIES AND TOWNS OUTSIDE OF BOSTON AND VICINITY, MARCH 4, 1939.

Last date for filing applications, Saturday, February 18, 1939, at 12 noon.

FOR BOSTON AND VICINITY, MARCH 18, 1939.

Last date for filing applications, Saturday, March 4, 1939, at 12 noon.

Warnings: If all applicants cannot be accommodated on the above dates, they will be notified to appear on subsequent Saturdays.

Applicants should note the exact date given on their notification sheets.

File Your Application Early: In cases of ties, names will be placed on the eligible list in accordance with the date of filing application.

The usual entrance salary for clerks for State service is \$900 a year.

Persons qualifying in the examination may have their names placed on the State list as well as on the list for the city or town in which they reside.

Applicants must be not less than sixteen years of age at the time of filing application.

Subjects and Weights: Training and experience, 2; spelling, 2; arithmetic (including problems), 2; following written directions, 2; filing, 1; word knowledge, 1; total 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

UNEMPLOYMENT COMPENSATION COMMISSION, SENIOR STATISTICAL CLERK. APRIL 1, 1939.

Last date for filing applications, Saturday, March 18, 1939, at 12 noon.

This examination is open to both males and females.

The minimum salary is \$1,320 a year; the maximum salary is \$1,800 a year.

Duties: Under general supervision, to perform work in the routine processes of accumulating and presenting statistical data calling for the exercise of a limited degree of statistical judgment; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

UNEMPLOYMENT COMPENSATION COMMISSION, CHIEF APPEALS EXAMINER, APRIL 1, 1939.

Last date for filing applications, Saturday, March 18, 1939, at 12 noon.

This examination is open to males only.

The minimum salary is \$3,720 a year; the maximum salary is \$4,200 a year.

Duties: Under general direction to supervise the operations and activities of the appeals section of the Unemployment Compensation Commission; to have general oversight of all formal hearings on appeals from decisions relating to benefit claims under the law; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

POLICE DEPARTMENT (STATISTICS FOR YEAR 1937).

Number of police force, December 1, 1937, was 2,262 (152 more than in 1936), viz.: the superintendent, 4 deputy superintendents, 27 captains, 67 lieutenants, 6 lieutenant-inspectors, 187 sergeants, 1,965 patrolmen and 5 patrolwomen, distributed in eighteen divisions, including the Traffic Division. Signal servicemen, 18; clerks, janitors, etc., 160, making the grand total personnel 2,444.

The cost of maintenance for calendar year 1937 was \$6,042,355, or \$202,702 more than in 1936.

Total number of arrests in year ending November 30, 1937, 95,948 (88,185 males and 7,763 females), or 14,600 more than in 1936; persons arrested on warrants, 14,212; without warrants, 58,052; summoned by the courts, 23,684; persons prosecuted, 58,391; of those arrested, 35,374 were released by probation officers or discharged at station houses and 2,183 were delivered to outside authorities, all others being held for trial; foreign-born persons arrested, 14,185, or about 14.78 per cent of the total; boys under seventeen years of age, 2,522; women and girls, all ages, 7,763; non-residents, 24,790, or 25.83 per cent of all arrested; minors, 8,402.

Drunkenness was the cause of 45,734 arrests, an average of 125 per day, or 47.67 per cent of total. This is 5,061 more than the number of such arrests in 1936 and 12,430 more than the average for the past five years. The prosecutions by the Homicide Division numbered 201; arrests for refusing to support family, 992; violation of City ordinances, 280; violation of traffic regulations, 10,194, or 5,482 more than in 1936; suspected persons, 5,426.

Sick and injured persons assisted, 9,281; insane persons taken in charge, 488; lost children restored to homes, 1,620; persons imprisoned, 6,935; persons fined, 17,556, the fines amounting to \$184,801; stolen property recovered, \$512,559;

licenses issued, 21,897 (including 12,521 for dogs and 5,358 for vehicles and drivers), for which \$69,954.75 was received. Of 2,597 applications for license to carry loaded revolvers, 2,433 were granted.

Accidents from all causes in the streets, parks and squares caused death of 123 persons and injury to 6,985, or 7 less killed and 40 more injured than in 1936. Automobile accidents killed 86 and injured 4,413 or 11 less killed and 89 more injured than in 1936. The automobile fatalities were 69.9 per cent of total.

CITY ELECTION, NOVEMBER 2, 1937.

Registered voters, 183,313 men and 160,710 women, a total of 344,023, of whom 275,138 (or 79.97 per cent) cast their ballots.

Total votes for Mayor for four-year term, 272,826, of which Maurice J. Tobin (elected) had 105,212; James M. Curley, 80,376; Malcolm E. Nichols, 55,247; William J. Foley, 28,184; scattering, 3,807; blanks, 2,312. Tobin carried 15 wards and Curley carried 7 wards. The total vote in Tobin's 15 wards was: Tobin, 82,986 and Curley, 49,185; the total vote in Curley's 7 wards was: Curley, 31,191 and Tobin, 22,226. Tobin's largest vote was in Ward 20; Curley's in Ward 3; Nichols' in Ward 20 and Foley's in Ward 6. Wards 4, 5, 20 and 21 gave Nichols 3,757 more votes than for Curley and Ward 6 gave Foley 494 more votes than for Curley.

The total vote for Mayor was 79.30 per cent of registration.

There were nine names on the ballot for School Committee for four years (full term). Frederick R. Sullivan with 103,971 votes and Joseph Lee with 71,893 votes were elected. There were five names on the ballot for School Committee to fill an unexpired two-year term. Joseph C. White with 86,223 votes was elected.

On March 30, 1937, there was a special

election in Ward 9 to fill vacancy caused by the death of Councilor Richard D. Gleason. Mrs. Mildred M. Harris was elected. There were ten candidates.

There were 102 candidates for City Council at the election on November 2, 1937. Nineteen of the 22 City Councilors were up for re-election and 8 of them were defeated. The following were elected for two-year terms:

THE CITY COUNCIL FOR 1938 AND 1939.

Ward.	Name.	Votes Received.
1.....	F. W. Irwin.....	8,453
2.....	W. J. Galvin.....	3,946
3.....	J. I. Fitzgerald.....	5,221
4.....	P. D. Chase.....	4,385
5.....	H. L. Shattuck.....	6,900
6.....	G. A. Murray.....	3,896
7.....	J. E. Kerrigan.....	6,823
8.....	J. F. Dowd.....	6,975
9.....	M. M. Harris.....	3,137
10.....	W. A. Carey.....	5,142
11.....	E. L. Englert.....	4,327
12.....	C. I. Taylor.....	5,092
13.....	E. A. Hutchinson, Jr.....	3,577
14.....	S. Rosenberg.....	7,230
15.....	J. B. Kelly.....	8,480
16.....	P. A. Fish.....	5,312
17.....	R. G. Wilson, Jr.....	8,208
18.....	C. A. Norton.....	6,402
19.....	P. A. Murray.....	6,450
20.....	T. F. Lyons.....	6,516
21.....	J. E. Agnew.....	5,600
22.....	M. H. Sullivan.....	4,453

The largest number of candidates in a ward was nine in Wards 3 and 9; Ward 14 had 7; Wards 4, 12, 20 and 22 had 6; Wards 1, 13, 16, 18 and 19 had 5; Ward 15 had only 1 candidate.

By the police listing of residents twenty years of age and over, there were 255,482 men and 276,163 women, a total of 531,645, on the first of January, 1937.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

FELLOWSHIP STUDIES IN TRAFFIC CONTROL.

Fifteen graduate fellowships, each with a stipend of \$1,200-plus up to \$200 for travel and field investigation have been announced by the Bureau for Street Traffic Research of Harvard University. The regular annual tuition fee of \$400 will be deducted from the fellowships, which have been made available through a gift to the University by the Automobile Manufacturers' Association. The officers of instruction are Miller McClintock, Director of the Bureau, and Maxwell Halsey, Assistant Director. Each of two full courses in street and highway traffic control consists of three one-hour periods a week, and additional problems, assignments and field work.

FINANCING SEWAGE WORKS BY SPECIAL ASSESSMENT IN IOWA.

The cost of constructing sewage disposal plants in a number of states, and in Iowa in particular, may be levied against the various lots, parts of lots or parcels of ground draining to or susceptible to drainage to, the site of the disposal plant. Such assessments must be in proportion to the benefits to each property and must not, in any case, exceed one-fourth of the fair value of the property in question. These special assessments are payable in the same manner as other municipal improvement costs; that is, in ten annual equal installments, paid at the same time and place as the March 1 installment of ordinary taxes in Iowa. Any property owner may pay off the unpaid portion of such tax at any time. Interest on the deferred payment must not exceed 6 per cent.

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

PROCEEDINGS OF CITY COUNCIL.

Monday, January 16, 1939.

Regular meeting of the City Council held in Faneuil Hall at 2 p. m., Coun. SHATTUCK presiding, and all the members present.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment, viz.: Constable of the City of Boston for the term ending April 30, 1939, to serve civil process upon the filing of a bond: Arthur E. Byrnes, 745 Saratoga street, Ward 1.
Laid over a week under the law.

RESURFACING OF GREENHEYS STREET.

The following was received:

City of Boston,
Office of the Mayor, January 16, 1939.
To the City Council.
Gentlemen,—I transmit herewith letter from the Commissioner of Public Works relative to your order of November 14, 1938, concerning the resurfacing with smooth pavement Greenheys street, Ward 14, under W. P. A. type of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
January 10, 1939.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Sir,—I return order from the City Council requesting that the Commissioner of Public Works resurface with smooth pavement Greenheys street, Ward 14, under W. P. A. type of construction.

Greenheys street will be submitted for approval and construction under a project this year.

Very respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

RECONSTRUCTION OF DANUBE AND DACIA STREETS.

The following was received:

City of Boston,
Office of the Mayor, January 10, 1939.
To the City Council.
Gentlemen,—I transmit herewith letter from the Commissioner of Public Works relative to your order of November 14, 1938, concerning the reconstructing of Danube street and Dacia street in Ward 13.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
January 10, 1939.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Sir,—I return order from the City Council requesting that the Commissioner of Public Works reconstruct the following streets in Ward 13, under the W. P. A. plan of construction, Danube and Dacia streets.
At the present time Danube street is in A1 shape and repairs are not necessary. Dacia street will be placed on a project for approval and construction this year.

Very respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

RESURFACING WARD 10 STREETS.

The following was received:

City of Boston,
Office of the Mayor, January 16, 1939.
To the City Council.
Gentlemen,—I transmit herewith letter from the Commissioner of Public Works relative to your order of December 5, 1938, concerning the resurfacing with smooth pavement the following-named streets in Ward 10: Wyman street, Forbes street, Calumet street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
January 10, 1939.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Sir,—I return order from the City Council requesting that the Commissioner of Public Works resurface with smooth pavement the following-named streets in Ward 10: Wyman, Forbes and Calumet streets.

We will place the above-named streets on project, for approval and construction this year.

Very respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

REPAIRING OF PORTER STREET.

The following was received:

City of Boston,
Office of the Mayor, January 16, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Commissioner of Public Works relative to your order of December 19, 1938, concerning the repairing of the sidewalk on Porter street, between Chelsea and Orleans streets.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
January 10, 1939.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Sir,—I return order from the City Council requesting that the Commissioner of Public Works repair the sidewalk on Porter street, between Chelsea and Orleans streets.
We are preparing a project which will replace the old wooden fence at this location with a granite block wall and after the wall is completed an artificial stone sidewalk will be put in place of the brick sidewalk.

Very respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

EXAMINATION FOR AIDE IN PHYSIO-THERAPY DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, January 16, 1939.
To the City Council.
Gentlemen,—I transmit herewith a letter from the President, Board of Trustees of the Boston City Hospital, relative to your order of December 5, 1938, concerning information as to why a Civil Service Examination was held in 1937 for the position of Reconstruction Aide in the Physiotherapy Department of the hospital.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Hospital Department, January 3, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—At a meeting of the Board of Trustees held on December 30, an order of the City Council was presented, a copy of which I am inclosing herewith.
The trustees wish to inform you that the examination which was held by Civil Service in 1937 was not held at the request of the hospital authorities.

The present position of nurse in the Department of Physiotherapy that is held by Miss Hebbard is the same position that was formerly held by Miss Sophie Sullivan, who was a Boston City Hospital graduate nurse. Miss Sullivan in turn took the place of Miss Holmes, also a graduate nurse, who had filled the position for several years. This position has always been filled by a nurse.

I am attaching a copy of a letter from Dr. Joseph Resnik, Physician-in-Chief, Department of Physiotherapy.

Respectfully yours,
JOSEPH P. MANNING,
President, Board of Trustees.

City of Boston,
Hospital Department, December 12, 1938.
James W. Manary, M. D.,
Superintendent and Medical Director.

My dear Doctor Manary,—According to a newspaper report, the trustees of the Boston City Hospital were asked to replace the physical therapy nurse, Miss Hebbard, by a reconstruction aide.

Being charged with the supervision of the work of this department, I feel called upon to state that such a change would most likely impair the efficiency of our ward work.

Miss Hebbard took the place of Miss Sophie Sullivan, a nurse. The latter in turn succeeded Miss Holmes, also a nurse. The reason for our having employed for the past few years nurses in this capacity was that in ward work they come in contact with other nurses of the hospital and by virtue of their identical training are able to coordinate their duties effectively.

Miss Hebbard has been carrying on her work in an efficient manner and always showed a desire to cooperate with those she came in contact with.

Respectfully yours,
JOSEPH RESNIK, M. D.,
Physician-in-Chief for Physical Therapeutics.
Placed on file.

"SLOW" SIGNS ON DORCHESTER AVENUE.

The following was received:

City of Boston,
Office of the Mayor, January 16, 1939.
To the City Council.
Gentlemen,—I transmit herewith letter from the Boston Traffic Commissioner relative to your order of December 5, 1938, concerning the installation of "Slow" signs along Dorchester avenue, beginning at a point before reaching Columbia road on one end and at a point before reaching Savin Hill avenue on the other end.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, January 4, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated December 5, 1938, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install "Slow" signs along Dorchester avenue, beginning at a point before reaching Columbia road on one end and at a point before reaching Savin Hill avenue on the other end."

"Slow" signs have been erected in Dorchester avenue approaching Savin Hill avenue from either direction and approaching East Cottage street and Crescent avenue in either direction. We feel that the erection of additional "Slow" signs in Dorchester avenue would not be effective but believe that when money is made available that traffic signals should be erected at the intersection of Dorchester avenue and Savin Hill avenue. The erection of traffic signals at Savin Hill avenue, together with the signals at Columbia road and Dorchester avenue, would break up Dorchester avenue traffic into movements with sufficient time between each movement so that pedestrians wishing to cross the avenue would meet a lull in traffic which should permit them to safely cross the street. It would also assist these drivers coming out of the side streets to make their turns into Dorchester avenue with more safety.

In the past six or seven years there has been at least a 200 per cent increase in the movement of traffic through Dorchester avenue. Removal of the car tracks and the repaving of Dorchester avenue has diverted a lot of traffic through Dorchester avenue. Speed checks made on the avenue show an average of better than 25 miles per hour. Our accident records show that between Harvest street and Doris street in Dorchester avenue there have been eighty-one accidents with three fatalities. Fifty-six of these accidents occurred at intersections and twenty-five occurred between intersections. Pedestrians were the victims in practically all of the between-intersections accidents.

The intersection at Columbia road and the intersection at Crescent avenue and East Cottage street are the main contributors to the accidents in Dorchester avenue. Our records show that many accidents at Columbia road were collision accidents due to quick stops and the pedestrian accidents at this intersection were due entirely to the carelessness of pedestrians in not waiting for the pedestrian period in crossing the street.

Until such time as money can be made available for traffic lights at Savin Hill, I would suggest that the Police Commissioner be requested to have a motorcycle officer patrol Dorchester avenue, from Andrew square to Fields Corner. Observations lead me to believe that just the presence of a motorcycle officer in a street tends to reduce the speed of vehicles ten to fifteen miles an hour.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

ACCRUED INCOME OF GEORGE ROBERT WHITE FUND.

The following was received:

City of Boston,
Office of the Mayor, January 16, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the secretary of the George Robert White Fund relative to your order of December 29, 1938, concerning the total amount of annual income of said fund accrued during each of the past four calendar years and as yet unexpended.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
George Robert White Fund,
January 7, 1939.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—At a meeting of the City Council held on Thursday, December 29, 1938, the following order was passed:

"Ordered, That the trustees of the George Robert White Fund be requested, through his Honor the Mayor, to advise the City Council the total amount of annual income of said fund accrued during each of the past four calendar years and as yet unexpended."

In City Council December 29, 1938. Passed.
and I herewith submit the following information
in compliance with the above order:

For the year ending December 31, 1934.....	\$180,268 52
For the year ending December 31, 1935.....	187,948 10
For the year ending December 31, 1936.....	195,222 67
For the year ending December 31, 1937.....	133,569 23
Total.....	<u>\$697,008 52</u>

Balance of the income account of the George Robert White Fund for the year ending December 31, 1938:

Securities (Book Cost).....	\$723,281 37
Cash in bank.....	81,214 02

Balance of unexpended income, \$804,495 39

Very truly yours,
CHARLES J. FOX, Secretary.

Placed on file.

BUS LINE, EGGLESTON SQUARE-BROOK-LINE VILLAGE.

The following was received:

City of Boston,
Office of the Mayor, January 16, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the President and General Manager of the Boston Elevated Railway Company relative to your order of December 29, 1938, concerning the bus line over Eggleston Square to Brookline Village.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston Elevated Railway,
January 9, 1939.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—The situation with regard to the bus operation from Eggleston Square to Brookline Village was involved with the other bus line over practically the same territory, namely, from Heath street and South Huntington avenue via Centre street to the Dudley Street Terminal, which was granted and is in operation.

The trustees indicated that they could not justify two lines and the councilor in the district through which it operates believed that with the opening of the Allston-Dudley street line, the Heath street-Centre street line more adequately served the territory, and that line is being experimented with at the present time.

Very truly yours,
EDWARD DANA,
President and General Manager.

Placed on file.

RELOCATION OF TRAFFIC LIGHTS.

The following was received:

City of Boston,
Office of the Mayor, January 16, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Traffic Commissioner relative to your order of December 29, 1938, concerning the removing of automatic traffic signal lights from locations in the city proper which are covered by traffic officers and relocating the same at dangerous intersections in the suburban sections of the city.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, January 11, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated December 29, 1938, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to consider the advisability of removing automatic traffic signal lights from locations in the city proper which are covered by traffic officers and relocating the same at dangerous intersections in the suburban sections of the city where they are most needed."

Primarily the removal of a traffic signal from one location and the relocation of it in another is not practicable nor economical for the reason that more than 70 per cent of the original cost of installing a traffic signal is for underground construction which must be abandoned at the first location and a similar cost assumed at the new location.

The statement made in the City Council order that locations in the city proper where automatic traffic signal lights are operating are also covered by traffic officers is only a partial truth, because even where traffic officers do function during the day, or part of the evening hours, the signal operates to control traffic when the officer is not present.

The traffic signals in the downtown business district were installed in 1930 and immediately displaced a great many traffic officers. Since 1930, with continued increase in the volume of traffic in downtown Boston, some police supervision

has been restored at certain intersections. However, a comparison of figures submitted in 1928 by the Police Department, showing the number of traffic officers then assigned to duty at intersections where signals have since been installed, with figures obtained within a few days from the head of the police bureau of traffic shows that there are twenty-seven fewer officers assigned to this duty at present than there were prior to the installation of the traffic signals.

A fair figure for the cost to the city of one traffic officer, including his salary, uniform and considering reliefs occasioned by absence due to illness or appearances in court, is \$2,500. It may be seen, therefore, that in the downtown section alone a saving of \$62,500 per annum in police expenditures has been effected by the installation of traffic signals.

Furthermore, this commission feels that the presence of a traffic officer at a signalized intersection does not necessarily improve the control of traffic in all cases. We agree that at certain intersections, such as Summer street, Washington street and Winter street, Boylston street and Charles street, Beacon street and Charles street, it is highly desirable that a traffic officer be assigned to supplement the traffic signal. At other locations it is our belief that the signals will function better without the presence of a police officer and that the police activities might be much better directed to the illegal parking in streets contiguous to the signals.

We are prepared to demonstrate at any time during peak hours of traffic that each and every one of our signals will expeditiously control the movement of traffic if the approaches to and exits from the intersection are cleared of illegally parked cars.

We are aware that there is urgent need for traffic signals at many dangerous intersections in the suburban districts but there are no funds available to this commission at present for the installation of traffic signals.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, when appointed, viz.:

Claims.

Aehillo Aseolillo, for compensation for damage to car caused by an alleged defect at Audubon road and Brookline avenue.

Gustave Boudreau, for compensation for damage to car by city ambulance.

Joseph M. Connolly, to be paid for work done on snow removal.

Patrick J. Donelan, to be reimbursed for execution issued against him.

Beatrice G. Duffy, for compensation for injuries caused by an alleged defect in Washington street.

Charlotte Goldstein, for compensation for injuries caused by city truck.

Philip Goldstein, for compensation for injuries caused by city truck.

Fairmount Laundry, for compensation for damage to property at 8 Euclid street, caused by hydrant being opened.

Marion Harrington, for compensation for damage to car caused by an alleged defect at Poplar and Glendower streets.

Mary R. Long, for compensation for injuries caused by an alleged defect in Adams street.

Mary MacDonald, for compensation for injuries caused by an alleged defect at Massachusetts avenue and Harrison avenue.

Mrs. Moran, for compensation for loss of umbrella at Parker Hill Branch of Public Library.

Samuel A. Morrison, for compensation for injuries caused by city truck.

John E. Murphy, for compensation for injuries caused by an alleged defect at Fallon Field.

Edward H. Mutch, for compensation for loss of teeth at City Hospital.

Alice V. Rice, for compensation for injuries caused by an alleged defect at 25 Lorraine street.

Edward J. Rockett, for compensation for damage to clothing caused by an alleged defect at 321 North street.

Elizabeth E. Taylor, for compensation for injuries to dog by city truck.

William L. Yorke, for compensation for damage to car caused by an alleged defect in Boylston street.

Committee on Ordinances.

Petition of Henry Lesser, trustee, for permit for driveway opening at 1271 Dorchester avenue, Ward 15.

Executive Committee.

Petition of Readville Greyhound Association that permission be granted for dog racing on certain land in the Readville section.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

Chairman SHATTUCK called up, under unfinished business, Nos. 1, 2 and 3 on the calendar, viz.:

1. Action on appointment submitted by the Mayor January 3, 1939, of David Kaplan to be a Constable with authority to serve civil process upon filing bond.

2. Action on appointments submitted by the Mayor January 3, 1939, of Richard D. DeWolfe, Walter Lehman, Huey McKenzie and Duane P. Blanchard, to be Weighers of Coal; and Harold R. Caro, to be a Measurer of Leather.

3. Action on appointments submitted by the Mayor January 9, 1939, of Fred Holway and Waldo Malone, to be Weighers of Coal.

The question came on confirmation. Committee, Coun. Irwin and Agnew. Whole number of ballots 13, yes 11, no 2, and the appointments were confirmed.

APPOINTMENT OF GRAVES REGISTRATION OFFICER.

Notice was received from the Mayor of appointment of Richard F. Tobin, 170 Rosindale avenue, Rosindale, now employed by city as special investigator and attached to Soldiers' Relief Department, to be Graves Registration Officer for term ending December 31, 1939.

Placed on file.

INDORSEMENT OF MAYOR'S LEGISLATIVE BILLS.

Coun. CAREY offered the following:

Whereas, The City of Boston is confronted with unusual and fixed expenditures; and

Whereas, Certain expenditures of the City of Boston are obligations imposed upon the city originally by the Massachusetts Legislature; therefore be it

Resolved, That the Boston City Council hereby indorses the adoption by the Massachusetts Legislature of the following bills submitted by his Honor Mayor Tobin:

Amendment of chapter 500, Acts of 1938, relating to the use of unexpended balances of the Highway Fund.

Reimbursement of cities and towns by the Commonwealth for care and treatment of certain needy persons.

Distribution of certain portions of Highway Fund to cities and towns.

Because the enactments of these bills will effect a reduction in the tax rate of the City of Boston, the Boston City Council instructs its individual members, in addition to the Council Committee on Legislative Matters, to appear before the proper committees of the Legislature, and further requests the support of organizations and associations such as the Boston Chamber of Commerce, the Municipal Research Bureau, the Boston Real Estate Exchange, the Real Estate Owners and Tenants League of Boston, the Massachusetts Real Estate Exchange, the Massachusetts Taxpayers' Association, and similar associations, to adopt resolutions favoring the passage of the above-named bills and to send representatives to favor them before the proper legislative committees; and be it further

Resolved, That the Legislative Agent for the City of Boston inform the members of the City Council when hearings on the above bills are to be held; and be it further

Resolved, That copies of this resolution be sent to the above-named organizations and associations. Passed under suspension of the rule.

TRANSFER OF DORCHESTER HEIGHTS.

Coun. KERRIGAN and MURRAY offered the following:

Resolved, That the City Council of Boston hereby approves the enactment of legislation to provide for the transfer of Dorchester Heights to the United States Government to be maintained as a national shrine.

Passed under suspension of the rule.

PERMANENT EMPLOYMENT OF JOHN NEWTON.

Coun. HARRIS offered the following:

Resolved, That the City Council of Boston hereby favors the enactment of legislation authorizing the permanent employment in the Park Department of John Newton, formerly a temporary employee of that department, provided that such legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rule.

RECESS.

The Council voted at 2.26 p. m., on motion of Coun. TAYLOR, to take a recess subject to the call of the Chair. The members reassembled and were called to order by Chairman SHATTUCK at 2.53 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. WILSON, for the Executive Committee, submitted the following:

1. Report on petition of Readville Greyhound Association (referred January 10) for permission to conduct dog racing meetings in the Readville section of Boston—recommending the passage of accompanying order, viz.:

Ordered, That the City Council of Boston hereby consents to the laying out and use for a race ground for dog racing of such part of the following-described parcel of land as lies within the boundaries of the City of Boston, viz.:

A certain parcel of land lying partly in the City of Boston, County of Suffolk, and partly in the Town of Dedham, County of Norfolk, Commonwealth of Massachusetts, bounded and described as follows:

Northwesterly 2,770 feet, more or less, by the extension southwesterly of the northwesterly side line of Prescott street;

Northeasterly 290 feet, more or less, by land of owners unknown and by the southwesterly end of Hyde Park avenue;

Northwesterly again 50 feet by the southeasterly side line of Hyde Park avenue;

Northeasterly again 560.23 feet by land of owners unknown in a line which forms an angle of 89°-56'-54", in the northeasterly quadrant, with said southeasterly side line of Hyde Park avenue;

Northwesterly again 50 feet by the southeasterly side line of Clifford street;

Northeasterly again 120 feet by land of owners unknown in a line which forms an angle of 89°-56'-54", in the northeasterly quadrant, with said southeasterly side line of Clifford street;

Southeasterly 48 feet by land of owners unknown in a line parallel to said southeasterly side line of Clifford street;

Northeasterly again 42 feet by land of owners unknown in a line which forms an angle of 89°-56'-54", in the northeasterly quadrant, with the last above described line;

Southeasterly again 2 feet by land of owners unknown in a line which forms an angle of 90°-03'-06", in the northwesterly quadrant, with the last above described line;

Northeasterly again 489.96 feet by land of owners unknown in a line which forms an angle of 89°-56'-54", in the northeasterly quadrant, with the last above described line; and

Southeasterly again 3,445 feet, more or less, in an irregular line, by land of the Neponset River Reservation;

Containing 58 acres, more or less, and being that part of the Readville Trotting Park, so called, which lies southeasterly of the northwesterly side line of Prescott street extended southwesterly.

The report was accepted and the order was passed.

SOLDIERS' RELIEF.

Coun. IRWIN, for the Committee on Soldiers' Relief, submitted report recommending passage of an order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of January.

Report accepted; said order passed.

EIGHTH BALLOT FOR PRESIDENT.

On motion of Coun. FITZGERALD, the Council voted to take a ballot for President for the year.

The motion was carried; the clerk called the names of the members who responded as follows: For William J. Galvin—Coun. Fish, Galvin, Harris, Hutchinson, Irwin, Kelly, Lyons, Sullivan, Langan—9.

For George A. Murray—Coun. Agnew, Englert, Fitzgerald, Kerrigan, Murray, Norton, Taylor—7.

For John B. Kelly—Coun. Carey—1.

For Robert Gardiner Wilson—Coun. Rosenberg, Shattuck—2.

For Henry L. Shattuck—Coun. Wilson—1.

And there was no choice.

SCHOOL COURSES RECOMMENDED.

Coun. ROSENBERG offered the following: Ordered, That the School Committee be requested, through his Honor the Mayor, to reconsider their action in connection with the establishing of a six-year evening course at the Central Evening High School in order that Boston may keep in line with other progressive cities and counties.

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to rescind the present regulation calling for a four-year minimum age limit for children entering the kindergarten, and establish in place thereof, the rule permitting the entrance of children who are four years of age on or before October 1st of the year of their application for entrance into the kindergarten.

Coun. ROSENBERG—Mr. President, I noticed recently that the Boston School Committee, after a good deal of study, negated the idea of starting a six-year evening high school which would be equivalent to the four-year day school for those who wish to get a diploma and to be admitted to different colleges. At the present time graduates of the evening high school, although they may get an evening high school diploma, find that their marks are not accepted in the higher institutions of learning. Sometime ago I introduced an order into this body requesting that the School Committee make a survey with a view to possibly establishing a program in the Central Evening

High School by which young people there might be prepared for continuation of their work in different colleges and universities, the idea being that students completing a six-year course of study in that evening high school would then be entitled to a regular high school diploma, which could be used for college entrance. I might say that such programs in evening high schools are now established in New York, Detroit, St. Louis, Baltimore, Cleveland and Chicago; and surely Boston, which is perhaps known as the greatest educational center in America, should be able to keep step with these other communities in that respect, establishing a six-year evening high school course which would render those who successfully pass it eligible for college entrance and placing Boston on an educational footing in this respect with other large cities of the country. I trust therefore that the School Committee will deem it advisable to reconsider its action in this matter. I am not asking that such a program be established in all the evening high schools, but simply in the Central Evening High School in the English High School building, which I believe is the pioneer of the evening high school systems which have been adopted in the country. I think Boston might well, in the line of educational progress, adopt such a program here, giving a diploma for a six-year course in the Central Evening High School that would be equivalent to the diploma now received in the four-year day course, and rendering college entrance possible to those who receive the diploma. Speaking on the other order, that the Boston School Committee be requested to rescind their present regulation calling for a four-year minimum age limit for children entering the kindergarten, I believe if the School Committee establishes in place of that regulation a rule permitting the entrance of children who are four years of age on or before October 1st of the year of their application for entrance into the kindergarten, they will be acting in conformity with the practice in other cities and towns, not only in Massachusetts but in other states. Children of such age, possessing the requisite intelligence, I believe should be admitted into kindergarten if they are four years of age on or before October 1st of the year of their application for entrance. I trust that the School Committee in their wisdom will reconsider both actions and consider favorably both the six-year evening high school program as an equivalent for the four-year day program and allowing the entrance to the kindergartens of children who are four years of age on or before October 1st of the year of their application for entrance. Therefore I move the passage of both orders.

The orders were referred to the Executive Committee.

MUNICIPAL STADIUM, WARD 16.

Coun. FISH offered the following: Ordered, That the Park Commission be requested, through his Honor the Mayor, to request sufficient funds from the W. P. A. authorities in Washington to provide for the erection of a municipal stadium on the Neponset Playground in Ward 16.

Passed under suspension of the rule.

REMOVAL OF TRACKS ON DORCHESTER AVENUE.

Coun. FISH offered the following: Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to remove the tracks on Dorchester avenue, from Peabody square to Gibson street, and replace the present inadequate service with efficient bus service.

Passed under suspension of the rule.

SIDEWALKS ON GALLIVAN BOULEVARD.

Coun. FISH offered the following: Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install sidewalks on both sides of Gallivan Boulevard, from Neponset Circle to Woodfield street, Ward 16, under the W. P. A. plan of construction.

Passed under suspension of the rule.

NON-SUPPORT PROCEEDINGS.

Coun. TAYLOR offered the following: Ordered, That the Executive Director of Public Welfare be requested, through his Honor the Mayor, to see to it that all employees of the department are instructed not to advise any woman to start non-support proceedings in any criminal court against her husband until a thorough investigation has been made and it has been definitely determined that the husband wilfully refuses to support his wife and family.

Coun. TAYLOR—Mr. President, I think the Welfare Department of the City of Boston should be ashamed of themselves. I say so because of certain conditions that are extant today in that department, something that happens daily. Just think of it! Take the case of a man unable to provide for his wife and children due to the fact that he is unable to secure work because of

conditions over which he has no control. The mother of the children applies for aid at the Welfare Department. She is notified by some employee of the department to ask the criminal court to issue a warrant against her husband for non-support before she will be able to secure that relief for which she is seeking. That is a damnable condition in our Welfare Department and should be stopped. No woman who has any respect for her husband, just because she needs bread and butter for herself and children, should be compelled to go to the criminal court to seek such a complaint against her husband, although she is told that that is the only way in which she can secure aid. I spoke this morning with a judge of the court, and he told me that that was a terrible condition, and he said it seemed as if the Welfare Department were trying to place on the courts the duty of investigating such cases. But these poor women are told that unless they follow this procedure they will not get their aid. Of course we all know that the courts keep these records and that there will be this perpetual record and stigma against the individual who failed to provide for his wife and children, notwithstanding the fact that he was unable to do so because of his circumstances. Why should there be that blot upon his record? Why should he be compelled to suffer the stigma of such a criminal proceeding? I don't think the City of Boston officials have any moral right to do such a thing and I believe his Honor the Mayor will take the matter into his own hands and serve notice upon the Executive Director of Public Welfare that this sort of thing must not go on, that men who are unable because of circumstances over which they have no control at the present time to provide for their wives and families should not be subjected to the ignominy of such a terrible proceeding.

Coun. CAREY—Mr. President, I think anything of this sort which may have happened has been due to the fact that the present director has been on the job for only three or four months, and I believe we should not do anything that would tend to reflect on his judgment at this early date. I think it is only fair to refer the matter to the Executive Committee, and to have the director come before us so that we may get his ideas and arrive at a better understanding of what really is happening between the recipients of aid and the Welfare Department.

Coun. TAYLOR—Mr. President, in answer to what Councilor Carey has stated, an order similar to this has been introduced before several times, and no action has been taken by the Welfare Department or anybody else. The order specifically states that no non-support proceedings shall be started in any criminal court against her husband by a wife until a thorough investigation has been made and it has been definitely determined that the husband wilfully refuses to support his wife and family. I still do not think that the employees of the Department of Public Welfare should advise any woman to start such proceedings in a criminal court until the department has made a thorough investigation and it has been determined that the husband has wilfully refused to support his wife and family.

Coun. CAREY—And I still think, Mr. President, that the director would not approve of the methods we are told have been in vogue, and I think he should be heard.

Coun. LYONS—Mr. President, it has been pointed out to me that this is more or less in line with the recent rule of the W. P. A. that wives must obtain either legal separation or divorce before they can benefit under W. P. A. rules.

Coun. TAYLOR—This has nothing to do with W. P. A., but concerns welfare aid in the City of Boston.

Coun. ROSENBERG—Mr. President, I have noticed recently that in one of the answers to questions recently asked of the Director of Public Welfare he stated that he was entirely opposed to having frivolous complaints made out against husbands who have been providing for their wives and families. I think, therefore, that perhaps the best thing to do with the order would be to refer it to the Executive Committee and to have the Director of Public Welfare sent for, in order to explain the working of the department in the matter of applications for aid by mothers. I move, therefore, that the order be referred to the Executive Committee so that we may call upon the Director of Public Welfare to explain the program of the department.

Coun. GALVIN—Mr. President, about five weeks ago I introduced an order similar to the one that has been offered by Councilor Rosenberg. After a follow-up I found that the director did not have the power to act upon it, but that it came before the Board of Trustees of Public Welfare. I believe that that is the proper board to act upon this matter, and I move that you bring the trustees to the Council.

The order was referred to the Executive Committee, with a request that the trustees come before that committee at the next meeting of the Council.

ATTENDANCE OF BOARD OF ASSESSORS.

Coun. TAYLOR offered the following: Ordered, That the Executive Committee of the City Council be requested to obtain the attendance of the Board of Assessors at its next meeting on January 23, 1939.

Coun. TAYLOR—Mr. President, in December I introduced a similar order into this body asking that the Board of Assessors appear here and explain certain facts pertaining to their department which are costing the City of Boston thousands of dollars. Many weeks have elapsed since then, and we have not seen the Board of Assessors. I don't know why not. This is a very important question, as far as the City of Boston is concerned, and I would like to see them here. If they do not come, my next order will be for an investigation of the Board of Assessors by the Finance Commission.

The order was passed under suspension of the rule.

MILK ALLOWANCE TO WELFARE RECIPIENTS.

Coun. HUTCHINSON offered the following: Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to increase the milk allowance to welfare recipients. Passed under suspension of the rule.

NINTH BALLOT FOR PRESIDENT.

Coun. FITZGERALD offered the following: Ordered, That the Council proceed to ballot for President until four o'clock unless a choice is reached sooner.

Chairman SHATTUCK—The Chair rules the order out of order.

Coun. FITZGERALD—Mr. Chairman, I move that we now proceed to ballot for President for the year.

The motion was carried; and the members, when their names were called by the clerk, announced their choice as follows:

For George A. Murray—Coun. Agnew, Carey, Englert, Fitzgerald, Kerrigan, Murray, Norton, Rosenberg, Taylor—9.

For William A. Galvin—Coun. Fish, Galvin, Harris, Hutchinson, Irwin, Kelly, Langan, Lyons, Sullivan—9.

For Robert Gardiner Wilson, Jr.—Coun. Shattuck—1.

For Henry L. Shattuck—Coun. Wilson—1. And there was no choice.

TENTH BALLOT FOR PRESIDENT.

On motion of Coun. AGNEW, the Council proceeded to take another ballot for President for the year.

The members, when their names were called by the clerk, announced their choice as follows:

For George A. Murray—Coun. Agnew, Englert, Fitzgerald, Kerrigan, Murray, Norton, Rosenberg, Shattuck, Taylor—9.

For William J. Galvin—Coun. Fish, Galvin, Harris, Hutchinson, Irwin, Kelly, Langan, Lyons, Sullivan—9.

For Francis W. Irwin—Coun. Carey—1.

For Henry L. Shattuck—Coun. Wilson—1. And there was no choice.

PENSION OF EDWARD F. HARRINGTON.

Coun. LANGAN offered the following:

Ordered, That the City Council of Boston hereby favors the enactment of legislation providing for the retirement of Edward F. Harrington on full pay because of a severe head injury sustained while in the performance of his duty as a member of the Boston Police Department and which incapacitates him from further work of any kind, provided such legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rule.

REINSTATEMENT OF PAUL A. PETZOLD.

Coun. NORTON offered the following:

Resolved, That the City Council of the City of Boston hereby favors the enactment of legislation authorizing the reinstatement of Paul A. Petzold as a member of the Boston Police Department, provided that such legislation contains a referendum to the Mayor and the City Council.

Passed under suspension of the rule.

RETIREMENT OF WILLIAM S. KENNEY.

Coun. WILSON offered the following:

Ordered, That the Retirement Board for Laborers be hereby authorized and requested to retire under the provisions of chapter 765 of the Acts of 1914, as amended by chapter 63 of the Special Acts of 1915, William S. Kenney, employed in the labor service of the City of Boston in the Park Department.

Passed under suspension of the rule.

AMENDMENTS TO BUILDING CODE.

Coun. WILSON offered the following:

Ordered, That the Corporation Counsel, through his Honor the Mayor, be requested to at once file

with the Massachusetts Legislature petition for such legislation as may amend the Acts of 1938, chapter 479, by adding a new section to said act in order to permit further changes in our amendments to such building law code by the City Council of Boston with the approval of the Mayor on the written recommendation by either the Building Commissioner or the Board of Appeal.

Coun. WILSON—Mr. President, we are all familiar with the hearings that have been going on on the proposed building code according to the statute passed by the last Legislature. Boston is the only city in Massachusetts, and I think perhaps the only large city in the country, that has not the privilege of changing or amending its building code without application to the Legislature. There has been a new building code drawn up by the Legislature, which has now been presented to us after years of effort. Many of us feel that the building code should be left as it is until there is an amendment to the statute which will give to the City Council of Boston and the Mayor—I assume on the recommendation of the Building Commissioner and the Board of Appeal—the right to change the code, really making it a city ordinance. The matter is still up in the air, and I think action should be taken before it is too late. I realize that the time has passed for filing petitions in the Legislature, but we know that through favorable action of the proper committee of the Legislature, these matters can be introduced. I trust, therefore, that the Corporation Counsel, through his Honor the Mayor, will be requested to at once file with the Massachusetts Legislature a petition for the addition of a new section to the proposed building code, chapter 479 of the Acts of 1938, which will permit further changes in the building code by the City Council of Boston, with the approval of the Mayor, on the written recommendation by either the Building Commissioner or the Board of Appeal. I trust, therefore, that this order will be passed, so that we may not have the new building code lying on the table indefinitely.

Coun. TAYLOR—Mr. President, I might say that I am totally in accord with the councilor's order, because it is about time that the City of Boston should be allowed to make rules or laws regarding its own building code. I understand that we are the only city in the United States that does not have the right to amend its own building code.

Chairman SHATTUCK—The Chair will state that the Corporation Counsel has already filed such a bill.

The order was passed under suspension of the rule.

TEMPORARY PERMITS FOR TAXICABS.

Coun. WILSON offered the following:

Ordered, That the Police Commissioner, through his Honor the Mayor, be requested, in the case of any special stand permit for taxicabs issued during 1939, to provide that such permit be temporary only until report is filed by the City Council Committee on Public Safety on the question of adoption of provisions of statute considered by the voters on November 8, 1938.

Coun. WILSON—Mr. President, according to testimony introduced last week before the Special Committee of the Council considering this matter, I understand that taxicab permits are usually issued by the Police Commissioner on the first of February, and remain in force for a year. I do not know, of course, that our committee will or will not be prepared to report before February 1st, but they might well not be able to do so, and in that event the Police Commissioner might issue licenses on February 1, 1939, which would be good for a year. Of course, we don't want to get into any legal tangles and, therefore, I have introduced this order at this time so that, before our committee has made its report, if the Police Commissioner should issue these taxicab licenses they might be issued on a temporary basis only, awaiting further action.

The order was passed under suspension of the rule.

ELECTION OF PRESIDENT.

On motion of Coun. AGNEW, the Council voted to take another ballot for President for 1939.

The members, when their names were called, announced their choice as follows:

For George A. Murray—Coun. Agnew, Chase, Englert, Fitzgerald, Irwin, Kerrigan, Langan, Murray, Norton, Rosenberg, Shattuck, Taylor, Wilson—13.

For Edward A. Hutchinson, Jr.—Coun. Carey, Fish, Galvin, Harris, Hutchinson, Kelly, Lyons, Sullivan—8.

Before the result was announced, the following changes were made, from Coun. Hutchinson to Coun. Murray:

Coun. Carey, Sullivan, Fish, Harris, Hutchinson, Lyons.

Coun. Galvin changed to Coun. Sullivan, and Coun. Kelly changed to Coun. Lyons.

The result as announced was as follows:

George A. Murray—19.

Maurice H. Sullivan—1.

Theodore F. Lyons—1.

And Coun. George A. Murray was declared elected President of the City Council for the year 1939, amid applause.

Chairman SHATTUCK appointed as a committee to escort President Murray to the chair Coun. Irwin and Sullivan. The committee performed the duty assigned. (Applause.)

President MURRAY, in taking the chair, said: If I may, gentlemen, I would like to take this opportunity of thanking the members of the body for selecting me as their President for the year to come and I would also thank the couple who saw fit to cast their votes for other candidates. I sincerely hope that we will all enjoy each other's company and will each and all have a successful year. (Applause.)

Later in the session Coun. GALVIN said:

Mr. President, I move that the vote for President of the City Council be made unanimous.

President MURRAY—The Chair is forced to rule the motion out of order.

DAY OFF IN SEVEN FOR POLICE.

Coun. NORTON offered the following:

Ordered, That the Mayor of Boston be requested to consider the advisability of looking into the matter of granting the Boston police one day off in seven provided it means no additional expense to the city for police protection.

Coun. NORTON—Mr. President, I would like to ask the Mayor to consider the advisability of granting the one day in seven, as pointed out by the order. It seems to be the established practice of the civilized world.

The order was passed.

RESURFACING OF TELFORD STREET.

Coun. SULLIVAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth pavement, under the W. P. A. plan of construction, Telford street, Ward 22.

Coun. SULLIVAN—Mr. President, Telford street, Ward 22, is a street that badly needs attention, and I trust that this may be taken up by the Mayor, through the Commissioner of Public Works, with a view to resurfacing the street with smooth pavement under the W. P. A. plan of construction. This is a work that should be done. It will make Telford street a much better street, and will greatly improve the property in the neighborhood.

The order was passed under suspension of the rule.

PAY OF INJURED EMPLOYEES.

Coun. IRWIN offered the following:

Resolved, That the Boston City Council hereby favors the acceptance of chapter 403 of the Acts of 1936 providing for the compensation to per diem men when forced to remain at home on account of injuries received in the performance of duties.

Passed under suspension of the rules.

The Council adjourned, on motion of Coun. KERRIGAN, at 3.35 p. m., to meet on Monday, January 23, 1939, at 2 p. m.

BOSTON'S LIABILITY FOR METROPOLITAN DEBT, 1937.

Boston's liability for this contingent debt of the State (i. e., in the form of annual assessments for sinking funds and interest) incurred for Metropolitan parks, sewers, water, etc., was \$28,559,995 (net) on July 1, 1937, or \$1,283,454 more than in 1936 and \$6,473,404 more than in 1927. It is divided thus: Water debt, \$25,314,274; Park debt, \$904,738; Sewer debt, \$1,639,878; Charles River Basin debt, \$701,105. The percentages paid by Boston in 1937 were 63.4515 on Water Debt; 48.6623 on most of the Park Debt; 36.25 on most of the Sewer debt, and on Charles River Basin debt the same as on Park debt.

Metropolitan assessments paid by Boston in 1937 amounted to \$4,752,277.22, of which 64.23 per cent was for debt requirements and 35.77 for maintenance. Water assessment, \$3,282,201 (usually paid from water revenue); park, \$786,974; sewer, \$470,545; Charles River Basin, etc., \$212,557.

PROCEEDINGS OF SCHOOL COMMITTEE.

Jan. 3, 1939.

The meeting for organization of the School Committee of the City of Boston for the current municipal year was held in the Administration Building, 15 Beacon Street, at 5:53 o'clock P. M.

Present: Messrs. Foley, Lee, Smith, Sullivan, and White.

The meeting was called to order by Mr. Frederick R. Sullivan, the senior member.

Mr. Sullivan stated that under the provisions of Chapter 479 of the Acts of 1924—An Act Providing for Biennial Elections in the City of Boston, etc.—the membership of the School Committee for the year 1939 is the same as that for the year 1938; namely, Dr. Patrick J. Foley, Mr. Joseph Lee, Jr., Mr. Henry J. Smith, Mr. Frederick R. Sullivan, and Mr. Joseph C. White.

Mr. Sullivan: The first meeting each year of the School Committee is for the purpose of organization for that year. The member whose original election is of the earliest date presides, pending the election of a Chairman for the year.

The first business of the meeting will be the election of a Chairman.

ELECTION OF CHAIRMAN

The Committee proceeded to the election of a Chairman, and the Secretary was directed to call the roll.

The members, as their names were called, respectively voted as follows:

For HENRY J. SMITH—Messrs. Foley, Lee, Sullivan, and White—4.

NOT VOTING—Mr. Smith—1.

The Chair declared Henry J. Smith unanimously elected Chairman.

Mr. Smith assumed the Chair.

Chairman Smith: Once again I am indebted to the members of the Boston School Committee for an honor which I sincerely feel is a great one. I believe it is more than a personal tribute, for I recognize in my re-election as chairman of this honorable body an indication of the good spirit which exists among all of the members of this Committee. During the past year we have had occasion to discuss many important questions and, naturally, we have not always agreed on certain phases of the same question. Even though we have had what might be misconstrued by many to be heated and personal controversies, at all times we have been able to leave the Committee chamber and put aside our personal differences and continue our mutual friendship and respect for one another.

This has been a strenuous year but one which has not been entirely unsatisfactory in matters of accomplishment. Personally, I look back a period of one year to the occasion of my first election as chairman of this Committee. During the course of my remarks at that time I emphasized that it was my conviction that during the

year 1938 no unnecessary positions should be created. None have been. Second, that no arbitrary increases in salary should be made. None have been. Third, that all attempts to upset the established basic salary and increment schedule should be firmly resisted. They have been. The efforts which we inaugurated to remove indecent periodicals from the magazine stands of our city have been taken up by authorities in other cities in what now amounts to a nation-wide drive against these immorally subversive influences.

In looking to the future it is immediately apparent, I believe, that we cannot do otherwise than continue the policies of administration which have been exercised during the past year. Praise has been bestowed upon the School Committee and the Department of School Buildings by those interested in the future of Boston and its citizens, for the courage which has been displayed in executing a re-trenchment program which has resulted in a saving of approximately \$540,000 in school maintenance expenditures for the year 1938, as compared with school maintenance appropriations for the year 1937. In this connection it is appropriate to point out that we have curtailed no essential educational or recreational activity. This very substantial saving in maintenance expenses was brought about in the case of the School Committee, by a reduction in the allowances for books, supplies, equipment, and several other items; and by the Department of School Buildings, through its Superintendent of Construction, Mr. James J. Mahar, who effected economies and took full advantage of the WPA program allowed that department by the United States government. In addition, the School Committee has increased its source of income by charging tuition fees at the Teachers College.

Our Superintendent of Schools, Mr. Arthur L. Gould, as our chief executive officer has had the difficult duty of putting into action policies adopted by us during the past year. I am one who believes that he has filled the office of superintendent with distinction; and by his ingenuity, resourcefulness, and the full support and confidence of the employees of the school department, has done much that will be of permanent benefit to our school system.

In business matters I feel that Mr. Alexander M. Sullivan likewise has worked ceaselessly in a manner which reflects credit not only on himself, but on the department which he heads.

In matters of maintenance of the physical plant, the experienced hand of Mr. Patrick F. X. Nagle has made possible the efficient management of our school property.

I could go on for hours pointing out the merit of work done by individuals throughout the school system. No one can forget the less spectacular, but equally commendable work of our own Secretary, Miss Ellen M. Cronin, and her staff who for years have played a large part in whatever achievements have been realized by the school department.

I have not mentioned the board of superintendents, directors, supervisors, principals, teachers, and all of the others who have done their part as indispensable spokes in the wheel of our organization.

In conclusion I must say that there are still two matters of policy which I most strongly advocate for adoption at the earliest possible date. First, the long discussed consolidation of fact-finding, statistical, and measurement activities into one comprehensive department. Second, the establishment of a vocational high school in our city, utilizing the present school facilities and personnel to meet the needs of our time.

RULES INVOLVING EXPENDITURE OF MONEY

On motion, it was

ORDERED, That the rules of the School Committee and the regulations of the Public Schools of last year which involve the expenditure of money, are hereby adopted for the present year until otherwise ordered.

RULES NOT INVOLVING EXPENDITURE OF MONEY

On motion, it was

ORDERED, That the rules of the School Committee and the regulations of the Public Schools of last year which do not involve the expenditure of money, are hereby adopted for the present year until otherwise ordered.

ELECTION OF TREASURER

The Committee proceeded to the election of a Treasurer of the Corporation.

The Secretary was directed to call the roll, and the members as their names were called respectively voted as follows:

For JOSEPH C. WHITE—Messrs. Foley, Lee, Smith, and Sullivan—4.

NOT VOTING—Mr. White—1.

The Chair declared Joseph C. White unanimously elected Treasurer of the Corporation.

DEATHS

The Superintendent reported the death of the following-named teachers who had been retired on pension under the provisions of the Boston Retirement System:

East Boston High School—Lucy R. Beadle, Jan. 1, 1939

Francis Parkman District—F. Maude Joy, Oct. 15, 1938

Norcross District—Henrietta Nichols, Dec. 2, 1938

Placed on file.

RESIGNATION

The following resignation, reported by the Superintendent to take effect on the date stated, was presented:

Joseph H. Barnes Intermediate District—Olive B. Watson, assistant, intermediate, Dec. 16, 1938.

Accepted.

The Superintendent reported the resignation of the following-named assistant nutrition class attendant: Department of School Hygiene—Mary J. Glasco, assistant nutrition class attendant, Dec. 31, 1938. Accepted.

RETIREMENTS ON PENSION

A communication was received from the Superintendent, under date of Jan. 3, 1939, reporting the retirement from active service of the following-named members of the Boston Retirement System, to take effect Dec. 31, 1938, as certified by the Boston Retirement Board under date of Dec. 21, 1938: Department of Manual Arts—George F. Hatch, assistant director, Dec. 31, 1938; L. Gertrude Sprague, assistant, manual training, intermediate, Dec. 31, 1938. Placed on file.

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

FROM THE ELIGIBLE LIST (Increase in numbers)

John A. Andrew District—Margaret E. Quirck, assistant, elementary, Jan. 9, 1939

The rules were suspended and the appointment approved.

(To fill vacancies caused by resignations)

Charles Sumner District—Alice M. Dunn, assistant, elementary, Jan. 9, 1939

Henry L. Higginson District—Mary A. Gurley, assistant, elementary, Jan. 9, 1939; Clarissa Wall, assistant, elementary, Jan. 9, 1939.

The rules were suspended and the appointments approved.

(To fill vacancy caused by transfer)
Beethoven District—Marion D. Cohen, assistant, elementary, Jan. 9, 1939.

The rules were suspended and the appointment approved.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted, under the provisions of Section 265, paragraph 2 of the regulations, the following additions to the list of teachers approved by him from which assignments may be made for temporary service:

Day High Schools—Carmela E. Conroy, Catherine Gilligan, Edward W. Kenney, Mary J. Kenney, Doris G. Lord, John J. Riordan.

Day Intermediate Schools—Bertha Bayard, William Devore, Dorothea A. Dunigan, Leo Epstein, John W. Kelley, John J. Riordan, Gladys S. Wood.

Day Elementary Schools—Helen E. Amrhein, Paul J. Boylan, Hilda Cohen, Carmela A. Guarino, Celestina Myrick, Marion E. Steinberg. Kindergarten—Marie B. Maggione.

Boston Clerical School—Mary E. Graham.

Continuation School and South End Intermediate Schools—Patricia Callanan, Mary M. Devenny,

Dorothea A. Dunigan, Elizabeth Duston, Eileen G. Hefron.

Trade School for Girls—Beulah Morse, Ruth F. Schifferdecker.

Disciplinary Day School—Charles J. Crame, Margaret M. Drinkwater, John W. Kelley.

Speech Improvement Classes—Mildred Dungan, Eileen G. Hefron.

Department of Physical Education—Helen M. O'Dea.

Approved.

Teaching Assistant

Day Elementary Schools—Ruth E. M. Pearce.

Approved.

TEMPORARY TEACHERS

Dorchester High School for Boys—Arthur P. Maher, co-operative instructor, Dec. 15, 1938.

Boston Trade School—Francis W. Hockmuth, shop instructor, Dec. 20, 1938.

Department of Manual Arts—William T. Gabele, assistant, manual training, intermediate, Dec. 12, 1938; Arthur P. Maher, Joseph A. Martin, assistants, manual training, intermediate, Dec. 13, 1938.

Approved.

LEAVE OF ABSENCE

On the report of the Superintendent, leave of absence under a suspension of the regulations was granted as follows:

Jamaica Plain High School—Clement C. Maxwell, junior master, Jan. 1 to Aug. 31, 1939, without pay.

TEMPORARY ASSISTANCE

On motion, it was ORDERED, That during the current financial year the Superintendent is hereby authorized to employ such temporary and emergency secretaries, clerical assistants, and librarians in the schools as he may deem advisable.

On motion, it was ORDERED, That during the current financial year the Secretary is hereby authorized to employ such temporary assistance in the offices of the Superintendent-Secretary, and at such compensation as she may deem advisable.

TRANSFER OF SCHOOL CENTER

On motion of the Superintendent, it was

ORDERED, That the sessions of the Charlestown School Center be held in the Clarence R. Edwards School-house, in place of the Charlestown High School-house, to take effect Jan. 4, 1939.

APPOINTMENT FOR LUNCH- ROOM SERVICE

A communication was received from the Superintendent, under date of Jan. 3, 1939, reporting that subject to the approval of the School Committee and with the approval of the Division of Civil Service, he has appointed the following-named person for service in a school lunchroom, to take effect on the date stated, and to

continue for the school year ending Aug. 31, 1939, unless earlier terminated by the Superintendent with the approval of the School Committee:

James P. Timilty Intermediate School—Agnes M. Caverly, lunchroom manager, Jan. 3, 1939.

Approved.

EXTENSION OF CONTRACTS, APPROVAL OF SUMMARIZED REQUISITION ON CITY AUDITOR, AND OTHER ITEMS

A communication was received from the Business Manager, under date of Jan. 3, 1939, recommending the passage of the accompanying twelve orders, as follows:

1. ORDERED, That the contracts for semi-bituminous coal between the School Committee and the Glendale Coal Company, the Tidewater Coal Company and the White Fuel Corporation, under dates of June 9, June 22 and June 22, 1938, respectively, and providing for the delivery of semi-bituminous coal from June 16, 1938, to December 31, 1938, are hereby continued to June 15, 1939, as provided for in Section 1 of the contracts.

2. ORDERED, That the contract for anthracite coal between the School Committee and the Tidewater Coal Company, under date of June 29, 1938, and providing for the delivery of anthracite coal from June 16, 1938, to December 31, 1938, is hereby continued to June 15, 1939, as provided for in Section 1 of the contract.

3. ORDERED, That the contract for nut and slack coal between the School Committee and the Glendale Coal Company, under date of June 9, 1938, and providing for the delivery of nut and slack coal from June 16, 1938, to December 31, 1938, is hereby continued to June 15, 1939, as provided for in Section 1 of the contract.

4. ORDERED, That the contract for heavy fuel oil between the School Committee and the Colonial Beacon Oil Company, under date of June 10, 1938, and providing for the delivery of oil from June 16, 1938, to December 31, 1938, is hereby continued to June 15, 1939, as provided for in Section 1 of the contract.

5. ORDERED, That the contract for medium fuel oil between the School Committee and the Colonial Beacon Oil Company, under date of June 10, 1938, and providing for the delivery of oil from June 16, 1938, to December 31, 1938, is hereby continued to June 15, 1939, as provided for in Section 1 of the contract.

6. ORDERED, That the contract for light fuel oil between the School Committee and the Lipson's Oil Company, under date of June 1, 1938, and providing for the delivery of oil from June 16, 1938, to December 31, 1938, is hereby continued to June 15, 1939, as provided for in Section 1 of the contract.

7. ORDERED, That the School Committee hereby acknowledges the valuable assistance rendered by the Sealer of Weights and Measures in checking the weights

of coal delivered by contractors in the several school buildings during the past year.

8. ORDERED, That the School Committee hereby requests the Sealer of Weights and Measures to check the weights of coal to be delivered to the several school buildings during the current year.

9. ORDERED, That during the current fiscal year the Business Manager is hereby authorized to employ such temporary assistance as may be required in his office and at the Supply Room, and at such compensation as he may deem advisable.

10. ORDERED, That during the fiscal year 1939 the Chairman of the School Committee is hereby authorized to accept, enter into and execute on behalf of the School Committee, contracts for equipment, supplies and other items, each contract having been prepared by the Business Manager and previously approved by him in writing as required under the provisions of Chapter 231 of the Acts of 1932.

11. ORDERED, That during the fiscal year 1939 any member of the School Committee is hereby authorized to approve summarized requisitions and special drafts on the City Auditor prepared by the Business Manager and which cover all pay rolls, vouchers and other documents calling for the expenditure of money, each of which has been previously approved in writing by the Business Manager as required under the provisions of Chapter 231 of the Acts of 1932.

12. ORDERED, That under the provisions of Chapter 231 of the Acts of 1932, J. George Herlihy, Assistant Business Manager, shall act as Business Manager, during the current fiscal year, only during the time that the Business Manager is absent or otherwise unable to act, and shall, during such time, exercise all the powers and perform all the duties of said Business Manager.

The communication was placed on file and the twelve orders passed.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Jan. 3, 1939, recommending that the following-named custodians, who stand at the head of their respective lists, be transferred as indicated, to take effect on the dates stated:

Anthony J. B. Cannatta, from the Bigelow to the Joseph H. Barnes School-house, Jan. 8, 1939

James J. Clark, from the Mayhew to the Gaston School-house, Jan. 8, 1939

Frederick A. Gross, from the Nathaniel Hawthorne School-house, to Lyceum Hall, Jan. 1, 1939

John B. Houlihan, from the Asa Gray to the Ellen H. Richards School-house and Portable No. 155, Jan. 8, 1939

Joel Sargent, from the Solomon Lewenberg to the Mary E. Curley School-house, Jan. 1, 1939.

Placed on file and the transfers approved, to take effect on the dates stated.

Mr. Lee: Mr. Chairman, I think the custom that I have noticed here in the last two years, of the newly elected Chairman making a statement of the accomplishments of the past year and the plans for the future, is an excellent one. It seems to me that other members of the Committee might also note any outstanding accomplishments of the past year or any plans for the future year, and I might mention one or two at this point.

I was sent to the School Committee, something more than a year ago today, upon my constant and repeated pledge—almost drawn to a monotone—that I would use my primary efforts toward uncorking opportunities for our school children in the form of preparing them to connect with jobs and a way to earn a living. In this, I have met a very sympathetic Committee. The work has been in two parts. The first comprised a tightening up of relationships between the school system and the employment opportunities in the community. To cover this, at my suggestion last February, the Committee sponsored the preparation of a WPA project designed by questions and tabulations to determine every single annual vacancy in Boston's industry, with a view to exactly preparing the student before he graduates for the jobs that do exist, and not those that don't. I have been in daily touch with the course of this project, from the framing onwards.

Hearing before I came to the meeting that that project has been approved by the WPA in Washington, I will omit further reference to the notes which I had prepared. The project still has to be considered in connection with the budget. As far as I can tell it is a routine affair and it should come through in about three weeks, or it should be in operation in about three weeks.

For the second part of the work, we have had the problem of seeking to give our pupils a better grounding in economics, so that they may in the future avoid the hideous depression which has been on us in recent years, and may better understand and take charge of the economic system in which they live. In this, too, the Committee has been extremely sympathetic. There are now two committees of leading teachers and heads of departments in our school system, from both the lower schools and high schools, working to present a revised and more inclusive course of study in economics for acceptance by the Superintendent and School Committee. One of these committees has utilized the recent holiday week to give their time to pushing this development toward its consummation. I confess that my colleague, Mr. White, is perhaps out ahead of me urging advance along both these lines of preparing our youth for the problems of livelihood. Anyway progress has been significant.

There is another side of the preparation of youth in our schools to meet the problems of modern life, which I stressed with approval of the electorate, as of only secondary importance, a little more than a year ago; and that is preparation of our youth for the political circumstances under which they will

live. No progress has been essayed in this direction. To begin such progress I dedicate this year's work.

By and large, it has been the function of school committees to keep children ignorant of the conditions under which they will live. Popular education has been more to safeguard the child from knowing what is going on in the world than it has been to teach him to face it. Either it has not occurred to anyone, or no one has had the incentive, or no one has had faith to teach children how to participate in the actual mechanism by which the community and its institutions live.

Attempts have not been made in the class room to teach an appreciation of what we have.

For instance, almost everyone in good measure admires but somewhat resents the racketeer. Yet no effort is made in the child's education to enable him sensibly to appraise the position and contribution of the racketeer. Nearly everyone silently admires and likewise inwardly envies the businessman or gainer of wealth: yet we have no studies in the class room as to what influence the businessman has had in shaping American laws, institutions, and politics. Nearly everybody deplores and yet likewise cherishes the politician. Yet there is no appreciation undertaken in the class room as to what his business and part in the balancing of modern society is.

Consequently, how to get a pardon from State's Prison, in case you land there, how much to give the cop if you want to sell ice cream contrary to City ordinances on Boston beaches, nor how much to request if you are the cop, nor, again, how to organize a labor union if you are a hat check girl getting \$2 for your night's work while you manager pockets \$4 of your tips, nor what your rights or redresses in various circumstances may be under the law as it actually operates, nor even how to get on welfare, or sue for back wages,—none of these are made common knowledge in the class room before the child graduates into a world where such problems and relationships are the very wheels it runs on.

Further, while a previously educated generation certainly does not, the coming generation—unless more knowingly educated—likewise certainly will not know how to avoid such crossings-up of public welfare as the circumstances of the recent Patriarca pardon case. Many will say, "We cannot discuss such apparently sordid affairs in the classroom." Not at all. Many of the parts of our modern community are in this case. And very interestingly in it. We have first an underlying conflict of points of view. American business, monied and opportunistic, has been dominant in shaping our legislation for the past 100 years; through electing representatives, skillfully drawing up laws, lobbying legislation, and influencing newspapers. And this has left room for the politician to enter to espouse the cause of the great body of citizens, who feel less than effective and less than certain that the body of our laws and institutions is designed and working out

for the common benefit. But the politician as a rule has not particularly sought to adjust or correct our laws or institutions in closer keeping with the interests of these average citizens. He still has been inclined to make laws in keeping with positioned interests. And thus he has consolidated and gained strength to deflect or soften the law in favor of individuals among his own constituents who come to him for special favors. Councillor Coakley is an example of a man in public life who is repeatedly returned to office for his efforts in this direction. Thus we see our State go forward, the laws being manufactured in behalf of powerful and respectable groups and then straddled by the timely intervention of politicians who deflect or soften these laws in the interest of particular constituents, who in the mass are no longer sold on our laws anyway and so re-elect these to office. Hence, the special consideration bestowed on the Patriarca case.

Dr. Foley: I do not think that this body should allow any names or personalities to be interjected here. I do not think it is fitting and proper that the Boston School Committee should have the names of individuals mentioned.

That is only a question of personal privilege that I am raising. The gentleman could refer to the office, or he could say "a representative" or "a member" of this or that, but personalities are not fitting in this committee. I do not think there is anything to be gained by expressing personal animosity.

Mr. Lee: I would go along with Dr. Foley in good measure. I would go along with him if any member of this Committee cited with disapproval anything in an individual's public life. After all, we are in the business of education, and not in the business of commenting on somebody's conduct, even if it be something that we might not like. But where we have figures in public life holding state or city office, sooner or later we have to take a step in a constructive way and discuss the contribution of these people. There is a certain amount of risk, yes, but if the effort is always to see what the contribution of somebody is, how they come into the machinery of modern life, how they play their part in the work of the community, I think we have to come to the point of being just as frank in mentioning people around the city as we are frank in mentioning President Roosevelt.

Chairman: That is your privilege, of course, Mr. Lee.

Dr. Foley: It is not a matter to be discussed here when Mr. Lee delves into certain things relating to the world in general. I do not like to hear personalities. I do not like to hear the name of any man mentioned in this Committee, no matter what position he holds in public life.

You could mention the position that he holds, which is perfectly all right as far as I am concerned, but when we delve into these personalities we are taking into our hands a little too much. That is my idea.

Mr. White: I would like to say this: I am commenting in no way

about how I feel with regard to Mr. Lee's statement, but I say he has the right to make any statement that he wants in a public hearing, and I am willing to listen to him.

Chairman: That is the way I feel. It is the personal privilege of Mr. Lee. Like Mr. White, I am not commenting one way or the other about how I feel with regard to Mr. Lee's statement.

Mr. Lee (continuing): To better express what I have in mind; an effective and illuminating classroom discussion would be a comparison of Councillor Daniel H. Coakley, President Eliot Wadsworth of the Chamber of Commerce, and Eugene C. Hultman, Chairman of the Metropolitan District Commission; Coakley, the man who softens up the law; Wadsworth, the man whose group most often shapes the law, even though he would now remove those laws from easy popular improvement by cutting out half the sessions of the Legislature; and Mr. Hultman, the man who does not do anything with the law.

All three may be spoken of appreciatively: Coakley, for presenting the opposition; Wadsworth, for representing a group who do our thinking for us, and are really willing to be very helpful if we continue to grant them certain privileges and ascendancies in exchange; and Hultman, for pleasing static and conservative people.

If any improvements in such relationships should be discussed in the classroom, they need not be of a critical or of a destructive sort. It could be pointed out that Coakley might have the courage to really go through with some legislation and alterations of our institutions in favor of the common man whose interests and oppressions he seems so passionately to plead. It might be suggested that men of Mr. Wadsworth's type can be better sports and take common luck with the average citizen without so much concern for safeguarded security; and Mr. Hultman can be spoken to by an earnest citizenry with whom he will be perfectly happy to make his peace if they are earnest enough.

Without criticism or disrespect for any, I think that our instruction in the classroom can go right to the heart of these matters which represent the actual working and mechanisms of our common life, giving the child the precious knowledge of cause and effect in the forces of his community, and of the objectives of the parts of that community.

If you do not start in the school room, with the coming generation, you certainly cannot look to the present generation to handle these affairs or fix up its house. If we do not start now, it will not be done.

The classroom ought to take, not rip, the lid from the modes and conditions in the City, and then view the contents with understanding, sympathy, and appreciation.

I say very freely that I have presented a plea for very frank classroom discussion, giving my attitude. The Committee, of course, may have a different attitude.

I did want to lay the thought of trying to show the children, in the classroom, how the parts are put together and how they fit in a constructive way. I did want to put that proposition before the Committee as something that, with the advice and suggestions of this Committee, I would like to develop through the year. I hope we can do with this present generation more than our forefathers did with us, in trying to understand this little government called the American government or the Boston government.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

"RELIEF" DECLINING.

Two-thirds of the nation's relief expenditures in recent years has been centered in ten industrial states, the "Year Book's" section on Financing Relief and Recovery points out. Half the Federal Work Relief Funds and two-thirds of all available funds have been expended in the fifty largest cities, including about 25 per cent of the population. Industrial urban population is more vulnerable to unemployment. In addition, living costs are higher, requiring greater relief allotments, and the cost of giving employment to a city group is higher than in rural areas.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING GROCERIES FOR BOSTON PUBLIC SCHOOL CAFETERIAS.

The School Committee of the City of Boston invites bids for furnishing and delivering at certain school buildings, in accordance with orders, groceries for use in the Boston public school cafeterias. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for furnishing Groceries for Cafeterias." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, February 6, 1939. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids and to accept such bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Jan. 28.)

NOTICE TO CONTRACTORS.

HELP ABSORB THE UNEMPLOYED.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FABRICATED STEEL TO THE PUBLIC BUILDINGS DEPARTMENT FOR RENOVATION OF BOSTON CITY HALL.

The Supply Department of the City of Boston invites proposals for furnishing fabricated steel to the Public Buildings Department for renovation of Boston City Hall, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out and a deposit of \$10 for plans and specifications, to be refunded if plans are returned intact. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Thursday, February 9, 1939, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.

(Jan. 28-Feb. 4.)

CITY OF BOSTON.

ASSESSING DEPARTMENT.

ASSESSORS' NOTICE TO TAXPAYERS.

CITY HALL ANNEX,
BOSTON, January 1, 1939.

Returns must be made on or before January 31, 1939.

Particular attention is called to the Assessors' notice posted upon City Hall and various other places throughout the city relative to making returns on personal property subject to taxation.

EDWARD T. KELLY,
JOHN C. L. DOWLING,
THOMAS A. DOWD,
JOHN P. O'HEARN,
JOHN J. WALSH,
Assessors of Boston.

(Jan. 7-14-21-23.)

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted, That the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective January 30, 1939:

Section 8, Part 2, is amended by striking out the following:

East side, from Lanark road, southerly, to Lanark road, twenty-four hours.

Section 24, Part 1, is amended by striking out the following:

Traverse Street, Downtown Boston.

From Merrimac street to Canal street.

Section 24, Part 1, is amended by adding the following:

Traverse Street, Downtown Boston.

From Portland street to Canal street.

WILLIAM P. HICKEY,
Commissioner.

(Jan. 21-28.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR ROAD ASPHALT FOR CONSTRUCTION.

The Supply Department of the City of Boston invites proposals for furnishing and applying road asphalt for construction, OA-2, as per specifications. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. Deliveries to be made on such streets as may be designated within the city limits, to be delivered as required. Proposals, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, will be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, until 12 m., Thursday, February 9, 1939, at which time and place they will be publicly opened and read. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. A duplicate bid, without check, must be left with the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Jan. 28.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING BANK GRAVEL AND SAND FOR CITY DEPARTMENTS.

The Supply Department of the City of Boston invites proposals for furnishing bank gravel and sand for city departments until February 1, 1940, deliveries to be made as required. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of thirty cents (\$0.30) for each blank proposal taken out. Bids, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the above office before Tuesday, February 7, 1939, at 12 m., at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent of Supplies reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Jan. 28.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR ENGINE, MACHINE AND CYLINDER OILS.

The Supply Department of the City of Boston invites proposals for furnishing engine, machine and cylinder oils, as required, to the various city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bid, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., Tuesday, February 7, 1939, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Jan. 28.) Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING, JOINTING AND RIVETING ABOUT 2,600 LINEAR FEET OF 48-INCH WELDED STEEL WATER PIPE IN HUNTINGTON AVENUE AND TREMONT STREET, ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying, jointing and riveting about 2,600 linear feet of 48-inch welded steel water pipe in Huntington Avenue and Tremont Street, Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying, Jointing and Riveting About 2,600 Linear Feet of 48-inch Welded Steel Water Pipe in Huntington Avenue and Tremont Street, Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, February 10, 1939, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
Commissioner of Public Works.
(Jan. 28-Feb. 4.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR BITUMINOUS PATCHING MIXTURE.

The Supply Department of the City of Boston invites proposals for furnishing bituminous patching mixture, to be delivered as required for city departments, according to proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. Bidder must use the form of proposal to be obtained at the above office, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Proposals will be publicly opened and read at the above office at 12 m., Monday, February 6, 1939. Proposals must be accompanied by a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Jan. 28.) Superintendent of Supplies.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 31.

SATURDAY, FEBRUARY 4, 1939.

No. 5

PARK DEPARTMENT RECREATION DIVISION REPORT SHOWS WORK MORE POPULAR THAN EVER BEFORE — RESUME OF ACTIVITIES PRESENTED IN REPORT TO MAYOR TOBIN BY PARK COMMISSIONER LONG SHOWS THAT MORE THAN 900,000 PERSONS, YOUNG AND ADULTS, PARTICIPATED IN GAMES WITNESSED BY OVER 5,000,000 CITIZENS — BASEBALL WAS THE GREATEST SINGLE ATTRACTION — FOOTBALL AND BASKETBALL ALSO PROVE ATTRACTIONS OF GREAT DRAWING POWER — SOME 21,000 PLAYED IN BASEBALL LEAGUES ON 47 PLAYGROUNDS DURING SUMMER.

The following is a brief outline of the 1938 report of Boston Park Department Recreation Division to Mayor Tobin, presented by Park Commissioner William P. Long:

More than 900,000 children and adults participated in the sports and games programs in 1938 directed by the Boston Park Department.

Reaching a participation figure which reflects the steady growth of the programs since the inception of the recreation office ten years ago, the past year's activities were widened in scope, covering a range from the largest organized baseball system in the world to marble tournaments and model yacht races and the regular events, coupled with championship contests in all sports and games, the attendance of spectators at Park Department affairs reached a figure of more than 5,000,000 persons total.

The largest single organized sport was baseball, which, as conducted by the Park Department, is the most comprehensive diamond organization in the country according to statements of major league executives and club officials, and the commissioner states that the figures of participation and attendance achieved during the past year are about at the topmost point which the playground system, numbering forty-seven units, and the eleven municipal gymnasias can accommodate.

Baseball Lead Games.

In 1938, 185 baseball leagues were in operation with 21,550 players on 1,070 teams playing in 4,081 games and each game was one in a schedule which produced champions in each division of baseball play. From the top Park League, of which the 1938 champions were the St. Augustine's Club of South Boston, winning Class AA honors, down through Classes B, C and D for the younger boys, as well as various geographical, denominational, district, industry, business and retail leagues were operated.

With the solid organization base established for the staple sports such as baseball, football, which was conducted in 122 leagues with attendance figures including the championship at Fens Stadium reaching over 1,000,000 persons, basketball which had a participation of 31,000, the recreation organization concentrated more the past year on the informal sports and games and activities attractive to the non-athletic type of child and adult. Informal games, under which come practically all sports and games in which numbers of people may participate, had a participation of more than 184,000 persons. Keeping in step with the spontaneous response to soft ball which was evidenced in Boston last summer, the Park organization handled the management of many leagues which had over 90,000 children and adults playing each day and evening on city playgrounds. The hybrid baseball game has been well received and the Park Commission intends to develop the system for handling the game to a greater extent next year.

For the past few years the Boston Park and Police Departments have cooperated in safety education and through the playground system, the Police Safety Car was routed on schedule, carrying on a program of lectures and demonstration at which 50,000 children were taught the principles of safety education and the commission believes that this program was contributory to the recently released lowered death statistics for highways in Boston.

Baseball in Films.

As custodian of one of the American League baseball films last year, the Park Department arranged for the showing of the sound film to more than 400,000 persons throughout New England as part of the campaign to keep alive interest in the national game during the off-season. Taking into consideration parents' interest in the activities of the children daily on the playgrounds, Parents' Nights were conducted throughout the city periodically at which carnivals and demonstrations of play activities were presented and through which many new enthusiasts for the adult programs were obtained, the Park Commission Chairman stated.

Several city-wide playground events were carried out by the department in 1938, one of which, the outdoor boxing finals at Columbus Stadium in South Boston, drew the largest throng ever to attend an outdoor boxing show in New England, and the Playground Circus, now an annual affair produced and staffed entirely by the children themselves, drew 60,000 persons to two performances.

(Continued on page 99.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLB.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, February 6, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped

area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 18 Oliver street, fourth floor, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 18 Oliver street, fourth floor, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

RECREATION ACTIVITIES OF BOSTON PARK DEPARTMENT.

(Continued from page 97.)

Park Commission Chairman Long is of the opinion that due to the greater amount of leisure time available to the average citizen, an older age at which children begin to work and a generally increased interest in recreational activities are responsible in part for the greater use to which the areas under the Park Commission have been put. With the assistance of the Federal Government in the placing of a Works Progress Administration playground instructors' staff at the department's disposal, the programs have been possible.

MAYOR TOBIN PRAISES BUDGET MESSAGE OF GOVERNOR SALTONSTALL.

On January 26 the Mayor issued the following statement:

The Governor's budget message was a courageous and statesmanlike approach to the tax problem which confronts the State of Massachusetts. Some may refer to the proposals as drastic. However, when it is considered that despite these added taxes, the communities are faced

with the largest state tax in history, they do not appear so drastic.

The state tax a year ago amounted to \$1.23 in Boston's tax rate. With the additional revenue recommended by the Governor, the state deficit will still amount to twenty million seven hundred thousand dollars. This, with the nine million dollars unraised deficit of last year, will amount to a total of twenty-nine million dollars, which must be raised by the local communities in this levy, or a \$4.60 tax in Boston, as com-

pared with \$1.23 tax last year. Other communities will be correspondingly affected.

With these facts before them it is incumbent upon the Legislature either to adopt the proposals of his Excellency or to produce some other constructive measures that will accomplish the same purpose.

Financial collapse may be the lot of many communities unless something is done to relieve them.

DEPARTMENT CHANGES.

The following changes in the number rating and compensation of the city employees have been made during the week ending Thursday, February 2:

BOARD OF ASSESSORS.

The following named have been appointed temporary street clerks, for a period of forty-five days, effective January 30, at \$4 a day:

REVISION OF ASSESSMENTS.

The Mayor has approved the following orders of the Board of Street Commissioners of the City of Boston;

In the matter of the application for revision of assessment levied on account of the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application,

Ordered, That the amount hereinafter specified, being the annual apportionment of said assessment for the year specified below, be, and the same is hereby, abated.

Bridget M. Thompson, Mt. Hope street, Hyde Park, lot 2, 1934 apportionment, assessed December 12, 1933, \$14.32.

In the matter of the application for revision of assessment levied on account of the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application,

Ordered, That the amounts hereinafter specified, being the annual apportionments of said assessment for the years specified below, be, and the same are hereby, abated.

Lavinia Zittell, Durant street, West Roxbury, assessed June 4, 1932: Lot 8, 1933 apportionment, \$13.96; 1934 apportionment, \$12.32; 1935 apportionment, \$11.84; 1937 apportionment, \$10.88. Total, \$49. Lot 9, 1933 apportionment, \$13.96; 1934 apportionment, \$12.32; 1935 apportionment, \$11.84; 1937 apportionment, \$10.88. Total, \$49.

In the matter of the application for revision of assessment levied on account of the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application,

Ordered, That the amount hereinafter specified, being the annual apportionment of said assessment for the year specified below, be, and the same is hereby, abated.

John M. and Annie A. Donlon, Ashland avenue, West Roxbury, lot 9, 1937 apportionment, assessed July 27, 1934, \$22.20.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Belton street,

Dorchester district, as a highway, from Gallivan Boulevard to Milton street, bounded and described as follows:

A highway named Belton street is hereby laid out, from Gallivan Boulevard to Milton street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by the easterly line of Belton street as hereby laid out, five hundred forty and 93-100 feet; southerly by the northerly line of Milton street, thirty-five and 85-100 feet; westerly by the westerly line of Belton street as hereby laid out, five hundred fifty-three and 97-100 feet; northerly by the southerly line of Gallivan Boulevard, thirty-five and 39-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Belton street will receive benefit or advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Belton Street Assessment Plan, December 12, 1938, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Elene street, bounded:

Northwesterly by a part of Elene street, ten feet; northeasterly by another part of Elene street, one hundred seventy and 8-100 feet; southeasterly by an easement taken August 26, 1926, ten feet, and southwesterly by another part of Elene street, one hundred seventy and 8-100 feet, containing seventeen thousand and one square feet, more or less.

The sewerage works to be constructed are as follows:

One hundred fifty-eight linear feet of 12-inch pipe sanitary sewer and one hundred fifty-one linear feet of 12-inch pipe surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northeasterly and southwesterly sides of Elene street, between Prairie street and Wabash street, will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount herein-after respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1215, Sewerage Works, Elene Street, Dorchester, December 1, 1938, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Wallace J. Scott, Elizabeth G. Scott	\$90 00
2. Wallace J. Scott, Elizabeth G. Scott	80 00
3. Marguerite V. Murphy	80 00
5. Boston Catholic Cemetery Association	300 00
6. Boston Catholic Cemetery Association	78 00
	<u>\$628 00</u>

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Elene street, Dorchester district, under the order of the Board of January 23, 1939, and awards no damages therefor.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 12-inch pipe and a surface drain of 12-inch pipe, W. P. A. Project 65-14-4953, Work Project 11907, in Elene street, between Wabash street

and Prairie street, in the Dorchester district, at an estimated cost of \$8,309.

A 5-foot metal pipe overflow, W. P. A. Project 65-14-4953, Work Project 11907, in private land (opposite Anchor street), between 45 feet southeast of E street and 90 feet southeasterly, in the South Boston district, at an estimated cost of \$5,878.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Leland road, bounded: Northwesterly by easement taken June 24, 1938, by two measurements, five and 8-100 feet and five and 61-100 feet; northwesterly by another part of Leland road, by two measurements, sixty-two and 17-100 feet and two hundred ninety-eight and 60-100 feet, southerly by easement taken June 28, 1938, ten feet; and southwesterly by another part of Leland road, by two measurements, two hundred ninety-eight and 8-100 feet and fifty-eight and 23-100 feet; containing thirty-five hundred and ninety square feet, more or less.

The sewerage works to be constructed are as follows: 373 linear feet of 10 inch pipe sanitary sewer and 368 linear feet of 10 inch and 12 inch pipe surface drain.

Betterments are to be assessed for the making of the aforesaid improvements.

Ordered, That this Board estimates that the abutting lots of land on both sides of Leland road will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, said lots to the amounts hereinafter set against them, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1216, Sewerage Works, Leland road, West Roxbury, December 19, 1938, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Leland road, West Roxbury, and the construction of the sewerage works therein, under the order of the Board of January 23, 1939, and awards no damages therefor.

TRANSFERS IN APPROPRIATIONS.

City Auditor Charles J. Fox announces the following transfers in appropriations in departments of the City of Boston and County of Suffolk approved by his Honor the Mayor:

AUDITING DEPARTMENT.

BOSTON, January 19, 1939.
as of December 31, 1938.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—Acting under the provisions of section 3 of chapter 486 of the Acts of 1909, I propose with your approval to make the following transfer:

From the appropriation for Reserve Fund, \$10,000, to the appropriation for Contingent Fund, \$10,000.

This transfer is necessary in order to meet executions of court and other claims against the city which will be charged against the December 31 Supplementary Draft. At the present writing, no funds are available within the Contingent Fund to cover these charges.

Respectfully,

CHARLES J. FOX,
City Auditor.

The above transfer was made by the City Auditor with the approval of the Mayor January 26, 1939.

BOSTON, January 23, 1939,
as of December 31, 1938.

HON. MAURICE J. TOBIN,
Mayor of Boston.

SIR,—Under authority of section 3 of chapter 486 of the Acts of 1909, and amendments thereto, I will, with your approval, make the transfers herein requested:

From the appropriation for P. W. D. Water Service, A-1, Permanent Employees, 89 Laborers at \$5, \$2,838.79, to the appropriation for P. W. D., Water Service, Income Division, B-29, stenographic and copying, \$2,838.79.

Respectfully,

CHARLES J. FOX,
City Auditor.

The above transfer was made by the City Auditor with the approval of the Mayor January 25, 1939.

CITY COUNCIL PROCEEDINGS.

BOSTON, December 31, 1938.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the City Council Proceedings:

From the appropriation for Available Sources, Hospital, D-2, \$135.63, to the appropriation for B-1, Printing and Binding, \$135.63.

To cover the cost of printing and binding City Council Proceedings for the year 1938.

Respectfully,

JOHN J. TWOMEY,
Acting Superintendent.

The above transfer was made by the City Auditor with the approval of the Mayor January 27, 1939.

HOUSE OF CORRECTION.

BOSTON, December 31, 1938.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and

forward to the Mayor the following request for transfer within the appropriations of the House of Correction:

From the appropriation for D-2, Food and Ice, \$407.14, to the appropriation for B-4, Transportation of Persons, \$106.54; B-42, Miscellaneous, \$115; B-13, Communication, \$61.25; C-9, Office, \$10.23; D-16, Miscellaneous, \$84.77; E-5, Sewer and Water, \$31.25.

Every employee on the Island, sent out on official business, is paid from B-4, and this amount is needed to pay for same. This money under B-42 is needed for the most part for the curing and smoking of hams. The item B-13, was exceeded due to the fact that more telephone calls were used than were anticipated. The miscellaneous material purchased was absolutely necessary and therefore this transfer is requested. It was necessary to secure water pipe in an emergency and therefore this transfer is requested under E-5.

Respectfully,

HUGH J. CAMPBELL,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor January 27, 1939.

INSTITUTIONS DEPARTMENT.

BOSTON, December 31, 1938.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Institutions Department:

From the appropriation for Child Welfare Division, A-1, Permanent Employees, Deputy Commissioner, 1 at \$3,500, \$664; Clerks and Stenographers, 5 at \$1,600, \$473; Visitors, 8 at \$1,600—\$2,000, \$3; A-2, Temporary, \$106; B-3, Advertising and Posting, \$10; B-4, Transportation of Persons, \$703; B-5, Cartage and Freight, \$14; B-13, Communication, \$9; B-18, Cleaning, \$7; C-7, Furniture and Fittings, \$23; C-9, Office, \$29; C-10, Library, \$4; C-16, Wearing Apparel, \$9,691; D-9, Educational and Recreational, \$16; D-11, Motor Vehicle, \$111; D-13, Chemicals and Disinfectants, \$5; E-13, Materials, \$11; Long Island Hospital, E-13, Miscellaneous, \$1,121, to the appropriation for Child Welfare Division, B-17, Care of Persons, \$13,000.

Transfer required in closing accounts for the year.

Respectfully,

HUGH J. CAMPBELL,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor January 25, 1939.

COUNTY OF SUFFOLK.

MUNICIPAL COURT, CITY OF BOSTON.

BOSTON, December 31, 1938.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Municipal Court, of City of Boston:

From the appropriation for A-1, Permanent Employees, Probation Officers Female, 8 at \$2,600—\$3,500, \$27,100, \$1,884.54, to the appropriation for B-4, Transportation of Persons, \$1,884.54.

It was expected that the motor van for this court would be delivered early in 1938. As a matter of fact it was not delivered until the middle of October, and this transfer is made to cover the care of the horses hauling the two vans previously in use.

Respectfully,

JOHN DUFF,
Acting Chief Justice.

The above transfer was made by the City Auditor with the approval of the Mayor January 25, 1939.

DISTRICT COURT OF BRIGHTON.

BOSTON, December 31, 1938.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the District Court of Brighton:

From the appropriation for A-2, Temporary Employees, \$0.37; B-4, Transportation, \$0.10; B-39, Repairs, \$0.20; D-1, Office, \$1.45; Available Sources, \$7.67; to the appropriation for B-13, Communication, \$9.79.

The amount appropriated for telephone was insufficient to take care of needs because of the inability to properly estimate.

Respectfully,

MARY C. DALY,
Head of Department.

The above transfer was made by the City Auditor with the approval of the Mayor, January 25, 1939.

RETIREMENT BOARD REPORT.

BOSTON, January 31, 1939.

To the Auditor.

At meetings of the Boston Retirement Board, held on the following dates, January 13, January 16, January 18, January 20, January 25 and January 30, the retirement from active service of the following-named employees and members of the Boston Retirement System, was approved to become effective at the close of business, January 31, 1939:

ELECTION DEPARTMENT.

C. Alford Wilton, assistant registrar, salary at time of retirement \$2,200 a year.

FIRE DEPARTMENT.

Robert E. Keane, hoseman, salary at time of retirement \$2,100 a year.

INSTITUTIONS DEPARTMENT.

John H. Burke, transportation officer, salary at time of retirement \$1,900 a year.

PARK DEPARTMENT.

Michael Sullivan, carpenter, salary at time of retirement \$1,872 a year.

Joseph Tisi, laborer, salary at time of retirement \$1,560 a year.

PUBLIC WORKS DEPARTMENT.

John L. Barry, inspector, salary at time of retirement \$2,200 a year.

Cornelius Buckley, laborer, salary at time of retirement \$1,560 a year.

George E. Campbell, blacksmith, salary at time of retirement \$1,872 a year.

Arthur Christie, emergency man, salary at time of retirement \$2,184 a year.

Patrick A. Dolan, inspector, salary at time of retirement \$2,100 a year.

Walter J. Foley, teamster, salary at time of retirement \$1,560 a year.

Edward J. Maher, rammer, salary at time of retirement \$1,560 a year.

William J. McCarthy, laborer, salary at time of retirement \$1,560 a year.

James E. McMullen, inspector, salary at time of retirement \$2,300 a year.

William J. Neville, teamster, salary at time of retirement \$1,560 a year.

Joseph T. Ward, paver, salary at time of retirement \$1,872 a year.

SUFFOLK COUNTY.

Edmund Belban, custodian, salary at time of retirement \$1,664 a year.

Lemuel K. Brock, plumber, salary at time of retirement \$2,340 a year.

Bernard J. Burgass, engineer, salary at time of retirement \$2,340 a year.

Gustave T. Pehrson, engineer, salary at time of retirement \$2,444 a year.

Flourance J. Mahoney, assistant clerk, salary at time of retirement \$4,500 a year.

Donald C. McKay, carpenter, salary at time of retirement \$2,340 a year.

Bernard S. Remick, watchman-janitor, salary at time of retirement \$1,763 a year.

Attest:

WILFRED J. DOYLE,
Chairman.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Varick road, West Roxbury district, as a highway from Temple street to Chesbrough road, bounded and described as follows:

A highway named Varick road is hereby laid out from Temple street to Chesbrough road, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken is bounded and described as follows:

Section I.

Northeasterly by Temple street, forty feet; northwesterly by the line of Varick road, as hereby laid out, two hundred and forty-five feet; southwesterly by Sanborn avenue, forty feet; southeasterly by the line of Varick road, as hereby laid out, two hundred and forty-five feet.

Section II.

Northeasterly by Sanborn avenue, forty feet; northwesterly by the line of Varick road, as hereby laid out, two hundred and twenty feet; southwesterly by Chesbrough road, forty feet; southeasterly by the line of Varick road, as hereby laid out, two hundred and twenty feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Varick road will receive benefit or advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter

set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Varick Road, West Roxbury, Assessment Plan, September 27, 1938, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

This examination is open to both males and females.

The minimum salary is \$3,180 a year; the maximum salary is \$3,720 a year.

Duties: Under general direction, to conduct all formal hearings on appeals from decisions relating to benefit claims under the Unemployment Compensation law; and to perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

UNEMPLOYMENT COMPENSATION COMMISSION, SUPERVISOR OF CLAIMS, MARCH 11, 1939.

Last date for filing applications, Saturday, February 25, 1939, at 12 noon.

This examination is open to males only.

The minimum salary is \$3,000 a year; the maximum salary is \$3,360 a year.

Duties: Dividing the State into six regions, these district or regional supervisors shall be responsible through the Assistant Director to the Director of the Division of Claims and Appeals. They shall direct and co-ordinate the activities of the district and local offices; relay instructions relative to the organization, operation and regulation of local offices; collect and organize information; assist in proper handling of claims; and perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

BOSTON HOUSING AUTHORITY COMMENCES ACTIVE WORK ON BUILDING AREAS.

John A. Breen, Chairman of the Boston Housing Authority, on January 26 announced that the initial installment of the Federal 90 per cent loan for the erection of public housing in Boston had been received through the Federal Reserve Bank. The money, amounting to \$482,000, will be used to pay preliminary expenses in connection with the acquisition of the four proposed sites.

Surveyors and appraisers are already at work in all of the areas, and title examination is being made of the properties. A site census is also being taken by a staff of field workers to give the Authority accurate information concerning the families now living on the site. The school population statistics gathered will be given to Supervisor John P. Sullivan of the Boston School Committee for use in planning school distribution of the children during the transition period between demolition of the present homes and initial occupancy of the completed developments.

As the program progresses, the Authority plans to open an office on each site where a list of dwelling unit vacancies will be on file for reference by families who will move to make room for the new and modern homes which will replace the present dwellings.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Juniper terrace, Roxbury district, as a highway, from Washington street to Juniper street, bounded and described as follows:

A highway named Juniper terrace is hereby laid out from Washington street to Juniper street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by the line of Juniper terrace as hereby laid out, one hundred forty-four and 90-100 feet; easterly by Washington street, twenty-one and 20-100 feet; southerly by the line of Juniper terrace as hereby laid out, one hundred forty-three and 73-100 feet; and westerly by Juniper street, by two measurements, fifteen and 79-100 feet and six and 40-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying-out and construction of Juniper terrace, Roxbury district, as a highway, from Washington street to Juniper street, under the order of the Board of January 26, 1939, and awards no damages therefor.

POLICE DEPARTMENT ORDERS.

General Order No. 290.

The following transfer is hereby ordered to take effect Thursday, January 26, 1939, at 7.45 o'clock a. m.:

Anthony G. Tobin, from Division 6 to Division 2.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 291.

Sergt. Donald B. Fitzpatrick, Patrolmen John J. Sullivan, George J. Harnden and James E. Wightman, all attached to Division 4, are commended for efficient police duty performed in connection with the apprehension of a group of persons who were responsible for a series of breaking and entering and larceny cases in the night-time in business establishments in the South End and Roxbury districts during September and October, 1938, and the recovery of a quantity of merchandise which had been stolen.

The commissioner is pleased to recognize and commend these officers for their zeal and perseverance shown in accomplishing the arrest and successful prosecution of these criminals.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Bonair street, West Roxbury district, as a highway, from Dwinell street to Brook Farm road, bounded and described as follows:

A highway named Bonair street is hereby laid out, as a highway, from Dwinell street to Brook Farm road, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Section I.

Northwesterly by Brook Farm road, forty-four and 68-100 feet; northeasterly by the line of Bonair street, as hereby laid out, one hundred and seventy-five and 81-100 feet; southeasterly by Veterans of Foreign Wars Parkway, forty and 8-100 feet and southwesterly by the line of Bonair street, as hereby laid out, one hundred and ninety-three and 13-100 feet.

Section II.

Northwesterly by Veterans of Foreign Wars Parkway, forty and 8-100 feet; northeasterly by the line of Bonair street, as hereby laid out, three hundred and ninety-six and 12-100 feet; southeasterly by Addington road, forty-four and 41-100 feet, and southwesterly by the line of Bonair street, as hereby laid out, four hundred and seventeen and 98-100 feet.

Section III.

Northwesterly by Addington road, forty-four and 41-100 feet; northeasterly by the line of Bonair street, as hereby laid out, two hundred and seventy-two and 56-100 feet; southeasterly by Dwinell street, forty and 89-100 feet, and southwesterly by the line of Bonair street, as hereby laid out, two hundred and sixty-one and 76-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Bonair street will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Bonair Street, West Roxbury, Assessment Plan, October 15, 1938, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Bonair street, West Roxbury district, as a highway, from Dwinell street to Brook Farm road, under the order of the Board of January 21, 1939, and awards no damages therefor.

EXTRA WORK UNDER CONTRACT.

Interstate Construction Company has been directed to perform the following extra work under the contract for altering and strengthening the Boylston Street Bridge, over the Boston & Albany Railroad. Items ordered: Remove forty-four rail seats, which at present are riveted to the Boston Elevated girders, together with their concrete covering, agreed price, \$220; remove two steel girders, which run the full length of the bridge and are fastened to the City of Boston girders, agreed price, \$100. Estimated cost of extra work (agreed price), \$320.

It is necessary to remove these rail seats and steel girders in order to properly space the floor stringers in the new work.

PROCEEDINGS OF CITY COUNCIL.

Faneuil Hall, January 23, 1939.

Regular meeting of City Council in Faneuil Hall at 2 p. m., President MURRAY in the chair and all the members present.

VETO OF BLUE HILL AVENUE UNDERPASS.

The following was received:

City of Boston,
Office of the Mayor, January 23, 1939.
To the City Council.

Gentlemen,—I return herewith without my signature and disapproved the resolution of your Honorable Body relative to the construction of an underpass at the junction of Blue Hill avenue and Morton street. The necessity for the resolution was the introduction of a bill in the Legislature providing for the borrowing of money by the city outside the debt limit for the construction of the underpass, which bill, under the joint rules, requires the approval of the Mayor and City Council.

There is no doubt that an underpass at Blue Hill avenue and Morton street would greatly improve traffic conditions at that point and would especially benefit through traffic bound south from Boston. However, I do not consider that the City of Boston should assume the burden of financing this project by loan, either inside or outside the debt limit, and accordingly disapprove the resolution.

Respectfully,
MAURICE J. TOBIN, Mayor.

Placed on file.

VETO OF MUNICIPAL BUILDING NEAR FRANKLIN FIELD.

The following was received:

City of Boston,
Office of the Mayor, January 23, 1939.
To the City Council.

Gentlemen,—I return herewith without my signature and disapproved the resolution of your Honorable Body in favor of legislation for the construction of a municipal building in the vicinity of Franklin Field. In 1931, by chapter 294, the Legislature authorized the city to borrow, outside the debt limit, the sum of \$500,000 for this purpose, but presumably on account of conditions no action was taken under that act. The occasion of the introduction of the resolution is to obtain new authority to borrow outside the debt limit for the construction of the building. While I have every sympathy with the efforts of the people of the district to obtain this improvement the city is in no financial condition to undertake any capital expenditures of this nature, and I, therefore, feel obliged to veto the resolution.

Respectfully,
MAURICE J. TOBIN, Mayor.

Placed on file.

VETO OF DOG RACING, READVILLE.

The following was received:

City of Boston,
Office of the Mayor, January 23, 1939.
To the City Council.

Gentlemen,—I return herewith without my signature and disapproved the order of your Honorable Body consenting to the use for dog racing purposes of the land in Readville known as the Readville Trotting Park.

Undoubtedly, the order was adopted relying on the facts that Suffolk County and the ward in which the land is located voted heavily in favor of allowing both horse and dog races and that if any property in this city is to be used for these purposes it would be difficult to find a less objectionable location.

However, since the action of your Honorable Body opposition has developed to such an extent and of such a character that it is almost imperative that I withhold my approval.

I therefore take this action without entering into any discussion or consideration of the moral or financial aspects of dog racing.

Respectfully,
MAURICE J. TOBIN, Mayor.

Placed on file.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Weighers of Coal: Walter Lehman, 68 Orchard street, Medford, Mass.; Huey McKenzie, 3001 Washington street, Jamaica Plain, Mass.; Phyllis Cassari, 47 Warren avenue, Charlestown, Mass.

Constables of the City of Boston to serve without bond: Anthony Hanna, 521 Shawmut avenue, Ward 9; Charles L. Forristall, 40 Pinckney street, Ward 5.

The individuals above named are replacements of constables who have resigned from the city service.

Severally laid over a week under the law.

SPECIAL TAXI STAND PERMITS FOR 1939.

The following was received:

City of Boston,
Office of the Mayor, January 20, 1939.
To the City Council.
Gentlemen,—I transmit herewith letter from the Police Commissioner relative to your order of January 16, 1939, concerning special stand permits for taxicabs issued during the current year.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Police Department, January 18, 1939.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your communication of January 17, inclosing copy of order of the City Council, dated January 16, relating to special stand permits for taxicabs issued during the current year, and providing that such permit be temporary only until the report is filed by the City Council Committee on Public Safety, on the question of adoption of provisions of statute considered by the voters on November 8, 1938.

You will please be advised that this order will receive my earnest consideration.

Very truly yours,
JOSEPH F. TIMILTY,
Police Commissioner.

Placed on file.

CONSTRUCTION OF ELTON AND VICTOR STREETS.

The following was received:

City of Boston,
Office of the Mayor, January 20, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of December 19, 1938, concerning the construction of the following streets: Elton street and Victor street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
January 14, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works resurface the following streets in Ward 13, under the W. P. A. plan of construction: Elton street and Victor street.

Kindly be advised that I will have the above-named streets submitted on a W. P. A. project for construction this year.

Respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

CONSTRUCTION OF WARD 10 STREETS.

The following was received:

City of Boston,
Office of the Mayor, January 20, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of December 19, 1938, concerning the construction of the following streets: Wyman street, Wait street, Alleghany street, all in Ward 10.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
January 14, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works resurface the following streets in Ward 10 under the W. P. A. plan of construction: Wyman street, Wait street, Alleghany street.

Please be advised that Wyman and Wait streets will be submitted on a W. P. A. project for construction this year.

Alleghany street, from Terrace to Parker streets, will likewise be submitted on a W. P. A. project. That portion of Alleghany street from Parker to Calumet streets is a private way and will have to be accepted by the Board of Street Commissioners, Room 401, City Hall Annex, before this department is able to give it any consideration in the matter of construction.

Respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

FIRST-AID ASSISTANCE ON PLAYGROUNDS.

The following was received:

City of Boston,
Office of the Mayor, January 20, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your

order of January 9, 1939, concerning the provision of an attendant experienced in first-aid assistance, with proper facilities, at each of the field houses on the various playgrounds in the City of Boston.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, January 16, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—I am in receipt of memo. from your office under date of January 11, 1939, with inclosure, order from the City Council relative to providing for the presence of an attendant experienced in first-aid assistance, with proper facilities, at each of the field houses on the various playgrounds in the City of Boston.

Our athletic instructors on each playground are competent to render first-aid to any person injured while they are on duty, and the matrons at the various playgrounds are competent to tie a bandage.

I will make provision in the budget for necessary medical supplies, so that each field house may have first-aid equipment.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

GIFT OF LAND TO CITY FOR PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, January 23, 1939.
To the City Council.

Gentlemen,—In 1919 Sarah Frances King Nash deeded to the City of Boston a certain parcel of land located at Mill and Mt. Vernon streets, Dorchester, to be used as a playground for small children, said land, however, to be held in trust by the Massachusetts Homeopathic Hospital just so long as the said land is used for hospital purposes.

The Massachusetts Homeopathic Hospital is no longer using this parcel of land for hospital purposes, and has offered to release all its rights in said land to the City of Boston. The accompanying order is for the purpose of accepting the provisions of the deed of the above-mentioned Sarah Frances King Nash, giving to the City of Boston absolute title to the said parcel of land for playground purposes. I recommend passage of this order by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Law Department, December 12, 1938.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I am inclosing a proposed order to be introduced in the City Council, providing the matter meets your Honor's approval.

You will doubtless remember that by a letter dated August 3, 1938, I replied to a communication from your office relative to the acceptance by the City of Boston of the property situated at the corner of Mill street and Mt. Vernon street, Dorchester, for playground purposes. By a letter dated July 21, 1938, Mr. William P. Long, Chairman of the Park Department of the City of Boston, addressed to Mr. William E. Burke, who was then Assistant Corporation Counsel in this office, stated in effect that he had no funds to maintain the said premises as a playground. By a letter dated October 17, 1938, and addressed to Mr. Walter J. O'Malley, Assistant Corporation Counsel, Mr. William P. Long, Chairman of the Park Department, stated:

"This department has no funds for the construction of this playground, but I will make up a project and have the work done by the Federal Government; but the maintaining of same as a children's playground will have to be taken care of by the City in 1939."

A petition for instructions has been filed in the Probate Court for the County of Suffolk by the Massachusetts Memorial Hospitals which in effect sets forth that the said premises are no longer being used for hospital purposes and that the said Massachusetts Memorial Hospitals wishes to be relieved of the trust set forth in the deed of the said premises to the Massachusetts Homeopathic Hospital, now the Massachusetts Memorial Hospitals, by Sarah Frances King Nash.

The Massachusetts Memorial Hospitals set forth that it is willing to convey the said premises to the City of Boston or to the heirs of the said Sarah Frances King Nash. The description of the said premises is set forth in the accompanying order, as are also the provisions of the trust under which the said premises must be held.

Very truly yours,
HENRY PARKMAN, JR.,
Corporation Counsel.

Whereas, By deed dated November 20, 1919, and recorded with Suffolk Deeds, Book 4184, page 369, Sarah Frances King Nash, widow, of Brookline, County of Norfolk and Commonwealth of Massachusetts, conveyed in trust to the Massachusetts Homeopathic Hospital, a corporation organized under the laws of the Commonwealth of Massachusetts and now known as the Massachusetts Memorial Hospitals, a certain parcel of land with the buildings thereon, situated in that part of Boston called Dorchester and bounded and described as follows:

"Beginning at the corner of Mill street and Everett street, thence running northwesterly on Everett street two hundred and thirty-five (235) feet, more or less, to Elm street; thence running southwesterly by said Elm street two hundred and fifty-eight (258) feet, more or less, to land formerly of Pope; thence running southeasterly by said last mentioned land seventy-five (75) feet, more or less, to land formerly of E. T. Loring; thence running northeasterly seventy (70) feet, more or less, by said land formerly of Loring; thence running southeasterly again by said land formerly of Loring two hundred and one and 2-10 (201.2) feet, more or less, to Mill street; thence running northeasterly again by Mill street one hundred and eighty-eight (188) feet, more or less, to the point of beginning, containing 50,610 square feet, more or less. For my title see will of my late father, Franklin King, duly probated in Suffolk County and deed of Samuel G. King and others, trustees under the will of said Franklin King, to me dated December 29, 1898, and recorded with Suffolk Registry of Deeds, Book 2580, page 632. See, also, deed of Robinson to King recorded with Norfolk Deeds, Book 142, page 125; deed of Robinson to King recorded with said Norfolk Deeds, Book 151, page 67; and deed of Loring to King recorded with Suffolk Deeds, Book 2269, page 351."

Whereas, The said Massachusetts Homeopathic Hospital under the provisions of said deed obtained title to the said premises to be held in trust by it as follows:

"... to preserve and keep the buildings and fences now on, or hereafter placed upon, the premises in good repair and condition, with the right to remove any and all such buildings and fences (the dwelling house now on the premises if removed to be demolished) and to erect a new structure or structures for hospital purposes thereon; to improve and occupy the granted premises for its own hospital purposes only; to pay all charges and assessments of every kind upon or against the same; this trust for the benefit of said Massachusetts Homeopathic Hospital to continue so long and so long only as said hospital shall perform each and all of said provisions of trust; and thereafter in trust for the City of Boston to be used and occupied by said city as a playground for young children approximately under the age of twelve years, and to convey the same to said city if necessary to vest title thereto in it, but if the trust for the benefit of the said hospital shall terminate within twenty-one years of the date of this deed and the dwelling house now on the premises shall at that time be standing thereon, the right of the City of Boston to use and occupy the same shall be subject to the condition precedent that the said city shall tear down and remove the same."

Whereas, The said Massachusetts Homeopathic Hospital is no longer using the said premises for hospital purposes and has offered to convey the said premises to the City of Boston to be held by it under the provisions of said deed; now, therefore, it is hereby

Ordered, That the conveyance of the above mentioned premises described in a deed to the City of Boston from the said Sarah Frances King Nash, dated November 20, 1919, and recorded with Suffolk Deeds, Book 4184, page 369, be, and the same hereby is, accepted by the City of Boston, according to the provisions and terms set forth in said deed.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, when appointed, viz.:

Claims.

Asaph Churchill Company, for compensation for damage to property at 293 Congress street, caused by water being shut off.

TAKING OF LAND AT MORTON STREET.

Notice was received from the Metropolitan District Commission of taking of land at Morton street for purpose of constructing a high-pressure water main.

Placed on file.

COUNCILOR WILSON CHAIRMAN OF EXECUTIVE COMMITTEE.

President MURRAY announced the appointment of Coun. Wilson as chairman of the Executive Committee.

SPECIAL COMMITTEES.

Coun. ENGLERT offered the following: Ordered, That special committees be appointed by the President to consider the subjects indicated by their titles and such other matters as may be referred to them from time to time:

Building Code, five members.
Constables, three members.
Hospitals, five members.
License Fees, five members.
Parks and Playgrounds, five members.
Public Welfare, five members.
Public Safety, seven members.
Tax Title Property, five members.
Unclaimed Baggage, three members.
Passed under suspension of the rule.

COUNCILOR NORTON'S POSITION ON DOG TRACK.

Coun. WILSON—Mr. President, I desire at this time to make a statement for the record, concerning the City Council action taken last Monday on the subject of the Readville race track. I desire to do so as the acting chairman of the Executive Committee last week. I am impelled to do so because of the nature of public statements made, by a member of this body following last week's meeting, statements which in my opinion not only were positively untrue and grossly misleading, but which by direct inference were automatically a reflection on each and every member of the Boston City Council with the exception of the gentleman who gave out the statements. I had hoped that the councilor was misquoted in the newspapers on Tuesday and Wednesday, until there came into my hands a five and one half page typewritten statement on City Council stationery, dated January 18, 1939, and entitled "Statement of Councilor Clement A. Norton." I shall read it. If the councilor did not himself issue the statement I trust he will deny it; if he did issue the statement, I believe he owes every member of the body an immediate apology, and a retraction of the misstatements made. This is the statement:

"The passage of the so-called Readville dog track bill through the City Council, being introduced and passed in one day, is the all-time speed record for the passage of such legislation. Why the rush? Why the speed?

"I personally requested the Council in executive session to postpone action for at least a week until public hearings could be held, but this was voted down. Then I understood that an opportunity would be afforded for such hearings after a new Council President had been elected and the Council had been reorganized into committees, something that is done the first of each year.

"The thing was worked very cleverly. No roll call vote was taken. It was shot through at a time when the Council was feverishly engaged in seeing to it that no unfit man was elected President of the body. The first I knew of the matter being passed was when I read of the action that was taken in the following morning's papers. I had heard remarks about people connected with dog tracks and the manner in which they operated, but this was my first experience.

"As a rule, such an important matter is discussed in the Council for weeks and months, such as the present taxi bill, and I had no doubt whatever that such would be the case in this instance. But no. It was merely a case of 'All in favor say Aye. All against No. It's a vote, and so ordered.' Never in my experience has such an important vote been pushed through the Council without a roll call. As a matter of fact, this vote was put through while I was absent from

the Council Chamber, having been called out for five minutes by a constituent, but whether present or not, it would have gone through anyway. My request to postpone action for a week in executive session had been voted down.

"I shall protest to the Mayor and Racing Commission that as the councilor from the ward where the race track was to be located, I at least should have been given the opportunity of having a vote on the matter, and such high-handed methods should be condemned.

"I informed the Council in executive session that I knew nothing about dog racing, had never seen a dog race in my life, and would like to find out what it was all about through hearing all sides at duly conducted public hearings. But no, such a procedure was not to be followed.

"Such tactics will surely lead to the defeat of dog racing, for the rank and file of people demand fair play, and when an opportunity to present both sides of the case is denied the people, then the side which engages in such methods is sure to lose.

"The dog track people have started off on the wrong foot. If this is a sample of the way they operate, then the district wants none of them.

"For a representative body to deny clergymen, business leaders and others a chance to be heard on a matter which vitally affects a district is undemocratic to say the least.

"I shall vigorously protest to the Mayor and Racing Commission against the high-handed tactics followed in this matter. Tactics which turned down my request that public hearings be held and the matter postponed. Tactics which rushed through the Council, in the few minutes that I was absent from the chamber, such an important issue without a roll call vote.

"On top of this, my stand in the matter was deliberately misrepresented.

"If this is a sample of the way the dog track people operate, we don't want them. It's my sole aim to protect the best interests of the decent people of the ward."

I am not surprised to see a look of blank amazement on the face of practically every member of the Council as I read that statement. It plainly is a statement intended to paint a picture for the people of Hyde Park which would feature their city councilor, standing almost alone, in a courageous but hopeless struggle against a high-handed majority in the City Council bent on jamming a petition through the Council without a public hearing, a Council roll call, or even debate. You gentlemen, who were present, know that this statement by the city councilor from Ward 18, which I have just read, fails even remotely to approximate a correct report of our meeting last Monday. The statement is unfair. The statement is untrue. Now let me state for the record just what did occur at the City Council meeting concerning this matter on January 16. The Assistant City Clerk read to the Council the title of a petition filed with the City Clerk requesting that permission be granted for dog racing use of certain land in the Readville section of Boston. The petition was referred by Councilor Shattuck, as petition officer, to the Executive Committee for consideration by the entire Council membership in recess. At the meeting of the Executive Committee, over which I presided, during the usual recess, the only matter officially before us was the above petition. Councilor Norton was present during the entire meeting of the committee from beginning to end, as were most members of the Council, and representatives of the usual Boston newspapers. I read the petition to the committee. Councilor Kerrigan moved the petition ought to pass. Councilor Rosenberg suggested the advisability of referring the matter to a Council committee and that public hearings be held. The Assistant City Clerk called to the attention of the Council that no president having as yet been elected for 1939, no Council committees had been appointed. Several members of the Council stated that any hearings should properly be held by the State Racing Commission, and that the City Council should not become involved in any more public hearings. As chairman, I asked the Assistant City Clerk concerning Council powers in the matter. He expressed the opinion to the committee that our vote was merely one of consent to the use of a definitely described location for racing purposes, but that only the State Racing Commission could grant the license to actually conduct a track. I then specifically called upon Councilor Norton to express his views, stating that as the representative from the Readville district he should be best qualified to report local sentiment on the matter. The councilor from Ward 18 stated the people in his ward had voted "Yes" on the dog racing referendum last November. He apparently had already considered the subject, for somewhat to my surprise he informed us that the secretary of the proposed Readville Greyhound Association had been to his home a week before and told him of the plan. The Councilor said the proposed location was the old Readville trotting track which was now like a deserted village and on the end of nowhere. He said some of the old blacksmith shops that were used in the old horse racing days were still there, and that quite a few of the people who worked at the old trotting track over thirty years ago, or their families, still lived there. As I remember it, I think he said he himself worked there for a while as a boy. He said such a track would put people back to work. He said "The ward has voted in favor of racing; and this old abandoned

track is there now,—out at the end of nowhere.' Councilor Rosenberg repeated his motion that the petition be referred to a special committee of the Council and that a public hearing be held. Councilor Norton did not urge the adoption of this motion. He stated he had "no objection" to a hearing; but he thereupon read from a piece of paper in his hand the exact figures of the Ward 18 vote on the dog racing referendum: Yes—9,692; No—4,434. I put Councilor Rosenberg's motion. On the customary voice vote the motion was clearly defeated. On Councilor Kerrigan's motion it was then voted that the petition be reported back "Ought to pass." The only other matter to even come up at the Executive Committee meeting was an inquiry by Councilor Taylor as to the response, if any, by the Board of Assessors, to an earlier invitation to appear before the Council. On being told that only Secretary Doherty was available, Councilor Taylor announced he would press his request at the next meeting or demand a Finance Commission investigation and Councilor Norton, still present in the room, stated he felt Councilor Taylor was entirely right. The Executive Committee thereupon adjourned, and the members of the Council re-assembling were called to order by Councilor Shattuck. As chairman, I submitted the one report for the Executive Committee. It was accepted, and the order was passed. The vote was not doubted. There was no request for a roll call. Councilor Norton, although he was not in his seat beside me, was positively in the Council Chamber, talking at the rear of the room. I looked for him, because I anticipated he would make some brief statement for the record. A brief order submitted by Councilor Irwin was voted without discussion, and then on motion of Councilor Fitzgerald the Council proceeded to take a ballot for President for the year 1939. Councilor Norton was present and voted on that ballot. If I have incorrectly stated any part of what substantially were the events of last Monday's meeting, I would be very glad to have correction made at this time for the record. I make these statements without fear of honest contradiction. The Councilor from Ward 18 did not "personally request the Council in executive session to postpone action for at least one week until public hearings could be held." He was not "voted down" on any such motion. He made no such motion. The measure was not "shot" through the City Council. It was passed in the usual course after members of the Council had heard the remarks of the councilor from Ward 18 in full, and especially the referendum figures which he read, to the effect that the recently expressed sentiment in his ward was 9,692 to 4,434 in favor of dog racing. The councilor from Ward 18 was not absent, either when the vote in the Executive Committee, or the vote in the Council, was recorded. It is the privilege of any member of the Council to doubt the announced result of any vote on any subject at any time. The councilor did not doubt the vote; nor did he request a roll call to determine a doubt in his mind which did not exist. The councilor further knows that, except on loan orders, a roll call on any vote is the exception rather than the rule. Let me call the councilor's attention to the City Council minutes of April 21, 1935, the records of which show him to have been present. Councilor Selvitella on that day offered an order: "That the City Council of the City of Boston consent to the location of a track for racing horses in that part of East Boston known as Suffolk Downs, bounded by Bennington street, the Radial Highway, Waldemar avenue, and Revere Beach Parkway, more specifically described in an application made to the State Racing Commission by the Eastern Racing Association, Inc." That order was passed under suspension of the rule, without a roll call,—and incidentally without even being referred to the Executive Committee. The action was never questioned. Nor was there any "high-handed" procedure in last Monday's vote. The councilor from Ward 18 not only did not oppose the petition; but if I can understand English, he actually sponsored it. He may or may not have failed to correctly judge the desires of his district—just as he varied from the majority sentiment in his ward on the question of Federal housing. But he had no right this past week to distort and deliberately misrepresent facts. I have tried to be fair in what I have had to say. I have tried to temper my remarks, despite great provocation to do otherwise. But I feel very strongly that the record should be straight in this matter,—and I am setting it straight.

Coun. ROSENBERG—Mr. President.

President MURRAY—For what purpose does the gentleman rise?

Coun. ROSENBERG—I ask unanimous consent to make a statement.

President MURRAY—If there is no objection the gentleman may proceed.

Coun. ROSENBERG—Mr. President, I desire to say just a word. Reference has been made to the manner in which the newspapers reported the proceedings of the last Council meeting, particularly concerning the dog track controversy which took place in the Executive Committee chamber. The report as it appeared in the morning papers was, to my mind, an accurate and fair account of the proceedings which took place, and I would like to offer one of the reports for the record, to be inserted in the minutes of our meeting.

The motion was carried, and Coun. ROSENBERG submitted the following from the Boston Post of January 17, 1939:

"Without debate or public discussion and brushing aside a recommendation that public hearings be held on the matter, the Boston City Council yesterday placed its stamp of approval on the proposed dog track and granted permission to the association to go ahead with its plans.

News that the City Council had given its sanction to the proposed dog track less than an hour after the petition came before it was at first greeted with disbelief in Readville, Hyde Park and Roslindale. A storm of opposition and protests mounted as word of the dog track move spread through that section of Boston.

The petition now goes to Mayor Tobin for his action. His veto would automatically kill the move. If he follows the example of the Council and approves it, the Readville Greyhound Association would then have to obtain the sanction of the State Racing Commission.

When the petition of the Readville Greyhound Association was read before the City Council yesterday, it was referred to the Executive Committee by Councilor Henry L. Shattuck, then acting President of the body.

In the executive session Councilor Sidney Rosenberg of Dorchester recommended that a special Council committee be designated to hold public hearings at which the people of Readville would be given an opportunity to express their sentiment on the dog track plan.

Motion for Hearing Defeated.

Councilor John E. Kerrigan maintained that if such hearings should be held they should more properly be staged before the State Racing Commission. Other members maintained that the Council should not become involved in any more public hearings.

Councilor Rosenberg protested that there was 'no necessity for railroading this thing through at this meeting.' His motion to hold public hearings was defeated, however.

Pointing out that the track would be located in the ward represented by Councilor Clement A. Norton, Councilor Robert G. Wilson, presiding at the executive meeting, declared the body should be guided to a large extent by Norton's wishes.

Councilor Norton said the people of his ward voted in favor of dog racing by a margin of 9,692 to 4,434. He declared he first learned of the dog track move when he was visited by the secretary of the association and informed of the plans.

He stated the old Readville trotting track has been 'like a deserted village' for many years, and he announced that he favors 'anything that will put a few people to work if it is conducted properly and honestly.'

'The ward has voted for it,' he told his fellow councilors. 'It's now an abandoned track on the end of nowhere. Now if it's possible to put a few of the unemployed persons out there to work, and if this thing is conducted honestly, I'm for it.'

Council Approves Without Debate.

Rosenberg insisted that the people of Norton's ward should be given a chance to express their feelings on the matter and contended that many persons who last November voted on the question of dog racing in Suffolk county assumed they were voting on the retention or abolition of the Revere track and had no idea a track might be opened in their own district.

Councilor Kerrigan moved that the measure be recommended back, 'ought to pass.' The motion was carried, and on the floor of the Council the petition was approved under suspension of the rules, without debate and without a dissenting vote.

Councilors Wilson and Rosenberg later stated that if Councilor Norton felt the track would be in the best interests of his ward, they were willing to accept his judgment, pointing out that Norton should be in the best position to judge the desires of his own district."

CONFIRMATION OF APPOINTMENT.

President MURRAY called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointment submitted by the Mayor January 18, 1939, of Arthur E. Byrnes, to be a constable with authority to serve civil process upon filing bond.

The question came on confirmation. Committee, Coun. Irwin and Sullivan. Whole number of ballots 15; yes 14, no 1, and the appointment was confirmed.

SOLDIERS' RELIEF.

Coun. IRWIN, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of January.

Report accepted; said order passed.

CONDEMNING PUBLIC STATEMENTS ON PENDING MATTERS.

Coun. IRWIN offered the following:

Ordered, That the City Council hereby goes on record as condemning the action of any member of its body who issues public statements or expresses

his individual opinion in the press on any matter which is pending before any committee of the Council.

Coun. IRWIN—Mr. President, I have offered this order because of various public statements made by a member of this body, expressing his individual opinion on matters pending before us and upon which committees are holding hearings, before there is a final decision or report by the committee. I was very much pleased to see Councilor Wilson stand up here and make the statement he has made concerning the councilor from Hyde Park. While I have been but a few short years in public life, I have never before seen such statements as those which have appeared in the newspapers in regard to matters pending before the body and which have not been acted upon. They are an insult to every member of this Honorable Body. We have seen such statements by a member of the Council not only in regard to the dog tracks but also in regard to the taxicab situation. I think in all fairness to the taxicab committee, of which I am not a member but in which, from my observation, Chairman Taylor has given an absolutely fair and impartial hearing to both sides, such insinuations and remarks as have been cast abroad should never have emanated from a member of this body. While as an individual councilor I have not made up my mind whether I shall vote for public or private stands, I certainly do not like to see any councilor taking a position which gives the impression to the public that something is going on which is not just right. Like any legislative body we are supposed to be governed by certain rules of conduct, and no member of the body should at such a time express a personal opinion which would seem to cast reflections on his fellow members. We have the committee meetings to help us form our opinions. While I know that there is nothing binding about the order, I would certainly like to see the Council taking some action which will express its opinion about what has been going on. It certainly is not right when individual members will go out, when matters are pending before us upon which a decision has not been made, and try either to get cheap publicity or to throw suspicion on fellow members, by such statements as we have heard. I personally have never been suspicious of the motives or actions of other members of the body, and I do not believe in getting up here and expressing personal opinions of other people, while things are being considered and no judgment has been arrived at. We are here to give our opinions when the proper time comes, not endeavoring in the meantime to obtain cheap individual publicity, and when the proper time does come I think every member here has sufficient intelligence to express his opinions and render his decision. If possible, I would like to see this order referred to the Committee on Rules and to have a rule made under which no member would issue an individual opinion or statement to the press on any matter pending before the body.

Coun. WILSON—Mr. President, with reference to the taxicab hearings, I agree with the councilor from East Boston that the chairman of the committee (Coun. Taylor) has been extremely patient and has given both sides a full opportunity to be heard. But I am one of those members of the Council who believe I express the unanimous sentiment of the body when I say that those hearings should be completed at the earliest possible moment, for the reason that permits for special stands granted by the Police Commissioner are supposed to be granted on or before the first of February each year. We made a request of the Police Commissioner last week that any licenses to be granted this year, on or before the first of February, should be temporary licenses only, and it is rather significant that the Police Commissioner in his answer to the Council today, instead of saying that such licenses would be temporary, said he would be pleased to give our request his early consideration. The fact is that before the special committee on taxicabs can hold another meeting and make its final report to the Council, we will be right at the date when licenses for special stands are customarily granted; and I also remember, as set forth in our records, that not only has the Police Commissioner stated that it will take at least ninety days to organize a new arrangement, if there is to be a change in the present procedure, but it has also been suggested that a survey be made of other cities of the country. Meanwhile, petitions have been filed in the Legislature which, if acted upon favorably, would overturn the mandate of the people. For that reason I believe all the circumstances of the case demand immediate action on the part of the committee.

Coun. TAYLOR—Mr. President, I am chairman of the particular taxicab committee to which both councilors have referred, and myself was rather embarrassed to read in the Boston newspapers the opinions of several members of the committee. It was embarrassing to me, and I feel that it must have been embarrassing to other members of the committee, because I believe we sit in a somewhat quasi-judicial capacity in holding public hearings which will assist us to form our opinions. I do not believe any councilor, particularly a member of a committee, should express his opinion publicly in reference to a matter pending before the committee. It certainly has a tendency to give notice to the public that the committee is prejudiced in favor of one side or another, although I think during the hearings the great majority of the members of the board showed that they were impartial in their willing-

ness to hear both sides. The chairman of the committee has tried to be as expeditious as possible in completing the hearings and at the same time giving both sides an opportunity to be heard. Fortunately or unfortunately, the questions asked have resulted in a prolongation of each hearing, but I do want to say for the record that the Committee on Public Safety is intending to bring the matter to a conclusion, and that tomorrow we shall have our last hearing so far as public hearings are concerned. Later in the week, possibly on Friday, the committee will meet in executive session and will then submit a report next Monday, so that the matter may come before the Council in time for the Police Commissioner to act as he may see fit.

The order was referred to the Committee on Rules.

REINSTATEMENT OF THOMAS J. O'CONNOR.

Coun. IRWIN offered the following:
Resolved, That the City Council of Boston hereby favors the enactment of legislation authorizing the reinstatement of Thomas J. O'Connor as a member of the Boston Police Department, provided that such legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rule.

PAYMENT TO MOTHER OF JOHN MCGONAGLE.

Coun. FITZGERALD offered the following:
Resolved, That the City Council of Boston hereby approves the enactment of legislation whereby the City of Boston may be authorized to pay a sum of money to the mother of John McGonagle, who died from injuries received by the falling of a wall at the Morton Street Playground, provided that such legislation includes a referendum to the Mayor and the City Council.

Passed under suspension of the rule.

PAYMENT TO FATHER OF JOSEPH TAYLOR.

Coun. FITZGERALD offered the following:
Resolved, That the City Council of Boston hereby approves the enactment of legislation whereby the City of Boston may be authorized to pay a sum of money to the father of Joseph Taylor, who was drowned while bathing in the Charles river, provided that such legislation includes a referendum to the Mayor and the City Council.

Passed under suspension of the rule.

PAYMENT TO PARENTS OF JOSEPH PULIATTI.

Coun. FITZGERALD offered the following:
Resolved, That the City Council of Boston hereby approves the enactment of legislation whereby the City of Boston may be authorized to pay a sum of money to the parents of Joseph Puliatti to compensate them for his death sustained at the Nashua Street Playground, provided that such legislation includes a referendum to the Mayor and the City Council.

Passed under suspension of the rule.

ADDITIONAL JAMAICA PLAIN SERVICE.

Coun. LANGAN, ENGLERT, CAREY and CHASE offered the following:

Ordered, That the trustees of the Boston Elevated Railway be requested, through his Honor the Mayor, to immediately arrange for additional street car service on the Jamaica Plain line, between Park street and the Arborway Station.

Coun. LANGAN and ENGLERT offered the following:

Ordered, That the trustees of the Boston Elevated Railway be requested, through his Honor the Mayor, to immediately arrange for additional street car service on the Jamaica Plain line, between Dudley Street Terminal and the Arborway Station.

Severally passed under suspension of the rule.

OPENING OF FIELD HOUSE, PARKMAN PLAYGROUND.

Coun. LANGAN offered the following:
Ordered, That the Park Commissioners be requested, through his Honor the Mayor, to immediately open the Field House at the Parkman Playground on Wachusett street, Jamaica Plain, and arrange for the attendance of a custodian to insure the safety of the children using this playground for their athletic activities.

Coun. LANGAN—Mr. President, there is no custodian located at the Parkman Playground on Wachusett street, Jamaica Plain, which has been flooded for skating purposes. There is also on that playground a field house, which has been closed for the last three months. I am asking

that the Park Commissioner have that field house open for the convenience and comfort of the children and young people who participate in sports on the playground. The requests along this line have been ignored. As a result, young children have been forced to place their shoes at the side of the playground, at the edge of the highway, and other children have taken them and in some instances have put them in the fire started by children to keep themselves warm. Several accidents have occurred there in the last month, and there is now nobody in the field house to attend to those who may be injured. I ask the passage of the order so that the children engaged in athletic sports on the playground may be properly taken care of.

The order was passed under suspension of the rule.

SURVEY OF TRAFFIC, ALLSTON-DUDLEY STREET LINE.

Coun. CAREY offered the following:
Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to make a thorough survey of its passenger traffic on the Allston-Dudley street line with a view to making a much-needed improvement in this service.

Passed under suspension of the rule.

TRAFFIC SIGNALS, BRIGHAM CIRCLE.

Coun. CAREY offered the following:
Ordered, That his Honor the Mayor be requested to arrange for the immediate transfer from the sale of tax title property, or from some other fund, of a sum sufficient to cover the installation of traffic signals at Brigham Circle, Ward 10.

Coun. CAREY—Mr. President, at Brigham Circle is one of the worst traffic menaces in the entire city, due to the width of Huntington avenue at that intersection. Two street car buses of the Boston Elevated pass through the area, and because of the churches, hospitals and schools in the vicinity, foot traffic is constant and needs protection from the thousands of automobiles that daily speed through. At the present time along Huntington avenue two water mains, one of 30 inches and the other of 36 inches are being replaced with one large pipe measuring 48 inches. This work has necessitated opening up a trench of about 8 feet in width from the overpass on Huntington avenue in through Brigham Circle to Tremont street. As a result Huntington avenue is and will be for many weeks to come, open to but one-way automobile traffic. It seems that at the present time, while the work of laying this new main is going on, attention should be given to the necessity for these traffic signals. These lights have got to be installed some day soon and it is quite possible that certain expense can be saved by having installation made while the area is torn up and traffic impeded incidental to the laying of the water main. I accordingly ask for favorable passage of my order.

Passed under suspension of the rule.

RECESS.

On motion of Coun. FITZGERALD the Council voted at 2.48 p. m. to take a recess subject to the call of the Chair. The members reassembled and were called to order by President MURRAY at 4.50 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. WILSON, for the Executive Committee, submitted the following:

1. Report on message from Mayor and order (referred today) accepting land deeded by Sarah Frances King Nash to Massachusetts Homeopathic Hospital to be held in trust for use for hospital purposes but to be given the city for playground purposes when such hospital use ceased—that same be passed.

Report accepted; said order passed.

2. Report on order (referred January 16) that School Committee reconsider their action in connection with establishing six-year evening course at Central Evening High School—that same ought to pass.

Report accepted; said order passed.

3. Report on order (referred January 16) that School Committee be requested to rescind regulation calling for a four-year minimum age limit for children entering kindergarten and permit entrance of children who are four years on or before October 1st of year of application for entrance—that same ought to pass.

Report accepted; said order passed.

COMMITTEES APPOINTED.

President MURRAY appointed the following committees:

STANDING COMMITTEES OF THE CITY COUNCIL.

Executive.

All the members, Coun. Wilson, chairman.

Appropriations.

Coun. Chase, Shattuck, Carey, Norton, Rosenberg, Agnew, Langan.

Claims.

Coun. Langan, Irwin, Galvin, Taylor, Kelly.

County Accounts.

Coun. Carey, Harris, Kelly, Lyons, Galvin.

Finance.

Coun. Shattuck, Fitzgerald, Agnew, Englert, Taylor, Irwin, Kelly.

Inspection of Prisons.

Coun. Fitzgerald, Shattuck, Kerrigan, Taylor, Rosenberg.

Jitney Licenses.

Coun. Englert, Agnew, Taylor, Fish, Rosenberg.

Legislative Matters.

Coun. Norton, Shattuck, Fitzgerald, Wilson, Irwin.

Ordinances.

Coun. Taylor, Englert, Wilson, Langan, Carey, Sullivan, Kelly.

Parkman Fund.

Coun. Kelly, Lyons, Norton, Galvin, Hutchinson.

Printing.

Coun. Sullivan, Fish, Lyons, Harris, Galvin.

Public Lands.

Coun. Irwin, Fitzgerald, Agnew, Englert, Langan.

Soldiers' Relief.

Coun. Englert, Irwin, Kelly, Fish, Harris.

Rules.

Coun. Fitzgerald, Shattuck, Kerrigan, Agnew, Wilson.

The first named in each instance to be chairman of the respective committees.

President MURRAY—Next week the Chair will announce the appointments to the special committees.

SURVEY IN EAST BOSTON FOR FEDERAL HOUSING.

Coun. IRWIN offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to make a survey of the East Boston district with a view to determining on a site for a Federal Housing Project.

Passed under suspension of the rule.

AMOUNTS PAID TO EDWARD P. CASSELL.

Coun. CHASE offered the following:

Ordered, That his Honor the Mayor advise the City Council of the total amount of fees paid to Edward P. Cassell for services rendered as real estate expert for the City of Boston for the past six years.

Coun. CHASE—Mr. President, if I understand it correctly, Mr. Cassell has received annually \$40,000 in fees from the City of Boston as a real estate expert. I am also informed that in some years he has received more. I cannot personally conceive of any real estate expert having that value to the City of Boston, when we stop to consider that the Governor of the Commonwealth gets only \$10,000 a year, with much more important duties to perform than this real estate expert, and that the Mayor of Boston is receiving only \$20,000 and has much more responsibility. The President of the United States, too, gets only \$75,000 a year and if this real estate expert gets \$40,000 he gets more than half what the President of the United States is getting. I hope that the board will pass that order.

The order was passed under suspension of the rule.

TRAFFIC LIGHTS, WESTLAND AVENUE AND HEMENWAY STREET.

Coun. CHASE offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install adequate traffic signal lights at the intersection of Westland avenue and Hemenway street, Ward 4.

Passed under suspension of the rule.

RESURFACING OF RUGGLES STREET.

Coun. CHASE offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth type pavement Ruggles street, Ward 4, under the W. F. A. type of construction.

Passed under suspension of the rule.

MUNICIPAL BUILDING, FRANKLIN FIELD.

Coun. ROSENBERG offered the following:

Ordered, That the trustees of the George Robert White Fund be requested, through his Honor the

Mayor, to consider the advisability of erecting a municipal building on Franklin Field from the income of said fund.

Coun. ROSENBERG—Mr. President, in view of the message from the Mayor, vetoing a resolution in favor of legislation for construction of a municipal building in the vicinity of Franklin Field, stating that in 1931 the Legislature had authorized to borrow outside the debt limit \$500,000 for this purpose, but that presumably on account of conditions no action had been taken under the act, and that the city is now in no financial position to borrow outside the debt limit for this purpose, it occurred to me that it might be advisable at this time to attempt to get the trustees of the George Robert White Fund to take a part of that fund for the erection of such a municipal building in the Dorchester district, particularly in the Franklin Field location, where it is greatly needed by residents of the community and has been needed for many years.

The order was passed under suspension of the rule.

LOWER FIRE INSURANCE RATES.

Coun. ROSENBERG offered the following:

Ordered, That his Honor the Mayor be requested to confer with the Fire Commissioner in an effort to obtain lower fire insurance rates for the City of Boston, particularly in view of the recent report showing the fire losses in Boston during the past year to be lower than in any other large city in the country.

Coun. ROSENBERG—Mr. President, we have seen the recent report emanating from the State House to the effect that the fire loss ratio in Boston, as compared to the other cities and towns of the country, has been the lowest in the history of the city. I feel, in view of that fact and the service that the Fire Department has been rendering to the home owners and taxpayers of the City of Boston, an effort should be made to obtain a reduction in fire insurance rates for the property owners of the city.

The order was passed under suspension of the rule.

INFORMATION FROM CITY COLLECTOR THOMPSON.

Coun. KELLY offered the following:

Ordered, That the City Collector, Mr. Thompson, be requested to appear before the Executive Committee of the City Council at its meeting on Monday, January 30, 1939, to inform the Council as to when he intends to sell properties in the City of Boston for unpaid 1938 taxes.

Coun. KELLY—Mr. President, my reason for introducing this order at this time is that, as you will recall, about a month or more back, in executive session, I asked Mr. Thompson if it was not a fact that he intended to sell 1938 unpaid tax properties by April 1st. He said specifically no. But today it was stated that the Assessing Department was going right ahead, and when asked how long it would take to make preparations, the chairman said about a month. So that is one reason why I would like to have Mr. Thompson appear before our executive session next week, so that he can inform us definitely when he intends to sell properties in the City of Boston for unpaid 1938 taxes.

The order was passed under suspension of the rule.

NO PARKING RESTRICTIONS, WARD 17.

Coun. WILSON offered the following:

Ordered, That the Traffic Commission, through his Honor the Mayor, be requested and urged to establish no parking restrictions on both sides of Moultrie, Kenwood and Lyndhurst streets, Ward 17, within 200 feet of Washington street.

Coun. WILSON—Mr. President, I ask the passage of that order. I have in mind the fact that these three streets in Ward 17—Moultrie, Kenwood and Lyndhurst streets—are all up-hill streets, leading to Washington street and Codman square. At the present time there are cars parked on both sides of those streets most of the time. Conditions are congested, because of the opening of one of these cash-and-carry chain store buildings which means the parking of automobiles up and down these streets on both sides, with the result that those who do have occasion to drive up the streets have to take the middle of the road, and then wait for cars to back out to Washington street. It is a question of traffic safety for the people of Dorchester, and I strongly urge that the Traffic Commissioner establish "no parking" restrictions on both sides of these streets, within 200 feet of Washington street, thereby clearing up a very bad situation.

The order was passed under suspension of the rule.

NEW EDITION OF "BOSTON'S STREETS."

Coun. WILSON offered the following:

Ordered, That the Superintendent of Printing be authorized to print a new edition of one thousand copies, bound in boards, of the book entitled "Boston's Streets," with the precinct changes, if any, made by the Election Commissioners to

December 31, 1938, the expense to be charged to the Contingent Fund.

Passed under suspension of the rule.

REPAVING SURFACE OF ALLSTON BRIDGE.

Coun. SULLIVAN and AGNEW offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave the surface of the bridge over the Boston & Albany tracks at Cambridge, Linden and Lincoln streets, Allston, the present wooden paving blocks being in extremely dangerous condition for traffic.

Passed under suspension of the rule.

STATEMENT BY COUNCILOR NORTON.

Coun. NORTON—Mr. President, I ask unanimous consent to make a statement. The reason why I make this request is that the gentleman from Ward 17 (Coun. Wilson) read into the record early in the session the statement that I have here in my hand.

President MURRAY—The gentleman asks unanimous consent?

Coun. NORTON—Yes.

President MURRAY—Is there objection?

(Coun. Galvin objected.)

President MURRAY—The Chair hears objection.

Coun. WILSON—Mr. President, while I believe that Councilor Norton has been unfair in his treatment of this body and while I did not see him present here this afternoon until seventeen minutes of five, I still think he should have an opportunity by unanimous consent to make a statement, under the circumstances.

Coun. GALVIN—Mr. President, I withdraw my objection.

Coun. NORTON—Mr. President, the statement which I hold in my hand and which I have read over rather hastily, is the statement made by the councilor from Ward 17 early in the session. He read first something that was entitled "Statement of Councilor Clement A. Norton," which was printed in the newspapers. Well, I wrote that statement, every word of it. I also read it over in the presence of some members of the body, and I said to Councilor Taylor, "Charles, what do you think of it?" He said, "I think it is unfair." I said, "Well, if you think it is unfair, I am going to recall it, because when I make a statement that any member of the body says is unfair, my natural tendency at any time would be to recall it." So in this particular instance I went and asked to get the copies of the particular statement, which was to be printed in the papers, back, and I thought that I got them back, and took them with me. The councilor from Ward 17 (Coun. Wilson), however, has quoted the statement as printed in the *Post*. I thought I had got back all the copies, but in some mystical manner that copy got out of my control. There are only two or three salient points in this whole controversy. One question was, Whether or not I approved the whole statement? My answer to that is this, that when Councilor Rosenberg suggested that we hold the matter up for a week, I seconded that suggestion by the statement that I could see no harm in carrying out the wishes of the councilor from Dorchester—that is, in holding the matter up for a week's consideration. I do not remember being in this room when the vote was taken on the matter. As I understand it, it was one of these questions that is usually put, "All in favor say Aye, opposed No, and it is a vote." What I objected to was this, I objected then, and I object today. I say that the people of the wards who objected to this dog track should have an opportunity to come before the Council and present their objections, and that those favoring the track should also have a chance to be heard. Both sides of the case should have a chance to state their position. But, of course, there was a great deal of confusion here a week ago. Just get the picture. We were in a terrific fight here over the taxi bill, and in the midst of all this—

Coun. IRWIN—Mr. President, will the gentleman yield for a question?

Coun. NORTON—Certainly.

Coun. IRWIN—Mr. President, I would like to ask the councilor from Hyde Park whether or not in the executive chamber he made in substance this statement, that the old Readville track had not been in use for years, although it was still there, that "the people of my district have voted for and are in favor of dog racing. It will put men to work, and anything that puts men to work, I am heartily in favor of?"

Coun. NORTON—Mr. President, I stated everything that the councilor says, with the possible exception of a few words, and I might have used those. I am not sure. I am not denying that I made that remark. But I did favor Councilor Rosenberg's suggestion and motion that the thing be held up for one week. Now, Mr. President, I was sure that when this matter got to the Mayor he would see that the proper thing was done. As a matter of fact, the dog track people themselves feel that hearings should be held and that people should be given an opportunity to come before the Council

and tell their story. They have been very sympathetic all the way through to public hearings on this whole thing. Therefore, that is my answer to this statement here. But the attitude of the gentleman from Ward 17 towards me is practically the same now that it was years ago. When this race track matter came up in East Boston several years ago he felt that my attitude toward him and toward some other members of the Council was not what it should be, and he is of the same opinion now, that I have insulted certain members. It seems that everything I do insults him and perhaps some other members of the body. I wish it were possible not to insult some of the members here, but you cannot go through life in that way. All I wish to say is this. When Councilor Rosenberg objected in the committee room to immediate action, and asked that the matter be held up for one week, I said that I saw no possible objection to such a request. I knew personally that the members had a feeling against me, because of matters of controversy between us. I was in favor, as I stated, of Councilor Rosenberg's motion to put the thing over for a week and to have a hearing, but I knew that for me to strongly advocate anything of the sort would not help, that instead of helping it might injure. The feeling at the time was running pretty high, and there was considerable feeling against me. I was interested in electing a certain member of the Council President, and was head over heels in the taxicab controversy, believing that we should follow what I considered to be the mandate of the voters of this city. I dislike as much as anyone can being the cause of a conflagration among the members of the Council, in so far as I am concerned, because I am in the unenviable position now of being the most disliked member of the body by other members. So I said to myself, "Norton, you have now got a dog track trouble on top of the taxicab problem, and you had better go easy, you had better let somebody like Rosenberg carry the ball." Nobody likes to be disliked. No man in the room hates to be disliked by his fellow members more than I do. But, after all, political life is soon over. It is most transitory. Ten years from now nobody will remember, without looking up the records, what I or other members of this body said or did. So that is an explanation of my position in regard to this dog track. I was inclined to think at first, there is that old race track out there, that has not been used for years. There is an old man out there who has lived alongside the track for a long time who shod horses and worked around the place over thirty years ago and there are others. My offhand feeling was that there was that old abandoned track, that there were some of these old people who were waiting for the old conditions to come back, and that it might put some people back at work. So I said, "Bring in your petition before the Mayor and the Council," and I felt that the Mayor would see that the right thing was done. So up to that point Councilor Wilson's statement is correct in regard to my position. But it seems that a good deal of objection developed to the track out there, and when that fact was brought to my attention and when Councilor Rosenberg suggested that action be postponed for a week, I backed up the request of the councilor in asking for a postponement. But Councilor Rosenberg's motion for postponement and a hearing was defeated. Then there is the second point, about its being rushed through. I said then, and I say now, that it was rushed through this body without giving the proponents and the opponents a chance to be heard before their representative legislative body, when they should have an opportunity to be heard. Now, wipe out from your minds the idea that this proposed dog track in Hyde Park is an embarrassing thing to me. It is not. It is just another thing. We simply want the residents to decide whether or not they want it.

Coun. WILSON—Mr. President, will the gentleman yield for a question?

Coun. NORTON—Certainly.

Coun. WILSON—In what respect was the action upon this petition handled any differently than the much larger proposition of the Suffolk Downs track was handled in 1935?

Coun. NORTON—Merely that this petition came in one day and was rushed through on the same day.

Coun. WILSON—The Suffolk Downs order, introduced by Councilor Sveltella, was passed under suspension of the rules without a roll call and not even sent to Executive.

Coun. NORTON—There was considerable comment upon the matter at that time in the press, and I think you remember the comment, and what took place on that occasion. You then were opposed to Norton. You then said about Norton what you have said here in regard to this matter. You then said about the horses what you have said about the dogs. You talk about Norton looking for publicity. You were the one who was looking for publicity then. Don't you remember what came out in the newspapers at that time, the scareheads on the front pages? Certainly, what we now see in the papers about the dog tracks can't compare with that. All I am saying to you is this, councilor, since you have brought up the action of 1935, that my position on all these matters all the time is simply this, that the sentiment of the people of any district that is interested in or affected by a matter

of this kind should be obtained. They should have an opportunity to be heard. That is my position now, and I think the story of what happened here shows that. I would have been glad to have had the suggestion of Councilor Rosenberg, that this matter be postponed and a hearing be given to the people of the district, carried out. But that was voted down. What would you say if this question affected the people of Dorchester, the people of your section, and action was taken without their being given a chance to be heard?

Coun. WILSON—Do I understand the gentleman correctly, and not depending wholly on my own memory, that if I go to the files of the papers I will find headlines such as the gentleman refers to in the morning papers the morning after the passage for the petition of the Suffolk Downs race track? I want to get it right.

Coun. NORTON—I am not giving you information. You are not asking that question for the purpose of obtaining information. You are asking the question merely for the purpose of subterfuge. You know what happened then, and you know why it happened then. You were on one side and Norton on the other. You know the facts at that time well enough. You must remember them. I don't have to stir up your memory. You have a pretty good memory. Now, Mr. President, for purposes of the record I want to say, in answer to Councilor Wilson's statement, that this was shot through in one day, that that argument can hardly be brought up here as illustrating a unique situation, when we think of what happened in 1935.

Coun. TAYLOR—Mr. President, I would like to ask the gentleman a question, if he will yield.

Coun. NORTON—Certainly.

Coun. TAYLOR—If it was shot through here, as has been stated, why didn't you voice your objection, the same as you are doing here today?

Coun. NORTON—Because I was not in the room. As I remember it, I was out at the head of those stairs.

Coun. TAYLOR—Why didn't you voice your objection in executive session at the time?

Coun. NORTON—Because, as I have already stated, the suggestion was made by Councilor Rosenberg that the matter be postponed and a hearing be given, and I agreed, said yes. But that motion was defeated. I knew how unpopular I was and how little attention might be paid to any sentiment I might express. I asked that the thing be held up.

Coun. TAYLOR—Well, as a matter of fact, while you didn't object to a hearing, you didn't especially urge any public hearing at the time.

Coun. NORTON—No, but I did assent to the suggestion. I realized, however, that for me to urge anything on this Council at this time means its defeat.

President MURRAY—The Chair would state that Councilor Norton has the floor and that this seems to be degenerating into a debate between two members.

Coun. IRWIN—Mr. President, I would like to ask the gentleman from Hyde Park—I not having been a member of the City Council at the time—if in 1935, when the question of the Suffolk Downs race track came up, he didn't make a lot of sensational statements in regard to the race track, which he was compelled to retract?

Coun. NORTON—Fine! I am glad that you have asked that question. I made no sensational statements. The only thing I asked for in 1935, which created a furore, was that the Finance Commission should investigate the affair. That is all. I will give \$500 to any East Boston charity if you will show that I ever made sensational or derogatory statements, \$1500 in cash if you will show where Norton in 1935 made sensational or derogatory statements. I simply made the suggestion then that the matter be referred for investigation to the Finance Commission. And all I ask now in this case is that a proper hearing be given to the petitioners and to the people of the district. That is all.

Coun. GALVIN—Mr. President, does Councilor Norton believe that this body, this Council, should be asked to demand investigations by the Finance Commission every week?

Coun. NORTON—No, Mr. President, and this year for the first time in four years I have had occasion to ask for such an investigation.

Coun. GALVIN—In the years while you have been a member of the body, how many times have you asked the Finance Commission to make investigations?

Coun. NORTON—Twice.

Coun. GALVIN—I also desire to make this statement, that I remember as far back as last February you came into the Council urging your brother councilors to do you a favor by voting in favor of the Hyde Park gas and electric proposition. Would you say that that matter got consideration from this body?

Coun. NORTON—Yes.

Coun. GALVIN—And weren't there public hearings held day after day at that time that you wanted the City of Boston to hold the bag on?

Coun. NORTON—Just phrase your question again, and I will answer it.

Coun. GALVIN—There was an order before this Council as far back as last February requesting the City of Boston to take over part of the Hyde Park Gas and Electric Light Company and rent it to the Boston Consolidated Gas Company. But there was some difference of opinion in regard to that

between the companies. Can you give us any light or information on that matter?

President MURRAY—The Chair, of course, is forced to rule that question out of order.

Coun. NORTON—Mr. President, first in regard to the Dedham and Hyde Park Gas Light Company, that is a matter that was before the Council for six long months, and not six hours. The Dedham and Hyde Park gas light matter came before the Council and remained here, lying dormant, for six long months. The act was passed by the Legislature, permitting something of the sort to be done, and was accepted by the Council, but it lay here for six long months. It was one of the first bills that came before Governor Hurley and the Legislature, allowing the City of Boston to take over a part of the Dedham and Hyde Park and to deal with the Boston Consolidated. Under that legislation we had to approve or disapprove, but it hung along until nearly December 31, the end of the year. I asked the Council, which had the matter before it for that length of time, to take action so that it might go before the Mayor and be decided "Yes" or "No," and the Mayor immediately decided "No." I thought, under the circumstances, acting for the interests of my ward, that we should at least give the Mayor a chance to say "Yes" or "No." Some of the members were against that, the same as some are against this bill, but I don't think you want to consider that the same as this dog track matter, inasmuch as it was before the Council for six long months.

Coun. GALVIN—Were all the members of the body in this body for six months during that period?

Coun. NORTON—What has that got to do with this?

Coun. GALVIN—Well, you do admit that you did this, and also that you have asked for investigations at times by the Finance Commission?

Coun. NORTON—Well, I have already answered you on that point, that in the years I have been here I have asked twice for investigations by the Finance Commission. If you call that many times, I do not.

Coun. CHASE—I do feel sorry for you Councilor Norton, inasmuch as you are subject to making statements before thinking.

Coun. NORTON—Well, that is a matter of opinion.

Coun. CAREY—Mr. President, if the gentleman will yield for a question,—as a member of this body, and interested in this as a matter concerning your district, you knew that it was acted upon in committee and referred to open session of the body, and that it was a matter that would naturally call for your presence here in the open session when it was reported back. But you say that you don't remember whether or not you were here. I should think on a matter as important to you—as it would have been to me if it had concerned my district—your presence would have been demanded here, and that you should have asked for a roll call.

Coun. NORTON—Well, you heard me ask for a postponement.

Coun. CAREY—Not in open session.

Coun. NORTON—Well, I wasn't in the open session.

Coun. CAREY—All right.

Coun. NORTON—But this matter is coming before the Council, because Norton is going to see that it comes before the Council.

Coun. CHASE—You believe that these dog track men in your district want a hearing?

Coun. NORTON—Yes, and others want a hearing. I want to find out all about it.

Coun. CHASE—I was not present at the time when this matter was voted upon last week, and if I were present I would have favored a hearing, because I am always in favor of a hearing.

President MURRAY—The Chair will state that Councilor Norton has yielded the floor for a question, but that does not include statements, councilor.

Coun. IRWIN—Mr. President, if the councilor will yield for a question,—Mr. Councilor, is it not true that in the executive session when Councilor Rosenberg moved that the matter be laid on the table for one week and that hearings be held, you said, "It is immaterial to me. I can see no harm to be done by that"? But when the vote on Councilor Rosenberg's motion to lay on the table was taken, the only person who voted for it was Councilor Rosenberg?

Coun. NORTON—No, there were two or three who answered. But I said to myself, "What is the use? These boys know how I feel, and I know how they feel towards me. So I will let Councilor Rosenberg carry the ball. He is in better grace than I." You all know how I stand on this matter, and you know my attitude on the taxicab question, councilor. But what is the difference? We are going to hold a public hearing on the matter.

Coun. IRWIN—Well, the point I want to make in regard to Councilor Rosenberg's motion is that you didn't even vote on it, that he was the one person who voted on it.

Coun. NORTON—No, I think at least two or three answered "Yes," but several answered "No," and I felt, regardless of what I said, that I would be licked. I wasn't there to rub salt into the wounds. I knew they would say that anything that Norton wanted he couldn't get.

Coun. AGNEW—Mr. President, I believe this matter is going to come before us, anyway, for

hearing on Thursday, and will then be reported to the body, and I see no reason for continuing this discussion at this time. I move, therefore, that the Council do now adjourn.

Coun. Agnew's motion was carried, and the Council voted at 5.33 p. m. to adjourn to Monday, January 30, 1939, at 2 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

UNEMPLOYMENT COMPENSATION COMMISSION, SENIOR ACCOUNTANT, FEBRUARY 25, 1939.

Last date for filing applications, Saturday, February 11, 1939, at 12 o'clock noon.

This examination is open to both males and females.

The minimum salary is \$3,180 a year; the maximum salary is \$3,720 a year.

Duties: Under general direction, to conduct financial audits, examinations and investigations involving the exercise of considerable executive ability and the application of sound accounting judgment; to devise and install comprehensive systems; and to perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

UNEMPLOYMENT COMPENSATION COMMISSION, EMPLOYMENT OFFICE MANAGER, FEBRUARY 25, 1939.

Last date for filing applications, Saturday, February 11, 1939, at 12 o'clock noon.

This examination is open to males only.

The minimum salary is \$2,040 a year; the maximum salary is \$2,580 a year.* (*When assigned to an office serving an area with a population of over 200,000, to receive \$240 additional; when assigned to a Boston office, to receive \$480 additional.)

Duties: Under general direction to have charge of a Branch Employment Office under the supervision of the Unemployment Compensation Commission; and to perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PROCEEDINGS OF SCHOOL COMMITTEE.

Jan. 16, 1939.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7:25 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, Lee, Smith and White.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

On motion, the minutes of Dec. 19, 1938, were amended on page 192 to provide that the appointment from the eligible list of Alice M. Smith as assistant in the Jeremiah E. Burke High School for Girls, to take effect Jan. 3, 1939, shall read, to take effect Jan. 4, 1939.

DEATH

The Superintendent reported the death of the following-named teacher who had been retired on pension:

Eliot District—Mary E. Hartnett, Dec. 30, 1938.

Placed on file.

RESIGNATION

The following resignation, reported by the Superintendent to take effect on the date stated, was presented:

William E. Russell District—Grace M. Long, assistant, elementary, Dec. 31, 1938.

Accepted.

APPOINTMENTS AND TRANSFERS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations, to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

(To fill vacancies to be allowed in budget.)

Mechanic Arts High School—Warren J. Moran, Secondo A. Maz-zuchelli, instructors in mechanic arts (from shop instructors, Department of Manual Arts), Feb. 1, 1939.

South Boston High School—Sidney Bluhm, junior master (from assistant, intermediate, William Howard Taft Intermediate District), Feb. 1, 1939; Gertrude A. Morrissey, assistant, Feb. 1, 1939.

Dearborn District—Marguerite E. Lavin, assistant, special class, Feb. 1, 1939.

Grover Cleveland Intermediate District—Robert M. Bloom, assistant, intermediate, Feb. 1, 1939.

John Marshall District—Margaret R. Sullivan, assistant, special class, Feb. 1, 1939.

John Winthrop District—Rose M. O'Donnell, assistant, elementary, Feb. 1, 1939.

Joseph H. Barnes Intermediate District—Samuel L. Reznick, assistant, intermediate, Feb. 1, 1939.

Mary E. Curley Intermediate District—John S. Patten, assistant, intermediate (physical education), Feb. 1, 1939.

Patrick T. Campbell Intermediate District—Mildred A. Rice, assistant, intermediate, Feb. 1, 1939.

Washington Irving Intermediate District—James C. Murphy, assistant, intermediate (physical education), Feb. 1, 1939.

The rules were suspended and the appointments approved.

(To fill vacancies caused by deaths, resignations, or retirements on pension.)

Boston Clerical School—Helen G. Knarr, senior assistant, Feb. 1, 1939.

Oliver Hazard Perry District—Florence M. Reid, assistant, elementary, Feb. 1, 1939.

Oliver Wendell Holmes Intermediate District—Marion W. Shaf-ran, assistant, intermediate, Feb. 1, 1939.

William E. Endicott District—Marion F. Fogarty, assistant, elementary, Feb. 1, 1939.

Department of Manual Arts—Habib C. Deratany, assistant, manual training, elementary, tenth year, Feb. 1, 1939.

The rules were suspended and the appointments approved.

(To fill vacancy caused by promotion.)

William Howard Taft Intermediate District—Francis J. McNulty, assistant, intermediate, Feb. 6, 1939.

The rules were suspended and the appointment approved.

(BY PROMOTION)

(To fill vacancy to be allowed in budget.)

Norcross District—Mary M. Rourke, first assistant, kindergarten, two sessions (from assistant, kindergarten, two sessions, Bennett District), Feb. 1, 1939.

The rules were suspended and the appointment approved.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted, under the provisions of Section 265, paragraph 2 of the regulations, the following additions to the list of teachers approved by him from which assignments may be made for temporary service:

Day High Schools—John E. Burke, Elizabeth V. Grise, Yvonne Habert, Richard P. Harmon, Marguerite M. Leary, Guy C. Lentini, Harry C. Lesser, Margaret E. McCarthy, Helen P. McKay, Muriel M. Page.

Day Intermediate Schools—Aileen E. Brougham, Alice B. Cavanagh, Mary A. Donahue, Helen M. Bracos, John J. Fiumaro, Elizabeth R. Kearns, James E. Phelan, Jr., Bernice Rosenbaum.

Day Elementary Schools—M. Frances Atkins, Ralph DiMattia, Mary C. Donovan, John J. Fiumaro, Evelyn D. Griffin, Edith Weisberg.

Kindergartens—Rita B. Buckley, Mary J. Loughan, Mildred Parad.

Boston Trade School—Herbert Kopins.

Boston Clerical School—Helen F. Sullivan.

Trade School for Girls—Audrey G. Carr, Barbara A. Ferguson, Kathleen E. Harcourt.

Continuation and South End Intermediate Schools—Dorothy G. Dewar, Samuel Feldman, Aurelia

M. Kelley, John W. Kelley, Herbert Kopins, Edith H. McPeake, Marie A. L. Pacht, John W. Whelan, Irving Rosenbloom.

Horace Mann School—Eileen G. Hebron, Marion E. Steinberg.

Approved.

TEMPORARY TEACHERS

Dorchester High school for Boys—Daniel V. Lovett, co-operative instructor, Jan. 3, 1939.

Roslindale High School—Daniel V. Lovett, shop instructor, Jan. 5, 1939.

Boston Trade School—Arthur P. Maher, shop instructor, Jan. 3, 1939.

Department of Manual Arts—Felix Consilvio, shop instructor, Dec. 14, 1938.

Approved.

SPECIAL ASSISTANT

(New appointment.)

High School of Practical Arts—Geraldine Arey, industrial department, Jan. 5, 1939.

Approved.

EVENING SCHOOLS

Term 1938-1939

Central Evening High School—Paul G. Crotty, Peter F. Kean, assistants, Jan. 3, 1939.

Charlestown Evening Commercial High School—Francis J. Gibbons, assistant, Jan. 3, 1939.

Dorchester Evening Commercial High School—Charles J. Lynch, assistant, Jan. 9, 1939 (one evening); Kathleen A. Deery, assistant, Jan. 9 to Jan. 12, 1939 (three evenings).

Girls' Evening Commercial High School—Bessie Ginsburg, assistant, Jan. 3, 1939 (one evening); Katherine E. Holland, assistant, Jan. 3 to Jan. 10, 1939 (four evenings).

Roslindale Evening Commercial High School—Thomas M. Minton, assistant, Jan. 10, 1939 (one evening); Katherine F. McAndrew, assistant, Jan. 12, 1939 (one evening).

Edward Everett Evening School—Margaret A. Learson, assistant, Jan. 9 to Jan. 12, 1939 (two evenings).

Joseph H. Barnes Evening School—James P. Kelley, assistant, Jan. 5, 1939 (one evening); Roger L. Saldarini, assistant, Jan. 9, 1939.

Grover Cleveland Evening School—Paul E. O'Donnell, assistant, Jan. 3 to Jan. 12, 1939 (five evenings).

William Blackstone Evening School—Madeline H. McCarthy, assistant, Jan. 5, 1939.

Approved.

A communication was received from the Superintendent, under date of Jan. 16, 1939, reporting that subject to the approval of the School Committee, he has appointed the following-named clerical assistants for the evening school term 1938-39, to take effect Jan. 3, 1939:

Charlestown Evening Commercial High School—Camilla K. Gibbons.

Dorchester Evening Commercial High School—Esther R. Glynn.

East Boston Evening Commercial High School—Stella M. Schurman.

Hyde Park Evening Commercial High School—Kathryn L. Conroy.

Roxbury Evening Commercial High School—Mary G. O'Neill.

South Boston Evening Commercial High School—Helen L. Fallon.

Edward Everett Evening School—Marie V. Driscoll.
 Franklin Evening School—Ethel H. Lyon.
 Grover Cleveland Evening School—Julia A. Joyce.
 Joseph H. Barnes Evening School—Irene M. O'Shea.
 Lewis Evening School—Bertha K. Murphy.
 Michelangelo Evening School—Mary C. Broder.
 Patrick F. Gavin Evening School—Eileen A. Mehegan.
 Patrick T. Campbell Evening School—Rose M. Lyons.
 Roger Wolcott Evening School—Margaret M. Butler.
 William Blackstone Evening School—Alice M. Blute.
 Boston Trade School (Evening Classes)—Mildred M. McDevitt.
 Approved

DEPARTMENT OF EXTENDED USE OF THE PUBLIC SCHOOLS

Term 1938-1939

A communication was received from the Superintendent, under date of Jan. 16, 1939, reporting that subject to the approval of the School Committee, he has assigned the following-named persons to serve in the Department of the Extended Use of the Public Schools, for the term 1938-1939:

Club Leaders—Joseph J. Assmus, Harold J. Lawlor, Francis T. Martin, Theodore F. Roth, John F. Sullivan, Jan. 4, 1939.

Leaders—Ruth V. Smith, Jan. 6, 1939; Marie L. Daly, Jan. 9, 1939
 Assistant Leaders—Teresa M. Begley, Daniel J. Murphy, Jan. 6, 1939.

General Helper—James R. King, Dec. 23, 1938.

Helper—Thomas W. Burke, Dec. 10, 1938.

Approved.

Placed on file.

ESTABLISHMENT OF CLASSES IN DISTRIBUTIVE OCCUPATIONS

On motion of the Superintendent, it was

ORDERED, That during the fiscal year ending Dec. 31, 1939, the Superintendent is hereby authorized, in his discretion and in cooperation with the State Department of Education, to conduct classes in distributive occupations, the sessions of each class to be not more than four hours weekly on not more than two evenings per week, reimbursement for the cost of instructors' salaries and all other expenses in connection with the maintenance of the classes in the amount of fifty per cent (50%) to be covered by Federal funds administered by the Commissioner of Education and allotted by special distribution made by the State Department of Education to the City of Boston.

On motion of the Superintendent, it was

ORDERED, That the employment of such instructors as are necessary for the conduct of classes in distributive occupations is hereby authorized, compensation to be at the rate of five dollars (\$5) per evening session of two hours.

A communication was received from the Superintendent, under date of Jan. 16, 1939, reporting that subject to the approval of the School Committee and in accordance with the orders passed at the meeting of even date, he has appointed the following-named persons to the classes in distributive occupations, to take effect on the dates stated:

Richard V. Barry, instructor, Jan. 16, 1939; Frank F. Winsor, instructor, Jan. 17, 1939; Raymond C. Babb, instructor, Jan. 19, 1939.
 Approved.

VOCATIONAL HIGH AND OPPORTUNITY SCHOOL

On motion of the Superintendent, it was

ORDERED, That a vocational high and opportunity school is hereby established in the Continuation School building to begin Sept. 1, 1939, and the Superintendent is hereby authorized to make application to the Commonwealth of Massachusetts, Department of Education, for approval of the establishment in the Continuation School building of a vocational school consisting of a general vocational department under the provisions of Chapter 74 of the General Laws.

APPOINTMENT OF CLERICAL ASSISTANT

A communication was received from the Superintendent, under date of Jan. 16, 1939, reporting that subject to the approval of the School Committee and with the approval of the Commissioner of Civil Service and the Director of the Division of Child Hygiene, Commonwealth of Massachusetts, he has appointed Gertrude E. Doherty as clerical assistant, second year, in the Beethoven and Prince Districts, by transfer from the Department of Public Health, to take effect Jan. 23, 1939.

Placed on file and the appointment approved, to take effect on the date stated.

APPOINTMENT OF ASSISTANT NUTRITION CLASS ATTENDANT

A communication was received from the Secretary, under date of Jan. 16, 1939, reporting that the Division of Civil Service has certified the following named persons as eligible for appointment as assistant nutrition class attendant:

Agnes C. Riley, Helen M. Pfund, and Mary A. Gibbons.
Placed on file.

The Chairman stated the question was on the appointment of an assistant nutrition class attendant to fill a vacancy and the Secretary was directed to call the roll.

The members, as their names were called respectively stated that they voted as follows:

For AGNES C. RILEY—Messrs. Foley, Lee, Smith, and White—4.
ABSENT—Mr. Sullivan—1.

The Chair declared Agnes C. Riley, who stands at the head of the list, duly elected assistant nutrition class attendant, Department of School Hygiene, to take effect Jan. 18, 1939.

SPECIAL CLASSES

A communication was received from the Superintendent, under date of Jan. 16, 1939, reporting that he has discontinued a special class in the David L. Barrett School, Thomas Gardner District.
Placed on file.

A communication was received from the Superintendent, under date of Jan. 16, 1939, reporting that subject to the approval of the School Committee, he has established a special class in the Washington Allston District.
Approved.

PAYMENT OF SALARY DUE AT DEATH

On motion of the Superintendent, it was

ORDERED, That the salary due the late Sarah T. Driscoll, late temporary teacher, be paid to her sister, Margaret A. Driscoll.

Carl I. Priest, from the Patrick T. Campbell to the Solomon Lewenberg School-house.

Placed on file and the transfers approved, to take effect on the date stated.

ELECTION TO BOARD OF TRUSTEES, PERMANENT SCHOOL PENSION FUND

The term of Michael H. Corcoran as a member of the Board of Trustees of the Permanent School Pension Fund established under the provisions of Section 2 of Chapter 589 of the Acts of 1908, expiring June 30, 1938, the Committee proceeded to elect the Committee's representative on that Board for the term of five years ending June 30, 1943.

The members, as their names were called, respectively voted as follows:

For Michael H. Corcoran—Messrs. Foley, Lee, Smith, and White—4.

Absent—Mr. Sullivan—1.

Mr. Corcoran was accordingly declared elected a member of said Board for the term specified.

Chairman: Mr. Corcoran, a former member and chairman of the Boston School Committee, has for more than twenty years generously given of his time and effort as the School Committee representative on the Board of Trustees of the Pension Fund. It is fitting that this Committee record its appreciation of this service.

On motion, it was unanimously VOTED, To extend to Mr. Michael H. Corcoran, a vote of thanks for his generous devotion to the Boston Public Schools during his long years of service as a member, and for many years as chairman, of the Board of Trustees of the Permanent School Pension Fund.

REPORT OF SUPERINTENDENT OF CONSTRUCTION

The following extract from the report of the Superintendent of Construction, Mr. James J. Mahar, of the accomplishments of the Department of School Buildings for the financial year 1938, was ordered spread upon the records:

For the School Committee's information, I respectfully submit the following summary which indicates the main items of accomplishments of the Department for the current fiscal year 1938.

First. The Department functioned in an excellent manner. It lived well within its greatly reduced budget appropriation. On December 31, of this year, it will turn back for reappropriation by your Committee an unexpended balance of the appropriation amounting to approximately \$71,000.

Second. A complete reorganization was made of the bookkeeping and accounting system for the more efficient handling of the Department's accounts. This new system, we believe, compares favorably with that operating in any private business concern.

Third. The number of Department-owned automobiles was reduced from fourteen to seven, resulting in an annual saving to the City of \$3,179.97.

Fourth. Thirteen thousand requisitions calling for the performance of various kinds of work in the school buildings were received

through the office of the Superintendent of Schools. All of these requisitions, with but few exceptions, were honored, and the work done in a satisfactory manner.

Fifth. More permanent improvements were made in the structure of the 284 buildings than were made in any other single year.

Sixth. The Department in addition to its work in school buildings was pleased to be of assistance in problems affecting other City Departments.

Seventh. On June 13, 1938, by permission granted under Chapter 383 of the Acts of 1938, the School Committee appropriated the sum of \$52,254.36 in order to pay back bills incurred by the former Superintendent of Construction, in excess of the regular 1937 appropriation. These bills have all been paid. There remains an unexpended balance of this appropriation of approximately \$3,113.35.

Eighth. Works Progress Administration. This Department took full advantage of the generous Federal grants offered under the Works Progress Administration. The number of mechanics assigned to this School Project No. 14046 averaged 1606 per month against a monthly average during 1937 of 567 mechanics per month. The total cost for material which was sponsored for by the City amounted as stated above to \$240,000.00. The average cost for material per man per year for 1938 was approximately \$149.00 as against \$287.00 for the year 1937.

To mention here all of the permanent improvements accomplished by the W. P. A. this year in the various school buildings, would make this communication too lengthy. The following are outstanding and should be mentioned:

(a) Additional classrooms: Six classrooms were provided in the Joyce Kilmer Elementary School.

(b) Additional Classrooms: Three classrooms were provided in the Patrick F. Gavin Intermediate School.

(c) Twenty-two school yards were completely re-surfaced which provided safer and better play grounds for children.

(d) Interior painting: The equivalent area of 1804 classrooms was painted.

(e) Exterior painting: The exterior of 60 school buildings was painted including all wood work, fire escapes, fences, etc.

(f) Maple floors: Maple floors were laid in classrooms of 44 buildings, the total area of which is equal to 534 classrooms.

(g) Heating, plumbing, and electric systems were modernized in many buildings.

(h) New roofs were completely installed on 41 buildings.

(i) Yard walls, fences and other major improvements were also made under this program.

The above mentioned improvements performed under the W. P. A. program are but a few, but will serve to show the important value of this program to the school system.

Ninth. Public Works Administration Program: This Department took full advantage of the grant offered under the Works Progress Administration Program. Additions to four buildings are

now being constructed, all of which will be completed before the close of school year June, 1939. Forty-five per cent of the total cost of these structures is contributed by the Federal Government. The remaining fifty-five per cent of the cost is contributed by the City. The buildings are as follows:

Project No.	Estimated Com. Cost	Appro- priated	Contract Including Price Equipment
Mass. 1093-F—High School of Practical Arts	\$156,500	\$ 79,631	\$100,000
Mass. 1094-F—Boston Trade	90,000	70,600	88,000
Mass. 1095-F—William Howard Taft	446,000	229,183	300,000
Mass. 1421-F—Robert Gould Shaw	141,000	119,231	140,000

On motion, the Secretary was instructed to assure Mr. Mahar of the Committee's appreciation of the results of his year's work as Superintendent of Construction, as evidenced by the foregoing summary of accomplishments which was made possible by his able administration of the department together with the co-operation of the Board of Commissioners of School Buildings.

Mr. Lee: In view of the absence of Mr. Sullivan, I would like to put over until another meeting the discussion of my suggested course of study in the problems of democracy.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of water pipe repairs, estimated to be four (4) days, vehicles are excluded from the following street, effective January 28, 1939:

Huntington Avenue, Roxbury.
Northwest roadway, from Gainsborough street to Forsyth street.

CIRCULAR LETTER NO. 1.

CITY OF BOSTON,
MAYOR'S OFFICE, January 23, 1939.

To All Heads of Departments.

GENTLEMEN,—You are hereby notified that all city-owned automobiles and trucks must be operated only by civil service employees.

Welfare workers are prohibited from driving any city-owned motor vehicles.

Respectfully,

MAURICE J. TOBIN, Mayor.

EXTENSION OF CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

P. A. Milan, Incorporated, has been granted an extension of the trucking contract for the financial year 1939. The contract prices are as follows:

Unit Price Per Hour: 1½-ton covered truck, \$1.90; 2½-ton covered truck, \$2.15; 3-ton covered truck, \$2.25; 5-ton covered truck, \$2.65; 1½-ton dump truck, \$1.90.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

SHADE CLOTH DEALERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and delivering, for the year 1939, shade cloth for the Department of School Buildings for W. CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING, JOINTING AND RIVETING ABOUT 2,600 LINEAR FEET OF 48-INCH WELDED STEEL WATER PIPE IN HUNTINGTON AVENUE AND TREMONT STREET, ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying, jointing and riveting about 2,600 linear feet of 48-inch welded steel water pipe in Huntington Avenue and Tremont Street, Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying, Jointing and Riveting About 2,600 Linear Feet of 48-inch Welded Steel Water Pipe in Huntington Avenue and Tremont Street, Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, February 10, 1939, with a certified check for five hundred (\$500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
Commissioner of Public Works.
(Jan. 28-Feb. 4.)

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LUMBER TO THE PUBLIC WORKS DEPARTMENT, WATER DIVISION.

The Supply Department of the City of Boston invites proposals for furnishing lumber to the Public Works Department, Water Division, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, February 10, 1939, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Feb. 4.) *Superintendent of Supplies.*

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR PATCHING AND REPAIRING TILE IN ESCALATOR WELL, PARK STREET UNDER STATION, CAMBRIDGE CONNECTION.

The Transit Department of the City of Boston, 1 Beacon street, invites proposals for patching and repairing tiling in the escalator well leading from the eastbound platform of Park Street Under Station, Cambridge Connection, to the easterly sidewalk on Tremont street, Boston. Specifications may be obtained at the office of the Department on and after Monday, February 6, 1939. A deposit of \$5, in cash or certified check, will be required for two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon Monday, February 13, 1939. On account of the nature of the work it is essential that the bidder inspect the site of the work before submitting his proposal. A properly certified check in the sum of three hundred (\$300) dollars, payable to the city, must accompany the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is contained in the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Transit Department. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The department reserves the right to reject any or all bids and to award the contract as it deems for the best interest of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

GERTRUDE V. CASEY,
Acting Secretary.

HOSPITAL DEPARTMENT, SANATORIUM DIVISION.

PROPOSALS FOR WINDOW CLEANING.

The Trustees of the Boston City Hospital invite sealed proposals for window cleaning of the Sanatorium Division, 249 River street, Mattapan, for the period of one year, and giving bond of a surety company therefor in the sum of 45 per cent of the estimate. Only proposals obtained at the office of the Assistant Superintendent, 249 River street, Mattapan, and left before 12 o'clock noon of Wednesday, February 15, 1939, with a certified check for \$50, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left at the Sanatorium, the other to be filed with the City Auditor, City Hall, before 12 o'clock noon on the date given above for receiving proposals. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Trustees reserve the right to reject any and all proposals.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 31.

SATURDAY, FEBRUARY 11, 1939.

No. 6

MAYOR TOBIN PRAISED BY FINANCE COMMISSION FOR WORK DONE TO AID CITY IN FIRST YEAR OF HIS ADMINISTRATION — COMMENDED FOR CUTTING EXPENSES THOUGH FORCED TO RETAIN HIGH TAX RATE — DECLARES HE HAS STEMMED RISING TIDE OF EXPENDITURES BUT POINTS TO SOME IMPROVEMENTS THAT STILL MIGHT BE MADE — RECOMMENDS STRANDWAY FOR EAST BOSTON AS ONE OF NEEDED PROJECTS OF BENEFIT TO CITIZENS.

Mayor Tobin was given much praise for his administration of the city's affairs during the first thirteen months of his incumbency in office, by the Finance Commission in the annual report just made to the Legislature. The report is as follows:

BOSTON, January 31, 1939.

To the Honorable the Senate and House of Representatives in General Court Assembled.

In accordance with section 18 of chapter 486 of the Acts of 1909, the Finance Commission of the City of Boston submits its annual report for the year 1938.

I. Organization of the Commission.

During the past year there has been one change in the membership of the commission. E. Mark Sullivan resigned as of March 18, 1938, and James H. Flanagan was appointed by His Excellency Governor Charles F. Hurley to serve the unexpired portion of Mr. Sullivan's term. On October 13, 1938, Mr. Flanagan was reappointed to serve a full five-year term to date from July 17, 1938, which was the date of expiration of Mr. Sullivan's term.

II. Appropriation and Expenditures.

The city government appropriated for the commission for the year 1938 the full amount authorized by statute, \$50,000. The expenditures for the year from this appropriation amounted to \$43,166.26, the commission leaving an unexpended balance of appropriation of \$6,833.72. This balance was not held to the credit of the commission beyond the time of closing of the accounts for 1938, but was used under statutory authority by the Mayor and City Auditor to help out in meeting deficiencies in the appropriations of other city departments.

The classification of the commission's expenditures follows:

Permanent employees	\$32,650 00
Temporary employees	2,801 33
Printing and binding	675 24
Transportation of persons	105 19
Light and power	120 38
Rent	5,111 25
Telegrams, telephones and messenger service	380 67
Cleaning	72 00
Stenographic, stencils	7 60
Fees	20 00
Photographing and blueprinting	—
Miscellaneous items and repairs	27 45
Electrical equipment	—
Furniture and fittings	—
Office equipment	78 56
Library equipment	57 50
Office supplies	491 36
Ice	45 50
Miscellaneous supplies	15 56
Electrical supplies	6 69
Special Investigations:	
Incidental Expenses	500 00
Total expended	<u>\$43,166 28</u>
Amount appropriated	\$50,000 00
Amount expended	<u>43,166 28</u>
Balance unexpended	<u>\$6,833 72</u>

(Continued on page 123.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLB.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, February 13, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped

area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 18 Oliver street, fourth floor, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 18 Oliver street, fourth floor, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending February 4, 1939.
Population as of July, 1938, Massachusetts State Census, 817,713; population estimated, July, 1939, United States Census Bureau, 811,816; number of deaths (stillbirths excluded): Residents, 197; nonresidents, 29; total, 226.

Death rate per 1,000 of population: All deaths, 14.48; nonresidents deducted, 12.62.

Death rate per 1,000 of population:

Last week, 15.88, corresponding week last year, 14.47.

Deaths by age periods, sex, etc.: Under one year, 9; one year to four years, inclusive, 3; sixty years and over, 130. Total deaths: Male, 130; female, 96; deaths in hospitals and institutions, 133; deaths of colored, 6.

REPORTABLE DISEASES: CASES AND DEATHS.*

FINANCE COMMISSION REPORT.

(Continued from page 121.)

III. THE FINANCIAL CONDITION OF THE CITY.

As has been customary from time to time, the commission gives herewith a brief résumé of the actual financial condition of the city as of the beginning of the new year 1939.

If it were not for the influence of conditions beyond the control of the city government, the municipal taxpayers might have found improvement in the financial picture as of January 1, 1939. In his first year in office the new Mayor definitely stemmed the tide of steadily mounting municipal maintenance cost chargeable to Boston taxpayers. Furthermore, he actually reduced outstanding municipal indebtedness by a substantial amount.

Unfortunately, however, the taxpayers in Boston must still pay at the highest property rate in the country. Municipal economies have been offset by greater demands from the state, and the assessable wealth in property valuation continues to shrink. There is every present indication of a higher Boston rate than in 1938, not only in 1939 but for several years after as well.

It might be argued that the better debt situation in Boston (approximately the lowest per capita debt in the large cities), and the greater public service—amount and quality—rendered by the municipality in Boston (approximately all public service being municipal except the judicial), under greater natural difficulties than elsewhere as well as some other considerations make comparison with other cities unfair. That, however, scarcely softens the blow to taxpayers who are finding it more and more difficult to pay at a rate which is greatly in excess of that which many deem confiscatory.

In order that one may properly appreciate the high cost of governmental administration in Boston, it is well also to remember that Federal funds still carry a substantial portion of the load here as elsewhere. Much of this expenditure of Federal funds is for purposes which ordinarily the municipal taxpayer would be called upon to finance.

1. REDUCTION IN MAINTENANCE COST.

On the expenditure side of the ledger, therefore, with the above considerations in mind, it may even be said that Mayor Tobin did a little better than stem the tide of previously steadily-mounting municipal costs. Stemming the tide alone would have been an agreeable accomplishment. When it is kept in mind that Mayor Tobin had the substantial eleventh-hour expansions of pay roll and service of his predecessor (estimated at a \$200,000 per year rate) to carry for a full year, the achievement of his first year in office warrants commendation.

To give specific figure, city maintenance cost, exclusive of welfare, was approximately \$350,000 less in 1938 than in 1937—total 1938 \$26,980,916.37, total 1937 \$27,351,766.97. Welfare expenditure from income ordinarily described as city resources was approximately \$550,000 greater—total 1938 \$10,407,462.03, total 1937 \$9,848,586.15. The city's contribution to W. P. A. projects was in addition in 1938 \$423,323.96 greater than in 1937, having reached the figure of \$1,764,091.79 in 1938.

2. IMPROVEMENT IN COLLECTIONS.

The ability of the city to collect the taxes it levies is an important consideration at all times. Failure to collect a substantial percentage of the levy within the year of the assessment usually means that financial disaster is near.

It happens that in 1938 the bare record of the percentage of the collections of the current assessment makes it appear that the city is improving financially. On December 31, 1938, the percentage of the 1938 collections reached the figure of 77.5 per cent. This was 5.2 per cent better than in 1937.

When times were better and city levies were smaller the city usually collected within the year of assessment better than 85 per cent of the levy. In some years it reached almost 92 per cent.

On the face of the present figures alone, 1938 may be said to be better than in the earlier years of the depression, though still at least 8 per cent less than the average of good times. An 8 per cent deficiency of collection of the 1938 levy left the city in dollars and cents approximately \$5,100,000 short of the old average.

The fact, however, that 77.5 per cent was collected within the year is evidence that the taxpayers can still raise enough funds to reach that level. It must be admitted, however, that many were undoubtedly inspired to greater than usual effort in 1938 because of the change in the law respecting abatements. Many believed that to protect themselves in their right to seek abatement, they must pay half the tax bill when first due.

3. CONTINUING REDUCTION IN CITY VALUATION.

Apart from what would happen to the city financial situation if Federal aid were withdrawn, the disturbing elements in the city financial picture today are the continuing fall in the property valuation, now principally the base of municipal taxation, and the heavy increase in state assessments, Boston Elevated deficit, and other items against which the best intentioned city government is helpless.

City property valuations at the time of determining the tax levy in 1938 were \$40,000,000 less than in 1937, which was over \$400,000,000 less than before the depression began. A further drop, when finally figured out, for 1939 will undoubtedly be very nearly as great as was the 1938 reduction. Again the commission believes it to be timely to warn that rock-bottom in property valuations has not yet been reached. Obviously property now over-valued pays at a higher rate than the declared rate.

At the 1938 rate, \$41.30, \$40,000,000—which was the amount of the loss in total valuation in 1938—would have produced approximately \$1,650,000. Since the city maintenance reduction charged to Boston taxpayers was only \$350,000 in that year, it is obvious that the reduction in regular departmental costs did not keep pace with the reduction in assessed value of property.

4. REDUCTION IN CITY DEBT.

The debt situation is a little more hopeful. At the end of 1937 the outstanding debt of the city was \$160,416,000, made up as follows:

Net Bonded Debt.....	\$130,156,000
Outstanding Tax Anticipation Notes,	\$23,000,000
Tax Title Loans.....	\$7,260,000

At the end of 1938 the total of all forms of outstanding debt dropped to \$155,853,782 made up as follows:

Net Bonded Debt.....	\$132,990,717
Outstanding Tax Anticipation Notes,	\$14,000,000
Tax Title Loans.....	\$8,863,065

Included in the 1938 net funded debt was \$7,000,000 on account of the funding in 1938 of that amount of previously issued tax anticipation notes.

Usually an increase in bonded city debt affects costs in two ways: The annual debt charges will be temporarily increased and the annual maintenance cost will usually be permanently increased, because the purpose of the issuance is usually to provide for an expansion of some sort of city service. Every expansion adds to previous cost. It is fortunate that the 1938 increase in the bonded debt did not carry with it any increase in departmental maintenance costs.

IV. WORK OF THE COMMISSION.

The work of the commission in the past year was performed in a much friendlier City Hall atmosphere than has usually been the case. From the time of his election in November, 1937, the present Mayor has encouraged the commission to give him and his municipal subordinates all the help possible in order that municipal business might be administered with efficiency and economy.

In most previous years in which the commission has been in existence, the public had been informed of commission activities by frequent public report. Usually publicity for these reports was sought because it was found most effective and necessary to bring about correction of wasteful, extravagant and unwise administration.

When the administrative authority participates in, or is inclined to condone, maladministration, it is only by the development of public opinion that correction can be obtained. In the past the commission has sought to arouse public opinion as occasion arose by public exposure. This was in keeping with the ideas of those who brought about the creation of the Finance Commission by legislative enactment. At times it has brought criticism upon the commission, but it was always recognized that most of the criticism was inspired by those whose administrative acts were questioned or condemned.

The constant exposure of acts and practices denoting maladministration, the ceaseless public pointing the finger at waste, extravagance, inefficiency, etc., has not been without good effect. The municipal business has not yet reached that state of perfection where nothing more can be done to improve it, but without question administrative lapses have been substantially reduced.

Apparently Mayor Tobin early recognized that the Finance Commission, with its thirty years' experience in collecting information about municipal business, could be of aid to him. Therefore, it has seemed that he has not hesitated to call upon the commission for assistance when he needed it. The commission and its agents have not hesitated to offer it whether or not it was specifically requested. The example thus set by the Mayor has been followed by many of the city department heads.

With this spirit prevailing the commission has elected to use its only weapon, publicity, in a very few cases. These were not instances where the Mayor

had refused to act. They were instances in which the commission believed the Mayor's path would be made easier by a little publicity. Hence there is an unusually small number of formal written reports as evidence of the 1938 work of the commission.

Yet there has been substantial accomplishment and some of this will be shown in succeeding sections of this report.

The whole time of the staff of the commission was directed in the past year to inspection of as much work for the city as was possible. The commission's few inspectors cannot be everywhere at one time, but nevertheless with good effect they developed the practice of suddenly turning up on most jobs of substantial importance. Every work order and every order for supplies that passed through the auditor's office was examined carefully and investigation immediately thereafter made in every case where it appeared warranted.

Obviously, if persons performing work for the city or selling merchandise realize that critical inspectors, backed by such power as the Finance Commission possesses, are watching, checking, and comparing, there will not be much for the Finance Commission to report except that the order given was faithfully performed.

The charter amendments contained in chapter 486 of the Acts of 1909 which created the Finance Commission included a provision authorizing the City Auditor to ask for the assistance of the Finance Commission in establishing the validity and propriety of charges against the city when necessary. The present auditor has made frequent use of this provision with benefit to the city. Many other department heads are now repeatedly calling upon the commission for aid in administrative matters of importance.

The commission cites these instances as indication that what might be termed the new commission policy is proving beneficial to the taxpayers and city officials alike.

The commission will not extend this report unduly by listing the many items of investigation made during the last year. To list them would take much space since the number would run into very large figures. The list of the investigations would embrace almost all forms of municipal activity.

In transmitting the results of these investigations the practice of the commission has been to encourage its agents to take matters up directly, but informally, with the Mayor or the department heads particularly concerned. According to occasional written acknowledgments from the Mayor or his departmental representatives, the results have been gratifying to the city authorities.

The commission makes special mention of some situations that warrant it.

1. UNFINISHED BUSINESS OF THE MANSFIELD ADMINISTRATION.

In its last previous annual report the commission cited some important city business which the Mansfield administration left unfinished. This related principally to the unwarranted payments for snow removal in the winter of 1935-36; to the failure of coal contractors to live up to the terms of their contracts for coal for welfare recipients and city departments during the same period; and to work performed by a contractor in the properties of the George Robert White

Fund, a trust administered through city departments and intended for the benefit of the city.

a. The Snow Removal Situation.

The Finance Commission pointed out when Mayor Tobin assumed office that there still remained opportunity through the courts, civil and criminal, to right the wrong done the taxpayers when city officials approved charges for snow-removal work which, analysis of the records of the Public Works Department showed, obviously could have been performed. This was not a matter of small moment, inasmuch as millions of dollars were paid for this work in the period investigated, and the payments amounted to a cost per inch of recorded snowfall never reached before that time, and not since that time.

Since no action has been taken by Mayor Tobin to recover any of this excess payment, it is evident that it is his intention not to reopen this feature of that case. Nor apparently is it the intention of the District Attorney to take any action upon evidence the Finance Commission transmitted to him. Nevertheless, substantial good in other directions has come from the exposure of that fraud by the commission.

Under the able direction of the division engineer in charge of the Paving Service, William T. Morrissey, a reliable method has been worked out to control the issuance of vouchers for snow removed, and another reliable control has been provided to check the hire of trucks and equipment.

Representatives of the Finance Commission participated in working out the detail of these new methods, and, basing opinion on observation of the system under work conditions, have reported favorably upon it.

The good, therefore, of the exposure by the Finance Commission is confined to this improvement in administration. The widespread publicity given in 1936 and 1937 to the snow-removal situation will tend to minimize future abuse.

b. Investigation of Contracts for Coal for Welfare Recipients and City Departments.

(1) City Departments Coal Case.

The city Law Department has finally brought to an end possible city effort to obtain justice in the case of the violations of a contract to furnish the coal for city departments by a coal dealer in 1936. The Finance Commission had found and reported that on frequent occasions when coal was delivered to city departments city employees had complained that the coal received was not up to contract specifications. The commission produced expert testimony that some samples which a chemist analyzed were plainly below specifications.

Before the present administration began, the contractor had been paid approximately \$102,000 for coal delivered under contract despite the employees' objections. A balance of approximately \$21,000 was withheld by the city on the Finance Commission's insistence that the contractor had already been overpaid for the quality of coal delivered. The contractor brought suit, and in February of 1938 the present Corporation Counsel settled the case by agreement to pay approximately \$19,000 of the \$21,000 claimed.

This settlement of that case was not satisfactory to the Finance Commission.

The firm which had contracted with the city had been "blacklisted" on recommendation of the Finance Commission. Subsequently the firm had dissolved. The claim against the city was prosecuted by a wholesale coal company which had supplied the coal and to whom assignment of the proceeds had been made. The firm which had contracted with the city was little more than a trucking firm for this wholesale coal dealer.

The Finance Commission recognizes that there was difficulty in the way of obtaining a settlement that would be fair to the city because of official attitudes in the case before the present administration came into power. Nevertheless, the commission considers it a matter of regret that additional money should have been paid for a coal that was already too well paid for and was not what was ordered.

(2) City Welfare Coal.

In this case (the facts are contained in the two preceding annual reports), on the insistence of the Finance Commission, the city refused to pay a bill of approximately \$65,000 claimed by the coal contractor for coal delivered to welfare recipients during the winter of 1935-36. Eventually suit was brought and trial was had before a Master.

Again, on the insistence of the commission, the decision of the Master (favorable to the contractor) was appealed to the Supreme Court on a question of law. The city Law Department (before this administration began) had made agreement with the legal representatives of the coal contractor that the Master's finding as to fact would be accepted by both sides.

This agreement had prevented the present Law Department from contesting the factual findings of the Master. The Supreme Court has held hearings upon the issue of law raised, but has not yet announced its decision.

In this case also, the city Law Department was handicapped by attitudes assumed by city officials who had a measure of responsibility in the situation out of which the case grew. Whether or not the eventual outcome results in financial gain to the city, the taxpayers can take comfort in the fact that the exposure of municipal delinquency in both coal cases has already forced better administrative methods. The coal scandals of 1936 are not likely soon to be repeated.

c. Investigation of Expenditures for Repairs to the Real Estate of the George Robert White Trust.

In the case of the exposure by the Finance Commission in 1937 of serious overcharges by a contractor who was given a monopoly in 1936 and 1937 (Mansfield administration) in the repair and alteration work on the properties of the George Robert White Trust, the Tobin administration again apparently was satisfied to remain in a defensive position.

A balance of approximately \$13,000 charged by the contractor (he had already been paid approximately \$125,000 and much of his work was found unsatisfactory and his charges unjustified) has been withheld by White Fund Trustees, of whom the Mayor is chairman. Suit has been entered by the contractor against the city.

Presumably it is not the intention of the present administration to become the aggressor in this case and attempt re-

covery for previous over-payment. Meanwhile a much better administration of this trust has come out of the public airing of previous administrators' deficiencies. In upkeep of the property, the new management has worked harmoniously with Finance Commission representatives as both groups sought to improve conditions.

The commission's inspectors have watched closely the work performed for the Trust in the past year as it was being done, and have checked prices, and it is pleasing to record the opinion that it has been skillfully done, and that the charges have been very fair to the Trust, which is in striking contrast to previous experience.

2. REPORTS ON DEPARTMENTAL ADMINISTRATION.

a. Extension of Contract for Collection of Garbage and Refuse.

After many years of effort the commission was able finally to obtain mayoral approval of recommendations for the substitution of collection of refuse and garbage by contract for the collection by city employees with city-owned equipment in certain sections of the city. The commission had shown that city collection had cost three times as much as collection by contractors.

Under the Mayor's direction the work of collecting in the Charlestown district, in which city men with city equipment had previously always collected refuse and garbage, was offered to the lowest bidder in advertised competition. Under the terms of the contract awarded the work will be done this year for \$14,000 by a contractor who has performed similar service in another district without complaint. Adding to the contractor's price approximately \$6,000 for inspection and supervision, the cost in Charlestown under this new method will be approximately \$20,000.

The Finance Commission reported to the Mayor that the cost of city collection in the same district has been approximately \$65,000.

The saving of \$45,000 in the cost of the work in this one district—the smallest district in the city—is evidence of the reliability of the commission's contention that many thousands of dollars may be saved by gradual extension of the policy of having contract collection in the remaining city collection districts. By conscientious enforcement of the provisions of the contracts made for this work, particularly with respect to wages paid, there can be no objection on the part of labor.

The complete failure of city collection during the period when the city was clearing up after the hurricane in September, and during the period when the city was clearing away the first heavy snowfall of the winter in December, brought home to many the advantages of contract collection. For weeks in districts where city employees performed this service, refuse remained piled high in streets and yards and cellars, becoming a menace to the public health. The men and the equipment usually employed in city collection were otherwise engaged. On the other hand, collection in the contract districts continued without interruption. A similar situation develops at some time in almost every year.

By gradual expansion of contract collection as the Finance Commission recommended, city maintenance cost can be substantially reduced.

b. City Hospital Management.

From time to time over a period of years the commission has found it necessary to bring forcibly to the Mayor's attention instances of improper management and control of the City Hospital, an institution which costs over \$4,000,000 per year for maintenance. More than once these instances have been of such an aggravating character, and permanent correction of them has appeared so unlikely under the present administrative set-up in the department that the commission has recommended action to accomplish the transfer of complete administrative authority from an unpaid board of trustees to one paid commissioner or business manager.

On each such occasion when mismanagement was revealed, the shocking part of the story was that the department authorities were fully aware of the conditions reported by the Finance Commission to the Mayor, but considered themselves unable to correct them.

It was just such a situation that the commission recently bared to the Mayor in relation to constant and extensive abuse of hospital facilities by lawyers, physicians and others. The abuse this time was so-called ambulance chasing.

Many lawyers complained to the commission of what they called the "theft" of accident cases by a group of lawyers who had unwarranted access to accident victims while being treated in the hospital wards. Many physicians in private practice complained that hospital staff physicians "stole" cases that would ordinarily have been theirs. Some members of the staff of the hospital complained that other members "stole" cases away from them. Insurance companies' agents complained that some lawyers and some physicians were in conspiracy to obtain questionable settlement of accident cases for their mutual financial gain. Unfair practices were charged to agents of insurance companies, some of whom—it was claimed—had official connections with the hospital.

None of these charges was unknown to the hospital authorities, but the hospital authorities claimed they were unable to do anything about them.

The Finance Commission was led to recommend the centralization of hospital administrative authority in one official by reason of the fact that the usual defense coming from the hospital when similar situations were exposed was this "inability" to do anything.

The commission believes that many of the conditions complained of are due to the spread of responsibility between, first, an unpaid board of trustees, nominally the head of the institution; then, a paid executive medical superintendent, who can only superintend to the extent that the trustees will let him; and, finally, a combined medical and surgical staff that is its own superior, though to some extent is responsible to non-city official groups.

A timely illustration of the lack of control that results may be seen in the current experience of the superintendent in regard to the centralization of the mechanical trades in a building provided at an expense of many thousand dollars. The idea back of the centralization was that it would provide a control of the material and equipment used by the mechanical trades at the hospital and make it possible to keep a central check on operative expense through a cost system.

The building was ready for occupancy a year and a half ago, and the various

trade representatives were ordered into it by the superintendent. To the time of writing this report the superintendent has not been able to obtain satisfactory obedience to his order. The idea was opposed so vigorously by representatives of some of the trades that for a long period the superintendent's order was ignored. In the case of one branch, however, largely because the head of that branch was also the head of a hospital employees' organization, resistance to the superintendent's order has continued. It is no secret at the hospital that one trustee has given encouragement to the resistance.

With respect to the most recent exposure by the Finance Commission—that relating to "ambulance chasing"—many agencies are now at work to correct or punish the offenders. The trustees and superintendent are now enforcing rules respecting visitors which were adopted long ago. The city Law Department has made another investigation. A "Bar Association" has made inquiries. A "Medical Association" has shown interest. A "Medical School" has considered the disclosure with particular reference to the part played by its representatives in the hospital.

It may be said that "ambulance chasing" has been curtailed or stopped for the time being, at least. No one has yet been discharged from hospital employment as the result of it and no resignations have yet been received or called for. Approximately thirteen entrances and exits are still open to visitors and employees alike, and any and all may come or go at will, unless perchance someone whom an executive suspects to be a lawyer "ambulance chasing."

Still, the commission is satisfied that its efforts in this matter will not have been in vain if the Mayor continues to demand efficiency and economy of the administrators at the hospital, and ethical conduct from the members of the professions who transact business at the hospital—whether it is hospital business or private business.

c. City Purchasing.

The commission has continued to find flaws in the practices of the city Supply Department. In a report issued, the commission said that "standardization of purchases so that, for instance, 'a gallon of white paint' will not mean any grade from the \$1.25 a gallon kind to the \$4.00 kind, is still lacking. . . . Effort to anticipate needs so that grouping of orders to obtain volume prices may be possible is still lacking. . . . The list of administration favorites is still in existence." The department is, however, better organized than previously, and a real effort is being made to improve conditions. In some respects there has been distinct improvement.

(1) Inspection of Deliveries and Fuel Engineering Service.

The commission in the past year has impressed on the Mayor and the Supply Department head the necessity of more and better inspection of deliveries. Once again, because of some employee resistance to Federal inspection of meats, fruits and vegetables, its great value has been brought by the commission to official attention (it saved the city better than \$200,000 in its first year of operation many years ago), following which the Mayor has given instructions that it must be continued and the Federal inspectors' work facilitated.

In another instance, the commission advocated necessary extension of fuel engineering service. The commission pointed out that heating plants were being operated unscientifically and consequently with great waste of coal; that less expensive types of coal could be used in many plants with as good or better results; that expert fuel engineering service is a constant need of the city as a check-up in the operation of the heating plant.

The commission urged separation of coal analysis from fuel engineering service. When this change was put into operation it added a little to the usual outlay for inspection service, but from beginnings already made, it can be confidently stated that it will mean extensive savings in the maintenance cost and will give greater efficiency in the heating plants.

The Supply Department has recently reported that changing the type of coal used in many municipal heating plants has meant a saving of approximately \$7,500 in the first half of the winter. It reported also that savings of from \$10,000 to \$15,000 can already be estimated as the result of the new fuel engineering service.

(2) Daily Purchase of City Food Supplies.

After a period of observation the commission questioned the advantages claimed for the change from purchase of meats, fruits and vegetables on a monthly basis to a weekly basis in the case of meats, and to a daily basis in the case of fruits and vegetables. The commission was supported in the position taken by the inspectors of the United States Department of Agriculture. From actual experience in many cases it has appeared that the change was ill-advised.

In conferences presided over by the Mayor, it became the consensus of opinion that a hard and fast rule either for daily or monthly purchasing has its disadvantages. A study by competent authority to determine by product when it is best to buy seems the sensible way to settle the matter. That study is now in process.

d. Assessing Department.

It is a matter of common knowledge today that the assessed valuations on real estate in Boston bear no dependable relation to cost or real value. The Boston Real Estate Exchange has claimed that properties sold within a recent period for a total of slightly over \$5,300,000 were assessed for more than \$10,950,000. Decision by the State Board of Tax Appeals ordering substantial reductions in assessed value are being handed down with regularity. The assessors with equal regularity are granting abatements on their own responsibility.

The city is spending approximately \$50,000 per year for service before the State Board of Tax Appeals in opposition to the appeals taken there. A real estate expert last year was paid approximately \$25,000 for such service; at least one assessor and one assistant corporation counsel give practically their whole time to it; in numerous other ways the cost of contesting appeals is piling up.

The semi-official tax ratings given the cities of the country by a national periodical, in which Boston has the doubtful honor of being the highest taxed large city in the country, is based on the assumption that Boston property is assessed for 100 per cent of its value. It is evident here in Boston from such information as the Boston Real Estate Exchange has compiled that Boston

property is assessed for much more than its real value. Hence the actual rate of taxation in Boston is even higher than the declared rate and higher than would appear in the comparison with other cities.

Abatements, therefore, continue to be sought and the Tax Appeals Board and the assessors will doubtless continue to grant them.

The Finance Commission is frequently importuned to reveal that administration favorites are more successful than others in obtaining abatements for clients. The commission knows that this is true now as always. However, the commission believes that unless a particular abatement granted can be attacked on the ground that it has no merit or that it was obtained through unlawful practice, no public good would be served by public advertisement of the successful advocates. As revealed in a previous annual report, these come from many walks of life and are not always given credit in the official records.

e. Department of School Buildings.

The commission has found it necessary very frequently in past years to find fault with administrative methods in the Department of School Buildings. Because of this frequent criticism in the past, the commission believes it is proper now to acknowledge that there has been much improvement there.

The work of this department was closely observed in 1938 as formerly. The very nature of it, providing for the renovation, repair, and alteration of all the city school buildings, and the construction of new buildings, makes it one of the biggest of the so-called patronage departments of the city. Therefore, it is one of the most difficult to manage.

Profiting by his experience of many years in important positions in the old Schoolhouse Department and later as engineer for the School Committee, James J. Mahar, the new superintendent, has functioned in his first year without possibility of criticism. He has reorganized the work along good business lines. In his handling of the purchases for a substantial army of W. P. A. employees and in his usage of their labor, he has developed a standard of administration that is above reproach.

(3) Municipal Projects Advocated.

The commission has urged upon the Mayor the advisability of now constructing a strandway in East Boston. To some extent this would be similar to the one now in use in South Boston. The interest of the commission in this matter calls for explanation, since it was an earlier Finance Commission which blocked the East Boston Strandway project in 1933.

The commission registered objection to the 1933 effort, however, because it was intended at that time to start the project by the payment of \$750,000 for a right of way across the flats between Wood Island Park and Orient Heights. The plan on which that effort was based was not the plan worked out by the city's Park Department, but was one inspired by the land company which owned the flats.

It was not alone the lack of wisdom at the time in expenditure of that amount of city money for such a project that prompted the commission's objection. In the opinion of the commission the land was not worth anything, being under water most of the time and, therefore, payment of \$750,000 for it would have been scandalous.

The commission bases its present advocacy of the project on a plan for it by which it will not cost municipal taxpayers anything. The present owner of the land needed by the city is an old land company with a new front, which owes the city hundreds of thousands of dollars in taxes. The city has tax title to practically all of its property. It is no secret that the city's hope of ever receiving the amount of the taxes now overdue, or even a small fraction of them, is *nil*.

The commission urged the Mayor to go into court and obtain clear title under its tax deed. With ownership in the city it will be possible, in the opinion of the commission, to obtain a Federal grant for the project.

It is estimated that the project would cost over \$1,000,000. Such an expenditure of Federal funds, particularly in East Boston, would provide extensive employment and must necessarily relieve the city Welfare Department of considerable burden. This primarily is the reason for Finance Commission activity in this matter.

It has, however, other great possibilities to the city. For instance, it would improve the health of East Boston, eliminating a muddy flats and substituting a finished beach which not only East Boston residents, but residents of other parts of the state as well, may enjoy. It should help the East Boston Tunnel. It will make (by using the sand dredged from the flats to fill in the swampy areas) good salable land of what is left of the old company's property. Salable land is taxable land.

From all of this it may be seen that to recommend it to the Mayor was a constructive effort to bring about a reduction in welfare cost and add to the tax collectible property in the city.

The commission has been informed that the Mayor looks upon the project with favor, and that definite action toward its accomplishment may be forthcoming soon.

(4) Situation in Regard to Faneuil Hall Market District and the Atlantic Avenue Super-Highway.

The Finance Commission has called attention to the steady decline of the Faneuil Hall and Quincy Market as a revenue-producing agency of the city. At one time it yielded \$185,000 per year. Now the yield is \$100,000 less though, as a butcher shop, it is now palatial when compared with the original condition. It cost half a million dollars in W. P. A. money to make the transformation. The occupants are tenants-at-will and many are constantly in arrears in rental payments.

Business in surrounding properties is affected by prosperity in the market or the lack of it; real estate valuations, also. Both are at a low ebb.

The commission thought it timely to do something about it. Accordingly the suggestion was made to the Mayor that in addition to having competent authority look after the rental situation, as has always been done previously, it might be a good idea to bring together representatives of the various interests involved, like the marketmen and the real estate owners, to devise ways and means of improving the situation.

Though many real estate men with the interests of the city as a whole at heart endorsed the idea, some of them writing to the newspapers in favor of it, apparently the recommendation fell on deaf ears in City Hall. Nothing has been started there in regard to it.

(5) The Proposed Elevated Highway.

Meanwhile real estate speculators used the deplorable condition of real estate in the market area to help build up a real estate speculators' dream of another circumferential highway. This time it is an elevated one. This proposed new highway will have a beginning in the Boston & Albany Railroad train yards in the Back Bay, wind around or through the city to the Elevated structure on Atlantic avenue and make use of that as a super-highway that in some way would cut through the market district.

The last time a circumferential highway was advocated many real estate speculators were ruined financially. Great damage also was done to normal development of city property. The speculators had options all along the line of it, wherever it was possible to obtain options. When they became convinced that the project would not be authorized they had already wasted many thousands of dollars holding their options.

Many properties which would normally have been improved in those prosperous days (between 1925 and 1929) were allowed by their owners to fall into disrepair. The owners were led to believe that the city was going to need the property for the highway and therefore did not spend as they normally would to keep up their holdings. It is almost unnecessary to say that many of those most active in promoting this new idea are of those who have had many similar schemes in the past.

The Finance Commission believes the estimated cost of this plan, \$33,000,000, is enough to defeat serious consideration of it. Such a highway would undoubtedly speed traffic through the city. There is some doubt that the speedsters would stop long enough to spend the cost of the improvement. Much more taxable property would be wiped out.

Atlantic avenue consists of a broad highway now. By removal of the Elevated uprights it would become a good highway capable of handling easily all the traffic it is likely to get in many years. It seems incredible that having seen what an elevated railroad did to abutting property in Charlestown and along Washington street in the South End through to Forest Hills, there are many who favor the continuance of the Atlantic avenue structure now that the Boston Elevated Railway has no further use for it.

The transformation of the present Elevated structure into a highway extending from the present curb to curb line will do greater damage to abutting property than the present structure which now covers only the middle of the street.

The commission offers this comment because the project is likely to be agitated in the Legislature.

(6) Legislative Matters.

a. House of Correction at Deer Island.

The Finance Commission sought to interest Mayor Tobin and Governor Hurley in the possibility of savings to both the state and the city by the transfer of the House of Correction at Deer Island from the County of Suffolk to the state. The commission was encouraged in this matter by the attitude of the officials in charge of the State Department of Correction, most of whom have been in favor of such a transfer for many years.

Financially, such a transfer would be of great benefit to both state and city. It is apparent that the state must soon provide additional and better quarters

to relieve crowded and outmoded accommodations at the State Prison in Charlestown and the Concord Reformatory.

(1) State Prison Project.

Governor Hurley asked the Legislature in 1938 to authorize a \$2,000,000 bond issue for the construction of a new state prison at Norfolk on land adjacent to the present prison camp there. The Legislature withheld authorization. However, prison officials have stated it is imperative that accommodations soon be provided which will permit proper classification of prisoners. They desire to separate those who are confirmed criminals from those whom they believe are worth trying to restore to good citizenship. They desire also to provide suitable industrial occupation for all.

To construct an entirely new prison to accomplish these purposes will be very expensive. To find a site for a new prison, that will be satisfactory to the many elements which are interested and will not provoke hostility of neighbors, will be difficult.

(2) Favored by Former Legislative Commission.

A few years ago a special legislative commission which surveyed the need for new prison facilities recommended that the state take the Deer Island House of Correction and make it over into a state institution to relieve the Charlestown and Concord state institutions. They argued that it was the most convenient location, and least expensive of many plans considered. In their report they mentioned that extensive remodeling would be necessary, but were apparently impressed with the comparative ease of providing at Deer Island the additional facilities needed without having to build a whole new institution.

The advantage to the city would be threefold. It would relieve the city of an annual maintenance expense of approximately \$750,000. It would relieve the city of having to add to its state obligations the city's share of the extra expense that will be necessary if the state builds a whole new institution somewhere else. It would relieve the city of the heavy capital outlay necessary within a few years if the property is to be put in safe condition.

(3) Present Conditions at Deer Island.

The House of Correction at Deer Island has changed materially in recent years. Originally built as an institution for drunks and light offenders, approximately one half of its inmate population now consists of serious offenders. To control and to employ to advantage the latter class is important. There is not adequate provision for control there now, and the industrial situation is causing worry. Mixing light offenders with serious offenders in one institution is similar to putting spotted or spoiled apples in a barrel with sound apples. None improve and many sound ones become tainted and spoiled.

For Boston's protection and the protection of other municipalities bordering on Deer Island, facilities at Deer Island must be greatly improved and expanded. To provide proper care for the new situation, the whole institution must be made over.

It does not seem reasonable that the County of Suffolk should add to Boston's financial difficulty by expansion of this institution at the expense of Boston taxpayers alone. The county maintains

another large institution at Charles Street Jail, and the City of Boston pays for its entire cost. The city is, therefore, doing much more than its proper share in prison expense.

There was considerable public support given to the commission's advocacy of the transfer of Deer Island House of Correction to the state. The State Commissioner of Correction indorsed it and offered to prepare the statutory changes needed to accomplish the transfer. Editorial indorsement of many newspapers was given to it. Many letters from private citizens appeared in newspapers in support of it. Local taxpayer associations gave approval to it.

The commission again urges the Mayor and legislative authorities to take action in the matter.

b. Metropolitan Affairs.

The commission has noted that the Mayor in his annual address to the City Council stated that he does "not intend to take the customary but futile steps of seeking legislation for a Greater Boston, or to agitate it in any way." The commission has appreciation of the reason given by the Mayor that he is "convinced of the futility of attempting to obtain immediate legislation bearing upon this problem."

It is unfortunate, however, that the effort to make progress toward some kind of unification of service such as is contained in the idea of a Greater Boston should lapse for even one session of the Legislature. There is no doubt that under the present conditions which exist there is waste and unnecessary duplication of governmental services and functions by the cities and towns which might properly be part of such a large unit.

There is scarcely a municipality in the Metropolitan area which is in such financial condition that it can afford to ignore any plan that might reduce the cost of governmental administration, or might improve it. The very few which are better off financially than the others either do not give the public service or have not some of the problems of the others.

The objection most often heard in Boston against Metropolitan amalgamation of public service is that it is a sacrifice of "home rule." In the suburban communities the objection most often raised is that tie-up with Boston is not desirable because of political conditions in Boston — that Boston politicians would dominate the public service of the suburban communities.

In these times of financial difficulties to all, it seems ridiculous that such unwarranted objections should be able to prevent any step toward an amalgamation of public services that could be made, unquestionably, to work out for the better financial interest of all. Boston domination is not necessarily a possibility in many of the plans for amalgamation already conceived. Certainly such Metropolitan management as we have had in water and sewerage service and in park service has not injured the smaller municipalities, and has not provided Boston domination.

CONCLUSION.

In conclusion the commission desires to express the hope that there will be a continuance of the cooperation that existed in 1938 between the commission and the Mayor and his department heads and that substantial improvement in municipal management may be facilitated by it.

The formal reports of the commission in the year 1938 were as follows:

January 4, 1938. To the Mayor. In relation to contracts awarded late in the Mansfield administration as follows: (1) The M. H. Loonie Truck Contract, (2) The Rental of the Loonie Barn by the Public Works Department, (3) Purchase of Trucks for the Water Service and (4) The Purchase of Sanders for the Public Works Department.

February 7, 1938. To the Mayor. In relation to charges of fraud in connection with contracts for the rental of equipment used in W. P. A. work at the City Hospital and other city departments.

March 5, 1938. To the Governor. Recommending legislation to accomplish the transfer of the control of the House of Correction at Deer Island to the State Department of Correction.

April 26, 1938. To the Mayor. In relation to the Faneuil Hall and Quincy Market and recommending the creation of a special commission of real estate operators to survey the real estate situation in the market district.

April 28, 1938. To the Mayor. In relation to a change in the method of the collection and disposal of garbage and refuse.

May 2, 1938. To the City Council. In relation to the budget for the year 1938.

June 1, 1938. To the Mayor. In relation to purchases for W. P. A. activities.

December 6, 1938. To the Mayor. In regard to unethical practices by doctors, lawyers and others in connection with accident cases at the Boston City Hospital.

December 19, 1938. To the Mayor. In relation to the purchase of meats, fruits and vegetables for city institutions.

Respectfully submitted,

DAVID LASKER, *Chairman*,
ROBERT ROBINSON,
JAMES E. MAGUIRE,
JOSEPH A. SCOLPONETI,
JAMES H. FLANAGAN,
The Finance Commission.

ROBERT E. CUNNIFF,
Secretary.

The foregoing report has been approved by me except wherein it is in disagreement with the findings made by me and stated in a minority report relating to the matter of the substitution of collection of garbage and refuse by contract for city collection.

JOSEPH A. SCOLPONETI.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, February 9:

HOSPITAL DEPARTMENT.

The following persons have been employed for the week ending Tuesday, January 24:

Permanent.—Dr. Lester S. Jolliffe, third assistant pathologist, \$1,000 a year; Eleanor Mahn, Ruth Larkin, floor nurses, \$1,200 a year.

Temporary.—Samuel Odiorne, male nurse, \$32 a week.

The following changes have occurred: Dr. Putnam Kennedy, physician at \$1,000 a year to second assistant pathologist at \$1,500 a year; Dr. Jesse Edwards, second assistant pathologist at \$1,500 a year to first assistant pathologist at \$2,000 a year.

The following persons have ceased to be employed:

Charles Doherty, jobber, \$30 a week; Anastacia O'Neil, wardmaid, \$15 a week; Anna Allen, floor nurse, \$1,200 a year; Joseph Doran, Samuel Odiorne, male nurses, \$32 a week.

The following persons have been employed for the week ending Tuesday, January 31:

Permanent.—Harold Nolan, male nurse, \$1,200 a year; Louise Graves, medical social worker, \$1,200 a year; Dorothy Ingalls, Myrtle Bowen, Helen A. Baxter, floor nurses, \$1,200 a year.

The following changes have occurred: Anna M. Horan, permanent-intermittent telephone operator at \$18 to permanent relief telephone operator at \$18 a week; Frank McFadd, orderly at \$16.50 a week transferred from Main Department to South Department.

The following employees are on duty after illness:

Ida Jelley, head nurse, on duty; Gladys Fenton, permanent intermittent telephone operator, on duty.

The following employees have resigned:

Helen Noonan, head nurse, \$1,200 a year; Ellen Coyle, cleaner, \$15 a week; Ralph Reed, orderly, \$16.50 a week; Helen DelRossi, Jennie Politakis, Grace E. Corcoran, floor nurses \$1,200 a year.

The following corrections are made on monthly nurses advertised on January 24:

Edna Cunningham, Barbara Dennis, \$12 a month to \$10 a month; Mary Coletti, Alice Harrison, \$12 a month to \$11 a month; Rebecca Dalton, Ethel McCormack, \$10 a month to 8 a month.

Monthly increases: Edith DeLoffi, \$12.50 to \$16.67 a month; Mary Fleming, no pay to \$10 a month.

Permission has been given for the permanent employment of Patricia Flaherty, as floor duty nurse at \$100 per month, to take the place of Anna Allen who resigned on January 14.

Approval has been given for the promotion of Dr. Philip S. Marcus from assistant resident anesthetist at \$600 a year to resident anesthetist at \$1,000 a year, beginning January 1, for one year, the position now held by Dr. Philip Schultz who is completing his term of service on January 1; also Dr. Walter M. Mulvahill as assistant resident anesthetist at \$600 a year, beginning January 1, to fill the position now held by Doctor Marcus.

HOSPITAL DEPARTMENT (Sanatorium Division).

Approval has been given for the emergency temporary employment of Catherine Connor as telephone operator at the Sanatorium Division, for one shift on January 22, at \$3 a shift.

Approval has been given for the permanent employment of Michael Conatelli as male nurse patient at the Sanatorium Division at \$480 a year, from September 1, 1938.

Approval has been given for the temporary employment of Gertrude Wilson as relief telephone operator at \$3 a shift, from January 28.

The following persons have ceased to be employed:

Francis O'Rourke, telephone operator (temporary), \$3 a day; Eileen O'Hare, ward maid, \$10.50 a week, name should be Bernice O'Hare; Anna M. Horan, telephone operator (relief), transferred to Boston City Hospital.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon February 2 the Mayor approved a contract with the Raymond Concrete Pile Company for making wash borings at the Albany Street and Berkeley Street Bridges, over the Boston and Albany Railroad, P. W. A. Docket No. Mass. 1584-F, at an estimated cost of \$305. The work is to commence under this contract on a date to be specified on a written order from the Commissioner of Public Works, and shall be fully completed within thirty calendar days from and including said date. The following bids were received January 24, after invitations had been sent to several bidders:

Raymond Concrete Pile Company, \$305; Charles A. Leary Company, \$335.

SUPPLY DEPARTMENT.

Upon February 6 the Mayor approved contracts with lowest bidders as indicated for furnishing surgical dressings to be delivered to the various city departments, as required, until June 30, 1939. The approximate totals of awards were as follows:

Johnson & Johnson, \$4,661.75; American White Cross Laboratories, Incorporated, \$4,943; T. W. Reed Company, \$1,512; E. F. Mahady Company, \$1,406; Codman & Shurtleff, Incorporated, \$1,287.30; Crowley & Gardner, \$970.30; Taylor, Symonds Company, \$792.56; Acme Cotton Products Company, \$519.02; George L. Dodd, \$297. Total, \$26,388.93.

Bids, opened December 30, were as follows:

Approximate Amounts on All Items.

Samples to be matched may be seen at the Linen Room, Boston City Hospital, unless otherwise specified.

6 Dozen Bandage Rolls, Ace, or Equal, 3 Inches Wide, Per Dozen.—Codman & Shurtleff, Incorporated, \$7.60; Crowley & Gardner, \$7.60*; E. F. Mahady Company, \$7.60, Ace; \$5, Green Cross; McKesson & Robbins, Incorporated, \$7.60, error, 33½ per cent; T. W. Reed Company, \$7.60.

4,200 Yards Bandage Flannel, to be in 1-Yard Flat Fold and to be Full 36 Inches Wide, Same Weight as Sample, Per Yard.—Sparrow-Chisholm Company, 14.5 cents; Taylor, Symonds Company, 7.48 cents.*

600 Bandage Rolls Crinoline, Red Cross, or Equal, to be in 10-Yard Rolls, Cut 3, 4, 6 Inch Widths as Needed, \$2 by 28 Mesh, Per Roll.—The Bay Division, Parke Davis & Co., 56 cents, Bay's Atlantic Grade; Codman & Shurtleff, Incorporated, 56 cents; Crowley & Gardner, 56 cents*; Johnson & Johnson, 56 cents; Lewis Manufacturing Company Division of the Kendall Company, 58 cents; E. F. Mahady Company, 56 cents; T. W. Reed Company, 56 cents.

14 Dozen Gauze Bandage Rolls, in 10 Yards, 1-Inch Rolls, Per Dozen.—Acme Cotton Products Company, Incorporated, 24 cents*; American White Cross Laboratories, Incorporated, 24 cents; Bauer & Black Division of the Kendall Company, 29 cents; The Bay Division, Parke Davis & Co., 29 cents, Bay's bandages, individually wrapped; Codman & Shurtleff, Incorporated, 29 cents, individually wrapped; Crowley & Gardner, 29 cents; Johnson & Johnson, 29

cents; Lewis Manufacturing Company Division of the Kendall Company, 29 cents; E. F. Mahady Company, 29 cents; McKesson & Robbins, Incorporated, 29 cents; T. W. Reed Company, 29 cents.

45 Dozen Gauze Bandage Rolls, in 10 Yards, 2-Inch Rolls, Per Dozen.—Acme Cotton Products Company, Incorporated, 46 cents*; American White Cross Laboratories, Incorporated, 46 cents; Bauer & Black Division of the Kendall Company, 54 cents; The Bay Division, Parke Davis & Co., 54 cents; Codman & Shurtleff, Incorporated, 54 cents; Crowley & Gardner, 54 cents; Johnson & Johnson, 54 cents; Lewis Manufacturing Company Division of the Kendall Company, 54 cents; E. F. Mahady Company, 54 cents; McKesson & Robbins, Incorporated, 54 cents; T. W. Reed Company, 54 cents.

22 Dozen Gauze Bandage Rolls, in 10 Yards, 3-Inch Rolls, Per Dozen.—Acme Cotton Products Company, Incorporated, 68 cents*; American White Cross Laboratories, Incorporated, 69 cents; Bauer & Black Division of the Kendall Company, 81 cents; The Bay Division, Parke Davis & Co., 81 cents; Codman & Shurtleff, Incorporated, 81 cents; Crowley & Gardner, 81 cents; Johnson & Johnson, 81 cents; Lewis Manufacturing Company Division of the Kendall Company, 81 cents; E. F. Mahady Company, 81 cents; McKesson & Robbins, Incorporated, 81 cents; T. W. Reed Company, 81 cents.

6,000 Bellevue Rolls, 36-Inch Gauze, Break-Off, 1 Yard by 10 Yards, to be Cut 2, 3, 4 Inches as Needed, 28 by 24 Mesh, Per Roll.—Acme Cotton Products Company, Incorporated, 34 cents; American White Cross Laboratories, Incorporated, 32 cents*; Bauer & Black Division of the Kendall Company, 36 cents, stick form, Bauer & Black crescent; The Bay Division, Parke Davis & Co., 36 cents, Bay's Blue Seal Grade; Codman & Shurtleff, Incorporated, 36 cents; Crowley & Gardner, 36 cents; Johnson & Johnson, 36 cents; Lewis Manufacturing Company Division of the Kendall Company, 36 cents; E. F. Mahady Company, 36 cents; Marsales Company, Incorporated, 30 cents; McKesson & Robbins, Incorporated, 36 cents, B. & B. Crescent; T. W. Reed Company, 36 cents.

5,000 Pounds Cellu Cotton, in 2 or 8 Pound Rolls as Requested, Each Roll Entirely Covered by Wrapper, in Even Layers, Curity, J. & J., or Equal, 12 Inches to 18 Inches Wide, Per Pound.—Bauer & Black Division of the Kendall Company, 13 cents, 8-pound roll, 24 inches wide, Bauer & Black; 14 cents, 2-pound roll, 12 inches wide, Bauer & Black; Codman & Shurtleff, Incorporated, 13 cents, Curity or Bay Blue Seal Grade; Crowley & Gardner, 14 cents, 2-pound rolls; 13 cents, 8-pound rolls; Johnson & Johnson, 14 cents, 2-pound rolls; 13 cents, 8-pound rolls; Lewis Manufacturing Company Division of the Kendall Company, 13 cents; E. F. Mahady Company, 10.75 cents, Forest Fleece*; Marsales Company, Incorporated, 10 cents; McKesson & Robbins, Incorporated, 13 cents, 8-pound rolls, 24 inches wide, not Curity or J. & J. or equal; 14 cents, 2-pound rolls, 12 inches wide, not Curity or J. & J. or equal; T. W. Reed Company, 14 cents, 2-pound rolls; 13 cents, 8-pound rolls; Stimpson & Co., Incorporated, 11.5 cents, 2-pound rolls; 11 cents, 5-pound or 8-pound rolls.

200 Cartons Chux, 500 to Case, Per Case.—Acme Cotton Products Company, Incorporated, \$5; Codman & Shurtleff, Incorporated, \$6.339; Special; \$5.50, Standard, 600 to case; Crowley & Gardner, \$6.339; Johnson & Johnson, \$6.339,

Special; \$5.50, J. & J. Chux, 600 to case, small size; E. F. Mahady Company, \$6.339; \$5.50, 600 to case, small size; T. W. Reed Company, \$6.339.

15,000 Yards Colerain, Unbleached Gauze, 20 by 12, in 1-Yard Flat Fold, Per Yard.—Codman & Shurtleff, Incorporated, 1.7 cents; Johnson & Johnson, 1.695 cents*; Lewis Manufacturing Company Division of the Kendall Company, 1.7 cents; E. F. Mahady Company, 1.7 cents.

8,000 Yards Compress, Starched and Bleached, Light-Weight Cotton, 36 Inches Wide, in 1-Yard Flat Fold, First Call, or Equal, Per Yard.—Sparrow-Chisholm Company, 11.5 cents; Taylor, Symonds Company, 5.98 cents.*

3,200 Rolls Absorbent Cotton, 12 Inches Wide, 1-Pound rolls, Per Roll.—Acme Cotton Products Company, Incorporated, 15 cents*; Bauer & Black Division of the Kendall Company, 17 cents, Bauer & Black, Dearborn; The Bay Division, Parke Davis & Co., 17 cents, Bay's Special Hospital Grade; Codman & Shurtleff, Incorporated, 17 cents, Bay's Special Hospital Grade; Crowley & Gardner, 17 cents; Johnson & Johnson, 17 cents, Brunswick; Lewis Manufacturing Company Division of the Kendall Company, 17 cents; E. F. Mahady Company, 17 cents; McKesson & Robbins, Incorporated, 17 cents, B. & B., Dearborn; T. W. Reed Company, 17 cents.

50 Pounds Absorbent Cotton, J. & J. Red Cross, or Equal, 1-Pound Rolls, for Eye Work, Per Pound.—American White Cross Laboratories, Incorporated, 27 cents; Bauer & Black Division of the Kendall Company, 41 cents, Bauer & Black Handy Package; The Bay Division, Parke Davis & Co., 39 cents, Bay's Blue Seal Grade, 1 pound, paper wrapped; Codman & Shurtleff, Incorporated, 39 cents; Bay's Blue Seal Grade, 1 pound, paper-wrapped rolls; Crowley & Gardner, 41 cents; Johnson & Johnson, 41 cents; E. F. Mahady Company, 39 cents, Bay's Blue Seal Grade, 1 pound; paper wrapped; 41 cents, J. & J. Red Cross; McKesson & Robbins, Incorporated, 41 cents, Bauer & Black Handy Package; T. W. Reed Company, 41 cents.

150 Pounds Cotton, Non-Absorbent, J. & J. Red Cross, or Equal, 1-Pound Rolls, Per Pound.—Bauer & Black Division of the Kendall Company, 39 cents, Bauer & Black; Codman & Shurtleff, Incorporated, 65 cents; Crowley & Gardner, 65 cents; Johnson & Johnson, 65 cents; E. F. Mahady Company, 39 cents; Bauer & Black; 65 cents, J. & J. Red Cross; McKesson & Robbins, Incorporated, 39 cents, Bauer & Black; T. W. Reed Company, 65 cents.

200 Pounds Cotton, Non-Absorbent, 5-Pound Rolls, J. & J. Red Cross, or Equal, Per Pound.—Codman & Shurtleff, Incorporated, 64 cents; Crowley & Gardner, 64 cents; Johnson & Johnson, 64 cents; E. F. Mahady Company, 64 cents, J. & J. Red Cross; T. W. Reed Company, 64 cents.

10 Cartons Surgine, 8 Inches by 20 Yards, 12 Rolls to Carton, Per Carton.—Bauer & Black Division of the Kendall Company, \$10.80, B. & B. combination rolls; The Bay Division, Parke Davis & Co., \$10.44, Bay's Filmet padding rolls; Codman & Shurtleff, Incorporated, \$10.44, Bay's Filmet padding rolls; Crowley & Gardner, \$10.44; Johnson & Johnson, \$10.44.

850,000 Yards Absorbent Gauze, Bleached, Double Fold, 100-Yard Bolts, 20 by 12, Per Yard.—Bauer & Black

Division of the Kendall Company, 1.85 cents, Bauer & Black Dearborn Grade; The Bay Division, Parke Davis & Co., 1.85 cents, Bay's Melrose Grade; Codman & Shurtleff, Incorporated, 1.85 cents, Bay's Melrose Grade; Crowley & Gardner, 1.85 cents; Johnson & Johnson, 1.695 cents.*

15,000 Yards Absorbent Gauze, Bleached, 40 by 36, 1-Yard Flat Fold, Soft Compress, Per Yard.—Codman & Shurtleff, Incorporated, 5.4 cents, J. & J.; Crowley & Gardner, 5.4 cents; Johnson & Johnson, 5.4 cents.

1,200 Gross Modess, or Equal, Per Gross.—Acme Cotton Products Company, Incorporated, \$1.14, Sanflex, cotton filled, sample submitted; Codman & Shurtleff, Incorporated, \$1.26, J. & J.; \$1.96, J. & J. pads, 1 dozen in sleeve, 100 dozen to case; Crowley & Gardner, \$1.26; 96 cents, J. & J. pads, 1 dozen in sleeve, 100 dozen to carton; Johnson & Johnson, \$1.26, Special; 96 cents, J. & J. pads, 1 dozen in sleeve, 100 dozen to case.

50 Cartons New Era Pads, 2 Gross to Carton, Per Carton.—Acme Cotton Products Company, Incorporated, \$4.50, seamless; Bauer & Black Division of the Kendall Company, \$4.75, B. & B. combination pads, 24 inches by 3½ inches; Codman & Shurtleff, Incorporated, \$4.65, Curity; Crowley & Gardner, \$7.126; Johnson & Johnson, \$7.126, Special; \$4.75, J. & J. dressing combines, 3½ inches by 24 inches, 2 gross to carton.

2,500 Rolls Adhesive Plaster, 1½ Inches by 5 Yards, U. S. P., Per Roll.—American White Cross Laboratories, Incorporated, 60 cents*; Bauer & Black Division of the Kendall Company, 65 cents, Bauer & Black; The Bay Division, Parke Davis & Co., 65 cents, Bayhesive; Codman & Shurtleff, Incorporated, 65 cents, Bayhesive; Crowley & Gardner, 65 cents; Johnson & Johnson, 65 cents.

10 Cartons Surgine, 8 Inches by 20 Yards, 12 Rolls to Carton, Per Carton.—Lewis Manufacturing Company Division of the Kendall Company, \$10.44, Curity; E. F. Mahady Company, \$10.44; McKesson & Robbins, Incorporated, \$10.80, B. & B. combination rolls; T. W. Reed Company, \$10.44.

850,000 Yards Absorbent Gauze, Bleached, Double-fold, 100-Yard Bolts, 20 by 12, Per Yard.—Lewis Manufacturing Company Division of the Kendall Company, 1.85 cents; E. F. Mahady Company, 1.85 cents; Marsales Company, Incorporated, 1.73 cents; McKesson & Robbins, Incorporated, 1.85 cents, B. & B. Dearborn Grade; T. W. Reed Company, 1.85 cents; United Cotton Products Company, 1.77 cents.

15,000 Yards Absorbent Gauze, Bleached, 40 by 36, 1-Yard Flat Fold, Soft Compress, Per Yard.—Lewis Manufacturing Company Division of the Kendall Company, 5.4 cents; E. F. Mahady Company, 5.4 cents; T. W. Reed Company, 5.4 cents.

Wetherill & Co., Incorporated, of Massachusetts, 2 per cent.

* Contract awarded.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of dredging in Chelsea Creek by the United States Government, vehicles are excluded from the following street, between the hours of 12.30 a. m. and 4.30 a. m. on each of the following days, February 6, February 7, February 8, 1939:

Meridian Street, East Boston.

From Condor street to the Boston-Chelsea line.

Voted, That as urgently required by considerations of public safety and convenience, during the snow-expectancy season, estimated to be sixty (60) days,

effective beginning February 8, 1939, parking of vehicles is prohibited in all streets in the downtown Boston—the district bounded by the southwesterly line of Massachusetts avenue, the Roxbury Canal, South Bay, Fort Point Channel, Boston Harbor, Charles River and Charles River Basin—where snow removal, under the direction of the Public Works Department, is in progress and where official Boston Traffic Commission signs bearing the legend, "Snow Removal—Do Not Park," are placed.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, parking of vehicles is prohibited in the following street, effective February 10, 1939:

Warren Street, Roxbury.

East side, from Zeigler street to a point one hundred (100) feet north of Zeigler street, twenty-four hours.

Voted, That the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective February 20, 1939:

Section 15 is amended by adding the following words:—"or with one rear wheel to the curb or edge of the roadway and headed in the direction of traffic," so that the section reads as follows:

SECTION 15. COMMERCIAL VEHICLES MAY BACK TO CURB OR EDGE OF ROADWAY.

Subject to the provisions of sections 7, 8, 16, 17 and 19, commercial vehicles may be parked with both rear wheels to the curb or edge of the roadway, or with one rear wheel to the curb or edge of the roadway and headed in the direction of traffic, while loading or unloading materials, provided such parking leaves a clear and unobstructed lane at least ten (10) feet wide for the passage of traffic.

LICENSE FEES APPROVED.

The Mayor has approved the following proposals of the Fire Department:

Boston, January 27, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—In conjunction with the survey made of license fees by the committee appointed by you, and on the advice of Mr. Bernard Whelan, Superintendent of the Wire Division, I wish to recommend the following rates for adoption:

INCANDESCENT LAMPS.

Each twenty-five 50-watt lamps or equivalent, or fractional parts thereof, in excess of 100, \$1.00.

FIXTURES.

Each twenty-five lamps, or fractional part thereof, in excess of ten, 50 cents.

SOURCES OF SUPPLY.

Generators of 11-25 kilowatt capacity, \$3.00.

Generators of 26 kilowatt capacity and over, \$5.00.

Transformers of 11-25 kilowatt capacity, low tension, \$3.00

Transformers of 26 kilowatt and over, low tension, \$5.00.

Very truly yours,

WILLIAM ARTHUR REILLY,
Fire Commissioner.

MAYOR TOBIN VETOES LICENSE FOR READVILLE DOG TRACK — SENDS MESSAGE TO COUNCIL ANNOUNCING HIS DECISION FOLLOWING PLEBISCITE OF CITIZENS OF DISTRICT IN WHICH THOSE OPPOSING CAST MAJORITY OF VOTES — JUDGMENT INFLUENCED BY MORAL ASPECTS OF SITUATION PROMPTED CALL FOR VOTE OF TUESDAY ON SUBJECT.

On February 8 the Mayor issued the following copy for publication announcing his veto of the Readville Dog Track license:

To the City Council.

GENTLEMEN,—I return herewith disapproved, and without my signature, the order adopted by your Honorable Body on January 30, 1939, for the location of a dog track in the Readville section of our city.

I take this action for the specific reason that a plebiscite vote taken in the three election precincts closest to the proposed track was in the negative.

There is much doubt as to the belief held by many persons that the recent State referendum vote on horse and dog racing was a definite expression of the will of the people approving additional racing tracks within our city limits. With the moral and other issues involved in the establishment of this track in Readville, I was of the opinion that those to be most vitally affected by such a track should be given an opportunity of indicating their views on this most perplexing problem.

If the course of the municipal government or the financial condition of the city were involved in this question the responsibility for decision would be upon your Body and me, and it is perfectly evident that under ordinary conditions and circumstances a plebiscite vote of the character of the one taken on Tuesday, February 7, is neither necessary nor desirable, and I do not intend to make a practice of conducting such tests. However, in view of all the circumstances surrounding the establishment of a proposed track in Readville, and in view of the moral aspects of the matter, it was my best judgment that a fair solution of the problem before me depended upon the sentiments of those living in the immediate neighborhood to the proposed track.

In representative, democratic government, we can have no quarrel when the voice of the people is heard on a specific proposal which has grave and far-reaching potentialities. Consequently, I feel it my duty to veto the order as presented me by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

SPECIAL ELECTION FOR READVILLE ON DOG TRACK QUESTION.

On Monday February 6 Mayor Tobin issued the following statement:

As Mayor of Boston there is an inescapable responsibility on my part in the matter of the establishment of a dog track in Readville. Despite the fact that I have given this matter considerable attention and time during recent days, I confess that I am still in grave doubt as to the proper course to pursue.

The vote of the people at the recent State election would indicate that dog racing should be permitted. I have no quarrel with that vote, but I do believe that the immediate residents of any neighborhood wherein a dog track is to be located should have the right to express an opinion as to whether or not they want a dog track in their particular section. With that thought in mind, I held a Town Meeting on last Saturday in Hyde Park. The surrounding circumstances, however, were such that it could be charged that it was not fairly representative. Over a thousand people were unable to gain admittance to the hall.

For that reason, I am of the belief that a vote should be taken of the residents of three precincts in the immediate vicinity of the track, such vote to be conducted in the usual manner by responsible election officials, and that the result of that vote will be the determining factor in my decision. That vote will be held tonight, Tuesday, from five to nine in the evening. Every qualified voter of Precincts 18, 19 and 20 in Ward 18 is entitled to and requested to vote on this most perplexing matter. The question on the ballot will be:

"Do you favor the establishment of a dog racing track in Readville."

I am purposely calling this election without previous warning so that no charges may be later made that undue influence was brought to bear in the election by either proponents or opponents of the question.

I am convinced, after a consideration of all the circumstances involved, that the residents most affected by this proposed track should have the right, by secret ballot, of expressing their opinions in the accepted custom of our American government.

I shall be guided by the results of this election.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Hutchinson street, Dorchester district, as a highway, from Gallivan Boulevard southeasterly with the name of Henniker street or some

other distinctive name, bounded and described as follows:

A highway named Hutchinson street is hereby laid out from Gallivan Boulevard southeasterly and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement

for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Gallivan Boulevard, forty feet; northeasterly by the line of Hutchinson street, as hereby laid out, three hundred fifty-one and 15-100 feet; southeasterly by the line of Hutchinson street, as hereby laid out, forty and 26-100 feet and southwesterly by the line of Hutchinson street, as hereby laid out, three hundred forty-six and 60-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Hutchinson street will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Hutchinson Street, Dorchester, Assessment Plan, November 15, 1938, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Annie E. Law, James W. Landers.....	\$51 78
2. Katherine M. Sullivan.....	165 00
3. William J. Murray, Mary J. Murray.....	132 09
4. City of Boston, Dorchester Rapid Transit.....	502 50
5. John J. Henderson.....	149 28

PLEADS FOR DOG RACING RIGHTS AT READVILLE.

On February 2 the Mayor received the following communication:

BOSTON, February 1, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—With all the sincerity at my command, I protest the action of the Finance Commission in requesting that you delay decision on the petition of the Readville Greyhound Association, Incorporated, to operate a greyhound track at the Readville trotting park.

As you will recall, on January 16 the Boston City Council voted unanimously in favor of our petition. You vetoed their action to enable any opposition an opportunity of presenting its side. In the wisdom of that action, we heartily concurred. A public hearing was duly held, and again the City Council voted favorable on our request by a wide margin.

Now there is a demand on the part of the Finance Commission for a further investigation. The "demand" is obviously inspired, but the sponsors and officers of this track will gladly submit to any impartial hearing by any duly appointed investigating committee. We have nothing to conceal.

May I remind your Honor that you and the City Council have power to revoke our permit if these alleged and mythical "improprieties" are proved?

I respectfully call to your attention the urgency of haste in this matter. The State Racing Commission is now hearing applications for dates. Wareham will be heard tonight, Revere on Friday, and Dighton on Monday.

Were we able immediately to file with the State Racing Commission our application for a license and for dates, by law we could not be heard for at least a week. This would permit the Finance Commission ample time to investigate any of these asserted "improprieties."

Delay in receiving a permit from the City of Boston would achieve the purpose of the monopoly now controlling dog racing in Massachusetts, namely, to prevent our obtaining dates this year.

The request of the Finance Commission, one of whose members at least has been

in the employ of our opposition, was apparently deferred until a time which would inconvenience us most.

In the interest of fair play, I respectfully request your consideration of these facts.

Respectfully yours,

HUNTINGTON R. HARDWICK,
President, Readville Greyhound Association, Incorporated.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

AMENDED NOTICE.

UNEMPLOYMENT COMPENSATION COMMISSION, PUBLICITY AGENT, MARCH 11, 1939.

Last date for filing applications, Saturday, February 25, 1939, at 12 noon.

NOTE.—This is the examination originally scheduled for Saturday, January 21, 1939.

The minimum salary is \$1,920 a year; the maximum salary is \$2,280 a year.

Duties: Under general direction, to prepare for newspapers and other publicity, material with which the public should be acquainted relating to activities of a department or major division and to secure publication thereof; and to perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 4; practical questions, 4; personality and fitness, as determined by an oral interview, 2; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

ADDITIONS TO CONTRACTS.

The Mayor has approved the following request of the Department of School Buildings:

DEPARTMENT OF SCHOOL BUILDINGS.

Re William Howard Taft School,
Project No. Mass. 1095-F.

BOSTON, January 23, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

MY DEAR MR. MAYOR,—Your approval is respectfully requested to add to the contract price for this project, the cost of temporary heat which is necessary to dry out the building; the finish wood-work and wood floors are put in place. It is estimated that this cost will be approximately three thousand three hundred forty-four (3,344) dollars.

The contract specifications state that temporary heat shall be paid for by the city, page 147. It is the intention to provide, in accordance with the requirements of the labor authorities, four shifts of six hours each, of firemen, to be provided by the subcontractor for the heating, the regular agreed on price of \$1.40 which includes his labor costs and profit and also the regular 10 per cent allowance to the general contractor for assuming in accordance with the contract full responsibility for the execution of the work and including all charges and profit.

The firemen can only be obtained and hired through the heating subcontractor, on account of the fact that the plant to be used is the property of the subcontractor and not of the city.

Trusting we can obtain this permission as soon as possible, I am,

Very truly yours,

JAMES J. MAHAR,
Superintendent of Construction.

Re High School of Practical Arts,
Project No. Mass. 1093-F.

BOSTON, January 21, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

MY DEAR MR. MAYOR,—Your approval is respectfully requested to add to the contract price for this project, the cost of temporary heat which is necessary to dry out the building; the finish wood-work and wood floors are put in place. It is estimated that this cost will be approximately three thousand (3,000) dollars.

The contract specifications state that temporary heat shall be paid for by the city, page 132. It is the intention to provide, in accordance with the requirements of the labor authorities, three shifts of six hours each, of firemen, to be provided by the subcontractor for the heating, the regular agreed on price of \$1.40 which includes his labor costs and profit and also the regular 10 per cent allowance to the general contractor for assuming in accordance with the contract full responsibility for the execution of the work and including all charges and profit.

The firemen can only be obtained and hired through the heating subcontractor, on account of the fact that the plant to be used is the property of the subcontractor and not of the city.

Trusting we can obtain this permission as soon as possible, I am,

Very truly yours,

JAMES J. MAHAR,
Superintendent of Construction.

POLICE DEPARTMENT ORDERS.

General Order No. 292.

Patrolman Patrick McGuckian of the Bureau of Operations having arrived at the age of sixty-five and one-twelfth years and having performed faithful service in the Police Department for thirty-three and ten-twelfths years, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Patrolman Patrick McGuckian be retired from active service and that his name be placed upon the department pension roll with pay at the rate of ten hundred and fifty (1,050) dollars per annum, said sum being one half of the amount of compensation received by him in the office from which he is retired; to take effect on Wednesday, February 8, 1939, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 293.

The Superintendent of Police is hereby directed to make the following details for duty at the Special City Election on Tuesday, February 14, 1939, to be held in Ward 8 of this city:

1. The necessary number of patrolmen from Police Divisions 4 and 9, to attend the several polling places in those divisions on Special City Election Day, February 14, 1939, to preserve order and protect voters in the full exercise of their rights.

2. One sergeant to report at the office of the Board of Election Commissioners, City Hall Annex, Court square, in ample season, prepared to proceed from that place at 6 o'clock a. m., Tuesday, February 14, 1939, in a motor vehicle to be provided for the purpose, with ballot boxes, etc., to the fourteen precincts in Ward 8, and deliver same to the police officer detailed in each precinct.

3. One patrolman to each of the fourteen precincts in Ward 8 at the hours hereinafter stated, Tuesday, February

14, to receive ballot boxes, etc., from sergeant detailed on truck, in such case provided; such detail to continue until the ballots are counted and the result declared. They are then to bring the ballots and returns to the Election Commissioners' office on Tuesday, February 14, 1939.

From the opening to close of the polls, there shall be detailed an additional police officer outside of each of the fourteen (14) polling places in Ward 8. This provision is made to prevent alleged continued violations of the election laws relative to distribution of campaign literature within 150 feet of a polling place, and to remedy conditions at polling places, reported by the Board of Election Commissioners, which have brought complaints in the past from voters to the effect that campaign workers and loiterers outside the polls have hampered their progress to and from voting.

4. HOURS SET FOR OFFICERS, SO DETAILED, TO REPORT AT PRECINCTS IN WARD 8, ON FEBRUARY 14, 1939.

Precincts 1, 2, 3, 4, 5 and 6, 6 a. m.

Precincts 7, 6.15 a. m.

Precincts 8, 9, 10, 11, 12, 13 and 14, 6.20 a. m.

5. Commanding officers concerned will take notice that it is of greatest importance, also, that the patrolmen herein detailed report at the polling places in the various precincts promptly according to schedule.

Failure for any reason of an officer to be on hand at a polling place at the appointed time delays the sergeant in the motor vehicle in his delivery of the ballot boxes, ballots, etc., and interferes, as is plainly seen, with the balance of the delivery schedule.

6. Cards with the ward and precinct number and location of voting booth printed thereon will be forwarded to the police divisions concerned, on which the division commanders will write the name, the division number and the number of the officer detailed at the time stated on the morning of February 14, at the voting booth of each respective precinct on his division. This card, to be given to the officer so detailed at the voting booth, will be retained in his possession until delivered by him to an employee of the Board of Election Commissioners, who will arrive accompanying a sergeant on motor vehicle from the Election Commissioners' office on the morning of February 14, with ballot boxes, etc., as hereinbefore stated. This card, when returned by such employee to the office of the Election Commissioners will be its receipt that the ballot boxes, ballots, etc., have arrived at their proper destination.

7. On receipt by the patrolman from the sergeant, detailed on motor vehicle, as herein provided, of registering ballot box, voting lists and such other documents as may have been received from Election Commissioners' office, the patrolman detailed at polling place will deliver same to the warden or clerk of the precinct, allowing no person to take or examine them before such delivery, and hand the key of the registering ballot box to the warden. On delivery of the ballots to the warden the patrolman will take from him a receipt for the ballots, which receipt will be returned to the Election Commissioners.

8. After the warden has opened the box and allowed the election officers and the public to see that it is empty, the

box is to be again locked and the key given to the patrolman who is to retain it until after the polls have closed, except that, at the request of the warden, the patrolman may allow him to open the box for the purpose of pressing down the ballots, in order to make room for more ballots, after which the patrolman will see that the box is again locked, and the key returned to the police officer.

9. The patrolman will obtain from the warden copies of poster, which will be sent to the latter, in relation to smoking and the use of liquor in polling places, and post same in conspicuous places where they may be easily read. Tacks will be, sent for the purpose.

10. The warden will deliver to the patrolman detailed at the polling-booth for his use at that place a copy of the descriptive voting list, which must be returned to the warden at the close of the polls.

11. When the poles are opened, the patrolman will mark in the place indicated on the tag attached to the key the figures which the register shows before any ballots are cast.

12. At 8 p. m., Tuesday, February 14, 1939, when the polls close, a sergeant will report in Ward 8, to meet motor vehicles at last point of morning distribution; thence to proceed to each of the several precincts in Ward 8, and receive registering ballot box (which must be locked) and key thereof, voting lists envelope, signed by the warden and other election officers, unused ballot envelope, sealed and certified (containing unused and spoiled ballots), stamps for marking spoiled ballots and receipts for ballots and check lists, carry them to the Election Commissioners' office and deliver same to some member of the Board of Election Commissioners.

13. When the polls are closed, the patrolman will mark on the same tag the figures which the register shows after all ballots have been cast. He will then hand the key to the warden, who will open the box and take out all the ballots to be sorted and counted. The warden will then cause the voting lists, including the list used by the police officer, to be sealed up in an envelope, the envelope to be certified by the signatures of himself and other election officers, and the same returned to the Election Commissioners, as described in section 12 of this order. The patrolman will not allow this envelope to be put into the ballot box. The sergeant, who will report on motor vehicle, will keep it about his person until delivery at the office of the Election Commissioners.

14. It is important that the patrolman sees that the voting lists envelope is signed by the warden, clerk and all the inspectors. The patrolman will also see that the special book for signatures of voters is returned in the registering ballot box.

15. In case a patrolman is detailed to relieve another after the close of the polls, the commanding officer will see that he is instructed as to the duty of bringing the official returns, the box of ballots cast, press return and record book to the Election Commissioners' office as soon as they are delivered to him by the election officers.

16. When the ballots have all been counted, the ballots thus counted, tally sheets and nothing else, shall be placed by the warden in the leatheroid box

sent for that purpose, which must be sealed up and signed by all the election officers. The patrolman will particularly see that this box is properly sealed up and that all the election officers have signed their names to the certificate on the box. The patrolman will then bring the box, official return, record book and press return to the City Hall Annex, Court square, and deliver same to the Election Commissioners. The patrolman is directed not to allow the official return, press return or record book to be placed in the leatheroid box.

17. While the polls remain open an officer of rank will visit the polling place in each precinct of Ward 8, at stated intervals, to be designated, respectively, by the captains of Divisions 4 and 9, and in case of any disturbance will report the fact to the commanding officer at the station house without delay. If additional men are needed beyond the number available in those divisions, the officer in charge will communicate immediately with headquarters.

18. Attention is called to the fact that the polls at the Special City Election in Ward 8 on Tuesday, February 14, 1939, shall open at 8 o'clock a. m., and close at 8 o'clock p. m.

19. Commanding officers of Divisions 4 and 9 will see that the officers detailed for duty on Special City Election Day are furnished with a copy of the circular issued by the Board of Election Commissioners, entitled: "Instructions to Police Officers on . . . Election Days."

20. The counting of ballots will be done on one table only, with two inspectors counting and two inspectors watching the count.

Notes.

1. Attention is again called to the last paragraph of the circular, "Instructions to Police Officers on . . . Election Days," which reads: "The police officer is directed not to allow the official return, press return or record book to be placed in the leatheroid box."

That this may not happen in any of the precincts of Ward 8 at the coming Special City Election, the officer of rank who will visit the polling places of the respective divisions (provided for in section 17 of this order), shall at an appropriate time, call to the attention of the police officer and of the warden on duty at the polls, that the official return, press return and record book are not to be placed in the leatheroid box.

They shall be handed to the police officer who will deliver them as set out in the paragraph immediately following.

2. The officer going to the office of the Board of Election Commissioners with the leatheroid box, after the counting of the ballots, will take with him, in a separate package, the official return, press return and record book, which he shall safely deliver to the Election Commissioners with the leatheroid box, as provided in section 16 of this order.

3. The police shall enforce the order that smoking is prohibited within the confines of the polling places during the entire day, while the polls are open, as well as after they are closed.

Particular attention by officers on duty at the polls will be shown to this.

4. The Board of Election Commissioners in its letter to the Police Commissioner, states:

1. "As this is a non-partisan election, no checkers are to be allowed in the polling places."

2. On the subject of detailing an additional officer outside each of the fourteen polling places to enforce the law prohibiting distribution of campaign literature within 150 feet of the polling place, the Board also states:

"At recent primaries and elections, the police have been most helpful in this respect, and as a result we have received very few complaints to the effect that workers outside the polls have hampered the progress of voters. We trust that the officers will be as vigilant as ever at the coming Special Election. We wish to point out, however, that a candidate running on stickers (or his representative) may stand at the entrance to the polling place to distribute his stickers."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

TO PURCHASE MOTHERS' MILK.

The Mayor has approved the following request of the Superintendent of the City Hospital:

HOSPITAL DEPARTMENT.

Boston, January 24, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for the purchase of mothers' milk for use in the Pediatric Department of the Boston City Hospital for one year beginning April 4, 1939.

It can only be purchased from the Directory for Mothers' Milk, Incorporated.

Our costs average between \$800 and \$900 per month. This authorization is being requested at a cost not to exceed \$1,000 per month.

We are at present purchasing under your authorization of April 4, 1938.

Respectfully submitted,

JAMES W. MANARY, M. D.,
Superintendent.

Approved for approximately \$1,000 per month.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

PROCEEDINGS OF CITY COUNCIL.

Faneuil Hall, January 30, 1939.

Regular meeting of the City Council in Faneuil Hall at 2 p. m., President MURRAY presiding and all the members present.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:
Constable for term ending April 30, 1939, to serve civil process upon the filing of a bond: James P. Keiher, 22 Leamington road, Ward 21.
Weigher of Goods: Ralph C. Gillett, 40 Draper street, Canton, Mass.
Weigher of Coal: Arthur D. Jones, 29 Carroll street, Watertown, Mass.
Severally laid over a week under the law.

MUNICIPAL STADIUM, WARD 16.

The following was received:

City of Boston,
Office of the Mayor, January 30, 1939.
To the City Council.
Gentlemen,—I transmit herewith a letter from the Park Department Chairman relative to your order of January 16, 1939, concerning the request for sufficient funds from the P. W. A. authorities in Washington to provide for the erection of a municipal stadium on the Neponset Playground in Ward 16.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, January 24, 1939.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have memo. of January 20 from your office, with inclosure, order of the City Council that the Park Commission be requested, through his Honor the Mayor, to request sufficient funds from the P. W. A. authorities in Washington to provide for the erection of a municipal stadium on the Neponset Playground in Ward 16.
Please be assured that an immediate engineering survey will be conducted. If it is possible to comply with the request, it will be a pleasure to do so.

Very truly yours,
WILLIAM P. LONG, Chairman.

Placed on file.

SIDEWALKS ON GALLIVAN BOULEVARD.

The following was received:

City of Boston,
Office of the Mayor, January 30, 1939.
To the City Council.
Gentlemen,—I transmit herewith a letter from the Commissioner of Public Works relative to your order of January 16, 1939, concerning the installation of sidewalks on both sides of Gallivan Boulevard, from Neponset Circle to Woodfield street, Ward 16, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
January 26, 1939.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works install sidewalks on both sides of Gallivan Boulevard, from Neponset Circle to Woodfield street, Ward 16, under the W. P. A. plan of construction.
This department feels that the construction of these sidewalks would be a great improvement, and I would recommend that a lien order be put in to cover the above-mentioned work.

Respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

TRAFFIC REGULATION, CENTRE STREET AND ARBORWAY.

The following was received:

City of Boston,
Office of the Mayor, January 30, 1939.
To the City Council.
Gentlemen,—I transmit herewith a letter from the Boston Traffic Commissioner relative to your order of January 9, 1939, concerning the installation of suitable devices for the regulation of traffic at the traffic circle located at the junction of Centre street and the Arborway, Ward 19, for the added safety of pedestrians.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, January 26, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated January 9, 1939, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to arrange for the installation of suitable devices for the regulation of traffic at the traffic circle located at the junction of Centre street and the Arborway, Ward 19, for the added safety of pedestrians."
Councilor James M. Langan wrote directly to this office in a letter dated January 10, 1939, and requested the installation of suitable traffic devices in the traffic circle at the intersection of Arborway, Centre street, and May street, West Roxbury, in order that pedestrians might be protected while crossing this area to and from the Convent of the Poor Clares.

The only device which would afford adequate protection to the pedestrians is an automatic traffic signal operated by push buttons by means of which persons desiring to cross the street may cause the traffic signal to show red and yellow lights indicating an exclusive period for pedestrians. There are no funds available to this commission at present for the installation of traffic signals.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

INCREASED MILK ALLOWANCE TO WELFARE RECIPIENTS.

The following was received:

City of Boston,
Office of the Mayor, January 30, 1939.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Executive Director of the Public Welfare relative to your order of January 16, 1939, concerning the increase of the milk allowance to welfare recipients.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Overseers of the Public Welfare,
January 25, 1939.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—This department has received your communication of January 20, 1939, with inclosed copy of an order from the City Council, dated January 16, 1939, reading as follows:

"Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to increase the milk allowance to welfare recipients."

On the very day this order was passed, it was necessary to make some reduction in the milk allotments of various individuals and families who had been getting milk through the Surplus Commodities Division. Mr. John Stalker, Director of Commodity Distribution, conferred with me concerning the milk reduction and was most cooperative in trying to hold the cut to welfare recipients to a minimum. The reason for the cut was due to the fact that the quantity of surplus milk had greatly decreased.

As the members of the Council are undoubtedly aware, the purpose of surplus commodity distribution is to try to get for consumption by people on public welfare as much of these surpluses as is possible and in any case where there is a lessening of surpluses, naturally in that particular commodity there must be a decrease in distribution to recipients.

Sincerely yours,
WILLIAM G. O'HARE,
Executive Director.

Placed on file.

SALE OF PROPERTY FOR UNPAID 1938 TAXES.

The following was received:

City of Boston,
Office of the Mayor, January 30, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the City Collector relative to your order of January 23, 1939, concerning the informing of the Council when he intends to sell properties in the City of Boston for unpaid 1938 taxes.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Collecting Department, January 27, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—With respect to the inclosed order of the City Council requesting information as to the date for tax sale of unpaid 1938 taxes, I wish to state that the information which appears in the press of the city with respect thereto is erroneous.

The department will be busy on the first 1937 takings until the latter part of March, and the supplementary takings of 1937 properties will require an additional two or three months.

I can assure the members of the Honorable City Council that the Collecting Department cannot even undertake the preliminary work on the takings for 1938 for a period of at least six months.

In view of the fact that the order of the Council calls for specific information regarding the sale of properties in the City of Boston for unpaid 1938 taxes, I believe that this communication will furnish the Council the information which it desires.

Respectfully,
MERRITT THOMPSON,
City Collector.

Placed on file.

BILL CONCERNING NEW BUILDING CODE.

The following was received:

City of Boston,
Office of the Mayor, January 30, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Corporation Counsel relative to your order of January 16, 1939, concerning the filing at once with the Massachusetts Legislature a petition for such legislation as may amend the Acts of 1938, chapter 47, by adding a new section to said act in order to permit further changes in our amendments to such Building Law Code by the City Council of Boston, with the approval of the Mayor, on the written recommendation by either the Building Commissioner or the Board of Appeals.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Law Department, January 24, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—With reference to your communication of January 20, inclosing copy of Council order passed January 16, 1939, which is returned herewith, please be advised that legislation was filed on your petition which complies with the purpose of said order. The legislation was introduced in the Senate by Senator Curtis and is numbered Senate 329.

Respectfully,
HENRY PARKMAN, JR.,
Corporation Counsel.

Placed on file.

BUDGET FOR 1939.

The following was received:

City of Boston,
Office of the Mayor, January 30, 1939.
To the City Council.

Gentlemen,—Under the provisions of section 3 of the City Charter the Mayor "within thirty days after the beginning of the fiscal year shall submit to the City Council the annual budget of the current expenses of the city and county, and may submit thereafter supplementary budgets until such time as the tax rate for the year shall have been fixed."

Because of the pressure of municipal business, it has been impossible for me to complete my review of budget estimates submitted by department officials for the activities of the current year. In order to comply with the Charter provision, I submit herewith lump sum budget recommendations for city and county departments. When I have completed my review of appropriation requirements, I shall submit to your Honorable Body a budget in segregated form.

Respectfully,
MAURICE J. TOBIN, Mayor.

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1939.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1939, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during they year, upon the City of Boston or County of Suffolk, or the departments or officers thereof, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriation for Water Service, current expenses, and the payment to the State, under the provisions of chapter 488 of the Acts of 1895 and acts in addition or amendment thereto, and for the interest and debt requirements or for loans issued for water purposes be met by the income of said works and any excess over income from taxes; that the appropriation for Printing Department be met by the department income and any excess over income from taxes; and the appropriation for the City Record be met by the income of said publication and any excess over income from taxes; and the appropriation for the Traffic Tunnel be met by the income from tolls and any excess over income from taxes, in accordance with the provisions of section 11, chapter 297, of the Acts of 1929, as amended by chapter 274 of the Acts of 1935; that the other appropriations hereinafter specified be

met out of the money remaining in the treasury at the close of business on December 31, 1938, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation, by the income of the financial year beginning January 1, 1939, and by taxes on the polls and estates in the City of Boston.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston, be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That all taxes raised to meet the appropriations of the city and all taxes assessed for meeting the city's proportion of the State tax for the year 1939, or for any other taxes or assessments payable to the Commonwealth, shall be payable in two equal installments, on July first and on October first of 1939; that interest shall be charged on all taxes remaining unpaid after the first day of November, 1939, in accordance with the provisions of chapter 59, section 57, of the General Laws, as amended, until paid, except the taxes assessed upon shares of national banks, which shall bear interest at the rate of 12 per cent per annum from the first day of October, 1939, until paid, and that all interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations or transfers lawfully made, no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess of the amount set down as appropriated for such specific purpose or item.

Referred to Committee on Appropriations.

APPROPRIATION FOR MUNICIPAL EMPLOYMENT BUREAU.

The following was received:

City of Boston,
Office of the Mayor, January 30, 1939.
To the City Council.
Gentlemen,—I submit herewith an order providing for the appropriation of \$19,000, the same to be charged to the Contingent Fund, to be used in connection with the activities of the Employment Bureau during the current year.
Your Honorable Body can readily recognize the practical value of this phase of municipal activities, and the promise of continued value in the year to come should recommend the adoption of this order by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That the sum of \$19,000 be, and hereby is, appropriated for the activities of the Municipal Employment Bureau, said amount to be expended under the direction of his Honor the Mayor, and charged to the Contingent Fund, when made.

Referred to Executive Committee.

TRANSFER OF MARION STREET FIRE STATION

The following was received:

City of Boston,
Office of the Mayor, January 30, 1939.
To the City Council.
Gentlemen,—I transmit herewith an order transferring the fire station located at 64 Marion street, East Boston, from the custody of the Fire

Department to the custody of the Public Works Department. This station was closed in the fall of 1938 when a consolidation of fire companies occurred in the East Boston district. The Fire Commissioner in his inclosed letter indicates that his department has no further use for this building.

Transfer of this property to the Public Works Department will permit that department to use this building as a W. P. A. headquarters.

I am in favor of this transfer and respectfully recommend the adoption of the accompanying order by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Law Department, January 28, 1939.

Hon. Maurice J. Tobin,
Mayor of Boston.
Dear Mr. Mayor,—At the request of Mr. Hyland, the Commissioner of Public Works, I have prepared the accompanying order, transferring the fire house situated on Marion street, East Boston, to the Department of Public Works of the City of Boston. If the matter meets with your Honor's approval, the order may be introduced in the City Council.

It will be necessary, however, before the said order is introduced in the City Council that the Fire Commissioner of the City of Boston state that the said premises are no longer needed for Fire Department purposes.

Yours very truly,
HENRY PARKMAN, JR.,
Corporation Counsel.

City of Boston,
Fire Department, January 26, 1939.

Hon. Maurice J. Tobin,
Mayor of Boston.
Dear Mr. Mayor,—In the fall of the year 1938 the Boston Fire Department abandoned the fire station located at 64 Marion street, East Boston, through a consolidation of companies which took place in the East Boston district. As several months have passed and there appears to be no demand for use of this station by the various departments of fire service, I wish to notify you that this house is available for transfer to some other department.

I recall some conversation regarding the possibility in the future of using this as a boys' club in East Boston, but meanwhile, I am informed that Commissioner George Hyland is anxious to get the use of this building as a W. P. A. headquarters, and he has asked that I issue my release so that a transfer order may be submitted to the City Council on Monday, January 30.

The transfer of this fire station to the Public Works Department would be satisfactory to me.

Respectfully yours,
WILLIAM ARTHUR REILLY,
Fire Commissioner.

Whereas, By deed dated March 8, 1860, recorded with Suffolk Deeds, Book 776, page 52, a certain parcel of land containing about 1,650 square feet situated on the easterly side of Marion street in that part of Boston called East Boston and bounded on its southeasterly side by a passageway eight feet wide and seventy-five feet deep, which is forever to remain open, was conveyed to the City of Boston; and

Whereas, By a taking approved by the Mayor of Boston July 20, 1917, and recorded with Suffolk Deeds, Book 45, page 441, the Board of Street Commissioners of the City of Boston took for fire house purposes an adjoining parcel of land containing about 1,618 square feet; and

Whereas, The above described premises, together with the building thereon, are no longer needed for fire house purposes; it is

Ordered, That the above described land with the building thereon be, and the same are hereby, transferred to the care and custody of the Department of Public Works of the City of Boston.

Referred to Executive Committee.

TRANSFER OF PARENTAL SCHOOL PROPERTY.

The following was received:

City of Boston,
Office of the Mayor, January 30, 1939.
To the City Council.

Gentlemen,—I inclose herewith an order, the transfer of the old Parental School property in West Roxbury, now under the control of the Hospital Department, to the Public Works Department. The inclosed letter from the Board of Trustees of the City Hospital indicates that this property is of no further use to the Hospital Department.

The transfer of this property to the Public Works Department is for the purpose of demolition of the buildings on the property and the regrading of the land. This work will be done as a W. P. A. project. Upon completion of this work this land will then be available for whatever purpose it might subsequently be decided that it be used for.

In view of the fact that this large area of land is of no utilization to the City of Boston at the present time or contemplated to be put in use in the immediate future, I am in favor of placing

the property in such a condition that it may be utilized for home development or other purposes, thereby affording the city a return in taxable valuations.

I recommend passage of the accompanying order.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Law Department, January 28, 1939.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—At the request of Mr. Hyland, Commissioner of Public Works, I have prepared the accompanying order transferring from the Hospital Department to the Department of Public Works of the City of Boston the old Parental School land and buildings situated in West Roxbury.

It will, however, be necessary before the said order is introduced in the City Council for the trustees of the Boston City Hospital to declare that the said premises are no longer needed for hospital purposes.

Yours very truly,
HENRY PARKMAN, JR.,
Corporation Counsel.

City of Boston,
Hospital Department, January 27, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—The old Parental School on Spring street, West Roxbury, has been under the jurisdiction of the Hospital Department for a great many years. For the last several years the buildings have been unoccupied and are in very poor condition.

The trustees have consented to their demolition under the sponsorship of the Public Works Department, this to be a W. P. A. project, subject of course to your approval.

After the demolition project has been completed, the Department of Public Works proposes to submit a project of the entire area, containing 1,306,434 square feet of land, for regrading.

The trustees of the Boston City Hospital feel that in view of the fact that the Public Works Department is going to sponsor these projects and pay the city's contribution, it is only proper that the land should be transferred to their jurisdiction. This will also eliminate the hospital's responsibility of having watchmen on this property as has been the procedure.

As the trustees have no further use for this land for hospital purposes at the present time and feel that they will have no use for it for hospital purposes at any future time, they are hereby requesting your Honor to transfer this property to the Public Works Department.

Respectfully yours,
JOSEPH P. MANNING,
President, Board of Trustees.

Whereas, There was conveyed to the City of Boston by deed dated October 13, 1892, and recorded with Suffolk Deeds, Book 2089, page 123, a parcel of land containing about 1,207,918 square feet, situated in that part of Boston called West Roxbury; and

Whereas, There was conveyed to the City of Boston by deed dated October 7, 1901, and recorded with Suffolk Deeds, Book 2783, page 605, a certain parcel of land containing about 669,072 square feet of land and meadow and about 40,000 square feet in the Charles river; and

Whereas, The said parcels of land, with the buildings that were placed thereon, were used as a parental school and thereafter by an order of the City Council of the City of Boston, approved by the Mayor of Boston March 23, 1915, the said parcels with the buildings thereon were transferred to the care and custody of the trustees of the Boston City Hospital; and

Whereas, The Commonwealth of Massachusetts, acting through its Department of Public Works, by an instrument of taking dated December 8, 1931, and recorded with Suffolk Deeds, Book 5300, page 201, took for the purposes of constructing a parkway or boulevard about 649,000 square feet of the above mentioned parcels; and

Whereas, The remaining part of said parcels of land with the buildings thereon are no longer needed for hospital purposes; now, therefore, it is

Ordered, That the said land with the buildings thereon remaining after the said taking by the Commonwealth of Massachusetts be, and the same are hereby, transferred to the care and custody of the Department of Public Works of the City of Boston.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Albert E. Butterfield, for compensation for damage to car by fire apparatus.

Robert N. Cavanaugh, for compensation for damage to car by city truck.

Margaret Feeley, for compensation for injuries caused by an alleged defect at 337 Gallivan Boulevard.

Stephen Gutowski, for compensation for damage to flower-beds by city workers.

H. & L. Motor Trucking Service, for compensation for damage to truck by fire apparatus.

James M. Kaveney, for compensation for injuries caused by an alleged defect at Green and Lynde streets.

Irving B. Levin, for compensation for damage to car by city truck.

William A. Morrissey, for compensation for injuries caused by an alleged defect at 14 Scollay square.

Chester E. Sawyer Company, for compensation for damage to property at 722 Huntington avenue, during construction work.

Committee on Jitney Licenses.

Petition of Boston Elevated Railway for license to operate motor vehicles from junction of Dorchester avenue and Broadway and junction of Dorchester avenue and Summer street, over Dorchester avenue; return over Dorchester avenue, Foundry street and Macallen street. (To be operated only between hours of midnight and 6 a. m.)

APPOINTMENT OF FREDERIC H. FAY.

Notice was received from the Mayor of appointment of Frederic H. Fay, of 11 Beacon street, to serve as representative of the Mayor on Board of Zoning Adjustment, *vice* Nyman H. Kolodny, resigned.

Placed on file.

APPOINTMENT OF ELISABETH M. HERLIHY.

Notice was received from the Mayor of appointment of Elisabeth M. Herlihy, 22 Hopkins road, Jamaica Plain, to be member of City Planning Board for term ending April 30, 1939, *vice* Frederic H. Fay, resigned.

Placed on file.

MINORS' LICENSES.

Applications for minors' licenses were received from fifty-six newsboys and six bootblacks. Licenses granted under usual conditions.

ORGANIZATION OF CITY PLANNING BOARD.

Notice was received from the City Planning Board of resignation of Frederic H. Fay, effective January 24, 1939, and election of William Stanley Parker as chairman.

Placed on file.

APPROVAL OF CONSTABLE'S BOND.

Notice was received from the City Treasurer of approval of surety on constable's bond of Arthur E. Byrnes.

Approved by the Council.

FINANCE COMMISSION REPORT RE TAXICAB SITUATION.

The following was received:

City of Boston,
Finance Commission, January 28, 1939.
To the Honorable the City Council.

Sirs,—Recently you adopted by unanimous vote an order requesting the Finance Commission to investigate "the so-called taxi scandal."

It appears that this scandal consisted of disclosures made by Abraham Miller and George J. Naymie of the Independent Taxi Operators Association before your Committee on Public Safety December 28, 1938, when holding a hearing on the question of the acceptance of a legislative act which would abolish private taxi stands. These disclosures were in substance that Miller and Naymie were visited by four members of your body in relation to a story that the Independent Operators had raised a large sum of money to use in buying acceptance of the act by the City Council.

At a public hearing held by the Finance Commission to which all the members of the City Council were summoned by special delivery letter, nineteen of the twenty-one members of your body attended as directed.

Two, Maurice H. Sullivan of Ward 22 and James M. Langan of Ward 19, appeared at the appointed time and gave testimony that they were of a party of four councilors who called upon Miller, president of the Independent Taxi Operators Association, on December 24, 1938, at about three o'clock p. m., at the headquarters of the company in the South End.

Two other members, Philip Austin Fish of Ward 16 and William J. Galvin of Ward 2, having declined to appear between 2 p. m. and 5.30 p. m. as directed, subsequently came to a later session and admitted that they also were of the party that called upon Miller on December 24.

None of the four had admitted their participation in the conference with Miller either at the hearing by the Committee on Public Safety or at a meeting of the City Council held twenty-four hours later. The minutes of these meetings reveal that members of the Council publicly requested any who had visited Miller to disclose their identity.

The two who made a belated appearance before the Finance Commission testified that they would not have come to the second Finance Commission hearing but for the fact that they had been importuned by friends to come in, Langan and Sullivan having already appeared and made admissions.

The excuse given by Galvin for failure to appear at the first hearing was that he was busy on other matters. He stated that he later decided to appear because he would not have the other two councilors, namely Langan and Sullivan, "hold the bag for him." Galvin, on the witness stand, questioned the right of the Finance Commission to make inquiry, though he had voted for the order requesting investigation. Fish gave the excuse that his failure to appear was that his health was impaired.

Galvin, Fish, Langan and Sullivan stated on the witness stand that because they had heard gossip that money was paid to Council members by the Independent Taxi Operators Association they thought it necessary to call upon the Operators Association official to discover the truth and to give the information that they had not received any and would not accept any. They all admitted that they had not thought it necessary to inquire of their brother members of the Council nor to inform their brother members that they had visited the taxi officials before Miller and Naymie had disclosed the visit to the Committee on Public Safety.

In more or less elaborate explanations for the visit to the taxi officials, each of the four emphasized that he was motivated by a desire to protect his name against scandalous imputations and had made that plain to the taxi operators' official. Mr. Miller, however, testified that no mention was made by any one of the councilors of any desire to protect his name. He stated unequivocally that the only questions asked related to whether or not the operators had raised a fund of \$10,000 or similar amount to buy votes in the Council.

All testimony given was under oath. Councilor Galvin of Charlestown admitted that before the visit, he had called Mr. Miller on the telephone from a pay station at a downtown restaurant and had inquired as to the truth or falsehood of the gossip. He stated to the commission that the reply of Mr. Miller on the telephone was unsatisfactory. He stated also that he was unable to recall exactly what was said or what was unsatisfactory about it.

Mr. Miller, on the other hand, testified that the question asked on the telephone was simply, "Is it true that the Independent Taxi Operators Association has raised a fund to buy votes in the City Council?" to which he stated he replied, "That is absolutely not true." Mr. Miller said that his understanding of the telephone conversation was so clear that he was surprised later to see the four councilors come in and ask the same question all over again.

It is a matter of opinion as to the degree of responsibility among the four councilors for the visit. It is agreed by the four that Galvin made the telephone call, and that Sullivan was not there at that time but joined the group later, and thereafter participated to the same extent the others had.

It is impossible for the commission to know definitely what was in the mind of each of the four councilors when he made the secret visit to the taxi office. On the evidence received, however, the Commission is satisfied that their primary interest was to find out if money could be obtained for votes favorable to the Independent Taxi Operators' cause. Mr. Miller's testimony was clear and concise and impressed the commission as being truthful and unbiased.

The claim that the purpose of the visit by the four councilors was to protect their names is not accepted. They concealed the visit from their fellow-councilors until admission was forced out of them.

If the four members were primarily concerned about reflection upon their honor and integrity and that of their fellow-members, they might have made inquiries as to the truth of the stories in many other ways, none of which would have placed them or their fellow-members under such a cloud of suspicion as that which formed when they sat mutely in their chairs among their fellow-members after the visit was disclosed by Miller and Naymie.

Respectfully submitted,
DAVID LASKER, Chairman,
ROBERT ROBINSON,
JAMES E. MAGUIRE,
The Finance Commission.

Minority Report.

The evidence presented before the commission is positive and direct. Each of the four members of the Council admitted visiting officials of the I. T. O. A. but emphatically denied that any suggestion of financial reward be paid them for their votes. The officials of the I. T. O. A. supported the councilors in their denial that they had made any wrongful request of the cab officials at any time.

No further evidence appeared before the commission of a factual nature which would tend to change the positive assertion of the witnesses appearing before the commission. Suspicion is not evidence. In the absence of evidence, either direct or circumstantial, bearing upon the pertinent issue, we cannot accept the conclusion of the majority.

On all the evidence before us, as it is now shown, it can be reasonably urged that the four councilors mentioned acted unwisely, but the undersigned members of the Finance Commission cannot find improprieties beyond such conduct.

Respectfully submitted,

JOSEPH A. SCOLPONETTI.
JAMES H. FLANAGAN.

Referred to Executive Committee, on motion of Coun. GALVIN.

CONFIRMATION OF APPOINTMENTS.

President MURRAY called up, under unfinished business, Nos. 1 and 2 on the calendar, viz.:

1. Action on appointments submitted by the Mayor January 23, 1939, of Anthony Hanna and Charles L. Forristall to be Constables connected with official positions and to serve without bonds.

2. Action on appointments submitted by the Mayor January 23, 1939, of Walter Lehman, Huey McKenzie and Phyllis Cassari, to be Weighers of Coal.

The question came on confirmation. Committee, Coun. Lyons and Irwin.

Coun. KELLY—Mr. President, can I have some information as to who the constables are?

President MURRAY—I am given to understand that the appointments are to fill vacancies of constables who have resigned. These appointments came to the City Council last week.

Coun. WILSON—Mr. President, does anybody know what departments they are going into? I assume that they are city jobs.

President MURRAY—One, I am given to understand, is going into the collector's office, and one, I believe, is going into the Building Department.

Coun. WILSON—Mr. President, may I ask that the two questions be separated on the ballot.

President MURRAY—The question now comes on No. 1 on the calendar.

Coun. WILSON—Mr. President, I move that we vote on Mr. Hanna at this time.

President MURRAY—The question now comes on confirmation of the appointment of Mr. Hanna.

Coun. AGNEW—Mr. President, may I ask what the purpose is in separating the names of Hanna and Forristall?

President MURRAY—Coun. Wilson has asked for a division of the question. Any member of the Council has a right to ask for that. The question is on the confirmation of the appointment of Mr. Hanna.

Coun. AGNEW—Mr. President, before the ballot is taken I ask the question again—the purpose of separating the names?

President MURRAY—As I have said, Coun. Wilson is entitled to ask for a division.

Coun. HARRIS—Mr. President, in the case of one of these appointments it is simply a question of the original appointee resigning and another taking his place, to which I believe there is no objection.

Coun. WILSON—Well, then, that is the answer, Mr. President. I had some information in regard to Hanna, but I don't know the other constable.

Coun. SHATTUCK—The other constable is taking the place of one in the collector's office who resigned to take a position at the State House. The appointee is a capable man.

Coun. KERRIGAN—Mr. President, I move that the ballot on both be taken at the same time.

President MURRAY—The motion is out of order, as long as a division has been asked for.

Coun. WILSON—Mr. President, I am glad to withdraw my motion for a division on No. 1, under the circumstances.

Coun. LYONS and IRWIN performed the duty assigned as a committee to collect, sort and count the ballots on No. 1, and reported as follows: Whole number of ballots 18, yes 18, and the appointments under No. 1 were confirmed.

The question then came on confirmation of the appointees under No. 2. Committee, Coun. Irwin and Sullivan. Whole number of ballots 17; yes 11, no 6, and the appointments were confirmed.

OPPOSITION TO SUGGESTED NEW TAXES.

Coun. FITZGERALD offered the following:

Resolved, That the Boston City Council be recorded as in opposition to the new taxes recently suggested to the Legislature by Governor Saltonstall because if they are imposed they will affect those in Massachusetts least able to bear the burden of increased taxation.

Coun. SHATTUCK—Mr. President, I believe any member who objects to certain taxes should at least suggest some other taxes in their place, because the result of not having any additional taxes is simply to throw an additional burden on real estate. If we have no new source of taxation, and if, from what I read in the newspapers, the additional state tax is likely to be \$40,000,000

more, it will simply mean that the additional amount will be thrown on real estate. I wonder if we want that to happen. Apparently there must be some new source of taxation to meet the tax requirements, and if we are opposed to this suggestion, we should at least have the courage to suggest some other way of meeting the problem.

Coun. FITZGERALD—Mr. President, I am heartily in favor of relieving real estate from the burden from which it now suffers, but, with all the taxes that have been imposed, real estate has not been relieved one iota. I do believe, however, it is important to try to aid those who are unable to bear the burden of increased taxation, and that some solution should be worked out. I am entirely willing that this resolution should go to the Committee on Rules, but I do feel that we should have in mind the fact that we are imposing greater and greater burdens on many who are unable to assume them, and also that we should do our best not to drive business to the wall. There are plenty of taxes now, and I don't believe we should impose additional tax burdens without a great deal of thought and study. As I say, I am perfectly willing that this resolution should be referred to the Committee on Rules.

Coun. WILSON—Mr. President, I would suggest to the councilor that we at least should not be inconsistent in our action in this body. It seems to me that we would be so if, after voting to increase every license fee in the City of Boston, we should then go on record as saying that there should be no increased taxes imposed by the Legislature.

The resolution was referred to the Committee on Rules.

CONTINUATION OF W. P. A. ACTIVITIES.

Coun. KERRIGAN offered the following:

Resolved, That the Boston City Council memorialize Congress to continue the activities of W. P. A. at full complement and rescind the recent action of cutting one hundred and fifty million dollars from the appropriation for W. P. A. projects.

Coun. KERRIGAN—Mr. President, the action taken by the Senate last week in reducing the appropriation of the W. P. A. by \$150,000,000 may reduce temporarily the national budget, but within a very few weeks it will increase local expenditures for relief. Instead of calling for a reduction in expenditures of the W. P. A., present economic conditions indicate that there should have been an increase, for the present business conditions in the early part of 1939 are worse than they were in 1938, and they were worse in 1938 than they were in 1937. \$151,000,000 was spent in Massachusetts for welfare in 1938. This represented an increase of 33 per cent more than the year 1937 and it affected one third of our population in Massachusetts, which means that more than one million people needed public aid; and added to this one hundred fifty-one million, another twenty-seven million was spent for unemployment compensation. The Senate in reducing the appropriation asked by the President in the amount of \$150,000,000 was based upon his knowledge of the actual conditions of the country, but it would seem that Congress has been influenced more by large corporations and banks than it has been by its own good judgment and common sense and the appeal of the President. When the history of the period in America for 1929-1939 is written, historians will declare it to be one of the most disgraceful and stupid periods in all the history of mankind. We have in this country the ridiculous situation of people without work and depending upon relief, whereas we have every financial strength and national resourceful powers to give employment to all able-bodied men and women, and not only to wipe out all relief rolls but also thereby to reduce the great burdens of taxation which are a menace to business, and which the American people cannot much longer bear nor endure. The people had been led to believe that so long as the economic depression continued, Government, City, State and National, would come to their aid. Now that Congress has bowed to the will of outside influences and crippled the efforts of the President to aid cities and states, there is cause for public indignation. The propaganda of big business, especially bankers, evidently has had a strong influence on Congress. These elements in our society, especially the bankers, have for a long time been criticizing the Government because during the past ten years it has been necessary to increase the national debt by \$20,000,000,000 to aid the people. This money has been well spent, because it has prevented much suffering and privation and has resulted in much employment and public works improvement. These same bankers who condemn this increase in our national debt by \$20,000,000,000 seem to forget that during the period from 1921 to 1929 they sent \$20,000,000,000 or more of American money to South America and Europe, and little if any of this money will ever come back to this country. In the blackest days of the depression, when the bankers who do not need aid now but who did need it then, they spoke in a different tone of voice. They asked the American Government to give them a credit of \$5,000,000,000 which the Government did, and now by direct and indirect influence they have caused the National Congress to deprive the needy of a paltry and small sum of \$150,000,000.

By this reduction of \$150,000,000 for the W. P. A., more than seven thousand people will be thrown out of employment in Boston. Necessarily, therefore, they must be supported by direct relief. Relief expenditures to the unemployed have furnished less than a bare existence, but the expenditures that have been made for employment under the W. P. A. have furnished a higher standard of living, because those receiving it have been able to pay more in rent and buy more of food and the necessities of life, thereby adding to general business conditions. So long as those who control the money power of this country prove themselves incompetent or without patriotic endeavor to set our economic house in order, the Federal Government must, instead of decreasing appropriations, increase them. To do otherwise is to invite danger and to make our economic condition worse than it has ever been at any time during the past eight years.

The resolution was referred to the Committee on Rules.

TRAFFIC LIGHTS ON BENNINGTON STREET, WARD 1.

Coun. IRWIN offered the following:

Ordered, That the Traffic Commissioner, through his Honor the Mayor, be requested to install traffic lights at the junction of Bennington and Byron streets, Ward 1, and also at the junction of Bennington street and Neptune road, Ward 1.

Coun. IRWIN—Mr. President, the policy of the Traffic Commissioner and also of the Mayor, during this past year, has been to reject each and all orders calling for traffic lights in various parts of Boston. I do want, however, to call attention to the seriousness of the situation over on Bennington street in East Boston. Bennington street is over a mile long and 90 feet wide. During the racing season it is a speedway for motorists and during the past year there have been four deaths and many accidents along that highway. I think, therefore, in view of the seriousness of the situation that an exception should be made in this case. The expense will amount to about \$8,000, and I think if the Mayor and the Traffic Commissioner will give some study to the situation that confronts us there in East Boston they will see that it rises above the ordinary problem, and that there is something besides economy to be considered.

The order was passed, under suspension of the rule.

PENSIONING OF FIRE DEPARTMENT MEMBERS.

Coun. IRWIN offered the following:

Resolved, That the City Council of Boston hereby approves the enactment of legislation to authorize the pensioning of members of the Fire Department after twenty-five years of service, irrespective of age; provided that such legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rule.

ORDINANCE RE PARKING SPACES.

Coun. WILSON offered the following:

Ordered, That the Corporation Counsel, through his Honor the Mayor, be requested to promptly forward for City Council consideration requested form of city ordinance relating to outdoor parking spaces.

Coun. WILSON—Mr. President, I feel that the passage of this order at this time is very urgent, bearing in mind the fact that as long ago as November 28, about two months ago, a similar request was made, that the Corporation Counsel, through his Honor the Mayor, prepare and forward to the City Council for consideration a form of city ordinance relating to outdoor parking spaces. I repeated that as recently as January 9. On November 30, 1938, there were in the City of Boston one hundred and fifty-nine outdoor parking spaces, over one quarter of which were within the control of three corporations or individuals. I called attention to the fact that the average parking space offers no protection to those parking there against loss of or damage to their property. Also, under the present procedure, licenses are given by the Street Commissioner without any real check-up as to the number of cars allowed to be parked on a lot. We were told a year ago by the Street Commissioners that by placing cars together, hub to hub and bumper to bumper, all they could get in 1,000 square feet were nine cars. But we find, looking over the parking spaces in Boston, that they get ten cars on a 1,000 square-foot lot, twenty-five on a 2,400 square-foot lot, and seventy-five on an 8,600 square-foot lot. In other words, there is no limitation as to number of cars, no protection so far as fire hazard is concerned, nor individual protection to the owner who parks his car there. I trust, therefore, that there will be no further unnecessary delay in preparing a form of city ordinance relating to outdoor parking spaces that the delay we have already had will no longer continue. I trust that immediately, or as soon as possible, such an ordinance may be submitted to

the Council, be referred to the Committee on Ordinances; and that we may take timely action before the 1939 licenses for such outdoor parking spaces are issued. I assume that the delay of two months is due to pressure of other business, but I certainly trust that there will be no further delay in the preparation of such an ordinance, and that it may be acted upon and applied promptly.

The order was passed under suspension of the rule.

COMPLIANCE WITH BUILDING LAW IN HOUSING PROJECTS.

Coun. WILSON offered the following:
Ordered, That the Boston Housing Authority, through his Honor the Mayor, be requested to comply with the Building Law of the City of Boston, incident to construction of proposed housing projects.

Coun. WILSON—Mr. President, my understanding is—and I get this from sources I consider reliable—that the building laws of the City of Boston, so far as one or more of the housing projects are concerned, are not in some respects being complied with. Therefore, I urge that the Boston Housing Authority be requested, through his Honor the Mayor, to comply with the building laws of the City of Boston in the construction of proposed housing projects. Certainly the governmental agencies should be the last agencies in the world to break the building laws.

The order was passed under suspension of the rule.

LIBRARY IN FOREST HILLS.

Coun. LANGAN offered the following:
Ordered, That the trustees of the Boston Public Library be requested, through his Honor the Mayor, to make provisions for the establishment of a public library in the Forest Hills, Ward 19, section of Boston.

Coun. LANGAN—Mr. President, there has been for years a lamentable lack of library facilities in Ward 19. That has been particularly true of the Forest Hills section. Eight years ago we were promised that there would be established in that section a public library, and when a library was erected in the lower section of the ward we were told that it would take care of the requirements of the Forest Hills section. Mr. President, the people of that section have been patient for over eight years, have not received the library facilities they deserve in that part of the ward, and I believe now that they are as much entitled as any other section of the city to receive this consideration.

The order was passed under suspension of the rule.

REFUND TO BURNER'S HOFBRAU.

Coun. LANGAN offered the following:
Resolved, That the City Council of Boston hereby approves the enactment of legislation to authorize the City to refund to Burner's Hofbrau, Incorporated, the fee paid for a restaurant alcoholic beverage license which was granted but not issued, provided that such legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rule.

TRAFFIC SIGNALS, CUMMINS HIGHWAY AND HYDE PARK AVENUE.

Coun. LANGAN offered the following:
Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install traffic signals at the corner of Cummins Highway and Hyde Park Avenue, Ward 19.

Passed under suspension of the rule.

REINSTATEMENT OF PATRICK F. REGAN.

Coun. CAREY offered the following:
Resolved, That the City Council of Boston hereby approves the enactment of legislation for reinstatement of Patrick F. Regan, 23 Sunnyside Street, Jamaica Plain, to his former standing in the Boston Police Department, provided that such legislation includes a referendum to the Mayor and the City Council.

Passed under suspension of the rule.

CLEANING OF WARD 13 STREETS.

Coun. HUTCHINSON offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to arrange for the immediate cleaning of all streets in Ward 13 and to see to it that they are kept clean in the future.

Passed under suspension of the rule.

USE OF VETERAN'S HOSPITAL, WEST ROXBURY.

Coun. LYONS offered the following:
Ordered, That the trustees of the Boston City Hospital be requested, through his Honor the

Mayor, to consider the advisability of utilizing the property, formerly known as the Veterans Hospital, in West Roxbury, which is now in the custody of the Hospital Department, as a convalescent hospital for women.

Passed under suspension of the rule.

ASSISTANCE FOR EMERGENCY WORK, CITY COUNCIL DEPARTMENTS.

Coun. KERRIGAN offered the following:
Ordered, That the President be hereby authorized to employ such temporary assistance as may be required to dispose of the accumulated and emergency work of the City Council Departments; the expense to be charged to the appropriate item in the City Council appropriations.

Passed under suspension of the rule.

SIDEWALK ON McBRIDE STREET.

Coun. ENGLERT offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along McBride Street (both sides), Ward 11, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of granolithic, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

RECREATIONAL BUILDING, WARD 4.

Coun. CHASE offered the following:
Ordered, That the trustees of the White Fund be requested, through his Honor the Mayor, to consider the possibility of erecting a recreational building in Ward 4.

Passed under suspension of the rule.

REPORT ON TAXICAB ACT.

Coun. TAYLOR, for the Committee on Public Safety, submitted a report on the order (referred December 12, 1938) for acceptance of Act relative to public taxicab stands—recommending reference to Executive Committee.

Report accepted; said reference ordered.

UNDERPASS, BLUE HILL AVENUE AND MORTON STREET.

Coun. ROSENBERG offered the following:
Ordered, That his Honor the Mayor be requested to take up with the proper state officials the matter of constructing an underpass at the junction of Blue Hill Avenue and Morton Street, Ward 14.

Coun. ROSENBERG—Mr. President, recently his Honor the Mayor vetoed an order looking to the authorization of an underpass at the corner of Blue Hill Avenue and Morton Street. I have noticed that some cities and towns of the state have requested consideration by the state authorities of under and overpasses in their communities, and I have therefore introduced this order requesting the Mayor to take the matter up with the proper state officials. Morton Street is practically a state highway, and I think if his Honor the Mayor interests himself in the matter, it may be possible to get the State Department of Public Works to do some of the work. If such a project could be carried out, certainly the people of that section, and the people who have occasion to travel through there, will very much appreciate it.

The order was passed under suspension of the rule.

RECESS.

The Council took a recess, subject to the call of the Chair, at 3 p. m. The members reassembled in Faneuil Hall and were called to order by President MURRAY at 5 p. m.

CONFIDENCE IN FELLOW MEMBERS.

Coun. MURRAY offered the following:
Resolved, That notwithstanding the majority report of the Finance Commission relative to the taxicab situation the members of the City Council have confidence in and believe in the honesty and integrity of their fellow members whose characters were reflected upon therein, and believe their fellow members' statements as to their motives and participation in the matter.

The resolution was passed by a unanimous rising vote.

EXECUTIVE COMMITTEE REPORTS.

Coun. WILSON, for the Executive Committee, submitted the following:

1. Report on Finance Commission report (referred today) re taxicab situation—recommending such action as may be deemed necessary and desirable.

The question came on accepting the report and placing the communication from the Finance Commission on file.

Coun. IRWIN—Mr. President, I rise to a point of information. I would like to have the report read again.

The clerk read the report on the Finance Commission report in regard to the taxicab situation, recommending such action as may be deemed necessary and desirable.

Coun. FISH—Well, I don't understand that, Mr. President.

President MURRAY—The question is on accepting the committee's report and placing the communication on file.

Coun. IRWIN—Mr. President, I would like to find out if we are accepting the report of the majority of the commission. As we understand it, as we talked in Executive, the intent was to reject the majority report of the Finance Commission and accept the minority. I want to know if that will throw the motion I have in mind out?

President MURRAY—The Council has already passed a resolution in regard to the matter. The report of the Finance Commission is not before this body for acceptance or rejection. We merely accept the report of the committee, and place the communication from the Finance Commission on file.

Coun. WILSON—Mr. President I move, then, that the matter be referred back to the Executive Committee.

Coun. IRWIN—And I second the motion. The matter was recommitted to the Executive Committee.

2. Report on letter from Mayor and order (referred today) transferring property at 64 Marion Street, East Boston, from custody of Fire Department to custody of Public Works Department—that same ought to pass.

Report accepted; said order passed.

3. Report on message of Mayor and order (referred today) appropriating \$19,000 for activities of Municipal Employment Bureau—that same ought to pass.

Report accepted; said order passed.

4. Report on petition (referred to Committee on Public Safety, December 12) that act abolishing special taxicab stands be accepted—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. NORTON—Mr. President, in view of the fact that the Boston Police Commissioner has requested an opportunity to make arrangements for the granting of licenses under the new act, if accepted, I don't feel that this body should act too hastily in the matter. I feel that the only thing to be done is to lay the matter on the table until the Police Commissioner has informed the body of his ability to carry out the provisions of the act satisfactorily. I move, therefore, that the matter be laid on the table.

President MURRAY—The councilor is out of order at this time.

Coun. NORTON—Mr. President, I favor public taxicabs on our public streets. I favor the democratic way, the right way, the clear way, the proper way, adopted by every great city in the world except Boston for managing the taxicab problem. I have always been interested in the taxicab drivers in all the years since I have seen them at work near the Commonwealth Pier and elsewhere, in daylight and darkness, heat and cold attending faithfully to their duties, working hard, and sometimes bringing home to their little families not more than \$7 a week. Therefore, what I am asking for is the acceptance of a democratic act, which means fair play, which means the proper way of handling this taxicab question in the interest of the hard working, deserving taxicab drivers that we have in our city.

Coun. CHASE—Mr. President, according to my understanding of parliamentary law a motion to lay on the table is always in order, and I feel that my motion should have been recognized.

President MURRAY—The Chair had recognized Coun. Norton who laid the floor and was not subject to interruption except for a point of order.

Coun. CHASE—Mr. President, I now move to lay the order on the table.

Coun. NORTON—And I ask for a roll call, Mr. President. The motion to lay on the table means delay of certainly a week.

(Several members addressed the Chair.)

President MURRAY—There is no debate in order on the question of laying on the table.

Coun. CHASE's motion to lay on the table was lost, upon roll call, yeas 2, nays 19:

Yeas—Coun. Chase, Lyons—2.

Nays—Coun. Agnew, Carey, Englert, Fish, Fitzgerald, Galvin, Harris, Hutchinson, Irwin, Kelly, Kerrigan, Langan, Murray, Norton, Rosenberg, Shattuck, Sullivan, Taylor, Wilson—19.

President MURRAY—The question now comes on the passage of the order.

Coun. TAYLOR—Mr. President, as chairman of the Committee on Public Safety, I have presided at the many and lengthy hearings pertaining to the taxicab situation. In fact, I have slept with it. I tried to perform my duty in an impartial manner, attempting to give both sides

a full opportunity to present their side of the case. I regret to say that during the hearings there were many flare-ups which, in my opinion, were not caused by any difference of opinion on the taxicab situation but were the result of personal feelings. Disregarding all controversies of a personal nature, and all the testimony which was immaterial and irrelevant to the issue, I came to the following conclusions. For several days the proponents put in their side of the case. I intend to be frank about the entire situation. Mr. Miller of the I. T. O. A. was the only witness for the proponents who impressed me. In a clean-cut and straightforward manner he pleaded the cause of the Independents. He didn't attempt to castigate anyone. He tried to impress upon the members of the Council that the people voted and spoke; that we should carry out the mandate of the people. He tried to convince the Council that if we accepted the act, the fares would be more equally distributed and would help a lot of honest and conscientious cab drivers make a better living; and incidentally I know personally a great many drivers and know them to be married men supporting families, and very trustworthy. Mr. Miller's testimony was very sincere and convincing, and he is a credit to the I. T. O. A. organization. On the other hand, none of the other witnesses impressed me. It is my frank opinion that Mr. Naymie was a detriment to the cause of the Independents. If I were a judge sitting on the bench, I would give no weight to his evidence at all. He was too willing at all times to impugn the honesty of any public official or any reputable person who disagreed with him in this question. Such a person, by his conduct, his attitude, and testimony, in my opinion, is unworthy of belief. He did not impress upon me that he was sincere and zealous in the cause of his fellow worker, but that his interest was purely a selfish one; that he thought only of his own personal gain, and to accomplish this purpose he did not hesitate to resort to any tactics, regardless of the consequences to innocent and law-abiding people. In the event the City Council accepts the act, and private stands are abolished, in spite of Mr. Naymie's actions, I would admonish the I. T. O. A. to be very careful to select more men of Mr. Miller's calibre who truly and sincerely represent their body, so that the actions of their representatives will reflect credit and not discredit to them, which will not cause the public to become aroused and revoke the action of their many years of struggle. No comment is necessary regarding the others who spoke for the proponents. In my opinion they were not inspired by any sincere or altruistic motives. As for the opponents of the measure—I have the utmost regard for the character of every one who spoke in their behalf. Mr. Frank Sawyer, whom I had never met prior to the hearings, made an able and dignified presentation of what he believed to be the facts in the taxi situation. The contrast was striking. He at no time attempted to win his point by besmirching the character or reputation of other people. In fact, he spoke very highly of the cab drivers connected with the I. T. O. A. He is to be commended for his rise in the taxi business. Starting from scratch as a taxi driver, he has by sheer effort built a large cab business. Naturally, after years of hard struggle he is unwilling to share his business with others. His views on the question have been substantiated by many reputable men and organizations which they represent. It is difficult to disregard their testimony. In my opinion, they were very fair to all parties concerned. From their testimony I am led to believe that the abolition of the private stands is not going to help the Independents. The hotel men evidently are not going to allow any cabs in front of their hotels. It is very easy to see to whom the hotel business is going. It will give the Independents plenty of competition on the public stands they now control, which business will be split up. If the act is accepted, I hope that their efforts will not have been in vain. However, the most important thing that concerns me is whether we should base our decision wholly upon the evidence presented, or whether I, as a representative elected by the people, can disregard the expression of opinion of my constituents as evidenced by their vote on this issue. Testimony has been given that the vote on the question on one ballot was not an expression for the abolition of private stands, but merely that the matter be left to the City Council to determine whether or not they should accept the act. While a great many things may be said for this contention, the publicity given to this question during the last campaign—many radio talks, newspaper advertisements, and speakers at various rallies—must have undeniably led the voters to believe that their vote of "yes" was an affirmative expression of their desire to abolish private taxi stands. As a duly elected servant of the people, I would consider it a breach of trust to disregard the actual intention of the voters and hide behind the flimsy pretext of technicalities. If we are to survive as a democracy, we must do things in a democratic manner. The people have spoken. No one, no matter what high office he holds, whether he be Governor or Mayor, has the right to say, after the people have spoken on any referendum, that he is bigger than the people. No organized minority who has stirred up agitation should control any public official after the public has spoken. I do not

intend to be the exception. I do not intend to be politically expedient. I intend to carry out the wishes of the majority of the people and vote for the acceptance of the act to abolish private stands. This is not Germany—I, for one, must abide by the wishes of the majority. In the event that this act is accepted, I trust that the actions of the Independents will never cause me to regret my vote in their favor, but instead will justify the faith that the people have put in them. I wish to thank all the members of my committee for their helpful cooperation, in spite of some of the unfortunate display of feeling and emotion injected into the hearings.

Coun. HUTCHINSON—Mr. President, I had not intended to vote on this question, but I now believe that we have an entirely different aspect of the case. In view of the situation that has since arisen, and in view of the fact that rumors which we heard earlier have now turned out to be unfounded, I believe the people want me to vote on the question. Therefore, I shall vote for the acceptance of the act.

Coun. CAREY—Mr. President, the wording of Question No. 2, or the so-called taxi referendum, as it appeared on the ballot on last election day, November 8th, was very clear and distinct. I quote it from the official specimen ballot, which I have here, as follows: (quoting the No. 2 taxicab referendum.) The people of my district answered that question in an overwhelming manner. The vote on it in Ward 10 was "Yes," 6,685, and "No," 3,337, or slightly better than 2 to 1 in favor of free public taxicab stands for the use of all taxicabs. It is therefore the expressed will of the people of my district after a well-advertised campaign on the radio, in the newspapers and by placarding every taxicab in Boston, that I vote against the present unfair system of private monopoly and to give every licensed taxicab operator a chance to earn his daily bread. An argument raised by the opponents of open stands against the vote of the people of my district, and of every other district that voted for free stands, is that the people of these districts are not intelligent and that they do not know what they are voting for. This argument is very weak and, in addition to reflecting on the intellect of the voters, belittles the argument of the opponents. Had the "No" vote prevailed, would the opponents contend similarly that the people did not know what they were voting for? Another argument raised by the opponents is that public stands will create disorder, strife and conflict. In this connection may I remind the opposition that we have here in Boston a Police Commissioner who is fully capable of promoting respect for law and order, and under him are approximately 2,300 uniformed men who are constantly referred to as "the nation's finest." Are we then to expect, with the discarding of the present unfair system of private stands, that our Boston Police Department will lose its effectiveness and will be found unequal to the task of maintaining law and order? I refuse to believe it. Up to the present day the Police Commissioner has exercised such control that every cab operator has been considered reliable. What is there in the changing over to free public stands that will take this control away from the Police Department? There is absolutely nothing. The responsibility for the reliability of these cab operators will still rest with the Police Commissioner. The people of Boston are entitled to the lowest taxicab rates that are consistent with regular and dependable service. Riding in cabs in Boston today is a luxury to most of us, and rates here are higher than those prevailing in other large cities where free stands are allowed. The freer competition that will be made possible with the opening up of all stands should result in a reasonable reduction in rates, as was predicted by officials of the I. T. O. A. at the hearings before the City Council Committee on Public Safety. The assignment of public streets to private use is wrong and is an unreasonable grant of special privilege. Time and time again upon entering or leaving hotels and railroad stations, which places are acknowledged to be the best stands, I have observed the unfairness to operators of independent cabs. Monopoly by the present private stand operators should never have been permitted and, Mr. President, I shall therefore today, by my vote, do my part to abolish this monopoly and thereby give to independent operators the justice and the rights that they are entitled to.

Coun. LYONS—Mr. President, I feel today as another councilor and myself felt three weeks ago that this is a matter upon which we should not act too hastily. I felt then that I was supporting the Police Commissioner, in favoring reasonable delays, and I want to state publicly here now if there is any chaos or serious trouble as the outcome of our vote today to abolish the present system and make a new set-up, I don't want any part or parcel of it. I don't want to be held responsible in any way for any deaths or riots that will occur in Boston. The Police Commissioner won't assume any responsibility because he asked for an extension of time, I am in favor of postponing action for a certain length of time, although not for ninety days. Attending every meeting of the Safety Committee, although not a member of the committee, I sat here day after day and think I am familiar with the whole story. Speaking of the vote of the people, we must remember that that vote placed a certain responsibility upon us. I myself was not interested in taxicabs, but sitting here day in and day out I could see that the present set-up is a set-up that

should be carried on until the I. T. O. A. will bring in and submit—which we asked for—an operating policy, to be offered to the Police Commissioner of Boston. Up to the present time they have not put it in, and until they do I would like to keep the law from being operative so far as hotels and everybody else is concerned. We have had the leading business men and hotel men and railroad men and everybody else down the line asking that the present set-up be retained, and I think these men have been in business long enough to know what they are talking about. In the meantime, I will vote for the present set-up in Boston.

Coun. ROSENBERG—I believe that during the past few weeks we have had the opportunity before the committee of hearing the proponents and the opponents, in reference to the taxicab referendum. During the great many years that the taxi operators have been in business, both the Independents and the organized companies, there have not been any chaos, disorder or riots in the City of Boston. I believe, as has been stated here previously, that the operators of the I. T. O. A. cabs are men who are honest, law-abiding citizens, men who are out to make an honest living, men who are living in the City of Boston and want to do everything to uphold law and order. Occasionally violations may occur, but I do not believe that the members of this body need fear that at the present time, through the passage of this act, the members and representatives of the Independent Taxi Operators Association are going to create any chaos or disorder, or cause any condition for which we will have any regret. I believe by voting as I am going to vote, in favor of this order, that you are going to have a fair and equal distribution of the taxi service throughout Boston. You are going to get an honest service from the members of this association. You are going to have peace and order reigning and you are going to find that the operators of both concerns are going to cooperate with the commissioner to the greatest extent by preserving and making Boston a model city. They have free taxicab open stands in the great major cities of the country. I believe that Boston is the last of the big major cities that has not got the free open stands, and I believe by voting to accept this act we are going to continue to preserve law and order as we have in the past. I trust that the members of the Council will join in voting in favor of equalization of taxicab rights in the City of Boston.

Coun. CHASE—As a member of the Committee on Public Safety, I have given considerable attention to the matter before us. I was very much impressed by the testimony of the Chamber of Commerce. I was very much impressed by the testimony of the railroad officials and steamboat officials and every other reputable business man who appeared before us. I have given careful thought to the matter and especially to what Police Commissioner Timilty has said, that he desires further time before the Council acts on this order. After all is said and done, we are a legislative body and as such we should not act hastily on a matter so vital to the safety of the citizens of Boston. If it were a matter involving something upon which the Public Works Commissioner was to have the final say, I dare say that every member of this body would act in accordance with what the Commissioner of Public Works had to say. The Police Commissioner, too, is charged with carrying out this act. He has asked this body to give him further time to formulate a plan whereby he can carry out the wishes of the voters, and because of this reason I cannot logically cast my vote other than "No," because I personally am very much impressed by the testimony of the Police Commissioner, our present commissioner, and by the testimony of the Police Commissioners of the past who have had complete jurisdiction over this matter for the past forty years. There is not a member of this body who is so well acquainted with the taxicab situation as the Boston Police Department. Therefore, Mr. Chairman, in view of the fact that the Police Commissioner has asked this body not to pass on the matter until he has formulated a plan, I cannot vote any other way but "No."

President MURRAY—The question is on the passage of the order.

Coun. GALVIN—Under Rule 23 of the City Council I ask consent to be excused from voting on this matter. For the past four or five weeks, four members of this Council, including myself, have been vilified and assassinated by every newspaper in the city. It is the general opinion of the public up to the present time that our intentions were not honorable in going to the I. T. O. A. office. This afternoon in executive session Mr. Miller cleared that situation up by giving a statement of the real facts that occurred down in his office. As a general rule, ninety-nine times out of one hundred I would go along with the mandate of the people. I know, however, that the people of my district will excuse me from voting on this matter and I ask the members of this body to excuse me from doing so.

The question came on the passage of the order, and the order was passed, yeas 18, nays 2.

Yeas—Coun. Agnew, Carey, Englert, Fish, Fitzgerald, Harris, Hutchinson, Irwin, Kelly, Kerrigan, Langan, Murray, Norton, Rosenberg, Shattuck, Sullivan, Taylor, Wilson—18.

Nays—Coun. Chase, Lyons—2.

Coun. LANGAN—I ask unanimous consent to make a statement.

President MURRAY—Coun. Langan asks unanimous consent to make a statement. If there is no objection, he may do so.

Coun. LANGAN—For the past two weeks I have felt much as Coun. Galvin has, that there has been adverse criticism of certain members without foundation. I do not desire to make a lengthy statement in regard to the taxicab matter which so vitally concerns this body, but I am amazed at the unfair and unjust conclusions drawn by the three members of the Finance Commission which had no basis in the evidence presented before them. For some strange and mysterious reason the Finance Commission report was issued on the eve of the most important vote to be taken by the City Council in this matter. From my entrance into this body my only desire has been to do what was honorable and what was fair. I have not done, nor have I now any desire to do, anything that is not honorable. The motive which I had in going down to the Independent Taxi office were those of an honest, honorable man. The motives which I had were the same motives as stated by Mr. Miller, and in my opinion which were not taken fairly by the Finance Commission. I stand before this body today grateful for the vote of confidence which they have placed in me and my fellow councilors. I assure them that that vote of confidence is justified. As I said, I have felt for the past two weeks as Councilor Galvin did, and yet I feel as though I had to have the courage to come out and vote on the principle that was involved in this matter, namely, to give equal opportunity to free democratic men in the city. Perhaps it would have been wiser for me to sit in the background. From my entrance into the Council I have never indulged in personalities nor have I let my personal feelings against any individual member influence me in any way, nor shall they in the future ever influence me in any way. I have voted on this measure on this occasion first on principle and secondly because of the mandate of the people, and I intend that my every vote in the future shall be guided by those two principles.

5. Report on petition of Readville Greyhound Association, Inc., for laying out and location of land in Readville as a dog racing track—that same ought to pass.

The report was accepted, and the question came on the passage of the order.

Coun. CAREY—Mr. President, with regard to dog racing, I quote the question as it appeared on the official ballot on November 8, a specimen of which I have here with me (doing so). May I call the attention of the members of the Council to the last five words of the question, namely, "be permitted in this county." These words are somewhat misleading and it is my sincere belief that thousands of voters in Suffolk County voted "Yes" on this question, having in mind that licensed dog racing has been permitted in the neighboring city of Revere for the past few years and that by their "Yes" vote on November 8 last they were sanctioning a continuance of dog racing at Revere, which city is, as we all know, in this county. A favorable vote on dog racing was advocated by Mayor Tobin during the campaign last fall, yet I doubt—and I think his vetoing of the previous petition of the Readville Greyhound Association bears me out—that the Mayor desires to force on an unwilling local citizenry this so-called sport of dog racing. And I am firm in my belief that the voters of Ward 18, and of every other ward in fact, were sincere in voting favorably on this question and that this sincerity was meant only in so far as a continuance of racing at Revere was concerned. The councilor from Hyde Park is one of the veteran members of this body. He is well acquainted with procedure at Council meetings, both in Executive and open session. It has been my experience, as a member of this body, to note that the wishes of the local councilor are respected when matters come before the body affecting a particular district. The Boston Post and other morning newspapers, in their issue of one week ago last Tuesday morning very competently quoted the remarks of Councilor Norton relative to the granting of the Readville dog track permit. He acquainted us with figures showing that on November 8 last his district voted for dog racing by better than 2 to 1, and it was his expressed opinion that the unemployment situation would be relieved with the opening of the track. My position on the original petition was definitely determined by the attitude of the councilor from Hyde Park at the Executive session two weeks ago today. Since the approval of the original petition by this body strenuous opposition has arisen amongst the people of Ward 18 against the promoting of the people of Ward 18 against rather than force the people to accept this sport in their locality. I feel that this matter should be tabled for a week or two and provide some thorough opportunity for the residents of the district to definitely display by some positive action whether or not they want dog racing at Readville. Should this suggestion not prevail, I shall, in view of the demonstration of opposition, vote "No" on this petition. At the public hearing of the Executive Committee on Thursday last, I was seriously impressed by the quality and extent of the opposition. And I have in mind particularly the opposition registered by the clergy of every denomination in Hyde Park and Readville, by the Board of Trade in the district, and by the two members of the House of

Representatives from Ward 18. A very timely suggestion was offered by the Rev. Father Regan, pastor of St. Ann's Church in Readville, in whose parish the track is contemplated. Father Regan called to the attention of the Executive Committee, and quite correctly so, the fact that the hours devoted to dog racing are at night, between seven and twelve o'clock. Staging of these races will naturally attract large numbers of young people, and I speak particularly of those between the ages of ten and seventeen years of age. We will admit that these children perhaps cannot gain admittance to the track, yet they possibly may. At any rate, children who are now unaccustomed to being out at night will be on the streets during the hours of seven and twelve o'clock primarily because of this attraction and for other reasons incidental to it. Ward 18 is a district of homes, yes, may I add happy homes, no doubt, and I am sure that the members of this Council will hesitate to take any action that might tend to bring unhappiness into even one home in that district. The argument has been advanced that there are many empty stores and business houses in that section, and that there are many homes for sale in Hyde Park and Readville, and that business will boom in that district with the establishment of a dog track there. Nothing can be further from the truth. Fellow members of the City Council, at best this track would not be permitted to operate over sixty days in a season and we all know that such a short run as this could not bring business and wealth to that neighborhood in such volume that these stores will become occupied and that these "For Sale" signs will come off these homes. What will these suddenly opened stores do during the other ten months of the year, and we might find that as a direct result of this dog racing there that a great many more "For Sale" signs will appear than are on view at the present time. We listened at the Executive Committee public hearing to the protests registered by the two members of the Legislature representing this district at the State House. These legislators, I feel, did not use snap judgment, nor did they seek idle publicity in appearing before this body last Thursday. Their stand on this matter is of the utmost concern to them and I sincerely believe that they came here only after considerable investigation on their part as to just how the people of their district feel relative to dog racing in Readville. Had they found sentiment favorable, it would have been just as easy for them to come before the members of the Council and request favorable action on this petition. While there might be doubt in the minds of some of the members of this body as to the selfishness of some of the others who appeared before us in opposition to this track, I cannot help believe but that these two state representatives from Ward 18 conveyed the true feelings of the people of the district, and I therefore conclude that, in the absence of any definite proof to the contrary, the people of Hyde Park and Readville are opposed to the approval by this Council of this petition.

Coun. IRWIN—Mr. President, I believe it is more mandatory on the part of this Council to vote for the granting of this permit for the dog track than it was to vote "Yes" on the taxicab situation. There is no question—no matter what anyone in the Council or anyone that appeared before these hearings thinks—that the people of Hyde Park would have done had the question been phrased, whether or not a dog track should be erected in their district. The question was simply the dog racing and they overwhelmingly approved of it. Now, there are also other reasons, in the way of benefits, why the Council should permit this petition. We all, I think, know that the proceeds from the dog track are to go to the Old Age Assistance Fund. We know that that is a deserted village, and those are the exact words the councilor from that district used two weeks ago, and that with the erection of a dog track, the value of the land will increase and more money will come into the city through that added assessment. It will also put men to work erecting the park, and it will put men to work during the racing period. If, as has been said, the people of Hyde Park would not have voted if they had known a track would be erected in their district, then I say to the people of Hyde Park that they were extremely selfish. If the argument they advanced at these hearings relative to gambling and the rough element and everything else that comes in with dog racing indicated that a dog track and what went with it was not good enough for Hyde Park, then it was not good enough for Revere, where a dog track is operating now, and not good enough for East Boston, where they voted to maintain horses. So I say, if it was good enough for any other district, then it is good enough for them, and if they did not approve of horse and dog racing in their district they should not have voted overwhelmingly for it to be held in any other district.

Coun. TAYLOR—I like to be consistent about matters of this type. I do not like to get up one minute and make a speech to the effect that I intend to vote according to the mandate of the people, and then get up on another matter on which there was also a referendum of the people and say, "The people be damned; I shall vote as I like." We have got to be consistent. The people voted for dog racing and you cannot get around it by any fimsy technicality. We have got to decide whether or not the people voted for

it. If the people voted for it, any public elected official, as I said before in my speech on the taxicab situation, whether he be a councilor or whether he be the Mayor or the Governor or any other high public official, cannot turn down the vote of the people. He cannot advocate it before election and then after election say he was wrong. He must abide by the vote of the people. We have got to be consistent about these matters; and when anybody says the sentiment of Hyde Park is overwhelmingly against a dog track, I call attention to the number of people who came here at that public hearing when the newspaper headlines spread it out: "Dog Track in Hyde Park." An opportunity was given them to be heard, and sixty-one people appeared who were interested in seeing that no dog racing came to Hyde Park. The vote out there is conclusive. I realize the clergy's position and I have the greatest respect for them, but they do not always speak the voice of the people. They preached from their pulpits not to vote for dog racing, but the people still voted for dog racing. I say the people have some rights in this community. The voice of the people was expressed on election day before these people came here and protested, and the voice of the people, in spite of what those who protested here said, was in favor of dog racing. I say that the people, have some rights in this matter, that they have expressed their opinion in a referendum on election day. We have already by our votes supported the voice of the people on one referendum, at this meeting, and I see no reason why we should not also pass this order, which was indorsed in referendum by the people.

Coun. SHATTUCK—Mr. President, the question before the Council today is an entirely different question than that which was placed before the voters on election day. The question now before us is whether we favor this particular petition for the laying out and location of land in Readville as a dog racing track. That is a question upon which the people never voted. The question the people voted on was, whether or not dog racing should be permitted in Suffolk County,—in other words, whether or not the law as it was should be continued. The law as it was can be continued without more dog racing in Suffolk County. The people merely voted to maintain the status quo. Certainly, the people of Hyde Park did not realize that their vote would be construed as it is now being construed by some, and did not vote to have dog racing in their own back yards; nor did they necessarily vote to have more dog racing than we have at the present time. There is no mandate of the people. We must take the responsibility for what we do. I am against this petition, and I believe the people of Hyde Park are against it. I do not believe we should impose a dog racing track on a locality that does not want it. We have seen all the elected representatives both in this city and state of the Hyde Park district against this license. We have seen all the clergy against it. We have seen the representatives of many civic organizations against it, and it is clear that the people do not want it. We should not—even if there was not a majority, but a substantial number, a large number or portion of the people in Hyde Park who did not want this racing in their neighborhood—impose it upon them. I shall vote "No" on this license.

Coun. AGNEW—Mr. President, it appears that we are now in the position of denying or questioning the intelligence of the people who went to the polls last November and marked their ballots on this particular question. As a councilor of the City of Boston, I believe that I have no right to question the intelligence of the people in voting upon this matter. I feel, and am compelled to feel, that every individual who went to a polling precinct read the ballot, and marked his cross on the different questions upon which he was to pass, knew what he was doing, and the question in this case was, whether or not Suffolk County should permit dog racing. There was an affirmative vote on that referendum in every ward of Boston. I believe, with the exception of two, it being therefore overwhelmingly voted that Suffolk County should have dog racing. I do not agree with the councilor from Ward 10 (Coun. Carey). I am in entire accord with Councilor Taylor when he says that we must be consistent in our action. While one question may be in a more negative form than another, the point is in what direction they tend and it seems to me we have here a clear decision in favor of dog racing. I am in entire accord with the councilor from Ward 1 (Coun. Irwin), who agrees with what I am saying, that we have no right to question the intelligence of the voters; and I cannot indorse the attitude of people from the Hyde Park district who will say, "We don't want dog racing out here, but they can have dog racing in Revere and horse racing in East Boston. So far as we are concerned, sixty-one or sixty-seven of us, we do not want dog racing in our district." But the question of whether or not a license should be granted for a dog track in Hyde Park has really been answered in the affirmative by the voters of that district saying, overwhelmingly, that they are in favor of dog racing in Suffolk County, whether in the Hyde Park district of Boston or in the Brighton district which I represent.

Coun. SHATTUCK—Mr. President, will the gentleman yield for a question?

Coun. AGNEW—Yes.

Coun. SHATTUCK—I wonder how many dog tracks the people voted for last November?

Coun. AGNEW—Mr. President, I would answer that by saying that the people were not asked to vote for any particular dog track. They were asked whether or not they were in favor of having dog racing and horse racing in Suffolk County. To that question they answered in the affirmative overwhelmingly, even in the precinct or the section where this track is contemplated, as presented to us in Executive session. My position on this, Mr. Chairman, is that I personally am not in any position to attack the intelligence of the voters of last November pertaining to this question.

Coun. SHATTUCK—Mr. President, if the gentleman will yield, I would like to know where in Suffolk County the people said those race tracks should be located?

Coun. AGNEW—The people, Mr. President, as I understand it, they were not asked where, and it made no difference. When they went to the polls and voted on the question, a question pertaining to Suffolk County, they answered in the affirmative. It made no difference, as I have already stated, whether it meant Readville, Hyde Park, East Boston, or any other section of the city.

Coun. CAREY—I would like to inform the councilors from Ward 12 and Ward 21 (Coun. Taylor and Agnew) that I at all times intend to and hope to be consistent, and I for the record will say that the people in Hyde Park are highly intelligent. However, on this dog licensing referendum we have had a very definite demonstration of opposition by splendid representatives of the people of the district, the clergy, the Board of Trade, and members of the Legislature, and I understand the sentiment of the district also is opposed to this dog track in Readville. The question which was definitely asked on the ballot was: "Shall this racing be permitted in this county?" and I heartily agree with the councilor from Ward 5 (Coun. Shattuck) when he asks how many dog tracks did the people in Suffolk County propose when they cast their vote on election day?

Coun. KERRIGAN—Mr. President, two weeks ago the City Council voted permission to establish a dog track at the old Readville racing ground. Because of the dissension that has arisen outside of the City Council it becomes necessary to ask ourselves why we voted on this matter. The answer to the question is a simple one. We voted because the people commanded us to do so. We had no alternative. We had a mandate from the people and we obeyed it. Had we done otherwise we would have been false to a public duty. As I see it, just two things are involved in this question; they are, the right of the people, and the duty of the Council. We have been criticized for upholding the right of the people; we have been criticized for doing our duty. And now we are compelled to defend our action in upholding the right of the people. In the face of this compulsion we would be unworthy of a seat in this body; we would be flouting and ignoring the expressed wish of the people if we failed to stand by our original action. Let us not appear ridiculous before the tribunal of public opinion. So long as democracy survives, the will of the people will be the supreme law of the land. Whosoever tries to destroy the will of the people, consciously or unconsciously, tries to destroy democracy. I have no disrespect with those with whom I differ, but I would have no respect for myself if I permitted myself to be persuaded by minorities who would invalidate and prevent the wish of the majority to be translated into law. I have as much interest in the uplift of society and the improvement of social conduct as any person who ever sat in this body or any person who ever appeared before it to sway its deliberations and votes. I have as much faith in democracy as any one—"the decisions of the majority have a better chance of being right than the opinions of dictators or dictatorial minorities." Nobody has a right to speak for the people but the people themselves. Whatever measure a majority of the people have approved, no minority has right to defeat, and no legislative body in the city, state or nation has a right to reject. That is the fundamental principle upon which referendum laws were enacted. When the referendum became the law of every municipality in the country and every state in the union it was hoped that democracy and the people would be brought closer together, and that is exactly what happened. The referendum is a democratic method of consulting with the people in order to learn their wishes and wants. And how can we learn what they do want and what they wish unless we consult with them? That was the significance of this issue in the last election, when, by a referendum, we asked the people if they wished dog and horse racing, and the pari-mutuel system to be permitted. Their answer was "Yes." They said yes in every ward in the city. They said yes in every precinct in Ward 18 wherein this Council has voted that dog racing be permitted. The time for a discussion of this issue has passed. It passed when the people voted in the last election. It was their privilege to vote on this question; our only privilege is a duty to make their vote a law. There is no rightful power in the legislative or executive branches of our city government to overturn or reverse a referendum vote of the people. The only power we possess is the power put into our hands by the voters. They have given us no power to forbid dog racing. But they have vested in us a power to permit it. Any person who asks us to deny this permission asks us to deny something that is illegal and something

that we cannot do. Any person who asks us to disrespect the will of the people also asks us to forfeit the respect which the people should have for public officials. This question is now undebatable. The time for the debate was during the last election campaign. All the arguments we are hearing now we heard then. Both sides were heard. No one then was denied the right to speak. Both sides were fully and forcefully discussed. There was an intelligent discussion of the entire matter; and after it the people took intelligent action. During the campaign it was disclosed that dog racing contributes about a million dollars a year to old age pensions. I like to believe that the vote on this measure was cast in a desire to aid the aged. I will never entertain the thought that the people voted in ignorance and without a knowledge of what they were doing. To do so would be to insult the electorate. The burdens of government today are many and heavy. There is extreme difficulty in raising taxes to meet these burdens. Again and again it has been explained to the people that all the net revenue from the pari-mutuel system goes for the relief and assistance of old men and women. Last year the state tax was \$17,000,000. In his inaugural message, Governor Saltonstall said that the tax this year would be close to \$30,000,000, an increase of \$13,000,000. Where is all this additional money to come from? At this moment no one knows, not even the Governor himself. There is opposition to some of the new taxes he has indicated and advocated. But there is no assurance that they will be accepted by the Legislature. The sum required for old age pensions this year will be larger than that of last year and the only sure source we now can see is that of dog racing. Both the Democratic and Republican parties are committed to old age assistance and the people as a whole committed themselves to that assistance when they voted in favor of this issue. It costs \$420,000,000 to conduct the affairs of our municipal and state governments, and we are collecting only three hundred sixty million a year. This means that our debt is increasing at the rate of \$60,000,000 a year. It isn't fair and honorable to increase this debt and to pass it on to future and unborn generations, if we can devise simple methods for additional revenue. We cannot much longer increase taxes on real estate without destroying homes and property rights. And we must not make the poor poorer and arouse their resentment by a sales tax on the bare necessities of life. I am sure these considerations were in the minds of the voters when they voted for dog racing as a means to ease the tax burden. In these bleak, tragic and depressing days of unemployment, when welfare and relief must continue if our social and political systems are not to be endangered, we must impose taxes where they are the least felt. And they are little felt and hardly noticed at dog tracks.

Coun. SHATTUCK—Will the gentleman yield? Mr. President, I should like to ask the gentleman whether he feels that the City Council should grant petitions without limit for dog tracks? Has the mandate of the people no limit?

Coun. KERRIGAN—Mr. President, I cannot answer that question. Nobody in this Council can answer it. The councilor himself cannot answer that question.

Coun. TAYLOR—I wonder if Councilor Kerrigan will yield for a moment until I answer that question of Councilor Shattuck?

Coun. KERRIGAN—I yield, Mr. President.

Coun. TAYLOR—I wish to say—

Coun. NORTON—I am sure the councilor from South Boston does not need an attorney.

Coun. TAYLOR—You had a pretty good one at the taxicab hearing.

Coun. KERRIGAN—I yield, Mr. President, because I did not think there was anybody here who could answer the question.

Coun. TAYLOR—in answer to that question I wish to state that we have a Racing Commission and that the Racing Commission determines how many race tracks we should have, and where they should be located, and after this thing is passed upon by the City Council it must go before the Racing Commission and they under the law must give a public hearing. It is mandatory upon them, and it is up to them to determine whether or not there shall be more than one dog track and it is not up to the City Council.

Coun. KERRIGAN—Mr. President, during the campaign it was stated that dog racing contributes about \$1,000,000 a year to the old age pension.

Coun. CHASE—Mr. President, there has been considerable talk today by various members of this body about mandates, and I refuse to be impressed with the argument that this mandate of the people as some of the councilors would have me believe is a command. Technically, a mandate is a command, but under the present circumstances the referendum was not a mandate of the people in this case. The people did not say that they shall have dog racing in Hyde Park. The people said dog racing shall be permitted in Suffolk County, and Revere, Mr. President, is part of Suffolk County. I contend, sir, that that is what the people of Suffolk County had in mind when they voted on the issue. They thought that the matter related to dog racing in Revere. I wonder how many members of this Honorable Body would vote favorably on an issue involving their ward, assuming this question was, whether or not a dog track should be located in every ward. Would they vote "Yes, let us have a dog track in my ward." Would they ignore the type of protest such as was registered before the Executive Committee last week.

Why, Mr. President, there were Catholic and Protestant clergymen before us. One priest represented over 6,000 people in Hyde Park. Another priest represented over 2,500 people. We had two legally duly elected members of the House of Representatives here registering their protest. I ask you Mr. President, whom did these people represent? They were elected to represent the people. I ask you, Mr. President, who does the City Councilor from Hyde Park represent? He represents the people of Hyde Park and he has registered his protest that he does not want a dog track in Hyde Park, and he has made that protest because of the fact that the people of Hyde Park are opposed to a dog track. I ask you, Mr. President, is it fair to this Honorable Body to force upon the people of Hyde Park a dog track which they do not want. If this matter involved a dog track in my district, I obviously would vote against it, especially if I had the type of protest registered such as has been registered on the matter before us. I feel that I would feel that the members of this body should support me in it. I feel I am better acquainted with my district than the other members of the body are, and I feel that the Councilor from Hyde Park is better acquainted with the people, his constituency, than we are. We should support him in this vote against dog racing in Hyde Park.

Coun. WILSON—Mr. President, I want to state primarily for the record some of the facts that I am going to make reference to, because, very frankly, the vote I am about to cast on this particular measure has troubled me, and it has troubled me more than any other single vote that I have cast in my eleven years of experience in this body. And so I believe I owe it to myself, if to nobody else, to have the figures and the facts in this question made a matter of record. I say that advisedly, because inherently I personally am against the pari-mutuel system whether on horse racing or dog racing, and my personal beliefs are in accord with what I believe to be those of the active minority in the ward represented by the councilor from Ward 18. So I am in the position on this particular question of voting against my own personal convictions. I wish, perhaps, that the vote in Ward 18, in the City of Boston and in my own ward was closer. I think back not many years ago to the vote on Sunday baseball in my ward, which was a close vote. I can still remember a great deal of the abuse I personally took because I wanted to give that matter earnest consideration and not vote on it the day it came in; and the vote in my ward on that question was so close that in my opinion it left to me a right to consider my personal convictions. I am satisfied that the vote on this question was a substantial mandate of the people, and I disagree with those councilors who say that the vote on this particular referendum was anything but a mandate of the people, whether the people were voting for their own best interests or not. I think it should be a matter of record in these Council minutes that the vote of the entire city on this particular question was 170,920 to 71,922, that the vote in Hyde Park, Ward 18, was 9,692 to 4,434, and that this particular referendum carried everyone of the twenty-one precincts in Hyde Park. What was the vote in the precinct in which the trotting park is located? Precinct 20, 469 to 139, or 4 to 1. What was the vote in the next adjacent precinct, Precinct 18, which follows the railroad track and up Hyde Park avenue? 511 to 130, or 5 to 1 and the next adjacent precinct, Precinct 17, across the Neponset river, 481 to 135. As an elected public official, I do not believe I have a right to disregard what I believe to be an expression of popular desire on any referendum subject. I am interested in the figures of Ward 18 and the three adjacent wards. Ward 17 voted 2 to 1 for dog racing, much to my surprise. Ward 14 voted 2 to 1 for dog racing, Ward 20 voted 9 to 5 for dog racing and the ward adjacent to those three, Ward 18, 9 to 4 for dog racing. I wonder, especially in the light of the votes in the precincts immediately adjacent to the trotting park, whether as a matter of fact the voters in that section of Ward 18 were not race-track conscious when they voted on this particular question on the referendum. As I said, I have been troubled by this question because in voting on it the way I shall vote on it, I am voting against what I personally believe is for the best interests of the people. They disagree with me. I took the trouble, with two other members of the Council, to take the trip out to look this track over. I had never been there in my life, and I found it to be what the councilor from Ward 18 described it to be a week ago, away out at the end of nowhere, bounded by the meadows of an adjacent town on one side, the Neponset river on the second side, a railroad track on the third side and a group of over one hundred houses on the fourth side, which in turn was cut off from the rest of the ward where the river turned and the track narrowed, leaving the entire section out on a sort of peninsula. Two other members of the Council and myself visited the location to check up. I was sufficiently interested to take the trip, and we asked some questions in the neighborhood. A man who lives out there, and owns one of these 117 houses told me every one of them is for sale; that his house cost \$12,000 and that he would grab \$7,000, if offered. The local real estate man out there told me he had twelve or thirteen of the houses listed in his windows for sale. We went down to Wolcott square,

and, not counting the post office, we observed fifteen stores. Five were vacant, and they told us the sixth one would be vacant the following morning when the tenant moved away. I was troubled by a complaint somebody had out there referring to the possibility of noise, and so I asked some questions. On Prescott avenue, which is one of the streets which parallel the railroad track, a resident on that street said if they shot a gun to start a race over in the trotting park, we would never hear it, because of the noise that freight cars make when they couple cars in the Readville yard all night long. I was interested, of course, in the editorial—what I consider the splendid editorial—that appeared in this morning's Boston Post, and I desire to have it included in the record. I now return to the question I started with, Mr. President, whether or not I as an individual have the right to impose my personal preferences, which do not agree with the strong majority sentiment expressed, on a referendum of the people? The question is whether any elected official has the right to disregard the clearly expressed sentiments of the people on a public referendum. It was stated at the hearing, and I believe it was stated here today, that it took some courage to vote against the dog track measure that is now before us. Well, we are all practical politicians. We know some of the rules of the game, and we know that the dangerous thing for any politician to do is to vote against an active organized minority, not the passive majority. The fellow who does not want to take any chances votes with the organized minority that will remember his vote against them. It takes courage to vote, I would say against any highly organized minority. I say that advisedly, because the minority that appeared before us at the hearings the other day in my opinion represented the very best in the Hyde Park section. Of course, we listen with respect to the words of any clergyman of any denomination and, of course, we were not surprised to learn that they, of course, were against it, just as I was against it when I voted against it in the secrecy of the voting booth. The councilor from the Back Bay asked a couple of questions. They were fairly good questions. I think I can answer them. He asked one of those who spoke how many race tracks the people voted for when they voted yes on that referendum, and he asked where the people said they were to be located. Why, it is just as plain as the vote on the liquor referendum. If a voter desires to permit the sale in this city of any and all alcoholic beverages to be drunk on or off the premises, you voted on three liquor referendums—on the tavern question, the package question, and the full license for sale of liquor; and when the voters of Boston voted yes on those three liquor referendums they didn't tell the Licensing Board, on the tavern question, for instance, where to put the taverns nor how many taverns there would be. A majority of the people of Boston said that they would permit liquor to be sold in Boston and it rests with the Licensing Board of the city to say how many places there shall be and where they will be located. In the same way, as I see the picture here a majority of the people of Boston voted in favor of dog racing and they are leaving it not to us but to the Racing Commission to decide how many dog tracks there will be and where they will be located. I think that is the answer to those questions. Now on the matter that is before this Council—and I realize I am speaking at some length, but I feel very earnestly on this question—I do not regret my vote of a week ago, when, without even a roll call, this body voted for the passage of this particular petition. The matter on which we are really voting is under section 33 of chapter 271 of the General Laws, which reads as follows:

"No land within a town shall be laid out or used as a race ground or trotting park without the previous consent of and location by the mayor and alderman or selectmen, who may regulate and alter the terms and conditions under which the same shall be laid out, used or continued in use and may discontinue the same when in their judgment the public good so requires."

I think we all realize that by voting yes on this particular petition we make it possible for the Racing Commission to hold a public hearing and decide whether there will be a dog track out there. The question really before the Council today and last week was whether we are in favor of the location of a certain area in the City of Boston which is now taxed at the rate of 3¢ cents a foot and which for thirty years has been used as a race track—whether we will authorize that particular location as a race ground or trotting park. It makes it a little easier for me to vote as I intend to vote on this particular question, when I consider the provisions of the act which left it for the Racing Commission to decide where the tracks shall be located and what the regulations shall be, and they can only do that, under the mandatory provisions of the law, after holding a public hearing in the City of Boston. I will frankly admit that I would like to see a plebiscite of the people in the Readville section as to their personal ideas on the subject. I think it would be a little unusual to let them vote twice on the same question in a period of sixty or ninety days, but in all frankness I question in my mind whether if given a plebiscite today they would change their vote one bit from the vote of November 8. It may be before the Racing Commission considers this question there will be some sort of a plebiscite. I don't know. I do bear in mind

further, however, that if we pass this petition and if the matter goes to the Racing Commission and if they hold a public hearing and permit a dog track in the Readville section, under the terms of section 33 of chapter 271, it still lies within the power of the City Council, in my opinion, to discontinue the same when in our judgment the public good so requires. If the public in the Readville district or in Ward 18, when this matter goes on the ballot, vote overwhelmingly "No," I would say that whether the Racing Commission likes it or not, the City Council of Boston could change their vote and wipe out a pari-mutuel dog track in the Readville area, which again makes it easier for me to vote as I intend to vote on this question. I appreciate very much, Mr. President and members of the Council, your patience with me so late in the day. I again repeat it is a question that bothers me. It is a question on which I would like to see the figures in the record. I believe we are bound by the vote of the people. I believe I should vote, when there is such an overwhelming majority on a referendum as this against my personal convictions, which are 100 per cent with the clergymen and the other people who appeared here at our public hearing.

EDITORIAL FROM BOSTON POST.

(The following editorial from the Boston Post of January 30, 1939, was placed in the record by Coun. Wilson.)

"The Vote of the People."

Dog racing, as the Post has often said, is merely a device for gambling. So are beano, pools and various other forms of chance. We know the community would be far better off if gambling of any nature could be wiped out.

But, unfortunately, this is a gambling age. For reasons best known to themselves, the majority of people, when given the opportunity, have voted in favor of gambling. They have specifically expressed at the polls their desire for dog racing.

They voted for dog racing in the face of a long continued campaign in which every argument which could be mustered to show the folly of it was given wide publicity.

Therefore, if we must have dog racing, the chief concern of the authorities is to see that it is conducted so that it will be least objectionable to those who are genuinely disturbed about it.

There isn't the slightest doubt that, of all the sites that could be selected in the city limits of Boston, the location at Readville is best fitted for the purpose.

Ward 18, of which the major part is comprised of the old limits of the town of Hyde Park, voted at the November election overwhelmingly for dog racing. The vote in Ward 18 was better than two to one in favor. Every precinct in the ward favored it. Only in one precinct was the vote even close.

Precinct 20, in which the site of the proposed dog track is located, voted more than three to one for the dogs. The adjoining Precinct 19, the Sunny-side section, nearest Readville, also voted better than three to one in favor. In the face of such a vote it is foolish to argue that Readville is against dog racing.

No doubt all those who have protested against a license for a dog track voted against dog racing. They were, no doubt, right, but they were in a very great minority.

Those who claim that a dog track would depreciate property values in Readville would be hard pressed to tell just how property values in that section could be any further depressed. That part of Ward 18 has been terribly hard hit.

One of the chief objections to dog racing is that unsavory characters have been connected with the alleged sport. The backers of the Readville project are men whose reputation in the community is high.

The Readville site is really far less objectionable than the present Revere location.

It seems hypocritical for a city or a section of the city to vote overwhelmingly for dog racing and then have residents put forth the claim that the people are against it.

Coun. NORTON—Mr. President, just about three minutes. First, I want to thank Councilor Shattuck for his consideration of this bill and for his entire attitude through this controversy. It encourages me to find an original Bostonian, who has left a great position to come here and to render public service in this body, and who looks upon this matter in the same way that I and most of the other members do. It is one of the most encouraging things for democracy that I know of to see a man like our colleague from the Back Bay giving so much of his strength and energy to the public service. Since this matter first came up I have given considerable thought and attention particularly to this question of dog racing. I believe the first three states to go into dog racing were Arkansas, Florida and Massachusetts. The fact is, as anybody will find who examines into it, that dog racing in this country is a racket. It is not even straight gambling, but a phony racket. Anybody going into it deals with gangsters. The representative of the Capone interests, centered in Chicago, is in Boston, and the dog racing here, no matter what people may think about it, will be dominated at Readville or other places by the gangsters. Anything of this sort is not going to put things back in a flourishing condition, Mr. President.

Coun. WILSON—Mr. President, is the gentleman trying to tell the members of the Council that Mr. Hardwick, through his connection with dog racing in this state, is going to have any tie-up with gangsters?

Coun. NORTON—I understand that anything that has to do with dog racing has to come through certain channels with which the Capone interests are connected.

Coun. WILSON—Do I understand that the gentleman is up on dog track racing?

Coun. NORTON—Mr. President, I have never seen a dog race in my life.

Coun. WILSON—And does the gentleman understand that Mr. Hardwick and his associates, so far as they carry on dog racing, will be dominated by the Capone interests in Chicago, that there will be no other way for them to get dogs?

Coun. NORTON—That is my understanding, that anybody connected with dog racing will have to deal with Al Capone's racket in Chicago. And I might add that Chicago has thrown out dog racing, and when Chicago does that it is about time for Boston to throw it out, too.

Coun. TAYLOR—Mr. President, will the gentleman yield for a question?

Coun. NORTON—Yes.

Coun. TAYLOR—Does the gentleman know about anything of that sort happening at the Revere dog track?

Coun. NORTON—No, I know nothing derogatory about the Revere track; in fact, I know nothing at all about it. I was never there. But I do know about this dog track business being hitched up with the Chicago racketeers. And I might say, furthermore, that within fifty miles of Boston City Hall today there is 26 per cent of all the race track gambling in America. We are the greatest sucker district in the world. It is only a question of time when the gamblers will pull out so much money from our community that there will not be anything left to pay the butchers, the bakers and the grocers.

Coun. TAYLOR—You believe in the Gallup poll?

Coun. NORTON—Yes.

Coun. TAYLOR—Do you believe the poll when they say that horse and dog racing represent ten per cent of the gambling, and the church gambling 29 per cent?

Coun. NORTON—No, I have not heard that, and I would seriously doubt it. But there is something that we should consider in this matter beyond everything else. You and I will be out of politics tomorrow, and there will be only one comforting thing for us to look back upon when we have got through,—that we have done the right thing. In the light of the opposition to this dog racing in my district, I would not feel that I had done the right thing in allowing this to pass without strenuous objection. And so, Mr. President, that is my story in a nutshell. I shall certainly request our Chief Executive to veto this measure if it should pass. We have never had a finer type of Mayor in this city—a good, honest, able man, of whom those of Irish blood among us may well be proud. He is a great American, and no man of higher and finer type ever sat in the Mayor's chair. I will say to him, "Maurice, give us a chance to be heard."

Coun. FITZGERALD—And I don't want you to forget another great American Mayor, Hugh O'Brien, born in Ireland, and one of the greatest chief executives that Boston ever had.

Coun. NORTON—Oh, I have not forgotten Hugh O'Brien, and he was a great Mayor, too, and we can all look back at another great Mayor of Irish blood, in 1902, Honorable Patrick A. Collins. Hugh O'Brien was back forty years. But I say that this young mayor of ours is one of the most splendid, honest, able men in public life today, as I could also say of Honorable P. A. Collins in his day, remembering his services to the City of Boston and to the United States as Consul-General in London. But I have taken perhaps too much time, and I will simply add this, that if this race track is put through out in Readville, in five years it will not only be a deserted village but a decimated village, with perhaps not even freight cars moving about, and that in a district that has wonderful industrial advantages that might well be availed of to the advantage of this city, in addition to the Sturtevant Company, the starch company, and other fine companies that we already have.

Coun. CAREY—Mr. President, I also realize that the hour is late, but I would like to take just a moment to answer the councilor from Ward 7 (Coun. Kerrigan). There was absolutely no command whatsoever given by either the people of Ward 18 or the people of the City of Boston as a whole that we put this dog track out in Readville. In voting for the tax in the referendum, I followed the exact commands of my district and of the people of the City of Boston. Since that time there has been no demonstration of the people of my ward or of the City of Boston to the effect that they wanted to overturn the vote that they cast on November 8. There has, however, been a very definite demonstration of the people of Ward 18 against having this track out there. Now, I don't want to throw that protest out the window. Perhaps other sections of the city would willingly accept a dog track. But my vote today simply reflects the opposition of the people of Ward 18 to this dog track out in their community, and I feel, in all fairness, that I must vote "No" on this question.

Coun. LANGAN—Mr. Chairman, I feel, as Councilor Shattuck does, that this is not a mandate of the people in this specific instance, this track that we have under consideration. It is true, however, that the people of Suffolk County have voted for dog and horse racing, although there was not a specific vote that a dog track should be placed in Readville. I can sympathize a great deal with Councilor Norton's problem, as he represents Ward 18. There has been a strong protest in that ward, and as the duly elected councilor from the ward he must give some ear to it. At the same time, I am faced with this problem as many councilors here are. My ward voted for horse and dog racing in Suffolk County. That is the only criterion I have. There has been some opposition from Hyde Park, but I am not satisfied that it is sufficient to override the mandate of the people of my ward that horse and dog tracks shall exist in Suffolk County.

The question came on the passage of the order, and Councilor Shattuck asked for a roll call.

The order was passed, yeas 16, nays 5:

Yeas—Coun. Agnew, Englert, Fish, Fitzgerald, Galvin, Harris, Hutchinson, Irwin, Kelly, Kerrigan, Langan, Lyons, Murray, Rosenberg, Taylor, Wilson—16.

Nays—Coun. Carey, Chase, Norton, Shattuck, Sullivan—5.

PHOTOGRAPH OF TAXICAB OPERATOR.

Coun. CAREY offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to include in the regulations relative to the operation of taxicabs the provision that a photograph of the operator be conspicuously displayed in the cab.

Passed under suspension of the rule.

REVENUES RECEIVED FROM HACKNEY CARRIAGE LICENSES, ETC.

Coun. CAREY offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to inform the City Council of the amount of gross and net revenue received annually for the past five years from the issuance of hackney carriage licenses and also from the issuance of hackney badges.

Passed under suspension of the rule.

Adjourned, at 6.45 p. m., on motion of Coun. ROSENBERG, to meet on Monday, February 6 1939, at 2 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

CLERICAL SERVICE.

FOR STATE AND CITIES AND TOWNS OUTSIDE OF BOSTON AND VICINITY, MARCH 4, 1939.

Last date for filing applications, Saturday, February 18, 1939, at 12 noon.

FOR BOSTON AND VICINITY, MARCH 18, 1939.

Last date for filing applications, Saturday, March 4, 1939, at 12 noon.

Warnings: If all applicants cannot be accommodated on the above dates, they will be notified to appear on subsequent Saturdays.

Applicants should note the exact date given on their notification sheets.

File Your Application Early: In cases of ties, names will be placed on the eligible list in accordance with the date of filing application.

The usual entrance salary for clerks for State service is \$900 a year.

Persons qualifying in the examination may have their names placed on the State list as well as on the list for the city or town in which they reside.

Applicants must be not less than sixteen years of age at the time of filing application.

Subjects and Weights: Training and experience, 2; spelling, 2; arithmetic (in-

cluding problems), 2; following written directions, 2; filing, 1; word knowledge, 1; total 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

UNEMPLOYMENT COMPENSATION COMMISSION, SENIOR STATISTICAL CLERK, APRIL 1, 1939.

Last date for filing applications, Saturday, March 18, 1939, at 12 noon.

This examination is open to both males and females.

The minimum salary is \$1,320 a year; the maximum salary is \$1,800 a year.

Duties: Under general supervision, to perform work in the routine processes of accumulating and presenting statistical data calling for the exercise of a limited degree of statistical judgment; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

UNEMPLOYMENT COMPENSATION COMMISSION, CHIEF APPEALS EXAMINER, APRIL 1, 1939.

Last date for filing applications, Saturday, March 18, 1939, at 12 noon.

This examination is open to males only.

The minimum salary is \$3,720 a year; the maximum salary is \$4,200 a year.

Duties: Under general direction to supervise the operations and activities of the appeals section of the Unemployment Compensation Commission; to have general oversight of all formal hearings on appeals from decisions relating to benefit claims under the law; and to perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Converse street, Brighton district, as a highway, from Parsons street easterly, bounded and described as follows:

A highway named Converse street is hereby laid out as a highway from Parsons street easterly and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Parsons street, forty feet; northerly by the line of Converse street, as hereby laid out, three hundred and twelve and 49-100 feet; easterly by land

now or formerly of Ervin R. Dix, forty feet, and southerly by the line of Converse street, as hereby laid out, three hundred and twelve and 49-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Converse street will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount herein-after respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Converse Street, Brighton, Assessment Plan, October 15, 1938, William J. Sullivan, Chief Engineer, Street Laying-Out Department."

Lot.	Amount.
1. Honora C. Dolan.....	\$64 00
2. Charles M. Feathersen, Agnes G. Feathersen.....	94 38
3. Lawrence M. W. Kelley.....	96 27
4. Maurice P. Ryan.....	98 16
5. John C. Kelleher, Margaret Kelleher.....	100 08
6. Nellie Largey.....	100 50
7. Annie J. Sullivan.....	100 50
8. Florence T. Wall, Harry P. Chadwick (Tax Deed).....	100 50
9. Katherine Keefe et al.....	64 00
10. Patrick J. Lee, Mary E. Lee.....	100 50
11. Mary A. Tuohy.....	100 50
12. Annie B. Farrell.....	100 50
13. Delia J. Lyons.....	100 50
14. Margaret Handrahan.....	100 50
15. John J. Ryan.....	100 50
16. Thomas J. Carter.....	100 50
	\$1,521 89

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Converse street, Brighton district, as a highway, from Parsons street easterly, under the order of the Board of January 23, 1939, and awards no damages therefor.

RESTORATION OF SALARIES.

The Portland City Council has granted full restoration of salaries to all city employees, at an estimated cost (for the remaining six months of the year) of \$162,430. This will put the city in the red at the end of the year unless additional revenue is obtained. Increases and adjustments of salaries for individuals will be considered as soon as finances permit.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about four thousand four hundred (4,400) square feet of land on the southerly side of East Cottage street, Dorchester, and the building thereon numbered two hundred sixty-nine (269) in the present numbering of said street and more fully described in tax deed with Suffolk Deeds, Book 5393, page 542, on Tuesday, February 21, 1939, at 11.15 a. m., on the premises, at a minimum price of nine hundred (900) dollars.

A deposit required at the time and place of sale of fifty (50) dollars, in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, Room 1003, City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Feb. 11-18.)

READVERTISEMENT. CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO HEATING AND PLUMBING SUPPLY DEALERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and delivering pipe fittings, valves, etc., for the Department of School Buildings, for W. P. A. use, when, if and as ordered during 1939, of the kind and quality as per specifications and giving bond of a surety company, satisfactory to the Superintendent of Construction therefor, in the sum of \$1,000. Only proposals obtained at the office of the Superintendent of Construction, 26 Norman street, Boston, Mass., signed by the bidder and left before 2 o'clock p. m. of Thursday, February 16, 1939, at said office, with a certified check for \$250, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

JAMES J. MAHAR,
(Feb. 11.) *Superintendent of Construction.*

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSAL FOR FURNISHING ART EDUCATION AND MECHANICAL DRAWING SUPPLIES FOR THE BOSTON PUBLIC HIGH AND SPECIAL SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the several schools as directed by the Business Manager, art education and mechanical drawing supplies as per schedule. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Art Education and Mechanical Drawing Supplies." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Thursday, February 23, 1939. Copies filed with the Business Manager will be publicly opened at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Feb. 11.)

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted, That the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective February 20, 1939:

Section 15 is amended by adding the following words: "or with one rear wheel to the curb or edge of the roadway and headed in the direction of traffic," so that the section reads as follows:

SECTION 15. COMMERCIAL VEHICLES MAY BACK TO CURB OR EDGE OF ROADWAY.

Subject to the provisions of sections 7, 8, 16, 17 and 19, commercial vehicles may be parked with both rear wheels to the curb or edge of the roadway, or with one rear wheel to the curb or edge of the roadway and headed in the direction of traffic, while loading or unloading materials, provided such parking leaves a clear and unobstructed lane at least ten (10) feet wide for the passage of traffic.

WILLIAM P. HICKEY,
(Feb. 11-18.) *Commissioner.*

FREE SERVICE TO EMPLOYERS AND
APPLICANTS.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR SURGICAL SUPPLIES.

The Supply Department of the City of Boston invites proposals for furnishing surgical supplies, as required, to the various city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of forty cents (\$0.40) for each blank proposal taken out. The bid, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Monday, February 27, 1939, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Feb. 11.) *Superintendent of Supplies.*

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about nine hundred ninety-five (995) square feet of land on the southwesterly side of Hanover street, Boston, and the building thereon, numbered one hundred seventy-eight (178) and one hundred eighty (180) in the present numbering of said street, and more fully described in tax deed recorded with Suffolk Deeds, Book 5441, page 370, on Tuesday, February 21, 1939, at 2 p. m., on the premises, at a minimum price of five thousand one hundred (5,100) dollars.

A deposit required at the time and place of sale of two hundred fifty (250) dollars in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 1008 City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Feb. 11-18.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about five hundred seven (507) square feet of land lying in the rear from the westerly side of Washington street, Dorchester, and more fully described in a tax deed dated September 29, 1931, and registered as Document No. 107546, Suffolk Registry District of Land Court, on Tuesday, February 21, 1939, at 10.30 a. m., on the premises, at a minimum price of eighty-five (85) dollars.

A deposit required at the time and place of sale of ten (10) dollars in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, Room 1008, City Hall Annex, Boston, Mass.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING SUPPLIES AND EQUIPMENT FOR PHYSICAL EDUCATION IN THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing supplies and equipment for physical education in the Boston public schools. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Supplies and Equipment for Physical Education." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Tuesday, February 21, 1939. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Feb. 11.)

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR MAKING AND DELIVERING POLICE UNIFORM GARMENTS.

The Police Department of the City of Boston invites proposals for making and delivering uniform garments. The bidder must use the form of proposal to be obtained at the office of the Property Clerk, 154 Berkeley street, Boston, and deposit with his bid at the office of the Police Commissioner a properly certified check for \$1,000, payable to and to become the property of the Police Commissioner for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Friday, February 17, 1939, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston. The Police Commissioner reserves the right to accept or reject any or all proposals or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required from the successful bidder in an amount equivalent to 50 per cent of the estimated contract amount.

JOSEPH F. TIMILTY,
(Feb. 11.) *Police Commissioner.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, hay, grain and straw as per specifications to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, February 20, 1939, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

UNEMPLOYMENT COMPENSATION COMMISSION, HEAD ADMINISTRATIVE CLERK, FEBRUARY 25, 1939.

Last date for filing applications, Saturday, February 11, 1939, at 12 o'clock noon.

This examination is open to both males and females.

The minimum salary is \$2,520 a year; the maximum salary is \$3,060 a year.

Duties: Under general direction, to have charge of a large staff of employees in field or office engaged in clerical and other lines of departmental activities; to plan and direct work and make special and general assignments; to lay out and direct departmental policies on behalf of administrative offices; and to perform related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

UNEMPLOYMENT COMPENSATION COMMISSION, SENIOR ACCOUNTANT, FEBRUARY 25, 1939.

Last date for filing applications, Saturday, February 11, 1939, at 12 o'clock noon.

This examination is open to both males and females.

The minimum salary is \$3,180 a year; the maximum salary is \$3,720 a year.

Duties: Under general direction, to conduct financial audits, examinations and investigations involving the exercise of considerable executive ability and the application of sound accounting judgment; to devise and install comprehensive systems; and to perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

UNEMPLOYMENT COMPENSATION COMMISSION, EMPLOYMENT OFFICE MANAGER, FEBRUARY 25, 1939.

Last date for filing applications, Saturday, February 11, 1939, at 12 o'clock noon.

This examination is open to males only.

The minimum salary is \$2,040 a year; the maximum salary is \$2,580 a year.* (*When assigned to an office serving an area with a population of over 200,000, to receive \$240 additional; when assigned to a Boston office, to receive \$480 additional.)

Duties: Under general direction to have charge of a Branch Employment Office under the supervision of the Unemployment Compensation Commission; and to perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

UNEMPLOYMENT COMPENSATION COMMISSION, APPEALS EXAMINER, MARCH 11, 1939.

Last date for filing applications, Saturday, February 25, at 12 noon.

This examination is open to both males and females.

The minimum salary is \$3,180 a year; the maximum salary is \$3,720 a year.

Duties: Under general direction, to conduct all formal hearings on appeals from decisions relating to benefit claims under the Unemployment Compensation law; and to perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

UNEMPLOYMENT COMPENSATION COMMISSION, SUPERVISOR OF CLAIMS, MARCH 11, 1939.

Last date for filing applications, Saturday, February 25, 1939, at 12 noon.

This examination is open to males only.

The minimum salary is \$3,000 a year; the maximum salary is \$3,360 a year.

Duties: Dividing the State into six regions, these district or regional supervisors shall be responsible through the Assistant Director to the Director of the Division of Claims and Appeals. They shall direct and co-ordinate the activities of the district and local offices; relay instructions relative to the organization, operation and regulation of local offices; collect and organize information; assist in proper handling of claims; and perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Oliva street, Brighton district, as a highway, from Brooks street to Ranelegh road, bounded and described as follows:

A highway named Oliva road is hereby laid out, from Brooks street to Ranelegh road, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by the northerly line of Oliva road, as hereby laid out, three hundred thirty-six and 14-100 feet; easterly by the westerly line of Ranelegh road, forty and 46-100 feet; southerly by the southerly line of Oliva road, as hereby laid out, three hundred forty-two and 22-100 feet; and westerly by the easterly line of Brooks street, forty feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Oliva street will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots to the amount herein-after respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Oliva Street, Brighton, Assessment Plan December 10, 1938, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Olva road, Brighton district, as a highway, from Brooks street to Ranelegh road, under the order of the Board of January 25, 1939, and awards no damages therefor.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 31.

SATURDAY, FEBRUARY 18, 1939.

No. 7

MAYOR ISSUES WARNING TO CITY EMPLOYEES ON RETIREMENT SYSTEM — POINTS OUT DANGERS THAT THREATEN IN VETO OF COUNCIL MEASURE FAVORING LEGISLATION TO PENSION EMPLOYEES AFTER TWENTY-FIVE YEARS OF SERVICE — EXPECTS THEIR COOPERATION IN PROTECTING THEIR INTERESTS AGAINST EFFORTS OF IRRESPONSIBLE AND UNWARRANTED ATTACKS ON SYSTEM — CALLS ATTENTION TO REPORT OF JOINT COMMITTEE OF CHAMBER OF COMMERCE AND THE REAL ESTATE EXCHANGE, CALLING ATTENTION TO "ILL-ADVISED CHANGES" AND THEIR DANGERS — BOSTON SYSTEM HAS ADVANTAGES OVER OTHERS IN FORCE ELSEWHERE.

Mayor Tobin, on February 13, vetoed proposal of City Council to change Boston's Retirement System to affect twenty-five-year service employees. In explaining his veto the Mayor wrote as follows:

BOSTON, February 13, 1939.

To the City Council.

GENTLEMEN,—I return herewith without my signature and disapproved the resolution of your Honorable Body favoring legislation relative to the retirement of employees after twenty-five years of service.

The bill upon which this resolution was based provides for the retirement of employees at age sixty-five with twenty-five years of service at half pay, with other scales for less service graded from one third up. It is in effect an almost complete abandonment of the contributory retirement principle, which is now in effect for public employees, not only in Boston, but in the whole State.

The resolution does not necessarily require a formal veto as it could be rendered ineffective by withholding my approval, but I think it proper to make my position clear on matters relating to the retirement system and to call the attention of the city employees to some very significant facts in connection with it.

For municipal employees there are eleven retirement systems established under special acts and a general standard system established in 1936 which may be adopted by any city or town.

The Boston system was the first established and is much more advantageous to the employees than any of the other systems whether State, City or County. When it was established in 1923 it was approved by the Mayor, the City Council, the Finance Commission, the Boston Chamber of Commerce, the Real Estate Exchange and the taxpayers generally. But this approval was given on the basis of definitely, foreseen and calculable expenditures. Thanks to the unremitting vigilance and wise administration of the Retirement Board the expense to the taxpayers has not exceeded the expectations and none of the original benefits provided for the employees have been taken away.

In this connection, to quote from a recent report rendered to the Committee of the Legislature on Pensions by the Joint Committee of the Boston Chamber of Commerce and the Boston Real Estate Exchange:

"This, however, has been done in the face of repeated efforts for the past thirteen years to increase the benefits or relax the restrictions in a retirement system which, as we have stated, is the most generous in the State. The sponsors of these efforts apparently have no appreciation of the disastrous effect on the finances of the City of the various propositions advanced."

"It would take but little more added to the tremendous burden now resting on the taxpayers to place in jeopardy the whole system of pensions. We believe that those who are continually seeking these ill-advised changes should awake to a realization of the dangers of their efforts."

I am in complete agreement with the foregoing quotation, especially owing to the fact that since my occupation of the office of Mayor I have become familiar with the operation and administration of the system.

Of course, this system, or any system, cannot approach perfection and I and the Retirement Board are openminded as to suggestions that will tend to perfect it.

But it is about time that the responsible majority of employees who have intelligence enough to realize it appreciate that they are extremely fortunate not only in having an exceptionally generous retirement system, but also in having it administered in such a manner as to merit the approbation of those civic bodies who are concerned with protecting, so far as possible, the interests of the citizens as a whole.

Perhaps this realization will result in the suppression of those employees responsible for proposals that call for financial contributions on the part of the City, which if put into law would jeopardize the financial security of Boston and the resultant security of its public employees.

Respectfully,

MAURICE J. TOBIN, Mayor.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLB.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, February 27, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped

area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 18 Oliver street, fourth floor, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 18 Oliver street, fourth floor, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, February 16.

BOSTON PORT AUTHORITY.

Mary Richardson has been appointed stenographer-clerk at \$1,170 a year, to fill a vacancy caused by the resignation of one of the stenographer-clerks in October, 1938.

BUILDING DEPARTMENT.

Louis Naldassaro has been appointed plumbing inspector at \$2,000 a year, to fill a vacancy.

Anthony Hanna has been appointed constable at \$1,600 a year, to fill a vacancy caused by the resignation of Mr. Richards.

CITY CLERK DEPARTMENT.

Margaret T. Kelliher, clerk, has been given an increase in rating from \$1,600 to \$1,700 a year.

COLLECTING DEPARTMENT.

Charles L. Forristall has been appointed constable at \$1,600 a year, to fill a vacancy caused by resignation.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for one month's leave of absence, effective February 10, with pay, for Arthur T. Wilson, an inspector.

FIRE DEPARTMENT.

John P. Doherty has been appointed temporary emergency stationery fireman in the Maintenance Division, effective January 20, at \$6.90 a day, seven days a week.

The following-named have been appointed men on probation in the Fire Department, at \$1,600 a year:

Amoreno R. Vitiello, James J. Gallivan, Jr., Thomas Hession, Charles G. Robertson, William T. Kenneale, Casimer Baltusis, Michael A. Connolly, John H. Burke, Gerald F. Donovan, William R. Lovett.

HOSPITAL DEPARTMENT.

Mary A. Scott, laundress at \$17 a week, has been granted leave of absence, without pay, from February 1, to July 1.

Grace P. Bellard has been given appointment as floor duty nurse at \$100 a month, to take the place of Louise Fallon, permanent staff nurse, who resigned February 7.

Francis Robinson has been appointed floor duty nurse at \$100 a month, to take the place of Aldona M. Grublin, staff nurse, permanent, who resigned February 7.

Kathleen J. O'Keefe has been appointed floor duty nurse at \$100 a month, to take the place of Jennie Politakis, permanent floor duty nurse, who resigned February 30.

Olga Evseichik has been appointed floor duty nurse at \$100 a month, to take the place of Eleanor Mahn, permanent staff nurse, who resigned February 4.

Anna T. Wynne has been appointed floor duty nurse at \$100 a month, to take the place of Grace Corcoran, permanent floor duty nurse, who resigned January 27.

Barbara M. Landry has been appointed floor duty nurse at \$100 a month, to

take the place of Helen DelRossi, permanent floor duty nurse, who resigned January 26.

Pearl G. Weller has been appointed floor duty nurse at \$100 a month, to take the place of Mary E. McDonald, permanent staff nurse, who resigned February 7.

INSTITUTIONS DEPARTMENT.

Approval has been given the Commissioner of Institutions to grant leave of absence to Mary E. McKeown, visitor at \$2,000 a year, for indefinite period.

Alice M. Marotta has been appointed laboratory and pathology technician at \$1,000 a year, to fill vacancy caused by the resignation of Ursula E. Curry.

The following changes have been made in the personnel:

Long Island Hospital.

Appointments: Isaiah Rapoport, pharmacist, temporary, \$2,200 a year, on account of absence of Walter Stout; John Doherty, fireman, temporary, \$33.50 a week and board, on account of absence of Hugh Tierney.

Transfer: Luke K. McCarthy, engineer, temporary (from intermittent fireman at \$31.50 a week and board), \$40 a week and board, on account of absence of James Lennon for three days.

Resignations: Mary R. Crossen, staff nurse, \$960 a year, voluntary; Bertha Sweeney, institution employee, attendant, \$600 a year, voluntary; Mary E. White, institution employee, waitress, \$316 a year, voluntary.

Employment Terminated: Margaret A. Flynn, diet laboratory maid, temporary, \$526 a year, on account of return to duty of Anne Van Smith.

Steamers "Hibbard" and "O'Meara."

Appointment: Charles J. McCarthy, deckhand, temporary, \$1,700 a year, on account of absence of Frank Trinchitella.

Transfer: Frederick E. Steele, oiler, temporary (from fireman at \$1,800 a year), \$1,900 a year, on account of illness of Charles Trask.

Employment Terminated: Charles J. McCarthy, deckhand, temporary, \$1,700 a year, on account of return of Gerald Stewart.

LAW DEPARTMENT.

Margaret M. Fitzgerald has been reappointed as temporary law clerk in the Law Department at \$23 a week.

Margaret Corrigan has been appointed stenographer in the Law Department at \$1,300 a year.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the continued emergency employment of Stephen J. Malley as third-class engineer, for thirty days from January 14, at \$6 a day.

Approval has been given for the provisional temporary employment of Catherine Donahue as an aid and settlement agent, for three months from February 1, at \$1,000 a year.

Approval has been given for the continued temporary employment of Hazel T. Heffernan as relief matron in the Temporary Home for Women, for one month from January 27, at \$3 a day.

PARK DEPARTMENT.

Leave of absence has been granted, from February 1 to March 1, to Loretta Cauty, matron at \$22 a week, owing to illness.

PENAL INSTITUTIONS DEPARTMENT.

The following appointments have been made:

House of Correction.

William J. Mahood, officer, \$1,600 a year and maintenance, temporary.

William Morgan, fireman, \$41.50 a week, temporary.

PUBLIC WORKS DEPARTMENT.

Leave of absence has been granted, from February 1 to March 1, to John T. Dow, rodman at \$1,600 a year.

Leave of absence has been granted, from February 4 to not later than March 4, to Lawrence J. Holmes, clerk at \$1,600 a year.

Leave of absence has been granted, from February 1 to March 1, to John F. McKeon, water meter reader at \$1,900 a year.

Leave of absence has been granted, from February 1 to March 1, to James R. Sullivan, water meter reader at \$1,900 a year.

Approval has been given for the employment of about 1,150 emergency laborers at \$5 a day, for a period of about from one to three and one half days from January 31, to assist the department force in the clearing of streets.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon February 18 the Mayor approved a contract with Thomas W. Reed Company for furnishing surgical and hypodermic needles to be delivered to the various city departments, as required, until December 31, 1939, with the privilege of purchasing on the same terms and conditions extended to February 1, 1940. The approximate amount of contract was \$7,000. Bids, opened January 19, were as follows:

Surgical Needles.

* Contract awarded.

POLICE DEPARTMENT ORDERS.

General Order No. 298.

In order that members of the department may be better acquainted with the provisions of law relative to hackney carriages, and the effect of the initiative petition known as Question No. 2 and appearing upon the official ballot at the State Election held on November 8, 1938, and approved by the people at the said State Election, and approved by the City Council and the Mayor of the City of Boston, there is set forth in this General Order the entire law on the subject, which is in force at the present time.

The most recent enactment, as embodied in the initiative measure, which takes precedence over all prior laws, and which must be enforced by all police officers of the City of Boston reads as follows:

"AN ACT WITH RELATION TO PUBLIC STANDS FOR THE USE OF TAXICABS AND MOTOR VEHICLES FOR HIRE IN CITIES AND TOWNS.

Be it enacted by the People and by their Authority:

In any city which accepts the provisions of this act by vote of its city council, or in any town which accepts the provisions of this act by a majority vote of the qualified voters present and voting at an annual town meeting, the licensing authorities for licensing taxicabs and motor vehicles for hire shall establish, for the use of taxicabs and motor vehicles for hire licensed within such city or town, public taxicab stands on any public highway within such city or town, and shall abolish all other taxicab stands on any public highway within such city or town.

Such public taxicab stands shall be free and accessible to all taxicabs and motor vehicles for hire whose owners are licensed by said licensing authorities."

By operation of law, the passage of this act repeals all provisions of chapter 392 of the Acts of 1930 as printed by the Police Department in the pamphlet entitled "Rules and Regulations for Hackney Carriages, 1938." In order that the law, as it now stands, may be properly understood there is set forth herein the provisions of law still in force. All provisions which are underlined and placed in brackets, in the following statement of law, have been repealed and should be disregarded. Those portions of the following which are not underlined and in brackets still remain in effect and should be enforced by all police officers.

"AN ACT PROVIDING FOR THE REGULATION AND LIMITATION OF HACKNEY STANDS AND HACKNEY CARRIAGES IN THE CITY OF BOSTON.

Be it enacted, etc., as follows:

"SECTION 1. Except as otherwise provided in chapter two hundred and sixty-three of the acts of nineteen hundred and twenty-nine, the police commissioner of the city of Boston shall have exclusive authority to make rules and orders for the regulation of hackney carriages and hackney stands, both as defined in section two, within the limits of said city, with penalties for the violation thereof not exceeding twenty dollars for each offence. Such rules and orders shall not take effect until they

have been published at least once in a newspaper published in said city.

"SECTION 2. Each vehicle used or designed to be used for the conveyance of persons for hire from place to place within the city of Boston, except a street or elevated railway car or a trackless trolley vehicle, within the meaning of section two of chapter one hundred and sixty-three of the General Laws, or a motor vehicle, known as a jitney, operated in the manner and for the purposes set forth in chapter one hundred and fifty-nine A of the General Laws, or a sight-seeing automobile licensed under chapter three hundred and ninety-nine of the acts of nineteen hundred and thirty-one, shall be deemed to be a hackney carriage within the meaning of sections two to nine, inclusive, of this act; and in said sections, unless the context otherwise expressly requires, the words 'drive' and 'driver' shall be respectively deemed to include 'operate' and 'operator,' (a special hackney stand shall be one for the exclusive use, for hackney carriage purposes, of the licensee thereof,) a private hackney stand shall be one established only upon private property, and a public hackney stand shall be one for the common use, for hackney carriage purposes, of all licensees under section four (except those licensed to use special hackney stands).

"SECTION 3. In said city, no person shall drive or have charge of a hackney carriage, nor shall any person, firm or corporation set up and use a hackney carriage, unless licensed thereto by the police commissioner of the city of Boston; nor shall any person having the care or ordering of such a vehicle in said city suffer or allow any person other than a driver so licensed to drive such a vehicle.

"SECTION 4. Said police commissioner shall annually grant hackney licenses in said city to suitable persons, firms and corporations who are owners of vehicles known as hackney carriages, if such person, or one member of such firm, resides in such city, or if the principal place of business of such corporation is in such city; provided, that, at any time within one year after the expiration of a license under this section, the holder thereof shall be entitled as of right, upon payment of the proper fee, to a renewal of such license, unless after a hearing before said commissioner it appears that he has good cause to refuse to issue the same. Licenses granted under this section shall be assignable, subject to the approval of said commissioner, and shall be subject to such other terms, conditions and limitations, and be issued subject to the payment of such fees as said commissioner shall from time to time prescribe. Said commissioner shall also from time to time fix maximum and minimum rates to be charged by said licensees for use of such vehicles. Said commissioner shall, as soon as may be, fix a limit for the number of licenses to be issued under this section, which limit shall be based upon the number of licenses then issued and outstanding but shall not be in excess of fifteen hundred and twenty-five, and he may from time to time, after reasonable notice and hearing, decrease the limit so fixed, but in no event to a number less than nine hundred. If an applicant is refused a license hereunder by reason of the fact that the maximum

number of licenses limited hereunder has been issued, the department of public utilities, on petition of such applicant, may, after a hearing, determine that public convenience and necessity require a higher limit than that fixed by said commissioner or previously established by said department and shall establish the limit so required, in which case the limit set by said department shall be considered final until again charged as herein provided.

"(Section 5. Upon the receipt from the owner, lessee or official representative of a hotel, railroad station, steamboat pier or public or semi-public building in said city, of a request that a certain named licensee or licensees under section four or association of such licensees may use as a special hackney stand a designated portion of a public way abutting such hotel, station, pier or building, the police commissioner of the city of Boston may, if consistent with the public interest, assign such stand to such licensee, licensees or association of licensees; provided, that said commissioner shall not make any such assignment unless and until he is satisfied that, in connection with such request or designation, no valuable consideration has been paid or promise given to such owner, lessee or official representative. Said commissioner shall grant no location for a special hackney stand which does not abut such a hotel, station, pier or building.)

"(Section 6. Any owner, lessee or official representative referred to in section five, who solicits, demands or accepts compensation for requesting or designating a portion of any public way in said city for use by a licensee as a special hackney stand shall be punished by a fine in an amount not exceeding double the compensation so solicited, demanded or accepted and by imprisonment for not more than six months. Payment by the licensee of a special hackney stand of any compensation to the owner, lessee or official representative of any property abutting said stand for the use of a doorway or other entrance, lobby, waiting room or telephone stand in connection with the use of such hackney stand, shall be prima facie evidence of a violation of this section.

"SECTION 7. Any person, firm or corporation licensed under section four may occupy as a private hackney stand, subject to general provisions of law, private property in said city, if thereto authorized by the owner, lessee or official representative thereof.

"SECTION 8. Said police commissioner shall, from time to time, designate certain portions, other than sidewalks, of public ways in said city, to be used and known as public hackney stands. Such stands shall be equally free and open of access to all vehicles whose owners are licensed under section four (who have not been assigned special hackney stands), and who have complied with all provisions of sections two to eight, inclusive, of this act, relative to such stands, and with all rules and regulations of said commissioner relative thereto. Within that portion of the city proper, as defined in the present rules and regulations of the police department of said city relative to hackney carriages, lying north and east of Massachusetts avenue, said commissioner shall, so far as practicable, establish such stands at intervals of not more than

one quarter of a mile. All such stands shall be plainly marked as public hackney stands. No motor vehicle other than a hackney carriage licensed (for use at such a stand) shall make use of any such public hackney stand. Said police commissioner shall, upon application for a public hackney stand by an applicant for a license under section four, issue to such applicant for each hackney carriage for which a license under said section four is granted, a license for said carriage to use public hackney stands (unless such carriage has been assigned to a special stand under section five).

"SECTION 9. All acts and parts of acts inconsistent with sections two to eight, inclusive, of this act, are hereby repealed, and all rules and regulations of the police commissioner of Boston inconsistent with said sections are hereby made null and void.

NOTE.—This section applies only to legislative acts passed prior to 1930 and does not apply to the initiative measure quoted above or any other acts passed after 1930.

"SECTION 10. Notwithstanding the provisions of this act, all licenses otherwise affected thereby which are in effect on its effective date shall continue in force until the expiration date of such licenses, unless sooner revoked in accordance with law."

NOTE.—This section only applied in 1930 and has no application at the present time.

The attention of the department is again called to the fact that all provisions which are in italics and placed in brackets in the above statement of law have been repealed and should be disregarded. Those portions of the above statements of law which are not in italics and in brackets still remain in effect and should be enforced by all members of the department.

This order will become effective Saturday, February 11, 1939, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 299.

A trial board, consisting of Captains Grace, Tiernan and Keating, having heard by reference a complaint made by Capt. William D. Donovan, Division 3, against Albert Buresh, patrolman, Division 3, for alleged violation of the Rules and Regulations of the Police Department, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Albert Buresh be suspended from duty for a period of fifteen days, effective as of 5.45 p. m., February 6, 1939, and at the expiration of said suspension he perform 210 hours' punishment duty.

Civil Service Rule 23, Section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3. With the consent of the Commissioner upon good cause shown, an appointing officer may reinstate in

the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

POLICE DEPARTMENT (STATISTICS FOR YEAR 1937).

Number of police force, December 1, 1937, was 2,262 (152 more than in 1936), viz.: the superintendent, 4 deputy superintendents, 27 captains, 67 lieutenants, 6 lieutenant-inspectors, 187 sergeants, 1,965 patrolmen and 5 patrolwomen, distributed in eighteen divisions, including the Traffic Division. Signal servicemen, 18; clerks, janitors, etc., 160, making the grand total personnel 2,444.

The cost of maintenance for calendar year 1937 was \$6,042,355, or \$202,702 more than in 1936.

Total number of arrests in year ending November 30, 1937, 95,948 (88,185 males and 7,763 females), or 14,600 more than in 1936; persons arrested on warrants, 14,212; without warrants, 58,052; summoned by the courts, 23,684; persons prosecuted, 58,391; of those arrested, 35,374 were released by probation officers or discharged at station houses and 2,183 were delivered to outside authorities, all others being held for trial; foreign-born persons arrested, 14,185, or about 14.78 per cent of the total; boys under seventeen years of age, 2,522; women and girls, all ages, 7,763; non-residents, 24,790, or 25.83 per cent of all arrested; minors, 8,402.

Drunkenness was the cause of 45,734 arrests, an average of 125 per day, or 47.67 per cent of total. This is 5,061 more than the number of such arrests in 1936 and 12,430 more than the average for the past five years. The prosecutions by the Homicide Division numbered 201; arrests for refusing to support family, 992; violation of City ordinances, 280; violation of traffic regulations, 10,194, or 5,482 more than in 1936; suspected persons, 5,426.

Sick and injured persons assisted, 9,281; insane persons taken in charge, 488; lost children restored to homes, 1,620; persons imprisoned, 6,935; persons fined, 17,556, the fines amounting to \$184,801; stolen property recovered, \$512,559; licenses issued, 21,897 (including 12,521 for dogs and 5,358 for vehicles and drivers), for which \$69,954.75 was received. Of 2,597 applications for license to carry loaded revolvers, 2,433 were granted.

Accidents from all causes in the streets, parks and squares caused death of 123 persons and injury to 6,985, or 7 less killed and 40 more injured than in 1936. Automobile accidents killed 86 and injured 4,413 or 11 less killed and 89 more injured than in 1936. The automobile fatalities were 69.9 per cent of total.

FOR AIDING BOYS.

In an effort to lend a helping hand to misfit and underprivileged boys and to stem the alarming flow of young men into penal institutions and lives of crime, Big Brother Bureaus are being organized by the police departments of various cities. The International Association of Chiefs of Police urges all police jurisdictions to join the Big Brother League.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added to Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

JAMAICA SPENDS \$1,000,000 ANNUALLY ON ROAD CONSTRUCTION AND MAINTENANCE.

Jamaica, an English possession, has a highway system which is almost entirely constructed of waterbound macadam, some 70 miles of which has been surface-treated. Many of the roads are under the supervision of the Department of Public Works and various parochial boards. There are about 2,500 miles of bridle and foot paths. The highway system connects all parts of the island in a very satisfactory manner, and the problem is not that of the construction of new roads, but the improvement of old ones, the surfacing and widening of these roads, and protective coatings. The roads are well maintained and, as there are not many heavy trucks, the maintenance is satisfactory. There are approximately 4,000 miles of highways, or 1.11 square miles of area to one mile of highway.

About a million dollars per year is spent on new construction and maintenance, the machinery used being both European and American.

(From a report of the American Road Builders' Association.)

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

POPULATION OF COUNTIES, 1935.

(1) Middlesex (11 cities and 43 towns), 958,855 or 23,931 over 1930; (2) Suffolk (3 cities and 1 town), 912,706 or 33,150 over 1930; (3) Essex (8 cities and 26 towns), 504,483 or 6,443 over 1930; (4) Worcester (4 cities and 57 towns), 495,562 or 4,320 over 1930; (5) Bristol (4 cities and 16 towns), 366,465 or 1,875 over 1930; (6) Hampden (4 cities and 19 towns), 333,495 or 2,001 less than in 1930; (7) Norfolk (1 city and 27 towns), 320,826 or 21,400 over 1930; (8) Plymouth (1 city and 26 towns), 166,329 or 4,018 over 1930; (9) Berkshire (2 cities and 30 towns), 121,099 or 399 over 1930; (10) Hampshire (1 city and 22 towns), 74,205 or 1,404 over 1930; (11) Franklin (26 towns), 51,043 or 1,431 over 1930; (12) Barnstable (15 towns), 36,647 or 4,342 over 1930; (13) Dukes (7 towns), 5,700 or 747 over 1930; (14) Nantucket (1 town), 3,495 or 183 less than in 1930. Total for the 14 counties (39 cities and 316 towns), 4,350,910 or 101,296 (i. e., 2.38 per cent) over 1930. Of said total, 2,975,790 (i. e., 68.39 per cent) were in the cities and 1,375,120 (i. e., 31.61 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called urban, then the percentage of urban population in the entire State reached the notable figure of 90.83, while the rural shows but 9.17 per cent.

The density of population in the State in 1935 was 552.4 persons per square mile, an increase of 12.9 persons over 1930.

POPULATION OF NEW ENGLAND, 1930.

Total population, 8,166,341 (4,024,657 males and 4,141,684 females); total white, 8,065,113 (3,972,465 males and 4,092,648 females); total native white, 6,230,803 (3,067,723 males and 3,163,080 females); native white of native parentage, 3,167,082 (1,572,885 males and 1,594,197 females); native white of foreign or mixed parentage, 3,063,721 (1,494,838 males and 1,568,883 females); foreign-born white 1,834,310 (904,742 males and 929,568 females); Negro, 94,086 (46,963 males and 47,123 females); Indian, 2,466 (1,273 males and 1,193 females); Chinese, 3,794 (3,233 males and 561 females); Japanese, 352 (277 males and 75 females); Mexican, 107 (69 males and 38 females); all other races, 423 (377 males and 46 females).

A NEW POSITIVE WATER-METER TESTER.

The large majority of waterworks, particularly the smaller ones, seldom have accurate or positive means of testing their meters. Often when a meter is repaired, the man making the repairs simply blows through the meter to see if it runs, when it is again put into service with the assumption that it is accurate. Sometimes meters are hooked up in series with a new meter and water is run through to see if the readings check. This is better than the lung-power method, but still is far from accurate or dependable, in that the test meter may be in error by 2 per cent or even more. Several states have regulations governing water utilities, both municipal and private, and require a positive method of testing water meters in every meter shop.—*American City Magazine.*

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of dumping operations by the Transit Department, for a period estimated to be sixty (60) days, parking of vehicles is prohibited in the following street, effective February 10, 1939:

Scotia Street, Downtown Boston.
South side, from St. Cecilia street to a point one hundred (100) feet east of St. Cecilia street, 7 a. m. to 6 p. m.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston,

which were adopted December 8, 1938, and were effective December 14, 1938, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days, from February 12, 1939:

Section 8, Part 2, is amended by striking out the following:

Beacon Street, Downtown Boston.

Both sides, from Tremont street to Somerset street, 7 a. m. to 6 p. m.

South side, from Somerset street to Bowdoin street, 7 a. m. to 6 p. m.

Both sides, from Bowdoin street to Joy street, 7 a. m. to 6 p. m.

Section 8, Part 2, is amended by adding the following:

Beacon Street, Downtown Boston.

Both sides, from Tremont street to Joy street, 7 a. m. to 6 p. m.

MAYOR ACTS TO SPEED ATLANTIC AVENUE TRAFFIC HIGHWAY ACTION.

On February 13 the following communication was sent to the City Council by the Mayor:

To the Honorable the City Council.

GENTLEMEN,—The Division of Metropolitan Planning has filed in the General Court a petition, accompanied by legislation, to provide for the conveyance to the City of Boston and the removal or alteration by the city of part of the elevated structure located on Commercial street, Atlantic avenue, Beach street, Harrison avenue and other public or private lands, generally known as the Atlantic avenue structure. The bill as drawn provides for the conveyance of the structure to the city under a contract of purchase to be executed by the Transit Department, and the amount of the compensation is left blank, to be determined by negotiation. To this extent the bill is almost identical with a bill already filed by me.

The proposed legislation further authorizes the department to construct an elevated highway from a point on Albany street over land of the Boston & Albany Railroad Company and the Boston Terminal Company to Atlantic avenue, thence by Atlantic avenue to Clinton street, Cross street, to and across Haymarket square to Merrimac street, to Lowell street, and finally down to grade by means of a ramp on Lowell street. A section is also included for the laying out and widening of Dover street and also of Berkeley street from Beacon street to a connection with Embankment road extended.

The purpose of this proposed improvement is to relieve traffic congestion in downtown Boston, and by making the business district more accessible, thereby improve the real estate values upon which the city largely depends for its revenue. It is proposed that the cost should be financed in the first instance by the issuance of bonds of the City of Boston outside the debt limit, but that interest and sinking fund requirements of all loans issued under the act should be met from the Highway Fund.

Without expressing at this time formal approval of the plan in its entirety or in detail, I deem it advisable to open up the subject for the fullest possible discussion before the Legislature, and inasmuch as the rules of the Legislature require the approval of your Honorable Body to the petition as a condition precedent to its admission for consideration by the General Court, I am transmitting suggested form of an order, giving such approval, and recommend its prompt adoption by your Honorable Body.

Respectfully,

MAURICE J. TOBIN, Mayor.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

FIRE DEPARTMENT ORDERS.

General Order No. 5.

I. PROMOTIONS.

The following promotions which took effect at 8 a. m., Friday, January 6, 1939, are hereby announced:

Lieut. John H. White of Engine Company 42 to captain.

Lieut. Coleman G. Clougherty of Engine Company 22 to captain.

Lieut. Robert A. Nugent of Engine Company 44 to captain.

Hoseman Patrick F. Hagerty of Engine Company 13 to lieutenant.

Ladderman William H. Leonard of Ladder Company 3 to lieutenant.

Ladderman Raymond B. LaCasse of Ladder Company 3 to lieutenant.

Hoseman Charles L. McDevitt of Engine Company 42 to lieutenant.

Apparatus Operator Frederick L. Muir of Engine Company 23 to lieutenant.

Ladderman Charles F. McCarthy of Ladder Company 9 to lieutenant.

Apparatus Operator Albert F. Donahue of Engine Company 26 to lieutenant.

Ladderman Miles V. Murphy of Ladder Company 8 to lieutenant.

Ladderman John A. Allen of Ladder Company 7 to lieutenant.

Ladderman John T. Buckley of Ladder Company 12 to lieutenant.

Apparatus Operator John A. O'Neil of Engine Company 53 to lieutenant.

Ladderman John F. McNamara of Ladder Company 4 to lieutenant.

II. TRANSFERS.

The following transfers are hereby announced to take effect at 8 a. m., Wednesday, February 8, 1939:

Capt. James J. Kelleher, from Ladder 3 to Ladder 15.

Capt. Henry S. Franz, from Engine 53 to Ladder 3.

Capt. John H. White, from Engine 42 to Ladder 9.

Capt. Robert A. Nugent, from Engine 44 to Engine 31.

Capt. Coleman G. Clougherty, from Engine 22 to Engine 53.

Lieut. John J. McNamara, from Engine 6 to Engine 29.

Lieut. Thomas F. Muldoon, from Engine 29 to Ladder 11.

Lieut. Michael J. Maher, from Engine 26 to Engine 6.

Lieut. Thomas B. Maguire, from Engine 9 to Engine 31.

Lieut. William J. Kelly, from Engine 31 to Engine 44.

Lieut. Pearson J. Powers, from Ladder 10 to Engine 42.

Lieut. Leo C. Driscoll, from Engine 46 to Engine 17.

Lieut. George R. McLaughlin, from Ladder 23 to Ladder 28.

Lieut. David J. Murray, from Ladder 22 to Ladder 21.

Lieut. John J. Ryan, from Ladder 29 to Engine 43.

Lieut. Patrick F. Hagerty, from Engine 13 to Engine 22.

Lieut. William H. Leonard, from Ladder 3 to Engine 9.

Lieut. Raymond B. LaCasse, from Ladder 3 to Tower 3.

Lieut. Charles L. McDevitt, from Engine 42 to Engine 4.

Lieut. Frederick L. Muir, from Engine 23 to Engine 27.

Lieut. Charles F. McCarthy, from Ladder 9 to Ladder 22.

Lieut. Albert F. Donahue, from Engine 26 to Engine 46.

Lieut. Miles V. Murphy, from Ladder 8 to Engine 26.

Lieut. John A. Allen, from Ladder 7 to Ladder 29.

Lieut. John T. Buckley, from Ladder 12 to Ladder 10.

Lieut. John A. O'Neil, from Engine 53 to Engine 39.

Lieut. John F. McNamara, from Ladder 4 to Ladder 23.

Apparatus Operator William J. McCarthy, from Engine 34 to Engine 53.

Hoseman John J. Power, from Engine 15 to Engine 1.

Hoseman James J. Galvin, from Engine 29 to Engine 3.

Hoseman John J. Sullivan, from Engine 13 to Engine 29.

Hoseman John P. Spillane, from Engine 40 to Engine 3.

Hoseman Alfred E. J. Snow, from Engine 21 to Ladder 25.

Hoseman Clarence R. Ritchie, from Engine 24 to Ladder 12.

Hoseman Walter F. Coleman, from Engine 27 to Ladder 3.

Ladderman Arthur C. Mullen, from Ladder 29 to Ladder 24.

Hoseman John E. Napier, from Engine 5 to Engine 21.

Hoseman Walter S. Fields, from Engine 50 to Ladder 22.

Hoseman James M. Collins, from Engine 29 to Engine 34.

Hoseman Joseph L. Murphy, from Engine 22 to Ladder 12.

Ladderman John E. Welch, from Ladder 9 to Ladder 17.

Ladderman William E. Bills, from Ladder 17 to Ladder 14.

Ladderman William F. Linnehan, from Ladder 24 to Ladder 3.

Ladderman Anthony J. Langone, from Ladder 18 to Ladder 3.

III. ASSIGNMENTS.

The following assignments of members on probation are hereby announced to take effect at 8 a. m., Wednesday, February 8, 1939:

Amoreno R. Vitiello to Engine 5.

James J. Gallivan, Jr., to Ladder 4.

Thomas J. Hession to Engine 36.

Charles G. Robertson to Ladder 3.

William T. Kenneale to Engine 50.

Casimer Baltusis to Ladder 3.

Michael A. Connolly to Engine 3.

John M. Burke to Engine 13.

Gerald F. Donovan to Engine 22.

William R. Lovett to Engine 24.

IV. AMERICAN DISTRICT TELEGRAPH ASSIGNMENT.

The following signal number is to be added to the running cards of the

A. D. T. Company in this department:

Signal 617, Henry Cole, F. C. Hersee Company, 54 Old Colony avenue, South Boston.

Hoseman Louis W. Tucker of Engine Company 17 is hereby commended for extinguishing a fire in a Boston Elevated Railway street car at Broadway Station on February 3, 1939, while off duty.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

POLICE DEPARTMENT ORDERS.

Boston, February 10, 1939.

General Order No. 296.

In accordance with the initiative petition known as Question No. 2 and appearing upon the official ballot at the State Election held on November 8, 1938, and approved by the people at the said State Election, and approved by the City Council and the Mayor of the City of Boston, the full text of the measure being as follows:

"AN ACT WITH RELATION TO PUBLIC STANDS FOR THE USE OF TAXICABS AND MOTOR VEHICLES FOR HIRE IN CITIES AND TOWNS.

Be it enacted by the People and by their Authority:

In any city which accepts the provisions of this act by vote of its city council, or in any town which accepts the provisions of this act by a majority vote of the qualified voters present and voting at an annual town meeting, the licensing authorities for licensing taxicabs and motor vehicles for hire shall establish, for the use of taxicabs and motor vehicles for hire licensed within such city or town, public taxicab stands on any public highway within such city or town, and shall abolish all other taxicab stands on any public highway within such city or town.

Such public taxicab stands shall be free and accessible to all taxicabs and motor vehicles for hire whose owners are licensed by said licensing authorities,"—

the Police Commissioner for the City of Boston hereby revokes all assignments of designated portions of public ways in the City of Boston known as Public Hackney Carriage Stands, effective as of February 11, 1939, 7.45 a. m.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

FINANCING SEWAGE WORKS BY SPECIAL ASSESSMENT IN IOWA.

The cost of constructing sewage disposal plants in a number of states, and in Iowa in particular, may be levied against the various lots, parts of lots or parcels of ground draining to, or susceptible to drainage to, the site of the disposal plant. Such assessments must be in proportion to the benefits to each property and must not, in any case, exceed one-fourth of the fair value of the property in question. These special assessments are payable in the same manner as other municipal improvement costs; that is, in ten annual equal installments, paid at the same time and place as the March 1 installment of ordinary taxes in Iowa. Any property owner may pay off the unpaid portion of such tax at any time. Interest on the deferred payment must not exceed 6 per cent.

GAS FITTING PERMITS ISSUED FOR WEEK ENDING FEBRUARY 15.

GAS FITTER.	Location.	Ward.	Nature.	Estimated Cost.
M. H. Myers	219 Shawmut avenue	3	Installing coffee urns and one hot plate.	\$25

Alexander Scott	89 Wayland street	13	Re-piping	15
Robert J. Graham	154 Huntington avenue	4	New meter connections and restaurant equipment.	95

MAYOR TOBIN PAYS TRIBUTE TO POLISH PATRIOT BY PLACING WREATH ON MONUMENT TO TADEUS KOSCIUSZKO AND EXTOLLING HIS VIRTUES IN ADDRESS ON ANNIVERSARY OF HIS BIRTH—ALSO PAYS TRIBUTE TO POLISH CITIZENS IN BOSTON AND NEW ENGLAND FOR THEIR CONTRIBUTION TO COMMUNITIES IN WHICH THEY HAVE SETTLED.

The following is the address delivered by Mayor Tobin at the Kosciuszko monument on February 13, in commemoration of his birth:

Mr. Chairman, Ladies and Gentlemen.

Boston does herself great honor when she pays tribute to the name of Tadeus Kosciuszko. It rejoices me that I, as Mayor of the City, can share in this ceremony and place a wreath to his memory on this the anniversary of his birth.

These organizations and delegates who share in this ceremony pay tribute to the memory of a patriot and a citizen whose name ever grows brighter and shines with greater luster as the years pass by; a patriot who gave much to bring about the freedom that is ours today here in the United States and the freedom in his own country.

The people of Poland, like the people of the United States and Boston, live according to the tenets and the faith of a burning and everlasting ideal, that of freedom and liberty. The history of Poland points to why this is so. Years of persecution, centuries, I might say, of harsh rule instilled into the Polish heart that desire and zeal for freedom that is and has been unquenchable.

It was this ideal burning in the heart of Kosciuszko that impelled him to journey across the seas and to join forces with the struggling colonies in their effort to sunder the chains of tyranny England was trying to forge about them, and to offer his services as an engineer and military man to them. This contribution by Kosciuszko was of vast benefit to the cause of American liberty. The spirit of liberty, the sympathy for those who struggled for liberty was what moved this patriot. It is the ideal that moves and sways us today. It is the ideal of which Poland dreams and for which she will ever struggle and fight.

If ever a people, by fortitude, courage and adherence to ideals and faith merited the confidence, esteem and good will of the world it is the people of Poland.

Read whatever history of the American Revolution you will and you will find the names of Kosciuszko and Pulaski most

brilliantly mentioned. It was Kosciuszko who whipped into shape and taught the army that so successfully fought against all the forces pitted against them by England in the Revolution.

Kosciuszko and Pulaski took the untrained yeomanry of Washington, gave them the elements of discipline, of organization and military tactics that enabled this army to establish the American Republic.

The name of Kosciuszko will ever be linked with the victory of the Revolutionary forces at Saratoga, with the erection of the fortifications at Philadelphia and with West Point where his work was so effective. With Nathanael Greene he not only served as engineer in the American army but fought with the patriots and shared their poverty and hardships when this was not necessary for a man of his rank.

America is indebted to Poland, however, not only for Kosciuszko and Pulaski but also for all the sturdy men and women of that land who have become citizens here and by their industry, their loyalty and their genius have contributed so much to the progress that United States has known.

Here in Massachusetts the touch of their genius has been importantly felt. They have proven the best farmers in the state and among our most sturdy citizens in all walks of life. In the arts, the sciences and to literature they have contributed more than their share if measured by population statistics.

When we contemplate the conditions that exist in many parts of the world, where freedom has been destroyed or strangled, we can't but rejoice that here we are still enjoying the fruits of the toil and labor of the patriot Kosciuszko; that we are not being ground under the heels of the dictators and that we can always rest secure in the realization that as long as the torch of freedom burns in the hearts of our citizens, as long as the teachings of Kosciuszko remain alive, so long as the American flag can wave above us protectively there will be no place for dictators or their rule, either in our hearts or in the land.

owner. I trust that their fine example will prove to be an inspiration to other property owners when similar propositions come before the city for consideration in the future."

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

POLICE DEPARTMENT ORDERS.

General Order No. 294.

All members of the department, and particularly traffic officers and those assigned to hackney carriage duties, shall observe taxicabs while carrying any person in the passenger compartment and note whether or not the flag of the taximeter is in a position as to denote that the taxicab is employed.

The position of the flag of the taximeter denoting that the taxicab is employed is one in which the flag is down. Any member of the department observing a taxicab carrying a person in the passenger compartment and the flag of the taximeter is in a raised position, shall immediately question the driver and report the facts surrounding the case to his commanding officer who, in turn, shall report to the superintendent, who will forward the information immediately to the Inspector of Carriages.

This order will become effective Saturday, February 11, 1939, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 295.

In accordance with the initiative petition known as Question No. 2 and appearing upon the official ballot at the State Election held on November 8, 1938, and approved by the people at the said State Election, and approved by the City Council and Mayor of the City of Boston, the full text of the measure being as follows:

"AN ACT WITH RELATION TO PUBLIC STANDS FOR THE USE OF TAXICABS AND MOTOR VEHICLES FOR HIRE IN CITIES AND TOWNS.

Be it enacted by the People and by their Authority:

In any city which accepts the provisions of this act by vote of its city council, or in any town which accepts the provisions of this act by a majority vote of the qualified voters present and voting at an annual town meeting, the licensing authorities for licensing taxicabs and motor vehicles for hire shall establish, for the use of taxicabs and motor vehicles for hire licensed within such city or town, public taxicab stands on any public highway within such city or town, and shall abolish all other taxicab stands on any public highway within such city or town.

Such public taxicab stands shall be free and accessible to all taxicabs and motor vehicles for hire whose owners are licensed by said licensing authorities."

the Police Commissioner for the City of Boston hereby revokes all assignments of designated portions of public ways in the City of Boston known as Special Hackney Stands, effective as of February 11, 1939, 7.45 a. m.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

MAYOR APPROVES DOCK SQUARE LAND-TAKING.

Mayor Tobin, on February 14, approved the order of the Board of Street Commissioners for the taking of about 325 square feet of land in Dock square, for the purpose of widening, between Devonshire and Congress streets. In connection with this order the Mayor stated: "President Brewer and the officers of the Merchants National Bank are most generous in ceding this land to the city. I don't believe that such valuable real estate in the downtown section of the city has ever before been given to the city without compensation to the property

VETOES BY MAYOR TOBIN.

On February 14 the Mayor made public the following vetoes of Council orders:

To the City Council.

GENTLEMEN,—I return herewith with-out my signature and disapproved the resolution of your Honorable Body in favor of legislation to authorize the pensioning of members of the Fire Department after twenty-five years of service, irrespective of age. This proposal is inconsistent with the present provisions relating to firemen and is unfair to the members of the department who are in the contributory system.

Respectfully,

MAURICE J. TOBIN, Mayor.

To the City Council.

GENTLEMEN,—In order that the records may be completed you are respectfully informed that I have not approved the several resolutions adopted by your Honorable Body in favor of special legislation in the following instances: 1. To provide for the reinstatement of particular individuals formerly employed in the Police Department. 2. To provide three quarter or full pay pensions for certain former members of the Police Department. 3. To provide for the payment of sums of money by the city on account of deaths or injuries under such circumstances that there is no legal liability on the city.

My affirmative approval is required on these resolutions and I am returning them to the City Clerk not approved. The reinstatement of former police officers has been dealt with by the Legislature in the form of an act permitting the reinstatement of any discharged employee upon the request of the employing officer after a hearing by the Civil Service Commission. If an injustice can be shown in the case of any particular police officer, I have no doubt that the present Police Commissioner can be trusted to remedy it under the general statute and I see no reason why the City or the Legislature should be called upon to interfere in the administration of his department in this regard.

In the matter of increasing to full pay the pensions of certain former members of the Police Department, I am satisfied that the present Retirement System provides generously for accidental disability cases, and the granting of a full pay pension in 1937 in the particularly aggravated case of Daniel J. McDonald should not be taken as a precedent for a program of increases. In the case of injuries or deaths under such circumstances that there is no legal liability on the city, I do not believe it is proper or advisable to commit the city to a payment in such cases.

There seems to be a growing tendency to attempt to fall back on the city for payment of damages for most everything that happens, not excluding hurricanes and snowstorms, on the specious plea that there is a moral obligation. I am unable to bring myself to agree with this theory. In all three of these classes of resolutions which I have refused to approve it is no doubt possible to obtain from the Legislature a suspension of the rule if the circumstances of any particular case are sufficiently outstanding to warrant such action.

Respectfully,

MAURICE J. TOBIN, Mayor.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

AMENDED NOTICE.

UNEMPLOYMENT COMPENSATION COMMISSION, PUBLICITY AGENT, MARCH 11, 1939.

Last date for filing applications, Saturday, February 25, 1939, at 12 noon.

NOTE.—This is the examination originally scheduled for Saturday, January 21, 1939.

The minimum salary is \$1,920 a year; the maximum salary is \$2,280 a year.

Duties: Under general direction, to prepare for newspapers and other publicity, material with which the public should be acquainted relating to activities of a department or major division and to secure publication thereof; and to perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 4; practical questions, 4; personality and fitness, as determined by an oral interview, 2; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

UNEMPLOYMENT COMPENSATION COMMISSION, APPEALS EXAMINER, MARCH 11, 1939.

Last date for filing applications, Saturday, February 25, at 12 noon.

This examination is open to both males and females.

The minimum salary is \$3,180 a year; the maximum salary is \$3,720 a year.

Duties: Under general direction, to conduct all formal hearings on appeals from decisions relating to benefit claims under the Unemployment Compensation law; and to perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

UNEMPLOYMENT COMPENSATION COMMISSION, SUPERVISOR OF CLAIMS, March 11, 1939.

Last date for filing applications, Saturday, February 25, 1939, at 12 noon.

This examination is open to males only.

The minimum salary is \$3,000 a year; the maximum salary is \$3,360 a year.

Duties: Dividing the State into six regions, these district or regional supervisors shall be responsible through the Assistant Director to the Director of the Division of Claims and Appeals. They shall direct and co-ordinate the activities

of the district and local offices; relay instructions relative to the organization, operation and regulation of local offices; collect and organize information; assist in proper handling of claims; and perform related work as required.

Entrance Requirement: Applicants must be not less than twenty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

CLERICAL SERVICE.

FOR STATE AND CITIES AND TOWNS OUTSIDE OF BOSTON AND VICINITY, MARCH 4, 1939.

Last date for filing applications, Saturday, February 18, 1939, at 12 noon.

FOR BOSTON AND VICINITY, MARCH 18, 1939.

Last date for filing applications, Saturday, March 4, 1939, at 12 noon.

Warnings: If all applicants cannot be accommodated on the above dates, they will be notified to appear on subsequent Saturdays.

Applicants should note the exact date given on their notification sheets.

File Your Application Early: In cases of ties, names will be placed on the eligible list in accordance with the date of filing application.

The usual entrance salary for clerks for State service is \$900 a year.

Persons qualifying in the examination may have their names placed on the State list as well as on the list for the city or town in which they reside.

Applicants must be not less than sixteen years of age at the time of filing application.

Subjects and Weights: Training and experience, 2; spelling, 2; arithmetic (including problems), 2; following written directions, 2; filing, 1; word knowledge, 1; total 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Eighty-three traverse jurors, Superior Criminal Court, to appear March 6, 1939:

Frank A. Ellis, Ward 1; Francis J. Joseph, Ward 1; Anthony Kurgan, Ward 1; John Luongo, Ward 1; James F. Moran, Ward 1; Robert W. Sweet, Ward 1; Thomas J. Kean, Ward 2; James P. Keane, Ward 2; William H. Sheehy, Ward 2; Milton H. Atwood, Ward 3; Maurice V. Laponta, Ward 3; Elmer H. Everitt, Ward 4; Victor E. Fehrstrom, Ward 4; Victor K. Jamieson, Ward 4; Joseph Stone, Ward 4; Raymond P. Wallace, Ward 4; John F. Cahill, Ward 6; William J. Connors, Ward 6; William J. Dooley, Ward 6; Francis M. Hayes, Ward 6; Paul Likos, Ward 6; Robert W. Ripley, Ward 6; Leslie W. Young, Ward 6; Roy V. Coughlin, Ward 7; Charles A. O'Keefe, Ward 8; Joseph P. Sherlock, Ward 8; Leo W. Gray, Ward 9; Eugene Sullivan, Ward 9; Philip G. Fay, Ward 10; Henry M. Hoover, Ward 10; Joseph A. Mackenzie, Ward 10; Henry J. McCarey, Ward 10; William J. Walsh, Ward 10; John J. Kilroy, Ward 11; Hector J. Kimbell, Ward 11; Maurice Moller, Ward 11; Philip Tagerman, Ward 11; Joseph L. Barry, Ward 12; Robert R. Carrington, Ward 12; David L. D'Entremont, Ward 12; Leo A. Kiley, Ward 12; George E. Knowles, Ward 12; David M. Purinton, Ward 12; Charles J. Hagstrom, Ward 13; Thomas E. Kelly, Ward 13; Dennis F. McLaughlin, Ward 13; James H. McNamara, Ward 13; Francis W. Stedman, Ward 13; Stephen Brown, Ward 14; Solomon E. Cheimets, Ward 14; Maurice A. Collier, Ward 14; Louis S. Fine, Ward 14; Samuel S. Kaufman, Ward 14; Sidney H. Gage, Ward 15; William A. Gerstel, Ward 15; Leo O. Sorenson, Ward 15; Domenick Brackett, Ward 16; James J. Healy, Ward 16; James C. Regan, Ward 16; Alfred J. Duffy, Ward 17; Ernest W. Lawford, Ward 17; Paul D. Stewart, Ward 17; James H. Avery, Ward 18; Harold I. Bartlett, Ward 18; James M. Burke, Ward 18; John A. Carlson, Ward 18; Arthur C. Johnson, Ward 18; William W. Klingenberg, Ward 18; Francis J. Lang, Ward 18; Henry C. Quigley, Ward 18; John V. Coughlin, Ward 19; Elliot H. McCallum, Ward 19; Francis O. McDonnell, Ward 19; Joseph J. Moynihan, Ward 19; Max H. Gruhn, Ward 20; Charles Wittenauer, Ward 20; Edward V. Henderson, Ward 21; Bernard M. Keniston, Ward 21; Joseph Taymor, Ward 21; James V. Collins, Ward 22; Henry E. Cox, Ward 22; Anthony Rubino, Ward 22.

Eighty-eight traverse jurors, Superior Civil Court, to appear March 6, 1939:

Vincent Collura, Ward 1; Joseph P. Fleming, Ward 1; Joseph Fredestefano, Ward 1; Michael T. Gibbons, Ward 1; Charles H. Holland, Ward 1; John J. Buckley, Ward 2; Ambrose A. Mahoney, Ward 3; George E. Roberts, Ward 3; Maurice J. Vitkin, Ward 3; James T. Walsh, Ward 3; Harry M. Bellamy, Ward 4; Albert A. W. Holmgren, Ward 4; William B. Keefe, Ward 4; Arthur H. Pinkson, Ward 4; Alexander Welch, Ward 4; Paul A. Cassell, Ward 5; Clarence W. Chapman, Ward 5; Frank C. McGregor, Ward 5; James E. McNally, Ward 6; David H. Wilkinson, Ward 6; Ambrose J. Clifford, Ward 7; Daniel H. Crowley, Ward 7; Cornelius J. Curtin, Ward 7; Robert M. Fitzgerald, Ward 7; Leonard J. Heafey, Ward 7; Francis Kelley, Ward 7; William P. Kemmitt, Ward 7; Thomas G. Ryan, Ward 7; Walter L. Ryan, Ward 7; Elmer J. Stanton, Ward 7; John J. Carr, Ward 8; David Elder, Jr., Ward 8; Nelson L. Harriman, Ward 8; John J. Roche, Ward 8; Carl H. Schneider, Ward 8; William H. Lawless, Ward 9; Edward Mahoney, Ward 9; William G. Martin, Ward 9; John B. Mitchell, Ward 9; Edwin S. Power, Ward 9; Gerard B. Gormley, Ward 10; Michael F. Laffey, Ward 10; David Feinberg, Ward 14; George Krivitsky, Ward 14; Robert E. Connerton, Ward 15; Jeremiah Coughlin, Ward 15; Chester R. MacLeod, Ward 15; Charles A. McCarthy, Ward 16; Leo J. Murphy, Ward 16; Harry Green, Ward 17; David Irvine, Ward 17; William A. Plummer, Ward 17; Ralph P. Smith, Ward 17; George H. Cummings, Ward 18; Edward L. Cunningham, Ward 18; Charles M. Carlton, Ward 18; Frederick E. Fallon, Ward 18; Alfred H. Geddes, Ward 18; Albert Langley, Ward 18; Leon G. Pannier, Ward 18; Edwin H. Strout, Ward 18; Forbes Allan, Ward 19; Elwin P. Archibald, Ward 19; Frank J. Madden, Ward 19; Stephen J. Malley, Ward 19; Fletcher Walter Thomas, Ward 19; John F. Curry, Ward 20; Frederick J. Hearn, Ward 20; Charles F. Hughes, Ward 20; Martin A. Lorenz, Ward 20; Thomas W. McDonald, Ward 20; William J. Needham, Ward 20; Frank R. Ott, Ward 20; Henry Schuhmacher, Ward 20; D. Richard Boyer, Ward 21; Frank C. Buckley, Ward 21; Leo H. Buckman, Ward 21; Maurice Dobro, Ward 21; Edward E. Morrison, Ward 21; William Scherer, Ward 21; Charles E. Smith,

Ward 21; Edward A. Artesani, Ward 22; James E. Keyes, Ward 22; Thomas R. King, Ward 22; Clarence T. McGrail, Ward 22; John J. Nagle, Ward 22; Walter J. Stuart, Ward 22; John F. West, Ward 22.

SPECIAL COMMITTEES FOR 1939.

President MURRAY appointed the following special committees the first named to act as chairman of the committee, viz:

Building Code.

Fitzgerald, Irwin, Galvin, Shattuck, Wilson, Taylor, Murray.

License Fees.

Fish, Irwin, Chase, Hutchinson, Sullivan.

Public Welfare.

Galvin, Wilson, Lyons, Hutchinson, Harris.

Public Safety.

Carey, Taylor, Hutchinson, Wilson, Norton Lyons, Kerrigan.

Tax Title Property.

Lyons, Irwin, Galvin, Chase, Sullivan.

Unclaimed Baggage.

Kerrigan, Agnew, Wilson.

CLEANING OF WARD 13 STREETS.

The following was received:

City of Boston,

Office of the Mayor, February 6, 1939.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of January 30, 1939, concerning the arranging for the immediate cleaning of all streets in Ward 13 and to see to it that they are kept clean in the future.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
February 4, 1939.

Mr. William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Sir,—I am in receipt of your memorandum of February 2 concerning the following order in Council, dated January 30, 1939:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to arrange for the immediate cleaning of all streets in Ward 13 and to see to it that they are kept clean in the future."

Ward 13 is a part of District 13, Street Cleaning, and during the latter part of 1938 an average of twenty-five cleaning miles per week was the amount of work done in this section.

Since the beginning of 1939 the number of welfare men has been increasing, and as soon as the snow situation is cleaned up, the street cleaning mileage will be brought to a satisfactory figure.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

OPENING OF FIELD HOUSE, PARKMAN PLAYGROUND.

The following was received:

City of Boston,

Office of the Mayor, February 6, 1939.

Gentlemen,—I transmit herewith letter from the secretary of the Park Department relative to your order of January 23, 1939, concerning the opening of the field house at the Parkman Playground on Wachusett street, Jamaica Plain, and for the attendance of a custodian.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Park Department, February 2, 1939.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Sir,—In the absence of Mr. Long I am replying to your memorandum with inclosure, City Council order of January 23, 1939, relative to immediately opening the field house at the Parkman Playground on Wachusett street, Jamaica Plain, and for the attendance of a custodian.

There are a few playgrounds, like the one mentioned above, where the activities slow up with the coming of the winter season, and therefore the chairman has deemed it advisable to close these small playgrounds. By doing this, a considerable saving is effected on fuel and light and the general wear and tear of the playground.

I have taken the matter up with Deputy Commissioner Charles A. Hogan, who informs me that

the two playgrounds nearest Wachusett street are in excellent condition and well manned for all winter sports, with the proper protection for the safety of the children. I refer to the John W. Murphy Playground on Carolina avenue and Fallon Field at South and Roberts streets.

When Commissioner Long returns I shall call this matter to his attention at which time a complete report will be given to you.

Very truly yours,

ARTHUR J. O'KEEFE, Secretary.

Placed on file.

ESCALATOR AT NORTHAMPTON STREET.

The following was received:

City of Boston,

Office of the Mayor, February 6, 1939.

Gentlemen,—I transmit herewith a letter from the president and general manager of the Boston Elevated Railway Company relative to your order of January 9, 1939, concerning the installation of an escalator at Northampton Street Elevated Station.

Respectfully,

MAURICE J. TOBIN, Mayor.

Boston Elevated Railway.

Boston, February 1, 1939.

Mr. William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Sir,—The trustees have considered the request contained in order of the City Council, received with your letter of January 11, relative to installation of an escalator at Northampton Street Elevated Station.

Similar requests have been received for installation of escalators at other stations, which would involve a total expenditure of more than one and one-quarter million dollars which the trustees do not feel would be justified.

The number of people entering the Northampton Street Station during the maximum hour is only 1,290, and the cost of installation of an escalator at that station is estimated at \$57,800.

Very truly yours,

EDWARD DANA,

President and General Manager.

Placed on file.

ESCALATOR AT ASHMTON TERMINAL.

The following was received:

City of Boston,

Office of the Mayor, February 6, 1939.

Gentlemen,—I transmit herewith letter from the president and general manager of the Boston Elevated Railway Company relative to your order of January 9, 1939, concerning the installation of an escalator at the Ashmont Terminal.

Respectfully,

MAURICE J. TOBIN, Mayor.

Boston Elevated Railway.

Boston, February 1, 1939.

Mr. William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Sir,—The trustees have considered the request contained in order of the City Council, received with your letter of January 11, relative to installation of an escalator at the Ashmont Terminal.

Similar requests have been received for installation of escalators at other stations which would involve a total expenditure of more than one and one-quarter million dollars which the trustees do not feel would be justified.

The number of people entering the Ashmont Terminal during the maximum hour is only 2,054, and the cost of installation of an escalator at that station is estimated at \$46,000.

Very truly yours,

EDWARD DANA,

President and General Manager.

Placed on file.

REMOVAL OF TRACKS, DORCHESTER AVENUE.

The following was received:

City of Boston,

Office of the Mayor, February 6, 1939.

Gentlemen,—I transmit herewith letter from the president and general manager of the Boston Elevated Railway Company relative to your order of January 16, 1939, concerning the removing of the tracks on Dorchester avenue, from Peabody square to Gibson street, and replacing the present inadequate service with efficient bus service.

Respectfully,

MAURICE J. TOBIN, Mayor.

Boston Elevated Railway.

Boston, February 2, 1939.

Mr. William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Sir,—Replying to your letter of January 20, with order of the City Council, requesting the removal of tracks on Dorchester avenue, from Peabody square to Gibson street, and replacement of existing service with bus service, the track in

this section of Dorchester avenue is used for getting cars operated on other lines to and from the Fields Corner carhouse where they are maintained, and is necessary for that purpose.

Passengers are carried in cars on these pull-out and put-up trips, but the section of Dorchester avenue in question is now served by a bus line, and counts taken since the receipt of your letter show that adequate service is provided to meet the riding requirements.

Very truly yours,

EDWARD DANA,
President and General Manager.

Placed on file.

FEDERAL HOUSING PROJECT, EAST BOSTON.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1939.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Executive Director of the Boston Housing Authority relative to your order of January 23, 1939, concerning the making of a survey of the East Boston District with a view to determining on a site for a Federal Housing Project.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston, February 2, 1939.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—In reply to your letter of January 31, 1939, concerning the order passed January 23, 1939, by the City Council:

"Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to make a survey of the East Boston district with a view to determining on a site for a Federal Housing Project."

You are advised that the Authority has made several surveys in East Boston with a view to determination of a site for a low-rent housing project, and further studies of this problem are at present being made.

Respectfully,

FRANCIS X. LANE,
Executive Director for the Authority.

Placed on file.

TRAFFIC LIGHTS, WESTLAND AVENUE AND HEMENWAY STREET.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Traffic Commissioner relative to your order of January 23, 1939, concerning the installation of adequate traffic signal lights at the intersection of Westland avenue and Hemenway street, Ward 4.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, February 3, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated January 23, 1939, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install adequate traffic signal lights at the intersection of Westland avenue and Hemenway street, Ward 4."

We believe that an automatic traffic signal would function well if installed in the intersection of Hemenway street, Westland avenue and Westland entrance. However, there are no funds available to this commission at present for the installation of an automatic traffic signal in this location.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

NO PARKING RESTRICTIONS, MOULTRIE, KENWOOD AND LYNDHURST STREETS.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1939.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Boston Traffic Commissioner relative to your order of January 23, 1939, concerning the establishing of no parking restrictions on both sides of Moultrie, Kenwood and Lyndhurst streets, Ward 17, within 200 feet of Washington street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, February 3, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order, dated January 23, 1939, which reads as follows:

"Ordered, That the Traffic Commission, through his Honor the Mayor, be requested and urged to establish no parking restrictions on both sides of Moultrie, Kenwood and Lyndhurst streets, Ward 17, within 200 feet of Washington street."

I received a similar request in a letter dated January 9, 1939, from Sherburne N. Miller, 67 Kenwood street, Dorchester. I respectfully submit the following quotation from my letter to Mr. Miller which states our opinion regarding this request:

"An investigator from this department observed conditions in these streets on several days last week, particularly on Saturday afternoon, January 14. He reports that although cars are parked in these streets adjacent to Washington street as described by you, at no time did he see a condition which prevented free movement of traffic through the several streets.

Unless serious conditions prevail we are always reluctant to prohibit parking in the immediate vicinity of business centers where the demand for parking is so great and where the business firms depend to a great extent on the patronage of persons using their cars to do errands."

We do not consider the existing conditions in these streets serious enough to warrant the adoption of a traffic rule prohibiting all parking.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to committees named, viz.:

Claims.

William Brauneis, to be reimbursed for execution issued against him.

William Brauneis, to be reimbursed for execution issued against him.

Chamberlain's, for compensation for damage to car by city truck.

John D. Clark, for compensation for damage to car by snow plow.

Ralph DeMarco, for compensation for damage to car by city wagon.

James H. Greer, to be reimbursed for execution issued against him.

Mary W. Hastry, for compensation for damage to car by fire apparatus.

Arthur L. Johnson, for refund on second-hand furniture license.

Michael Marino, for compensation for injuries caused by ash barrel being thrown by city men.

Peter P. McGinley, to be reimbursed for judgment issued against him.

George W. McLaughlin, for compensation for damage to clothing caused by fence, Dorchester Lower Mills.

Charles M. McNeill, to be reimbursed for execution issued against him.

Charles M. McNeill, to be reimbursed for execution issued against him.

Lester R. Mudre, for compensation for injuries caused by an alleged defect at Portland and Causeway streets.

Arthur L. Pumphret, to be reimbursed for execution issued against him.

Arthur K. Tolman, for compensation for damage to car by fire apparatus.

William L. Tocher, to be reimbursed for judgment issued against him.

John J. Walsh, for compensation for injuries caused by an alleged defect in front of Lowell School.

Executive.

Petition of Greyhound Racing Corporation for approval to conduct greyhound racing at Boston Garden.

RESIGNATION OF RALPH J. RICHARDS.

Notice was received from the Mayor's office of resignation of Ralph J. Richards, constable assigned to the Building Department, effective at close of business January 17, 1939.

Placed on file.

RESIGNATION OF JAMES J. MCKIERNAN.

Notice was received from the Mayor's office of resignation of James J. McKiernan, constable assigned to the Collecting Department, effective at close of business January 3, 1939.

Placed on file.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President MURRAY called up, under unfinished business, Nos. 1 and 2 on the calendar, viz.:

1. Action on appointment submitted by the Mayor January 30, 1939, of James P. Keliher to be a Constable with authority to serve civil process upon filing bond.

2. Action on appointments submitted by the Mayor January 30, 1939, of Ralph C. Gillett to be a Weigher of Goods; and Arthur D. Jones to be a Weigher of Coal.

The question came on confirmation. Committee, Coun. Lyons and Irwin. The committee reported 7 votes for and 8 against, and confirmation was declared refused.

Coun. AGNEW—Mr. President, I move a reconsideration of that vote.

Reconsideration prevailed and the question came on confirmation of appointments in Nos. 1 and 2 on the calendar.

Coun. AGNEW—Mr. President, let me speak on No. 1 on the calendar. Mr. Keliher is a brother of the late sheriff. He is no longer there, and is now on his own, — —

President MURRAY—The Chair would like to say that there appears to be no good reason why any of the appointments should have been rejected, and the Chair will ask the clerk to call the roll on Nos. 1 and 2.

The clerk called the roll on the question of confirmation of Nos. 1 and 2, and the appointments were confirmed, yeas 18, nays 0.

SOLDIERS' RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of February.

Report accepted; said order passed.

COMMENDATION OF BOSTON CONGRESSMEN FOR ACTION ON DIES COMMITTEE.

Coun CHASE and WILSON offered the following:

Whereas, The Boston Congressmen were unanimously recorded in favor of the continuation of the Dies committee to further investigate the un-American activities in the United States by the Communists and Nazis; therefore be it

Resolved, That the Boston City Council, in meeting assembled, hereby commends the Congressmen from Boston for the true patriotism expressed by their unanimous vote to continue the Dies committee; and be it further

Resolved, That a copy of this resolution be sent to each Boston Congressman.

Coun. CHASE—Mr. President, the recent vote of Congress of 344 to 35 in favor of a continuation of the Dies committee was indeed the true sentiment of the American people. The Congressmen from Boston voted unanimously in favor of the continuation of the Dies committee. It is only fitting and proper that we the duly elected officials of the City of Boston should pay tribute to these Congressmen for their honest expression of true Americanism as indicated by their vote. The people of America are slowly awakening to the threats upon their liberties and it is only through investigations by committees such as the Dies committee that they may see the true picture of the ungodly practices of Communism and Nazism. The resolution was referred to the Committee on Rules.

SALARY OF SECOND ASSISTANT MESSENGER.

Coun. IRWIN offered the following:

Ordered, Section five of chapter three of the Revised Ordinances of 1925, as most recently amended by chapter 3 of the Ordinances of 1937, is hereby further amended by striking out the words twenty-two hundred and fifty dollars in the salary of the second assistant city messenger and inserting in place thereof the words twenty-seven hundred and fifty dollars.

Referred to Executive Committee.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. TAYLOR, for the Committee on Ordinances, submitted reports on petitions for driveway openings, viz.:

Petition of Charles Giampapa (referred January 23) at Havre and Porter streets—that permit be granted.

Petition of Elizabeth Minot (referred December 12, 1938) at Dorchester avenue and Bailey street—that permit be granted.

Petition of Lynn Institution for Savings (referred January 23) at 616 Newbury street—that permit be granted.

Reports accepted; said permits granted on usual conditions.

RESURFACING CERTAIN WARD 10 STREETS.

Coun. CAREY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface the following streets in Ward 10 under the W. P. A. plan of construction: Cherokee street, Minden street and Mansur street.

Passed under suspension of the rule.

HOSPITAL CLINIC, OLD HARBOR VILLAGE.

Coun. KERRIGAN and MURRAY offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to make provisions for the establishing of a hospital clinic in the Old Harbor Village.

Passed under suspension of the rule.

REINSTATEMENT OF FRANK L. COTTER.

Coun. KERRIGAN offered the following:

Resolved, That the City Council of Boston hereby favors the enactment of legislation authorizing the reinstatement of Frank L. Cotter as a member of the Boston Police Department, provided such legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rule.

RETIREMENT AFTER TWENTY-FIVE YEARS' SERVICE.

President MURRAY offered the following:

Resolved, That the City Council of Boston hereby approves the enactment of legislation relative to the retirement of employees after twenty-five years of service, provided that such legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rule.

ISSUANCE OF SNOW BUTTONS.

Coun. KELLY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to issue snow buttons to members of the City Council for distribution to citizens of their respective districts who may desire employment on snow removal work.

Coun. KELLY—Mr. President, I will state briefly my reasons for introducing this order at this time. I was one of the five councilors who voted in favor of snow buttons a month ago. I have the greatest respect for the foremen in the various city yards, but I don't think they are in a position to know the needs of people in the various wards as well as the councilors representing them. I, as a City Councilor from Ward 15, feel that I know where the snow buttons should be placed. I know the men of my district to whom the snow buttons should be given, those who will bring home to their families the money they earn and those also who would spend the money for drink. I think every member of the Council should assume the duty of receiving the fifty buttons and distributing them to men in their wards.

Coun. WILSON—Mr. President, speaking for Ward 17, I can heartily endorse the sentiments of the councilor from Ward 15 who has offered this order. For years, under this system of distributing buttons to the councilors representing the different wards, we have got along well in the proper distribution of the buttons. I know that has been so in the case of the snow workers in the Dorchester district. In this last storm I personally went over to the office of the Public Works Commissioner and had a talk with him. I learned one thing that surprised me very much, and that was that one of our heads of departments takes orders passed by the Council very seriously, apparently in the nature of a demand that must be obeyed, because the Public Works Commissioner told me that the order of the Council had been received some time back, stating that snow buttons should be given out to the foremen and that they looked upon that as an order that should be followed. I asked him for how long a time orders coming from the City Council had been taken so seriously. It was certainly a novel and unusual idea to me, although, of course, I realized that he had his fingers crossed when he said it. As I went out, he informed me that unless and until the Mayor amended the order the buttons would be given out through the foremen in the Hancock Street, Columbia Road and Albany Street Yards. The Gibson Street Yard is now closed and the new headquarters is hidden so that the average man looking for snow work could not find a place to go and get the button without a road map. Well, I waited until eleven o'clock and no order came to put on snow workers in the Dorchester district. I again urge, in support of Councilor Kelly's order, that those councilors who wish to distribute buttons to the citizens of their respective districts who may desire employment on snow removal work be given the opportunity to do so. I certainly believe that at least some consideration should be given to such councilors in the distribution of the buttons. It is not a question of patronage as far as I am concerned, believe it or not, but of interest to see that the little fellow of 5 feet 2 has an equal chance with the fellow who is 6 feet 5. I certainly hope and trust that the members of the Council will be given some consideration in this matter of allotment of snow removal buttons.

Coun. ROSENBERG—Mr. President, I feel that perhaps the people of my ward are in an unfortunate position when it comes to getting quickly on the ground in order that they may have a chance to be employed on snow removal

work. The two yards to which they would naturally apply are on Hancock street and Gibson street. It takes them some time to get to the places where the buttons are distributed, and they are quite apt to find many others ahead of them. In fact, there is nothing to prevent men coming from other wards of the city to say that they live in Ward 14, and therefore become accredited to that quota when they do not belong there at all. I feel in this matter, as I have felt right along, that the councilors know the men living in their districts, know their needs, know those who have families and who need work, and those who will bring home to their families the money that they receive. I feel, therefore, that the councilors should have the opportunity of giving work to those needy families in their districts, to men whom they know will use the money that they receive properly. I feel that in that way the buttons will be distributed in a better manner, that they will go to people living in the various wards and not coming from other sections of the city, and I certainly, as one councilor, am willing to take the responsibility of seeing that a fair distribution is made to the needy families of my district when snow work is to be given out.

The order was referred to the Executive Committee.

PAYMENT OF MEN ON SNOW REMOVAL WORK.

Coun. KELLY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to arrange for the payment of men engaged on snow removal work in the yard from which they are assigned, instead of forcing them to go to the Albany Street Yard to receive their wages.

Referred to Executive Committee.

ADMITTANCE TO RUTLAND SANATORIUM.

Coun. ROSENBERG offered the following:

Ordered, That the Health Department be requested, through his Honor the Mayor, to change the present ruling requiring a bond of \$1,650 for the admittance of a tubercular patient to the Rutland Sanatorium.

Coun. ROSENBERG—Mr. President, I don't know whether this bond is required under an ordinance or a ruling of the Health Department, but I know that recently two or three cases have been brought to my attention where tuberculous patients who would naturally go to the Rutland Sanatorium have been informed that they or some member of their family would have to furnish a bond of \$1,650. Many of those afflicted with tuberculosis, who should go to that sanatorium, are unable to raise the money from their families or to furnish the required bond. I know of one case where the person concerned went out to get a bond from a surety company, and was asked to put up collateral of \$1,650. It stands to reason that, if they had the money, there was no need of filing a bond for that amount. I believe the idea is to give a guaranty to the city for five years in the Rutland Sanatorium. Of course, something should be done in the way of furnishing a guaranty for a period of years, perhaps making the amount \$300, so that it would be possible for a poor person to receive care at the Rutland Sanatorium and be able to get care without going out and securing a bond of \$1,650.

The order was referred to the Committee on Hospitals.

BRANCH LIBRARY, WARD 13.

Coun. HUTCHINSON offered the following:

Ordered, That the trustees of the Boston Public Library be requested, through his Honor the Mayor, to provide for the establishment of a branch library in the Savin Hill section of Ward 13.

Passed under suspension of the rule.

INFORMATION AS TO POLICE DEPARTMENT.

Coun. WILSON offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to advise the City Council with reference to each and every police division in the City of Boston:

- The total number of patrolmen assigned to the division.
- The total number of officers.
- The number of motor cycles.
- The number of men, included above, assigned to motor cycle duty.
- The number of prowling cars.
- The number of men assigned to work on prowling cars.
- The number of men, if any, assigned to street duty on foot, other than traffic duty.
- The number of men assigned to traffic duty.

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to advise the City Council:

a. The total number of patrolmen now in the department.

b. The total number of officers in the department.

c. The total number of officers and men on traffic duty.

d. The total number of officers and men on traffic duty in the district between Massachusetts avenue easterly to the North Station.

e. The total number of officers and men on street duty, other than traffic, between the hours of 8 p. m. and 1 a. m.

Coun. WILSON—Mr. President, I am somewhat troubled by the reports of the crime wave that in the past two or three months has been sweeping over the City of Boston, including the Dorchester district, and I realize that shortly the annual budget will be coming in to the City Council and that one of the departments to which serious consideration must be given is the Police Department. I don't want to be too critical of the department because the commissioner may claim that one reason for the crime wave is that the department is undermanned. But I would like to just refer to some recent clippings from the newspapers to show what is going on in this city. I have here, for instance, a clipping from a newspaper of January 30, telling how a Dorchester fruit store proprietor was kidnapped in his car, robbed of \$20, and then forced to drive his car to the Codman square section, where two got out of the car to buy liquor. This fruit store proprietor left alone with the third man bolted from the machine and escaped, although pursued for a short distance. A short time later two of the robbers entered a fruit store at 1976 Dorchester avenue and held up the proprietor, taking \$20 from the cash drawer. We also read in the morning paper of January 30 this record:

"Hoodlums and handbag snatchers figure in cases of assault and robbery reported to the Boston police over the week-end, frightening women by their activities and beating several men."

One Jamaica Plain young woman was crossing the Arborway near Washington street, Forest Hills, at one o'clock in the morning, when two youths jumped from an automobile and snatched her handbag, containing \$12. Also, two youths knocked down another young woman at 32 Worcester square and stole her handbag, containing \$24. A quartette of youths stole a bag of groceries and one dollar from a woman in Roxbury as she was entering her home, and a handbag was stolen from another woman in Roxbury, on Westminster street. There was another holdup of a young man in the West End, who received a fractured nose and lacerations when he was attacked at Merrimac square; while another East Boston young man was slashed on the left cheek when attacked by three men on Border street, in that section. A West End man sustained a fractured jaw when attacked by a man on Causeway street, and a boy living on Commonwealth avenue was attacked by two men near the entrance to the Massachusetts General Hospital and injured about the left eye and nose. A man living on Bulfinch street, West End, was attacked by a man near his home, and at the City Hospital was found to have a lacerated scalp, fractured cheek bone and other injuries. A West Roxbury man was slashed by a man while crossing Blackstone Park in the South End; while a South Boston young man received face injuries when attacked by two men at Dudley and Washington streets, Roxbury. A man jumped from a doorway on West Brookline street and grabbed the handbag of a West End woman, containing a small amount of money, and a Lynn man was attacked by a robber in Howard street, West End, and had \$20 stolen from him. That is simply a record of one evening's pleasure of hoodlums and holdup men in the Boston area. In the same issue of the paper it appears that seven youths were held without bail on suspicion of armed robbery in nearly fifty holdups in Roxbury, Mattapan and Dorchester during the past few months. As recently as February 5 the manager and clerk of a Rosindale grocery store were held up by an armed bandit, forced at gunpoint to drive him a short distance, and were then robbed of \$300 in receipts. As the manager of the store, which was at 4253 Washington street, was closing the door, his brother entered their automobile. The bandit was crouched in the tonneau and commanded them to drive him towards Dedham. The elder brother attempted to protest and was struck on the jaw with a pistol butt, and just beyond West Roxbury Parkway they were relieved of their money and forced out. A Newton young man, son of a director of the Boston Dispensary, drove into Boston with several friends to attend a theater and left his friends in front of a Washington street theater and went in search of a parking space, going, as you and I have done, from one block to another, and finally drawing the car up to the curb at Essex and South streets. He was about to alight when four men, two carrying pistols, suddenly emerged from the shadows of a building and confronted him. He was kidnapped, pushed back behind the wheel of the car, and after one of the bandits had taken \$2 from one of his pockets, was directed to drive along Harrison avenue, and finally was placed in the back of the car and one of the four men took over the wheel, carrying him such a distance that it took him some time to get back to the theater and find his friends. He was simply high-jacked, and the car and money taken. We also heard over the radio not long ago about how some of these holdup men

took a Boston police car. I used to read, in some of the Wild West stories, years ago, about men who had horses shot out from under them; but one of the stunts of bandits in these days seems to be taking police and prowl cars out from under the nose of our Police Department. I suppose we will be told that the trouble is that they do not have a sufficient number of men in our Police Department. When the budget for the year is before us, I suppose the Mayor and the Police Commissioner may give us some information to that effect. I do have a feeling that one of the controlling factors is that too many men in the department today are assigned to traffic work. We have spent, as I remember, a quarter of a million dollars on traffic lights on Tremont and Washington streets and in the Back Bay, based on the argument that by doing so we would largely eliminate, if not entirely do away with, patrolmen at various traffic points in the city. But we still have traffic men on the streets, at the points where the traffic lights have been installed, as we all know, from walking or riding down Washington street, Tremont street, or in the Back Bay district in the morning. There are as many patrolmen as there were before we spent the quarter of a million for lights to relieve the traffic congestion. In the old days we had the picture of a Boston police officer with one of these old helmets and a night stick in his hand. We now visualize him with one of these new fancy hats stuck full of papers and notebooks and with a pencil in his hand, jotting down automobile numbers. I suppose soon they will be teaching them penmanship instead of marksmanship, watching places where people park their cars—and where I believe they have a right to be—because they are assigned to traffic work, where they are not needed, instead of keeping an eye out for the criminal element in the community. I drove into the city through Beacon street from Governor square the other day, and going from Governor square through Beacon street, up the hill and down on this side of Beacon street there were nine patrolmen handling traffic, doing a sort of Sir Walter Raleigh act for the ladies and people of the Back Bay, to help them across the street. We don't need traffic officers at every intersection of Beacon street. True, there is sometimes a congestion of traffic at the junction of Charles street and in front of the State House, at Beacon and Park. But there are traffic lights all along the line, clear to the State House and beyond. Yet, as I say, coming down from Governor square through Beacon street and over Beacon Hill I saw nine traffic men on duty between nine and ten in the morning. But you cannot find traffic officers on Blue Hill avenue and Morton street, where the traffic is just as heavy and the danger as great, nor at Blue Hill avenue and Seaver street, Egleston square, nor at the corner of Massachusetts avenue and Columbus avenue, which, I claim, are among the chief danger spots in the City of Boston, so far as traffic is concerned. There are too many traffic officers on duty in the Back Bay section of Boston and at other points, and I, for one, would like to see them out on the streets more at night protecting our citizens from criminals, when it has got to such a point that people cannot go to moving pictures in the evening because of holdup men without carrying a gun. That is why I am offering this order, Mr. President, and I have a companion order to go with it.

Coun. ROSENBERG—Mr. President, this is certainly a matter upon which action is needed at the present time, as stated by my colleague from Dorchester, and I believe it is a matter that the Police Commissioner himself has definitely in mind. I understand that the Police Commissioner feels that there should be an increase in the force, and I certainly, for one, trust that if there are more police officers put on the force not only the downtown section but the outlying districts will have their forces increased. Unless some attention is paid to the outlying sections of Boston, and not entirely to the downtown district, we are going to have further trouble. I recently communicated with the Police Commissioner in regard to the situation in the Dorchester district, calling attention to the number of breaks in private residences and also to the fact that persons are accosted and bags snatched, and under date of January 31, I received this answer from the commissioner:

"City of Boston,
Police Department, January 31, 1939.

Sidney Rosenberg, Esquire,
Boston City Council.

My dear Councilor,—I have your letter of January 26 relative to your attention having been called to the number of breaks in private residences and also of persons being accosted and bags snatched, in the Dorchester district, and note with interest your comments.

I am hopeful, as a result of a survey being made of the personnel of the force, of being able to assign additional officers within a very short time to the Dorchester district.

The department is undermanned to the number of 216 patrolmen at the present time and, at this particular season of the year, due to absence of officers caused by sickness, it is quite difficult to provide adequate coverage of police officers for all sections of the city.

The commissioner says, further:

"I have made provision in the police budget this year for the appointment of one hundred men which will replenish some of the existing vacancies. I intend to discuss this subject with his Honor the

Mayor in my conference with him on the police budget which, I am advised, will take place within a few days.

Thanking you for your interest in writing me, I am,

Yours very truly,
JOSEPH F. TIMILTY,
Police Commissioner."

I trust, as a result of the order presented by Councilor Wilson, that we may be able to get additional protection in the outlying districts for citizens of Boston.

Coun. LYONS—Mr. President, last night the Police Commissioner gave out an order—and this may furnish a little information to the gentleman from Ward 17 (Coun. Wilson)—to the effect that several of the cruising cars are to be taken off in the outlying sections and that more men are to be assigned to pounding the pavements. This police situation is not as easy to handle as some people think. The facts remain, however, that the commissioner has made this one of the best of the large cities of the country in the matter of policing, and that the work he has done has been of great credit to him. Speaking of target practice, the men have to go to the shooting galleries once or twice a week, and I think the marksmanship of our police force is second to that of none in the country. As far as traffic officers at crosswalks are concerned, I think in many cases they do a wonderful work. I know that we have lights, but at certain points we also have to have officers there because everybody does not stop to look at the lights. If some protection is not given, perhaps a driver may hit your mother or my mother at a bad intersection, and we should do what we can to prevent that sort of thing. I do think, however, that a lot of credit is due to Commissioner Timilty for his work, although I feel also that the information asked for by the councilor should be supplied. I think it is very important for us to have that information.

Coun. LANGAN—Mr. President, I agree with Councilor Lyons that the Police Commissioner is doing a wonderful work. At the same time, I believe the order offered by Councilor Wilson will bring before this Council information that may lead us to proper action in the way of protecting the lives and property of the public. I feel that Councilor Wilson's order will bring before us statistics and information that will be very helpful to us.

Coun. SHATTUCK—Mr. President, of course the easiest thing for anyone charged with a public duty as an executive official is to say, "The service would be perfect if I had more men." We gave the commissioner more men a year or so ago, and the service seems to be about the same as it was before the additional men were given. We had that same question up on the courts, when I was in the Legislature. It was claimed that more judges were needed, when the real trouble was with the system. They needed to improve the system more than they needed additional judges. But the easiest thing to say was, "More judges," as in the case of the Police Commissioner the easiest thing to say is, "More policemen." I think a very good point was brought out by the councilor from Dorchester in speaking upon his order,—whether we could not more efficiently use the men we now have? I agree with him so far as traffic officers at many intersections are concerned, that we no longer, now that we have traffic lights, need, if we ever did need, more men on traffic service at certain times of the day. I observe in the morning when I go down Franklin and Devonshire streets that, although Devonshire street is a one-way street, we have traffic officers there. As a matter of fact, you have to look only one way, and I don't see any point in having a traffic man there. On Beacon street, in my own district, it does not seem to me necessary to have a man at Joy and Beacon streets. It is true, of course, so far as that being considered a Back Bay matter is concerned, that many of the people traveling at that corner are not people who live in the ward. They are traveling to and from Washington street and the North Station and simply happen to cross Beacon street while they are going from one point to another. So far as Beacon street traffic is concerned, it is controlled by the lights at Charles and Park streets, and people can easily watch for a time when there is no traffic, or virtually none, to make their crossings, without the aid of policemen. I think I understand conditions there because I go along and over that street many times. But I do think there are certainly two places where we might save the time of policemen for at least a part of the day. I should say that at Devonshire and Franklin streets it was not necessary to have a man at any time, and I am sure that there are many other such places throughout the city.

Coun. TAYLOR—Mr. President, I don't think the Police Commissioner can be criticized for the conditions in Boston today, because the conditions here are not like those in any other large city of the United States. It is my honest belief that the crime wave that has been referred to is not because of lack of police in Boston or because of the assignment of officers to traffic. There has been an increase of crime here, as in many other places, but that does not prove that it is because of lack of police protection. In my opinion, crime today is caused by economic conditions, and if we had twice as many policemen as we do we would still have crime. While no doubt the department needs more men, I don't think the Police Com-

missioner should be unjustly criticized for something over which he has no control, and over which none of the policemen have any control.

Coun. SULLIVAN—Mr. President, I believe that Police Commissioner Timilty has raised the efficiency of the Boston police force to a very high mark. I believe he is doing a splendid job, certainly in the district I represent, Brighton, where Captain McGrath is also doing a splendid job. However, I am in accord with Councilor Wilson in his desire to obtain the information he seeks in his order. That, no doubt, will be of use to us later on. I think there is no doubt that the police force of this city should be increased in number. So far as the officers in my district are concerned, however, I know that they are doing an excellent job. We have one of the lowest crime records in the city. There is no question in my mind, however, that we should have an increase in the police force at the present time.

Coun. CHASE—Mr. President, I don't think we should criticize the Police Commissioner. I think what we should do is to urge the Mayor of Boston to appropriate sufficient money to install more traffic lights. I know of several locations in my district where that should be done. At the corner of Stuart street and Huntington avenue, one of the most heavily traveled spots in Boston, there are no traffic lights, although a police officer is stationed there all day. That is not Commissioner Timilty's fault, but is because conditions are such as to demand it. If we had a traffic light there, the police officer could be stationed somewhere else, where he would be more needed. There are other intersections in my district where police officers are stationed because there are no traffic lights. That is not Commissioner Timilty's fault. We should have more money to install traffic lights. There are perhaps 100 dangerous intersections in Boston where there are no traffic lights and where policemen are stationed. I think the Mayor of Boston should investigate the matter and do everything possible to install traffic lights where they are needed, and then Commissioner Timilty could take off the traffic officers and put them on patrol duty. I believe that is really the essence of the trouble, the lack of traffic lights.

Coun. WILSON—Mr. President, I don't want my position misunderstood. These orders merely ask for information, and I believe the answers to them will be helpful to the Council and the Mayor. I have no criticism to make of Commissioner Timilty. Much of this trouble existed before he became Police Commissioner. I still believe, however, that one of the reasons for the crime wave is that there are too many men put on traffic duty in the daytime. Of course, when they are put on such duty in the daytime they cannot be expected to be put on patrol duty at night. I have in mind an incident in which I was involved four days before Christmas. It was up on Washington street, off Stuart. Another fellow driving an automobile forced me to the curb. I raced him down Washington, looking to find a police officer. We raced the two cars down Washington street, going from Stuart street downtown. It was eleven o'clock at night, and we were tearing along in a way that would certainly attract the attention of a police officer, if there were one around, before the cars would get very far. But I regret to say, I raced from Stuart down to Water street, without seeing a police officer; he turned down Water to Post Office square, where I lost him. In all that distance I did not see a uniformed officer, and that was four days before Christmas. My criticism is not so much of Commissioner Timilty, because, as I have said, the condition existed before he was Police Commissioner; but I say that there are too many officers doing traffic duty during the daytime, who naturally cannot be expected to be put on patrol duty on the streets at night, when they might prevent some of these things that are happening, and the prowl cars do not seem to fill the bill in that respect.

Coun. CAREY—Mr. President, I think we all agree that Police Commissioner Timilty is doing an excellent job. At the same time I think we should pass this order, which simply tends to give us information which will help clarify the situation so that we can perhaps act upon it more intelligently later. There are in my own district holdup men, bag snatchers, and so on, something that I did not hear so much about in past years. I also have in my district a great number of schools, and I have personally asked the local captain of Station 10 several times to assign officers in the morning, noon and afternoon to protect children going to and from school. I think that is a good work. I know that Captain Casey is doing a fine job out there, although he is handicapped by lack of men. We haven't enough police officers, and should have more in the City of Boston. That is a defect that should be remedied.

Coun. Wilson's orders were passed under suspension of the rule.

ADDITIONAL POLICE OFFICERS.

Coun. KERRIGAN offered the following:
Ordered, That the Boston Police Commissioner be requested, through his Honor the Mayor, to assign one hundred additional police officers to the present force.

Coun. IRWIN—Mr. President, I rise to a point of information. I would like to know if under the statute the Police Commissioner is allowed to

assign additional patrolmen to the department, whether he can act without the assistance of the Mayor and the Council?

President MURRAY—The Chair will state that it requires concurrent action of the Mayor and the Police Commissioner.

Coun. IRWIN—And I understand that it requires no orders from the Council?

President MURRAY—This is simply a request. The order was passed under suspension of the rule.

AUTOMATIC TRAFFIC SIGNALS, WARD 19.

Coun. LANGAN offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install automatic traffic signals on Cummins Highway, at Brown avenue, Ward 19, in the Sacred Heart Church district of the ward.

Passed under suspension of the rule.

GLASS INCLOSURE AT GREEN STREET STATION.

Coun. LANGAN offered the following:

Ordered, That the trustees of the Boston Elevated Railway be requested, through his Honor the Mayor, to install a glass inclosure at Green Street Station for the health, comfort and convenience of those awaiting the bus which travels up Green street to the monument in Jamaica Plain.

Passed under suspension of the rule.

REMOVAL OF SNOW FROM SIDEWALKS.

Coun. LANGAN offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to comply with the statute requirements in seeing to it that snow is removed from all sidewalks within forty-eight hours after each storm.

Coun. LANGAN—Mr. President, although the requirement that snow shall be removed from sidewalks within forty-eight hours after a storm has been long established, I think we will all agree that it has not been properly enforced, probably through no dereliction of the Police Commissioner, but because the owners of adjoining property fail in their duty in this respect and because the police force at the present time is inadequate to properly notify such owners that they have not performed their duty. During the past two weeks I have observed many pedestrians in my section falling and stumbling over sidewalks that have been neglected. I feel, therefore, that if abutting owners do not recognize their civic duty, the Police Commissioner, with his officers, may well be required to see that the law is enforced.

The order was passed under suspension of the rule.

SHELTER ON CENTRE STREET.

Coun. LANGAN and LYONS offered the following:

Ordered, That the trustees of the Boston Elevated Railway be requested, through his Honor the Mayor, to erect a shelter on Centre street, Jamaica Plain, opposite the Faulkner Hospital, Ward 19.

Passed under suspension of the rule.

BUS SERVICE, GREEN STREET STATION—WEST ROXBURY LINE.

Coun. LYONS offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to make a survey of the bus service on the Green Street Station—West Roxbury line with a view to improving the service, especially during rush hours, so that patrons will not have to stand in cold and inclement weather from twenty minutes to a half hour waiting for busses.

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to consider the advisability of extending the present Green Street Station—West Roxbury bus line to Forest Hills over the following route:

From the monument at South and Centre streets over South street, Asticou road, into Forest Hills Station.

Coun. LYONS—Mr. President, I have offered these two orders, one requesting the trustees of the Boston Elevated to make a survey of the bus service on the Green Street Station—West Roxbury line, and the other asking the trustees to consider the advisability of extending the present bus service on that line to Forest Hills, because the people of my section feel that it is very important that such action be taken. I don't think it is proper to ask patrons of that line to stand in cold,

inclement weather from twenty minutes to a half hour waiting for a bus. Of course, the Elevated Trustees talk about how they are losing money, and we get accounts of their deficits every year. I still think, however, that if they gave better and quicker service more people would use the buses and the street cars. That is the reason why I have introduced the first order, asking that a survey be made with a view to remedying the present situation. As to the second order, for the trustees to consider the advisability of extending the present Green Street Station—West Roxbury bus line to Forest Hills from the monument at South and Centre streets, over South street, Asticou road, and into Forest Hills Station, such an extension would mean a great deal to the people of my section. It would help obviate the present difficulty at Green street, where there are 100 steps to climb to the Green street structure, which is very hard on elderly or disabled people. I do not see why something of the kind should not be done. Of course, if we asked for an escalator at Green street the trustees would immediately say that, due to deficits, they have no money for an escalator at Green street. At Forest Hills there have one. It would really save money if there was this extension between Forest Hills and Green street, and it would help handle the crowd that gathers there night and day. I believe the trustees should increase the service and should give people the accommodation they are paying for.

The order was passed under suspension of the rule.

W. P. A. PROJECT FOR BRANCH LIBRARY, WARD 20.

Coun. LYONS offered the following:

Ordered, That the trustees of the Boston Public Library be requested, through his Honor the Mayor, to submit as a W. P. A. project the remodeling of the abandoned school at Washington and Stimson streets, West Roxbury, for use as a branch library.

Coun. LYONS—Mr. President, I put that order in last year, in regard to establishing a branch library in West Roxbury, in the Germantown section, and received the answer back that, due to lack of funds, the trustees would not be able to establish such a branch library. There is a school there that is standing idle, just like the West Roxbury hospital buildings, and I have therefore suggested in this order that the Library Trustees be requested, through the Mayor, to submit as a W. P. A. project the remodeling of the abandoned school at Washington and Stimson streets, West Roxbury, for use as a branch library. The only cost then would be for the books. Through a W. P. A. project a nice little library could be arranged for, where the children and the older people of the section might go. The West Roxbury branch library is two miles or more away, and the Roslindale branch is also far away from that section. People in Germantown would not care to have their children go to either of these other libraries through slush and mire to get books. I trust, therefore, that his Honor the Mayor will see the trustees of the library and that they will use their best efforts to put a branch library out there, as a W. P. A. project, thus furnishing something worth while for the citizens of that neighborhood.

The order was passed under suspension of the rule.

REPLACEMENT OF GAS LAMPS, GROVE STREET, WARD 20.

Coun. LYONS offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace the present obsolete gas lamps on Grove street, Ward 20, from Washington street to the Dedham line, with modern electric lights.

Passed under suspension of the rules.

COMPENSATION FOR POLICE OFFICERS.

Coun. LYONS offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to make some arrangement for the compensation of police officers, either through extra pay or time off, who are obliged to appear in court to assist in the prosecution of cases after their tour of duty has been completed or on their day off.

Coun. LYONS—Mr. President, I think the police officers who have completed their tour of duty at night and who are expected to go to court the day after to assist in the prosecution of cases should be given time off or reimbursement in money as compensation. It is certainly unjust to expect an officer who walks the streets at night to have to go down to court at nine o'clock the next morning, without being compensated for it. I think, therefore, that if the Police Commissioner would speak to his Honor the Mayor in regard to the propriety of reimbursement for officers under such conditions, either in the way of pay or time off, the officers would be in condition to do a

better job, although they are doing a very good job now, and they would be in better shape and in a better frame of mind to capture thieves and robbers.

The order was passed under suspension of the rule.

SMOOTH PAVEMENT FOR PARK STREET.

Coun. FITZGERALD offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace the cobblestones on Park street with smooth pavement.

Passed under suspension of the rule.

NUMBER OF TRAFFIC OFFICERS AT DANGEROUS INTERSECTIONS.

Coun. CHASE offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to advise the City Council how many traffic officers are stationed at dangerous intersections where there are no traffic lights.

Coun. CHASE—Mr. President, I know of five dangerous intersections in my district which should be covered with traffic lights and where, instead of having traffic lights, they have police officers. I contend that the failure to have traffic lights in such places on the ground of economy represents a false economy. A police officer, Mr. President, is paid approximately \$2,000 a year, and instead of placing the officer at a dangerous intersection it would be much cheaper to install traffic light at such an intersection. I contend, sir, that we have in the City of Boston over 100 dangerous intersections covered by Boston policemen and that these dangerous intersections could be better covered by traffic lights and the danger at such places thus removed. I hope his Honor the Mayor will see fit this year to provide these dangerous intersections with the necessary traffic lights.

The order was passed under suspension of the rule.

REMOVAL OF ICE AND SNOW FROM WARD 14 CROSSWALKS.

Coun. ROSENBERG offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to instruct the various district foremen to remove ice and snow from all the crosswalks in the Ward 14 section of Boston.

Coun. ROSENBERG—Mr. President, I realize that the department may perhaps be undermanned in the matter of clearing snow and ice from the streets, but I think there is particular need of clearing snow and ice from the crosswalks. There is much danger to the public on the crosswalks of the different highways of our city, because of ice and snow. That is not only true of Ward 14, but of other sections of the city. I trust, therefore, that a special effort will be made to clear the crosswalks not only in Ward 14 but throughout the city.

The order was passed under suspension of the rule.

RECESS.

The Council voted at 3.43 p. m., on motion of Coun. LANGAN, to take a recess subject to the call of the Chair. The members reassembled and were called to order by President MURRAY at 4.41 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. WILSON, for the Executive Committee, submitted the following:

1. Report on order (referred today) that Commissioner of Public Works arrange for payment of men engaged on snow removal work in yard from which they are assigned—that same ought to pass.

Report accepted; said order passed.

2. Report on order (referred today) raising salary of second assistant city messenger from \$2,250 to \$2,750 per year—recommending reference to the Rules Committee.

Report accepted; order referred to the Committee on Rules.

SEARCH FOR MISSING CHILDREN.

Coun. HARRIS offered the following:

Ordered, That the Police and Fire Commissioners be requested, through his Honor the Mayor, to cooperate and place every available man in their department at work in searching every cellar in the vicinity of the homes of Elizabeth Roche, aged five years, and Lawrence Bowles, aged seven years, who have been missing since Friday, February 3, and that, if necessary, the ice be blasted from the Muddy River in order to facilitate the search for these children.

Passed under suspension of the rule.

Adjourned at 4.55 p. m., on motion of Coun. ROSENBERG, to meet on Monday, February 13 1939, at 2 p. m.

POLICE DEPARTMENT ORDERS.

BOSTON, February 10, 1939.

General Order No. 297.

In accordance with the initiative petition known as Question No. 2 and appearing upon the official ballot at the State Election held on November 8, 1938, and approved by the People at the said State Election and approved by the City Council and the Mayor of Boston; and in accordance with all provisions of chapter 392 of the Acts of 1930, not inconsistent with the provisions of the initiative measure, the following designated portions of public ways in the City of Boston are hereby designated as PUBLIC TAXICAB STANDS, effective as of February 11, 1939, 7.45 a. m.

PUBLIC HACKNEY CARRIAGE STANDS.

POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (i. e., one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9.563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

W. P. A.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING STRUCTURAL STEEL.

The Supply Department of the City of Boston invites proposals for furnishing to the Public Works Department, Paving Division, structural steel, as per specifications, to be delivered in such quantities as required. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each set of blank proposals taken out.* Bids, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Monday, February 27, 1939, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent of Supplies reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,

(Feb. 18.) Superintendent of Supplies.

CITY OF BOSTON

SUPPLY DEPARTMENT

PROPOSAL FOR WHITE AND RED LEAD.

The Supply Department of the City of Boston invites proposals for furnishing white and red lead, as required, to the various city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bid, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies before 12 m., Tuesday, February 28, 1939, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BLASTING ROCK FOR SEWERAGE WORKS IN DORCHESTER AND HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for blasting rock for sewerage works in Dorchester and Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Blasting Rock for Sewerage Works in Dorchester and Hyde Park," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, February 27, 1939, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(Feb. 18.) *Commissioner of Public Works.*

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about five hundred seven (507) square feet of land lying in the rear from the westerly side of Washington street, Dorchester, and more fully described in a tax deed dated September 29, 1931, and registered as Document No. 107946, Suffolk Registry District of Land Court, on Tuesday, February 21, 1939, at 10.30 a. m., on the premises, at a minimum price of eighty-five (85) dollars.

A deposit required at the time and place of sale of ten (10) dollars in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, Room 1008, City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Feb. 11-18.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BLASTING ROCK FOR SEWERAGE WORKS IN WEST ROXBURY AND BRIGHTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for blasting rock for sewerage works in West Roxbury and Brighton. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Blasting Rock for Sewerage Works in West Roxbury and Brighton," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, February 24, 1939, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(Feb. 18.) *Commissioner of Public Works.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR ROAD ASPHALT FOR CONSTRUCTION.

The Supply Department of the City of Boston invites proposals for furnishing and applying road asphalt for construction, OA-2 as per specifications. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* Deliveries to be made on such streets as may be designated by the Commissioner of Public Works within the city limits, to be delivered as required. Proposals, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, will be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, until 12 m. Friday, February 24, 1939, at which time and place they will be publicly opened and read. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. A duplicate bid, without check, must be left with the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Feb. 18.) *Superintendent of Supplies.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SEWER PIPE.

The Supply Department of the City of Boston invites proposals for furnishing sewer pipe to the Sewer Division. Blank proposals may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. *There will be a charge of thirty cents (\$0.30) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Tuesday, February 28, 1939, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Feb. 18.) *Superintendent of Supplies.*

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR LOBBY BUILDING, MATAPAN STATION, DORCHESTER RAPID TRANSIT.

The Transit Department of the City of Boston, 1 Beacon street, invites proposals for a one-story wooden Lobby Building in the Mattapan Station of the Dorchester Rapid Transit. Specifications may be obtained at the office of the Department on and after Tuesday, February 21, 1939. A deposit of \$5, in cash or certified check, will be required for two sets of specifications. Mutation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Monday, March 6, 1939. A properly certified check in the sum of two thousand (2,000) dollars, payable to the city, must accompany the proposal. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is contained in the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Transit Department. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

GERTRUDE V. CASEY,
(Feb. 18.) *Acting Secretary.*

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted. That the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective February 20, 1939:

Section 15 is amended by adding the following words: "or with one rear wheel to the curb or edge of the roadway and headed in the direction of traffic," so that the section reads as follows:

SECTION 15. COMMERCIAL VEHICLES MAY BACK TO CURB OR EDGE OF ROADWAY.

Subject to the provisions of sections 7, 8, 16, 17 and 19, commercial vehicles may be parked with both rear wheels to the curb or edge of the roadway, or with one rear wheel to the curb or edge of the roadway and headed in the direction of traffic, while loading or unloading materials, provided such parking leaves a clear and unobstructed lane at least ten (10) feet wide for the passage of traffic.

WILLIAM P. HICKEY,
(Feb. 11-18.) *Commissioner.*

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 31.

SATURDAY, FEBRUARY 25, 1939.

No. 8

FIFTEEN HUNDRED FEET OF THE HUNTINGTON AVENUE SUBWAY, OR MORE THAN ONE THIRD OF THE PROJECT, COMPLETED — WORK HAS PROCEEDED WITH NO UNUSUAL PROBLEMS AND NO SERIOUS INJURY — SUBWAY WILL STRETCH FROM THE CONNECTION WITH THE BOYLSTON STREET TUNNEL AT EXETER STREET TO A POINT NEAR GAINSBOROUGH STREET AND OPERA PLACE — TOTAL COST WILL BE, AS ESTIMATED, \$7,125,937 — THIS INCLUDES THE PROJECTED UNDERPASS AT THE JUNCTION OF MASSACHUSETTS AND HUNTINGTON AVENUES, WHICH WILL MEAN AN OUTLAY OF APPROXIMATELY \$400,000.

Two years ago last fall the first spadeful of earth was turned on Exeter street for the beginning of the Huntington Avenue Subway project, which at that time embraced a connection with the Boylston Street Tunnel at Exeter and Boylston streets, with an outlet at Mechanics Building. Today 1,500 feet of that construction work is finished, and the Boston Transit Department, Col. Thomas F. Sullivan, chairman, will admit that wonderfully good progress has been made under rather difficult conditions.

The subway project as originally provided for is about one third as long as that now planned. An extension was made possible by another Federal allotment, and the combined undertaking will prove a step toward the amelioration of surface traffic conditions along Huntington avenue and Boylston street which will mean much to the entire downtown district.

Approximately 2,000 men are at work on the subway and the three-shift principle has been used almost from the beginning. The first plans called for an underground passage from the Exeter-Boylston street junction through Exeter street and down under the four main-line tracks of the Boston & Albany Railroad to a point near West Newton street. This work was estimated to cost \$2,058,590, of which the city's share was \$786,000. The second section, extending to Gainsborough street, was estimated to cost \$5,067,347, of which the city's share was \$1,144,000. In all, the subway will be 4,200 feet in length.

Extra Work Included.

The project includes the construction of an underpass at the junction of Massachusetts and Huntington avenues, a great undertaking in itself, with an estimated cost of approximately \$400,000. It also includes the filling up of the incline at Boylston street, near Arlington street, thus throwing open to traffic a relatively large area which was converted to subway purposes many years ago.

The Boston Transit Department has had so much experience in subway construction for the last few decades that another link in Boston's underground transportation system is merely another venture. Just forty years ago the City of Boston opened the first subway in the country, running from the edge of the Public Garden on Boylston street to Park street. The late Howard A. Carson, then city engineer, was placed in charge of the work. He had never built a subway, but he had supervised the construction of many large sewers, and he followed the same method when he started the work of subway building.

The original subway had hardly been completed when the construction of the Washington Street Tunnel was begun. Originally, this tunnel ran from Park square to Harvard square. The section in Boston through Beacon Hill was built by the city, and the remainder, including the elevated structure across the bridge and the subway on the Cambridge side, was built by the Elevated Company, sold to the state in 1918, then leased to the Elevated.

This tunnel, including the three and a half mile surface extension to Ashmont, also built and owned by the city, is now nine miles long and forms the east-west cross-traffic facility matched by the seven-mile north-south stretch from Everett to Forest Hills.

After the Cambridge Tunnel proper was opened in 1912 it was extended to Washington street in 1915; to the South Station in 1916; to Broadway, South Boston, in 1917; to Andrew square in 1918; to Field's Corner in 1927; and, finally, the system reached Ashmont in 1928.

Boston pioneered again in 1904, when it pushed a street-car tunnel under the harbor, connecting East Boston to Boston. This was the first subway under tidewater built in this country. In 1914 the city opened the Boylston Street Tunnel, about a mile and a half long. Later, this was extended to Governor square, and latterly extended beyond Governor square on both Commonwealth avenue and Beacon street. The latest enterprise of the kind was the Sumner Traffic Tunnel, between Boston and East Boston, which is partly financed by tolls.

When the Huntington Avenue Subway is opened Huntington avenue will appear as a broad boulevard, minus the center reservation and all street car traffic. Likewise Copley square and that portion of Boylston street which serves surface cars using the subway will be freed from such service. Equally important will be the traffic benefit to result from the Massachusetts Avenue Underpass. This is one of the most troublesome traffic centers in the city, and has given the Police Department great anxiety during the busy seasons in the places of public assembly. This underpass will prove as much advantage to traffic as a similar one at the junction of Massachusetts and Commonwealth avenues which was completed a year ago.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

Old South News-Stand, Old South entrance to subway.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 18 Oliver street, fourth floor.

TEMPORARY REMOVAL OF MUNICIPAL DEPARTMENTS.

The Statistics Department and *City Record*, until further notice, will be located at 18 Oliver street, fourth floor, telephone LAF. 5100. Subscriptions and sales of the *City Record* will be promptly handled at the above address.

The City Planning Board until further notice will be located at 18 Oliver street, fourth floor, telephone LAF. 5100.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, February 27, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped

area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 18 Oliver street, fourth floor, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 18 Oliver street, fourth floor, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending February 18, 1939.

Population as of July, 1938, Massachusetts State Census, 817,713; population estimated, July, 1939, United States Census Bureau, 811,816; number of deaths (stillbirths excluded): Residents, 201; nonresidents, 39; total, 240.

Death rate per 1,000 of population: All deaths, 15.37; nonresidents deducted, 12.87.

Death rate per 1,000 of population:

Last week, 16.72, corresponding week last year, 13.25.

Deaths by age periods, sex, etc.: Under one year, 12; one year to four years, inclusive, 3; sixty years and over, 147. Total deaths: Male, 119; female, 121; deaths in hospitals and institutions, 137; deaths of colored, 10.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, February 23:

FIRE DEPARTMENT.

Albert W. Burns has been transferred from the Penal Institutions Department as second-class plant engineer at \$45 a week to the Fire Department as fireman (stationary) at \$48.30 a week (seven days).

HEALTH DEPARTMENT.

Mary L. Prout has been appointed as assistant in health education at \$1,200 a year.

HOSPITAL DEPARTMENT.

The following appointments have been approved:

Mary Carroll Caulfield as bacteriological technician, temporary, at \$25 a week.

John F. Regan as gateman at \$11.50 a week.

PRINTING DEPARTMENT.

Roland D. Flynn has been appointed as copyholder at \$1,000 a year.

PUBLIC WORKS DEPARTMENT.

John J. Healy has been appointed as assistant supervisor at \$30 a week.

The snowstorm of January 30 necessitated the employment of additional emergency laborers at \$5 a day to supplement the work of the department forces in the clearing of streets of snow and ice, for which approval was given as follows: 12 men for one day, February 2; 28 men for one day, February 3; 441 men for one and a half days, February 5.

The snowstorm of January 30 necessitated the employment of about 666 emergency laborers at \$5 a day, for a period of from one to six days from February 8, in the clearing of streets of snow and ice, for which approval has been given.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Public Works Department (Bridge Service).

For the week ending Tuesday, February 7:

L. Altman, J. J. Gately, A. E. Glenn, E. Hayes, J. J. Murphy, M. Masalski, G. V. McLaughlin, P. McGuire, T. V. Sullivan, F. C. Thistle, M. J. Landrigan, mechanics, 1½ days, \$9.75 each; J. Delorey, ¾ day, \$5.25; C. M. McGowan, chauffeur, ¾ day, \$4.81; P. R. Tully, chauffeur, 1½ days, \$8.94; J. P. Considine, chauffeur, 2½ days, \$13.06; W. F. Wenzel, chauffeur, 1½ days, \$9.75; J. L. Hennessey, laborer, 1½ days, \$6.25; J. E. Murray, 1½ days, \$8.13. Total, \$163.44.

Public Works Department (Sewer Service).

For the period January 30 to February 5:

Edmund J. Morgan, William H. Armstrong, William J. Burke, masons, 1½ days, \$10.50 each; Thomas J. McLaughlin, mason, 1½ days, \$9; Leslie F. Perry, brick mason, 1½ days, \$9; John H.

Waters, Michael Mooney, Edward Borgusch, sewer cleaners, 1½ days, \$10.50 each; John J. Shea, chauffeur, 1½ days, \$8.44; Leo A. Kilduff, Jeremiah J. Brosnan, John J. Sullivan, Joseph Faretio, Thomas Duffy, Louis Paglia, sewer cleaners, 1½ days, \$9 each; Daniel A. Donovan, Charles F. Caffrey, chauffeurs, 1½ days, \$8.25 each; Edward Francis, chauffeur, ½ day, \$2.75; James E. St. George, C. B. C. M. operator, ½ day, \$2.75; Henry J. O'Brien, Joseph Clougherty, Louis H. Runkal, Onazio Morganello, Benjamin Desro, Louis Brunetto, laborers, ½ day, \$2.50 each; James Kiley, chauffeur-laborer, 1½ days, \$7.50; William Logue, laborer, 1½ days, \$7.50; William H. Synnott, mason, 1½ days, \$10.50; Joseph F. Power, laborer, 1½ days, \$7.50; Jeremiah McCarthy, mason, 1½ days, \$10.50; Coleman Gorham, carpenter, 1½ days, \$9; Daniel A. Sweeney, chauffeur-laborer, 1½ days, \$7.50; Joseph Reardon, laborer, 1½ days, \$7.50; Joseph P. Miley, laborer, 2½ days, \$13.13; Pelligrino Colarusso, laborer, 2½ days, \$10.31; Martin Connolly, chauffeur, ½ day, \$4.13; John Kelley, C. B. C. M. operator, 1½ days, \$8.25; Arthur Gleason, chauffeur-laborer, 1½ days, \$7.56; Daniel R. Hurley, chauffeur-laborer, ½ day, \$4.13; H. J. Bentley, P. J. Buckley, P. McGowan, laborers, ½ day, \$3.75 each; B. M. Norton, sewer cleaner, ½ day, \$4.50; J. J. Splaine, laborer, ½ day, \$3.75; Daniel Sullivan, C. B. C. M. operator, ½ day, \$4.50; Patrick Foley, sewer cleaner, ½ day, \$4.50; M. J. McGovern, chauffeur-laborer, ½ day, \$4.13; Nicholas Schaaf, C. B. C. M. operator, ½ day, \$4.50; James J. Mitchell, mason, ½ day, \$4.50; Joseph Capillo, chauffeur-laborer, ½ day, \$4.13; P. DiAmico, laborer, ½ day, \$3.75; Thomas F. Connolly, sewer cleaner, ½ day, \$4.50; J. J. Kelly, chauffeur-teamster, ½ day, \$4.13; P. J. Mullen, H. C. Murray, laborers, ½ day, \$3.75 each; J. H. Spellman, sewer cleaner, ½ day, \$4.50; J. A. Ryan, C. B. C. M. operator, ½ day, \$4.13; W. J. McCarthy, chauffeur-laborer, ½ day, \$3.75; A. Carnilla, Patrick Dillon, laborers, ½ day, \$3.75 each; L. A. Kerrigan, chauffeur-laborer, 4½ days, \$20.63; Joseph F. Curtin, working foreman laborer, 1½ days, \$8.75; James J. Doherty, chauffeur, 1½ days, \$9.63; Joseph F. Burke, chauffeur-auto messenger, 1½ days, \$6.75; Frank P. Toomey, laborer-locksman, ½ day, \$2.50; L. V. Carleton, laborer, 1½ days, \$7.50. Total, \$436.73.

Public Works Department (Summer Traffic Tunnel).

For the week ending Tuesday, February 7:

W. Lamie, D. M. Donoghue, laborers, janitors, ½ day, \$2.50 each; H. M. Dykstra, G. F. Burke, M. J. Gaines, J. C. McGilvray, J. J. Murray, mechanics, ½ day, \$3 each. Total, \$20.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

HOSPITAL DEPARTMENT.

Upon February 16 the Mayor approved a contract with William J. Finn for the purchase and removal of garbage from Main Department, Boston City Hospital. Bids, opened at the hospital on Tuesday, December 13, were as follows:

Francis P. Dolan, \$168 per month; Thomas E. Bryan, \$165 per month; William J. Finn, \$165 per month; Walter Dolan, \$161 per month; Mark H. Lynch, \$160 per month; Edward M. Dwyer, \$125 per month; Pure-Bred Hog Farms, Incorporated, \$77 per month; Joseph Skiendiel, \$50 per month.

PUBLIC WORKS DEPARTMENT.

Upon February 14 the Mayor approved a contract with Baker & Co. for laying, jointing and riveting 48-inch welded steel water pipe in Huntington avenue and Tremont street, Roxbury, at an estimated cost of \$6,890. The following bids were received February 10:

Baker & Co., \$6,890; Martin J. Kelly, \$7,800; J. J. Callahan, \$11,050; M. F. Gaddis, Incorporated, \$11,258; Marinucci Brothers & Co., \$12,324; V. J. Grande Company, \$12,350; Edward M. Matz, Incorporated, \$16,250; M. DeMatteo Construction Company, \$17,914; C. & R. Construction Company, \$19,500.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing groundwood-sulfite writing paper, in packages and blocks, for Boston public schools. Bids, opened Monday, January 16, were received from the following concerns:

E. E. Babb & Company, Incorporated, Milton Bradley Company, Gledhill Brothers, Incorporated, J. L. Hammett Company.

Award was made to the lowest responsible bidder in accordance with specifications and contract executed as follows:

February 3, 1939, Milton Bradley Company, \$6,396.

The School Committee has approved proposals for rebinding books. Bids, opened Tuesday, January 10, were as follows:

George Coleman Company, 35 cents per book; discount, 2 per cent, ten days.

Contract was awarded to George Coleman Company, under date of January 26 1939.

SUPPLY DEPARTMENT.

Upon February 16 the Mayor approved a contract with the Trimount Bituminous Products Company for furnishing approximately 5,000 tons bituminous patching mixture to be delivered to the city departments, as required, until December 31, 1939, with the privilege of purchasing on the same terms and conditions extended to February 1, 1940. The approximate amount of the contract was \$22,050. Bids, opened February 6, were as follows:

Approximately 5,000 Tons Bituminous Patching Mixture, Furnished and Delivered to the City Yards, or to Any Street Designated in the City of Boston (East Boston, South Boston, Charlestown, City Proper, Ashmont and Hyde Park), Per Ton.—Samuel J. Tomasello Corporation, \$5.63; total, \$28,150; National Contractors Company, \$5.52; total, \$27,600; Trimount Bituminous Products Company, \$4.41; total, \$22,050; Central Construction Company, \$5; total, \$25,000.

Cash Discount, Ten Days.—Samuel J. Tomasello Corporation, 2 per cent; Trimount Bituminous Products Company, 2 per cent; Central Construction Company, 2 per cent.

Net Total.—Samuel J. Tomasello Corporation, \$27,587; National Contractors Company, \$27,600, Nacontracite 1-8;

Trimount Bituminous Products Company, \$21 609; Central Construction Company, \$24 500.

Upon February 16 the Mayor approved a contract with the New England Structural Company for furnishing fabricated steel, as per plans and specifications, for renovation of Boston City Hall, Public Buildings Department, W. P. A., at a total price of \$1,526, less one half of 1 per cent cash discount for payment in ten days. Bids, opened February 9, were as follows:

Fabricated Steel For Renovation of Boston City Hall, As Per Plans and Specifications, to be Delivered at City Hall as Required, Immediately Upon Request of Public Buildings Department.—West End Iron Works, \$1,644; New England Structural Company, \$1,526; Groisser & Shlager Iron Works, \$1,695; Waghorne-Brown Company, \$1,746.

Cash Discount, Ten Days.—West End Iron Works, one half of 1 per cent; New England Structural Company, one half of 1 per cent; Groisser & Shlager Iron Works, one half of 1 per cent; Waghorne-Brown Company, one half of 1 per cent.

Upon February 16 the Mayor approved contracts with lowest bidders as indicated for furnishing gases (medical and industrial) to be delivered to the various city departments, as required, until December 31, 1939, with the privilege of purchasing on the same terms and conditions extended to February 1, 1940. The approximate totals of awards were as follows:

The Linde Air Products Company, \$6,322.78; New England Gas Products, Incorporated, \$3,844; The S. S. White Dental Manufacturing Company, \$3,438.75; The Ohio Chemical and Manufacturing Company, \$151.75; Thomas A. Edison, Incorporated, \$29.25. Total, \$13,786.53.

Bids, opened January 16, were as follows:

Approximate Amounts on All Items. Empty Cylinders Not To Be Charged on Bills.

Various City Departments.

110 Tanks Acetylene, 275 Cubic Feet to Tank, Per C. Cubic Feet.—The Linde Air Products Company, \$2.35*; New England Gas Products, Incorporated, \$2.40.

2,500 Tanks Oxygen, 220 Cubic Feet to Tank, Per C. Cubic Feet.—The Linde Air Products Company, \$1*; New England Gas Products, Incorporated, \$1.10.

875 Tanks Nitrous Oxide, 250 Gallons Each, Per Tank.—New England Gas Products, Incorporated, \$4.66; The S. S. White Dental Manufacturing Company, \$3.93*; Puritan Compressed Gas Corporation, \$4.05; The Ohio Chemical and Manufacturing Company, \$4.05, "D"; Thomas A. Edison, Incorporated, \$4.50.

1,200 Tanks Oxygen, 80 Gallons Each, Per Tank.—New England Gas Products, Incorporated, \$1.75*; The S. S. White Dental Manufacturing Company, \$2.25; Puritan Compressed Gas Corporation, \$2.25; The Ohio Chemical and Manufacturing Company, \$2.25, "D"; Thomas A. Edison, Incorporated, \$2.50.

Water Division, Public Works Department.

36 Tanks Acetylene, B Size, Per C. Cubic Feet.—The Linde Air Products Company, \$2.75 per cylinder,* bid covers the furnishing of full Prest-O-Lite acetylene cylinders in exchange for empty Prest-O-Lite cylinders of same type and size.

6 Tanks Acetylene, E Size, Per C. Cubic Feet.—The Linde Air Products Company, \$2.15 per cylinder,* bid covers the furnishing of full Prest-O-Lite acetylene cylinders in exchange for empty Prest-O-Lite cylinders of same type and size.

Long Island and Sanatorium Division.

9 Tanks Carbon Dioxide, 450 Gallons, Per Tank.—The Ohio Chemical and Manufacturing Company, \$4.50, "F," carbon dioxide and oxygen mixture; Thomas A. Edison, Incorporated, \$3.25,* tank of 420 gallons.

Long Island Hospital.

5 Tanks Carbon Dioxide, 4 Pounds Each, Per Tank.—The Ohio Chemical and Manufacturing Company, \$2.47, "D"; Thomas A. Edison, Incorporated, \$2.75.

Boston City Hospital.

20 Tanks CO 2 100 Per Cent Gas, 250 Gallons Each, Per Tank.—The S. S. White Dental Manufacturing Company, \$2.47; The Ohio Chemical and Manufacturing Company, \$2.47, "D"; Thomas A. Edison, Incorporated, \$2.75.

20 Tanks CO 2 100 Per Cent Gas, 20-Pound Tanks, Per Pound.—The S. S. White Dental Manufacturing Company, 22.5 cents; The Ohio Chemical and Manufacturing Company, 22.5 cents.*

800 Tanks Gas Mixture "D," 80 Gallons Each, Per Tank.—New England Gas Products, Incorporated, \$2.18*; The S. S. White Dental Manufacturing Company, \$2.70; Puritan Compressed Gas Corporation, \$2.70; The Ohio Chemical and Manufacturing Company, \$2.70; Thomas A. Edison, Incorporated, \$3.

Cash Discount, Ten Days.—New England Gas Products, Incorporated, 2 per cent; The S. S. White Dental Manufacturing Company, 2 per cent; Puritan Compressed Gas Corporation, 2 per cent, 10th proximo; free loan period of three months on cylinders, after which there will be a demurrage charge of 2 per cent; cylinders valued at \$8 each; The Ohio Chemical and Manufacturing Company, 2 per cent; cylinders loaned; Thomas A. Edison, Incorporated, 2 per cent; free loan period of three months on cylinders, after which there will be a demurrage charge of 2 per cent; The Linde Air Products Company, the buyer shall return each cylinder (industrial oxygen and acetylene) when empty to the distributing station of the seller from which the same was shipped, and not later than ninety days after its delivery to the buyer; provided that if any loaned cylinders are not returned within thirty days from date of shipment the seller reserves the right to make a demurrage charge of two cents per cylinder per day for all time over thirty days that each said cylinder is away from the seller's said distributing station, which demurrage charge the buyer agrees to pay on demand; the buyer shall pay on demand to the seller, at the seller's then established valuations and rates, for loss of or damage to any of said cylinders or fittings resulting from any cause while in the control or possession of the buyer.

* Contract awarded.

Upon February 16 the Mayor approved a contract with the Eastland Farms, Incorporated, for furnishing Ice Cream Mix to be delivered to the various city departments, as required, until December 31, 1939, with the privilege of purchasing on the same terms and conditions extended

to February 1, 1940. The approximate amount of the contract was \$9,360. Bids, opened January 13, were as follows:

Approximately 12,000 Gallons Ice Cream Mix, Delivered as Required, in Sealed Containers, Per Gallon.—Whiting Milk Company, 83.5 cents; total, \$10,020; United Farmers' Co-operative Creamery Association, Incorporated, 82 cents; total, \$9,840; Eastland Farms, Incorporated, 78 cents; total, \$9,360; H. P. Hood & Sons, Incorporated, 79.4 cents; total, \$9,528.

Cash Discount, Ten Days.—Eastland Farms, Incorporated, 2 per cent.

Upon February 16 the Mayor approved a contract with E. R. Squibb & Sons for furnishing ether to be delivered to the various city departments, as required, until December 31, 1939, with the privilege of purchasing on the same terms and conditions extended to February 1, 1940. The approximate amount of the contract was \$4,260. Bids, opened January 16, were as follows:

Approximate Amounts on All Items.

Squibb or Mallinckrodt Ether Only.

50 1-Pound Cans Ether, Per Can.—E. R. Squibb & Sons, 40 cents*; Mallinckrodt Chemical Works, 40 cents.

16,000 Half-Pound Cans Ether, Per Can.—E. R. Squibb & Sons, 25 cents*; Mallinckrodt Chemical Works, 25 cents.

1,500 Quarter-Pound Cans Ether, Per Can.—E. R. Squibb & Sons, 16 cents*; Mallinckrodt Chemical Works, 16 cents.

Total.—E. R. Squibb & Sons, \$4,260; Mallinckrodt Chemical Works, \$4,260.

Cash Discount, Ten Days.—E. R. Squibb & Sons, 2 per cent; Squibb; Mallinckrodt Chemical Works, 2 per cent.

City of Boston to be given the advantage of any decrease in price.

* Contract awarded.

Upon February 16 the Mayor approved a contract with the George McQuesten Company, Incorporated, for furnishing lumber to be delivered to Wait street, corner Huntington avenue, Roxbury, for the Water Division, Public Works Department, W. P. A. The approximate amount of the contract was \$1,800. Bids, opened February 10, were as follows:

21,000 Board Feet Lumber, 6 Inches by 8 Inches by 16 Feet, Per M. Board Feet.—George McQuesten Company, Incorporated, \$56*; Howell Lumber Company, \$59.

7,000 Board Feet Lumber, 8 Inches by 10 Inches by 20 Feet, Per M. Board Feet.—George McQuesten Company, Incorporated, \$66*; Howell Lumber Company, \$69.

3,000 Board Feet Lumber, 6 Inches by 6 Inches by 16 Feet, Per M. Board Feet.—George McQuesten Company, Incorporated, \$54*; Howell Lumber Company, \$66.

Total.—George McQuesten Company, Incorporated, \$1,800; Howell Lumber Company, \$1,920.

Cash Discount, Ten Days.—George McQuesten Company, Incorporated, 2 per cent, 10th proximo; Howell Lumber Company, 2 per cent.

Net Total.—George McQuesten Company, Incorporated, \$1,764; immediate delivery; Howell Lumber Company, \$1,881.60.

All lumber to be long leaf hard pine, quality to be "Prime" of 1905 rules. To have at least 6 (six) annual rings per inch.

* Contract awarded.

LAND-TAKING IN BOSTON
PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the widening and construction of Dock square, Boston proper district, as a highway, from Devonshire street to Congress street, bounded and described as follows:

A highway named Dock square is hereby widened, from Devonshire street to Congress street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Dock square, twenty-six and 85-100 feet; easterly by Congress street, fifteen and 50-100 feet; southerly by the line of Dock square as hereby established, twenty-six and 83-100 feet; and westerly by Devonshire street, nine and 50-100 feet; containing three hundred and twenty-five square feet, more or less.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the widening and construction of Dock square, Boston proper district, as a highway, from Devonshire street to Congress street, under the order of the Board of February 8, 1939, and awards no damages therefor.

LAND-TAKING IN WEST
ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the widening and construction of Greateon road, West Roxbury district, as a highway, at the north-easterly corner of Centre street, bounded and described as follows:

A highway named Greateon road is hereby widened at the northeasterly corner of Centre street and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Centre street, fifteen and 65-100 feet; northwesterly by Greateon road, fifty-one and 51-100 feet; easterly by land belonging to the Roman Catholic Archbishop of Boston, fifty-one and 51-100 feet, containing three hundred and ninety-nine square feet, more or less.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the widening and construction of Greateon road, West Roxbury district, as a highway, at the northeasterly corner of Centre street, under the order of the Board of February 9, 1939, and awards no damages therefor.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

William F. Healey, 23 Albright street, West Roxbury, in the sum of \$28.60, as compensation for damage to automobile caused by hole in highway in front of 39 Green street, Charlestown, November 20, 1937.

Rev. Francis M. Horn, S. J., in the sum of \$6.50, as compensation for damage to automobile caused by defective sewer cover on Commonwealth avenue, just above Braves Field, June 16, 1937.

Mrs. J. Mistretta, 27 Henley street, Charlestown, in the sum of \$20, as compensation for damage to property in cellar of above premises, caused by water backing up from sewer in front of her home, August 16, 1938.

Albert E. Cleveland, 15 Lenoxdale avenue, Dorchester, in the sum of \$10, as reimbursement for expense incurred in digging on his property for a water leak which was later found to be on city property, August 13-16, 1938.

Ernest Sands, 234 Harris avenue, Needham, in the sum of \$10, as compensation for damage to automobile caused by holes in highway opposite 580 Chelsea street, East Boston, July 1, 1938.

James J. Doyle, 26 Monument street, Charlestown, in the sum of \$8, as compensation for damage to property in cellar of above premises caused by defective sewer, September 12, 1938.

John P. Finnegan, 37 Brookvale street, Dorchester, in the sum of \$10, as compensation for amount of damage caused when the motor vehicle which he was operating as an employee of the Water Division, Public Works Department, skidded and struck automobile belonging to Mary R. O'Sullivan, September 23, 1938.

Charles R. Haid, 335 Hyde Park avenue, Jamaica Plain, in the sum of \$15, as compensation for damage caused when the city truck which he was driving, belonging to the Sanitary Division, Public Works Department, on November 30, 1938, backed into car owned by John Smyth.

Margaret A. McKinnon, 836 South street, Roslindale, in the sum of \$25, as compensation for damage to property in cellar of above address caused by backing up of sewer in front of her home during the first week of August, 1938.

John A. Doherty, 106 Warren street, Brighton, in the sum of 35 cents, as refund on five unused refuse tickets which were returned to the Public Works Department on November 28, 1938.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe, W. P. A. Project 65-14-4953, Work Project 11907, in private land and Fuller street, between the northerly side of Fuller street, 300 feet east of Morton street, and 200 feet southerly, in the Dorchester district, at an estimated cost of \$2,783.

A sanitary sewer of 10-inch pipe, a surface drain of 12-inch pipe and four catch-basins, W. P. A. Project 65-14-4953, Work Project 11907, in Packard avenue, between St. Gregory street, and Pleasant Hill avenue, in the Dorchester district, at an estimated cost of \$15,053.

FIRE DEPARTMENT ORDERS.

General Orders No. 7

I. ANNUAL BALL.

The sixtieth annual ball of the Boston Fire and Protective Departments will be held on Monday evening, February 20, 1939, at the Boston Garden.

It is the desire of the commissioner that all members of the department who are off duty participate in the Grand March. He would be pleased to have every officer who is off duty, as well as privates, appear in uniform and take part in the march.

Following is a brief outline of the program scheduled for the annual ball:

8. p. m. Entrance of band, military drill company, commissioner, chief of department, former commissioners, former chiefs of department.

8.04 p. m. Memorial to departed members of the department.

8.05 p. m. Exhibition by military drill company.

8.15 p. m. Presentation of special awards. (a) Buttons in recognition of forty years' active service in the department; (b) Board of Merit award.

8.30 p. m. Exhibition by drill team in ladder and rescue work on portable drill tower.

8.45 p. m. Selections by Boston Fire Department Band.

9.00 p. m. Grand march.

The floor marshal is John F. Horgan of Engine Company 32. The chief of aides is Capt. John H. Leary of Ladder Company 12. Members of the department detailed to the ball will report to chief of aides at the Boston Garden at 7 p. m., Monday, February 20, 1939, unless otherwise ordered.

Trustees, aides and members detailed to the ball will be granted detailed leave from 4 p. m. February 20 to 8 a. m. February 21.

Members detailed will attend strictly to the duties assigned to them.

Members of the band and military drill company who are on the day tour of duty will be relieved at 4 p. m. Members of these organizations who are on the night tour of duty will be excused from roll call and will report back to duty at 2 a. m., Tuesday, February 21, 1939. Members who are on the twenty-four hour tour of duty will be excused from 4 p. m. February 20 until 2 a. m. February 21. Members of the band, drill team and military drill company will report to the Garden promptly at 7 p. m. and enter from Nashua street, directly opposite the Post Office. A special room will be reserved in the Garden for checking of clothes and instruments.

For officers, regulation uniform, sack coat and white gloves will be worn. For privates, regulation uniform, blue shirt, black tie and white gloves will be worn on this occasion. This applies to all privates in uniform, whether acting as aides or not.

II. INCOME TAX.

Report cards on income taxes are being distributed to the department today. These cards will be filled out by all those who received a salary of \$2,100 or more during the year ending December 31, 1938.

All that is necessary to fill in is the name and address in the space provided at the top of the card. The company to which the signer was attached on December 31, 1938, is to be placed in

the upper right-hand corner of the card. No other information on the card is to be filled out. All cards are to be returned to Headquarters on or before Thursday, February 23, 1939.

III. VETERANS OF FOREIGN WARS.

In anticipation of the coming National Convention of the Veterans of Foreign Wars, to be held in Boston during 1939, it has been proposed that a firemen's post of the Veterans of Foreign Wars be formed. Members of the department eligible for membership in the Veterans of Foreign Wars and who are desirous of joining such a post are hereby requested to give their names to the commanding officers of the various companies for transmission to the Fire Commissioner's office. These names will be turned over to the Veterans of Foreign Wars authorities and return should be made within five days.

IV. BOSTON AUTOMATIC FIRE ALARM BOOK.

New pages, Nos. 31, 32, 33 and 34, dated February 9, 1939, for the Boston Automatic assignment book, are being issued to the department today. These pages will replace old pages Nos. 31, 32, 33 and 34, which will be returned to Headquarters, in the envelopes provided, on or before Thursday, February 23, 1939.

V. COMMENDATIONS.

Ladderman William P. Hogan of Ladder Company 15 is hereby commended for extinguishing a fire in an awning at 230 Massachusetts avenue on February 13, 1939, while off duty.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 300.

The following transfer is hereby ordered, to take effect Thursday, February 16, 1939, at 7.45 o'clock a. m. Patrolman Thomas F. Burke, from Division 11 to Traffic Division. Patrolman Joseph G. Hudson, from Division 3 to Division 11.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 301.

Patrolman Francis T. Costello, attached to Division 9, is commended for efficient police duty performed on the morning of January 20, 1939. While trying doors he observed a screen pulled off a rear window of a department store and saw two men in the store. Without thought of his own safety, with drawn revolver, he ordered the men to come out with their hands upraised and placed them under arrest. It later developed that both men were armed with revolvers and that one of the men wanted to "shoot it out" with the officer, but his confederate disarmed him and hid both revolvers in the cellar, where they were later found by Patrolmen Leo V. Devlin, Arthur O'Shea, John F. Barthel, Joseph P. Cullinane, all of Division 9, and also Patrolmen Harold M. Jacobson and John J. Sullivan, of Division 19.

The commissioner is pleased to recognize and commend Patrolman Costello for his vigilance and fearlessness shown in accomplishing this important arrest, and he is hereby granted three days' additional vacation.

Patrolman Leo V. Devlin, John F. Barthel, Arthur O'Shea, Joseph P. Cullinane, all attached to Division 9, and Harold M. Jacobson and John J. Sullivan, of Division 19, are commended for their untiring efforts and devotion to duty shown in connection with the apprehension of a group of young men on January 27, 1939, all accomplices in a series of breaking and entering and robbery while armed cases.

The commissioner is pleased to commend these officers for the splendid police duty performed on this occasion.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 302.

A trial board, consisting of Captains Grace, Donovan and Keating, having heard by reference a complaint made by Capt. Francis M. Tiernan, Division 17, against Fred S. Bemis, patrolman, Division 17, for alleged violation of the Rules and Regulations of the Police Department, charging him with conduct unbecoming an officer and neglect of duty, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Fred S. Bemis be suspended from duty for a period of ten days, effective as of 12.45 a. m. February 9, 1939, and at the expiration of said suspension he perform 170 hours' punishment duty.

Civil Service Rule 23, Section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3. With the consent of the Commissioner upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 303.

A trial board, consisting of Captains Grace, Donovan and Keating, having heard by reference a complaint made by Lieut. George A. Mahoney, Division 6, against Athnell Timerbacka, patrolman, Division 6, for alleged violation of the Rules and Regulations of the Police Department, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Athnell Timerbacka be suspended from duty for a period of five days, effective as of 5.45 p. m. February 13, 1939, and at the expiration of said suspension he perform 70 hours' punishment duty.

Civil Service Rule 23, Section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23

"Section 3. With the consent of the Commissioner upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

AMENDED NOTICE.

UNEMPLOYMENT COMPENSATION COMMISSION, PUBLICITY AGENT, MARCH 11, 1939.

Last date for filing applications, Saturday, February 25, 1939, at 12 noon.

NOTE.—This is the examination originally scheduled for Saturday, January 21, 1939.

The minimum salary is \$1,920 a year; the maximum salary is \$2,280 a year.

Duties: Under general direction, to prepare for newspapers and other publicity, material with which the public should be acquainted relating to activities of a department or major division and to secure publication thereof; and to perform related work as required.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

LAND-TAKING IN CITY PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the discontinuance of Congress street, Boston proper district, as a highway, at the corner of Dock square, bounded and described as follows:

A part of the highway named Congress street is hereby discontinued at the corner of Dock square.

Said part of said highway as hereby discontinued is bounded as follows:

Northerly by the line of Dock square as hereinbefore established, 31-100 feet; easterly by Congress street as hereby established, ten and 86-100 feet; and westerly by the line of Congress street as it existed previous to the passage of this order, ten and 84-100 feet, containing two square feet, more or less.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the discontinuance of Congress street, Boston proper, as a highway, at the corner of Dock square, under the order of the Board of February 8, 1939, and awards no damages therefor.

CIRCULAR LETTER NO. 2.

CITY OF BOSTON,
MAYOR'S OFFICE, February 3, 1939.

To All Heads of Departments.

GENTLEMEN,—The following order was passed by the City Council and signed by the Mayor on January 10, 1939:

"Ordered, That there be printed as a city document, under the direction of the City Clerk, a complete schedule of fees for licenses and permits as in effect in all city departments on January 3, 1939, the cost of printing thereof to be charged to the appropriation for City Documents."

In view of the foregoing order, will you kindly compile and send to the City Clerk, as soon as convenience permits a complete list, arranged alphabetically, of fees which are charged for licenses or permits in your department, or any other charge which is made for any service performed by your department.

Will you kindly indicate, in a column for the purpose, the authority for making the charge for the license or permit, that is, whether the authority is department regulation based on a general statute, or whether it is based on city ordinance, or whether it is based on some special act of the Legislature.

Respectfully,

MAURICE J. TOBIN, Mayor.

TO SELL JUNK.

The Mayor has approved the following request of the Transit Department:

BOSTON, February 17, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to sell to the Boston Junk Company fifty-five tons, more or less, of abandoned cast-iron water pipe at a price of eight dollars and twenty-five cents per gross ton. This material was removed in connection with the construction of the Huntington Avenue Subway and is occupying storage room which is needed at once for other purposes.

Respectfully yours,

DANIEL J. O'CONNELL,
Acting Chairman.

Placed on file and the Chairman authorized to approve the same and to certify the sums and securities belonging to said Fund and in the possession of the Treasurer.

POLITICAL ACTIVITIES

Dr. Foley: I was amazed to read in the press yesterday the statement of Dean Holmes, of the Harvard Graduate School of Education, in his annual report to President Conant, with reference to teachers playing politics.

Let me say to Dean Holmes that the Boston teachers are examined by the finest examining board in the country. As a result of written work and class room demonstrations teachers are given numerical ratings and are listed in accordance with those ratings. Appointments are then made from those eligible lists in the order of standing under the various subjects. The records of the Boston schools and the Boston teachers speak for themselves.

Dean Holmes, it would be much better for you to repudiate the avowed Communist, Granville Hicks, who is tutoring the students in American history and who is diametrically opposed to everything American. I do know that would set a good example, not only to the schools, but to the youth of Massachusetts.

Mr. Lee: Dr. Foley, I did not understand what Dean Holmes had said.

Dr. Foley: Dean Holmes was quoted in the press yesterday as

referring in his report to President Conant, to politics in various schools, and I am upholding the dignity and the honor of the Boston School System.

Mr. Lee: Did he claim there was politics in the schools?

Dr. Foley: He said that politics played an important part in the schools.

Chairman: Did he mean in regard to the appointment of teachers and their promotion?

Dr. Foley: I would say that.

Mr. White: Did he mention specifically the Boston schools?

Dr. Foley: No; he did not mention the Boston schools. He says, in part, in his report as dean of the Graduate School of Education, that political influence is emphasized increasingly and more openly in filling public school positions. My answer to him is, as I have stated, that I think it would be better for Harvard to clean house instead of criticising some other school system, whether it be in Boston, the state or the nation.

STUDENT ACTIVITIES

Mr. Lee: There is a matter that I would like to bring up at this time. I do not think we ought to wait any longer. Perhaps it lies in with what Dr. Foley has just said.

It has come to my attention that certain teachers in our schools are using the schools and the machinery of the schools to swing the opinions of students to their particular political beliefs, using methods of coercion and intimidation, and stopping at almost nothing. I think that would be bad enough in any case. It is particularly bad when the views of these teachers, which they are trying to infiltrate into the minds of the young, are views very sympathetic with certain foreign revolutionaries.

The sort of method they have been using is this: They have called boys aside who disagreed with their beliefs and have said, "Unless you give up your views and come to our way of thinking, we will lower your behavior marks. We will see that you do not pass the high school course and will not be able to get into college."

They have spoken in public assemblies of certain students, of certain political views which did not square with their own.

The circumstances were these: A group of students in the Roxbury Memorial High School was organizing a chapter of the American Student Union, which is a group that has come up in depression times and is interested in modern problems of economics, finding jobs, and what not, which can best be described by President Roosevelt's greeting to them at a recent convention (reading):

"Sincere wishes that your deliberations will be fruitful in making our schools and colleges a genuine fortress of democracy."

On the Advisory Committee of the American Student Union are such local people as President Compton, of Technology, Kenneth Taylor, of the American Federation of Labor, and others.

A group of students wished to form a chapter in Roxbury Memorial High School and asked

to be able to use the group weekly period. They were denied that.

Then they applied to the Jeremiah E. Burke School Center for the use of a room in the evening, which was granted, and they had been meeting there on one or two occasions. On their first open meeting, after a sort of an organization meeting, they wanted to discuss the most current topic of the day which at that time, about two weeks ago, was the Neutrality Act, involving the question of an embargo on arms to Spain and, being a youthful non-partisan group, they wished to have both sides presented, and asked some of the teachers to take part in the discussion, and the teachers refused. They were able to get only a speaker interested in lifting the embargo on the shipment of arms to the Spanish Government.

Since then the headmaster of that School has used these forms of coercion and intimidation far beyond the powers which the Commonwealth gives to a schoolmaster, to the effect that they should not be members of the organization, to the effect that they may not be a part of the Student Council, of which some of their members were members, and has made open statements calling them names intended to injure their reputations in the community.

The situation, as I see it, is just this: Unless a boy is willing to side with the revolutionary element conducting a revolution in Spain along with Hitler and Mussolini and the Moors—unless he will take that side he is being told by our school teachers that he cannot graduate from the Boston schools. That kind of thing has gone too far.

Mr. White: Who is the man that did this particular thing?

Mr. Lee: Mr. Masterson is the headmaster.

Mr. White: Have you talked to Mr. Masterson about this case?

Mr. Lee: I have, yes.

Mr. White: What is his reaction?

Mr. Lee: His reaction, as I recall it, and I talked to him today, was that this American Student Union was a Communist group and that they were having meetings of a Communist nature, and that he had discouraged those meetings and had not allowed them to meet in his school; that a complaint had been made against their meeting at the Jeremiah E. Burke High School, with the result that Mr. Mulroy withdrew permission to them to meet in the school center; and that he had publicly stated to the senior class assembled words to the effect that he did not want any Communists around, that he wanted people who loved their Government and appreciated it and not people who wanted to destroy it.

Mr. White: Particularly what I want to know is about the fact that he would refuse to allow them to graduate and would not give them fair marks for work accomplished. Did he admit that?

Mr. Lee: I did not ask that.

Dr. Foley: Did you talk to Mr. Masterson?

Mr. Lee: I talked to Mr. Masterson, yes. I am not setting myself up as a trial board at this moment or at any particular time. I investigated through six different

sources and I found everybody telling exactly the same story.

Chairman: Yet the most important thing you did not ask Mr. Masterson, as to whether he was using coercion and threats?

Mr. White: And trying to impose his own political views on his students.

A charge as serious as that is worth hearing both sides on before we make any charges against any individual. If the charges are substantiated they are serious enough for investigation. I think we should give both sides on this particular argument a chance to be heard, and then make some statement.

Chairman: With the permission of the School Committee I would like to invite Mr. Masterson to our conference next Monday evening, at which the members of the press are always present. Let us get to the bottom of the story.

I dislike to see these accusations go out with reference to a man who enjoys the high reputation that Mr. Masterson always has had. I want to give Mr. Masterson an opportunity to defend himself and give his side of the story.

Superintendent: It is contrary to our general policy to permit groups of boys and girls in our schools to be affiliated with Mr. Mulroy's department in the evening. We have not fostered that policy. That is adult education, and we have felt that the centres are not the place for day school students. I wonder if that does not enter into the question.

Mr. Lee: Apparently the majority of the people using the Jeremiah E. Burke Evening Center are as young as this particular group.

Superintendent: The pupils were not in our schools?

Mr. Lee: They were mostly senior boys rather than younger boys.

Superintendent: The Evening Center has not been for pupils in our day schools.

Mr. Lee: I simply asked Mr. Masterson what he could tell me about the matter. I was not attempting to do further than give him an opportunity to state what the situation was.

These students have not had a hearing. He has told them, when they have come to his office, that he would not talk to them. He has stood on the platform and excoriated the students.

Chairman: You want to be perfectly fair about this thing, Mr. Lee?

Mr. Lee: I mean to be.

Chairman: Yet there are certain definite questions you have not asked Mr. Masterson.

As a member of this Committee you have a perfect right to take this floor and talk on any subject you so desire. Why not be fair about this thing? I wish you would postpone any further discussion until Mr. Masterson has a chance to come in here. You can question him at that time, and the other members of the Committee can question him at the same time.

I would like to have you follow my suggestion, if you will, in order to be absolutely fair about this matter.

Mr. Lee: I am willing to follow your suggestion. I certainly think the matter is a serious one.

Chairman: I agree with you that it is a serious one if any of our pupils have been threatened. I cannot imagine it coming from a man of the high character of Mr. Masterson. That is why I want to give him a chance to defend himself.

If it is possible to get him on the telephone I would suggest that we ask him to come in now, because we are going upstairs for a conference and the members of the press will be there.

The Committee adjourned

Attest:

ELLEN M. CRONIN,
Secretary.

CONFERENCE OF COMMITTEE

The Committee met in conference following the public meeting, at which conference the press was present.

Mr. Masterson was heard in answer to the several charges which had been made at the public meeting.

At the close of the hearing, Mr. Masterson was tendered a majority vote of confidence, Mr. Lee dissenting, and Mr. Sullivan absent. The Committee gave Mr. Masterson the privilege of submitting a statement in rebuttal of the charges and the Secretary was instructed to spread the statement on the record of the meeting of even date.

STATEMENT BY ROBERT B. MASTERSON, HEAD MASTER, ROXBURY MEMORIAL HIGH SCHOOL (BOYS)

Some time ago George R. Faxon, a teacher of mathematics in this school asked my permission to form a discussion club which would meet in this building under the auspices of the school. Because I had had a former experience in this school with discussion clubs, I asked Mr. Faxon under what auspices the club was to be conducted. He replied that it was connected with the American Students Union. I informed him that the American Students Union was fostered by the Communists and on that account I was unwilling to have such a club conducted in this building under the auspices of the school. The next day I brought him a copy of THE NATIONAL REPUBLICAN magazine, published in Washington, which showed that the American Students Union was under the direction of the Communists. I told him to keep the magazine for his own information.

No one else has approached me in behalf of the society, nor have I talked to any pupils in this school about it.

I understand that the group secured permission and held their meetings in the evening at the Jeremiah E. Burke High School. I never spoke to Mr. Mulroy or any of his assistants about the meetings held in that school.

On Friday morning I met the senior class in the assembly hall primarily to explain to them the fact that we had now passed the mid-year mark and that any seniors who were behind in their studies should make extra efforts to win their diplomas in June. This occasion occurs annually in this school half way through the third bi-monthly period.

After I had talked over the boys' deficiency in their studies, I took

occasion to read to them typewritten sheets devoted to the subject of our duties as American citizens as follows:

"In common with every other teacher in this school, in this city, and in this state, I have taken a solemn oath to uphold the Constitution of the United States and the Constitution of this state. What did I swear to uphold?

(Here I read aloud quotations from the Declaration of Independence and the Preamble of the Constitution.)

"There is the duty of every United States citizen. There is your duty and mine. Our business is to work with our might and main to preserve this government against any and all enemies.

"No one is asked to remain in this country; no one is compelled to remain here. Anyone who is dissatisfied with our form of government and thinks that some other form in some other country is preferable to ours, is at liberty to leave this country and migrate elsewhere.

"Some individuals think that Hitler's government is the best in the world. As an American citizen I disagree with them. Suppose some of Hitler's lieutenants tried by force to compel us here in America to adopt his form of government. We should oppose it, and as a sworn public official I should oppose it with all my heart. Let those who prefer Germany to the United States go to Germany and live there.

"Suppose some of Mussolini's men tried similar things in this country, in this school. I should offer strenuous opposition. Let such go to Italy and live.

"Suppose someone from Russia tried it. In like manner I should oppose that and urge all Communists to live in Russia, the land of their choice.

"I should not be fit to be a citizen of this country or a resident of it if I were not ready to defend it. And if I not only did not defend it, but by active or passive means tried to undermine it, I should not be worthy of American citizenship or of my position as head master. As far as I am personally concerned, I should deserve to be discharged from my position as head master, and any of my teachers who acted in like manner would also be in danger of losing their positions. We should have violated our sacred and solemn oaths and dismissal from the service is the penalty.

"This is plain talk, but I am a plain man, and I talk in a plain manner.

"In this country no one is persecuted on account of his politics or his religion. Many of you boys have relatives or acquaintances who have been persecuted by foreign governments. It is your duty and mine to rally to the aid of our country, to honor it, to respect it, to love it, and to defend it against all open and even insidious attacks in order that we may preserve it as the land of the free."

(Here I read the first and last stanzas of America, to emphasize the idea of freedom.)

"You are boys—you are young boys. You have immature minds. You are not always able to see the

motives behind the men who urge you to do things and join societies that seem innocent enough. Some of these societies are but puppets on strings pulled by sinister forces that aim to destroy our freedom, our liberty, our equality, our faith, and our belief in God.

"Most of you seniors have been in this school long enough to know that I am interested in you and in your futures. You ought to know that I have no personal or ulterior motive in directing your hearts and minds to the end that you may become great and good men

"Read again the poster in your home room entitled, 'This school is a temple of learning.' That's where I stand always."

(Here I read the following.)

"This school is a temple of learning. It serves to train our minds, our hearts, and our personalities to the end that we may become worthy men, intelligent citizens, and above all, loyal Americans.

"Here in America was first founded free public education. Here in America was opportunity first given for every boy—without distinction as to race, creed, or social standing—to make the most of himself and to develop to their fullest extent whatever character traits he may possess.

"This institution, the free public high school, which opens out for us training in so many fields and the education of all our powers, deserves our profound reverence and our deepest respect. We should look upon it as a temple in which we may learn how to take our fathers' places in public and private life and how to do our share in perpetuating the honor and the glory of these United States.

"It grieves me that some of you have been so thoughtless in entering an alliance against this government. Not one of you has come to ask my opinion or my advice on the matter. Rather you listened to those who themselves do not believe in God, who do not wish us well, and who are striving to overthrow this country which, under God, is the safest place for you to live and you know it.

"You have probably heard about the street demonstration of the American Students Union last week and how insulting they were toward their own school. Do you think that the school can pass that over? After three or four years of instruction here, it appears that certain boys have not learned the things they should have learned, and therefore are not entitled to diplomas. I shall give the matter very serious consideration."

As head master of this school, I stand in loco parentis in relation to these boys. It is my duty to treat them as if they were my own sons and as I hope some other head master is treating my son. I have no right to inflict upon them my personal beliefs in any field, and I have never by word or deed striven to change the trend of any pupil's mind from those things in which his parents believe. I have never talked privately to any boy about international politics, in fact the only references I have made

anywhere are those in the formal address I made at the assembly. I have never, publicly or privately, talked to any boy in my school on either side of the war in Spain. I have never talked privately to any boy about the American Students Union, nor have I ever threatened any boy on account of his personal beliefs. I have never mentioned the American Students Union to the pupils publicly or privately except at the formal senior assembly.

We have bi-partite arguments in our classes and in our debating societies, but I think it unwise to promote discussion of delicately controversial questions particularly on the part of young and immature boys.

I believe that under God I have a personal responsibility in the physical, mental and moral welfare of the boys placed in my charge, and to the best of my ability I carry on my office as faithfully as I can.

(Signed) Robert B. Masterson,
Head Master, Roxbury Memorial High School (Boys).

ELLEN M. CRONIN,

Secretary.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 13, 1939.

Regular meeting of the City Council in Faneuil Hall at 2 p. m., President MURRAY in the chair and a quorum present.

RESOLUTIONS IN HONOR OF THE LATE POPE.

Coun. CAREY, ROSENBERG and IRWIN offered the following:

Resolved, That the City Council of the City of Boston stand for one minute in respectful silence and tribute because of the death of Pope Pius the Eleventh; the late spiritual leader of four hundred million people; a true apostle of God; a defender of the rights and liberties of mankind; a friend of the poor and oppressed of every nation; a mighty force against the false doctrines and philosophies of today; a valiant and courageous Vicar of God in the eternal battle between the spiritual and material domination of the soul; a kindly, loving man of simple tastes, inspired by the hand of God himself to do good in a troubled world; a great influence for justice and right; a true and holy man of God whose memory will be revered and respected until the end of time as the Pope of Peace, in a world where there is no peace.

The resolution was adopted by a unanimous rising vote, and in accordance thereunto the members stood in silence for one minute.

Coun. IRWIN and CAREY offered the following:

Ordered, That as a further mark of respect to the memory of His Holiness Pope Pius XI, the City Council do now adjourn until Tuesday, February 14, at two o'clock p. m.

The order was passed.

Adjourned, at 2:13 p. m., to Tuesday, February 14, 1939, at 2 p. m.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the following street is one way in the direction indicated, effective February 20, 1939:

Athens Street, South Boston.

From F street to Dorchester street.

OIL LICENSE REVOKED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the license granted by the Board of Street Commissioners on December 28, 1937, approved by the Mayor December 28, 1937, to the County Coal Company for the keeping, storage and sale of 5,000 gallons of fuel oil at 55 Hall street, Ward 11, be, and the same hereby is, revoked, for the following reasons:

That it has been represented to the Board of Street Commissioners that the rules and regulations of the Department of Public Safety have not been complied with.

That demand was made upon said County Coal Company to lay open for inspection, to the Board of Street Commissioners or the Fire Commissioner, the tank already installed.

That said County Coal Company refused to permit the inspection.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LEAD PIPE.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, lead pipe, as per specifications, to be delivered in such quantities as required. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* Bids, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Tuesday, March 14, 1939, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent of Supplies reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Feb. 25.) Superintendent of Supplies.

JOHN A. BREEN,
(Feb. 25.) Superintendent of Supplies.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR CLEANSING, STERILIZING AND RECONDITIONING BASEBALL EQUIPMENT FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for cleansing, sterilizing and reconditioning baseball equipment for the Boston public schools. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Cleansing, Sterilizing and Reconditioning Baseball Equipment." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager, on or before 12 o'clock m. on Tuesday, March 7, 1939. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids and to accept such bid as may be deemed best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(Feb. 25.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT, BRIDGE AND FERRY DIVISION.

P. W. A. DOCKET NO. MASS. 1584-F.

Sealed proposals for repairing the abutments and wing walls of the Albany Street Bridge, prepared on the prescribed form and in accordance with instructions therein will be received at Room 608, City Hall Annex, Boston, Mass., until 12 o'clock noon, Tuesday, March 14, 1939, Eastern Standard Time, and at that time and place publicly opened and read aloud. Each proposal must be in a sealed envelope, indorsed with the name of the bidder and "Abutment Repairs, Albany Street Bridge." Each such proposal must be accompanied by a certified check in the sum of \$200, made payable to the City of Boston or a properly executed Bid Bond in the sum of \$200 on the form prescribed. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited with the City Auditor, City Hall, previous to the time named for opening the proposals. Plans, specifications and other contract documents may be examined at the contract office of the Public Works Department, Room 508, City Hall Annex, Boston, without charge, and may be secured at this place upon deposit payment of \$2. The full amount of the deposit will be refunded to each actual bidder upon return of all documents in good condition before the opening of bids. All checks or bid bonds, except those of the three low bidders will be returned within seven (7) days after the date upon which the bids are opened. The checks or bid bonds of the three low bidders will be returned within three (3) days after the execution of the contract. Attention is called to the fact that a schedule of minimum wage rates, as established for the project by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, under provisions of chapter 461 of the Acts of 1935, is annexed to the contract document. Attention of bidders is also called to the requirements relating to Workmen's Compensation and to the conditions of employment. No bids may be withdrawn after the scheduled closing time for the receipt of bids, for at least thirty (30) days. A surety bond in an amount equal to one hundred (100) per cent of the contract price will be required of the successful bidder. The right is reserved by the Commissioner of Public Works to reject any or all bids or to waive informalities.

GEORGE G. HYLAND,
Commissioner of Public Works.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL 31.

SATURDAY, MARCH 4, 1939.

No. 9

FINANCE COMMISSION GIVES CITY HOSPITAL HIGH PRAISE FOR THE HANDLING OF CITY'S ILL WHO BECOME PATIENTS AT INSTITUTION — ADDRESSES LETTER TO ACTING MAYOR GEORGE A. MURRAY, WARNING THE COUNCIL NOT TO BE STAMPEDED INTO HASTY ACTION BY "GOSSIP" AS TO CONDITIONS — HAD A SPECIALLY TRAINED INVESTIGATOR ON PREMISES STUDYING CONDITIONS — SPECIFIC CHARGES DENIED AS UNFOUNDED AND INSTITUTION IS KEPT IN BEST PHYSICAL CONDITION OF ANY LIKE IT IN COUNTRY.

On February 21 the Finance Commission forwarded the following report to the Acting Mayor on conditions at the City Hospital:

BOSTON, February 21, 1939.

HON. GEORGE A. MURRAY,
Acting Mayor of Boston.

DEAR SIR,— The Finance Commission desires to suggest to you in your capacity as Acting Mayor and to your associate members in the City Council that you be not stampeded into too hasty and perhaps unwarranted action in connection with the current charges of unclean conditions, insufficient help and improper care of patients and sick employees at the Boston City Hospital. The commission deplores general condemnation of this important and extensive public service on the basis of the gossip that has been placed before you.

For nine years the commission has kept on almost permanent assignment at the City Hospital an investigator who has specialized on institutional management, with experience in state as well as in city institutions. The commission, therefore, has first-hand information of the actual conditions there.

From this advantageous position, and in view of the harm being done the city hospital by the stories circulated in public, many of them at the Council meeting, the commission unhesitatingly states that the specific charges which have been made are not well founded. The public, you — the Acting Mayor — and the members of the Council can be assured that in so far as the cleanliness of the hospital is concerned, the institution is above reproach. It is doubtful if anywhere in the country among public or private institutions is there one which is kept in better physical condition; and yet it is no easy task in this institution which treats approximately 1,500 bed patients and 1,500 more out-patients every day in the year.

Defects Indicated.

The Finance Commission has been a consistent critic of management at the City Hospital. Only recently the commission issued the latest in a long series of reports pointing out defects in management there. The commission aims to make the hospital management as near perfect as possible. Yet the commission has not had occasion to charge that lack of cleanliness is one of the defects.

The commission has made criticism of the number of nurses and the number of other kinds of help. The criticism, however, has been that there were too many nurses and too much other help. The commission based this criticism on comparisons made with other institutions locally and in the large cities of the country. From information at hand right now, there is no lack in number of nurses.

In considering the number of general employees at the hospital today it is well to keep in mind that an army of W. P. A. employees, sometimes as many as 1,500, are helping out the regular city employees in physical maintenance of the plant.

It is well, also, to keep in mind that during this particular period of three or four weeks every hospital institution has its peak load of patients. As in other hospitals right now, the City Hospital is filled up with persons suffering from respiratory sickness. Hospital employees are not immune from this type of sickness.

Passing Conditions.

Because the hospital employees come into daily contact with so much of this sickness, because they are human beings susceptible to the same ailments as others, there are more hospital employees off duty now on account of sickness than at any other time in the year. This, however, is a condition that will pass within a few weeks.

The commission is now making an investigation of the nursing situation. It is important at the present time to have it definitely settled as to whether the city can afford to transform the City Hospital School for Nurses into a purely medical educational institution, as it appears is being done.

There is opinion that proper assignment of the present nursing strength will give an ample supply; there is opinion, also, that student nurses, the backbone of the service in all large hospitals, are now spending too much time in classrooms and too little on the floor in the care of patients.

That such a transformation of the nursing facilities is known and appreciated by the Trustees and Mayor is a matter of doubt. Because of its implications in greater expense in hospital management later, it is a matter that should be carefully surveyed by more than the hospital officials before further commitment.

(Continued on page 199.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE

CITY RECORD.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, March 6, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped

area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 18 Oliver street, fourth floor, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO ROOM 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 18 Oliver street, fourth floor, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

FINANCE COMMISSION.

(Continued from page 197.)

The commission has not yet become fully informed on this matter, but it has undertaken a study of it. Pending the completion of this study and a report upon it to the Mayor and City Council, the commission believes that any action by the city government leading to increased number of employees would be inadvisable.

Respectfully submitted,

Richard A. Kerin, clerk-stenographer, at \$2,000 a year, from February 8 to March 7.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon February 16 the Mayor approved a contract as requested in the following letter:

BOSTON, February 13, 1939.

HON. MAURICE J. TOBIN,

Mayor of Boston.

DEAR MR. MAYOR,—Attached please find list of bids on proposals for furnishing soap, soap powder and soap chips to the various city departments, publicly opened and read at this office under date of January 25, 1939.

Prices were asked on a contract period of one year from February 1, 1939. It developed, when the bids were publicly read, that two of the bidders, namely, Armour & Co., and Colgate-Palmolive-Peet Company, would guarantee prices only until April 30, 1939. In order to take advantage of the lower price bid for this three months' period, I would respectfully request that permission be granted me to award a contract, without publicly advertising for same, to Armour & Co. for furnishing and delivering soap chips under Item 1 and to Colgate-Palmolive-Peet Company for furnishing white bar soap under Items 4 and 5, at the prices shown.

Regarding the bid of Procter & Gamble Distributing Company, who bid on the contract for the specified time, namely, one year, I would ask permission to award a contract on Items 2, 3, 7 and 9; regarding the John T. Stanley Company, who also bid on the year's contract, I would ask permission to award a contract on Item 6, at the prices shown.

Regarding Items 7 and 9, brown cleaning soap, I have awarded these two items to the second lowest bidder, due to the fact that the lowest bidder does not conform to our specifications.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

Bids were as follows:

Approximate Amounts on All Items.
Prices Quoted To Be Exclusive of All Taxes.

Soap Chips.

Item 1, 250 Barrels, 180 Pounds to Barrel, 45,000 Pounds, as Per Specifications.

tions, Per Pound.—Armour & Co., 5.16 cents, prices good until April 30, 1939, only; Procter & Gamble Distributing Company, 6.46 cents, Saratoga Chips; Colgate-Palmolive-Peet Company, 6.74 cents, Arctic Crystal Flakes, prices good until April 30, 1939, only; John T. Stanley Company, Incorporated, 6.28 cents.

Item 2, 1,000 Packages, 21 Ounces to Package, as Per Specifications, Per Package.—Procter & Gamble Distributing Company, 18.58 cents, Chipso.

Soap Powder.

Item 3, 275 Barrels, 200 Pounds to Barrel, 55,000 Pounds, as Per Specifications, Per Pound.—Armour & Co., 2.27 cents, prices good until April 30, 1939, only; Procter & Gamble Distributing Company, 2.21 cents, Clean Quick Powder; Colgate-Palmolive-Peet Company, 2.56 cents, Sea Foam Soap Powder, prices good until April 30, 1939, only.

Bar Soap.

Item 4, 175 Cases White, 6 Ounce-Cakes, 100 Bars to Case, as Per Specifications, Per Case.—Armour & Co., \$2.38, unwrapped, prices good until April 30, 1939, only; Procter & Gamble Distributing Company, \$2.90, Pearl; Colgate-Palmolive-Peet Company, \$2.38, White Floating, unwrapped; prices good until April 30, 1939, only; John T. Stanley Company, Incorporated, \$2.91, unwrapped.

Item 5, 600 Cases White Toilet, Unwrapped, 200 3-Ounce Cakes to Case, as Per Specifications, Per Case.—Armour & Co., \$2.56, prices good until April 30, 1939, only; Procter & Gamble Distributing Company, \$3.40, Ivory, alternate bid; \$3.15, Pearl; Colgate-Palmolive-Peet Company, \$2.48, White Floating; prices good until April 30, 1939, only; John T. Stanley Company, Incorporated, \$2.97.

Item 6, 700 Cases Bath, 1,000 Half-Ounce Pieces to Box, as Per Specifications, Per Case.—Armour & Co., \$5.25; prices good until April 30, 1939, only; Procter & Gamble Distributing Company, \$4.75, Pearl; Colgate-Palmolive-Peet Company, \$5.03, Poco Floating, unwrapped; prices good until April 30, 1939, only; John T. Stanley Company, Incorporated, \$3.20 per M., unwrapped.

Item 7, 6,300 Bars 1-Pound Brown Cleaning Soap, as Per Specifications, Per Bar.—Armour & Co., 2.9 cents, Institution Sail Soap, as per sample; 50 per cent fatty matter instead of 55 per cent as per specifications; prices good until April 30, 1939, only; Procter & Gamble Distributing Company, 3.66 cents, Comet; Colgate-Palmolive-Peet Company, 3.91 cents, sixty 16-ounce cakes to case, Peet's Yellow, unwrapped; prices good until April 30, 1939, only.

Item 8, 25 Cases Brown Cleaning Soap, 13-Ounce Cakes, 60 to Case, as Per Specifications, Per Case.—Armour & Co., \$1.47, Institution Sail Soap, as per sample, 50 per cent fatty matter instead of 55 per cent as per specifications; prices good until April 30, 1939, only; Procter & Gamble Distributing Company, \$1.65 O. K.; sixty 12-ounce cakes; Colgate-Palmolive-Peet Company, \$2.06, sixty 14-ounce cakes, Peet's Yellow, unwrapped; prices good until April 30, 1939, only.

Item 9, 700 Cases Brown Cleaning Soap, 8-Ounce Cakes, 120 to Case, as Per Specifications, Per Case.—Armour & Co., \$1.76, Institution Sail Soap, as per sample, 50 per cent fatty matter instead of 55 per cent as per specifications; prices good until April 30, 1939, only; Procter &

Gamble Distributing Company, \$2.20, Comet; Colgate-Palmolive-Peet Company, \$2.06, 120 7-ounce cakes, Peet's Yellow, unwrapped; prices good until April 30, 1939, only.

Cash Discount, Ten Days.—Armour & Co., acceptance must be made within fifteen days; Procter & Gamble Distributing Company, 2 per cent; John T. Stanley Company, Incorporated, 2 per cent; soap stored at bidder's warehouse at Savem Products Company, 21 Webster street, East Boston, Mass.

Upon February 16 the Mayor approved contract with the A. P. W. Paper Company for furnishing interfolded paper towels to the various city departments. Privilege of purchasing on same terms and conditions extended to February 1, 1940. Bids, were as follows:

Approximate Amounts on All Items.

2,000 Cartons Interfolded Paper Towels, 10 Inches by 15 Inches, 3,750 Towels to Carton, Weight of Carton Approximately 34 Pounds, Per Carton.—H. J. Dowd Company, Incorporated, \$2.25; total, \$4,500; Fort Hill Paper Company, \$2.09; total, \$4,180; A. P. W. Paper Company, \$1.99; total, \$3,980.

40 Cartons Single Fold Paper Towels, Ten and one Half Inches by Ten Inches, Per Carton.—H. J. Dowd Company, Incorporated, \$1.68, 10½ inches to 10½ inches, twenty-five packages to carton, total, \$67.20; Fort Hill Paper Company, \$1.63; twenty-five packages of 150 towels each to carton; total, \$65.20; A. P. W. Paper Company, \$1.40; twenty-five packages to carton; total, \$56.

40 Cartons Paper Towel Rolls, Eleven Inches by Thirteen and One Half Inches, Per Carton.—H. J. Dowd Company, Incorporated, \$1.93; twenty-five rolls, to carton; total, \$77.20; Fort Hill Paper Company, \$1.90; twenty-five rolls of 150 towels each, 3,750 towels to carton; total, \$76; A. P. W. Paper Company, \$1.65; twenty-four rolls, 157 towels to roll, 3,768 towels to carton; total, \$66.

Cash Discount, Ten Days.—H. J. Dowd Company, Incorporated, 2 per cent; Fort Hill Paper Company, 2 per cent; A. P. W. Paper Company, 2 per cent; fixtures will not be delivered free of charge wherever necessary.

Prices to be exclusive of all taxes. Bidders must submit samples of towels upon which bid is based. Fixtures to be delivered free of charge wherever necessary.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts for labor, supplies, etc. Communications from the heads of the several departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, February 3, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested for the award of a contract, without advertising, to the Otis Elevator Company for furnishing Otis elevator service to elevators in the Boston City Hospital for the period beginning February 15, 1939, and ending December 31, 1939, in the sum of \$955 per month, or \$10,037.50 for the time specified. This amount includes \$180 for the annual test called for by the City of Boston Building Department, which previous to

last year was billed separately by the Otis Elevator Company at \$187 per year.

The trustees feel that nothing can be gained by advertising, as twenty-three of the thirty elevators were manufactured and installed by the Otis Elevator Company. Moreover, the service rendered by them for almost three years has been satisfactory in every respect.

It is therefore strongly recommended that you approve the award of this contract without advertising.

Respectfully yours,

JOSEPH P. MANNING,
President, Board of Trustees.

BOSTON, February 17, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—The trustees of the Boston City Hospital respectfully request your permission to award, without advertising, to the Ward General Contracting Company a contract for the rental of two trucks as set forth below, for use in connection with the W. P. A. projects which are now and have been going on for some months at this hospital and Sanatorium Division.

It appears to the trustees that it is advisable to enter into this contract without the requirement of advertising for bids, because the delay necessarily occasioned by such advertising might endanger the continuance of the projects from the point of view of the Federal Government, thereby throwing some 300 men out of employment.

We desire to hire two trucks (one five-ton truck at \$2.25 per hour and one one-and-one-half-ton truck at \$1.00 per hour), which are now being used at the Main Hospital and Sanatorium Division in connection with the employment of 259 persons. We understand these prices to be reasonable and in accordance with prevailing rates. Therefore there would be no advantage to the city in advertising.

The total cost of each of the above items will be in excess of \$1,000.

Respectfully yours,

JOSEPH P. MANNING,
President, Board of Trustees.

PUBLIC WORKS DEPARTMENT.

BOSTON, February 24, 1939.

To His Honor the Mayor.

In connection with the work of snow removal by the Public Works Department following the storm of January 30, it was necessary to obtain certain equipment from outside firms and individuals to assist the department. We were obliged to hire tractors, snow loaders and trucks for plowing and removing snow. The total amounts to be paid to some contractors will exceed \$1,000. The bills of the following contractors will exceed that amount:

Baker & Co., J. J. Callahan, Earl M. Carriere, Martin J. Kelly, J. J. Deveney, C. J. Kiley Company, Marinucci Brothers, Edward M. Matz, Ward General Contracting Company.

Authority is respectfully requested to pay the bills incurred on the emergency snow removal without the issuing of service orders, for the storms of January 30 and February 7.

Authority is also respectfully requested for the payment of such of these bills as will exceed \$1,000.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, January 28, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. TOBIN,—Permission is respectfully requested to award a contract, without publicly advertising, to the Bedford Tobacco Company, Bedford, Virginia, for furnishing and delivering to Eastern Avenue Wharf, for the Long Island Hospital, Institutions Department, as required, until June 30, 1939, the following:

Approximately 131 boxes, 42 pounds each, 5,502 pounds, "Uncle Henry" plug tobacco, delivered to Eastern Avenue Wharf, at a price of 45½ cents per pound, \$2,505.41. Price, net.

"Uncle Henry" plug tobacco is preferred at the Long Island Hospital, and as it is manufactured only by the Bedford Tobacco Company, nothing would be gained by publicly advertising.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

CHARGES APPROVED.

The Mayor has approved the following request of the City Auditor:

BOSTON, February 8, 1939,
as of December 31, 1938.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—In accordance with the provisions of section 3 of chapter 235 of the Acts of 1938 (the so-called Funding Act), I respectfully request your approval of the following charges to be made against the special overlay reserve account which has been set up on the books of this office:

OVERLAY DEFICITS.

Levy of 1932.....	\$1,086 21
Levy of 1933.....	5,684 24
Levy of 1934.....	23,900 82
Levy of 1935.....	19,120 30
Levy of 1936.....	36,630 20
Levy of 1937.....	89,402 42

The above deficits in the various overlay accounts have arisen because of abatements granted by the Board of Assessors in the month of December, 1938, official notice of which has just been received in this office. Including the above amounts, the cumulative total charged against the seven million dollar (\$7,000,000) overlay reserve account to date is \$4,790,174.01.

Respectfully,

CHARLES J. FOX,
City Auditor.

STREETS FOR COASTING.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Board of Street Commissioners of December 29, 1937, approved by the Mayor December 30, 1937, designating coasting streets in the different sections of the city, be, and the same hereby is, amended, as follows:

Police Division 13, so as to add to said paragraph the words: "Furnival road, northwesterly from Pond street," intending thereby to authorize coasting on said street.

POLICE DEPARTMENT ORDERS.

General Order No. 304.

Patrolmen Edward V. Koen and Vernon E. White, both attached to Division 16, are commended for excellent police duty performed in connection with the arrest on November 8, 1938, of a man for serious moral offences committed in the Fenway on different young women during the month of October, 1938.

The commissioner is pleased and gratified in commending these officers for their untiring efforts and devotion to duty shown in accomplishing this important arrest and the successful prosecution of this dangerous criminal.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 305.

The Trial Board, consisting of Captains Grace, Donovan and Keating, having heard by reference a complaint against Patrolman Francis L. Lascelles of Division 7, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged. In accordance with which it is hereby ordered that the said Patrolman Francis L. Lascelles perform 315 hours of punishment duty.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 306.

Sergt. Joseph W. McCleary, Patrolmen Joseph L. Clark, William J. Collins and William E. Lee, all attached to Division 11, are commended for efficient police duty performed in connection with the investigation and subsequent conviction of a person as an "accessory before and after the fact" in a series of armed holdups and robberies of banks which had been committed by a group of young men in October and November, 1938.

The commissioner is pleased to recognize and commend these officers for their untiring efforts and devotion to duty shown in performing this splendid police duty and, in addition, each officer is granted three days' extra vacation.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 307.

The Trial Board, consisting of Captains Grace, Duggan and Tiernan, having heard by reference a complaint against Patrolman Thomas Dunn of Division 11, charging him with violation of Rule 27, Section 9, has reported to the commissioner a finding of guilty as charged. In accordance with which it is hereby ordered that the said Patrolman Thomas Dunn perform 70 hours of punishment duty.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 8.

I. BOARD OF MERIT.

The Board of Merit of the Boston Fire Department, consisting of the chief of department and deputy chiefs, has considered all meritorious acts referred to it for the year 1938. After careful consideration and study the Board submitted the following recommendation, which is hereby approved by the Fire Commissioner:

Only one case was submitted for consideration of the Board, as follows: Meritorious action of Hoseman Dennis J. McLaughlin of Engine Company 23 at fire, 142 Northampton street, Box 2217, 9.26 p. m., March 4, 1938.

Upon arrival at this fire, Capt. Hugh J. Goodfellow and Hoseman Dennis J. McLaughlin of Engine Company 23 proceeded to lay a booster line to the second floor. On reaching the head of the stairway, they heard someone moaning in a rear room into which the fire was extending. Hoseman McLaughlin crawled along the hallway underneath flame and into the room where he found a woman overcome by smoke. He removed her to the head of the stairway where he collapsed and had to be assisted to the street.

After a careful review of this case, the Board is of the opinion that this rescue was made under extremely dangerous conditions and at considerable personal risk to member; therefore, the Board respectfully recommends that the name of Hoseman Dennis J. McLaughlin of Engine Company 23 be placed on the Roll of Merit.

II. PROMOTION.

The following promotion, which will take effect at 8 a. m., Wednesday, March 1, 1939, is hereby announced:

Ladderman Edward J. Donelan of the Maintenance Division to lieutenant.

III. TRANSFERS.

The following transfers, which will take effect at 8 a. m., Wednesday, March 1, 1939, are hereby announced.

Lieut. Edward J. Donelan from the Maintenance Division to Ladder Company 21.

Lieut. William T. Hogan from Ladder 21 to Engine 5.

IV. RETIREMENTS.

The following retirements, which will take effect at 8 a. m., Wednesday, March 1, 1939, are hereby announced.

Ladderman Harold W. Bailey of Ladder Company 24.

Hoseman Patrick J. Flaherty of Engine Company 4.

Hoseman William H. Murray of Engine Company 52.

Ladderman Bailey was appointed to the Fire Department on May 11, 1931. Hoseman Flaherty was appointed to the department on May 28, 1927, and Hoseman Murray was appointed to the department on December 21, 1925. All these men leave the department with the best wishes of their associates.

V. NEW ASSIGNMENT CARD.

As announced in General Order No. 69, Series of 1938, a new assignment card is being issued today for Box 1461, Washington and West streets.

Company commanders will place the company number on the backs of the

old assignment cards for Box 1461 and return them to Headquarters on or before Wednesday, March 1, 1939.

VI. A. D. T. ASSIGNMENT.

The following signal number is to be added to the running cards of the A. D. T. Company in this department.

Signal 618, Federal Warehouse, Incorporated, 40-44 Midway street, South Boston. Apparatus to respond: Engine 38, Ladder 18. District Chief 3. Nearest box is 7131.

VII. COMMENDATION.

Ladderman Joseph W. McRae of Ladder Company 12 is hereby commended for volunteering and donating blood in transfusion to a patient at the Children's Hospital on Monday, February 13, 1939.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston, which were adopted December 8, 1938, and were effective December 26, 1938, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days from February 24, 1939:

Section 8, Part 2, is amended by striking out the following:

Green Street, West Roxbury.

South side, from Centre street to Alfred street, twenty-four hours.

North side, from Greenley place to Washington street, twenty-four hours.

Massachusetts Avenue, Downtown Boston.

Southwest side, from the bridge over the New York, New Haven and Hartford Railroad to St. Botolph street, twenty-four hours.

Section 8, Part 2, is amended by adding the following:

Charlesgate West, Downtown Boston and Roxbury.

East side, from the bridge over the Boston and Albany Railroad to Commonwealth avenue, twenty-four hours.

Green Street, Roxbury.

South side, from Woolsey square to a point fifty (50) feet east of Bartlett square, twenty-four hours.

North side, from Centre street to Washington street, twenty-four hours.

Greenough Avenue, West Roxbury.

South side, from Centre street to a point one hundred and fifty (150) feet east of Centre street, twenty-four hours.

Walnut Park, Roxbury.

Southwest side, from Washington street to Walnut avenue, twenty-four hours.

Washington Street, West Roxbury.

East side, from Glen road to a point sixty-four (64) feet south of Glen road, twenty-four hours.

Section 24, Part 1, is amended by adding the following:

Hewlett Street, West Roxbury.

From Centre street to Walter street.

Section 47 is amended by adding the following:

From Laban Pratt road to Train street.

Laban Pratt Road, Dorchester.

From Boutwell street to Westglow street.

PROFITABLE MUNICIPAL MARKETS.

Municipal markets, "white elephants" in many cities, can be made self-supporting and even profitable, according to recent reports on two of them. The Department of Public Markets of New York City reports that within the administration of its present Mayor, Fiorello LaGuardia, the city's markets have changed from inefficient and expensive undertakings into profitable investments. The Benton Harbor, Mich., municipal fruit and vegetable market is described as doing a three-million-dollar annual business by its City Manager in the February issue of "Public Management."

DEPARTMENT FEES AMENDMENT.

The Mayor has approved the following request of the Building Department:

BOSTON, January 16, 1939.

HON. MAURICE J. TOBIN,

Mayor of Boston.

Subject: Departmental Fees, Supplement No. 1.

DEAR SIR,—Effective upon the date of your approval as required by chapter 571 of the Acts of 1910, the original schedule of departmental fees dated December 13, 1938, approved by you December 31, 1938, all as established by the Revenue Survey Committee, will be supplemented and amended as follows:

Item 14, which reads: Dumb-waiter alterations, repairs, etc., \$1.00 per car; maximum fee \$10, shall be amended to read: Dumb-waiter alterations, repairs, etc., excluding the renewal of dumb-waiter cables, \$1.00 per car; maximum fee \$10.

Item 16, which reads: Annual elevator and escalator inspection, \$2.00 per elevator

or escalator, shall be amended to read: Annual elevator and escalator inspection, \$2.00 per elevator or escalator for a group of ten elevators, and \$1.00 per elevator or escalator for each elevator or escalator in excess of ten, with a maximum fee established not to exceed \$50. It is understood that the elevators and escalators referred to here shall be within the confines of one building or buildings interconnected by public passageways.

To clarify the fees listed in the original schedule of December 13, 1938, referred to above, it is understood that no fee shall be charged for the inspection or testing of dumb-waiters, sidewalk elevators, ash lifts, etc., which are not equipped with car safety devices as required by law for elevators, etc.

It is understood that none of the departmental fees will be collected on properties owned by the City of Boston.

Respectfully yours,

JAMES H. MOONEY,
Building Commissioner.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

ELECTRICIAN, DANVERS STATE HOSPITAL,
DEPARTMENT OF MENTAL HEALTH,
APRIL 8, 1939.

Last date for filing applications, Saturday, March 25, 1939, at 12 noon.

The minimum salary, without maintenance, is \$1,440 a year; the maximum salary, without maintenance, is \$1,740 a year. The minimum salary, with maintenance, is \$1,080 a year; the maximum salary, with maintenance, is \$1,380 a year.

Duties: Under supervision, to do general installation and maintenance work with or without helpers; and to perform related work as required. Examples: Operating, maintaining and caring for motors and generators; operating, repairing and testing switchboards and switchboard devices; installing, repairing and maintaining electrical equipment; connecting up generators, motors, and lighting, heating and laboratory appliances, attaching and caring for electric fans, vacuum cleaners, and alarm, signal and call devices, testing and charging storage batteries; repairing motors and generators; reading and recording meters; inspecting and oiling electrical apparatus; laying out and inspecting underground conduits and overhead circuits; wiring for lamps and other fixtures; operating moving picture machines, regulating thermostats; and maintaining fire alarm system at the above institution.

Entrance Requirement: Applicants must possess a journeyman's or master electrician's license.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PART-TIME LABORATORY TECHNICIAN, DEPARTMENT OF MENTAL HEALTH, APRIL 8, 1939.

Last date for filing applications, Saturday, March 25, 1939, at 12 noon.

Requisition is for a female, but the examination is open to both males and females.

The minimum salary, without maintenance, is \$1,200 a year; the maximum salary, without maintenance, is \$1,500 a year. The present vacancy is for six months of every year at \$1,200 a year.

Duties: To perform, under supervision, general apprentice work about the laboratory, and routine laboratory work involving the use of simple, well-defined processes; such apprentice work as may be of assistance to professional laboratory workers, and to perform emergency duties as may be assigned. Applicants should be familiar with all types of neuropathological technique. Applicants should have the ability to operate a total brain microtome and to handle and stain these large sections without loss, tearing or wrinkling them. They should also have the ability to deal with brains and cords from the time they are collected until they are ready for microscopic examination.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each

subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

Salary: \$1,200 a year. At the present time there are six vacancies—five females and one male.

Duties: To determine the eligibility of patients for admission to the wards of the Boston City Hospital. To assist in arranging for the transfer of chronic cases to other institutions. The positions open are in venereal disease clinics and the special function is effective follow-up, arrangements for examination of contact cases, interpretation and medical social case work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CITY COUNCIL TO PROBE ELEVATED ACCIDENT.

The following statement was issued by City Councillor William A. Carey, Ward 10, following news of the fatal Elevated accident of February 28:

The story of yesterday's runaway street car accident is now history and nothing can be done to bring back those unfortunate victims who were plunged into eternity as a result of it. We hope the death toll will not be further added to.

The operator of an "El" car or train can be expected to be only as dependable as is his equipment, and as chairman of the Public Safety Committee of the City Council I have, therefore, called a meeting of the committee to meet on next Tuesday afternoon and shall request General Manager Dana and other officials of the Elevated to be present at that time.

POPULATION OF BOSTON, BY SEX, NATIONALITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (i. e., one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9,563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

NO COST CONTROL FOR REFUSE DISPOSAL.

American cities on the whole may be clean housekeepers, but they don't know how much it is costing them to be clean or whether they are spending too much. Only a few cities are able to report accurately the unit cost of removing garbage and other refuse and of cleaning streets, according to the Public Administration Service of Chicago, Ill., which further reports that at least 90 per cent of the cities in this country have no cost control over this service.

THE MUNICIPAL WATER-WORKS TREND.

In 1800 there was but one municipally-owned water-works plant in the United States. Now there are 7,853 municipally-owned installations, or 72.8 per cent of the entire number. In the United States there are ninety-four cities of over 100,000 population. All but eleven of these own their water works. Municipal plants serve 96.1 per cent of the population of the ninety-four cities, while private plants serve only 3.9 per cent.

SAND, CINDERS AND SALT IN DULUTH.

About 385 miles of sidewalk are sanded every year and about 250 miles of streets are snow-plowed and sanded. Ordinarily, flat grades are not sanded, this work being confined to steep grades where dangerous ice conditions exist. During the past season the maintenance department used about 500 cubic yards of cinders, 500 cubic yards of sand, and 5 tons of calcium chloride on the streets.

The use of salt, or sodium chloride, has been discontinued entirely, because of its injurious effect on concrete walks and pavements. The action of salt is not clearly understood, but it is much more active during cold weather than in summer, and is apparently due to the formation of crystals after penetrating the surface, the force of which disintegrates the concrete. Calcium chloride does not seem to be entirely free from this difficulty, but is much less active than sodium chloride.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added to Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 705; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,619, or 77.92 per cent.

JAMAICA SPENDS \$1,000,000 ANNUALLY ON ROAD CONSTRUCTION AND MAINTENANCE.

Jamaica, an English possession, has a highway system which is almost entirely constructed of waterbound macadam, some 70 miles of which has been surface-treated. Many of the roads are under the supervision of the Department of Public Works and various parochial boards. There are about 2,500 miles of bridle and foot paths. The highway system connects all parts of the island in a very satisfactory manner, and the problem is not that of the construction of new roads, but the improvement of old ones, the surfacing and widening of these roads, and protective coatings. The roads are well maintained and, as there are not many heavy trucks, the maintenance is satisfactory. There are approximately 4,000 miles of highways, or 1.11 square miles of area to one mile of highway.

About a million dollars per year is spent on new construction and maintenance, the machinery used being both European and American.

(From a report of the American Road Builders' Association.)

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

REVISION OF ASSESSMENT.

The Mayor has approved the following order of the Board of Street Commissioners:

In the matter of the application for revision of assessment levied on account of the construction of sewerage works the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application.

Ordered, That the amounts hereinafter specified, being the annual apportionments of said assessment for the years specified below, be, and the same are hereby, abated.

Bridget M. Thompson, Mt. Hope street, Hyde Park, lot 2, assessed December 12, 1933, 1935 apportionment, \$15.40; 1936 apportionment, \$14.80; 1937 apportionment, \$14.20.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

POPULATION OF COUNTIES, 1935.

(1) Middlesex (11 cities and 43 towns), 958,855 or 23,931 over 1930; (2) Suffolk (3 cities and 1 town), 912,706 or 33,150 over 1930; (3) Essex (8 cities and 26 towns), 504,483 or 6,443 over 1930; (4) Worcester (4 cities and 57 towns), 495,562 or 4,320 over 1930; (5) Bristol (4 cities and 16 towns), 366,465 or 1,875 over 1930; (6) Hampden (4 cities and 19 towns), 333,495 or 2,001 less than in 1930; (7) Norfolk (1 city and 27 towns), 320,826 or 21,400 over 1930; (8) Plymouth 1 city and 26 towns, 166,329 or 4,018 over 1930; (9) Berkshire (2 cities and 30 towns), 121,099 or 399 over 1930; (10) Hampshire (1 city and 22 towns), 74,205 or 1,404 over 1930; (11) Franklin (26 towns), 51,043 or 1,431 over 1930; (12) Barnstable (15 towns), 36,647 or 4,342 over 1930; (13) Dukes (7 towns), 5,700 or 747 over 1930; (14) Nantucket (1 town), 3,495 or 183 less than in 1930. Total for the 14 counties (39 cities and 316 towns), 4,350,910 or 101,296 (i. e., 2.38 per cent) over 1930. Of said total, 2,975,790 (i. e., 68.39 per cent) were in the cities and 1,375,120 (i. e., 31.61 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called urban, then the percentage of urban population in the entire State reached the notable figure of 90.83, while the rural shows but 9.17 per cent.

The density of population in the State in 1935 was 552.4 persons per square mile, an increase of 12.9 persons over 1930.

POPULATION OF NEW ENGLAND, 1930.

Total population, 8,166,341 (4,024,657 males and 4,141,684 females); total white, 8,065,113 (3,972,465 males and 4,092,648 females); total native white, 6,230,803 (3,067,723 males and 3,163,080 females); native white of native parentage, 3,167,082 (1,572,885 males and 1,594,197 females); native white of foreign or mixed parentage, 3,063,721 (1,494,838 males and 1,568,883 females); foreign-born white 1,834,310 (904,742 males and 929,568 females); Negro, 94,086 (46,963 males and 47,123 females); Indian, 2,466 (1,273 males and 1,193 females); Chinese, 3,794 (3,233 males and 561 females); Japanese, 352 (277 males and 75 females); Mexican, 107 (69 males and 38 females); all other races, 423 (377 males and 46 females).

A NEW POSITIVE WATER-METER TESTER.

The large majority of waterworks, particularly the smaller ones, seldom have accurate or positive means of testing their meters. Often when a meter is repaired, the man making the repairs simply blows through the meter to see if it runs, when it is again put into service with the assumption that it is accurate. Sometimes meters are hooked up in series with a new meter and water is run through to see if the readings check. This is better than the lung-power method, but still is far from accurate or dependable, in that the test meter may be in error by 2 per cent or even more. Several states have regulations governing water utilities, both municipal and private, and require a positive method of testing water meters in every meter shop.—*American City Magazine.*

WEALTH AND TAXATION. STATISTICS
FOR 1936.

Total assessed value of real estate on January 1, 1936, in the 39 cities and 316 towns of Massachusetts, \$5,760,356,195 (\$54,370,617 less than on January 1, 1935), of which 65.42 per cent applied to buildings and 34.58 per cent to land; of personalty, \$683,644,076; aggregate valuation, \$6,444,000,271 (1.09 per cent decrease from 1935), on which the total tax was \$227,649,368. To raise this amount of taxes on the property assessed at a uniform rate throughout the State would have required a tax rate of \$35.33- on \$1,000 valuation. Boston's valuation (\$1,620,265,000) equal to 25.14 per cent of total valuation in the State.

Total taxes assessed by Massachusetts (exclusive of \$10,000,000 State tax on municipalities) in 1936, \$68,807,900, divided thus: Income tax, \$17,993,248; business tax on domestic corporations, \$7,875,050; same on foreign corporations, \$3,069,455; inheritance tax, \$5,703,098; franchise tax on 118 out of 214 public-service companies making returns, \$3,610,796; on insurance premiums, etc., \$4,204,692; on savings bank deposits (including Trust Company Savings Depts.), \$1,845,572; on national banks, \$266,813; trust company tax, \$230,204; gasoline tax, \$19,423,413; alcoholic beverages, \$4,153,826; stock transfer tax, \$377,003; all other, \$54,731. Total share value of all domestic corporations, \$1,773,454,066.

Number of Massachusetts income tax returns 419,564, of which 227,689 were found taxable. Total taxable income reported in these for 1935 and assessed in 1936, \$440,840,320, divided thus: Business income, \$207,218,871; gains, \$19,915,851; annuities, \$3,503,519; interest and dividends, \$210,989.

Total distribution of income tax to Massachusetts cities and towns in 1936 was \$16,196,957 (\$2,088,115 more than in 1935), of which Boston's share was \$4,126,673; distribution of business, public-service, etc., taxes \$9,754,454, of which Boston received \$907,705. Number of business corporations taxed, 24,431, of which 2,479 were foreign.

Total property in State exempted from taxation in 1936, \$1,528,706,575 (mostly real estate), divided thus: Public property of cities and towns, \$678,499,525; of literary and scientific institutions, \$239,775,844; of churches, \$149,862,318; of United States, \$149,361,269; of State, \$143,780,508; of charitable and benevolent institutions, \$118,549,195; of counties, \$33,222,755; cemeteries, etc., \$8,024,355; all other, \$7,630,806. In Boston, the total exempt property in 1936 was \$473,741,075, or 30.99 per cent of all in Massachusetts.

The Commissioner of Corporations and Taxation in his annual report for year 1936 tabulates the wealth of Massachusetts under twenty items. The grand total is \$16,025,325,491. Real Estate comprises 44.51 per cent of the total; Savings Banks and Savings Departments assets (less Real Estate) account for 15.62 per cent; National Banks assets (less Real Estate) equal 8.81 per cent and Insurance Companies (value premiums and reserves) make 6.93 per cent. These four above-mentioned items accounts for three-quarters of the total wealth.

Similar figures cannot be given for Boston.

WEATHER IN BOSTON. STATISTICS
FOR YEAR 1937.

The precipitation, amounting to 43.67 inches, was 3.53 inches above normal. Snowfall was 8.8 inches, or 34.7 inches below normal, 8.5 inches falling in January, March and December.

Maximum monthly precipitation was in April, or 5.34 inches; maximum rainfall in twenty-four consecutive hours, 3.36 inches on December 6-7; thunder storms on nineteen days, seventeen of these days being in May to August, inclusive; the first thunder shower came on May 7 and the last one on September 4. Snow fell on thirteen days, twelve being in January, March and December, Greatest snowfall in twenty-four hours, 2.2 inches on December 28. The last snow in spring occurred on April 23 and the first snow in autumn came on November 19. The first killing frost in autumn came on October 15. The longest period without precipitation was eleven days, February 23-March 5, the longest period with precipitation, seven days, March 15-21.

Sunshine, highest per cent for month in September, 69 per cent; lowest in January, 41 per cent. Number of clear days, 103; cloudy days, 152; partly cloudy, 110; days showing precipitation, 123; dense fog on 22 days, mostly in January, February, May, June and August; highest temperature, 99° on July 8; lowest, 10° on February 2; mean for winter months, 34°; for summer months, 71°; number of days 90° or above, 16; freezing, 32° or below, 105; zero or below, none; greatest monthly range of temperature, 51° in May; least monthly range, 34° in December; the highest mean temperature of three consecutive days was 82°, July 7-9; lowest mean temperature of three consecutive days, 21°, February 1-4.

Wind, highest velocity 48 miles per hour on October 20 from the south; average hourly velocity, 10.4; prevailing direction in summer months, southwest; in winter months, west; gales (*i. e.*, 32 miles per hour or over), 11, distributed over 7 months.

Barometric pressure (reduced to sea level): Mean, 30. inches; highest, 30.87 inches, January 25; lowest, 29.11 inches, February 14.

Humidity, highest per cent in August, 74 per cent; lowest, March, 58 per cent; mean for year, 67 per cent.

REVENUE BOND ACTS.

The 1936 issue of the "Municipal Index" contains a detailed study of the revenue bond acts in the thirty-three states which have enabling acts, and reports of all forty-eight states, showing what advantage has been taken of these acts by cities to finance the construction, operation and maintenance of sewerage systems and sewage treatment plants by service charges.

The table shows the status of revenue bond acts and other enabling acts in the different states, the dates when the acts became effective, and whether or not cities have taken advantage of the opportunity offered for financing bonds by service charges. In the case of states with no enabling acts, the table shows whether cities are charging sewer rentals under some other authority.

VOTE OF METROPOLITAN DISTRICT IN
1936.

In the election of 1936 for Governor, the 43 municipalities (including Boston) cast 371,481 Republican votes and 418,341 Democratic, showing a Democratic excess of 46,860. The eight cities, *i. e.*, Boston, Cambridge, Chelsea, Everett, Lynn, Revere, Somerville and Woburn, and the towns of Canton, Hull, Norwood and Watertown, showed a Democratic plurality of 125,064 while the six other cities and all but the four above-mentioned towns opposed with a Republican plurality of 78,204.

DEBTS AND ASSESSMENTS OF SPECIAL
DISTRICTS. STATISTICS FOR YEAR
1937.

The gross Metropolitan debt (included in contingent debt of State) for water, parks, sewers and Charles River Basin improvements on July 1, 1937, amounted to \$87,494,640; sinking funds, \$38,059,240; net debt, \$49,435,400, or \$1,418,176 more than on July 1, 1936. The division of this net debt was: Water District, \$39,895,469; Sewer District, \$6,263,644; Park District, \$1,848,093; Charles River Basin, \$1,428,194. Of the latter \$228,503 is paid by Boston for Charles River Bridge. Besides the net Metropolitan debt shared by the forty-three cities and towns, a net debt of \$18,397 was shared by the counties of Norfolk and Plymouth and by the Bay State Street Railway Company. Total Metropolitan assessments in year 1937 for debt requirements and maintenance, \$9,155,444, of which Boston paid 51.90 per cent, the thirteen other cities paid 30.30 per cent, the towns 17.80 per cent.

Boston paid 63.45 per cent of Metropolitan Water assessment; 43.74 per cent of Parks and Boulevards assessments; 26.92 per cent of Sewer (North and South Systems) assessments and 48.83 per cent of Charles River Basin assessment.

PUBLIC DEBT, JANUARY 1, 1938.

Gross funded debt, January 1, 1938, \$153,803,833.27 (including \$25,333.27 issued by State); sinking funds, \$23,647,516.77 (no other redemption means); net debt, \$130,156,316.50, or \$3,235,023.31 less than on January 1, 1937. Of said net debt, \$65,668,308.01, or 50.45 per cent, was City debt; \$43,145,191.76, or 33.15 per cent, Rapid Transit debt (representing 4½ per cent investment); \$1,542,333.27, or 1.18 per cent, County debt; \$852,000, or 0.65 per cent, Water debt; \$18,948,483.46, or 14.57 per cent, Traffic Tunnel debt.

The City debt includes \$6,055,000 for W. P. A. Projects; the County debt includes \$1,100,000 for W. P. A. Projects and the Water debt includes \$664,000 for W. P. A. Projects.

Debt paid in 1937 was \$13,579,166.67 and there was a decrease in total gross debt of \$6,372,166.67.

Net debt per capita, \$161.31 (approximate); net debt, exclusive of Rapid Transit debt, \$87,011,124.74, or \$107.84 per capita (approximate).

Per capitas are based on United States Census Bureau's estimated population (806,848) on January 1, 1938.

Loans authorized but not issued (within debt limit), \$613,000; same outside of tax limit, \$1,399,963; total \$2,012,963.

NUMBER OF OFFICIALS AND EMPLOYEES COMPILED BY AUDITING DEPARTMENT MADE PUBLIC AS PROVIDED BY LEGISLATIVE ENACTMENT.

In accordance with the provisions of chapter 263 of the Acts of 1938, the City Auditor has prepared a comparative table showing the number of officials and employees holding office or employed in City and County departments and paid by the City or County, on the first day of January in each of the ten years covered by the table.

PROCEEDINGS OF CITY COUNCIL.

Tuesday, February 14, 1939.

Adjourned regular meeting of the City Council held in Faneuil Hall at 2 p. m. President MURRAY presiding. Absent, Coun. Irwin and Norton.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:

Weighter of Goods: John E. O'Brien, 94 Bayswater street, East Boston; Daniel J. Kelly, 44 Everett street, East Boston.
Severally laid over a week under the law.

COMPLIANCE WITH BUILDING LAW BY HOUSING PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, February 9, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Housing Authority Executive Director relative to your order of January 30, 1939, concerning the request to comply with the Building Law of the City of Boston, incident to the construction of proposed housing projects.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston Housing Authority,
February 7, 1939.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I am directed by the Authority to reply to your communication of February 2, 1939, concerning the order passed January 30, 1939, by the City Council:

"That the Boston Housing Authority, through his Honor the Mayor, be requested to comply with the Building Law of the City of Boston, incident to the construction of proposed Housing Projects."

The Authority respectfully calls your attention to section 26BB of chapter 484 of the Acts of 1938 of the Great and General Court of the Commonwealth.

That section says, "Except as provided in section twenty-six Q with respect to projects acquired or leased from the Federal government, every project of a housing authority shall be subject to all statutes, and all ordinances, by-laws and regulations of the city or town in which it lies, relating to town planning, zoning, the construction and repair of buildings, and the protection of public health."

The Authority must be governed by this statute.

Respectfully,

FRANCIS X. LANE,
Executive Director.
For the Authority.

Placed on file.

DISPLAY OF TAXI OPERATORS' PHOTOGRAPHS.

The following was received:

City of Boston,
Office of the Mayor, February 9, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Police Commissioner relative to your order of January 30, 1939, concerning the including in the regulations relative to the operation of taxicabs the provision that a photograph of the operator be conspicuously displayed in the cab.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,

Police Department, February 6, 1939.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum dated February 2, 1939, with inclosure of Council order relative to making provision in the rules and regulations of taxicabs that a photograph of the operator be displayed conspicuously in the cab.

This matter will be given prompt attention and when the report reaches me I shall again communicate with you.

Very truly yours,

JOSEPH F. TIMILTY,
Police Commissioner.

Placed on file.

REVENUE FROM HACKNEY CARRIAGE LICENSES AND BADGES.

The following was received:

City of Boston,
Office of the Mayor, February 9, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Police Commissioner relative to your order of January 30, 1939, concerning the amount of gross and net revenue received annually for the past

five years from the issuance of hackney carriage licenses and also from the issuance of hackney badges.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,

Police Department, February 6, 1939.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum dated February 2, 1939, together with City Council order that the Police Commissioner be requested, through his Honor the Mayor, to furnish to the City Council the amount of gross and net revenue received annually for the past five years, from the issuance of hackney carriage licenses and also from the issuance of hackney badges.

This matter will receive immediate attention and when the information is prepared it will be forwarded to your office at once.

Yours respectfully,

JOSEPH F. TIMILTY,
Police Commissioner.

Placed on file.

ASSESSMENT OF WARD 20 HOMES.

The following was received:

City of Boston,
Office of the Mayor, February 9, 1939.
To the City Council.

Gentlemen,—I transmit herewith a letter from the Board of Assessors relative to your order of December 5, 1939, concerning the annual assessments on properties in January, 1939, to assess the homes in Ward 20 at a fair valuation and not to assess them so exorbitantly as in the past, especially those homes which have been built within the last eight or ten years.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Board of Assessors, December 15, 1938.

Hon. Maurice J. Tobin,

Mayor of Boston.

Dear Sir,—Replying to the order of the City Council of December 5, "relative to making the annual assessments on properties in January, 1939, to assess the homes in Ward 20 at a fair valuation and not to assess them so exorbitantly as in the past, especially those homes which have been built within the last eight or ten years," I would say that the assessors are obliged, under their oath of office, to assess all property at its fair cash value.

When the assessments are made in January, 1939, the assessors of Ward 20 will be instructed to give their careful attention to all properties in the ward with the view of making all assessments fair and just.

Very truly yours,

EDWARD T. KELLY, Chairman.

Placed on file.

REVOCATION OF PERMIT, COUNTY COAL COMPANY.

The following was received:

City of Boston,
Office of the Mayor, February 13, 1939.
To the City Council.

Gentlemen,—I transmit herewith vote of the Board of Street Commissioners relative to your order of October 31, 1938, concerning the fuel oil tank located on the premises of the County Coal Company at 55 Hall street, Jamaica Plain, Mass. This vote revokes the permit originally granted December 28, 1937, and has been approved by me February 10, 1939.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Street Laying-Out Department,

February 8, 1939.

Voted, That the license granted by the Board of Street Commissioners on December 28, 1937, approved by the Mayor December 28, 1937, to the County Coal Company, for the keeping, storage and sale of 5,000 gallons of fuel oil at 55 Hall street, Ward 11, be, and the same hereby is, revoked, for the following reasons:

That it has been represented to the Board of Street Commissioners that the rules and regulations of the Department of Public Safety have not been complied with;

That demand was made upon said County Coal Company to lay open for inspection, to the Board of Street Commissioners or the Fire Commissioner, the tank already installed;

That said County Coal Company refused to permit the inspection.

JOHN A. DONOGHUE,
THOMAS A. FITZGERALD,
WILLIAM F. HIGGINS,
Street Commissioners.

Approved February 10, 1939,

MAURICE J. TOBIN,
Mayor of Boston, Mass.

A true copy.

Attest:

ELIZABETH A. CLAYTON,
Acting Secretary.

Placed on file.

TRAFFIC SIGNALS, WARD 1.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Traffic Commissioner relative to your order of January 30, 1939, concerning the installation of traffic lights at the junction of Bennington and Byron streets, Ward 1, and also at the junction of Bennington street and Neptune road, Ward 1.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Traffic Commission, February 6, 1939.

Hon. Maurice J. Tobin,

Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated January 30, 1939, which reads as follows:

"Ordered, That the Traffic Commissioner, through his Honor the Mayor, be requested to install traffic lights at the junction of Bennington and Byron streets, Ward 1, and also at the junction of Bennington street and Neptune road, Ward 1."

There are no funds available to this commission for the installation of automatic traffic signals at these locations.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

TRAFFIC SIGNALS, CUMMINS HIGHWAY AND HYDE PARK AVENUE.

The following was received:

City of Boston,
Office of the Mayor, February 6, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Traffic Commissioner relative to your order of January 30, 1939, concerning the installation of traffic signals at the corner of Cummins Highway and Hyde Park avenue, Ward 19.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Traffic Commission, February 6, 1939.

Hon. Maurice J. Tobin,

Mayor of Boston.

Dear Sir,—I have the honor to acknowledge receipt of Council order dated January 30, 1939, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install traffic signals at the corner of Cummins Highway and Hyde Park avenue, Ward 19."

I regret to state that there are no funds available for the installation of automatic traffic signals at this location.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

BRANCH LIBRARY, SAVIN HILL.

The following was received:

City of Boston,
Office of the Mayor, February 13, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Director of the Boston Public Library relative to your order of February 6, 1939, concerning the provision for the establishment of a branch library in the Savin Hill section of Ward 13.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Library Department, February 10, 1939.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I wish to acknowledge your transmittal, under date of February 9, of the order of the City Council of February 6, 1939, requesting provision for the establishment of a branch library in the Savin Hill section of Ward 13. This will be brought to the attention of the trustees at their next meeting, and further word will be sent to you thereafter as to the action taken by the trustees.

Yours very sincerely,
MILTON E. LORD, Director.

Placed on file.

USE OF ABANDONED SCHOOL AS BRANCH LIBRARY, WEST ROXBURY.

The following was received:

City of Boston,
Office of the Mayor, February 13, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Director of the Boston Public Library relative to your order of February 6, 1939, concerning the submitting as a W. P. A. project the remodeling of the abandoned school at Washington and Stimson streets, West Roxbury, for use as a branch library.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,
The Public Library, February 10, 1939.
William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I wish to acknowledge your transmittal, under date of February 9, of the order of the City Council of February 6, 1939, requesting the Trustees of the Public Library to submit as a W. P. A. project the remodeling of the abandoned school at Washington and Stimson streets, West Roxbury, for use as a branch library. This will be brought to the attention of the trustees at their next meeting, and further word will be sent to you thereafter as to the action taken by the trustees.

Yours very sincerely,
MILTON E. LORD, Director.

Placed on file.

SERVICE ON ELEVATED LINES.

The following was received:

City of Boston,
Office of the Mayor, February 13, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the President and General Manager of the Boston Elevated Railway Company relative to your orders of January 23, 1939, concerning the service on the Park Street Subway-Arborway Station, Allston-Dudley Street and Dudley Street-Arborway, Jamaica Plain lines.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston Elevated Railway,
February 11, 1939.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—In reply to your letters of January 31 with orders of the City Council requesting additional service on the Park Street Subway-Arborway Station, Allston-Dudley Street and Dudley Street-Arborway, Jamaica Plain lines, I would say that counts taken at the heaviest load points on these lines show that the service now operated is adequate to meet the riding requirements.

At the present time service on the Park Street-Arborway Station line is seriously affected by the construction work on Huntington avenue, incident to installing a 48-inch water pipe between the Brookline line and Brigham circle and by subway construction between the Opera House and Exeter street, and schedules on other surface lines have been to some extent interrupted due to traffic conditions since the snowstorm. When that has occurred, however, additional trips have been operated.

Careful observation will be made of the riding on the lines referred to and the service will be properly adjusted to meet the riding requirements.

Very truly yours,
EDWARD DANA,
President and General Manager.

Placed on file.

DISAPPROVAL OF SIDEWALK, MCBRIDE STREET, WARD 11.

The following was received:

City of Boston,
Office of the Mayor, February 13, 1939.
To the City Council.

Gentlemen,—I return herewith, without my signature, sidewalk construction lien order for sidewalk along McBride street, both sides, in Ward 11, and attach hereto a copy of a letter received from the Commissioner of Public Works.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
February 9, 1939.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith sidewalk construction lien order that the Commissioner of Public Works make an artificial stone sidewalk, with granite edgestones, along McBride street, both sides, Ward 11.

A recent canvass of McBride street shows that out of thirty-four abutters, fifteen request the sidewalks; eight reply no, and the other eleven are questionable.

The fifteen who are willing to pay their share of the assessment are in scattered locations and it would be poor policy to put sidewalks in front of these individual houses. Due to the fact that there are nineteen abutters who do not signify their willingness to pay the assessment I believe that this lien order should be disapproved at this time.

Respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

VETO OF VARIOUS ORDERS.

The following was received:

City of Boston,
Office of the Mayor, February 13, 1939.
To the City Council.

Gentlemen,—In order that the records may be completed, you are respectfully informed that I have not approved the several resolutions adopted by your Honorable Body in favor of special legislation in the following instances:

1. To provide for the reinstatement of particular individuals formerly employed in the Police Department.

2. To provide three quarter or full pay pensions for certain former members of the Police Department.

3. To provide for the payment of sums of money by the city on account of deaths or injuries under such circumstances that there is no legal liability on the city.

My affirmative approval is required on these resolutions and I am returning them to the City Clerk not approved.

The reinstatement of former police officers has been dealt with by the Legislature in the form of an act permitting the reinstatement of any discharged employee upon the request of the employing officer after a hearing by the Civil Service Commission.

If an injustice can be shown in the case of any particular police officer, I have no doubt that the present Police Commissioner can be trusted to remedy it under the general statute and I see no reason why the city or the Legislature should be called upon to interfere in the administration of his department in this regard.

In the matter of increasing to full pay the pensions of certain former members of the Police Department, I am satisfied that the present retirement system provides generously for accidental disability cases, and the granting of a full pay pension in 1937 in the particularly aggravated case of Daniel J. McDonald should not be taken as a precedent for a program of increases.

In the case of injuries or deaths under such circumstances that there is no legal liability on the city, I do not believe it is proper or advisable to commit the city to a payment in such cases.

There seems to be a growing tendency to attempt to fall back on the city for payment of damages for most everything that happens, not excluding hurricanes and snowstorms, on the specious plea that there is a moral obligation.

I am unable to bring myself to agree with this theory.

In all three of these classes of resolutions which I have refused to approve, it is no doubt possible to obtain from the Legislature a suspension of the rule if the circumstances of any particular case are sufficiently outstanding to warrant such action.

Respectfully,
MAURICE J. TOBIN, Mayor.

Placed on file.

VETO OF PENSION PLAN FOR FIRE DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, February 13, 1939.
To the City Council.

Gentlemen,—I return herewith without my signature and disapproved the resolution of your Honorable Body in favor of legislation to authorize the pensioning of members of the Fire Department after twenty-five years of service, irrespective of age.

This proposal is inconsistent with the present provisions relating to firemen and is unfair to the members of the department who are in the contributory system.

Respectfully,
MAURICE J. TOBIN, Mayor.

Placed on file.

VETO OF AMENDMENT OF RETIREMENT SYSTEM.

The following was received:

City of Boston,
Office of the Mayor, February 13, 1939.
To the City Council.

Gentlemen,—I return herewith without my signature and disapproved the resolution of your Honorable Body favoring legislation relative to the retirement of employees after twenty-five years of service.

The bill upon which this resolution was based provides for the retirement of employees at age sixty-five with twenty-five years of service at half pay, with other scales for less service graded from one third up. It is in effect an almost complete abandonment of the contributory retirement principle, which is now in effect for public employees, not only in Boston but in the whole state.

The resolution does not necessarily require a formal veto as it could be rendered ineffective by withholding my approval, but I think it proper to make my position clear on matters relating to the retirement system and to call the attention of the city employees to some very significant facts in connection with it.

For municipal employees there are eleven retirement systems established under special acts and a general standard system established in 1936 which may be adopted by any city or town.

The Boston system was the first established and is much more advantageous to the employees than any of the other systems whether state, city or county. When it was established in 1923 it was approved by the Mayor, the City Council, the Finance Commission, the Boston Chamber of Commerce, the Real Estate Exchange and the taxpayers generally. But this approval was given on the basis of definitely foreseen and calculable ex-

penditures. Thanks to the unremitting vigilance and wise administration of the Retirement Board the expense to the taxpayers has not exceeded the expectations and none of the original benefits provided for the employees have been taken away.

In this connection, to quote from a recent report rendered to the Committee of the Legislature on Pensions by the Joint Committee of the Boston Chamber of Commerce, and the Boston Real Estate Exchange:

"This, however, has been done in the face of repeated efforts for the past thirteen years to increase the benefits or relax the restrictions in a retirement system which, as we have stated, is the most generous in the state. The sponsors of these efforts apparently have no appreciation of the disastrous effect on the finances of the city of the various propositions advanced.

"It would take but little more added to the tremendous burden now resting on the taxpayers to place in jeopardy the whole system of pensions. We believe that those who are continually seeking these ill-advised changes should awake to a realization of the dangers of their efforts."

I am in complete agreement with the foregoing quotation, especially owing to the fact that since my occupation of the office of Mayor I have become familiar with the operation and administration of the system.

Of course this system, or any system, cannot approach perfection and I and the Retirement Board are open-minded as to suggestions that will tend to perfect it.

But it is about time that the responsible majority of employees who have intelligence enough to realize it appreciate that they are extremely fortunate, not only in having an exceptionally generous retirement system, but also in having it administered in such a manner as to merit the approbation of those civic bodies who are concerned with protecting so far as possible the interests of the citizens as a whole.

Perhaps this realization will result in the suppression of those employees responsible for proposals that call for financial contributions on the part of the city, which if put into law would jeopardize the financial security of Boston and the resultant security of its public employees.

Respectfully,
MAURICE J. TOBIN, Mayor.

Placed on file.

VETO OF READVILLE DOG TRACK.

The following was received:

City of Boston,
Office of the Mayor, February 8, 1939.
To the City Council.

Gentlemen,—I return herewith disapproved, and without my signature, the order adopted by your Honorable Body on January 30, 1939, for the location of a dog track in the Readville section of our city.

I take this action for the specific reason that a plebiscite vote taken in the three election precincts closest to the proposed track was in the negative.

There is much doubt as to the belief held by many persons that the recent state referendum vote on horse and dog racing was a definite expression of the will of the people approving additional racing tracks within our city limits. With the moral and other issues involved in the establishment of this track in Readville, I was of the opinion that those to be most vitally affected by such a track should be given an opportunity of indicating their views on this most perplexing problem.

If the course of the municipal government or the financial condition of the city were involved in this question the responsibility for decision would be upon your Body and me, and it is perfectly evident that under ordinary conditions and circumstances a plebiscite vote of the character of the one taken on Tuesday, February 7, is neither necessary nor desirable, and I do not intend to make a practice of conducting such tests. However, in view of all the circumstances surrounding the establishment of a proposed track in Readville, and in view of the moral aspects of the matter, it was my best judgment that a fair solution of the problem before me depended upon the sentiments of those living in the immediate neighborhood to the proposed track.

In representative, democratic government we can have no quarrel when the voice of the people is heard on a specific proposal which has grave and far-reaching potentialities. Consequently, I feel it my duty to veto the order as presented me by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Placed on file.

CONVEYANCE TO CITY OF PORTION OF ELEVATED STRUCTURE.

The following was received:

City of Boston,
Office of the Mayor, February 14, 1939.
To the Honorable the City Council.

Gentlemen,—The Division of Metropolitan Planning has filed in the General Court a petition, accompanied by legislation, to provide for the conveyance to the City of Boston and the removal or alteration by the city of part of the elevated structure located on Commercial street, Atlantic avenue, Beach street, Harrison avenue and other public or private lands, generally known as the

Atlantic avenue structure. The bill as drawn provides for the conveyance of the structure to the city under a contract of purchase to be executed by the Transit Department, and the amount of the compensation is left blank to be determined by negotiation. To this extent the bill is almost identical with a bill already filed by me.

The proposed legislation further authorizes the department to construct an elevated highway from a point on Albany street over land of the Boston & Albany Railroad Company and the Boston Terminal Company to Atlantic avenue, thence by Atlantic avenue to Clinton street, Cross street, to and across Haymarket square to Merrimac street, to Lowell street, and finally down to grade by means of a ramp on Lowell street. A section is also included for the laying out and widening of Dover street and also of Berkeley street from Beacon street to a connection with Embankment road extended.

The purpose of this proposed improvement is to relieve traffic congestion in downtown Boston, and by making the business district more accessible, thereby improve the real estate values upon which the city largely depends for its revenue. It is proposed that the cost should be financed in the first instance by the issuance of bonds of the City of Boston outside the debt limit, but that interest and sinking fund requirements of all loans issued under the act should be met from the Highway Fund.

Without expressing at this time formal approval of the plan in its entirety or in detail, I deem it advisable to open up the subject for the fullest possible discussion before the Legislature, and inasmuch as the rules of the Legislature require the approval of your Honorable Body to the petition as a condition precedent to its admission for consideration by the General Court, I am transmitting suggested form of an order, giving such approval, and recommend its prompt adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN Mayor.

Resolved, That the petition of James D. Henderson, Chairman of the Division of Metropolitan Planning, now pending before the Committee on Rules of the House of Representatives of the General Court, for legislation "providing for the conveyance to the City of Boston and the removal or alteration by the city of part of the elevated structure, and authorizing the construction of certain highway improvements, including an elevated highway in the City of Boston" be, and it hereby is, approved.

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

American Mattress Manufacturing Company, for compensation for damage to property at 1051 Washington street, caused by defective sewer.

Abraham A. Backman, for compensation for damage to car by city truck.

Harold J. Bentley, to be reimbursed for execution issued against him.

Bessie Brookman, for compensation for injuries caused by city truck.

George W. Colcord, for compensation for damage to property at 165 West Canton street, caused by city truck.

John M. Flynn, for compensation for damage to property at 1777 Centre street, caused by fire truck.

Beatrice C. Gill, for compensation for damage to property at 58 Rockview street, Jamaica Plain, caused by falling trees.

Isabel C. Gillespie, for compensation for damage to car by snow plow.

Lillian M. Haynes, for compensation for damage to property at 1777 Centre street, caused by fire truck.

Lillian G. Homsey, for compensation for damage to car by city truck.

Harry J. Levin, for compensation for injuries caused by an alleged defect at 4 Harvard avenue.

Meyer Levine, for compensation for damage to car by city car.

Frank S. Martin, for compensation for damage to truck by city truck.

Mary E. McIntosh, for compensation for injuries caused by an alleged defect at 114 Canal street.

J. B. Monahan, for compensation for damage to car by city truck.

Alice H. Philbrick, for compensation for damage to property at 15 Brinsley street, Dorchester, caused by falling tree.

McKinnon & McKenzie Company, for compensation for damage to truck caused by city truck.

George Spear, for compensation for damage to car by city car.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement:

Harold B. Simpson, Y. W. C. A. Hall, February 14.

Boris Bovikoff, Peabody Hall, March 3.

Committee on Ordinances.

Petition of Joseph W. Greenberg for driveway opening at 455 Washington street, Ward 22.

POWERS OF COUNCIL RE PARKING SPACES.

The following was received:

City of Boston,
Law Department, February 8, 1939.
To the Honorable the City Council.

Gentlemen,—I have before me Council order passed under date of January 30, 1939, and also an earlier order of your Honorable Body of the same general tenor. The order of January 30, 1939, reads as follows:

"Ordered, That the Corporation Counsel, through his Honor the Mayor, be requested to promptly forward for City Council consideration requested form of city ordinance relating to outdoor parking spaces."

Under chapter 19 of the Revised Ordinances of 1925 the Corporation Counsel "shall furnish opinions on the law of any subject or question that may be submitted to him by the mayor or city council."

Your request that the Corporation Counsel draft an ordinance I must necessarily construe as involving also the necessity of advising your Honorable Body with reference to the law applicable thereto, which in turn involves the question of the power of the City Council to enact any given ordinance.

Applying this principle to your request, I find myself after careful consideration under the duty of advising you that in my opinion your Honorable Body is without power to enact such an ordinance as you have requested me to draft. It is a fundamental principle of the law of municipal corporations that a municipality has only such powers as are given to it by the Legislature. In the absence of legislation to the contrary, under the authority delegated by the Legislature to cities and towns, for directing and managing their prudential affairs, preserving peace and good order and maintaining their internal police, commonly called the police power, the City Council unquestionably had the power to pass an ordinance regulating the conduct of open-air parking spaces so far as constitutionally consistent with the exercise of that police power. However, since the enactment of chapter 399 of the Acts of 1930, which became effective on December first of that year, the Legislature has dealt with the subject of open-air parking spaces and in my opinion has dealt with it in a manner to preclude the City Council from participation in the regulation of such parking spaces. Furthermore, this legislation was accepted by vote of your Honorable Body on December 29, 1930, and approved by the Mayor on December 30 of the same year. The legislation I refer to is contained in section 56 of chapter 148 of the General Laws, which reads as follows:

"In any city or town which accepts the provisions of this section no person shall engage in the business of conducting or maintaining an open-air parking space without a license therefor granted by the licensing authority, approved in all cases by the head of the fire department. The license shall specify all the premises to be occupied by the licensee for the purpose of conducting the licensed

business. The fee for each such license shall be such amount as may be established by the authority granting the license, and said authority may reasonably classify said licenses and fees. Licenses granted hereunder shall expire on April thirtieth following the date of issue, or on such date as may be specified therein, and may be suspended or revoked by such authority and by the head of the fire department. Whoever, not being licensed, engages in a business required by this section to be licensed, or is concerned therein or, being licensed, engages in such business, or is concerned therein, in any other place than that designated in his license or after notice to him that his license has been suspended or revoked, shall be punished by a fine of not more than one hundred dollars."

An earlier section of said chapter specifically defines the licensing authority in Boston as the Board of Street Commissioners.

It will be noted that this section, therefore, gives the Board of Street Commissioners the power to grant the licenses, to establish the fee, to "classify" the licenses and fees, and to suspend or revoke the license (approval or joint action by the head of the Fire Department being required in connection with the granting, suspension or revocation). These powers are so broad as in my opinion to require the conclusion that the Legislature intended to delegate to the Board of Street Commissioners in Boston the entire control and regulation of the conduct or maintenance of open-air parking spaces in the city. This conclusion is reinforced by the common sense argument that to divide the control and supervision between different and independent bodies would not be conducive to the best results. In addition the power "to classify" licenses and fees has been properly construed by the Board of Street Commissioners to authorize classification on the basis of the number of cars which it is contemplated shall use a parking space area, and I am informed that that Board has in practice made such a classification. This, incidentally, is one of the matters which your Honorable Body has asked me to include in the proposed draft.

To summarize, I am of the opinion that the Legislature, in delegating to the Board of Street Commissioners the power to grant licenses for engaging in the business of the conduct and maintenance of open-air parking spaces, intended also as an incident of the grant to include in the power to license the power to make reasonable rules and regulations with respect to the exercise of the license granted. I am further of the opinion that this delegation by the Legislature was intended to be a complete dealing with the question and covers the whole field to the exclusion of the City Council.

Respectfully submitted,

HENRY PARKMAN, Jr.,
Corporation Counsel.

Placed on file.

AMOUNT CITY CAN BORROW.

A communication was received from the Board of Commissioners of Sinking Funds showing that amount which city can borrow during present municipal year, within debt limit established by law, is \$6,113,422.78, as follows:

DEBT INCURRING POWER IN 1939.

Total debt incurring power within the debt limit (2½ per cent of \$1,571,053,726, the average assessed valuation for three years, less abatement).....	\$39,276,343 15
Debts incurred:	
Total funded debt, city and county.....	\$156,679,066 60
Funded debt outside the debt limit (debt exempted from the operation of the law limiting municipal indebtedness):	
City debt.....	\$33,207,900 00
Water debt.....	140,000 00
Traffic Tunnel debt.....	16,000,000 00
Traffic Tunnel debt, "Series B,".....	3,000,000 00
Traffic Tunnel debt, "Series C,".....	500,000 00
County debt.....	1,948,966 60
Rapid Transit debt.....	55,921,700 00
	\$110,718,566 60
Funded debt for Public Works Administration projects, issued under authority of chapter 366, Acts of 1933, as amended by chapter 21, Acts of 1934,	6,250,000 00
	116,968,566 60
Funded debt within the debt limit.....	\$39,710,500 00
Offsets to funded debt:	
Sinking funds.....	\$23,688,349 19
Less sinking funds for debt outside the debt limit:	
City.....	\$6,432,145 47
Rapid Transit.....	12,948,301 88
Traffic Tunnel.....	524,533 41
Traffic Tunnel, "Series B,".....	224,984 52
Traffic Tunnel, "Series C,".....	24,024 42
	20,153,989 70
Offsets to funded debt within the debt limit.....	3,534,359 49
Net indebtedness within the debt limit December 31, 1938.....	\$36,176,140 51
Loans authorized but not issued (within the debt limit).....	1,503,500 00
Used debt incurring power within the debt limit.....	\$37,679,640 51
Unused debt incurring power within the debt limit, January 1, 1939.....	\$1,596,702 64
Estimated increase during the year by:	
Interest on sinking fund investments.....	\$107,885 14
Appropriation for sinking funds for debt within the debt limit.....	68,335 00
Serial bonds redeemable during year.....	4,340,500 00
	4,516,720 14
Estimated amount of indebtedness that may legally be incurred within the debt limit during the municipal year.....	\$6,113,422 78

Placed on file.

APPROVAL OF CONSTABLE'S BOND.

The constable's bond of James P. Keliher, having been duly approved by the City Treasurer, was received and approved.

CUSTODY AND CONTROL OF NEPONSET TRAFFIC CIRCLE.

A communication was received from the Law Department inclosing copy of indenture between City of Boston, through Board of Street Commissioners, and Commonwealth of Massachusetts, through Metropolitan District Commission, dated January 12, 1939, transferring care, custody and control of Neponset Traffic Circle to Metropolitan District Commission for term of ninety-nine years. Placed on file.

APPOINTMENT OF A. FRANCIS O'TOOLE.

Notice was received from the Mayor of appointment of A. Francis O'Toole of 165 Lassell street, West Roxbury, designated by Building Trades Council, to be a member of the Board of Appeal for term ending April 30, 1939, vice John C. MacDonald, resigned. Placed on file.

APPOINTMENT OF JOSEPH H. SASSERNO.

Notice was received from the Mayor of appointment of Joseph H. Sasserano of 30 Bellevue street, West Roxbury, as member of Board of Overseers of Public Welfare, for term ending April 30, 1939, to fill a vacancy. Placed on file.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. TAYLOR, for the Committee on Ordinances, submitted the following:
Report on petition for driveway opening, viz.: Petition (referred January 16) of Henry Lesser, trustee, at 1271 Dorchester avenue—that leave be granted.
Report accepted; leave granted on usual conditions.

SOLDIERS' RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in City of Boston for month of February, 1939.
Report accepted, and order passed under suspension of the rule.

"SLOW" SIGN ON AMORY STREET, WARD 11.

Coun. ENGLERT offered the following:
Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install a "Slow" sign on Amory street, Ward 11, about one hundred feet before entering Green street.
Passed under suspension of the rule.

BARRIER ON MUDDY RIVER.

Coun. CAREY, CHASE and HARRIS offered the following:
Ordered, That his Honor the Mayor be requested to ask the Park Commission and the Commissioner of Public Works to make an immediate survey of Muddy river in the Fenway with a view to erecting, as a W. P. A. project, a suitable barrier to protect the lives of young children who frequent and play on its banks.

Coun. CAREY—Mr. President, I am sure that the sympathy of the citizenry of the entire City of Boston is extended to the parents of little Betty Roache and Billy Bowles who met their untimely deaths in the waters of Muddy river a few days ago. Small running streams like Muddy river hold a fascination to most of us, and especially to little children. Just four years ago two other children met a similar fate there. The sloping banks of the river make it extremely hazardous for the little children who play there and especially at this time of the year when the ground is covered with snow and ice. The dangers abounding there have been amply demonstrated by the loss of life there. I have been informed that a total of nine lives have been lost there through accident similar to that that befell the Roache and Bowles children. I believe that the time has come when some step should be taken to safeguard the lives of these young children. As this order suggests, I trust that his Honor Mayor Tobin will immediately request the Park Commissioner and the Commissioner of Public Works to make a survey of Muddy river with a view to erecting a suitable barrier, such as a fence or an arch of some kind, in order that the lives of little children might be protected. No doubt funds for this work can be secured by doing this work as a W. P. A. project.

The order was passed under suspension of the rule.

PROTECTION FOR CHILDREN, MUDDY RIVER.

Coun. CAREY, CHASE and AGNEW offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to assign a police detail to Muddy river until such time as some suitable barrier is erected there for the protection of young children who frequent and play on its banks.

The rule was suspended, and the question came on the passage of the order.

Coun. AGNEW—Mr. President, some time ago I introduced an order here, in conjunction with Councilors Carey and Chase, pertaining to Muddy river, to have it cleaned and dressed up somewhat as a W. P. A. project. From time to time we read in the papers about children being drowned in Muddy river, or about some kind of accident there; but up to the present time I have not seen a reply or answer to order I have introduced in regard to Muddy river. I have favored and will favor a resolution looking to the promotion of a W. P. A. project on Muddy river, not only with a view to safeguarding the children who play around that area, but also to help beautify that section of the city.

The order was passed under suspension of the rule.

ATTENDANCE OF DOCTOR IN ACCIDENT WARD.

Coun. ROSENBERG offered the following:

Ordered, That the Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to immediately make arrangements to have a doctor in attendance at all times in the Accident Ward to give immediate relief to emergency cases and that the check-up on the history of the patient be left until the patient has received emergency treatment.

Coun. ROSENBERG—Mr. President, I believe the Trustees of the Boston City Hospital are perhaps as fine a representation of the citizenry not only of the City of Boston but of any city or town in the country as can be selected. I feel also that the superintendent of the hospital is a very able and alert official; but in the administration of the hospital or of any large institution of the kind, which deals with so many of the inhabitants of a large city, there are occasionally things arising which require correction. I have particularly in mind the fact that only recently, in a case which has been brought to my attention, a woman had acid spilt over her face and eyes and needed immediate attention. Suffering excruciating pain she and the members of her household attempted to procure the services of a physician in the neighborhood. But there was considerable delay and so the Boston City Hospital was called up and requested to send a physician immediately to the woman's home. The reply was that there was no physician handy who could be sent to the home but in view of the excruciating pain and suffering of the woman her folks were told to get a taxicab and have her go down to the City Hospital where she would receive immediate attention. Upon arrival at the hospital the patient, who went with her husband, was told to go to another part of the building, the Out-Patient Department. In the meantime she was suffering from intense pain and was unable to get around without assistance. When taken to the Out-Patient Department she was sent to the third floor of the hospital, where she had to await her turn, in line with a number of others, and after being there for about two hours was forced to leave without receiving treatment, her husband then taking her in a taxi to her home and calling in a physician in the neighborhood. I am informed by the husband that the condition of the woman's eye is such that there is a possibility of her losing it. I certainly feel, the hospital having been called by telephone and informed of the situation, that the woman should have been taken care of immediately as an emergency case upon her arrival. I feel that in such cases there should be an immediate check-up on persons suffering pain and in a dangerous condition, and that the proper thing to do would be to attend to such a patient, giving whatever aid was required immediately, and then checking up on the information required by the hospital later on. That is, the patient should be treated first, in emergency matters, alleviating intense suffering and perhaps avoiding the very serious results that might ensue from, if prompt assistance were not given. I think, therefore, that there should be immediate relief for emergency cases and that the check-up on the history of the patient should be left until the patient has received emergency treatment.

Coun. WILSON—Mr. President, I heartily agree with the remarks of the gentleman from Ward 14. I question whether the mere passage of this order will accomplish what is desired. But I do believe that the personnel of the Boston City Hospital should be held responsible for any such ridiculous red tape in cases such as that to which the councilor has referred. I believe that sort of thing should be corrected and that such instances should not occur again. I don't know what disposition the gentleman desires made of his order, but I would suggest that it be referred to the Committee on Hospitals, of which he is a member, and that the persons at the City Hospital responsible for what happened be requested to attend a meeting of the committee—of which I am not a member—and have the thing threshed

out. I think this is a thing that the finger should be put right on now, so that that sort of happening will stop.

The order was referred to the Committee on Hospitals.

INVESTIGATION OF RADICAL MOVEMENTS.

Coun. CHASE, WILSON and CAREY offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to submit to the City Council a complete report of all radical movements investigated by the Boston Police Radical Squad.

Coun. WILSON, CHASE and CAREY offered the following:

Resolved, That the Boston City Council respectfully requests the Dies Congressional Committee for the Investigation of un-American Activities to investigate all Communist and other radical movements within the City of Boston.

Coun. CHASE and WILSON offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of directing the Statistics Department to analyze, make a summary of, and prepare a brief report on the findings of the Dies Congressional Committee for Investigation of un-American Activities in the United States, and be it further

Ordered, That his Honor the Mayor be requested to direct the Printing Department to print fifty thousand (50,000) copies of such brief analyzed report when made available by the Statistics Department for distribution among the citizenry of Boston.

The question came on the passage of the orders.

Coun. CHASE—Mr. President, I am just one of those old-fashioned Yankees who believe that the American form of government is the best type of government in the world. It is certainly the only kind of government that I care to live under, and I believe the great majority of the other millions of Americans in this country feel the same way. Only last week the United States Congress expressed the same sentiment in its vote in regard to un-American activities, by voting 344 to 35 to continue the Dies investigation of such activities. I note that municipal and state governments all over the United States are conducting rigid investigations of radical movements within their confines, and I believe it is about time that we in Boston did something about these Red activities all about us. I have before me the "Congressional Record" of Wednesday, February 1, 1939, and I note with interest what Senator Reynolds of North Carolina has to say about Communists and Reds in our midst. He says, on page 1416 of the "Congressional Record":

"Let me return to the question of communism. The other day in a Senate reading room I picked up a copy of the 'New York Times' and this is what I read:

"Twenty thousand to a 'red' rally on Lenin death day. Send plea to Washington for end of Spain embargo."

"This was on January 24. The article continues:

"Observing the fifteenth anniversary of the death of Lenin, 20,000 Communists and sympathizers, filling Madison Square Garden last night, signed a 'collective telegram' urging an end of the arms embargo against Loyalist Spain, heard party leaders warn that the country and the world faced a 'serious offensive of reaction' and witnessed a musical play presented to illustrate America's 'revolutionary tradition.'"

"The speakers, including William Z. Foster, national chairman of the Communist Party, just returned from Cuba; Israel Amter, state chairman; James W. Ford and Elizabeth Gurley Flynn assailed the Republican Party, the Dies committee, the 'financial oligarchy,' the 'poisonous priest in Detroit,' and others as attempting to lead the United States into fascism. The meeting adopted resolutions urging passage of the full W. P. A. appropriation presented by President Roosevelt, and asking an end of the Dies committee."

"Here we find 20,000 Communists, 20,000 'reds,' 20,000 from the Soviet Union, engaged in preaching the overthrow and the destruction of our form of government, there in observance of the fifteenth anniversary of the death of Lenin himself, demanding that there be no more investigations of un-American activities by the Dies committee, the committee headed by that able and courageous Representative in the House from the State of Texas."

"In that connection I may express the hope that there will be no hesitancy about the granting of appropriation of an additional \$100,000 or \$150,000 in order that the fine work of the Dies committee may be carried on, in order that the 130,000,000 people of America may be acquainted with what today is taking place in the United States. I thank God that the American people are awakening at last to the fact that they have been giving too much attention to the fights that have been going on in the country between the 'isms,' communism and fascism and nazi-ism. What the American people should do from now on is to give consideration to their own Americanism, and from now on I trust sincerely that we in this country shall hear of nothing except Americanism, so far as our own country is concerned."

"Day in and day out we read through the columns of the press what the Nazis are doing, what the Fascists are doing, and what the Communists are doing. And right in New York we find the Communists holding a rally. The Communists hate the Nazis. The Communists hate the Fascists. Stalin, Lenin's successor, despises Hitler. Stalin despises Mussolini. Stalin would like to see them both in their graves, and their respective Governments destroyed. And so it is likewise on the other hand. I dare say that Hitler and Mussolini both hate and despise Stalin and would gladly see him in the grave. They hate one another. And therefore we find the Communists and other elements in this country praying that the United States of America shall become involved in war with the Fascist states of Europe, because the Communists want the United States to shoulder the responsibility of war with their enemies. All such movements should be stopped."

Let me now, Mr. President, quote from "The Communist Situation in California," report of Subcommittee on Subversive Activities of the Crime Prevention Committee, issued by The Peace Officers' Association, State of California, Seventeenth Annual Convention, Oakland, California, September 16, 17 and 18, 1937. "The officers of The Peace Officers' Association of the state of California are James E. Davis, Chief of Police, Los Angeles, President, M. B. Driver, Sheriff, Oakland, First Vice President, William J. Quinn, Chief of Police, San Francisco, Second Vice President, John P. Steckler, Sheriff, Napa, Third Vice President, Bodie A. Wallman, Chief of Police, Oakland, Fourth Vice President, James T. Drew, Chief of Police, Retired, Oakland, Secretary-Treasurer, Grat M. Hugin, Sheriff, Modesto, Sergeant-at-Arms, Executive Committee, Chief of Police James E. Davis, Los Angeles, Chairman, James T. Drew, Chief of Police, Retired, Oakland, Secretary, Sheriff Eugene W. Biscailuz, Los Angeles, Chief Bodie A. Wallman, Oakland, Superintendent C. S. Morrill, Sacramento, Captain Charles W. Dullea, San Francisco, Committee on Crime Prevention, Deputy Chief of Police Homer B. Cross, Los Angeles, Chairman, Captain Walter J. Lee, State Police, University of California, Berkeley, Sheriff Grat M. Hugin, Modesto, Chief G. W. Griffin, Salinas, Lieutenant Oscar J. Jahnson, District Attorney's office, Oakland, Sheriff Logan Jackson, Santa Ana, Chief J. H. McClelland, Long Beach, Sheriff Ernest W. Dort, San Diego, Chief William J. Quinn, San Francisco, Sheriff Robert W. Ware, El Centro, Chief Bodie A. Wallman, Oakland, Sheriff George J. Overholt, Fresno, Superintendent C. S. Merrill, Sacramento. Subcommittee on Subversive Activities, Captain William F. Hynes, Los Angeles, Chairman, Captain Walter J. Lee, State Police, University of California, Berkeley, Deputy Chief of Police Homer B. Cross, Los Angeles, Chief Bodie A. Wallman, Oakland. The report deals with "The Communist Situation in California."

"September, 1936-September, 1937. One year since we surveyed the destructive operations of the Communists in California. One year rich in unhampered advancement and desired achievements for the Communists, but destitute of praiseworthy milestones for the patriots of the state who still naively refer to America as 'our country.' How long we will be able to call it 'our country' is a matter for serious speculation and reckoning, for obviously, we have thus far been unable to stay the menacing advance of Communism."

"The rocket-rise of membership rolls in the Communist Party, the national chaos created by Communist-inspired strikes, the penetration into millions of American homes, via the radio route, when Communist propaganda is given national dissemination, are but a few of the instances which prove that the Communists are advancing with sure and rapid strides while the Americans are not walking—but being pushed backwards."

"The June, 1937, issue of 'The Communist,' a Communist publication, carries an article which says in part:

"Today, the American working class as a whole is entering independently the arena of class struggle and is taking the lead of other democratic and progressive forces. This we have foreseen and struggled for. . . . We display ourselves and encourage others to display more consistency in the realizations of the common tasks of the moment thus enabling the movement as a whole to reach its next and higher stage."

"Here, the Communists boast that the Americans are entering the revolutionary movement voluntarily. This then would show us that the barometer reading points to danger ahead. The Russian Communists defend their country with the sword and gun, but Americans sit blandly by while these same Communists invade our country and attempt to overthrow its democracy and set up their own preferred form of government. Regular reports emanating from Russia tell of mass executions of high Red Army officials, of leading figures in the government, of men and women in every walk of life, for suspected designs for overthrowing the Communist régime. In America, we cannot so much as deport an agitator and revolutionist even though it may have been proven that he has applied himself tirelessly to the ultimate aim of overthrow of this government."

"An enlightening procedure for us would be to compare the calendar events recorded by American patriots with those chalked up by the Communists. What steps can we record as having taken to halt the advance of Communism? To our shame be it

said that we have failed to take even the most elementary precaution for self-preservation—the enactment of legislation which would outlaw the advocacy of Communism in this country. The Communist horde grows daily, gloating over the fact that we are a spineless nation which submissively prostrates itself for the ravaging attack of the jackals. Alien agitators continue to spread their propaganda; alien organizers continue undisturbed, to stir up strife in the industrial field and propagandists serenely carry on their indoctrination of schools, church groups and fraternal and cultural groups. We permit teachers who are members of the Communist Party, to continue in their posts in the public schools, where the seeds of thought are planted in young minds in the hope and belief that when they germinate they will have flowered into revolutionary fruitage. The governmental apparatus which was designed by our discerning and inspired forebears, as a protective measure for the deportation of undesirable aliens, remains a neglected and disused string of words."

"In sharp contrast to our dearth of activity or achievements, we find that the logbook of the Communist Party reveals entry upon entry of achievement. Let us briefly survey some of these memoranda."

"The all-time record attendance established at the Earl Browder mass meetings in California, marks one monument to Communist progress. Earl Browder, the Communist candidate for President of the United States, on tour during the election campaign of 1936, was the featured speaker at mass meetings held in San Francisco and Los Angeles County. The total attendance at these two meetings ran into five figures. Approximately 30,000 persons in California assembled to hear about the Communist election platform and to learn what the Communists propose to do should their party take up the reins of government."

"The 19th anniversary of the Russian Revolution was observed in California with gala affair and demonstrations. The Communist patriots at that time appealed to the people of the state to 'Join the Communist Party,' to 'Pass the American Youth Act,' and also attempted to popularize such slogans as:

'Communism is 20th Century Americanism'

and

'Long Live the Soviet Union.'

"In Los Angeles, the Russian Revolution's Anniversary was celebrated by an outdoor demonstration at the Plaza, at 2 p. m. Emma Cutler spoke there, of the desirability of America's becoming a Soviet America."

"The establishment and successful operation of Communist schools in various sections of the state marks a high light in Communist activities in California during the past year. These schools are referred to as 'Workers' Schools.' Their purpose is to train Communists for organizational and field work. Courses included 'Marxism-Leninism,' 'The Principles of Communism,' 'Leninism,' 'Contemporary Trade Union Problems,' 'Principles of Party Organization,' 'Economics, Labor and the Law,' 'Communist Position on the Negro Problem,' 'Soviet Social Problems,' 'Democracy and Fascism,' 'Fundamentals of Political Education,' 'Traditions in American History,' 'Political Economy A and B,' 'Behind the Headlines,' and classes in public speaking, labor journalism and English. A large proportion of the students attending these so-called 'Workers' Schools' are young Americans who have been ensnared through the various devices which the Communists are such adepts at inventing. The training of future revolutionary leaders is regarded by the Communist Party as one of its most sacred obligations and responsibilities. Americans interested in the preservation of democracy would do well to give some thought to this policy of education of youth and adults alike, as practised by the Communist Party. Within the past year, numerous Communist schools of varying lengths of time have been successfully conducted, in which organizers have been trained for positions as Party organizers, field organizers for agitational activity in the agricultural field, etc. In addition to these training schools, numerous 'New Members' Classes' have been conducted throughout the state. New recruits in the Party receive in these classes the fundamental training necessary to proper activity in the Communist Party."

"On the opposite side of the fence, do we see any schools with 'Americanism' as their subject of study?"

"Before going further into the subject of Communist activities in California, we should pause to consider the absurdity of the pattern we are weaving into the tapestry of California history. The design shows an unconcerned and disinterested California populace viewing with indifference the activities of the revolutionists in its midst. Civic centers, theaters, huge auditoriums are lent to the marauders, so that they may attack our governmental structure and carry on the activities of destruction. It is the heyday of the Communists. No laws are passed to hinder the jaunty progress of their work. American students are enrolled in their Communist schools and emerge as new leaders for the Party. They are accorded place on the ballot of the state and are accepted as a 'political party,' when every statement of their aims points out that they are a revolutionary party."

"So smug are they, that they vigorously protest with the utmost resentment, any move on the part of loyal citizens, to combat their efforts to

sovietize the state, while bending the neck of the entire nation under the Communist yoke."

"An example of this appears in the attempt of the Communists to disparage a public speaking contest held in Sacramento in April of this year, wherein American citizens of California dared to conduct such a contest on the subject of 'American Citizenship and What it Means to Me.' We quote from the 'Western Worker' of April 29, 1937, in which the Communists display their spleen: The article is titled 'Crusaders Corrupting School Kids,' and reads:

"Sacramento—The California Crusaders, facist minded organization, is busy corrupting the school children in the San Joaquin Valley trying to instill vigilante ideas. It recently conducted a public speaking contest on 'American Citizenship and What it Means to Me.' The Crusaders' ideas on this subject are notoriously anti-labor, anti-democratic."

"If we cared to be facetious, we might conjure up a fantasy in which we would see the Iron Men of Soviet Russia lending—without restriction—the great Red Square in Moscow, as a meeting place in which intrepid Americans would mount the rostrum and speak in glowing terms of 'American Democracy'; would tell of the joys and advantages and privileges enjoyed by the residents of the United States of America and would advocate that the Soviet Communist Government be overthrown and that a Democracy be established in Russia. True, the mental invention thus fabricated, is mere word painting—castle building—and is to be set aside as the absurdity and the meaningless brain coinage that it is. But in setting it aside, we should look back at the gross contrast presented. Why should we accept two such diametrically opposed standards of governmental protection, as appear in the cases of America and the Soviet Union? If it appears insane to paint a picture of such proceedings in Moscow's Red Square, why should it not also appear insane to draw a picture of Communists being given the privilege of using the Civic Centers of our American cities as broadcasting centers for their anti-American propaganda? Is it that Americans, who have the greatest and finest heritage of any citizens of the world hold their advantages so lightly that they will exert no effort to protect them?"

"Many Americans who consider themselves eminently wise, are wont to make light of the efforts of those who warn of the increasing sympathy evidenced for Communist doctrines as promulgated by the local distributors of propaganda. If these skeptics would trouble to investigate for themselves they would see that the inoculation of the youth in schools, sports groups, Y. M. C. A.'s, etc., with Communist virus, is being accomplished without restraint; they would see church groups taking up the campaigns instigated by the Communist Party, probably due in large part to the fact that these campaigns are so cleverly garbed as to have covered their resemblance to the Communist family; trade unions are drawn into the party campaigns through ingenious methods; large numbers of unsuspecting persons are roped into the Communist march of progress, entirely unaware of the real instigators of the various campaigns and the true parentage of the various groups and organizations they may have affiliated with."

"The arteries of the Communist blood stream parallel every phase of American life. These arteries are what the Party refers to as Mass Organizations. Their nomenclature is chosen with the view of distinguishing their varying characteristics and with consideration for the attractiveness of the appellations to the public."

"The path leading into the homes of the American people and paved with Communist chicanery, and which we have been observing and exposing as we progress, now leads us into the Youth Movement. Cozenage, circumvention and guile combine to make the sharp practices utilized in the drive to ensnare the American youth; pitfalls covered with the protection of 'sports groups' which have a general appeal to the youth; the decoy of social affairs; the lure of summer camps and picnics; the ruse of building anti-militaristic groups in schools."

"We should interrupt the observation of the various phases of the 'youth movement' at this point, to expose the Young Communist and their cohorts in California, who build strong groups about themselves for the abolition of military training in the schools. This agitational question has long been one of the most hotly argued points implicated in the youth's discussions. While demanding that militaristic training be abandoned in the schools of the United States of America (a far-sighted move to cripple America in the case future defense were needed), the Young Communists are aware that the following edict came from Moscow in 1935: 'Millions of young Russians, both men and women, must make parachute jumps and study airplane motors, under an order issued today.' The order makes military and technical training compulsory for both sexes between the ages of 16 and 21. The training prescribed includes anti-gas drills."

"The deceit practised by the Young Communists is effectively exposed here. According to their advocacy, the United States of America must not provide the most elementary military training for its youth, but it is laudable for Red Russia to force its youth (both boys and girls) to prepare themselves for war."

"The 7th World Congress of the Communist International passed the following resolution on youth work:

"Pointing out the underestimation by the Young Communist League as well as the Communist Parties of the importance of mass work among the youth and the weakness of this work in a number of countries, the Seventh World Congress of the Communist International instructs the Executive Committee of the Young Communist International to take effective measures to overcome the sectarian secludedness of a number of Young Communist organizations, to make it the duty of the Young Communist League members to join all mass organizations of the toiling youth (trade union, cultural, sports organizations) formed by bourgeois-democratic, reformist and fascist parties, as well as by religious associations; to wage a systematic struggle in these organizations to gain influence over the broad masses of the youth, mobilizing it for the struggle against militarization and forced labor camps!"

"The Eighth National Convention of the Young Communist League was held in New York City, May 2nd to the 5th, 1937. 558 delegates were registered at this Convention, representing 26 states.

"On Sunday, May 2nd, the evening session of the Convention was held in Madison Square Garden, with 20,000 people present. In this session, Earl Browder introduced the question of the civil war in Spain and spoke of the need of men in that great conflict. William Z. Foster also spoke on this subject. This may appear insignificant at first glance, but the dreadful import lies in this: Communists agitate the American youth against military training and urge that they refuse to ever bear arms—even in defense of America; on the other hand, two of America's best known leading Communists tell their own youth of the need of men in Spain! Communists will gladly sacrifice their own youth upon the altar of war if by so doing, they can add one more link to the chain of Communist Dictatorships being forged today.

"One practice employed in CCC camps,—that of employment of Army heads in the camps—drew the fire of the Young Communists sitting in convention.

"The convention also noted the fact that the YCL is only one of the many now existing progressive youth organizations in America, the American Students Union, the Young Democrats and others being noteworthy.

"The deviation of the course of the youth movement, in changing the Young Communist League from a junior Communist Party into mass organization some time ago proved fruitful for the revolutionists. The lessening of the formerly rigid discipline and the attendant organizational changes developed a more attractive organization for presentation to young Americans, for whom the anglers are baiting their hooks.

"The aims of the Young Communist League have remained the same and are not affected by the organizational changes. Quoting from a 'Handbook for Young Communists,' we offer the following enlightening material:

"We Communists openly proclaim our aims. We tell the workers that under the leadership of the Communist Party and the Young Communist League capitalism will be overthrown and a government controlled by the workers and farmers put in its place!"

"Communists are not pacifists. We do not believe that war or capitalism can be gotten rid of by merely doing nothing about it. We fight the war danger through militant action—strikes, demonstrations, and finally, the overthrow of capitalism!"

"The organization of the working class under the leadership of the Communist Party and the Young Communist League will enable us to take over the factories, the banks, the railroads, the land, etc. The workers will then take charge of production."

"Just as the Russian workers, with the leadership of the Russian Communist Party, were able to free themselves from the yoke of Tsarism and Capitalism, so will we in the United States, under the leadership of the Communist Party and the Young Communist League, overthrow capitalism and build a workers' and farmers' government—A Soviet America!"

"If it is necessary to destroy the capitalist government, why do we take part in elections, you ask."

"The Communist Party and the YCL have a definite purpose in taking part in elections. To begin with, they afford us an opportunity to publicize our platform and the demands of the working class."

"Secondly, Communist candidates who are elected use their office in order to better on the fight."

"In its most general form the YCL is the School of Communists."

"We must fight against militarization of the youth in the schools, the CCC and transient camps. We call for the abolition of the Citizens Military Training Corps, the Reserve Officers' Training Corps, etc."

"In glaring contrast to the latter demand of the Young Communists (the abolition of all military training in the schools), we find the following admission in their own handbook:

"The Young Communist League drill and defense squads have been formed."

"Every Factory a Communist Fortress."

Additional facts regarding the Young Communist League are provided for us by the Young Communists themselves. Among the many explanations offered, we find the following:

"The Young Communist League is the American Section of the Young Communist International at Moscow, the central organization of the Revolutionary Youth of the World. In the United States the Young Communist League is bitterly hostile to and does everything it can to oppose and undermine military training in schools and colleges, civilian military training camps, the National Guard, and the Reserve Officers' Training Corps."

In another publication, we find the following vest-pocket description of the YCL:

"Through the connections it has established and as a result of the beginnings made in reconstructing the YCL into a mass organization, more democratic, trying to cater to all the social, educational, cultural and sports desires of the youth, the YCL has recruited hundreds of new youth (in California, particularly) and has doubled its membership during the last 8 months."

"The territory of the State of California is divided into 'Sections' by the Young Communist League, for organizational purposes and efficiency. The Sections are:

"San Francisco, East Bay, Sacramento, Redwood City, Palo Alto, San Mateo, Eureka, Monterey, San Jose, Contra Costa, San Bernardino, Los Angeles, and San Diego."

"Active branches in the San Francisco section are:

"Tom Mooney Branch, Waterfront Branch and the Spirit of '76 Branch."

"In East Bay there are: YWCA Branch in Oakland, Frederick Douglas Branch, Tanso Branch."

"The Lincoln Steffens Branch in Berkeley is outstanding, and in Los Angeles the UCLA Branch is credited with having accomplished praiseworthy work."

"In describing the manner in which Young Communists should bore into factories and shops, the Publication previously quoted from says:

"We choose the most important basic factory (in a given territory and in cases where there is a limited number of YCL members), and concentrate our work at that point. Certain comrades will be assigned to take the license numbers of the automobiles and in that way contact the workers. Others will sell literature at the gate of the plant. When contacts are made in the plant a shop bulletin will be issued in the name of the Young Communist League. The bulletin will point out the poor condition of work, and show how improvement can be obtained through organization. As soon as possible work will be done toward building a union in the plant."

"A good way in which to illustrate Young Communist League work as a whole is to compare it to a machine operating on the belt system. The YCL has numerous feeding belts connecting us to the masses of young workers and students—some of these belts connect us directly (as through our units); others, indirectly, through mass organizations. In turn, as a result of our mass work we recruit new members for the Young Communist League."

"Your job is to win every young worker whom you personally know, for the League. Don't abandon your friends, even though they still go to church on Sunday."

"The following excerpts taken from the pamphlet entitled, 'Make Your Dreams Come True,' and written by Gil Green, are chosen because of their informative nature:

"For some years our League has repeated the need for transforming itself into an organization broader and larger than the Communist Party."
